(a) AUTHORITY TO ACQUIRE LAND.—The National Capitol Planning Commission shall acquire land the Planning Commission believes is necessary and desirable in the District of Columbia

PUBLIC LAW 107-217—AUG. 21, 2002

and adjacent areas in Maryland and Virginia for suitable development of the National Capital park, parkway, and playground system. The acquisition must be within the limits of the appropriations made for those purposes. The Planning Commission shall request the advice of the Commission of Fine Arts in selecting land to be acquired.

(b) HOW LAND MAY BE ACQUIRED.—

(1) PURCHASE OR CONDEMNATION PROCEEDING.—The National Capital Planning Commission may buy land when the land can be acquired at a price the Planning Commission considers reasonable or by a condemnation proceeding when the land cannot be bought at a reasonable price.

(2) LAND IN THE DISTRICT OF COLUMBIA.—A condemnation proceeding to acquire land in the District of Columbia shall be conducted in accordance with section 1 of the Act of December 23, 1963 (Public Law 88-241, 77 Stat. 571).

(2) LAND IN MARYLAND OR VIRGINIA.—Land acquired in Maryland or Virginia shall be controlled as determined by agreement between the Planning Commission and the proper officials of Maryland or Virginia.

(d) PRESIDENTIAL APPROVAL REQUIRED.—The designation of all land to be acquired by condemnation, all contracts to purchase land, and all agreements between the National Capital Planning Commission and the officials of Maryland and Virginia are subject to the approval of the President.

§ 8732. Acquiring land subject to limited rights reserved to grantor and limited permanent rights in land adjoining park property

(a) IN GENERAL.—The National Capital Planning Commission in accordance with this chapter may acquire, for and on behalf of the Federal Government, by gift, devise, purchase, or condemnation—

(1) fee title to land subject to limited rights, but not for business purposes, reserved to the grantor; and

(2) permanent rights in land adjoining park property sufficient to prevent the use of the land in certain specified ways which would essentially impair the value of the park property for its purposes.

(b) PREREQUISITES TO ACQUISITION.—

(1) FEE TITLE TO LAND SUBJECT TO LIMITED RIGHTS.—The reservation of rights to the grantor shall not continue beyond the life of the grantor of the fee. The Commission must decide that the permanent public park purposes for which control over the land is needed are not essentially impaired by the reserved rights and that there is a substantial saving in cost by acquiring the land subject to the limited rights as compared with the cost of acquiring unencumbered title to the land.

(2) PERMANENT RIGHTS IN LAND ADJOINING PARK PROPERTY.—The Commission must decide that the protection and maintenance of the essential public values of the park can be secured more economically by acquiring the permanent rights than by acquiring the land.

PUBLIC LAW 107-217—AUG. 21, 2002

(c) **PRESIDENTIAL APPROVAL REQUIRED.**—All contracts to acquire land or rights under this section are subject to the approval of the President.

§ 8733. Lease of land acquired for park, parkway, or playground purposes

The Secretary of the Interior may lease, for not more than five years, land or an existing building or structure on land acquired for park, parkway, or playground purposes, and may renew the lease for an additional five years. A lease or renewal under this section is—

- (2) subject to the need for the immediate use of the land, building, or structure in other ways by the public; and
- (3) on terms the Administrator decides.

§ 8734. Sale of land by Mayor

- (b) **PAYING EXPENSES AND DEPOSITING PROCEEDS.**—The Mayor—

§ 8735. Sale of land by Secretary of the Interior

(a) **AUTHORITY TO SELL.**—With the approval of the National Capital Planning Commission, the Secretary of the Interior, for the best interests of the Federal Government, may sell, by deed or instrument, real estate held by the Government in the District of Columbia and under the jurisdiction of the National Park Service which may be no longer needed for public purposes. The land may be sold for cash or on a deferred-payment plan the Secretary approves, at a price not less than the Government paid for it and not less than its present appraised value as determined by the Secretary.

(b) **SALE TO HIGHEST BIDDER.**—In selling any parcel of land under this section, the Secretary shall have public or private solicitation for bids or offers be made as the Secretary considers appropriate. The Secretary shall sell the parcel to the party agreeing to pay the highest price if the price is otherwise satisfactory. If the price offered or bid by the owner of land abutting the land to be sold equals the highest price offered or bid by any other party, the parcel may be sold to the owner of the abutting land.

(c) **PAYING EXPENSES AND DEPOSITING PROCEEDS.**—The Secretary—

- (1) may pay the reasonable and necessary expenses of the sale of each parcel of land sold; and
- (2) shall deposit the net proceeds of each sale in the Treasury to the credit of the Government and the District of Columbia in the proportion that each—

§ 8737. Authorization of appropriations

An amount equal to not more than one cent for each inhabitant of the continental United States as determined by the last preceding decennial census may be appropriated each year in the District of Columbia Appropriation Act for the National Capital Planning Commission to use for the payment of its expenses and for the acquisition of land the Commission may acquire under section 8731 of this title for the purposes named, including compensation for the land, surveys, ascertainment of title, condemnation proceedings, and necessary conveyancing. SUBTITLE IV—APPALACHIAN REGIONAL DEVELOPMENT

CHAPTER	Sec.
141. GENERAL PROVISIONS	14101
143. APPALACHIAN REGIONAL COMMISSION	14301
145. SPECIAL APPALACHIAN PROGRAMS	14501
147. MISCELLANEOUS	14701

CHAPTER 141—GENERAL PROVISIONS

Sec.
14101. Findings and purposes.
14102. Definitions.

§ 14101. Findings and purposes**(a) 1965 FINDINGS AND PURPOSE.—**

(1) **FINDINGS.**—Congress finds and declares that the Appalachian region of the United States, while abundant in natural resources and rich in potential, lags behind the rest of the Nation in its economic growth and that its people have not shared properly in the Nation's prosperity. The region's uneven past development, with its historical reliance on a few basic industries and a marginal agriculture, has failed to provide the economic base that is a vital prerequisite for vigorous, self-sustaining growth. State and local governments and the people of the region understand their problems and have been working, and will continue to work, purposefully toward their solution. Congress recognizes the comprehensive report of the President's Appalachian Regional Commission documenting these findings and concludes that regionwide development is feasible, desirable, and urgently needed.

(2) **PURPOSE.**—It is the purpose of this subtitle to assist the region in meeting its special problems, to promote its economic development, and to establish a framework for joint federal and state efforts toward providing the basic facilities essential to its growth and attacking its common problems and meeting its common needs on a coordinated and concerted regional basis. The public investments made in the region under this subtitle shall be concentrated in areas where there is a significant potential for future growth and where the expected return on public dollars invested will be the greatest. States will be responsible for recommending local and state projects within their borders that will receive assistance under this subtitle. As the region obtains the needed physical and transportation facilities and develops its human resources, Con-

PUBLIC LAW 107-217—AUG. 21, 2002

gress expects that the region will generate a diversified industry and that the region will then be able to support itself through the workings of a strengthened free enterprise economy.

(b) 1975 FINDINGS AND PURPOSE.—

(1) FINDINGS.—Congress further finds and declares that while substantial progress has been made toward achieving the purposes set out in subsection (a), especially with respect to the provision of essential public facilities, much remains to be accomplished, especially with respect to the provision of essential health, education, and other public services. Congress recognizes that changes and evolving national purposes in the decade since 1965 affect not only the Appalachian region but also its relationship to a nation that on December 31, 1975, is assigning higher priority to conservation and the quality of life, values long cherished within the region. Appalachia as of December 31, 1975, has the opportunity, in accommodating future growth and development, to demonstrate local leadership and coordinated planning so that housing, public services, transportation and other community facilities will be provided in a way congenial to the traditions and beauty of the region and compatible with conservation values and an enhanced quality of life for the people of the region, and consistent with that goal, the Appalachian region should be able to take advantage of eco-industrial development, which promotes both employment and economic growth and the preservation of natural resources. Congress recognizes also that fundamental changes are occurring in national energy requirements and production, which not only risk short-term dislocations but will undoubtedly result in major long-term effects in the region. It is essential that the opportunities for expanded energy production be used so as to maximize the social and economic benefits and minimize the social and environmental costs to the region and its people.

(2) PURPOSE.—It is also the purpose of this subtitle to provide a framework for coordinating federal, state and local efforts toward—

(A) anticipating the effects of alternative energy policies and practices;

(B) planning for accompanying growth and change so as to maximize the social and economic benefits and minimize the social and environmental costs; and

(C) implementing programs and projects carried out in the region by federal, state, and local governmental agencies so as to better meet the special problems generated in the region by the Nation's energy needs and policies, including problems of transportation, housing, community facilities, and human services.

(c) 1998 FINDINGS AND PURPOSE.—

(1) FINDINGS.—Congress further finds and declares that while substantial progress has been made in fulfilling many of the objectives of this subtitle, rapidly changing national and global economies over the decade ending November 13, 1998, have created new problems and challenges for rural areas throughout the United States and especially for the Appalachian region.

(2) PURPOSE.—In addition to the purposes stated in subsections (a) and (b), it is the purpose of this subtitle—

(A) to assist the Appalachian region in—

(i) providing the infrastructure necessary for economic and human resource development;

(ii) developing the region's industry;

(iii) building entrepreneurial communities;

(iv) generating a diversified regional economy; and

(v) making the region's industrial and commercial resources more competitive in national and world markets;

PUBLIC LAW 107-217—AUG. 21, 2002

(B) to provide a framework for coordinating federal, state, and local initiatives to respond to the economic competitiveness challenges in the Appalachian region through—

(i) improving the skills of the region's workforce;

(ii) adapting and applying new technologies for the region's businesses, including eco-industrial development technologies; and

(iii) improving the access of the region's businesses to the technical and financial resources necessary to development of the businesses; and

(C) to address the needs of severely and persistently distressed areas of the Appalachian region and focus special attention on the areas of greatest need so as to provide a fairer opportunity for the people of the region to share the quality of life generally enjoyed by citizens across the United States.

(c) **CERTIFICATION REQUIRED.**—For a program, project, or activity for which any part of the basic federal contribution to the project or activity under a federal grant program is proposed to be made under subsection (b), the contribution shall not be made until the responsible federal official administering the federal law authorizing the contribution certifies that the program, project, or activity meets the applicable requirements of the federal law and could be approved for federal contribution under that law if amounts were available under the law for the program, project, or activity.

(d) **LIMITATIONS IN OTHER LAWS INAPPLICABLE.**—Amounts provided pursuant to this subtitle are available without regard to any limitations on areas eligible for assistance or authorizations for appropriation in any other law.

(e) **ACCEPTANCE OF CERTAIN MATERIAL.**—For a supplemental grant for a project or activity under a federal grant program, the Federal Cochairman shall accept any finding, report, certification, or documentation required to be submitted to the head of the department, agency, or instrumentality of the Federal Government responsible for the administration of the program.

(f) **FEDERAL SHARE.**—The federal portion of the cost of a project or activity shall not—

SUBCHAPTER II—ADMINISTRATIVE

§ 14521. Required level of expenditure

A State or political subdivision of a State is not eligible to receive benefits under this subtitle unless the aggregate expenditure of state amounts, except expenditures for participation in the Dwight D. Eisenhower System of Interstate and Defense Highways and local and federal amounts, for the benefit of the area within the State located in the Appalachian region is maintained at a level which does not fall below the average level of those expenditures for the State's last two full fiscal years prior to March 9, 1965. In computing the level, a State's past expenditure for participation in the Dwight D. Eisenhower System of Interstate and Defense Highways and expenditures of local and federal amounts shall not be included. The Commission shall recommend to the President a lesser requirement when it finds that a substantial population decrease in that part of a State which lies within the region would not justify a state expenditure equal to the average level of the last two years or when it finds that a State's average level of expenditure in an individual program has been disproportionate to the present need for that part of the State.

§ 14522. Consent of States

This subtitle does not require a State to engage in or accept a program under this subtitle without its consent.

