The plans are obligated to repay such assistance. The act also made employers withdrawing from a plan liable to the plan for a portion of its unfunded vested benefits.

Premium Collections All defined-benefit pension plans insured by PBGC are required to pay premiums to the Corporation according to rates set by Congress. The annual premium per plan participant for multiemployer pension plans is \$8. The basic premium for all single-employer plans is \$31 per participant per year. Underfunded single-

employer plans must also pay an additional premium equal to \$9 per \$1,000 of unfunded vested benefits. A termination premium of \$1,250 per participant per year applies to certain distress and involuntary plan terminations occurring on or after January 1, 2006, payable for 3 years after the termination.

The Postal Regulatory Commission develops and implements a modern system of postal rate regulation.

The Postal Regulatory Commission is the successor agency to the Postal Rate Commission, which was created by the

Postal Reorganization Act, as amended (39 U.S.C. 3601-3604). The Commission was established as an independent

agency in the executive branch of Government by the Postal Accountability and Enhancement Act (39 U.S.C. 101 note). It is composed of five Commissioners, appointed by the President with the advice and consent of the Senate, one of whom is designated as Chairman.

The Commission promulgates rules and regulations, establishes procedures, and takes other actions necessary to carry out its obligations. It considers complaints received from interested persons relating to United States Postal Service rates, regulations, and services. The Commission also has certain reporting obligations, including a report on universal postal service and the postal monopoly.
