

for annual reporting and (2) other requested relief, as industry proposed and ONRR and the affected State approved. The regulations require ONRR to publish by December 1 of each year a list of the States and their decisions regarding marginal property relief.

To qualify for the first relief option (notification-based relief) for calendar

year 2016, properties must produce less than 1,000 barrels-of-oil-equivalent (BOE) per year for the base period (July 1, 2014, through June 30, 2015). Annual reporting relief will begin January 1, 2017, with the annual report and payment due February 28, 2018, or March 31, 2018, if you have an estimated payment on file. To qualify for the second relief option (other

requested relief), the combined equivalent production of the marginal properties during the base period must equal an average daily well production of less than 15 BOE per well, per day calculated under 30 CFR 1204.4(c).

The following table shows the States that have qualifying marginal properties and the States' decisions to allow one or both forms of relief.

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined to review an initial determination (“ID”) (Order No. 38) of the presiding administrative law judge (“ALJ”) granting Respondents’ motion to terminate Complainant’s antitrust claim and sets the date of March 14, 2017, for possible oral argument.

**SUPPLEMENTARY INFORMATION:** The Commission instituted Investigation No. 337–TA–1002 on June 2, 2016, based on a complaint filed by Complainant United States Steel Corporation of Pittsburgh, Pennsylvania (“U.S. Steel”), alleging a violation of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337. *See* 81 FR 35381 (June 2, 2016). The complaint alleges violations of Section 337 based upon the importation into the United States, or in the sale of certain carbon and alloy steel products by reason of: (1) A conspiracy to fix prices and control output and export volumes, the threat or effect of which is to restrain or monopolize trade and commerce in the United States; (2) misappropriation and use of trade secrets, the threat or effect of which is to destroy or substantially injure an industry in the United States; and (3) false designation of origin or manufacturer, the threat or effect of which is to destroy or substantially injure an industry in the United States. *Id.* The notice of investigation identified forty (40) respondents that are Chinese steel manufacturers or distributors, as well as some of their Hong Kong and United States affiliates. *Id.* In addition, the Office of Unfair Import Investigations is a party in this investigation. *Id.*

On July 6, 2016, the presiding ALJ issued, *sua sponte*, an initial determination (Order No. 19) suspending the investigation pursuant to Section 337(b)(3). On August 5, 2016, the Commission reversed and vacated the suspension. *See Certain Carbon and Alloy Steel Products*, USITC Inv. No. 337–TA–1002, Comm’n Notice (Aug. 5, 2016).

On August 26, 2016, Respondents filed a motion to terminate U.S. Steel’s antitrust claim under 19 CFR 210.21. On

September 6, 2016, U.S. Steel filed a response in opposition to Respondents’ motion to terminate. On September 9, 2016, the Commission Investigative Attorney (“IA”) filed a response in opposition to Respondents’ motion to terminate. On November 14, 2016, the ALJ issued the subject ID, granting Respondents’ motion to terminate Complainant’s antitrust claim under 19 CFR 210.21 and, in the alternative, under 19 CFR 210.18. On November 23, 2016, Complainant and the IA filed petitions for review of the ID. Complainant also requested oral argument before the Commission. On December 1, 2016, Respondents filed a response to the petitions for review. Also on December 1, 2016, Complainant filed a response to the IA’s petition for review.

The Commission has determined to review the ID. In connection with its review, the Commission requests written responses regarding the following questions:

1. Please explain the policies that underlie the injury requirement under Section 337(a)(1)(A)(iii), including an analysis of any relevant statutory language, legislative history, Commission determinations, case law, or other authority. In discussing this question, please also explain how the injury requirement under Section 337(a)(1)(A)(iii) is different from, or relates to, the injury requirement that applies under Section 337(a)(1)(A)(i).

2. Please explain what Complainant must prove to satisfy the injury requirement under Section 337(a)(1)(A)(iii), where the alleged unfair act in violation of Section 337 is based on a claim alleging a conspiracy to fix prices and control output and export volumes (“antitrust claim”). Please include an analysis of any relevant statutory language, legislative history, Commission determinations, case law, or other authority.

3. Please explain how “antitrust injury” standing, as required for private litigants in federal district courts asserting antitrust claims, *see, e.g., Atl. Richfield Co. v. USA Petroleum Co.*, 495 U.S. 328, 335 (1990), compares to, or differs from, the injury requirement under Section 337(a)(1)(A). Please include an analysis of any relevant statutory language, legislative history, Commission determinations, case law, or other authority. In discussing this question, please explain the chronology of the adoption of the “antitrust injury” standing requirement in relation to the injury requirement under Section 337(a)(1)(A).

4. Please explain whether “antitrust injury” standing is, or should be,
