SEC. 207. OTHER LAWS NOT AFFECTED.

App. 289), or any other provision of law set forth in Accompanying Note 2 to Annex II to the Shipbuilding Agreement, and shall not provide any mechanism to subject any producer of vessels in the United States to financial penalties, duties, bid restrictions, unfavorable bid preferences, or withdrawal of concessions under the GATT 1994 or other Uruguay Round Agreements, in the competition for international commercial vessel construction or reconstruction orders because of construction of vessels by United States shipbuilders for operation in the coastwise trade of the United States.

SEC. 208. PROTECTION OF UNITED STATES INTERESTS.

Nothing in the Shipbuilding Agreement shall be construed to prevent the United States from taking any action which it considers necessary for the protection of essential security interests or from invoking its sovereign authority to define, for purposes of exclusion from coverage under the Shipbuilding Agreement and from any dispute or challenge based on Annex I to the Shipbuilding Agreement, "military vessel", "military reserve vessel", or "essential security interest" on a case by case basis, as determined by the Secretary of Defense.

"(1) such vessel has been sold at less than fair value; and

"(2) the industry in the United States producing or capable of producing a like vessel is materially injured by reason of such sale.

"(b) DETERMINATION.—Upon receipt of a petition under subsection (a), the Trade Representative shall request the following determinations to be made in accordance with substantive and procedural requirements specified by the Trade Representative, notwithstanding any other provision of this title:

"(1) The administering authority shall determine whether there is reasonable cause to believe that the subject vessel has been sold at less than fair value.

"(2) The Commission shall determine whether there is reasonable cause to believe

that the industry in the United States is materially injured by reason of such sale.

"(c) COMPLAINT BY TRADE REPRESENTATIVE.—If the administering authority makes an affirmative determination under paragraph (1) of subsection (b), and the Commission makes an affirmative determination under paragraph (2) of subsection (b), the Trade Representative shall make application to the country of the buyer of the subject vessel for an injurious pricing action and relief similar to that available under section 808. The Trade Representative shall advise the petitioner of the proceedings undertaken by the third country in response to such application and shall permit the petitioner to participate in such proceedings to the greatest extent practicable."

"Sec. 861. Definitions.

"Subtitle A—Injurious Pricing Charge and Countermeasures

"SEC. 801. INJURIOUS PRICING CHARGE.

"(a) BASIS FOR CHARGE.—If—

"(1) the administering authority determines that a foreign vessel has been sold di-

rectly or indirectly to one or more United States buyers at less than its fair value, and

"(2) the Commission determines that—

"(A) an industry in the United States—

"(i) is or has been materially injured, or

"(ii) is threatened with material injury, or

"(B) the establishment of an industry in the United States is or has been materially retarded,

by reason of the sale of such vessel, then there shall be imposed upon the foreign producer of the subject vessel an injurious pricing charge, in an amount equal to the amount by which the normal value exceeds the export price for the vessel. For purposes of this subsection and section 805(b)(1), a reference to the sale of a foreign vessel includes the creation or transfer of an ownership interest in the vessel, except for an ownership interest created or acquired solely for the purpose of providing security for a normal commercial loan.

"(b) FOREIGN VESSELS NOT MERCHANDISE.—No foreign vessel may be considered to be, or to be part of, a class or kind of merchandise for purposes of subtitle B of title VII.

"SEC. 802. PROCEDURES FOR INITIATING AN INJURIOUS PRICING INVESTIGATION.

"(a) INITIATION BY ADMINISTERING AUTHORITY.—

"(1) GENERAL RULE.—Except in the case in which subsection (d)(6) applies, an injurious pricing investigation shall be initiated whenever the administering authority determines, from information available to it, that a formal investigation is warranted into the question of whether the elements necessary for the imposition of a charge under section 801(a) exist, and whether a producer described in section 861(17)(C) would meet the criteria of subsection (b)(1)(B) for a petitioner.

"(2) TIME FOR INITIATION BY ADMINISTERING AUTHORITY.—An investigation may only be initiated under paragraph (1) within 6 months after the time the administering authority first knew or should have known of the sale of the vessel. Any period in which subsection (d)(6)(A) applies shall not be included in calculating that 6-month period.

