BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA–2014–0106]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), this provides the public notice that by a document dated October 16, 2014, the Metropolitan Transportation Authority's (MTA) Metro-North Railroad (MNCW) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from several provisions of the Federal railroad safety regulations. Specifically, MNCW requests relief from certain provisions of 49 CFR part 240, Qualification and Certification of Locomotive Engineers, and 49 CFR part 242, Qualification and Certification of Conductors. The request was assigned Docket Number FRA–2014–0106. The relief is contingent on MNCW's implementation of and participation in the Confidential Close Call Reporting System (C³RS) pilot project.

MNCW seeks to shield reporting employees and the railroad from mandatory punitive sanctions that

would otherwise arise as provided in 49 CFR 240.117(e)(1)–(4); 240.305(a)(1)–(4) and (a)(6); 240.307; and 242.403(b), (c), (e)(1)–(4), (e)(6)–(11), and (f)(1)–(2).

The C³RS pilot project encourages certified operating crew members to report close calls and protect the employees and the railroad from discipline or sanctions arising from the incidents reported per the C³RS Implementing Memorandum of Understanding.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590.
