43.15 COMMUNICATION FROM THE CLERK—MESSAGE FROM THE PRESIDENT

The SPEAKER pro tempore, Mr. MONTGOMERY, laid before the House a communication, which was read as follows:

WASHINGTON, DC,
April 22, 1993.

Hon. THOMAS S. FOLEY,
The Speaker, House of Representatives, Washington, DC.

DEAR MR. SPEAKER: Pursuant to the permission granted in Clause 5 of Rule III of the Rules of the U.S. House of Representatives, I have the honor to transmit a sealed envelope received from the White House at 7:04 p.m. on Wednesday, April 21, 1993, said to contain

a message from the President whereby he transmits proposed legislation entitled, "Goals 2000: Educate America Act."

With great respect, I am
Sincerely yours,

DONNALD K. ANDERSON,
Clerk, House of Representatives.

43.16 GOALS 2000: EDUCATE AMERICA ACT

The Clerk then read the message from the President, as follows:

To the Congress of the United States:

I am pleased to transmit today for your immediate consideration and enactment the "Goals 2000: Educate America Act."

This legislation strives to support States, local communities, schools, business and industry, and labor in re-inventing our education system so that all Americans can reach internationally competitive standards, and our Nation can reach the National Education Goals. Also transmitted is a section-by-section analysis.

Education is and always has been primarily a State responsibility. States have always been the "laboratories of democracy." This has been especially true in education over the past decades. The lessons we have learned from the collective work of States, local education agencies, and individual schools are incorporated in Goals 2000 and provide the basis for a new partnership between the Federal Government, States, parents, business, labor, schools, communities, and students. This new partnership is not one of mandates, but of cooperation and leadership.

The "Goals 2000: Educate America Act" is designed to promote a long-term direction for the improvement of education and lifelong learning and to provide a framework and resources to help States and others interested in education strengthen, accelerate, and sustain their own improvement efforts. Goals 2000 will:

- Set into law the six National Education Goals and establish a bipartisan National Education Goals Panel to report on progress toward achieving the goals;
- Develop voluntary academic standards and assessments that are meaningful, challenging, and appropriate for all students through the National Education Standards and Improvement Council;
- Identify the conditions of learning and teaching necessary to ensure that all students have the opportunity to meet high standards;
- Establish a National Skill Standards Board to promote the development and adoption of occupational standards to ensure that American workers are among the best trained in the world;
- Help States and local communities involve public officials, teachers, parents, students, and business leaders in designing and reforming schools; and
- Increase flexibility for States and school districts by waiving regulations and other requirements that might impede reforms.

Though voluntary, the pursuant to these goals must be the work of our Nation as a whole. Ten years ago this month, *A Nation At Risk* was released. Its warnings still ring true. It is time to act boldly. It is time to rekindle the dream that good schools offer.

I urge the Congress to take prompt and favorable action on this legislation.

WILLIAM J. CLINTON.

THE WHITE HOUSE, *April 21, 1993.*

The SPEAKER pro tempore, Mr. KOPETSKI, by unanimous consent, referred the message, together with the accompanying papers, to the Committee on Education and Labor and ordered it to be printed (H. Doc. 103-70).
