

■ 28. Section 90.549 is revised to read as follows:

§ 90.549 Transmitter certification.

Transmitters operated in the 758–775 MHz and 788–805 MHz frequency bands must be of a type that have been authorized by the Commission under its certification procedure as required by § 90.203.

■ 29. Section 90.555 is amended by revising paragraph (a) introductory text, paragraph (b)(1), paragraph (b)(2), and paragraph (c) to read as follows:

§ 90.555 Information exchange.

(a) *Prior notification.* Public safety licensees authorized to operate in the 758–775 MHz and 788–805 MHz bands may notify any licensee authorized to operate in the 746–757 MHz or 776–787 MHz bands that they wish to receive prior notification of the activation or modification of the licensee's base or fixed stations in their area. Thereafter, the 746–757 MHz or 776–787 MHz band licensee must provide the following information to the public safety licensee at least 10 business days before a new base or fixed station is activated or an existing base or fixed station is modified:

* * * * *

(b) * * *

(1) Allow a public safety licensee to advise the 746–757 or 776–787 MHz band licensee whether it believes a proposed base or fixed station will generate unacceptable interference;

(2) Permit 746–757 and 776–787 MHz band licensees to make voluntary changes in base or fixed station parameters when a public safety licensee alerts them to possible interference; and,

* * * * *

(c) *Public Safety Information Exchange.* (1) Upon request by a 746–757 or 776–787 MHz band licensee, public safety licensees authorized to operate radio systems in the 758–775 and 788–805 MHz bands shall provide the operating parameters of their radio system to the 746–757 or 776–787 MHz band licensee.

(2) Public safety licensees who perform the information exchange described in this section must notify the appropriate 746–757 or 776–787 MHz band licensees prior to any technical changes to their radio system.

[Docket No. 120918468–3111–02]

RIN 0648–XD058

Fisheries of the Exclusive Economic Zone Off Alaska; Inseason Adjustment to the 2014 Gulf of Alaska Pollock and Pacific Cod Total Allowable Catch Amounts

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; inseason adjustment; request for comments.

SUMMARY: NMFS is adjusting the 2014 total allowable catch (TAC) amounts for the Gulf of Alaska (GOA) pollock and Pacific cod fisheries. This action is necessary because NMFS has determined these TACs are incorrectly specified, and will ensure the GOA pollock and Pacific cod TACs are the appropriate amounts based on the best available scientific information for pollock and Pacific cod in the GOA. This action is consistent with the goals and objectives of the Fishery Management Plan for Groundfish of the Gulf of Alaska.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), January 1, 2014, until the effective date of the final 2014 and 2015 harvest specifications for GOA groundfish, unless otherwise modified or superseded through publication of a notification in the **Federal Register**.

Comments must be received at the following address no later than 4:30 p.m., A.l.t., January 21, 2014.

ADDRESSES: You may submit comments on this document, identified by FDMS Docket Number NOAA-NMFS-2012-0252 by any of the following methods:

- *Electronic Submission:* Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/#/docketDetail;D=NOAA-NMFS-2012-0252, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

- *Mail:* Address written comments to Glenn Merrill, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS, Attn: Ellen Sebastian. Mail comments to P.O. Box 21668, Juneau, AK 99802–1668.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of

the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

FOR FURTHER INFORMATION CONTACT: Obren Davis, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council (Council) under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The final 2013 and 2014 harvest specifications for groundfish in the GOA (78 FR 13162, February 26, 2013) set the 2014 pollock TAC at 111,530 metric tons (mt) and the 2014 Pacific cod TAC at 63,150 mt in the GOA. In December 2013, the North Pacific Fishery Management Council (Council) recommended a 2014 pollock TAC of 174,976 mt for the GOA, which is more than the 111,530 mt established by the final 2013 and 2014 harvest specifications for groundfish in the GOA. The Council also recommended a 2014 Pacific cod TAC of 64,738 mt for the GOA, which is more than the 63,150 mt established by the final 2013 and 2014 harvest specifications for groundfish in the GOA. The Council's recommended 2014 TACs, and the area and seasonal apportionments, are based on the Stock Assessment and Fishery Evaluation report (SAFE), dated November 2013, which NMFS has determined is the best available scientific information for these fisheries.

Steller sea lions occur in the same location as the pollock and Pacific cod fisheries and are listed as endangered under the Endangered Species Act (ESA). Pollock and Pacific cod are a principal prey species for Steller sea lions in the GOA. The seasonal apportionment of pollock and Pacific cod harvest is necessary to ensure the

groundfish fisheries are not likely to cause jeopardy of extinction or adverse modification of critical habitat for Steller sea lions. The regulations at § 679.20(a)(5)(iv) specify how the pollock TAC will be apportioned. The regulations at § 679.20(a)(6)(ii) and § 679.20(a)(12)(i) specify how the Pacific cod TAC will be apportioned.