"(b) INITIATION BY PETITION.—

"(1) PETITION REQUIREMENTS.—(A) Except in a case in which subsection (d)(6) applies, an injurious pricing proceeding shall be initiated whenever an interested party, as defined in subparagraph (C), (D), (E), or (F) of section 861(17), files a petition with the administering authority, on behalf of an industry, which alleges the elements necessary for the imposition of an injurious pricing charge under section 801(a) and the elements required under subparagraph (B), (C), (D), or (E) of this paragraph, and which is accompanied by information reasonably available to the petitioner supporting those allegations and identifying the transaction concerned.

"(B)(i) If the petitioner is a producer described in section 861(17)(C), and—

"(I) if the petitioner was invited to tender a bid on the contract at issue, the petition shall include information indicating that the petitioner actually did so and the bid of the petitioner substantially met the delivery date and technical requirements of the bid, or

"(II) if the petitioner was not invited to tender a bid, the petition shall include information indicating that the petitioner was capable of building the vessel concerned and, if the petitioner knew or should have known of the proposed purchase, it made demonstrable efforts to conclude a sale with the United States buyer consistent with the delivery date and technical requirements of the buyer.

"(ii) For purposes of clause (i)(II), there is a rebuttable presumption that the petitioner

knew or should have known of the proposed purchase if it is demonstrated that—

"(I) the majority of the producers in the industry have made efforts with the United States buyer to conclude a sale of the subject vessel, or

"(II) general information on the sale was available from brokers, financiers, classification societies, charterers, trade associations, or other entities normally involved in shipbuilding transactions with whom the petitioner had regular contacts or dealings.

"(C) If the petitioner is an interested party described in section 861(17)(D), the petition shall include information indicating that members of the union or group of workers described in that section are employed by a producer that meets the requirements of subparagraph (B) of this paragraph.

"(D) If the petitioner is an interested party described in section 861(17)(E), the petition shall include information indicating that a member of the association described in that section is a producer that meets the requirements of subparagraph (B) of this paragraph.

"(E) If the petitioner is an interested party described in section 861(17)(F), the petition shall include information indicating that a member of the association described in that section meets the requirements of subparagraph (C) or (D) of this paragraph.

"(F) The petition may be amended at such time, and upon such conditions, as the administering authority and the Commission may permit.

"(2) SIMULTANEOUS FILING WITH COMMISSION.—The petitioner shall file a copy of the petition with the Commission on the same day as it is filed with the administering authority.

"(3) DEADLINE FOR FILING PETITION.—

"(A) DEADLINE.—(i) A petitioner to which paragraph (1)(B)(i)(I) applies shall file the petition no later than the earlier of—

"(I) 6 months after the time that the petitioner first knew or should have known of the sale of the subject vessel, or

"(II) 6 months after delivery of the subject vessel.

"(ii) A petitioner to which paragraph (1)(B)(i)(II) applies shall—

"(I) file the petition no later than the earlier of 9 months after the time that the petitioner first knew or should have known of the sale of the subject vessel, or 6 months after delivery of the subject vessel, and

"(II) submit to the administering authority a notice of intent to file a petition no later than 6 months after the time that the petitioner first knew or should have known of the sale (unless the petition itself is filed within that 6-month period).

"(B) PRESUMPTION OF KNOWLEDGE.—For purposes of this paragraph, if the existence of the sale, together with general information concerning the vessel, is published in the international trade press, there is a rebuttable presumption that the petitioner knew or should have known of the sale of the vessel from the date of that publication.

"(c) ACTIONS BEFORE INITIATING INVESTIGATIONS.—

"(1) NOTIFICATION OF GOVERNMENTS.—Before initiating an investigation under either subsection (a) or (b), the administering authority shall notify the government of the exporting country of the investigation. In the case of the initiation of an investigation under subsection (b), such notification shall include a public version of the petition.

"(2) ACCEPTANCE OF COMMUNICATIONS.—The administering authority shall not accept any unsolicited oral or written communication from any person other than an interested party described in section 861(17)(C), (D), (E), or (F) before the administering authority makes its decision whether to initiate an investigation pursuant to a petition, except for inquiries regarding the status of the admin-

istering authority's consideration of the petition or a request for consultation by the government of the exporting country.

