¶16.3 MESSAGE FROM THE SENATE

A message from the Senate by Mr. Hallen, one of its clerks, announced that the Senate had passed a bill of the following title, in which the concurrence of the House is requested:

S. 1. An Act to amend the Public Health Service Act to revise and extend the programs of the National Institutes of Health, and for other purposes.

¶16.4 PROVIDING FOR THE
CONSIDERATION OF H.R. 920

Mr. BONIOR, by direction of the Committee on Rules, called up the following resolution (H. Res. 103):

Resolved, That upon the adoption of this resolution it shall be in order to consider in the House the bill (H.R. 920) to extend the emergency unemployment compensation program, and for other purposes. The amendment recommended by the Committee on Ways and Means printed in the bill and the amendment printed in the report of the Committee on Rules accompanying this resolution shall be considered as adopted. All points of order against the bill, as amended, and against its consideration are waived. Debate on the bill shall not exceed two hours equally divided and controlled by the chairman and ranking minority member of the Committee on Ways and Means. The previous question shall be considered as ordered on the bill, as amended, to final passage without intervening motion except one motion to recommit.

Pending consideration of said resolution,

¶16.5 POINT OF ORDER

Mr. WALKER made a point of order against the resolution, and said:

"Mr. Speaker, I make a point of order against House Resolution 103 on the ground that two amendments self-executed by the resolution are in violation of two different House rules, and I ask to be heard on my point of order.

"Mr. Speaker, first, House Resolution 103 is in violation of clause 5(a) of rule XXI because it proposes to adopt the Ways and Means Committee amendment printed as section 4 in H.R. 920 as reported. That section deals with financing provisions and in effect reappropriates advance account funds to make payments to the States to provide these additional benefits. Clause 5(a) of rule XXI prohibits appropriations provisions in a bill not reported by the appropriations committee.

"Second, Mr. Speaker, House Resolution 103 attempts to adopt an amendment contained in the report to accompany the resolution extending coverage of the bill to railroad employees. That amendment is in violation of clause 7 of rule XVI which prohibits the consideration of germane amendments. The amendment contained in the Rules Committee report is under the jurisdiction of the Energy and Commerce Committee and is therefore not germane to this bill from the Ways and Means Committee.

"Mr. Speaker, since both of those amendments will be considered to be adopted when this rule is adopted, they are currently before us and must be subject to points of order. It is clear from the rule that once the rule is adopted, the bill as amended by them is not subject to points of order. But, prior to the adoption of this resolution, those two amendments are obviously a part of this resolution and subject to the two points of order I have raised."

The SPEAKER pro tempore, Mr. MAZZOLI, overruled the point of order, and said:

"The Chair is prepared to rule.

“The fact that amendments which if offered separately would be violative of the rules does not prevent the Rules Committee from self-executing the adoption of those amendments together in the rule itself, by providing for their adoption upon the adoption of the rule. The amendments are thus not separately before the House at this time.”.

¶16.6 POINT OF ORDER

Mr. WALKER made a further point of order against the resolution, and said:

“Mr. Speaker, I make another point of order against House Resolution 103 on the ground that it is in violation of section 308(a) of the Congressional Budget Act of 1974.

“Mr. Speaker, section 308(a) of the Congressional Budget Act provides that, and I quote, “Whenever a committee of either House reports to its House a bill or resolution, or committee amendment thereto, providing new budget authority * * * new spending authority described in section 401(c)(2), or new credit authority * * * the report accompanying that bill or resolution shall contain a statement, the report accompanying that bill or resolution shall contain a statement, or the committee shall make available such a statement * * * prepared after consultation with the Director of the Congressional Budget Office” detailing the costs of that provision.

“Mr. Speaker, the amendment contained in the Rules Committee report, which would be adopted upon the adoption of this resolution, extends coverage of this bill to railroad workers. It is my understanding that this may entail a cost of \$20 million, but the Rules Committee has not provided a cost estimate from CBO in its report on this amendment as required by section 308 of the Budget Act. This is an amendment reported by the Rules Committee and therefore is subject to the CBO cost estimate requirements. I therefore urge that my point of order be sustained.”.

The SPEAKER pro tempore, Mr. MAZZOLI, overruled the point of order, and said:

“The Chair is prepared to rule.

“The gentleman from Pennsylvania, [Mr. WALKER] raises an objection based on section 308(a) of the Budget Act on the basis that the report accompanying this resolution coming from the Rules Committee would have to have a CBO estimate of the potential cost involved by virtue of adoption of the amendment. However, the Chair, after consulting precedents and the rules of the House, rules that the cost estimate does not have to be made a part of the report accompanying the rule being brought from the Rules Committee, but rather the point of order might lie against the underlying bill. The resolution itself does not enact budget authority and, therefore, the resolution coming from the Rules Committee does not itself have to have the cost estimate in the accompanying report.

“Therefore, the Chair now would overrule the gentleman’s point of order.”.

When said resolution was considered.

After debate,

Mr. BONIOR moved the previous question on the resolution to its adoption or rejection.

The question being put, viva voce,

Will the House now order the previous question?

The SPEAKER pro tempore, Mr. MAZZOLI, announced that the yeas had it.

Mr. DREIER objected to the vote on the ground that a quorum was not present and not voting.

A quorum not being present,

The roll was called under clause 4, rule XV, and the call was taken by electronic device.

¶16.8 POINT OF ORDER

Mr. WALKER made a further point of order against the resolution, and said:

“Mr. Speaker, I make a point of order against the amendment printed in the Rules Committee report, which I understand is now before us, based upon the Chair’s previous ruling.

