¶54.42 MESSAGE FROM THE PRESIDENT—  
ATOMIC ENERGY AGREEMENT

The SPEAKER pro tempore, Mr. SCOTT, laid before the House a mes-

sage from the President, which was read as follows:

*To the Congress of the United States:*

I am pleased to transmit to the Congress, pursuant to section 123d. of the Atomic Energy Act of 1954, as amended, the text of an amendment to the Agreement Between the Government of the United States of America and the Government of the United Kingdom of Great Britain and Northern Ireland for Cooperation on the Uses of Atomic Energy for Mutual Defense Purposes of July 3, 1958, as amended, and my written approval, authorization, and determination concerning the agreement. The joint unclassified letter submitted to me by the Secretaries of Energy and Defense that provide a summary position on the Amendment is also enclosed.

The Amendment extends for 10 years (until December 31, 2004) provisions which permit the transfer of non-nuclear parts, source, byproduct, special nuclear materials, and other material and technology for nuclear weapons and military reactors, and revises text, principally in the Security Annex, to be consistent with current policies and practices relating to personnel and physical security. Additionally, certain activities related to naval nuclear reactor plant technology have been completed and those provisions have been deleted from the Supplemental Technical Annex.

In my judgment, the proposed Amendment meets all statutory requirements. The United Kingdom intends to continue to maintain viable nuclear forces. In light of our previous close cooperation and the fact that the United Kingdom has committed its nuclear forces to the North Atlantic Treaty Organization, I have concluded that it is in our interest to continue to assist them in maintaining a credible nuclear force.

I have approved the Amendment, authorized its execution, and urge that the Congress give it favorable consideration.

WILLIAM J. CLINTON.

THE WHITE HOUSE, *May 23, 1994.*

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on Foreign Affairs and ordered to be printed (H. Doc. 103-260).