"(3) NONDISCLOSURE OF CERTAIN INFORMATION.—The administering authority and the Commission shall not disclose information with regard to any draft petition submitted for review and comment before it is filed under subsection (b)(1).

"(d) PETITION DETERMINATION.—

"(1) TIME FOR INITIAL DETERMINATION.—(A) Within 45 days after the date on which a petition is filed under subsection (b), the administering authority shall, after examining, on the basis of sources readily available to the administering authority, the accuracy and adequacy of the evidence provided in the petition, determine whether the petition—

"(i) alleges the elements necessary for the imposition of an injurious pricing charge under section 801(a) and the elements required under subsection (b)(1)(B), (C), (D), or (E), and contains information reasonably available to the petitioner supporting the allegations; and

"(ii) determine if the petition has been filed by or on behalf of the industry.

"(B) Any period in which paragraph (6)(A) applies shall not be included in calculating the 45-day period described in subparagraph (A).

"(2) AFFIRMATIVE DETERMINATIONS.—If the determinations under clauses (i) and (ii) of paragraph (1)(A) are affirmative, the administering authority shall initiate an investigation to determine whether the vessel was sold at less than fair value, unless paragraph (6) applies.

"(3) NEGATIVE DETERMINATIONS.—If—

"(A) the determination under clause (i) or (ii) of paragraph (1)(A) is negative, or

"(B) paragraph (6)(B) applies,

the administering authority shall dismiss the petition, terminate the proceeding, and notify the petitioner in writing of the reasons for the determination.

"(4) DETERMINATION OF INDUSTRY SUPPORT.—

"(A) GENERAL RULE.—For purposes of this subsection, the administering authority shall determine that the petition has been filed by or on behalf of the domestic industry, if—

"(i) the domestic producers or workers who support the petition collectively account for at least 25 percent of the total capacity of domestic producers capable of producing a like vessel, and

"(ii) the domestic producers or workers who support the petition collectively account for more than 50 percent of the total capacity to produce a like vessel of that portion of the domestic industry expressing support for or opposition to the petition.

"(B) CERTAIN POSITIONS DISREGARDED.—In determining industry support under subparagraph (A), the administering authority shall disregard the position of domestic producers who oppose the petition, if such producers are related to the foreign producer or United States buyer of the subject vessel, or the domestic producer is itself the United States buyer, unless such domestic producers demonstrate that their interests as domestic producers would be adversely affected by the imposition of an injurious pricing charge.

"(C) POLLING THE INDUSTRY.—If the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total capacity to produce a like vessel—

"(i) the administering authority shall poll the industry or rely on other information in order to determine if there is support for the petition as required by subparagraph (A), or

"(ii) if there is a large number of producers in the industry, the administering authority may determine industry support for the peti-

tion by using any statistically valid sampling method to poll the industry.

"(D) COMMENTS BY INTERESTED PARTIES.—Before the administering authority makes a determination with respect to initiating an investigation, any person who would qualify as an interested party under section 861(17) if an investigation were initiated, may submit comments or information on the issue of industry support. After the administering authority makes a determination with respect to initiating an investigation, the determination regarding industry support shall not be reconsidered.

"(5) DEFINITION OF DOMESTIC PRODUCERS OR WORKERS.—For purposes of this subsection, the term 'domestic producers or workers' means interested parties as defined in section 861(17)(C), (D), (E), or (F).

"(6) PROCEEDINGS BY WTO MEMBERS.—The administering authority shall not initiate an investigation under this section if, with respect to the vessel sale at issue, an antidumping proceeding conducted by a WTO member who is not a Shipbuilding Agreement Party—

"(A) has been initiated and has been pending for not more than one year, or

"(B) has been completed and resulted in the imposition of antidumping measures or a negative determination with respect to whether the sale was at less than fair value or with respect to injury.

"(e) NOTIFICATION TO COMMISSION OF DETERMINATION.—The administering authority shall—

"(1) notify the Commission immediately of any determination it makes under subsection (a) or (d), and

"(2) if the determination is affirmative, make available to the Commission such information as it may have relating to the matter under investigation, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

"SEC. 803. PRELIMINARY DETERMINATIONS.

