SEC. 1056. REDUCTION OF DEFENSE EXPENDITURES OUTSIDE THE UNITED STATES

(a) REDUCTION IN UNITED STATES FORCE LEVELS ABROAD.—On and after September 30, 1995, no appropriated funds may be used to support an end strength level of members of the Armed Forces of the United States assigned to permanent duty ashore in nations outside the United States at any level in excess of 60 percent of the end strength level of such members on September 30, 1992.

(b) EXCEPTIONS.—Subsection (a) shall not apply in the event of a declaration of war or an armed attack on any member nation of the North Atlantic Treaty Organization, Japan, the Republic of Korea, or other ally of the United States. The President may also waive operation of subsection (a) if the President declares an emergency and immediately notifies Congress.

Energy shall declassify and remove from the category of Restricted Data all information which can be published without undue risk to the common defense and security of the United States.

(b) REPORT.—Section 1105(a) of title 31, United States Code, is amended by adding at the end the following new paragraph:

“(27) a report, prepared jointly by the Secretary of Energy and the Secretary of Defense, concerning the Nation’s nuclear weapons stockpile. The report shall include actual and projected levels for the following categories of information over a 10-year period, including actual data on the previous 4 fiscal years, the approved levels for the current fiscal year, proposed levels for the next fiscal year, and projected levels for the following 4 fiscal years:

“(A) The inventory of nuclear warheads and bombs in the United States stockpile, including the number of strategic and non-strategic weapons in the custody of each military department and the Department of Energy (and its predecessor agencies), listed by individual warhead or bomb types, and including the number of each type and the delivery systems used or planned.

“(B) The number of new warheads and bombs produced, by type.

“(C) The number of warheads and bombs modified, by type.

“(D) The number of warheads and bombs retired, by type.

“(E) The annual production, if any, and year-end Department of Defense, Department of Energy, and total inventories of the following:

“(i) Plutonium metal in stockpile weapons and available for weapons.

“(ii) Highly enriched uranium metal in stockpile weapons and available for weapons.

“(iii) Plutonium in nonmetallic form available for weapons.

“(iv) Highly enriched uranium in non-metallic form available for weapons.

“(v) Tritium in weapons and available for weapons, including the working inventory and supply pipeline.”

(c) HISTORICAL ANNEX.—When the report described in paragraph (27) of section 1105(a) of title 31, United States Code (as added by subsection (b)), is submitted for the first time, it shall include—

(1) an historical annex providing a comprehensive record of United States nuclear weapons production and materials inventories for the period 1945-1990 covering for each year all the categories of information set forth in such paragraph; and

(2) a review by the Secretary of Energy, pursuant to section 142(b) of the Atomic Energy Act of 1954, of any Classification Guides issued for determining what constitutes Restricted Data, including an evaluation of appropriate modifications thereto.

(d) FORM OF REPORT.—The report required under subsection (b) shall be submitted in unclassified form with a classified annex as necessary.

(e) DETERMINATION OF CLASSIFICATION.—For any category or subcategory of information required by subsection (b) or (c) which the Secretary of Energy determines cannot be declassified without posing an undue risk to the common defense and security of the United States, the unclassified portion of the report shall include a statement describing in detail the technical and policy reasons for such determination.