§ 14523. Program implementation

(a) **REQUIREMENTS.**—A program or project authorized under this chapter shall not be implemented until—

(1) the responsible federal official has decided that applications and plans relating to the program or project are not

PUBLIC LAW 107-217—AUG. 21, 2002

incompatible with the provisions and objectives of federal laws that the official administers that are not inconsistent with this subtitle; and

(2) the Appalachian Regional Commission has approved the program or project and has determined that it—

(A) meets the applicable criteria under section 14524 of this title and the requirements of the development planning process under section 14525 of this title; and

(B) will contribute to the development of the Appalachian region.

(b) DECISION IS CONTROLLING.—A decision under subsection (a)(2) is controlling and shall be accepted by the federal agencies.

§ 14524. Program development criteria

(a) FACTORS TO BE CONSIDERED.—In considering programs and projects to be given assistance under this subtitle, and in establishing a priority ranking of the requests for assistance presented to the Appalachian Regional Commission, the Commission shall follow procedures that will ensure consideration of—

(1) the relationship of the project or class of projects to overall regional development, including its location in a severely and persistently distressed county or area;

(2) the population and area to be served by the project or class of projects, including the per capita market income and the unemployment rates in the area;

(3) the relative financial resources available to the State or political subdivisions or instrumentalities of the State that seek to undertake the project;

(4) the importance of the project or class of projects in relation to other projects or classes of projects that may be in competition for the same amounts;

(5) the prospects that the project for which assistance is sought will improve, on a continuing rather than a temporary basis, the opportunities for employment, the average level of income, or the economic and social development of the area served by the project; and

(6) the extent to which the project design provides for detailed outcome measurements by which grant expenditures may be evaluated.

(b) LIMITATION ON USE.—Financial assistance made available under this subtitle shall not be used to assist establishments relocating from one area to another.

(c) DETERMINATION REQUIRED BEFORE AMOUNTS MAY BE PROVIDED.—Amounts may be provided for programs and projects in a State under this subtitle only if the Commission determines that the level of federal and state financial assistance under other laws for the same type of programs or projects in that part of the State within the Appalachian region will not be diminished in order to substitute amounts authorized by this subtitle.

(d) MINIMUM AMOUNT OF ASSISTANCE TO DISTRESSED COUNTIES AND AREAS.—For each fiscal year, not less than 50 percent of the amount of grant expenditures the Commission approves shall support activities or projects that benefit severely and persistently distressed counties and areas.

§ 14525. State development planning process

(a) STATE DEVELOPMENT PLAN.—Pursuant to policies the Appalachian Regional Commission establishes, each state member shall submit a development plan for the area of the State within the Appalachian region. The plan shall—

(1) be submitted according to a schedule the Commission prescribes;

(2) reflect the goals, objectives, and priorities identified in the regional development plan and in any subregional develop-

PUBLIC LAW 107-217—AUG. 21, 2002

ment plan that may be approved for the subregion of which the State is a part;

(3) describe the state organization and continuous process for Appalachian development planning, including—

(A) the procedures established by the State for the participation of local development districts in the process;

(B) how the process is related to overall statewide planning and budgeting processes; and

(C) the method of coordinating planning and projects in the region under this subtitle, the Public Works and Economic Development Act of 1965 (42 U.S.C. 3121 et seq.), and other federal, state, and local programs;

(4) set forth the goals, objectives, and priorities of the State for the region, as established by the Governor, and identify the needs on which the goals, objectives, and priorities are based; and

(5) describe the development strategies for achieving the goals, objectives, and priorities, including funding sources, and recommendations for specific projects to receive assistance under this subtitle.

(b) **AREAWIDE ACTION PROGRAMS.**—The Commission shall encourage the preparation and execution of areawide action programs that specify interrelated projects and schedules of actions, the necessary agency funding, and other commitments to implement the programs. The programs shall make appropriate use of existing plans affecting the area.

(c) **LOCAL DEVELOPMENT DISTRICTS.**—Local development districts certified by the State as described in section 14102(a)(2) of this title provide the linkage between state and substate planning and development. The districts shall assist the States in the coordination of areawide programs and projects and may prepare and adopt areawide plans or action programs. In carrying out the development planning process, including the selection of programs and projects for assistance, States shall consult with local development districts, local units of government, and citizen groups and shall consider the goals, objectives, priorities, and recommendations of those bodies.

(d) **FEDERAL RESPONSIBILITIES.**—To the maximum extent practicable, federal departments, agencies, and instrumentalities undertaking or providing financial assistance for programs or projects in the region shall—

(1) take into account the policies, goals, and objectives the Commission and its member States establish pursuant to this subtitle;

(2) recognize Appalachian state development strategies approved by the Commission as satisfying requirements for overall economic development planning under the programs or projects; and

(3) accept the boundaries and organization of any local development district certified under this subtitle that the Governor may designate as the areawide agency required under any of those programs undertaken or assisted by those federal departments, agencies, and instrumentalities.

§ 14526. Distressed and economically strong counties

(a) **DESIGNATIONS.**—

(1) **IN GENERAL.**—The Appalachian Regional Commission, in accordance with criteria the Commission may establish, each year shall—

(A) designate as “distressed counties” those counties in the Appalachian region that are the most severely and persistently distressed; and

(B) designate two categories of economically strong counties, consisting of—

PUBLIC LAW 107-217—AUG. 21, 2002

(i) “competitive counties”, which shall be those counties in the region that are approaching economic parity with the rest of the United States; and

(ii) “attainment counties”, which shall be those counties in the region that have attained or exceeded economic parity with the rest of the United States.

(2) ANNUAL REVIEW OF DESIGNATIONS.—The Commission shall—

(A) conduct an annual review of each designation of a county under paragraph (1) to determine if the county still meets the criteria for the designation; and

(B) renew the designation for another one-year period only if the county still meets the criteria.

(b) DISTRESSED COUNTIES.—In program and project development and implementation and in the allocation of appropriations made available to carry out this subtitle, the Commission shall give special consideration to the needs of counties for which a distressed county designation is in effect under this section.

(c) ECONOMICALLY STRONG COUNTIES.—

(1) COMPETITIVE COUNTIES.—Except as provided in paragraphs (3) and (4), assistance under this subtitle for a project that is carried out in a county for which a competitive county designation is in effect under this section shall not be more than 30 percent of the project cost.

(2) ATTAINMENT COUNTIES.—Except as provided in paragraphs (3) and (4), amounts may not be provided under this subtitle for a project that is carried out in a county for which an attainment county designation is in effect under this section.

(3) EXCEPTIONS.—Paragraphs (1) and (2) do not apply to—

(A) a project on the Appalachian development highway system authorized by section 14501 of this title;

(B) a local development district administrative project assisted under section 14321(a)(1)(A) of this title; or

(C) a multicounty project that is carried out in at least two counties designated under this section if—

(i) at least one of the participating counties is designated as a distressed county under this section; and

(ii) the project will be of substantial direct benefit to at least one distressed county.

(4) WAIVER.—

(A) IN GENERAL.—The Commission may waive the requirements of paragraphs (1) and (2) for a project when the recipient of assistance for the project shows the existence of any of the following:

(i) a significant pocket of distress in the part of the county in which the project is carried out.

(ii) a significant potential benefit from the project in at least one area of the region outside the designated county.

(B) REPORTS TO CONGRESS.—The Commission shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives an annual report describing each waiver granted under subparagraph (A) during the period covered by the report.

(2) the transfer is in the public interest;

(3) the person to whom the transfer is made is prepared and qualified to provide the communication service involved in the transfer without interruption; and

(4) the long-lines communication facilities will not directly or indirectly be owned, operated, or controlled by a person that would legally be disqualified from holding a radio station license by section 310(a) of the Communications Act of 1934 (47 U.S.C. 310(a)).

§ 17704. Contents of agreements for transfer

An agreement by which a transfer is made under this chapter shall provide that—

(1) subject to regulations of the Federal Communications Commission and of any body or commission established by Alaska to govern and regulate communications services to the public and all applicable statutes, treaties, and conventions, the person to whom the transfer is made shall provide the communication services involved in the transfer without interruption, except those services reserved by the Federal Government in the transfer;

(2) the rates and charges for those services applicable at the time of transfer shall not be changed for a period of one year from the date of the transfer unless approved by a governmental body or commission having jurisdiction; and

(3) the transfer will not be final until the transferee receives the requisite license and certificate of convenience and necessity to operate interstate and intrastate commercial communications in Alaska from the appropriate governmental regulatory bodies.

CHAPTER 179—ALASKA FEDERAL-CIVILIAN ENERGY EFFICIENCY SWAP

Sec.

17901. Definitions.

17902. Sale of electric energy.

17903. Purchase of electric power.

17904. Implementation powers and limitations.

§ 17901. Definitions

In this chapter, the following definitions apply:

(1) **FEDERAL AGENCY.**—The term “federal agency” means a department, agency, or instrumentality of the Federal Government.

(2) **FEDERALLY GENERATED ELECTRIC ENERGY.**—The term “federally generated electric energy” means any electric power generated by an electric generating facility owned and operated by a federal agency.

(3) **NON-FEDERAL PERSON.**—The term “non-federal person” means a corporation, cooperative, municipality, or other non-federal entity that generates electric energy through a facility other than a federally owned electric generating facility.

§ 17902. Sale of electric energy

(a) **IN GENERAL.**—To conserve oil and natural gas and better utilize coal, the head of a federal agency may sell, or enter into a contract to sell, to any non-federal person electric energy generated by coal-fired electric generating facilities of that agency in Alaska without regard to any provision of law that precludes the sale when the electric energy to be sold is available from other local sources, if the head of the federal agency determines that—

(1) the electric energy to be sold is generated by an existing coal-fired generating facility;

(2) the electric energy to be sold is surplus to the federal agency’s needs and is in excess of the electric energy specifically generated for consumption by, or necessary to serve the requirements of, another federal agency;

(3) the cost to the ultimate consumers of the electric energy to be sold is less than the cost that, in the absence of the sale, would be incurred by those consumers for the purchase of an equivalent amount of energy; and

(4) the sale will reduce the total consumption of oil or natural gas by the non-federal person purchasing the electric energy below the level of consumption that would occur in the absence of the sale.

(b) **PRICING POLICIES.**—Federally generated electric energy sold by the head of a federal agency under subsection (a) shall be priced to recover the fuel and variable operation and maintenance costs of the facility generating the energy that are attributable to that sale, plus an amount equal to one-half the difference between—

(1) the costs of producing the electric energy by coal generation; and

(2) the costs of producing electric energy by the oil or gas generation being displaced.

PUBLIC LAW 107-217—AUG. 21, 2002

§ 17903. Purchase of electric power

For purposes of economy, efficiency, and conserving oil and natural gas, the head of a federal agency, when practicable and consistent with other laws and requirements applicable to that agency, shall endeavor to purchase electric energy from a non-federal person for consumption in Alaska by a facility of that agency when (taking into account the remaining useful life of any facility available to that agency to generate electric energy for that agency and the cost of maintaining the facility on a standby basis) the purchase will result in—

- (1) a savings to other consumers of electric energy sold by that non-federal person without increasing the cost incurred by any federal agency for electric energy; or
- (2) a cost savings to the federal agency purchasing the electric energy without increasing costs to other consumers of electric energy.

§ 17904. Implementation powers and limitations

(a) ACCOMMODATION OF NEEDS FOR ELECTRIC ENERGY.—This chapter does not require or authorize a federal agency to construct a new electric generating facility or related facility, to modify an existing facility, or to employ reserve or standby equipment to accommodate the needs of a non-federal person for electric energy.

(b) AVAILABILITY OF REVENUE FROM SALES.—Revenue received by a federal agency pursuant to section 17902 of this title from the sale of electric energy generated from a facility of that agency is available to the agency without fiscal year limitation to purchase fuel and for operation, maintenance, and other costs associated with that facility.

