Thereupon, Mr. COX of Illinois, Acting Chairman, announced that 406 Members had been recorded, a quorum.

The Committee resumed its business. After some further time,

#### ¶65.8 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment, as modified, submitted by Mr. ASPIN:

At the end of division A (page 203, after line 14), insert the following new title:

#### TITLE XII—NUCLEAR NONPROLIFERATION

##### SEC. 1201. SHORT TITLE.

This title may be cited as the "Nuclear Threat Reduction Act of 1992".

##### SEC. 1202. SENSE OF CONGRESS.

It is the sense of the Congress that—

(1) the proliferation of nuclear weapons is one of the most serious threats to the national security of the United States in the post-Cold war era;

(2) nuclear nonproliferation policy of the United States should seek to limit both the supply of nuclear weapons and the demand for nuclear weapons and should undertake to reduce the existing threat from nuclear proliferation;

(3) the Secretary of Defense should, under the guidance of the President and in coordination with the Secretary of State, actively assist in United States nuclear nonproliferation policy, emphasizing activities such as improved capabilities to detect and monitor nuclear proliferation, to respond to nuclear terrorism, theft, and accidents, and to assist with interdiction and destruction of nuclear weapons and material; and

(4) in a manner consistent with United States nuclear nonproliferation policy, the Department of Defense should maintain a credible military capability to track and respond to nuclear proliferation.

##### SEC. 1203. REPORT ON DEPARTMENT OF DEFENSE AND DEPARTMENT OF ENERGY NONPROLIFERATION ACTIVITIES.

(a) PREPARATION OF REPORT.—The Secretary of Defense and the Secretary of Energy shall jointly submit to the committees of Congress named in subsection (d) a report describing the role of the Department of Defense and the Department of Energy with respect to nuclear nonproliferation policy. The report shall—

(1) address how the Secretary of Defense and the Secretary of Energy intend to integrate and coordinate existing intelligence and military capabilities of the Department of Defense and the intelligence and emergency response capabilities of the Department of Energy with the nuclear nonproliferation policy of the United States;

(2) identify existing capabilities within the Department of Defense and the Department of Energy to detect and monitor clandestine nuclear weapons programs, to respond to nuclear terrorism, nuclear accidents, or theft of nuclear materials, and to assist with interdiction and destruction of nuclear weapons and materials, including for the Department of Defense a description of the degree to which the unified combatant commands have incorporated a non-proliferation mission into their overall mission and how the Special Operations Command might support the commanders of the unified and specified commands in that mission;

(3) consider the appropriate role of the Defense Advanced Research Projects Agency (DARPA), the Defense Nuclear Agency and other Department of Defense agencies as well as the Department of Energy and other departments and agencies in providing technical assistance and support for the efforts of the Department of Defense and the Department of Energy with respect to nuclear nonproliferation; and

(4) identify existing mechanisms for integrating Department of Defense and Department of Energy nonproliferation activities with those of other departments and agencies and recommend ways to improve communication and collaboration.

(b) COORDINATION WITH OTHER AGENCIES.—The report shall be prepared under the guidance of the President and in coordination with the Secretary of State and the heads of other appropriate departments and agencies.

(c) SUBMISSION OF REPORT.—The report required by subsection (a) shall be submitted not after than 180 days after the date of the enactment of this Act. The report shall be submitted in unclassified form and, as necessary, in classified form.

(d) COMMITTEE TO RECEIVE REPORT.—The committees of Congress referred to in subsection (a) are—

(1) the Committee on Armed Services, the Committee on Foreign Affairs, and the Committee on Energy and Commerce of the House of Representatives; and

(2) the Committee on Armed Services and the Committee on Foreign Relations of the Senate.

##### SEC. 1204. NUCLEAR NONPROLIFERATION TECHNOLOGY INITIATIVE.

(a) DARPA NUCLEAR PROLIFERATION MONITORING RESEARCH PROGRAM.—(1) The Secretary of Defense, acting through the Defense Advanced Research Projects Agency, shall continue to develop new nonproliferation technologies under the Nuclear Proliferation Monitoring Research Program of that agency.

(2) There is hereby authorized to be appropriated for fiscal year 1993 for research, development, test, and evaluation for the Defense Agencies, in addition to any other amounts for the Defense Agencies, in addition to any other amounts authorized to be appropriated by this Act, \$20,000,000 for non-

proliferation technology programs of the Defense Advanced Research Projects Agency, as follows:

(A) For proliferation detection and other technologies (including ultra-sensitive, portable radiation sensors and improved methods for effluent analysis for remote sensing), \$15,000,000.

(B) For seismic stations and arrays to detect low-level nuclear testing, \$5,000,000.

(b) DEPARTMENT OF ENERGY.—There is hereby authorized to be appropriated for fiscal year 1993 for the Department of Energy, in addition to any other amounts authorized to be appropriated by this Act, \$40,000,000 for nuclear nonproliferation detection technology and other projects and activities of the Department of Energy as follows:

(1) For verification control technology, \$20,000,000, of which—

(A) \$18,000,000 is in addition to the amount authorized under section 3104(c)(2); and

(B) \$2,000,000 is in addition to the amount authorized under section 3104(c)(2).

(2) To enhance other Department of Energy programs with application to problems of nuclear proliferation, nuclear safety, or nuclear security, \$20,000,000, to be available for programs such as the completion of the nuclear nonproliferation information network, construction of the Nuclear Safeguards Technology Lab at Los Alamos National Laboratory, and funding for emergency response training, research and development, and equipment.