"(a) DETERMINATION BY COMMISSION OF REASONABLE INDICATION OF INJURY.—

"(1) GENERAL RULE.—Except in the case of a petition dismissed by the administering authority under section 802(d)(3), the Commission, within the time specified in paragraph (2), shall determine, based on the information available to it at the time of the determination, whether there is a reasonable indication that—

"(A) an industry in the United States—

"(i) is or has been materially injured, or

"(ii) is threatened with material injury, or

"(B) the establishment of an industry in the United States is or has been materially retarded,

by reason of the sale of the subject vessel. If the Commission makes a negative determination under this paragraph, the investigation shall be terminated.

"(2) TIME FOR COMMISSION DETERMINATION.—The Commission shall make the determination described in paragraph (1) within 90 days after the date on which the petition is filed or, in the case of an investigation initiated under section 802(a), within 90 days after the date on which the Commission receives notice from the administering authority that the investigation has been initiated.

"(b) PRELIMINARY DETERMINATION BY ADMINISTERING AUTHORITY.—

"(1) PERIOD OF INJURIOUS PRICING INVESTIGATION.—(A) The administering authority shall make a determination, based upon the information available to it at the time of the determination, of whether there is a reason-

able basis to believe or suspect that the subject vessel was sold at less than fair value.

"(B) If cost data is required to determine normal value on the basis of a sale of a foreign like vessel that has not been delivered on or before the date on which the administering authority initiates the investigation, the administering authority shall make its determination within 160 days after the date of delivery of the foreign like vessel.

"(C) If normal value is to be determined on the basis of constructed value, the administering authority shall make its determination within 160 days after the date of delivery of the subject vessel.

"(D) In cases in which subparagraph (B) or (C) does not apply, the administering authority shall make its determination within 160 days after the date on which the administering authority initiates the investigation under section 802.

"(E) In no event shall the administering authority make its determination before an affirmative determination is made by the Commission under subsection (a).

"(2) DE MINIMIS INJURIOUS PRICING MARGIN.—In making a determination under this subsection, the administering authority shall disregard any injurious pricing margin that is de minimis. For purposes of the preceding sentence, an injurious pricing margin is de minimis if the administering authority determines that the margin is less than 2 percent of the export price.

"(c) EXTENSION OF PERIOD IN EXTRAORDINARILY COMPLICATED CASES OR FOR GOOD CAUSE.—

"(1) IN GENERAL.—If—

"(A) the administering authority concludes that the parties concerned are cooperating and determines that—

"(i) the case is extraordinarily complicated by reason of—

"(I) the novelty of the issues presented, or

"(II) the nature and extent of the information required, and

"(ii) additional time is necessary to make the preliminary determination, or

"(B) a party to the investigation requests an extension and demonstrates good cause for the extension,

then the administering authority may postpone the time for making its preliminary determination.

"(2) LENGTH OF POSTPONEMENT.—The preliminary determination may be postponed under paragraph (1)(A) or (B) until not later than the 190th day after—

"(A) the date of delivery of the foreign like vessel, if subsection (b)(1)(B) applies,

"(B) the date of delivery of the subject vessel, if subsection (b)(1)(C) applies, or

"(C) the date on which the administering authority initiates an investigation under section 802, in a case in which subsection (b)(1)(D) applies.

"(3) NOTICE OF POSTPONEMENT.—The administering authority shall notify the parties to the investigation, not later than 20 days before the date on which the preliminary determination would otherwise be required under subsection (b)(1), if it intends to postpone making the preliminary determination under paragraph (1). The notification shall include an explanation of the reasons for the postponement, and notice of the postponement shall be published in the Federal Register.

"(d) EFFECT OF DETERMINATION BY THE ADMINISTERING AUTHORITY.—If the preliminary determination of the administering authority under subsection (b) is affirmative, the administering authority shall—

"(1) determine an estimated injurious pricing margin, and

"(2) make available to the Commission all information upon which its determination was based and which the Commission considers relevant to its injury determination,

under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

“(e) NOTICE OF DETERMINATION.—Whenever the Commission or the administering authority makes a determination under this section, the Commission or the administering authority, as the case may be, shall notify the petitioner, and other parties to the investigation, and the Commission or the administering authority (whichever is appropriate) of its determination. The administering authority shall include with such notification the facts and conclusions on which its determination is based. Not later than 5 days after the date on which the determination is required to be made under subsection (a)(2), the Commission shall transmit to the administering authority the facts and conclusions on which its determination is based.

