

fees should be a more accurate representation of the costs associated with a member's use of the Exchange today for the reasons discussed above.

As noted above, some members will be impacted more than others with this proposal because the Exchange is increasing the monthly access fee for Market Makers only, but eliminating the annual regulatory fee for all members. The Exchange does not believe that this is unfairly discriminatory because the resources dedicated to the supporting and regulating a member vary on the type of membership. Generally, PMMs are subject to greater obligations than CMMs are and CMMs are subject to greater obligations than EAMs are. Furthermore, the technical, regulatory, and administrative costs associated with an EAM's use of the Exchange are not as high as those associated with Market Makers.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As discussed above, the proposed fee changes are designed to more accurately reflect the technical, regulatory, and administrative costs associated with a member's use of the Exchange, and the fees remain competitive with similar fees offered on other options exchanges. The Exchange operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive, or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees to remain competitive. Because competitors are free to modify their own fees in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section

19(b)(3)(A)(ii) of the Act,¹² and Rule 19b-4(f)(2)¹³ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