(c) EXERCISE OF AUTHORITIES.—The authority under this chapter shall be exercised for those periods and pursuant to terms and conditions that the head of the federal agency concerned decides are necessary consistent with—

- (1) this chapter; and
- (2) responsibilities of the head of the federal agency under other law.

(d) NEGOTIATION AND EXECUTION OF CONTRACTS AND OTHER AGREEMENTS.—A contract or other agreement executed under this chapter shall be negotiated and executed by the head of the federal agency selling or purchasing electric energy under this chapter.

CHAPTER 183—NATIONAL CAPITAL AREA INTEREST ARBITRATION STANDARDS

Sec.	
18301.	Findings and purposes.
18302.	Definitions.
18303.	Standards for arbitrators.
18304.	Procedures for enforcement of awards.

§ 18301. Findings and purposes

(a) **FINDINGS.**—Congress finds that—

(1) affordable public transportation is essential to the economic vitality of the national capital area and is an essential component of regional efforts to improve air quality to meet environmental requirements and to improve the health of both residents of and visitors to the national capital area as well as to preserve the beauty and dignity of the Nation's capital;

(2) use of mass transit by both residents of and visitors to the national capital area is substantially affected by the prices charged for mass transit services, prices that are substantially affected by labor costs, since more than two-thirds of operating costs are attributable to labor costs;

(3) labor costs incurred in providing mass transit in the national capital area have increased at an alarming rate and

PUBLIC LAW 107-217—AUG. 21, 2002

wages and benefits of operators and mechanics currently are among the highest in the Nation;

(4) higher operating costs incurred for public transit in the national capital area cannot be offset by increasing costs to patrons, since this often discourages ridership and thus undermines the public interest in promoting the use of public transit;

(5) spiraling labor costs cannot be offset by the governmental entities that are responsible for subsidy payments for public transit services since local governments generally, and the District of Columbia government in particular, are operating under severe fiscal constraints;

(6) imposition of mandatory standards applicable to arbitrators resolving arbitration disputes involving interstate compact agencies operating in the national capital area will ensure that wage increases are justified and do not exceed the ability of transit patrons and taxpayers to fund the increase; and

(7) federal legislation is necessary under section 8 of Article I of the United States Constitution to balance the need to moderate and lower labor costs while maintaining industrial peace.

(b) PURPOSE.—The purpose of this chapter is to adopt standards governing arbitration that must be applied by arbitrators resolving disputes involving interstate compact agencies operating in the national capital area in order to lower operating costs for public transportation in the Washington metropolitan area.

§ 18302. Definitions

In this chapter, the following definitions apply:

(1) ARBITRATION.—The term “arbitration”—

(A) means the arbitration of disputes, regarding the terms and conditions of employment, that is required under an interstate compact governing an interstate compact agency operating in the national capital area; but

(B) does not include the interpretation and application of rights arising from an existing collective bargaining agreement.

(2) ARBITRATOR.—The term “arbitrator” refers to either a single arbitrator, or a board of arbitrators, chosen under applicable procedures.

(3) INTERSTATE COMPACT AGENCY OPERATING IN THE NATIONAL CAPITAL AREA.—The term “interstate compact agency operating in the national capital area” means any interstate compact agency that provides public transit services and that was established by an interstate compact to which the District of Columbia is a signatory.

§ 18303. Standards for arbitrators

(a) DEFINITION.—In this section, the term “public welfare” includes, with respect to arbitration under an interstate compact—

(1) the financial ability of the individual jurisdictions participating in the compact to pay for the costs of providing public transit services; and

(2) the average per capita tax burden, during the term of the collective bargaining agreement to which the arbitration relates, of the residents of the Washington metropolitan area, and the effect of an arbitration award rendered under that arbitration on the respective income or property tax rates of the jurisdictions that provide subsidy payments to the interstate compact agency established under the compact.

(b) FACTORS IN MAKING ARBITRATION AWARD.—An arbitrator rendering an arbitration award involving the employees of an interstate compact agency operating in the national capital area may not make a finding or a decision for inclusion in a collective bargaining agreement governing conditions of employment without considering the following factors:

PUBLIC LAW 107-217—AUG. 21, 2002

(1) The existing terms and conditions of employment of the employees in the bargaining unit.

(2) All available financial resources of the interstate compact agency.

(3) The annual increase or decrease in consumer prices for goods and services as reflected in the most recent consumer price index for the Washington metropolitan area, published by the Bureau of Labor Statistics.

(4) The wages, benefits, and terms and conditions of the employment of other employees who perform, in other jurisdictions in the Washington standard metropolitan statistical area, services similar to those in the bargaining unit.

(5) The special nature of the work performed by the employees in the bargaining unit, including any hazards or the relative ease of employment, physical requirements, educational qualifications, job training and skills, shift assignments, and the demands placed upon the employees as compared to other employees of the interstate compact agency.

(6) The interests and welfare of the employees in the bargaining unit, including—

(A) the overall compensation presently received by the employees, having regard not only for wage rates but also for wages for time not worked, including vacations, holidays, and other excused absences;

(B) all benefits received by the employees, including previous bonuses, insurance, and pensions; and

(C) the continuity and stability of employment.

(7) The public welfare.

(c) **ABILITY TO FINANCE SALARIES AND BENEFITS PROVIDED IN AWARD.**—An arbitrator rendering an arbitration award involving the employees of an interstate compact agency operating in the national capital area may not, with respect to a collective bargaining agreement governing conditions of employment, provide for salaries and other benefits that exceed the ability of the interstate compact agency, or of any governmental jurisdiction that provides subsidy payments or budgetary assistance to the interstate compact agency, to obtain the necessary financial resources to pay for wage and benefit increases for employees of the interstate compact agency.

(d) **REQUIREMENTS FOR FINAL AWARD.**—

(1) **WRITTEN AWARD.**—In resolving a dispute submitted to arbitration involving the employees of an interstate compact agency operating in the national capital area, the arbitrator shall issue a written award that demonstrates that all the factors set forth in subsections (b) and (c) have been considered and applied.

(2) **PREREQUISITES.**—An award may grant an increase in pay rates or benefits (including insurance and pension benefits), or reduce hours of work, only if the arbitrator concludes that any costs to the agency do not adversely affect the public welfare.

(3) **SUBSTANTIAL EVIDENCE.**—The arbitrator's conclusion regarding the public welfare must be supported by substantial evidence.

§ 18304. Procedures for enforcement of awards

(a) **MODIFICATIONS AND FINALITY OF AWARD.**—Within 10 days after the parties receive an arbitration award to which section 18303 of this title applies, the interstate compact agency and the employees, through their representative, may agree in writing on any modifications to the award. After the end of that 10-day period, the award, and any modifications, become binding on the interstate compact agency, the employees in the bargaining unit, and the employees' representative.

PUBLIC LAW 107-217—AUG. 21, 2002

(b) IMPLEMENTATION.—Each party to an award that becomes binding under subsection (a) shall take all actions necessary to implement the award.

(c) JUDICIAL REVIEW.—Within 60 days after an award becomes binding under subsection (a), the interstate compact agency or the exclusive representative of the employees concerned may bring a civil action in a court that has jurisdiction over the interstate compact agency for review of the award. The court shall review the award on the record, and shall vacate the award or any part of the award, after notice and a hearing, if—

- (1) the award is in violation of applicable law;
- (2) the arbitrator exceeded the arbitrator's powers;
- (3) the decision by the arbitrator is arbitrary or capricious;
- (4) the arbitrator conducted the hearing contrary to the provisions of this chapter or other laws or rules that apply to the arbitration so as to substantially prejudice the rights of a party;
- (5) there was partiality or misconduct by the arbitrator prejudicing the rights of a party;
- (6) the award was procured by corruption, fraud, or bias on the part of the arbitrator; or
- (7) the arbitrator did not comply with the provisions of section 18303 of this title.

SEC. 2. FINDINGS AND PURPOSES.

44 USC 3601
note.

(a) FINDINGS.—Congress finds the following:

(1) The use of computers and the Internet is rapidly transforming societal interactions and the relationships among citizens, private businesses, and the Government.

(2) The Federal Government has had uneven success in applying advances in information technology to enhance governmental functions and services, achieve more efficient performance, increase access to Government information, and increase citizen participation in Government.

(3) Most Internet-based services of the Federal Government are developed and presented separately, according to the jurisdictional boundaries of an individual department or agency, rather than being integrated cooperatively according to function or topic.

(4) Internet-based Government services involving interagency cooperation are especially difficult to develop and promote, in part because of a lack of sufficient funding mechanisms to support such interagency cooperation.

(5) Electronic Government has its impact through improved Government performance and outcomes within and across agencies.

(6) Electronic Government is a critical element in the management of Government, to be implemented as part of a management framework that also addresses finance, procurement, human capital, and other challenges to improve the performance of Government.

(7) To take full advantage of the improved Government performance that can be achieved through the use of Internet-based technology requires strong leadership, better organization, improved interagency collaboration, and more focused oversight of agency compliance with statutes related to information resource management.

(b) PURPOSES.—The purposes of this Act are the following:

(1) To provide effective leadership of Federal Government efforts to develop and promote electronic Government services and processes by establishing an Administrator of a new Office of Electronic Government within the Office of Management and Budget.

(2) To promote use of the Internet and other information technologies to provide increased opportunities for citizen participation in Government.

(3) To promote interagency collaboration in providing electronic Government services, where this collaboration would improve the service to citizens by integrating related functions, and in the use of internal electronic Government processes, where this collaboration would improve the efficiency and effectiveness of the processes.

(4) To improve the ability of the Government to achieve agency missions and program performance goals.

(5) To promote the use of the Internet and emerging technologies within and across Government agencies to provide citizen-centric Government information and services.

(6) To reduce costs and burdens for businesses and other Government entities.

PUBLIC LAW 107-347—DEC. 17 2002

(7) To promote better informed decisionmaking by policy makers.

(8) To promote access to high quality Government information and services across multiple channels.

(9) To make the Federal Government more transparent and accountable.

(10) To transform agency operations by utilizing, where appropriate, best practices from public and private sector organizations.

(11) To provide enhanced access to Government information and services in a manner consistent with laws regarding protection of personal privacy, national security, records retention, access for persons with disabilities, and other relevant laws.

Subtitle A—Confidential Information Protection

44 USC 3501
note.

SEC. 511. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds the following:

(1) Individuals, businesses, and other organizations have varying degrees of legal protection when providing information to the agencies for strictly statistical purposes.

(2) Pledges of confidentiality by agencies provide assurances to the public that information about individuals or organizations or provided by individuals or organizations for exclusively statistical purposes will be held in confidence and will not be used against such individuals or organizations in any agency action.

(3) Protecting the confidentiality interests of individuals or organizations who provide information under a pledge of confidentiality for Federal statistical programs serves both the interests of the public and the needs of society.

(4) Declining trust of the public in the protection of information provided under a pledge of confidentiality to the agencies adversely affects both the accuracy and completeness of statistical analyses.

(5) Ensuring that information provided under a pledge of confidentiality for statistical purposes receives protection is essential in continuing public cooperation in statistical programs.

(b) PURPOSES.—The purposes of this subtitle are the following:

(1) To ensure that information supplied by individuals or organizations to an agency for statistical purposes under a pledge of confidentiality is used exclusively for statistical purposes.

(2) To ensure that individuals or organizations who supply information under a pledge of confidentiality to agencies for statistical purposes will neither have that information disclosed in identifiable form to anyone not authorized by this title nor have that information used for any purpose other than a statistical purpose.

(3) To safeguard the confidentiality of individually identifiable information acquired under a pledge of confidentiality for statistical purposes by controlling access to, and uses made of, such information.

44 USC 3501
note.

SEC. 512. LIMITATIONS ON USE AND DISCLOSURE OF DATA AND INFORMATION.

(a) USE OF STATISTICAL DATA OR INFORMATION.—Data or information acquired by an agency under a pledge of confidentiality and for exclusively statistical purposes shall be used by officers, employees, or agents of the agency exclusively for statistical purposes.