“SEC. 804. TERMINATION OR SUSPENSION OF INVESTIGATION.

“(a) TERMINATION OF INVESTIGATION UPON WITHDRAWAL OF PETITION.—

“(1) IN GENERAL.—Except as provided in paragraph (2), an investigation under this subtitle may be terminated by either the administering authority or the Commission, after notice to all parties to the investigation, upon withdrawal of the petition by the petitioner.

“(2) LIMITATION ON TERMINATION BY COMMISSION.—The Commission may not terminate an investigation under paragraph (1) before a preliminary determination is made by the administering authority under section 803(b).

“(b) TERMINATION OF INVESTIGATIONS INITIATED BY ADMINISTERING AUTHORITY.—The administering authority may terminate any investigation initiated by the administering authority under section 802(a) after providing notice of such termination to all parties to the investigation.

“(c) ALTERNATE EQUIVALENT REMEDY.—The criteria set forth in subparagraphs (A) through (D) of section 806(e)(1) shall apply to any agreement that forms the basis for termination of an investigation under subsection (a) or (b).

“(d) PROCEEDINGS BY WTO MEMBERS.—

“(1) SUSPENSION OF INVESTIGATION.—The administering authority and the Commission shall suspend an investigation under this section if a WTO member that is not a Shipbuilding Agreement Party initiates an antidumping proceeding described in section 861(29)(A) with respect to the sale of the subject vessel.

“(2) TERMINATION OF INVESTIGATION.—If an antidumping proceeding described in paragraph (1) is concluded by—

“(A) the imposition of antidumping measures, or

“(B) a negative determination with respect to whether the sale is at less than fair value or with respect to injury, the administering authority and the Commission shall terminate the investigation under this section.

“(3) CONTINUATION OF INVESTIGATION.—(A) If such a proceeding—

“(i) is concluded by a result other than a result described in paragraph (2), or

“(ii) is not concluded within one year from the date of the initiation of the proceeding, then the administering authority and the Commission shall terminate the suspension and continue the investigation. The period in which the investigation was suspended shall not be included in calculating deadlines applicable with respect to the investigation.

“(B) Notwithstanding subparagraph (A)(ii), if the proceeding is concluded by a result de-

scribed in paragraph (2)(A), the administering authority and the Commission shall terminate the investigation under this section.

“SEC. 805. FINAL DETERMINATIONS.

“(a) DETERMINATIONS BY ADMINISTERING AUTHORITY.—

“(1) IN GENERAL.—Within 75 days after the date of its preliminary determination under section 803(b), the administering authority shall make a final determination of whether the vessel which is the subject of the investigation has been sold in the United States at less than its fair value.

“(2) EXTENSION OF PERIOD FOR DETERMINATION.—(A) The administering authority may postpone making the final determination under paragraph (1) until not later than 290 days after—

“(i) the date of delivery of the foreign like vessel, in an investigation to which section 803(b)(1)(B) applies,

“(ii) the date of delivery of the subject vessel, in an investigation to which section 803(b)(1)(C) applies, or

“(iii) the date on which the administering authority initiates the investigation under section 802, in an investigation to which section 803(b)(1)(D) applies.

“(B) The administering authority may apply subparagraph (A) if a request in writing is made by—

“(i) the producer of the subject vessel, in a proceeding in which the preliminary determination by the administering authority under section 803(b) was affirmative, or

“(ii) the petitioner, in a proceeding in which the preliminary determination by the administering authority under section 803(b) was negative.

“(3) DE MINIMIS INJURIOUS PRICING MARGIN.—In making a determination under this subsection, the administering authority shall disregard any injurious pricing margin that is de minimis as defined in section 803(b)(2).