In accordance with § 679.25(a)(1)(iii), (a)(2)(i)(B), and (a)(2)(iv) the Administrator, Alaska Region, NMFS

(Regional Administrator), has determined that, based on the November 2013 SAFE report for this fishery, the current GOA pollock and Pacific cod TACs are incorrectly specified. Consequently, pursuant to § 679.25(a)(1)(iii), the Regional Administrator is adjusting the 2014 GOA pollock TAC to 174,976 mt and the 2014 GOA Pacific cod TAC to 64,738 mt. Therefore, Table 2 of the final 2013 and 2014 harvest specifications for

groundfish in the GOA (78 FR 13162, February 26, 2013) is revised consistent with this adjustment.

Pursuant to § 679.20(a)(5)(iv), Table 4 of the final 2013 and 2014 harvest specifications for groundfish in the GOA (78 FR 13162, February 26, 2013) is revised for the 2014 TACs of pollock in the Central and Western Regulatory Area of the GOA.

TABLE 4—FINAL 2014 DISTRIBUTION OF POLLOCK IN THE CENTRAL AND WESTERN REGULATORY AREAS OF THE GOA; SEASONAL BIOMASS DISTRIBUTION, AREA APPORTIONMENTS; AND SEASONAL ALLOWANCES OF ANNUAL TAC

[Values are rounded to the nearest metric ton and percentages are rounded to the nearest 0.01]

Season ¹	Shumagin (Area 610)		Chirikof (Area 620)		Kodiak (Area 630)		Total ²
	mt	(%)	mt	(%)	mt	(%)	
A (Jan 20–Mar 10)	4,800	(12.18%)	25,924	(65.79%)	8,680	(22.03%)	39,402
B (Mar 10–May 31)	4,799	(12.18%)	30,963	(78.58%)	3,636	(9.23%)	39,402
C (Aug 25–Oct 1)	13,235	(33.59%)	12,448	(31.59%)	13,720	(34.82%)	39,402
D (Oct 1–Nov 1)	13,235	(33.59%)	12,448	(31.59%)	13,720	(34.82%)	39,402
Annual Total	36,070	81,784	39,756	157,610

¹ As established by § 679.23(d)(2)(i) through (iv), the A, B, C, and D season allowances are available from January 20 to March 10, March 10 to May 31, August 25 to October 1, and October 1 to November 1, respectively. The amounts of pollock for processing by the inshore and offshore components are not shown in this table.

² The WYK and SEO District pollock TACs are not allocated by season and are not included in the total pollock TACs shown in this table. **Note:** Seasonal allowances may not total precisely to annual TAC total due to rounding down, rather than up).

Pursuant to § 679.20(a)(6)(ii) and § 679.20(a)(12)(i), Table 6 of the final 2013 and 2014 harvest specifications for

groundfish in the GOA (78 FR 13162, February 26, 2013) is revised for the 2014 seasonal apportionments and

allocation of Pacific cod TAC in the GOA consistent with this adjustment.

TABLE 6—FINAL 2014 SEASONAL APPORTIONMENTS AND ALLOCATION OF PACIFIC COD TOTAL ALLOWABLE CATCH AMOUNTS IN THE GOA; ALLOCATIONS FOR THE WESTERN GOA AND CENTRAL GOA SECTORS AND THE EASTERN GOA INSHORE AND OFFSHORE PROCESSING COMPONENTS

[Values are rounded to the nearest metric ton and percentages to the nearest 0.01. Seasonal allowances may not total precisely to annual allocation amount]

Regulatory area and sector	Annual allocation (mt)	A season		B season	
		Sector % of annual non-jig TAC	Seasonal allowances (mt)	Sector % of annual non-jig TAC	Seasonal allowances (mt)
Western GOA:					
Jig (1.5% of TAC)	573	N/A	344	N/A	229
Hook-and-line CV	313	0.70	156	0.70	156
Hook-and-line C/P	4,425	10.90	2,436	8.90	1,989
Trawl CV	8,582	27.70	6,191	10.70	2,391

All Pot CV and Pot C/P	10,852	17.83	6,959	9.97	3,893
Total	39,825	60.00	23,895	40.00	15,930
Eastern GOA		Inshore (90% of Annual TAC)		Offshore (10% of Annual TAC)	
.....		
1,991		1,792		199	

Note: Seasonal apportionments may not total precisely due to rounding.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would allow for harvests that exceed the appropriate allocations for Pacific cod based on the best scientific information available. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of December 30, 2013, and additional time for prior public comment would result in conservation concerns for the ESA-listed Steller sea lions.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until January 21, 2014.