(b) DISCLOSURE OF STATISTICAL DATA OR INFORMATION.—

PUBLIC LAW 107-347—DEC. 17 2002

(1) Data or information acquired by an agency under a pledge of confidentiality for exclusively statistical purposes shall not be disclosed by an agency in identifiable form, for any use other than an exclusively statistical purpose, except with the informed consent of the respondent.

(2) A disclosure pursuant to paragraph (1) is authorized only when the head of the agency approves such disclosure and the disclosure is not prohibited by any other law.

(3) This section does not restrict or diminish any confidentiality protections in law that otherwise apply to data or information acquired by an agency under a pledge of confidentiality for exclusively statistical purposes.

(c) **RULE FOR USE OF DATA OR INFORMATION FOR NONSTATISTICAL PURPOSES.**—A statistical agency or unit shall clearly distinguish any data or information it collects for nonstatistical purposes (as authorized by law) and provide notice to the public, before the data or information is collected, that the data or information could be used for nonstatistical purposes.

(d) **DESIGNATION OF AGENTS.**—A statistical agency or unit may designate agents, by contract or by entering into a special agreement containing the provisions required under section 502(2) for treatment as an agent under that section, who may perform exclusively statistical activities, subject to the limitations and penalties described in this title.

Subtitle B—Statistical Efficiency

SEC. 521. FINDINGS AND PURPOSES.44 USC 3501
note.

(a) **FINDINGS.**—The Congress finds the following:

(1) Federal statistics are an important source of information for public and private decision-makers such as policymakers, consumers, businesses, investors, and workers.

(2) Federal statistical agencies should continuously seek to improve their efficiency. Statutory constraints limit the ability of these agencies to share data and thus to achieve higher efficiency for Federal statistical programs.

(3) The quality of Federal statistics depends on the willingness of businesses to respond to statistical surveys. Reducing reporting burdens will increase response rates, and therefore lead to more accurate characterizations of the economy.

(4) Enhanced sharing of business data among the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics for exclusively statistical purposes will improve their ability to track more accurately the large and rapidly changing nature of United States business. In particular, the statistical agencies will be able to better ensure that businesses are consistently classified in appropriate industries, resolve data anomalies, produce statistical samples that are consistently adjusted for the entry and exit of new businesses in a timely manner, and correct faulty reporting errors quickly and efficiently.

PUBLIC LAW 107-347—DEC. 17 2002

(5) The Congress enacted the International Investment and Trade in Services Act of 1990 that allowed the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics to share data on foreign-owned companies. The Act not only expanded detailed industry coverage from 135 industries to over 800 industries with no increase in the data collected from respondents but also demonstrated how data sharing can result in the creation of valuable data products.

(6) With subtitle A of this title, the sharing of business data among the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics continues to ensure the highest level of confidentiality for respondents to statistical surveys.

(b) PURPOSES.—The purposes of this subtitle are the following:

(1) To authorize the sharing of business data among the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics for exclusively statistical purposes.

(2) To reduce the paperwork burdens imposed on businesses that provide requested information to the Federal Government.

(3) To improve the comparability and accuracy of Federal economic statistics by allowing the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics to update sample frames, develop consistent classifications of establishments and companies into industries, improve coverage, and reconcile significant differences in data produced by the three agencies.

(4) To increase understanding of the United States economy, especially for key industry and regional statistics, to develop more accurate measures of the impact of technology on productivity growth, and to enhance the reliability of the Nation's most important economic indicators, such as the National Income and Product Accounts.

44 USC 3501
note.

(D) establishing a system of records that identifies individuals accessing confidential data and the project for which the data were required; and

(E) being prepared to document their compliance with safeguard principles to other agencies authorized by law to monitor such compliance.

(1) to the unlawful provision of the business data that would apply to the officers, employees, and agents of the agency that originally obtained the information; and

(2) to the unlawful disclosure of the business data that would apply to officers, employees, and agents of the agency that originally obtained the information.

(d) **NOTICE.**—Whenever a written agreement concerns data that respondents were required by law to report and the respondents were not informed that the data could be shared among the Designated Statistical Agencies, for exclusively statistical purposes, the terms of such agreement shall be described in a public notice issued by the agency that intends to provide the data. Such notice shall allow a minimum of 60 days for public comment.

SEC. 525. LIMITATIONS ON USE OF BUSINESS DATA PROVIDED BY DESIGNATED STATISTICAL AGENCIES.

44 USC 3501

(b) **PUBLICATION.**—Publication of business data acquired by a Designated Statistical Agency shall occur in a manner whereby the data furnished by any particular respondent are not in identifiable form.

“(1) that sufficient health care items and services are available to meet the needs of individuals in such area enrolled in the programs under titles XVIII, XIX, and XXI; and

“(2) that health care providers (as defined in subsection (g)(2)) that furnish such items and services in good faith, but that are unable to comply with one or more requirements described in subsection (b), may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse.

“(b) SECRETARIAL AUTHORITY.—To the extent necessary to accomplish the purpose specified in subsection (a), the Secretary is authorized, subject to the provisions of this section, to temporarily waive or modify the application of, with respect to health care items and services furnished by a health care provider (or classes of health care providers) in any emergency area (or portion of such an area) during any portion of an emergency period, the requirements of titles XVIII, XIX, or XXI, or any regulation thereunder (and the requirements of this title other than this section, and regulations thereunder, insofar as they relate to such titles), pertaining to—

Community
Access to
Emergency
Defibrillation Act
of 2002,
42 USC 201 note,
42 USC 244 note.

PUBLIC LAW 107-188—JUNE 12, 2002

(1) Over 220,000 Americans die each year from cardiac arrest. Every 2 minutes, an individual goes into cardiac arrest in the United States.

(2) The chance of successfully returning to a normal heart rhythm diminishes by 10 percent each minute following sudden cardiac arrest.

(3) Eighty percent of cardiac arrests are caused by ventricular fibrillation, for which defibrillation is the only effective treatment.

(4) Sixty percent of all cardiac arrests occur outside the hospital. The average national survival rate for out-of-hospital cardiac arrest is only 5 percent.

(5) Communities that have established and implemented public access defibrillation programs have achieved average survival rates for out-of-hospital cardiac arrest as high as 50 percent.

(6) According to the American Heart Association, wide use of defibrillators could save as many as 50,000 lives nationally each year.

(7) Successful public access defibrillation programs ensure that cardiac arrest victims have access to early 911 notification, early cardiopulmonary resuscitation, early defibrillation, and early advanced care.

(c) PUBLIC ACCESS DEFIBRILLATION PROGRAMS AND PROJECTS.—Part B of title III of the Public Health Service Act (42 U.S.C. 243 et seq.), as amended by Public Law 106-310, is amended by adding after section 311 the following:

42 USC 244.

tion, premarket report, or premarket notification submission if the proposed conditions of use for the device involved are solely for a pediatric population. No fee shall be required under such subparagraph for a supplement if the sole purpose of the supplement is to propose conditions of use for a pediatric population.

“(II) SUBSEQUENT PROPOSAL OF ADULT CONDITIONS OF USE.—In the case of a person who submits a premarket application or premarket report for which, under subclause (I), a fee under subparagraph (A) is not required, any supplement to such application that proposes conditions of use for any adult population is subject to the fee that applies under such subparagraph for a premarket application.

“(C) PAYMENT.—The fee required by subparagraph (A) shall be due upon submission of the premarket application, premarket report, supplement, or premarket notification submission except that invoices for applications submitted between October 1, 2002, and the date of the enactment of the Medical Device User Fee and Modernization Act of 2002 shall be payable on October 30, 2002. Applicants submitting portions of applications pursuant to section 515(c)(3) shall pay such fees upon submission of the first portion of such applications. The fees credited to fiscal year 2003 under this section shall include all fees payable from October 1, 2002, through September 30, 2003.

“(D) REFUNDS.—

“(i) APPLICATION REFUSED FOR FILING.—The Secretary shall refund 75 percent of the fee paid under subparagraph (A) for any application or supplement that is refused for filing.

“(ii) APPLICATION WITHDRAWN BEFORE FILING.—The Secretary shall refund 75 percent of the fee paid under subparagraph (A) for any application or supplement that is withdrawn prior to the filing decision of the Secretary.

“(iii) APPLICATION WITHDRAWN BEFORE FIRST ACTION.—After receipt of a request for a refund of the fee paid under subparagraph (A) for a premarket application, premarket report, or supplement that is withdrawn after filing but before a first action, the Secretary may return some or all of the fee. The amount of refund, if any, shall be based on the level of effort already expended on the review of such application, report, or supplement. The Secretary shall have sole discretion to refund a fee or portion of the fee under this subparagraph. A determination by the Secretary concerning a refund under this paragraph shall not be reviewable.

“(b) FEE REVENUE AMOUNTS.—Except as provided in subsections (c), (d), (e), (g), and (h), the fees under subsection (a) shall be established to generate the following revenue amounts: \$25,125,000 in fiscal year 2003; \$27,255,000 in fiscal year 2004; \$29,785,000 in fiscal year 2005; \$32,615,000 in fiscal year 2006, and \$35,000,000 in fiscal year 2007. If legislation is enacted after the date of the enactment of the Medical Device User Fee and Modernization Act of 2002 requiring the Secretary to fund additional costs of the retirement of Federal personnel, fee revenue amounts under this subsection shall be increased in each year by the amount necessary to fully fund the portion of such additional costs that are attributable to the process for the review of device applications.

“(c) ADJUSTMENTS.—

PUBLIC LAW 107-250—OCT. 26, 2002

“(1) INFLATION ADJUSTMENT.—The revenues established in subsection (b) shall be adjusted by the Secretary by notice, published in the Federal Register, for a fiscal year to reflect the greater of—

publication.

“(A) the total percentage change that occurred in the Consumer Price Index for all urban consumers (all items; U.S. city average) for the 12 month period ending June 30 preceding the fiscal year for which fees are being established, or

“(B) the total percentage change for the previous fiscal year in basic pay under the General Schedule in accordance with section 5332 of title 5, United States Code, as adjusted by any locality-based comparability payment pursuant to section 5304 of such title for Federal employees stationed in the District of Columbia.

The adjustment made each fiscal year by this subsection shall be added on a compounded basis to the sum of all adjustments made each fiscal year after fiscal year 2003 under this subsection.

“(2) WORKLOAD ADJUSTMENT.—After the fee revenues established in subsection (b) are adjusted for a fiscal year for inflation in accordance with paragraph (1), the fee revenues shall, beginning with fiscal year 2004, be adjusted further each fiscal year to reflect changes in the workload of the Secretary for the process for the review of device applications. With respect to such adjustment:

“(A) The adjustment shall be determined by the Secretary based on a weighted average of the change in the total number of premarket applications, investigational new device applications, premarket reports, supplements, and premarket notification submissions submitted to the Secretary. The Secretary shall publish in the Federal Register the fee revenues and fees resulting from the adjustment and the supporting methodologies.

Federal Register,
publication.

“(B) Under no circumstances shall the adjustment result in fee revenues for a fiscal year that are less than the fee revenues for the fiscal year established in subsection (b), as adjusted for inflation under paragraph (1).

“(3) COMPENSATING ADJUSTMENT.—After the fee revenues established in subsection (b) are adjusted for a fiscal year for inflation in accordance with paragraph (1), and for workload in accordance with paragraph (2), the fee revenues shall, beginning with fiscal year 2004, be adjusted further each fiscal year, if necessary, to reflect the cumulative amount by which collections for previous fiscal years, beginning with fiscal year 2003, fell below the cumulative revenue amounts for such fiscal years specified in subsection (b), adjusted for such fiscal years for inflation in accordance with paragraph (1), and for workload in accordance with paragraph (2).