“(b) FINAL DETERMINATION BY COMMISSION.—

“(1) IN GENERAL.—The Commission shall make a final determination of whether—

“(A) an industry in the United States—

“(i) is or has been materially injured, or

“(ii) is threatened with material injury, or

“(B) the establishment of an industry in the United States is or has been materially retarded,

by reason of the sale of the vessel with respect to which the administering authority has made an affirmative determination under subsection (a)(1).

“(2) PERIOD FOR INJURY DETERMINATION FOLLOWING AFFIRMATIVE PRELIMINARY DETERMINATION BY ADMINISTERING AUTHORITY.—If the preliminary determination by the administering authority under section 803(b) is affirmative, then the Commission shall make the determination required by paragraph (1) before the later of—

“(A) the 120th day after the day on which the administering authority makes its affirmative preliminary determination under section 803(b), or

“(B) the 45th day after the day on which the administering authority makes its affirmative final determination under subsection (a).

“(3) PERIOD FOR INJURY DETERMINATION FOLLOWING NEGATIVE PRELIMINARY DETERMINATION BY ADMINISTERING AUTHORITY.—If the preliminary determination by the administering authority under section 803(b) is negative, and its final determination under subsection (a) is affirmative, then the final determination by the Commission under this subsection shall be made within 75 days after the date of that affirmative final determination.

“(c) EFFECT OF FINAL DETERMINATIONS.—

“(1) EFFECT OF AFFIRMATIVE DETERMINATION BY THE ADMINISTERING AUTHORITY.—If the determination of the administering authority under subsection (a) is affirmative, then the administering authority shall—

“(A) make available to the Commission all information upon which such determination was based and which the Commission considers relevant to its determination, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority, and

“(B) calculate an injurious pricing charge in an amount equal to the amount by which the normal value exceeds the export price of the subject vessel.

“(2) ISSUANCE OF ORDER; EFFECT OF NEGATIVE DETERMINATION.—If the determinations of the administering authority and the Commission under subsections (a)(1) and (b)(1) are affirmative, then the administering authority shall issue an injurious pricing order under section 806. If either of such determinations is negative, the investigation shall be terminated upon the publication of notice of that negative determination.

“(d) PUBLICATION OF NOTICE OF DETERMINATIONS.—Whenever the administering authority or the Commission makes a determination under this section, it shall notify the petitioner, other parties to the investigation, and the other agency of its determination and of the facts and conclusions of law upon which the determination is based, and it shall publish notice of its determination in the Federal Register.

“(e) CORRECTION OF MINISTERIAL ERRORS.—The administering authority shall establish procedures for the correction of ministerial errors in final determinations within a reasonable time after the determinations are issued under this section. Such procedures shall ensure opportunity for interested parties to present their views regarding any such errors. As used in this subsection, the term ‘ministerial error’ includes errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.

“SEC. 806. IMPOSITION AND COLLECTION OF INJURIOUS PRICING CHARGE.

“(a) IN GENERAL.—Within 10 days after being notified by the Commission of an affirmative determination under section 805(b), the administering authority shall publish an order imposing an injurious pricing charge on the foreign producer of the subject vessel which—

“(1) directs the foreign producer of the subject vessel to pay to the Secretary of the Treasury, or the designee of the Secretary, within 180 days from the date of publication of the order, an injurious pricing charge in an amount equal to the amount by which the normal value exceeds the export price of the subject vessel,

“(2) includes the identity and location of the foreign producer and a description of the subject vessel, in such detail as the administering authority deems necessary, and

“(3) informs the foreign producer that—

“(A) failure to pay the injurious pricing charge in a timely fashion may result in the imposition of countermeasures with respect to that producer under section 807,

“(B) payment made after the deadline described in paragraph (1) shall be subject to interest charges at the Commercial Interest Reference Rate (CIRR), and

“(C) the foreign producer may request an extension of the due date for payment under subsection (b).

“(b) EXTENSION OF DUE DATE FOR PAYMENT IN EXTRAORDINARY CIRCUMSTANCES.—

“(1) EXTENSION.—Upon request, the administering authority may amend the order under subsection (a) to set a due date for payment or payments later than the date that is 180 days from the date of publication of the order, if the administering authority determines that full payment in 180 days would render the producer insolvent or would be incompatible with a judicially supervised reorganization. When an extended payment schedule provides for a series of partial payments, the administering authority shall specify the circumstances under which default on one or more payments will result in the imposition of countermeasures.

