SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Mental Health Parity and Addiction Equity Act (MHPAEA) Notices information collection. The MHPAEA generally requires that the financial requirements and treatment limitations imposed on mental health and substance use disorder (MH/SUD) benefits cannot be more restrictive than the predominant financial requirements and treatment limitations that apply to substantially all medical and surgical benefits. The MHPAEA and its implementing regulations at 29 CFR 2590.712(d)(2) provide that a plan or issuer must disclose the criteria for medical necessity determinations with respect to MH/SUD benefits to any current or potential participant, beneficiary, or contracting provider upon request and must disclose the reason for any denial of reimbursement or payment for services with respect to MH/SUD benefits to the participant or

beneficiary. The 21st Century Cures Act, among other things, contained provisions intended to improve compliance with MHPAEA by requiring the Departments of Labor, Health and Human Services, and the Treasury to solicit feedback from the public on how to improve the process for group health plans and issuers to disclose the information required under the MHPAEA and other laws. Approval of this ICR would implement the new information collection requirements, based on the public comments. Internal Revenue Code of 1986 section 9812, Employee Retirement Income Security Act of 1974 section 712, and Public Health Service Act section 2705 authorize this information collection. See 26 U.S.C. 9812, 29 U.S.C. 1185a, and 42 U.S.C. 300gg-5.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0138. The DOL notes that the authority for existing information collection requirements submitted to the OMB continue while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notices published in the **Federal Register** on May 26, 2016, 81 FR 33550, and June 20, 2017, 82 FR 28095.

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section by June 22, 2018. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1210-0138. The OMB is particularly interested in comments that:

- Enhance the quality, utility, and clarity of the information to be collected; and
