I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its fees and rebates applicable to Members³ of the Exchange pursuant to EDGA Rule 15.1(a) and (c) ("Fee Schedule") to: (i) Delete Flag RC, which routes to the National Stock Exchange, Inc. ("NSX") and adds Liquidity; and (ii) make a corrective change to the definition of Average Daily Trading Volume ("ADV") to state that ADV includes shared routed by the Exchange. The text of the proposed rule change is available on the Exchange's Internet Web site at www.directedge.com, at the Exchange's principal office, and at the Public Reference Room of the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fee Schedule to: (i) Delete Flag RC, which routes to the NSX and adds liquidity; and (ii) make a corrective change to the definition of ADV to state that ADV includes shared routed by the Exchange.

Flag RC

The Exchange proposes to amend its Fee Schedule to delete Flag RC, which routes to the NSX and adds liquidity, in response to the NSX's announcement that it will cease market operations and its last day of trading will be Friday, May 30, 2014.⁴ The Exchange currently

³ The term "Member" is defined as "any registered broker or dealer, or any person associated with a registered broker or dealer, that has been admitted to membership in the Exchange. A Member will have the status of a "member" of the Exchange as that term is defined in Section 3(a)(3) of the Act." See Exchange Rule 1.5(n).

⁴ See Securities Exchange Act Release No. 72107 (May 6, 2014), 79 FR 27017 (May 12, 2014) (SR-NSX-2014-14) (Notice of Filing and Immediate

³⁸ 17 CFR 240.10A-3.

charges a fee of \$0.0001 per share in securities priced at or above \$1.00 and no fee in securities priced below \$1.00 for Members' orders that yield Flag RC. The fee for orders that yield Flag RC represents a pass through of the rate that DE Route, the Exchange's affiliated routing broker-dealer, is charged for routing orders that add liquidity to NSX. As of June 1, 2014, the Exchange, via DE Route, will no longer be able to route orders to NSX because it ceased operations, and, therefore, proposes to remove Flag RC from its Fee Schedule.

ADV

The Exchange proposes to make a corrective change to the definition of ADV to state that a Member's ADV *does* include shares that are routed to other trading centers. The Exchange determines the liquidity adding rebate that it will provide to Members based on the Exchange's tiered pricing structure based on the calculation of ADV, and/or average daily Total Consolidated Volume.⁵ On May 1, 2014, the Exchange harmonized its definition of ADV with that contained in the BATS Exchange, Inc. ("BATS") and BATS-Y Exchange, Inc. ("BYX") fee schedules by amending the definitions of ADV to state that routed shares are not included in ADV calculation.⁶

The Exchange's Fee Schedule currently states that certain routed flags are considered when determining the liquidity adding rebate that the Exchange will provide to Members based on its tiered pricing structure.⁷ In harmonizing its definition of ADV with BATS and BYX, the Exchange mistakenly included a provision that excluded routed shares from the definition of ADV, thereby creating a conflict with the above provision in the

Fee Schedule stating that certain routed flags are considered when determining the liquidity adding rebate under its tiered pricing structure. The Exchange now seeks to make a corrective change to the definition of ADV to state that routed orders are included in a Member's ADV calculation. The proposed rule change is designed to resolve a conflict in the Fee Schedule between the definition of ADV and the inclusion of orders that yield certain routed flags when determining the liquidity adding rebate under its tiered pricing structure. The Exchange notes that its proposal conforms to an existing practice and does not modify the fees or rebate that the Exchange has been providing its Members for achieving tier-based pricing.

Implementation Date

The Exchange proposes to implement these amendments to its Fee Schedule on June 2, 2014

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,⁸ in general, and furthers the objectives of Section 6(b)(4),⁹ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities.

Flag RC

The Exchange believes that its proposal to delete Flag RC in its Fee Schedule represents an equitable allocation of reasonable dues, fees, and other charges among Members and other persons using its facilities. The proposed change is in response to NSX's announcement that it will cease market operations and its last day of trading will Friday, May 30, 2014.¹⁰ As of June 1, 2014, the Exchange, via DE Route, will no longer be able to route orders to NSX and, therefore, proposes to remove Flag RC from its Fee Schedule. The Exchange believes that the proposed amendment is intended to make the Fee Schedule clearer and less confusing for investors and eliminate potential investor confusion, thereby removing impediments to and perfecting the mechanism of a free and open market and a national market system, and, in

general, protecting investors and the public interest.

ADV

The Exchange believes that correcting an inadvertent error in the definition of ADV with regard to routed orders is reasonable because it will increase the level of transparency on the Exchange's Fee Schedule and improve the Exchange's ability to effectively convey the criteria necessary to achieve tier-based pricing and resolve a conflict in the Fee Schedule between the definition of ADV and the inclusion of orders that certain routed flags when determining the liquidity adding rebate under its tiered pricing structure. The Exchange notes that its proposal conforms to an existing practice and does not modify the rebates or fees that the Exchange provides its Members for achieving tier-based pricing. The Exchange has historically in practice and will continue to include routed shares when calculating a Member's ADV by including orders that yield certain routed flags when determining the liquidity adding rebate under its tiered pricing structure. Other than this correction, which resolves a conflict in the Fee Schedule, the remainder of the definition of ADV would remain unchanged. Lastly, the Exchange also believes that these proposed amendments are non-discriminatory because they apply uniformly to all Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes its proposed amendments to its Fee Schedule would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change represents a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange's competitors. Additionally, Members may opt to disfavor EDGA's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets.

Flag RC

The Exchange believes that its proposal to delete Flag RC in its Fee Schedule would not affect intermarket nor intramarket competition because this change is not designed to amend any fee or rebate or alter the manner in which the Exchange assesses fees or

Effectiveness of Proposed Rule Change to Cease Trading on Its Trading System).

⁵ As provided in the Fee Schedule, "TCV" is currently defined as the volume reported by all exchanges and trade reporting facilities to the consolidated transaction reporting plans for Tapes A, B and C securities for the month in which the fees are calculated, excluding volume on any day that the Exchange experiences an Exchange System Disruption or the Russell Reconstitution Day.

⁶ See Securities Exchange Act Release No. 72002 (April 23, 2014), 79 FR 24028 (April 29, 2014) (SR-EDGX-2014-10). The Exchange also amended the definition of ADV to exclude shares on: (i) Any day that the Exchange's system experiences a disruption that lasts for more than 60 minutes during Regular Trading Hours ("Exchange System Disruption"); and (ii) the last Friday in June (the "Russell Reconstitution Day"). *Id.*

⁷ The Exchange's Fee Schedule states that the following routed flags are counted towards tiers: A, C, D, F, G, I, J, K, L, M, O, P, Q, R, S, T, U, X, Z, 2, 7, 8, 9, 10, BY, CL, PX, RA, RB, RC, RM, RR, RS, RT, RW, RX, RY, RZ and SW. calculates rebates. It is simply proposed in response to NSX announcement that it will cease market operations and its last day of trading will be Friday, May 30, 2014.¹¹

ADV

The Exchange believes that correcting an inadvertent error in the definition of ADV would not impose a burden on intermarket or intramarket competition because it simply conforms to an existing practice by resolving a conflict in the Fee Schedule and does not modify the rebates or fees that the Exchange provides its Members for achieving tier-based pricing. The Exchange has historically in practice and will continue to include routed shares when calculating a Member's ADV by including orders that yield certain routed flags when determining the liquidity adding rebate under its tiered pricing structure. Other than this correction, the remainder of the definition of ADV would remain unchanged.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
