BILLING CODE 8011-01-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket Number USTR-2020-0015]

Request for Comments Concerning the Extension of Particular Exclusions Granted Under the \$200 Billion Action Pursuant to Section 301: China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative.

ACTION: Notice and request for comments.

SUMMARY: Effective September 24, 2018, the U.S. Trade Representative imposed additional duties on goods of China with an annual trade value of approximately \$200 billion as part of the action in the Section 301 investigation of China's acts, policies, and practices related to technology transfer, intellectual property, and innovation. The U.S. Trade Representative initiated an exclusion process for the \$200 billion action in June 2019, and as of March 26, 2020, has issued 11 product exclusion notices under this action. The product exclusions granted under these notices are scheduled to expire on August 7, 2020. The U.S. Trade Representative has decided to consider a possible extension

for up to 12 months of particular exclusions granted under these initial 11 product exclusion notices. The Office of the U.S. Trade Representative (USTR) invites public comment on whether to extend particular exclusions.

DATES:

May 1, 2020: The public docket on the web portal at <https://comments.USTR.gov> will open for parties to submit comments on the possible extension of particular exclusions.

June 8, 2020 at 11:59 p.m. ET: To be assured of consideration, submit written comments on the public docket by this deadline.

ADDRESSES: You must submit all comments through the online portal: <https://comments.USTR.gov>.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see prior notices including 82 FR 40213 (August 24, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), 83 FR 47974 (September 21, 2018), 83 FR 49153 (September 28, 2018), 83 FR 65198 (December 19, 2018), 84 FR 7966 (March 5, 2019), 84 FR 20459 (May 9, 2019), 84 FR 29576 (June 24, 2019), 84 FRN 38717 (August 7, 2019), 84 FR 46212 (September 3, 2019), 84 FR 49591 (September 20, 2019), 84 FR 57803 (October 28, 2019), 84 FR 61674 (November 13, 2019), 84 FR 65882 (November 29, 2019), 84 FR 69012 (December 17, 2019), 85 FR 549 (January 6, 2020), 85 FR 6674 (February 5, 2020), 85 FR 9921 (February 20, 2020), 85 FR 15015 (March 16, 2020), and 85 FR 17158 (March 26, 2020).

Effective September 24, 2018, the U.S. Trade Representative imposed additional 10 percent duties on goods of China classified in 5,757 full and partial subheading of the Harmonized Tariff Schedule of the United States (HTSUS) with an approximate annual trade value of \$200 billion. See 83 FR 47974, as modified by 83 FR 49153. In May 2019, the U.S. Trade Representative increased the additional duty to 25 percent. See 84 FR 20459. On June 24, 2019, the Trade Representative established a process by which U.S. stakeholders could request exclusion of particular products classified within an 8-digit HTSUS subheading covered by the \$200 billion

¹⁹ 17 CFR 200.30-3(a)(12).

action from the additional duties. See 84 FR 29576 (the June 24 notice).

The June 24 notice required submission of requests for exclusion from the \$200 billion action no later than September 30, 2019, and noted that the U.S. Trade Representative periodically would announce decisions. As of March 26, 2020, the U.S. Trade Representative has issued 11 notices of product exclusions under the \$200 billion action. These exclusions are scheduled to expire on August 7, 2020.

B. Possible Extensions of Particular Product Exclusions

The U.S. Trade Representative has decided to consider a possible extension for up to 12 months of particular exclusions granted under the initial 11 product exclusion notices under the \$200 billion action. At this time, USTR is not considering product exclusion notices issued after March 26, 2020. Accordingly, USTR invites public comments on whether to extend particular exclusions granted under the following notices of product exclusions:

- 84 FR 38717 (August 7, 2019)
- 84 FR 49591 (September 20, 2019)
- 84 FR 57803 (October 29, 2019)
- 84 FR 61674 (November 13, 2019)
- 84 FR 65882 (November 29, 2019)
- 84 FR 69012 (December 17, 2019)
- 85 FR 549 (January 6, 2020)
- 85 FR 6674 (February 5, 2020)
- 84 FR 9921 (February 20, 2020)
- 85 FR 15015 (March 16, 2020)
- 85 FR 17158 (March 26, 2020)

For exclusions amended or corrected by a later issued notice, parties should provide their extension comments on the docket corresponding to the initial notice of product exclusions.

