

INDEX TO ENTRIES THAT MAY AFFECT SMALL ENTITIES

The Regulatory Flexibility Act (5 U.S.C. 601) requires that agencies publish regulatory agendas identifying those rules that may have a significant economic impact on a substantial number of small entities. Agencies meet that requirement by including the information in their submissions for The Regulatory Plan and the Unified Agenda.

The following index lists the regulatory actions in this joint publication that agencies believe may have effects on small businesses, small governmental jurisdictions, or small organizations. The Sequence Number (Seq. No.) of the entry identifies the location of the entry in this edition. For further information, see the Regulatory Information Service Center's Introduction to The Regulatory Plan and the Unified Agenda in Part II of this issue.
