

enforcement, and liability. Commerce maintains a public Web site, <https://www.privacyshield.gov/list>, where it posts the names of companies that have self-certified to the Privacy Shield frameworks. The listing of companies indicates whether their self-certification is current. Companies are required to re-certify every year in order to retain their status as current members of the Privacy Shield frameworks.

Decusoft develops software for use in human resources applications.

According to the Commission's complaint, Decusoft has set forth on its Web site, www.decusoft.com/privacy-policy, privacy policies and statements about its practices, including statements related to its participation in the EU-U.S. and the Swiss-U.S. Privacy Shield frameworks.

The Commission's complaint alleges that Decusoft falsely represented that it was certified to participate in the Privacy Shield frameworks when, in fact, Decusoft never completed the necessary steps to finalize its applications, and thus, was not certified to participate in either the EU-U.S. Privacy Shield framework or the Swiss-U.S. Privacy Shield framework.

Part I of the proposed order prohibits Decusoft from making misrepresentations about its membership in any privacy or security program sponsored by the government or any other self-regulatory or standard-

setting organization, including, but not limited to, the EU-U.S. Privacy Shield framework and the Swiss-U.S. Safe Privacy Shield framework.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires acknowledgement of the order and dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part III ensures notification to the FTC of changes in corporate status and mandates that Decusoft submit an initial compliance report to the FTC. Part IV requires Decusoft to retain documents relating to its compliance with the order for a five-year period.

Part V mandates that Decusoft make available to the FTC information or subsequent compliance reports, as requested. Part VI is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.

By direction of the Commission.

Donald S. Clark,
Secretary.

FEDERAL TRADE COMMISSION

Granting of Requests for Early Termination of the Waiting Period Under the Premerger Notification Rules

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination—on the dates indicated—of the waiting period provided by law and the premerger notification rules. The listing for each transaction includes the transaction number and the parties to the transaction. The grants were made by the Federal Trade Commission and the Assistant Attorney General of the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.
