**SUPPLEMENTARY INFORMATION:** The Burlington County Bridge Commission, who owns and operates this bascule drawbridge, has requested a temporary deviation from the current operating regulations to facilitate the resurfacing of the bridge roadway. The Tacony-Palmyra Bridge (Route 73) at mile 107.2, across the Delaware River, between PA and NJ, has a vertical clearance in the closed position of 50 feet above mean high water.

Under the current operating schedule set out in 33 CFR 117.5 and 117.716(b): The regulation requires that the drawbridge must open promptly and fully for the passage of vessels when a request or signal to open is given, and that the opening not be delayed more than five minutes.

Under this temporary deviation, the bridge will be closed-to-navigation from 9 p.m., on June 13, 2014 until 9 p.m., on June 21, 2014. Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will not be able to open for emergencies and there is no alternate route for vessels to pass this section of the Delaware River.

The Coast Guard has coordinated this with the Pilots Association for the Bay and Delaware River, and will inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation. Waterway traffic consists of freighters, recreational boats, tugs, and barges.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

#### Safety Zones; Eighth Coast Guard District Annual and Recurring Safety Zones Update

**AGENCY:** Coast Guard, DHS.

**ACTION:** Interim final rule; request for comments.

**SUMMARY:** The Coast Guard is amending and updating its current list of recurring safety zone regulations that take place in the Eighth Coast Guard District area of responsibility (AOR). This interim rule informs the public of regularly scheduled events that require additional safety measures through establishing a safety zone. Through this interim rule the current list of recurring safety zones is updated with revisions, additional events, and removal of events that no longer take place in the Eighth Coast Guard District AOR. When these safety zones are enforced, vessel traffic is restricted from specified areas. Additionally, this one rulemaking project reduces administrative costs involved in producing a separate rule for each individual recurring safety zone and serves to provide notice of the known recurring safety zones throughout the year.

**DATES:** This rule is effective April 22, 2014. Comments and related material must be received by the Coast Guard on or before May 22, 2014.