“(4) FINAL YEAR ADJUSTMENT.—For fiscal year 2007, the Secretary may, in addition to adjustments under paragraphs (1) and (2), further increase the fees and fee revenues established in subsection (b) if such adjustment is necessary to provide for not more than three months of operating reserves of carryover user fees for the process for the review of device applications for the first three months of fiscal year 2008. If such an adjustment is necessary, the rationale for the amount of the increase shall be contained in the annual notice establishing fee revenues and fees for fiscal year 2007. If the Secretary has carryover user fee balances for such process in excess of three months of such operating reserves, the adjustment under this paragraph shall not be made.

“(5) ANNUAL FEE SETTING.—The Secretary shall, 60 days before the start of each fiscal year after September 30, 2002, establish, for the next fiscal year, and publish in the Federal

Register, fees under subsection (a), based on the revenue amounts established under subsection (b) and the adjustment provided under this subsection and subsection (e)(2)(C)(ii), except that the fees established for fiscal year 2003 shall be based on a premarket application fee of \$154,000.

“(6) LIMIT.—The total amount of fees charged, as adjusted under this subsection, for a fiscal year may not exceed the total costs for such fiscal year for the resources allocated for the process for the review of device applications.

“(d) SMALL BUSINESSES; FEE WAIVER AND FEE REDUCTION REGARDING PREMARKET APPROVAL FEES.—

“(1) IN GENERAL.—The Secretary shall grant a waiver of the fee required under subsection (a) for one premarket application, or one premarket report, where the Secretary finds that the applicant involved is a small business submitting its first premarket application to the Secretary, or its first premarket report, respectively, for review. In addition, for subsequent premarket applications, premarket reports, and supplements where the Secretary finds that the applicant involved is a small business, the fees specified in clauses (i) through (vi) of subsection (a)(1)(A) may be paid at a reduced rate in accordance with paragraph (2)(C).

“(2) RULES RELATING TO PREMARKET APPROVAL FEES.—

“(A) DEFINITION.—

“(i) IN GENERAL.—For purposes of this subsection, the term ‘small business’ means an entity that reported \$30,000,000 or less of gross receipts or sales in its most recent Federal income tax return for a taxable year, including such returns of all of its affiliates, partners, and parent firms.

“(ii) ADJUSTMENT.—The Secretary may adjust the \$30,000,000 threshold established in clause (i) if the Secretary has evidence from actual experience that this threshold results in a reduction in revenues from premarket applications, premarket reports, and supplements that is 16 percent or more than would occur without small business exemptions and lower fee rates. To adjust this threshold, the Secretary shall publish a notice in the Federal Register setting out the rationale for the adjustment, and the new threshold.

“(B) EVIDENCE OF QUALIFICATION.—An applicant shall pay the higher fees established by the Secretary each year unless the applicant submits evidence that it qualifies for a waiver of the fee or the lower fee rate. The applicant shall support its claim that it meets the definition under subparagraph (A) by submission of a copy of its most recent Federal income tax return for a taxable year, and a copy of such returns of its affiliates, partners, and parent firms, which show an amount of gross sales or receipts that is less than the maximum established in subparagraph (A). The applicant, and each of such affiliates, partners, and parent firms, shall certify that the information provided is a true and accurate copy of the actual tax forms they submitted to the Internal Revenue Service. If no tax forms are submitted for affiliates, partners, or parent firms, the applicant shall certify that the applicant has no affiliates, partners, or parent firms, respectively.

“(C) REDUCED FEES.—Where the Secretary finds that the applicant involved meets the definition under subparagraph (A), the fees established under subsection (c)(5) may be paid at a reduced rate of 38 percent of the fee established under such subsection for a premarket application, a premarket report, or a supplement.

“(D) REQUEST FOR FEE WAIVER OR REDUCTION.—An applicant seeking a fee waiver or reduction under this

PUBLIC LAW 107-250—OCT. 26, 2002

subsection shall submit supporting information to the Secretary at least 60 days before the fee is required pursuant to subsection (a). The decision of the Secretary regarding whether an entity qualifies for such a waiver or reduction is not reviewable.

“(e) SMALL BUSINESSES; FEE REDUCTION REGARDING PRE-MARKET NOTIFICATION SUBMISSIONS.—

“(1) IN GENERAL.—Where the Secretary finds that the applicant involved is a small business, the fee specified in subsection (a)(1)(A)(vii) may be paid at a reduced rate in accordance with paragraph (2)(C).

“(2) RULES RELATING TO PREMARKET NOTIFICATION SUBMISSIONS.—

“(A) DEFINITION.—For purposes of this subsection, the term ‘small business’ means an entity that reported \$30,000,000 or less of gross receipts or sales in its most recent Federal income tax return for a taxable year, including such returns of all of its affiliates, partners, and parent firms.

“(B) EVIDENCE OF QUALIFICATION.—An applicant shall pay the higher fees established by the Secretary each year unless the applicant submits evidence that it qualifies for the lower fee rate. The applicant shall support its claim that it meets the definition under subparagraph (A) by submission of a copy of its most recent Federal income tax return for a taxable year, and a copy of such returns of its affiliates, partners, and parent firms, which show an amount of gross sales or receipts that is less than the maximum established in subparagraph (A). The applicant, and each of such affiliates, partners, and parent firms, shall certify that the information provided is a true and accurate copy of the actual tax forms they submitted to the Internal Revenue Service. If no tax forms are submitted for affiliates, partners, or parent firms, the applicant shall certify that the applicant has no affiliates, partners, or parent firms, respectively.

“(C) REDUCED FEES.—

“(i) IN GENERAL.—Where the Secretary finds that the applicant involved meets the definition under subparagraph (A), the fee for a premarket notification submission may be paid at 80 percent of the fee that applies under subsection (a)(1)(A)(vii), as adjusted under clause (ii) and as established under subsection (c)(5).

“(ii) ADJUSTMENT PER FEE REVENUE AMOUNT.—For fiscal year 2004 and each subsequent fiscal year, the Secretary, in setting the revenue amount under subsection (c)(5) for premarket notification submissions, shall determine the revenue amount that would apply if all such submissions for the fiscal year involved paid a fee equal to 1.42 percent of the amount that applies under subsection (a)(1)(A)(i) for premarket applications, and shall adjust the fee under subsection (a)(1)(A)(vii) for premarket notification submissions such that the reduced fees collected under clause (i) of this subparagraph, when added to fees for such submissions that are not paid at the reduced rate, will equal such revenue amount for the fiscal year.

“(D) REQUEST FOR REDUCTION.—An applicant seeking a fee reduction under this subsection shall submit supporting information to the Secretary at least 60 days before the fee is required pursuant to subsection (a). The decision of the Secretary regarding whether an entity qualifies for such a reduction is not reviewable.

PUBLIC LAW 107-250—OCT. 26, 2002

“(f) EFFECT OF FAILURE TO PAY FEES.—A premarket application, premarket report, supplement, or premarket notification submission submitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for filing by the Secretary until all fees owed by such person have been paid.

“(g) CONDITIONS.—

“(1) PERFORMANCE GOALS THROUGH FISCAL YEAR 2005; TERMINATION OF PROGRAM AFTER FISCAL YEAR 2005.—With respect to the amount that, under the salaries and expenses account of the Food and Drug Administration, is appropriated for a fiscal year for devices and radiological products:

“(A)(i) For each of the fiscal years 2003 and 2004, the Secretary is expected to meet all of the goals identified for the fiscal year involved in any letter referred to in section 101(3) of the Medical Device User Fee and Modernization Act of 2002 (referred to in this paragraph as ‘performance goals’) if the amount so appropriated for such fiscal year, excluding the amount of fees appropriated for such fiscal year, is equal to or greater than \$205,720,000 multiplied by the adjustment factor applicable to the fiscal year.

“(ii) For each of the fiscal years 2003 and 2004, if the amount so appropriated for the fiscal year involved, excluding the amount of fees appropriated for such fiscal year, is less than the amount that applies under clause (i) for such fiscal year, the following applies:

Reports.

“(II) The Comptroller General of the United States shall submit to the Congress a report describing whether and to what extent the Secretary is meeting the performance goals identified for such fiscal year, and whether the Secretary will be able to meet all performance goals identified for fiscal year 2005. A report under the preceding sentence shall be submitted to the Congress not later than July 1 of the fiscal year with which the report is concerned.

Deadline.

“(B)(i) For fiscal year 2005, the Secretary is expected to meet all of the performance goals identified for the fiscal year if the total of the amounts so appropriated for fiscal years 2003 through 2005, excluding the amount of fees appropriated for such fiscal years, is equal to or greater than the sum of—

“(I) \$205,720,000 multiplied by the adjustment factor applicable to fiscal year 2003;

“(II) \$205,720,000 multiplied by the adjustment factor applicable to fiscal year 2004; and

“(III) \$205,720,000 multiplied by the adjustment factor applicable to fiscal year 2005.

“(ii) For fiscal year 2005, if the total of the amounts so appropriated for fiscal years 2003 through 2005, excluding the amount of fees appropriated for such fiscal years, is less than the sum that applies under clause (i) for fiscal year 2005, the following applies:

“(I) The Secretary is expected to meet such goals to the extent practicable, taking into account the amounts that are available to the Secretary for such purpose, whether from fees under subsection (a) or otherwise.

the performance goals identified for such fiscal year, and whether the Secretary will be able to meet all performance goals identified for fiscal year 2006. The report under the preceding sentence shall be submitted to the Congress not later than July 1, 2005.

Deadline.

“(C) For fiscal year 2006, fees may not be assessed under subsection (a) for the fiscal year, and the Secretary is not expected to meet any performance goals identified for the fiscal year, if the total of the amounts so appropriated for fiscal years 2003 through 2006, excluding the amount of fees appropriated for such fiscal years, is less than the sum of—

“(i) \$205,720,000 multiplied by the adjustment factor applicable to fiscal year 2006; and

“(ii) an amount equal to the sum that applies for purposes of subparagraph (B)(i).

“(D) For fiscal year 2007, fees may not be assessed under subsection (a) for the fiscal year, and the Secretary is not expected to meet any performance goals identified for the fiscal year, if—

“(i) the amount so appropriated for the fiscal year, excluding the amount of fees appropriated for the fiscal year, is less than \$205,720,000 multiplied by the adjustment factor applicable to fiscal year 2007; or

“(ii) pursuant to subparagraph (C), fees were not assessed under subsection (a) for fiscal year 2006.

“(2) AUTHORITY.—If the Secretary does not assess fees under subsection (a) during any portion of a fiscal year because of subparagraph (C) or (D) of paragraph (1) and if at a later date in such fiscal year the Secretary may assess such fees, the Secretary may assess and collect such fees, without any modification in the rate for premarket applications, supplements, premarket reports, and premarket notification submissions, and at any time in such fiscal year, notwithstanding the provisions of subsection (a) relating to the date fees are to be paid.

“(h) CREDITING AND AVAILABILITY OF FEES.—

“(1) IN GENERAL.—Fees authorized under subsection (a) shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriation Acts. Such fees are authorized to be appropriated to remain available until expended. Such sums as may be necessary may be transferred from the Food and Drug Administration salaries and expenses appropriation account without fiscal year limitation to such appropriation account for salaries and expenses with such fiscal year limitation. The sums transferred shall be available solely for the process for the review of device applications.

“(2) COLLECTIONS AND APPROPRIATION ACTS.—

“(A) IN GENERAL.—The fees authorized by this section—

“(i) shall be retained in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation, for such fiscal year, and

“(ii) shall only be collected and available to defray increases in the costs of the resources allocated for the process for the review of device applications (including increases in such costs for an additional number of full-time equivalent positions in the Department of Health and Human Services to be engaged in such process) over such costs, excluding costs paid from fees collected under this section, for fiscal year 2002 multiplied by the adjustment factor.