“I make my point of order on the ground that the report in this resolu-

tion violates section 308(a) of the Budget Act requiring a cost estimate.

"Section 308(a) of the Budget Act, which requires the CBO cost estimate in the report on any committee bill, resolution or amendment, contains no exemption for the report of the Committee on Rules.

"I quote from the section 308(a) of the Congressional Budget Act:

Whenever a committee of either house reports to its house a bill or resolution or committee amendment thereto providing new budget authority, new spending authority described in section 402(c)(2) or new credit authority, the report accompanying that bill or resolution shall contain a statement or the committee shall make available such a statement prepared after consultation with the director of the Congressional Budget Office.

"Mr. Speaker, earlier in the debate on this particular resolution, the gentleman who purports to be the author of the railroad worker amendment admitted costs are involved in his amendment. The quote that I have just read means that the committee then has an obligation to provide to the House a congressional budget statement.

"Section 308(a) clearly applies to the committee amendment, and the amendment contained in the Rules Committee or report is a Rules Committee amendment. It was not reported by the Ways and Means Committee, it was not reported by the Energy and Commerce Committee and so therefore is exclusively in the jurisdiction of the Rules Committee.

"The amendment contained in the Rules Committee report on this resolution will be considered to have been adopted when this resolution is adopted. So there is no question who should provide the CBO cost estimate. It is the Rules Committee. They are not above the rules.

"Mr. Speaker, I ask that my point of order be sustained."

Mr. BONIOR was recognized to speak to the point of order and said:

"We had this argument a little over an hour ago and it is again timely, as the gentleman from Pennsylvania [Mr. WALKER] has indicated.

"He refers to section 308. Section 308 applies to measures providing new budget authority. The resolution before us does not provide for new budget authority.

"The rule makes in order a bill as amended. The bill as amended provides for the new spending.

"House Resolution 103 waives all points of order against the bill as amended and against its consideration. It waives all points of order against the bill and against its consideration.

"Mr. Speaker, I ask the Chair to rule that the point of order is not in order."

Mr. WALKER was recognized to speak further, and said:

"It is true the Rules Committee has waived all points of order against the bill that would be considered pursuant to this rule. That is the reason why this point of order is timely now.

"When it comes to a question in the bill itself, the point of order with regard to the Budget Act will not be in order because that point of order has been waived. The only time we can get at this particular item is in the self-enacting amendment which is a part of the rule.

"The gentleman [Mr BONIOR] has not referred to the self-enacting amendment. That is the question to which this particular point of order pertains and it is up to the Chair, I think, to sustain the point of order based upon the fact that the self-enacting amendment within this rule does in fact add costs. It is new budget authority and is therefore in violation of the Congressional Budget Act."

Mr. WILLIAMS was recognized to speak to the point of order and said:

"Mr. Speaker, it does seem to me that my colleagues are correct in wanting to be informed with regard to the cost effect of that provision which is executed by this rule. That provision has been handled this way three times by previous Congresses. The provision includes, this is what we are executing here, it includes coverage, extended unemployment coverage for America's railroad workers who have their own unemployment fund and therefore would not be covered unless there was a separate amendment or unless we do it this way. Previous Congresses have chosen to do it this way.

"The cost, Mr. Speaker, is estimated by both the Congressional Budget Office as well as the Railroad Retirement Trust Fund System, to be \$2½ million for the coming year, and the coverage would be extended to 1,200 railroad workers.

"I do think my colleagues are correct in asking for that information, and they now have it."

Mr. WALKER was recognized to speak further, and said:

"Mr. Speaker, the gentleman from Montana [Mr. WILLIAMS] has just made the case. While he has informed the House of his estimate of what this costs, the fact is that the rules of the House require that the statement be a Congressional Budget Office statement contained within the report. That is what the House does not have. That is what the House requires.

"The gentleman from Montana has also made the point that his amendment is included in this rule, that it is new budget authority, that it does extend to new people and it does cost at least \$2½ million. That is information that should be contained in the committee report. It is not. It is therefore a violation of the rules of the House. It is a violation of the Budget Act, and my point of order should be sustained."

The SPEAKER pro tempore, Mr. MAZZOLI, overruled the point of order, and said:

"The Chair is prepared to rule.

"The amendment printed in the bill and the amendment printed in House

Report 103-18 will be considered as adopted by the operation of House Resolution 103, which is the special order now pending before the House.

"After adoption of this special order, House Resolution 103, the bill is called up for consideration as so amended.

"A point of order under section 308 of the Budget Act against consideration of the bill in that form could properly come at that point when the bill is called up for consideration.

"As the Chair indicated previously, the new budget authority at issue would be provided not by the resolution reported by the Committee on Rules, but rather by the bill as amended.

"At this point, the point of order does not lie. That all points of order against the bill as amended will be waived by House Resolution 103, if adopted, does not cause such points of order to lie at some earlier stage.

"The rules of the House authorize the Committee on Rules to report a resolution providing a special order of business, and a point of order under Section 308 of the Budget Act does not lie against such a resolution on the ground that its adoption would have the effect of abrogating clause 2(l)(3) of rule XI, which incorporates the requirement of section 308 in the standing rules.

"Accordingly, the point of order is overruled."

The question being put, viva voce, Will the House agree to said resolution?

The SPEAKER pro tempore, Mr. MAZZOLI, announced that the yeas had it.

Mr. DREIER demanded that the vote be taken by the yeas and nays, which demand was supported by one-fifth of the Members present, so the yeas and nays were ordered.

The vote was taken by electronic device.