USTR will evaluate the possible extension of each exclusion on a case-by-case basis. The focus of the evaluation will be whether, despite the first imposition of these additional duties in September 2018, the particular product remains available only from China. In addressing this factor, commenters should address specifically:

- Whether the particular product and/or a comparable product is available from sources in the United States and/or in third countries.
- Any changes in the global supply chain since September 2018 with respect to the particular product or any other relevant industry developments.
- The efforts, if any, the importers or U.S. purchasers have undertaken since September 2018 to source the product from the United States or third countries.

In addition, USTR will continue to consider whether the imposition of

additional duties on the products covered by the exclusion will result in severe economic harm to the commenter or other U.S. interests.

C. Procedures To Comment on the Extension of Particular Exclusions

To submit a comment regarding the extension of a particular exclusion granted under the above referenced product exclusion notices under the \$200 billion action, commenters must first register on the portal at <https://comments.USTR.gov>. Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2014-0177]

Crash Preventability Determination Program

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice.

SUMMARY: On July 27, 2017, FMCSA announced a demonstration program to evaluate the preventability of eight categories of crashes through submissions of Requests for Data Review to its national data correction system known as DataQs. On August 5, 2019, based on experiences with the demonstration program, FMCSA proposed a Crash Preventability Determination Program with a streamlined process. FMCSA proposed to modify the Safety Measurement System to exclude crashes with not preventable determinations from the prioritization algorithm and proposed noting the not preventable determinations in the Pre-Employment Screening Program. This notice responds to comments received on the proposal and announces the start of the

Agency's new Crash Preventability Determination Program.

FOR FURTHER INFORMATION CONTACT: Mr. Catterson Oh, Compliance Division, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590, (202) 366-6160, *Catterson.Oh@dot.gov*. If you have questions regarding viewing or submitting material to the docket, contact Docket Operations, (202) 366-9826.

SUPPLEMENTARY INFORMATION:

Background

Since its implementation in 2010, FMCSA's Safety Measurement System (SMS) has used safety performance information in the Behavior Analysis and Safety Improvement Categories (BASICS), in addition to recordable crashes involving commercial motor vehicles (CMVs), to prioritize carriers for safety interventions (75 FR 18256). The Crash Indicator BASIC uses crashes from the previous 24 months to calculate percentiles for motor carriers. In addition, the public SMS website lists motor carriers' recordable crashes. Although the Crash Indicator BASIC percentiles have never been publicly available, stakeholders have expressed concern that the use of all crashes in SMS, without an indication of preventability, may give an inaccurate impression about the risk posed by the company.

In response to this concern, FMCSA announced a demonstration program on July 27, 2017, to evaluate the preventability of certain categories of crashes (82 FR 35045). Based on its experience in conducting the demonstration program, and the strong support for continuing and expanding this program, FMCSA is initiating the Crash Preventability Determination Program (CPDP) as described in this notice. Through this program, motor carriers and drivers may submit eligible crashes for preventability determinations through FMCSA's DataQs system. FMCSA will remove crashes that were not preventable by the motor carrier or driver from the SMS prioritization algorithm. FMCSA will also note the not preventable determinations in the driver's Pre-Employment Screening Program (PSP) record and will note not preventable, preventable, and undecided determinations in the motor carrier's list of crashes on the public SMS website.

Implementation Proposal

General Comments

FMCSA received 111 comments to this docket. More than 90 commenters supported the proposal and the Agency's plan to continue the program. Many noted their support of the expansion of eligible crash types. Gregory Cohen advised that Greyhound Lines, Inc., participated in the demonstration program and supports
