History and Description of the Cultural Item(s)

On an unknown date prior to the establishment of Big Cypress National Preserve, 442 cultural items were removed from an unnamed site in Collier County, FL, by D.L. Houghton. In 1999, Mr. Houghton donated the objects to Big Cypress National Preserve and indicated to park staff the location of their removal. The whereabouts of the human remains is not known. The 442 unassociated funerary objects are 439 glass beads, 1 beaded silver bracelet, 1 wire beaded bracelet, and 1 metal knife.

The unnamed site exhibits evidence of historic Seminole/Miccosukee occupation including glass, metal, and a number of chickee structures. Both the Miccosukee Tribe of Indians and the Seminole Tribe of Florida (previously

listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)) have indicated that the items were types used in funerary contexts.

Determinations Made by Big Cypress National Preserve

Officials of Big Cypress National Preserve have determined that:

- Pursuant to 25 U.S.C. 3001(3)(B), the 442 cultural items described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the unassociated funerary objects and the Miccosukee Tribe of Indians and the Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)).

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to claim these cultural items should submit a written request with information in support of the claim to J.D. Lee, Superintendent, Big Cypress National Preserve, 33110 Tamiami Trail East, Ochopee, FL 34141, telephone (239) 695-1103, email j_d_lee@nps.gov, by May 28, 2015. After that date, if no additional claimants have come forward, transfer of control of the unassociated funerary objects to the Miccosukee Tribe of Indians and the Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)) may proceed.

Big Cypress National Preserve is responsible for notifying the Miccosukee Tribe of Indians and the Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)) that this notice has been published.

History and Description of the Remains

In 1953, human remains representing, at minimum, four individuals were removed from AZ Q:1:3 in Apache County, AZ, by Fred Wendorf as part of his doctoral research at Harvard University. The human remains and associated funerary objects are in the physical custody of the Museum of Northern Arizona (MNA) in Flagstaff, AZ. No known individuals were identified. The 2,107 associated funerary objects are 13 pottery bowls, 1 mineral (galena), 6 pottery jars (some fragmentary), 2,057 shell beads, 1 stone pendant, 2 stone scrapers, 1 shell pendant, 25 basket fragments, and 1 blanket.

In 1985, human remains representing, at minimum, one individual were removed from AZ Q:1:58 in Apache County, AZ during legally authorized excavations. No known individuals were identified. The one associated funerary object is a pottery bowl.

In 1988, human remains representing, at minimum, two individuals were removed from AZ Q:1:226 in Navajo County, AZ, during legally authorized archeological survey and site recordation. No known individuals were identified. The 11 associated funerary objects are 2 pottery bowls, 3 pottery jars, and 6 shell beads.

Archeological site context and types of funerary objects suggest that all three sites were occupied by ancestral Puebloan peoples. Ethnographic and archeological evidence, including burial orientation, body position, and the type and placement of the associated funerary objects, indicates that the mortuary practices of these ancestral Puebloan peoples correspond closely with those of the Hopi Tribe of Arizona and the Zuni Tribe of the Zuni Reservation, New Mexico.

Determinations Made by Petrified Forest National Park

Officials of Petrified Forest National Park have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of seven individuals of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(3)(A), the 2,119 objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or

later as part of the death rite or ceremony.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and associated funerary objects and the Hopi Tribe of Arizona and Zuni Tribe of the Zuni Reservation, New Mexico.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Brad Traver, Superintendent, Petrified Forest National Park, Box 2217, Petrified Forest, AZ 86028, telephone (928) 524-6228 x225, email brad_traver@nps.gov, by May 28, 2015. After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary objects to the Hopi Tribe of Arizona and Zuni Tribe of the Zuni Reservation, New Mexico may proceed.

Petrified Forest National Park is responsible for notifying The Consulted Tribes and The Invited Tribes that this notice has been published.
