BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 97

[Docket No. 30957; Amdt. No. 3590]

Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This rule amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective May 23, 2014. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of May 23, 2014.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located;

3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

Availability—All SIAPs are available online free of charge. Visit nfdc.faa.gov to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

FOR FURTHER INFORMATION CONTACT:

Richard A. Dunham III, Flight Procedure Standards Branch (AFS-420) Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082, Oklahoma City, OK 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This rule amends Title 14, Code of Federal Regulations, Part 97 (14 CFR part 97) by amending the referenced SIAPs. The complete regulatory description of each SIAP is listed on the appropriate FAA Form 8260, as modified by the National Flight Data Center (FDC)/Permanent Notice to Airmen (P-NOTAM), and is incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of Title 14 of the Code of Federal Regulations.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation

by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. This amendment provides the affected CFR sections and specifies the types of SIAP and the corresponding effective dates. This amendment also identifies the airport and its location, the procedure and the amendment number.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP as modified by FDC/P-NOTAMs.

The SIAPs, as modified by FDC P-NOTAM, and contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these changes to SIAPs, the TERPS criteria were applied only to specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under

Executive Order 12866; (2) is not a “significant rule” under DOT regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

BILLING CODE 4910-13-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

24 CFR Part 8

[Docket No. FR-5784-N-01]

Nondiscrimination on the Basis of Disability in Federally Assisted Programs and Activities

AGENCY: Office of the Assistant Secretary for Fair Housing and Equal Opportunity, HUD.

ACTION: Instructions for use of alternative accessibility standard.

SUMMARY: HUD is issuing this document to permit recipients of Federal financial assistance from HUD (HUD recipients) to use an alternative accessibility standard for purposes of complying with Section 504 of the Rehabilitation Act of 1973 (Section 504) and HUD's implementing regulation at 24 CFR part 8 (Section 504 regulation) until HUD formally revises its Section 504 regulation to adopt an updated accessibility standard. In March 2011, the Department of Justice (DOJ), pursuant to its coordination authority under Section 504, advised Federal agencies that they may permit covered entities to use the 2010 ADA Standards for Accessible Design (2010 Standards) as an acceptable alternative to the Uniform Federal Accessibility Standards (UFAS) until such time as they update their agency's regulation implementing the Federally assisted provisions of Section 504. Consistent with DOJ's advice, this document provides HUD recipients the option of using the 2010 Standards under title II

of the ADA, except for certain specific provisions identified in this document, as an alternative accessibility standard to UFAS for purposes of complying with Section 504 and HUD's Section 504 regulation for new construction and alterations commenced on or after May 23, 2014. This document is in effect until HUD formally revises its Section 504 regulation to adopt an updated accessibility standard.

DATES: *Effective Date:* May 23, 2014.

SUPPLEMENTARY INFORMATION:

I. Overview

HUD's Section 504 regulation requires that programs or activities receiving Federal financial assistance be readily accessible to and usable by persons with disabilities. HUD's Section 504 regulation provides that the design, construction, or alteration of buildings and facilities in conformance with UFAS is deemed to be in compliance with the accessibility requirements of Section 504 (24 CFR 8.32). Many of the programs or activities that are subject to HUD's Section 504 regulation, however, are also subject to title II of the ADA, which applies to public entities, or title III of the ADA, which covers certain private entities, including public

accommodations, and are therefore required to comply with the 2010 Standards. When more than one law and accessibility standard applies, it is currently necessary for the recipient to determine on a section-by-section basis which standard affords greater accessibility.

In March 2011, DOJ advised Federal agencies that they may provide covered entities the option of using the 2010 Standards as an acceptable alternative to UFAS (www.ada.gov/504_memo_standards.htm) until such time as they update their agency's regulation implementing the Federally assisted provisions of Section 504. Because many recipients of Federal financial assistance are also subject to the Americans with Disabilities Act (ADA), Federal agencies requested this authority to minimize the number of accessibility standards with which recipients of Federal financial assistance must comply.

HUD has identified certain provisions in the 2010 Standards that provide less accessibility than is currently required by UFAS and/or HUD's Section 504 regulation. As a result, HUD is not deeming use of those specific provisions of the 2010 Standards as a means of providing accessibility under Section 504 because HUD cannot decrease the level of accessibility currently required by its Section 504 regulation without engaging in notice and comment rulemaking. Those provisions are summarized in the Appendix of this document.

The option to utilize the 2010 Standards under title II of the ADA, except for certain provisions identified in this document, is available to all HUD recipients for purposes of complying with HUD's Section 504 regulation whether they are private or
