SUPPLEMENTARY INFORMATION:

I. Abstract

The mission of EDA is to lead the federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. EDA accomplishes this mission by helping states, regions, and communities through capacity building, planning, infrastructure, research grants, and strategic initiatives. Further information on EDA’s program and grant opportunities can be found at www.eda.gov.

In order for EDA to evaluate whether proposed projects satisfy eligibility and programmatic requirements contained in EDA’s authorizing legislation, the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. 3121 *et seq.*) (PWEDA), EDA’s accompanying regulations codified in

13 CFR Chapter III, and the applicable Notice of Funding Opportunity (NOFO), EDA must collect specific data from its grant applicants. The purpose of this notice is to seek comments from the public and other Federal agencies on a request for an extension of EDA’s currently approved suite of ED–900 application forms which are scheduled to expire on September 30, 2018.

II. Method of Collection

EDA collects application information through a series of ED–900 forms:

- ED–900—General Application for EDA Programs;
- ED–900A—Additional EDA Assurances for Construction or Non-Construction Investments;
- ED–900C—EDA Application Supplement for Construction Programs;
- ED–900D—Requirements for Design and Engineering Assistance;
- ED–900E—Calculation of Estimated Relocation and Land Acquisition Expenses;
- ED–900F—Supplement for Revolving Loan Fund Applications;
- ED–900P—Proposal for EDA Assistance].

The forms are electronically submitted through Grants.gov, or via paper submission to the appropriate EDA office, in response to a NOFO. Applicants are required to submit the applicable ED–900 form(s) to the EDA Regional Office for review and evaluation.

As a part of this renewal process, EDA plans to make minor clarifying edits to the following ED–900 forms: ED–900, ED–900B, and ED–900C. None of these minor edits are expected to impact the time burden on the respondent nor do the modifications change the type or amount of information collected.
