§58.24 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment, as modified, submitted by Mr. MARKEY:

At the end of Title X (page 277, after line 2), insert the following new section:

SEC. . NUCLEAR COOPERATION.

(a) IN GENERAL—It is the sense of the Congress that the President should suspend any programmatic consent given under a nuclear cooperation agreement for the use of special nuclear material subject to such agreement at any facility at which accounting discrepancies do not permit the International Atomic Energy Agency to determine with its required level of confidence that a significant quantity of special nuclear material has not been diverted from the facility. Such suspension should remain in effect until such time as the International Atomic Energy Agency determines that such discrepancies and uncertainties have been resolved and operational problems at the facility have been corrected to permit the Agency to detect a diversion of a significant quantity of special nuclear material from the facility with the required level of confidence.

(b) LIMITATION—The suspension called for in subsection (a) need not be carried out if operation of the facility in question is voluntarily suspended until such time as the Agency is able to detect a diversion as specified in that subsection.

(c) REPORTING—Not later than 90 days after enactment of this section, the President shall submit a report to the Congress which (i) describes the actions taken by the President pursuant to this section, (ii) states whether the conditions for lifting the suspension called for in subsection (a) have been met, and (iii) provides an assessment of the risks of both national and subnational diversion of special nuclear material at the facility under circumstances where such conditions have not been met. If, within such period, the conditions for lifting the suspension have not been satisfied, the President shall, every 90 days thereafter, and until such time as the conditions are satisfied, report to the Congress concerning the progress made toward achieving this objective.

After some further time,

58.26 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. KASICH:

At the end of title X (page 277, after line 2), insert the following new section:

SEC. 1038. SENSE OF CONGRESS AND REPORT ON READINESS OF MILITARY FORCES OF THE REPUBLIC OF KOREA.

(a) FINDINGS.—The Congress finds the following:

(1) Under existing treaties and security arrangements between the United States and the Republic of Korea, responsibility for the defense of the territory of the Republic of Korea is allocated so that the Republic of Korea has primary responsibility for the ground defense of its territory and the United States has primary responsibility for air and sea defense of the Korean peninsula and for reinforcement.

(2) The Force Improvement Program of the Republic of Korea has not addressed critical shortfalls in its ground force capability which continue to exist even though the Republic of Korea spends approximately \$12,000,000,000 annually on defense while the Democratic People's Republic of Korea spends approximately \$4,000,000,000 annually on defense. The Republic of Korea has diverted substantial defense resources to procuring submarines, destroyers, advanced aircraft, and other military systems that are marginal to its primary ground defense responsibility.

(3) The defense acquisition decisions of the Republic of Korea have had the effect of not allowing the Republic of Korea to attain self-sufficiency in its ground defense responsibility. As a result, there exists an undue burden on the United States for the ground defense of the Korean peninsula.

(4) The lack of intelligence capability to forecast the military intentions of the Democratic People's Republic of Korea represents a major deficiency of the combined United States-Republic of Korea military force.

(5) A short-warning attack by the Democratic People's Republic of Korea would cause major losses to the combined United States-Republic of Korea ground force.

(b) SENSE OF CONGRESS.—It is the sense of the Congress that the President should urge

the Republic of Korea to improve its military ground forces with emphasis on counterartillery capabilities, defense against ballistic missiles and weapons of mass destruction, combined United States-Republic of Korea logistics capabilities, combined United States-Republic of Korea medical support, and combined United States-Republic of Korea strategic and tactical intelligence capabilities.

(c) REPORT.—Not later than December 1, 1994, the Secretary of Defense shall submit to the Committee on Armed Services of the Senate and House of Representatives a report, in classified form, on—

(1) the readiness of the military forces of the Republic of Korea to defeat an attack by the military forces of the Democratic People's Republic of Korea; and

(2) the adequacy of the defense acquisition strategy of the Republic of Korea to meet its primary ground defense mission.