“(2) INTEREST CHARGES.—If a request is granted under paragraph (1), payments made after the date that is 180 days from the publication of the order shall be subject to interest charges at the CIRR.

“(c) NOTIFICATION OF ORDER.—The administering authority shall deliver a copy of the order requesting payment to the foreign producer of the subject vessel and to an appropriate representative of the government of the exporting country.

“(d) REVOCATION OF ORDER.—The administering authority—

“(1) may revoke an injurious pricing order if the administering authority determines that producers accounting for substantially all of the capacity to produce a domestic like vessel have expressed a lack of interest in the order, and

“(2) shall revoke an injurious pricing order—

“(A) if the sale of the vessel that was the subject of the injurious pricing determination is voided,

“(B) if the injurious pricing charge is paid in full, including any interest accrued for late payment,

“(C) upon full implementation of an alternative equivalent remedy described in subsection (e), or

“(D) if, with respect to the vessel sale that was at issue in the investigation that resulted in the injurious pricing order, an anti-dumping proceeding conducted by a WTO member who is not a Shipbuilding Agreement Party has been completed and resulted in the imposition of antidumping measures.

“(e) ALTERNATIVE EQUIVALENT REMEDY.—

“(1) AGREEMENT FOR ALTERNATE REMEDY.—The administering authority may suspend an injurious pricing order if the administering authority enters into an agreement with the foreign producer subject to the order on an alternative equivalent remedy, that the administering authority determines—

“(A) is at least as effective a remedy as the injurious pricing charge,

“(B) is in the public interest,

“(C) can be effectively monitored and enforced, and

“(D) is otherwise consistent with the domestic law and international obligations of the United States.

“(2) PRIOR CONSULTATIONS AND SUBMISSION OF COMMENTS.—Before entering into an agreement under paragraph (1), the administering authority shall consult with the industry, and provide for the submission of comments by interested parties, with respect to the agreement.

“(3) MATERIAL VIOLATIONS OF AGREEMENT.—If the injurious pricing order has been suspended under paragraph (1), and the administering authority determines that the foreign producer concerned has materially violated the terms of the agreement under paragraph (1), the administering authority shall terminate the suspension.

“SEC. 807. IMPOSITION OF COUNTERMEASURES.

“(a) GENERAL RULE.—

“(1) ISSUANCE OF ORDER IMPOSING COUNTERMEASURES.—Unless an injurious pricing order

is revoked or suspended under section 806 (d) or (e), the administering authority shall issue an order imposing countermeasures.

“(2) CONTENTS OF ORDER.—The countermeasure order shall—

“(A) state that, as provided in section 468, a permit to lade or unlade passengers or merchandise may not be issued with respect to vessels contracted to be built by the foreign producer of the vessel with respect to which an injurious pricing order was issued under section 806, and

“(B) specify the scope and duration of the prohibition on the issuance of a permit to lade or unlade passengers or merchandise.

“(b) NOTICE OF INTENT TO IMPOSE COUNTERMEASURES.—

“(1) GENERAL RULE.—The administering authority shall issue a notice of intent to impose countermeasures not later than 30 days before the expiration of the time for payment specified in the injurious pricing order (or extended payment provided for under section 806(b)), and shall publish the notice in the Federal Register within 7 days after issuing the notice.

“(2) ELEMENTS OF THE NOTICE OF INTENT.—The notice of intent shall contain at least the following elements:

“(A) SCOPE.—A permit to lade or unlade passengers or merchandise may not be issued with respect to any vessel—

“(i) built by the foreign producer subject to the proposed countermeasures, and

“(ii) with respect to which the material terms of sale are established within a period of 4 consecutive years beginning on the date that is 30 days after publication in the Federal Register of the notice of intent described in paragraph (1).

“(B) DURATION.—For each vessel described in subparagraph (A), a permit to lade or unlade passengers or merchandise may not be issued for a period of 4 years after the date of delivery of the vessel.