“(B) COMPLIANCE.—The Secretary shall be considered to have met the requirements of subparagraph (A)(ii) in

PUBLIC LAW 107-250—OCT. 26, 2002

any fiscal year if the costs funded by appropriations and allocated for the process for the review of device applications—

“(i) are not more than 3 percent below the level specified in subparagraph (A)(ii); or

“(ii)(I) are more than 3 percent below the level specified in subparagraph (A)(ii), and fees assessed for a subsequent fiscal year are decreased by the amount in excess of 3 percent by which such costs fell below the level specified in such subparagraph; and

“(II) such costs are not more than 5 percent below the level specified in such subparagraph.

“(3) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for fees under this section—

“(A) \$25,125,000 for fiscal year 2003;

“(E) \$35,000,000 for fiscal year 2007,

as adjusted to reflect adjustments in the total fee revenues made under this section and changes in the total amounts collected by application fees.

“(4) OFFSET.—Any amount of fees collected for a fiscal year under this section that exceeds the amount of fees specified in appropriation Acts for such fiscal year shall be credited to the appropriation account of the Food and Drug Administration as provided in paragraph (1), and shall be subtracted from the amount of fees that would otherwise be authorized to be collected under this section pursuant to appropriation Acts for a subsequent fiscal year.

Deadline.

“(i) COLLECTION OF UNPAID FEES.—In any case where the Secretary does not receive payment of a fee assessed under subsection (a) within 30 days after it is due, such fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31, United States Code.

“(j) WRITTEN REQUESTS FOR REFUNDS.—To qualify for consideration for a refund under subsection (a)(1)(D), a person shall submit to the Secretary a written request for such refund not later than 180 days after such fee is due.

“(5)(A) To ensure that persons accredited under this subsection continue to meet the standards of accreditation, the Secretary shall (i) audit the performance of such persons on a periodic basis through the review of inspection reports and inspections by persons designated by the Secretary to evaluate the compliance status of a device establishment and the performance of accredited persons, and (ii) take such additional measures as the Secretary determines to be appropriate.

“(B) The Secretary may withdraw accreditation of any person accredited under paragraph (2), after providing notice and an opportunity for an informal hearing, when such person is substantially not in compliance with the standards of accreditation, or poses a threat to public health or fails to act in a manner that is consistent with the purposes of this subsection. The Secretary may suspend the accreditation of such person during the pendency of the process under the preceding sentence.

“(6)(A) Subject to subparagraphs (B) and (C), a device establishment is eligible for inspections by persons accredited under paragraph (2) if the following conditions are met:

PUBLIC LAW 107-250—OCT. 26, 2002

“(i) The Secretary classified the results of the most recent inspection of the establishment pursuant to subsection (h) or (i) of section 510 as ‘no action indicated’ or ‘voluntary action indicated’.

“(ii) With respect to each inspection to be conducted by an accredited person—

“(I) the owner or operator of the establishment submits to the Secretary a notice requesting clearance to use such a person to conduct the inspection, and the Secretary provides such clearance; and

“(II) such notice identifies the accredited person whom the establishment has selected to conduct the inspection, and the Secretary agrees to the selected accredited person.

“(iii) With respect to the devices that are manufactured, prepared, propagated, compounded, or processed by the establishment, at least one of such devices is marketed in the United States, and the following additional conditions are met:

“(I) At least one of such devices is marketed, or is intended to be marketed, in one or more foreign countries, one of which countries certifies, accredits, or otherwise recognizes the person accredited under paragraph (2) and identified under subclause (II) of this clause.

Deadline.

“(II) The owner or operator of the establishment submits to the Secretary a statement that the law of a country in which such a device is marketed, or is intended to be marketed, recognizes an inspection of the establishment by the Secretary, and not later than 30 days after receiving such statement, the Secretary informs the owner or operator of the establishment that the owner or operator may submit a notice requesting clearance under clause (ii).

“(iv)(I) In the case of an inspection to be conducted pursuant to 510(h), persons accredited under paragraph (2) did not conduct the two immediately preceding inspections of the establishment, except that the establishment may petition the Secretary for a waiver of such condition. Such a waiver may be granted only if the petition states a commercial reason for the waiver; the Secretary determines that the public health would be served by granting the waiver; and the Secretary has conducted an inspection of the establishment during the four-year period preceding the date on which the notice under clause (ii) is submitted to the Secretary. Such a waiver is deemed to be granted only if the petition states a commercial reason for the waiver; the Secretary has not determined that the public health would be served by granting the waiver; and the owner or operator of the device establishment has requested in writing, not later than 18 months following the most recent inspection of such establishment by a person accredited under paragraph (2), that the Secretary inspect the establishment and the Secretary has not conducted an inspection within 30 months after the most recent inspection. With respect to such a waiver that is granted or deemed to be granted, no additional such waiver may be granted until after the Secretary has conducted an inspection of the establishment.

“(II) In the case of an inspection to be conducted pursuant to 510(i), the Secretary periodically conducts inspections of the establishment.

Deadline.

“(B)(i) The Secretary shall respond to a notice under subparagraph (A) from a device establishment not later than 30 days after the Secretary receives the notice. Through such response, the Secretary shall (I) provide clearance under such subparagraph, and agree to the selection of an accredited person, or (II) make a request under clause (ii). If the Secretary fails to respond to the notice within such 30-day period, the establishment is deemed

PUBLIC LAW 107-250—OCT. 26, 2002

to have such clearance, and to have the agreement of the Secretary for such selection.

“(ii) The request referred to in clause (i)(II) is—

“(I) a request to the device establishment involved to submit to the Secretary compliance data in accordance with clause (iii); or

“(II) a request to the establishment, or to the accredited person identified in the notice under subparagraph (A), for information concerning the relationship between the establishment and such accredited person, including information about the number of inspections of the establishment, or other establishments owned or operated by the owner or operator of the establishment, that have been conducted by the accredited person.

The Secretary may make both such requests.

“(iii) The compliance data to be submitted by a device establishment under clause (ii) are data describing whether the quality controls of the establishment have been sufficient for ensuring consistent compliance with current good manufacturing practice within the meaning of section 501(h), and data otherwise describing whether the establishment has consistently been in compliance with sections 501 and 502 and other applicable provisions of this Act. Such data shall include complete reports of inspections regarding good manufacturing practice or other quality control audits that, during the preceding two-year period, were conducted at the establishment by persons other than the owner or operator of the establishment, together with all other compliance data the Secretary deems necessary. Data under the preceding sentence shall demonstrate to the Secretary whether the establishment has facilitated consistent compliance by promptly correcting any compliance problems identified in such inspections.

“(iv) Not later than 60 days after receiving compliance data under clause (iii) from a device establishment, the Secretary shall provide or deny clearance under subparagraph (A). The Secretary may deny clearance if the Secretary determines that the establishment has failed to demonstrate consistent compliance for purposes of clause (iii). The Secretary shall provide to the establishment a statement of such reasons for such determination. If the Secretary fails to provide such statement to the establishment within such 60-day period, the establishment is deemed to have such clearance.

Deadline.

“(v)(I) A request to an accredited person under clause (ii)(II) may not seek any information that is not required to be maintained by such person in records under subsection (f)(1). Not later than 60 days after receiving the information sought by the request, the Secretary shall agree to, or reject, the selection of such person by the device establishment involved. The Secretary may reject the selection if the Secretary provides to the establishment a statement of the reasons for such rejection. Reasons for the rejection may include that the establishment or the accredited person, as the case may be, has failed to fully respond to the request, or that the Secretary has concerns regarding the relationship between the establishment and such accredited person. If within such 60-day period the Secretary fails to agree to or reject the selection in accordance with this subclause, the Secretary is deemed to have agreed to the selection.

“(II) If the Secretary rejects the selection of an accredited person by a device establishment, the establishment may make an additional selection of an accredited person by submitting to the Secretary a notice that identifies the additional selection. Clauses (i) and (ii), and subclause (I) of this clause, apply to the selection of an accredited person through a notice under the preceding sentence in the same manner and to the same extent as such provisions apply to a selection of an accredited person through a notice under subparagraph (A).

PUBLIC LAW 107-250—OCT. 26, 2002

Deadline. “(vi) In the case of a device establishment that under clause (iv) is denied clearance under subparagraph (A), or whose selection of an accredited person is rejected under clause (v), the Secretary shall designate a person to review the findings of the Secretary under such clause if, during the 30-day period beginning on the date on which the establishment receives the findings, the establishment requests the review. The review shall commence not later than 30 days after the establishment requests the review, unless the Secretary and the establishment otherwise agree.

“(C)(i) In the case of a device establishment for which the Secretary classified the results of the most recent inspection of the establishment by a person accredited under paragraph (2) as ‘official action indicated’, the establishment, if otherwise eligible under subparagraph (A), is eligible for further inspections by persons accredited under such paragraph if (I) the Secretary issues a written statement to the owner or operator of the establishment that the violations leading to such classification have been resolved, and (II) the Secretary, either upon the Secretary’s own initiative or a petition of the owner or operator of the establishment, notifies the establishment that it has clearance to use an accredited person for the inspections. The Secretary shall respond to such petition within 30 days after the receipt of the petition.

“(ii) If the Secretary denies a petition under clause (i), the device establishment involved may, after the expiration of one year after such denial, again petition the Secretary for a determination of eligibility for inspection by persons accredited by the Secretary under paragraph (2). If the Secretary denies such petition, the Secretary shall provide the establishment with such reasons for such denial within 60 days after the denial. If, as of the expiration of 48 months after the receipt of the first petition, the establishment has not been inspected by the Secretary in accordance with section 510(h), or has not during such period been inspected pursuant to section 510(i), as applicable, the establishment is eligible for further inspections by accredited persons.

“(7)(A) Persons accredited under paragraph (2) to conduct inspections shall record in writing their inspection observations and shall present the observations to the device establishment’s designated representative and describe each observation. Additionally, such accredited person shall prepare an inspection report (including for inspections classified as ‘no action indicated’) in a form and manner consistent with such reports prepared by employees and officials designated by the Secretary to conduct inspections.

Deadline. “(B) At a minimum, an inspection report under subparagraph (A) shall identify the persons responsible for good manufacturing practice compliance at the inspected device establishment, the dates of the inspection, the scope of the inspection, and shall describe in detail each observation identified by the accredited person, identify other matters that relate to or may influence compliance with this Act, and describe any recommendations during the inspection or at the inspection’s closing meeting.

“(C) An inspection report under subparagraph (A) shall be sent to the Secretary and to the designated representative of the inspected device establishment at the same time, but under no circumstances later than three weeks after the last day of the inspection. The report to the Secretary shall be accompanied by all written inspection observations previously provided to the designated representative of the establishment.

“(D) Any statement or representation made by an employee or agent of a device establishment to a person accredited under paragraph (2) to conduct inspections shall be subject to section 1001 of title 18, United States Code.

“(E) If at any time during an inspection by an accredited person the accredited person discovers a condition that could cause or contribute to an unreasonable risk to the public health, the accredited person shall immediately notify the Secretary of the

PUBLIC LAW 107-250—OCT. 26, 2002

identification of the device establishment subject to inspection and such condition.

“(8) Compensation for an accredited person shall be determined by agreement between the accredited person and the person who engages the services of the accredited person, and shall be paid by the person who engages such services.

“(9) Nothing in this subsection affects the authority of the Secretary to inspect any device establishment pursuant to this Act.

“(10)(A) For fiscal year 2005 and each subsequent fiscal year, no device establishment may be inspected during the fiscal year involved by a person accredited under paragraph (2) if—

“(i) of the amounts appropriated for salaries and expenses of the Food and Drug Administration for the preceding fiscal year (referred to in this subparagraph as the ‘first prior fiscal year’), the amount obligated by the Secretary for inspections of device establishments by the Secretary was less than the adjusted base amount applicable to such first prior fiscal year; and

“(ii) of the amounts appropriated for salaries and expenses of the Food and Drug Administration for the fiscal year preceding the first prior fiscal year (referred to in this subparagraph as the ‘second prior fiscal year’), the amount obligated by the Secretary for inspections of device establishments by the Secretary was less than the adjusted base amount applicable to such second prior fiscal year.