This action is required by § 679.20 and § 679.25 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 et seq.

Dated: December 31, 2013.

Sean F. Corson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 121029593-3999-02]

RIN 0648-BC73

Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands Management Area; Amendment 99

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS publishes regulations to implement Amendment 99 to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (BSAI FMP). Amendment 99 enables the holders of license limitation program (LLP) licenses authorizing a designated vessel to catch and process Pacific cod in the BSAI hook-and-line fisheries to use newly built or existing vessels that are not eligible under current vessel length and capacity restrictions. This action is necessary to promote safety-at-sea by encouraging the replacement of older vessels with newer and more efficient vessels that are able to meet modern vessel safety standards. This action is intended to facilitate the increased retention and utilization of groundfish by allowing sector participants to use larger vessels with increased processing and hold capabilities. This action is intended to promote the goals and objectives of the BSAI FMP, the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), and other applicable laws.

DATES: Effective February 6, 2014.

ADDRESSES: Electronic copies of the Regulatory Impact Review (RIR) and the Categorical Exclusion prepared for this action may be obtained from <http://www.regulations.gov> or from the NMFS Alaska Region Web site at <http://alaskafisheries.noaa.gov>.

Written comments regarding the burden-hour estimates or other aspects of the collection of information requirements contained in this final rule may be submitted by mail to NMFS, Alaska Region, P.O. Box 21668, Juneau, AK 99802-1668, Attn: Ellen Sebastian, Records Officer; in person at NMFS, Alaska Region, 709 West 9th Street, Room 420A, Juneau, AK; or by email to OIRA_submission@omb.eop.gov or fax to (202) 395-7285.

FOR FURTHER INFORMATION CONTACT: Seanbob Kelly, 907-586-7228.

SUPPLEMENTARY INFORMATION:

Regulatory Authority

NMFS establishes regulations to implement Amendment 99 to the BSAI FMP. NMFS manages the U.S. groundfish fisheries of the Exclusive Economic Zone (EEZ) off Alaska under the Fishery Management Plan for Groundfish of the Gulf of Alaska (GOA FMP) and the BSAI FMP. The North Pacific Fishery Management Council (Council) prepared the GOA FMP and BSAI FMP pursuant to the Magnuson-Stevens Act and other applicable laws.

Regulations implementing the GOA FMP and BSAI FMP appear at 50 CFR part 679. General regulations that pertain to U.S. fisheries appear at subpart H of 50 CFR part 600.

Background

NMFS published the Notice of Availability for Amendment 99 in the **Federal Register** on September 30, 2013 (78 FR 59908), with a 60-day comment period that ended November 29, 2013. NMFS published a proposed rule for Amendment 99 in the **Federal Register** on October 25, 2013 (78 FR 63951). The 30-day comment period on the proposed rule ended November 25, 2013. NMFS received a total of three comment letters from the same person during the comment periods on Amendment 99 and the proposed rule. The letters contained one substantive comment. A summary of this comment and NMFS' response is provided in the Comments and Responses section of this preamble.

A detailed review of the provisions of Amendment 99, the proposed regulations, and the rationale for these regulations is provided in the preamble to the proposed rule (78 FR 63951, October 25, 2013) and is not repeated here. The proposed rule is available from the NMFS Alaska Region Web site (see **ADDRESSES**). The preamble to this final rule provides a brief review of the regulatory changes made by this final rule.

Amendment 99 amends the BSAI FMP and this final rule revises Federal regulations to: (1) Increase the maximum length overall (MLOA) to 220 feet (67 m) on an LLP license that authorizes a vessel to catch and process Pacific cod with hook-and-line gear in the BSAI; (2) allow a holder of an LLP license authorized to catch and process Pacific cod with both hook-and-line and pot gear in the BSAI to increase the MLOA on the LLP license to 220 feet (67 m) only if the pot gear endorsement is surrendered within a specific time frame; and (3) allow a vessel that catches and processes Pacific cod with hook-and-line gear in the BSAI to exceed length, tonnage, and power limits established under the American Fisheries Act (AFA). The following sections provide background on the need for, the objectives of, and the provisions of Amendment 99 and this final rule.

Under the LLP, which was implemented by NMFS on January 1, 2000 (63 FR 52642, October 1, 1998), an LLP license is required for most vessels directed fishing for groundfish in the BSAI and GOA. Directed fishing is defined in regulations at § 679.2. For a vessel designated on an LLP license, the
