

withdrawal from warehouse, for consumption, during the period January 1, 2012, through December 31, 2013, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: January 13, 2014.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

1,1,1,2-Tetrafluoroethane from the People's Republic of China: Notice of Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* January 17, 2014.

FOR FURTHER INFORMATION CONTACT: Katie Marksberry or Josh Startup, AD/CVD Operations, Office V, Enforcement and Compliance, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-7906 and 202-482-5260, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 2, 2013, the Department of Commerce ("Department") initiated

the countervailing duty investigation of 1,1,1,2-Tetrafluoroethane from the People's Republic of China.¹ Currently, the preliminary determination is due no later than February 5, 2014.

Postponement of Due Date for Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, the Department may postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation if the petitioner makes a timely request for an extension pursuant to section 703(c)(1)(A) of the Act. In the instant investigation, the petitioner made a timely request on January 7, 2014, requesting a postponement of the preliminary determination pursuant to 19 CFR 351.205(b)(2).² Therefore, pursuant to the discretion afforded the Department under section 703(c)(1)(A) of the Act and because the Department does not find any compelling reason to deny the request, we are fully postponing the due date until 130 days after the Department's initiation for the preliminary determination. Therefore, the deadline for the completion of the preliminary determination is now April 11, 2014.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: January 13, 2014.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent

scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before February 6, 2014. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5:00 p.m. at the U.S. Department of Commerce in Room 3720.

Docket Number: 13-031. Applicant: Max Planck Florida Institute, One Max Planck Way, Jupiter, FL 33458. Instrument: Field Emission Gun-Scanning Electron Microscope. Manufacturer: Carl Zeiss Microscopy, Germany. Intended Use: The instrument will be used to examine neural circuits and precisely identify "synaptic contacts" between neurons and distinguish between overlapping processes or actual synaptic contacts using 3D reconstruction of each process and its surroundings. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: July 22, 2013.

Docket Number: 13-042. Applicant: University of Washington Medical Center, 1959 NE Pacific Street, Seattle WA 98195-6100. Instrument: Transmission Electron Microscope—system type: Tecnai G2 Spirit BioTWIN. Manufacturer: FEI Company, Czech Republic. Intended Use: The instrument will be used to reveal the details of structures within cells and the matrix in which living cells are surrounded, and their alterations in disease settings. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: September 19, 2013.

Docket Number: 13-044. Applicant: University of Minnesota-Twin Cities, 421 Washington Avenue SE., Minneapolis, MN 55455. Instrument: Ultrafast Transmission Electron Microscope. Manufacturer: FEI Company, The Netherlands. Intended Use: The instrument will be used to study atomic-scale dynamic, non-equilibrium phenomena in a wide range of materials including polymer/carbon composite materials, polycrystalline graphene membranes, magnetic metal alloys, polycrystalline semiconducting alloys, biotic membranes and single-crystal elemental materials. Justification for Duty-Free Entry: There are no

instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: October 22, 2013.

Docket Number: 13–045. Applicant: Embry-Riddle Aeronautical University, 600 S. Clyde Morris Blvd., Daytona Beach, FL 32114. Instrument: Scanning Electron Microscope Quanta 50 with Energy-Dispersive X-Ray Spectroscopy. Manufacturer: FEI Company, Czech Republic. Intended Use: The instrument will be used to examine titanium dioxide nanomaterials for photocatalysts and lithium-ion batteries, complex oxides nanomaterials such as metal-doped-strontium titanates, lead zirconate titanate for electronic applications, cellular solids for aerospace applications, carbon nanotubes and carbon-nanotube-reinforced polymers for aerospace composite applications and air sampling for industrial hygiene research applications. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: October 29, 2013.

Docket Number: 13–046. Applicant: UT-Battelle, LLC for the Dept. of Energy, One Bethel Valley Road, PO Box 2008, Oak Ridge, TN 37831–6138. Instrument: JEM–2100F Field Emission Transmission Electron Microscope. Manufacturer: JEOL Ltd., Japan. Intended Use: The instrument will be used to examine the microstructures of materials in resolution down to the atomic lattice level, investigating microstructural changes resulting from radiation induced defect generation and its effects on materials behavior allowing for further development of fundamental scientific understanding of materials reactions to displacive-type radiation environments. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: November 7, 2013.

Docket Number: 13–047. Applicant: The Scripps Research Institute, 10550 North Torrey Pines Road, M/S BCC–206, La Jolla, CA 92037. Instrument: Transmission Electron Microscope—Talos. Manufacturer: FEI Company, The Netherlands. Intended Use: The instrument will be used to examine the architecture of biological assemblies to determine the manner in which they function and the mechanisms through which they interact with other cellular components, including viruses, cellular protein assemblies, nanoparticles, and

cellular organelles. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: November 26, 2013.

Docket Number: 13–049. Applicant: The Regents of the University of Michigan, 210 Washtenaw Avenue, Ann Arbor, MI 48109. Instrument: Titan Krios Transmission Electron Microscope. Manufacturer: FEI Company, The Netherlands. Intended Use: The instrument will be used to study the structure of isolated cellular components, primarily proteins, to process computationally images of protein complexes and apply averaging techniques to calculate 3D models of the specimens under investigation. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: December 12, 2013.

Dated: January 6, 2014.

Gregory W. Campbell,
Director of Subsidies Enforcement,
Enforcement and Compliance.

Polyethylene Retail Carrier Bags From the People's Republic of China: Rescission of Antidumping Duty Administrative Review; 2012–2013

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is rescinding its administrative review of the antidumping duty order on polyethylene retail carrier bags (PRCBs) from the People's Republic of China (PRC) for the period of review (POR) August 1, 2012, through July 31, 2013.

DATES: *Effective Date:* January 17, 2014.

FOR FURTHER INFORMATION CONTACT: Jerrold Freeman at 202–482–0180 or Minoo Hatten at 202–482–1690, AD/CVD Operations Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2013, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on PRCBs from the PRC for the POR August 1, 2012, through July 31, 2013.¹ On August 30, 2013, the Department received a timely request from the petitioners, the Polyethylene Retail Carrier Bag Committee and its individual members, Hilex Poly Co., LLC and Superbag Corporation, to conduct an administrative review with respect to Dongguan Nozawa Plastics Products Co., Ltd. and United Power Packaging, Ltd. (collectively, Nozawa) in accordance with 19 CFR 351.213(b).² On October 2, 2013, in accordance with section 751(a) of the Tariff Act of 1930, as amended (Act) and 19 CFR 351.221(c)(1)(i), the Department initiated an administrative review of the antidumping duty order on PRCBs from the PRC with respect to Nozawa.³

On December 18, 2013, the petitioners timely withdrew their request for an administrative review of Nozawa.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, “in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review.” The petitioners withdrew their request for review within the 90-day time limit. Because no other party requested a review, the Department is rescinding the administrative review of the antidumping duty order on PRCBs from the PRC in full, pursuant to 19 CFR 351.213(d)(1).

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of PRCBs from the PRC during the POR at rates equal to the cash deposit or bonding rate of