(c) OFFSETTING REDUCTION.—The amount provided in section 104 for procurement for the Defense Agencies is hereby reduced by \$60,000,000.

##### SEC. 1205. INTERNATIONAL NUCLEAR NONPROLIFERATION ACTIVITIES.

(a) INTERNATIONAL EFFORTS.—The Congress encourages the Secretary of Defense and the Secretary of Energy to participate actively in United States efforts to stem the proliferation of nuclear weapons. To that end, the Secretary of Defense and the Secretary of Energy, under the guidance of the President and in coordination with the Secretary of State, may spend not to exceed a total of \$40,000,000 during fiscal year 1993 for international nonproliferation activities such as the following:

(1) Support for and technical cooperation with relevant international organizations (such as the International Atomic Energy Agency and the United Nations Special Commission on Iraq) to support more effective international safeguards and innovative detection and verification techniques, including in-kind contributions of personnel, equipment, training, and other forms of assistance.

(2) Collaborative international nuclear security and nuclear safety projects to combat the threat of nuclear theft, terrorism, or accidents, including joint emergency response exercises, technical assistance, and training.

(3) Efforts to improve international cooperative monitoring of nuclear proliferation through joint technical projects and improved intelligence sharing.

(b) FUNDING FOR FISCAL YEAR 1993.—(1) There is hereby authorized to be appropriated for fiscal year 1993 for the purposes of carrying out this section, in addition to any other amounts authorized to be appropriated by this Act, \$40,000,000.

(2) The amount provided in section 104 for procurement for the Defense Agencies is hereby reduced by \$40,000,000.

(c) DETERMINATION BY DIRECTOR OF OMB.—No funds may be obligated during fiscal year 1993 for the program under this section unless expenditures for that program during fiscal year 1993 have been determined by the Director of the Office of Management and Budget to be counted against the defense

category of the discretionary spending limits for fiscal year 1993 (as defined in section 601(a)(2) of the Congressional Budget Act of 1974) for purposes of part C of the Balanced Budget and Emergency Deficit Control Act of 1985.

(d) REPORTING REQUIREMENTS.—(1) Not less than 15 days before any obligation of funds under this section, the Secretary of Defense, in coordination with the Secretary of Energy, shall transmit to the committees of Congress named in subsection (e) a report on the proposed obligation. Each such report shall specify—

(A) the account, budget activity, and particular program from which the funds proposed to be obligated are to be derived and the amount of the proposed obligation; and

(B) the activities and forms of assistance for which the Secretary of Defense plans to obligate such funds.

(2) Not later than 30 days after the end of each quarter of fiscal years 1993 and 1994, the Secretary of Defense, in coordination with the Secretary of Energy, shall transmit to the committees of Congress named in subsection (e) a report of the activities to reduce the nuclear proliferation threat carried out under this section. Each report shall set forth the following:

(A) Amounts spent for such activities and the purposes for which they were spent.

(B) A description of the participation of the Department of Defense, and the participation of other government agencies in such activities.

(C) A description of the activities for which the funds were spent.

(e) COMMITTEES TO RECEIVE REPORT.—The committees of Congress referred to in subsections (d)(1) and (d)(2) are—

(1) the Committee on Armed Services, the Committee on Foreign Affairs, and the Committee on Energy and Commerce of the House of Representatives; and

(2) the Committee on Armed Services and the Committee on Foreign Relations of the Senate.

**SEC. 1206. SOVIET WEAPONS DESTRUCTION.**

(a) FINDINGS.—The Congress finds—

(1) that programs established under the Soviet Nuclear Threat Reduction Act of 1991 (title II of Public Law 102-228) will contribute significantly to the destruction of weapons of mass destruction of the states of the former Soviet Union and the reduction of the threat from such weapons and the potential for their proliferation;

(2) that it is in the national security interests of the United States to continue to reduce the threats from the huge weapons arsenals of the former Soviet Union and to protect against the potential proliferation of these weapons and the materials removed from them, as well as the potential hazards resulting from the faulty storage of those weapons or materials; and

(3) that the threats to nuclear safety and security described in section 211 of the Soviet Nuclear Threat Reduction Act of 1991 (title II of Public Law 102-228; 105 Stat. 1693) remain of urgent concern and that additional resources are necessary to meet these threats, particularly in areas such as safe and secure storage of fissile material, dismantlement of missiles and launchers, and the destruction of chemical weapons.

(b) ADDITIONAL FUNDING.—(1) Section 221(a) of the Soviet Nuclear Threat Reduction Act of 1991 (title II of Public Law 102-228; 105 Stat. 1695) is amended by striking out “\$400,000,000” and inserting in lieu thereof “\$650,000,000”.

(2) Section 221(e) of such Act is amended—

(A) by inserting “for fiscal year 1992 or fiscal year 1993” after “under part B”;

(B) by inserting “for that fiscal year” after “for that program”; and

(C) by striking out “for fiscal year 1992” and inserting in lieu thereof “for that fiscal year”.

(c) TECHNICAL REVISIONS TO PUBLIC LAW 102-229.—Public Law 102-229 is amended—

(1) in section 108 (105 Stat. 1708), by striking out “contained in H.R. 3807, as passed the Senate on November 25, 1991” and inserting in lieu thereof “(title II of Public Law 102-228)”; and

(2) in section 109 (105 Stat. 1708)—

(A) by striking out “H.R. 3807, as passed the Senate on November 25, 1991” and inserting in lieu thereof “Public Law 102-228 (105 Stat. 1696)”; and

(B) by striking out “of H.R. 3807”.

It was decided in the affirmative } Yeas ..... 356  
 } Nays ..... 54
