

effort to be responsive to industry comments regarding the delayed reporting of loans that are serviced-by-others; and (2) adding two options to the Mortgage Insurance Company item to more consistently identify companies within and across respondents. These changes would be effective December 31, 2015.

Schedule B (Home Equity)

The Federal Reserve proposes (1) adding two items—Serviced by Others Flag and Reporting As of Month—in an effort to be responsive to industry comments regarding the delayed reporting of loans that are serviced-by-others; and (2) adding the item Payment Type at the End of Draw Period and an option to the Modification Type item to capture the differing risk characteristics based on payment type set on the loan after the draw period has ended. These changes would be effective December 31, 2015.

Notice of Intent To Share Information

The Office of Financial Research (OFR) of the Department of Treasury has requested access to the FR Y–14A/Q/M reports for use in connection with its statutory mandate “to evaluate and report on stress tests.” The current FR Y–14 collections indicate that the collected data will be kept confidential. Through this proposal, the Board is providing notice that OFR will have access to the FR Y–14A/Q/M reports. The OFR has provided assurances that it will maintain the confidentiality of this information, including that it would limit access to the data to authorized staff and that any publication by the OFR using the reports would not contain confidential information.

Request for Additional Feedback

Respondents have previously expressed concern, either through industry groups or the Federal Reserve’s Frequently Asked Questions process, regarding the cost and burden of collecting the information related to the Performance of First Lien item of FR Y–14M Schedule B. As such, respondents either have been unable to report this information or have been doing so inconsistently. During the 60 day public comment period, the Federal Reserve is requesting industry feedback on the item below. If respondents are concerned about providing this information in a public comment letter, the Federal Reserve recommends that responses be submitted anonymously.

FR Y–14M Schedule B (Home Equity Loan and Home Equity Line)

What is the most efficient and cost-effective manner to collect the information related to the performance of a first lien that is related to a junior lien reported on FR Y–14M Schedule B? What standards could be established that would make this item easier to report (e.g. use of credit bureau scores as proxy, use of external vendors to procure data, establish threshold limits if the junior lien portfolio is below a certain limit)?

Board of Governors of the Federal Reserve System, September 11, 2015.

Michael Lewandowski,

Associate Secretary of the Board.
