This notice also lists the following information:

Title of Proposal: Capture Energy Efficiency Measures for PIH (CEEMP).

OMB Approval Number: 2577-New.
Form Numbers: None.

Description of the Need for the Information and Its Proposed Use: HUD is creating the Capture Energy Efficiency Measures for PIH (CEEMP) data system to track the amount and types of Energy Conservation Measures (ECMs) being

implemented within Public and Indian (PIH) units. The CEEMP data system is necessary in order to support the Department's Agency Performance Goals (APGs), specifically APG #13 which sets precise targets for completing green retrofits and creating energy efficient units. In addition to the direct support of HUD APG #13, the implementation of the CEEMP data system will enable HUD to provide reports to OMB on the progress of ECMs completed with PIH funding. Without the approval of the CEEMP data system, HUD will not be able to track PIH ECMs and will be unable to support the Department's APG #13 or provide OMB with ECM information.