“(B)(i) Subject to clause (ii), the Comptroller General of the United States shall determine the amount that was obligated by the Secretary for fiscal year 2002 for compliance activities of the Food and Drug Administration with respect to devices (referred to in this subparagraph as the ‘compliance budget’), and of such amount, the amount that was obligated for inspections by the Secretary of device establishments (referred to in this subparagraph as the ‘inspection budget’).

“(ii) For purposes of determinations under clause (i), the Comptroller General shall not include in the compliance budget or the inspection budget any amounts obligated for inspections of device establishments conducted as part of the process of reviewing applications under section 515.

“(iii) Not later than March 31, 2003, the Comptroller General shall complete the determinations required in this subparagraph and submit to the Secretary and the Congress a reporting describing the findings made through such determinations.

“(C) For purposes of this paragraph:

“(i) The term ‘base amount’ means the inspection budget determined under subparagraph (B) for fiscal year 2002.

“(ii) The term ‘adjusted base amount’, in the case of applicability to fiscal year 2003, means an amount equal to the base amount increased by 5 percent.

“(iii) The term ‘adjusted base amount’, with respect to applicability to fiscal year 2004 or any subsequent fiscal year, means the adjusted based amount applicable to the preceding year increased by 5 percent.

“(11) The authority provided by this subsection terminates on October 1, 2012.

PUBLIC LAW 107–280—NOV. 6, 2002

Public Law 107–280
107th Congress

An Act

Nov. 6, 2002
[H.R. 4013]

To amend the Public Health Service Act to establish an Office of Rare Diseases at the National Institutes of Health, and for other purposes.

Rare Diseases
Act of 2002.
42 USC 201 note.

*Be it enacted by the Senate and House of Representatives of
the United States of America in Congress assembled,*

SECTION 1. SHORT TITLE.

This Act may be cited as the “Rare Diseases Act of 2002”.

42 USC 283h
note.

SEC. 2. FINDINGS AND PURPOSES.

(a) **FINDINGS.**—Congress makes the following findings:

(1) Rare diseases and disorders are those which affect small patient populations, typically populations smaller than 200,000 individuals in the United States. Such diseases and conditions include Huntington’s disease, amyotrophic lateral sclerosis (Lou Gehrig’s disease), Tourette syndrome, Crohn’s disease, cystic fibrosis, cystinosis, and Duchenne muscular dystrophy.

(2) For many years, the 25,000,000 Americans suffering from the over 6,000 rare diseases and disorders were denied access to effective medicines because prescription drug manufacturers could rarely make a profit from marketing drugs for such small groups of patients. The prescription drug industry did not adequately fund research into such treatments. Despite the urgent health need for these medicines, they came to be known as “orphan drugs” because no companies would commercialize them.

(3) During the 1970s, an organization called the National Organization for Rare Disorders (NORD) was founded to provide services and to lobby on behalf of patients with rare diseases and disorders. NORD was instrumental in pressing Congress for legislation to encourage the development of orphan drugs.

(4) The Orphan Drug Act created financial incentives for the research and production of such orphan drugs. New Federal programs at the National Institutes of Health and the Food and Drug Administration encouraged clinical research and commercial product development for products that target rare diseases. An Orphan Products Board was established to promote the development of drugs and devices for rare diseases or disorders.

(5) Before 1983, some 38 orphan drugs had been developed. Since the enactment of the Orphan Drug Act, more than 220 new orphan drugs have been approved and marketed in the United States and more than 800 additional drugs are in the research pipeline.

(6) Despite the tremendous success of the Orphan Drug Act, rare diseases and disorders deserve greater emphasis in the national biomedical research enterprise. The Office of Rare Diseases at the National Institutes of Health was created in 1993, but lacks a statutory authorization.

(7) The National Institutes of Health has received a substantial increase in research funding from Congress for the purpose of expanding the national investment of the United States in behavioral and biomedical research.

PUBLIC LAW 107-280—NOV. 6, 2002

(8) Notwithstanding such increases, funding for rare diseases and disorders at the National Institutes of Health has not increased appreciably.

(9) To redress this oversight, the Department of Health and Human Services has proposed the establishment of a network of regional centers of excellence for research on rare diseases.

(b) PURPOSES.—The purposes of this Act are to—

(1) amend the Public Health Service Act to establish an Office of Rare Diseases at the National Institutes of Health; and

(2) increase the national investment in the development of diagnostics and treatments for patients with rare diseases and disorders.

SEC. 3. NIH OFFICE OF RARE DISEASES AT NATIONAL INSTITUTES OF HEALTH.

Public Law 107-281
107th Congress

An Act

Nov. 6, 2002
[H.R. 4014]

To amend the Federal Food, Drug, and Cosmetic Act with respect to the development of products for rare diseases.

Rare Diseases
Orphan Product
Development Act
of 2002.
21 USC 301 note.*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,***SECTION 1. SHORT TITLE.**

This Act may be cited as the “Rare Diseases Orphan Product Development Act of 2002”.

21 USC 360ee
note.**SEC. 2. FINDINGS AND PURPOSES.**

(a) FINDINGS.—Congress makes the following findings:

(1) Rare diseases and disorders are those which affect small patient populations, typically populations smaller than 200,000 individuals in the United States. Such diseases and conditions include Huntington’s disease, amyotrophic lateral sclerosis (Lou Gehrig’s disease), Tourette syndrome, Crohn’s disease, cystic fibrosis, cystinosis, and Duchenne muscular dystrophy.

(2) For many years, the 25,000,000 Americans suffering from the over 6,000 rare diseases and disorders were denied access to effective medicines because prescription drug manufacturers could rarely make a profit from marketing drugs for such small groups of patients. The prescription drug industry did not adequately fund research into such treatments. NORD was instrumental in pressing Congress for legislation to encourage the development of orphan drugs.

(4) The Orphan Drug Act created financial incentives for the research and production of such orphan drugs. New Federal programs at the National Institutes of Health and the Food and Drug Administration encouraged clinical research and commercial product development for products that target rare diseases. An Orphan Products Board was established to promote the development of drugs and devices for rare diseases or disorders.

(6) Despite the tremendous success of the Orphan Drug Act, rare diseases and disorders deserve greater emphasis in the national biomedical research enterprise.

PUBLIC LAW 107-281—NOV. 6, 2002

(7) The Food and Drug Administration supports small clinical trials through Orphan Products Research Grants. Such grants embody successful partnerships of government and industry, and have led to the development of at least 23 drugs and four medical devices for rare diseases and disorders. Yet the appropriations in fiscal year 2001 for such grants were less than in fiscal year 1995.

(b) PURPOSES.—The purpose of this Act is to increase the national investment in the development of diagnostics and treatments for patients with rare diseases and disorders.

(1) Prior United States Government use or demonstrated substantial utility and effectiveness.

(3) Existence of extraordinarily large or extraordinarily unquantifiable potential third party liability risk exposure to the Seller or other provider of such anti-terrorism technology.

(5) Magnitude of risk exposure to the public if such anti-terrorism technology is not deployed.

(6) Evaluation of all scientific studies that can be feasibly conducted in order to assess the capability of the technology to substantially reduce risks of harm.

SEC. 863. LITIGATION MANAGEMENT.

(a) **FEDERAL CAUSE OF ACTION.**—

(1) **IN GENERAL.**—There shall exist a Federal cause of action for claims arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller. The substantive law for decision in any such action shall be derived from the law, including choice of law principles, of the State in which such acts of terrorism occurred, unless such law is inconsistent with or preempted by Federal law. Such Federal cause of action shall be brought only for claims for injuries that are proximately caused by sellers that provide qualified anti-terrorism technology to Federal and non-Federal government customers.

(2) **JURISDICTION.**—Such appropriate district court of the United States shall have original and exclusive jurisdiction over all actions for any claim for loss of property, personal injury, or death arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery

PUBLIC LAW 107-296—NOV. 25, 2002

from such act and such claims result or may result in loss to the Seller.

(b) SPECIAL RULES.—In an action brought under this section for damages the following provisions apply:

(1) PUNITIVE DAMAGES.—No punitive damages intended to punish or deter, exemplary damages, or other damages not intended to compensate a plaintiff for actual losses may be awarded, nor shall any party be liable for interest prior to the judgment.

(2) NONECONOMIC DAMAGES.—

(A) IN GENERAL.—Noneconomic damages may be awarded against a defendant only in an amount directly proportional to the percentage of responsibility of such defendant for the harm to the plaintiff, and no plaintiff may recover noneconomic damages unless the plaintiff suffered physical harm.

(B) DEFINITION.—For purposes of subparagraph (A), the term “noneconomic damages” means damages for losses for physical and emotional pain, suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of enjoyment of life, loss of society and companionship, loss of consortium, hedonic damages, injury to reputation, and any other nonpecuniary losses.

(c) COLLATERAL SOURCES.—Any recovery by a plaintiff in an action under this section shall be reduced by the amount of collateral source compensation, if any, that the plaintiff has received or is entitled to receive as a result of such acts of terrorism that result or may result in loss to the Seller.

(d) GOVERNMENT CONTRACTOR DEFENSE.—

(1) IN GENERAL.—Should a product liability or other lawsuit be filed for claims arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies approved by the Secretary, as provided in paragraphs (2) and (3) of this subsection, have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller, there shall be a rebuttable presumption that the government contractor defense applies in such lawsuit. This presumption shall only be overcome by evidence showing that the Seller acted fraudulently or with willful misconduct in submitting information to the Secretary during the course of the Secretary’s consideration of such technology under this subsection. This presumption of the government contractor defense shall apply regardless of whether the claim against the Seller arises from a sale of the product to Federal Government or non-Federal Government customers.

Applicability.

(2) EXCLUSIVE RESPONSIBILITY.—The Secretary will be exclusively responsible for the review and approval of anti-terrorism technology for purposes of establishing a government contractor defense in any product liability lawsuit for claims arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies approved by the Secretary, as provided in this paragraph and paragraph (3), have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller. Upon the Seller’s submission to the Secretary for approval of anti-terrorism technology, the Secretary will conduct a comprehensive review of the design of such technology and determine whether it will perform as intended, conforms to the Seller’s specifications, and is safe for use as intended. The Seller will conduct safety and hazard analyses on such technology and will supply the Secretary with all such information.

(3) CERTIFICATE.—For anti-terrorism technology reviewed and approved by the Secretary, the Secretary will issue a certificate of conformance to the Seller and place the anti-

PUBLIC LAW 107-296—NOV. 25, 2002

terrorism technology on an Approved Product List for Homeland Security.

(e) EXCLUSION.—Nothing in this section shall in any way limit the ability of any person to seek any form of recovery from any person, government, or other entity that—

(1) attempts to commit, knowingly participates in, aids and abets, or commits any act of terrorism, or any criminal act related to or resulting from such act of terrorism; or

(2) participates in a conspiracy to commit any such act of terrorism or any such criminal act.

6 USC 443.

SEC. 864. RISK MANAGEMENT.

(a) IN GENERAL.—

(1) LIABILITY INSURANCE REQUIRED.—Any person or entity that sells or otherwise provides a qualified anti-terrorism technology to Federal and non-Federal Government customers (“Seller”) shall obtain liability insurance of such types and in such amounts as shall be required in accordance with this section and certified by the Secretary to satisfy otherwise compensable third-party claims arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery from such act.

(2) MAXIMUM AMOUNT.—For the total claims related to 1 such act of terrorism, the Seller is not required to obtain liability insurance of more than the maximum amount of liability insurance reasonably available from private sources on the world market at prices and terms that will not unreasonably distort the sales price of Seller’s anti-terrorism technologies.

(3) SCOPE OF COVERAGE.—Liability insurance obtained pursuant to this subsection shall, in addition to the Seller, protect the following, to the extent of their potential liability for involvement in the manufacture, qualification, sale, use, or operation of qualified anti-terrorism technologies deployed in defense against or response or recovery from an act of terrorism:

(A) Contractors, subcontractors, suppliers, vendors and customers of the Seller.

