SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-80393; File No. SR-BX-2017-018]

Self-Regulatory Organizations; NASDAQ BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Implementation Date of Its Functionality Relating to Orders With Midpoint Pegging

April 6, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 31, 2017, NASDAQ BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the implementation date of its functionality relating to Orders with Midpoint Pegging.

There is no rule text for this proposed rule change.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set

forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

BX is filing this proposal to extend the implementation date of its functionality relating to Orders with Midpoint Pegging. The functionality relating to Orders with Midpoint Pegging was approved by the SEC on November 10, 2016.³

BX proposed to amend Rule 4703 (Order Attributes) to change Orders with Midpoint Pegging so that, if the Inside Bid and Inside Offer are crossed, any existing Order with Midpoint Pegging would be cancelled and any new Order with Midpoint Pegging would be rejected.⁴

BX initially proposed to implement the new Midpoint Pegging functionality on November 21, 2016.⁵ However, BX decided to delay the implementation of this new functionality to provide additional time for systems testing to no later than March 31, 2017.⁶

BX has now determined to delay the implementation of the functionality relating to Orders with Midpoint Pegging to no later than May 31, 2017 to allow additional time for systems testing. BX will announce the new implementation date by an Equity Trader Alert, which shall be issued prior to the implementation date.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The purpose of this proposal is to inform the SEC and market participants of the new implementation date for the Midpoint Pegging functionality. This functionality

was previously proposed in a rule filing that was submitted to the SEC, and this proposal does not change the substance of this functionality. BX is delaying the implementation date of this functionality to provide for further systems testing prior to implementing this functionality.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As noted above, the purpose of this proposal is to extend the implementation date for the Midpoint Pegging functionality so that BX may perform additional systems testing prior to implementing this functionality.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.⁹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁰ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹¹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange previously announced that it would implement the functionality relating to Orders with Midpoint Pegging no later than March

⁹ 17 CFR 240.19b-4(f)(6). As required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

31, 2017.¹² The Exchange now proposes to delay the implementation date to no later than May 31, 2017. Waiver of the 30-day operative delay would allow the Exchange to immediately extend the implementation date and provide additional time for systems testing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-BX-2017-018 on the subject line.

Paper Comments

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090. All submissions should refer to File Number SR-BX-2017-018. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule

change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-BX-2017-018 and should be submitted on or before May 3, 2017.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁴

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-80388; File No. 4-709]

Program for Allocation of Regulatory Responsibilities Pursuant to Rule 17d-2; Order Approving and Declaring Effective a Proposed Plan for the Allocation of Regulatory Responsibilities Between the Financial Industry Regulatory Authority, Inc. and BOX Options Exchange LLC

April 6, 2017.

On March 3, 2017, BOX Options Exchange LLC ("BOX") and the Financial Industry Regulatory Authority, Inc. ("FINRA") (collectively, the "Parties") filed with the Securities and Exchange Commission ("Commission" or "SEC") a plan for the allocation of regulatory responsibilities, dated March 2, 2017 ("17d-2 Plan" or the "Plan"). The Plan was published for comment on March 21, 2017.¹ The Commission received no comments on the Plan. This order approves and declares effective the Plan.

I. Introduction

Section 19(g)(1) of the Securities Exchange Act of 1934 ("Act"),² among other things, requires every self-regulatory organization ("SRO") registered as either a national securities exchange or national securities association to examine for, and enforce compliance by, its members and persons associated with its members with the Act, the rules and regulations thereunder, and the SRO's own rules, unless the SRO is relieved of this responsibility pursuant to Section 17(d) or Section 19(g)(2) of the Act.³ Without this relief, the statutory obligation of each individual SRO could result in a pattern of multiple examinations of broker-dealers that maintain memberships in more than one SRO ("Common Members"). Such regulatory duplication would add unnecessary expenses for common members and their SROs.

Section 17(d)(1) of the Act⁴ was intended, in part, to eliminate unnecessary multiple examinations and regulatory duplication.⁵ With respect to a common member, Section 17(d)(1) authorizes the Commission, by rule or order, to relieve an SRO of the responsibility to receive regulatory reports, to examine for and enforce compliance with applicable statutes, rules, and regulations, or to perform other specified regulatory functions.

To implement Section 17(d)(1), the Commission adopted two rules: Rule 17d-1 and Rule 17d-2 under the Act.⁶ Rule 17d-1 authorizes the Commission to name a single SRO as the designated examining authority ("DEA") to examine common members for compliance with the financial responsibility requirements imposed by the Act, or by Commission or SRO rules.⁷ When an SRO has been named as a common member's DEA, all other SROs to which the common member belongs are relieved of the responsibility to examine the firm for compliance with the applicable financial responsibility rules. On its face, Rule 17d-1 deals only with an SRO's obligations to enforce member compliance with financial responsibility requirements. Rule 17d-1 does not relieve an SRO from its