(B) Contractors, subcontractors, suppliers, and vendors of the customer.

(4) THIRD PARTY CLAIMS.—Such liability insurance under this section shall provide coverage against third party claims arising out of, relating to, or resulting from the sale or use of anti-terrorism technologies.

(b) RECIPROCAL WAIVER OF CLAIMS.—The Seller shall enter into a reciprocal waiver of claims with its contractors, subcontractors, suppliers, vendors and customers, and contractors and subcontractors of the customers, involved in the manufacture, sale, use or operation of qualified anti-terrorism technologies, under which each party to the waiver agrees to be responsible for losses, including business interruption losses, that it sustains, or for losses sustained by its own employees resulting from an activity resulting from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery from such act.

(c) EXTENT OF LIABILITY.—Notwithstanding any other provision of law, liability for all claims against a Seller arising out of, relating to, or resulting from an act of terrorism when qualified anti-terrorism technologies have been deployed in defense against or response or recovery from such act and such claims result or may result in loss to the Seller, whether for compensatory or punitive damages or for contribution or indemnity, shall not be in an amount greater than the limits of liability insurance coverage required to be maintained by the Seller under this section.

6 USC 466.

SEC. 886. SENSE OF CONGRESS REAFFIRMING THE CONTINUED IMPORTANCE AND APPLICABILITY OF THE POSSE COMITATUS ACT.

(a) FINDINGS.—Congress finds the following:

(1) Section 1385 of title 18, United States Code (commonly known as the “Posse Comitatus Act”), prohibits the use of the Armed Forces as a posse comitatus to execute the laws except in cases and under circumstances expressly authorized by the Constitution or Act of Congress.

(2) Enacted in 1878, the Posse Comitatus Act was expressly intended to prevent United States Marshals, on their own initiative, from calling on the Army for assistance in enforcing Federal law.

(3) The Posse Comitatus Act has served the Nation well in limiting the use of the Armed Forces to enforce the law.

(4) Nevertheless, by its express terms, the Posse Comitatus Act is not a complete barrier to the use of the Armed Forces for a range of domestic purposes, including law enforcement functions, when the use of the Armed Forces is authorized by Act of Congress or the President determines that the use of the Armed Forces is required to fulfill the President’s obligations under the Constitution to respond promptly in time of war, insurrection, or other serious emergency.

(5) Existing laws, including chapter 15 of title 10, United States Code (commonly known as the “Insurrection Act”), and the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), grant the President broad powers that may be invoked in the event of domestic emergencies, including an attack against the Nation using weapons of mass destruction, and these laws specifically authorize the President to use the Armed Forces to help restore public order.

(b) SENSE OF CONGRESS.—Congress reaffirms the continued importance of section 1385 of title 18, United States Code, and it is the sense of Congress that nothing in this Act should be construed to alter the applicability of such section to any use of the Armed Forces as a posse comitatus to execute the laws.

Homeland
Security
Information
Sharing Act.
6 USC 481.

Subtitle I—Information Sharing

SEC. 891. SHORT TITLE; FINDINGS; AND SENSE OF CONGRESS.

(a) **SHORT TITLE.**—This subtitle may be cited as the “Homeland Security Information Sharing Act”.

(b) **FINDINGS.**—Congress finds the following:

(1) The Federal Government is required by the Constitution to provide for the common defense, which includes terrorist attack.

(2) The Federal Government relies on State and local personnel to protect against terrorist attack.

(3) The Federal Government collects, creates, manages, and protects classified and sensitive but unclassified information to enhance homeland security.

(4) Some homeland security information is needed by the State and local personnel to prevent and prepare for terrorist attack.

(5) The needs of State and local personnel to have access to relevant homeland security information to combat terrorism must be reconciled with the need to preserve the protected status of such information and to protect the sources and methods used to acquire such information.

(6) Granting security clearances to certain State and local personnel is one way to facilitate the sharing of information regarding specific terrorist threats among Federal, State, and local levels of government.

(7) Methods exist to declassify, redact, or otherwise adapt classified information so it may be shared with State and local personnel without the need for granting additional security clearances.

(8) State and local personnel have capabilities and opportunities to gather information on suspicious activities and terrorist threats not possessed by Federal agencies.

(9) The Federal Government and State and local governments and agencies in other jurisdictions may benefit from such information.

(10) Federal, State, and local governments and intelligence, law enforcement, and other emergency preparation and response agencies must act in partnership to maximize the benefits of information gathering and analysis to prevent and respond to terrorist attacks.

(11) Information systems, including the National Law Enforcement Telecommunications System and the Terrorist Threat Warning System, have been established for rapid sharing of classified and sensitive but unclassified information among Federal, State, and local entities.

(12) Increased efforts to share homeland security information should avoid duplicating existing information systems.

(c) **SENSE OF CONGRESS.**—It is the sense of Congress that Federal, State, and local entities should share homeland security information to the maximum extent practicable, with special emphasis on hard-to-reach urban and rural communities.

SEC. 892. FACILITATING HOMELAND SECURITY INFORMATION SHARING PROCEDURES.

(a) **PROCEDURES FOR DETERMINING EXTENT OF SHARING OF HOMELAND SECURITY INFORMATION.**—

(1) The President shall prescribe and implement procedures under which relevant Federal agencies—

(A) share relevant and appropriate homeland security information with other Federal agencies, including the Department, and appropriate State and local personnel;

(B) identify and safeguard homeland security information that is sensitive but unclassified; and

President.
6 USC 482.

PUBLIC LAW 107-296—NOV. 25, 2002

(C) to the extent such information is in classified form, determine whether, how, and to what extent to remove classified information, as appropriate, and with which such personnel it may be shared after such information is removed.

(2) The President shall ensure that such procedures apply to all agencies of the Federal Government.

(3) Such procedures shall not change the substantive requirements for the classification and safeguarding of classified information.

(4) Such procedures shall not change the requirements and authorities to protect sources and methods.

(b) PROCEDURES FOR SHARING OF HOMELAND SECURITY INFORMATION.—

(1) Under procedures prescribed by the President, all appropriate agencies, including the intelligence community, shall, through information sharing systems, share homeland security information with Federal agencies and appropriate State and local personnel to the extent such information may be shared, as determined in accordance with subsection (a), together with assessments of the credibility of such information.

(2) Each information sharing system through which information is shared under paragraph (1) shall—

(A) have the capability to transmit unclassified or classified information, though the procedures and recipients for each capability may differ;

(B) have the capability to restrict delivery of information to specified subgroups by geographic location, type of organization, position of a recipient within an organization, or a recipient's need to know such information;

(C) be configured to allow the efficient and effective sharing of information; and

(D) be accessible to appropriate State and local personnel.

(3) The procedures prescribed under paragraph (1) shall establish conditions on the use of information shared under paragraph (1)—

(A) to limit the redissemination of such information to ensure that such information is not used for an unauthorized purpose;

(B) to ensure the security and confidentiality of such information;

(C) to protect the constitutional and statutory rights of any individuals who are subjects of such information; and

(D) to provide data integrity through the timely removal and destruction of obsolete or erroneous names and information.

(4) The procedures prescribed under paragraph (1) shall ensure, to the greatest extent practicable, that the information sharing system through which information is shared under such paragraph include existing information sharing systems, including, but not limited to, the National Law Enforcement Telecommunications System, the Regional Information Sharing System, and the Terrorist Threat Warning System of the Federal Bureau of Investigation.

(5) Each appropriate Federal agency, as determined by the President, shall have access to each information sharing system through which information is shared under paragraph (1), and shall therefore have access to all information, as appropriate, shared under such paragraph.

(6) The procedures prescribed under paragraph (1) shall ensure that appropriate State and local personnel are authorized to use such information sharing systems—

PUBLIC LAW 107-296—NOV. 25, 2002

(A) to access information shared with such personnel;
and

(B) to share, with others who have access to such information sharing systems, the homeland security information of their own jurisdictions, which shall be marked appropriately as pertaining to potential terrorist activity.

(7) Under procedures prescribed jointly by the Director of Central Intelligence and the Attorney General, each appropriate Federal agency, as determined by the President, shall review and assess the information shared under paragraph (6) and integrate such information with existing intelligence.

(c) SHARING OF CLASSIFIED INFORMATION AND SENSITIVE BUT UNCLASSIFIED INFORMATION WITH STATE AND LOCAL PERSONNEL.—

(1) The President shall prescribe procedures under which Federal agencies may, to the extent the President considers necessary, share with appropriate State and local personnel homeland security information that remains classified or otherwise protected after the determinations prescribed under the procedures set forth in subsection (a).

(2) It is the sense of Congress that such procedures may include 1 or more of the following means:

(A) Carrying out security clearance investigations with respect to appropriate State and local personnel.

(B) With respect to information that is sensitive but unclassified, entering into nondisclosure agreements with appropriate State and local personnel.

(C) Increased use of information-sharing partnerships that include appropriate State and local personnel, such as the Joint Terrorism Task Forces of the Federal Bureau of Investigation, the Anti-Terrorism Task Forces of the Department of Justice, and regional Terrorism Early Warning Groups.

(d) RESPONSIBLE OFFICIALS.—For each affected Federal agency, the head of such agency shall designate an official to administer this Act with respect to such agency.

(e) FEDERAL CONTROL OF INFORMATION.—Under procedures prescribed under this section, information obtained by a State or local government from a Federal agency under this section shall remain under the control of the Federal agency, and a State or local law authorizing or requiring such a government to disclose information shall not apply to such information.

(f) DEFINITIONS.—As used in this section:

PUBLIC LAW 107-282—NOV. 6, 2002

(1) Red Rock Canyon is a natural resource of major significance to the people of Nevada and the United States. It must be protected in its natural state for the enjoyment of future generations of Nevadans and Americans, and enhanced wherever possible.

(2) In 1998, the Congress enacted the Southern Nevada Public Lands Management Act of 1998 (Public Law 105-263), which provided among other things for the protection and enhancement of Red Rock Canyon.

(3) The Corporation owns much of the private land on Red Rock Canyon's eastern boundary, and is engaged in developing a large-scale master-planned community.

(4) Included in the Corporation's land holdings are 1,071 acres of high-ground lands at the eastern edge of Red Rock Canyon. These lands were intended to be included in Red Rock, but to date have not been acquired by the United States. The protection of this high-ground acreage would preserve an important element of the western Las Vegas Valley viewshed.

(5) The Corporation has volunteered to forgo development of the high-ground lands, and proposes that the United States acquire title to the lands so that they can be preserved in perpetuity to protect and expand Red Rock Canyon.

(b) PURPOSES.—The purposes of this title are:

(1) To accomplish an exchange of lands between the United States and the Corporation that would transfer certain high-ground lands to the United States in exchange for the transfer of other lands of approximately equal value to the Corporation.

(2) To protect Red Rock Canyon and to expand its boundaries as contemplated by the Bureau of Land Management, as depicted on the Red Rock Canyon Map.

(3) To further fulfill the purposes of the Southern Nevada Public Lands Management Act of 1998 and the Red Rock Canyon National Conservation Area Establishment Act of 1990.

SEC. 104. RED ROCK CANYON LAND EXCHANGE.

(1) To the Corporation, the approximately 998 acres of Federal lands depicted on the Red Rock Canyon Map as “Public land selected for exchange”.

(2) To Clark County, Nevada, the approximately 1,221 acres of Federal lands depicted on the Red Rock Canyon Map as “Proposed BLM transfer for county park”.

(b) SIMULTANEOUS CONVEYANCES.—Title to the private property and the Federal property to be conveyed pursuant to this section shall be conveyed at the same time.

(c) MAP.—The Secretary shall keep the Red Rock Canyon Map on file and available for public inspection in the Las Vegas District Office of the Bureau of Land Management in Nevada, and the State Office of the Bureau of Land Management, Reno, Nevada.