“(c) DETERMINATION TO IMPOSE COUNTERMEASURES; ORDER.—

“(1) GENERAL RULE.—The administering authority shall, within the time specified in paragraph (2), issue a determination and order imposing countermeasures.

“(2) TIME FOR DETERMINATION.—The determination shall be issued within 90 days after the date on which the notice of intent to impose countermeasures under subsection (b) is published in the Federal Register. The administering authority shall publish the determination, and the order described in paragraph (4), in the Federal Register within 7 days after issuing the final determination, and shall provide a copy of the determination and order to the Customs Service.

“(3) CONTENT OF THE DETERMINATION.—In the determination imposing countermeasures, the administering authority shall determine whether, in light of all of the circumstances, an interested party has demonstrated that the scope or duration of the countermeasures described in subsection (b)(2) should be narrower or shorter than the scope or duration set forth in the notice of intent to impose countermeasures.

“(4) ORDER.—At the same time it issues its determination, the administering authority shall issue an order imposing countermeasures, consistent with its determination.

“(d) ADMINISTRATIVE REVIEW OF DETERMINATION TO IMPOSE COUNTERMEASURES.—

“(1) REQUEST FOR REVIEW.—Each year, in the anniversary month of the issuance of the order imposing countermeasures under subsection (c), the administering authority shall publish in the Federal Register a notice providing that interested parties may request—

“(A) a review of the scope or duration of the countermeasures determined under subsection (c)(3), and

“(B) a hearing in connection with such a review.

“(2) REVIEW.—If a proper request has been received under paragraph (1), the administering authority shall—

“(A) publish notice of initiation of a review in the Federal Register not later than 15 days after the end of the anniversary month of the issuance of the order imposing countermeasures, and

“(B) review and determine whether the requesting party has demonstrated that the scope or duration of the countermeasures is excessive in light of all of the circumstances.

“(3) TIME FOR REVIEW.—The administering authority shall make its determination under paragraph (2)(B) within 90 days after the date on which the notice of initiation of the review is published. If the determination under paragraph (2)(B) is affirmative, the administering authority shall amend the order accordingly. The administering authority shall promptly publish the determination and any amendment to the order in the Federal Register, and shall provide a copy of any amended order to the Customs Service. In extraordinary circumstances, the administering authority may extend the time for its determination under paragraph (2)(B) to not later than 150 days after the date on which the notice of initiation of the review is published.

“(e) EXTENSION OF COUNTERMEASURES.—

“(1) REQUEST FOR EXTENSION.—Within the time described in paragraph (2), an interested party may file with the administering authority a request that the scope or duration of countermeasures be extended.

“(2) DEADLINE FOR REQUEST FOR EXTENSION.—

“(A) REQUEST FOR EXTENSION BEYOND 4 YEARS.—If the request seeks an extension that would cause the scope or duration of countermeasures to exceed 4 years, including any prior extensions, the request for extension under paragraph (1) shall be filed not earlier than the date that is 15 months, and not later than the date that is 12 months, before the date that marks the end of the period that specifies the vessels that fall within the scope of the order by virtue of the establishment of material terms of sale within that period.

“(B) OTHER REQUESTS.—If the request seeks an extension under paragraph (1) other than one described in subparagraph (A), the request shall be filed not earlier than the date that is 6 months, and not later than a date that is 3 months, before the date that marks the end of the period referred to in subparagraph (A).

“(3) DETERMINATION.—

“(A) NOTICE OF REQUEST FOR EXTENSION.—If a proper request has been received under paragraph (1), the administering authority shall publish notice of initiation of an extension proceeding in the Federal Register not later than 15 days after the applicable deadline in paragraph (2) for requesting the extension.

“(B) PROCEDURES.—

“(i) REQUESTS FOR EXTENSION BEYOND 4 YEARS.—If paragraph (2)(A) applies to the request, the administering authority shall consult with the Trade Representative under paragraph (4).

“(ii) OTHER REQUESTS.—If paragraph (2)(B) applies to the request, the administering authority shall determine, within 90 days after the date on which the notice of initiation of the proceeding is published, whether the requesting party has demonstrated that the scope or duration of the countermeasures is inadequate in light of all of the circumstances. If the administering authority determines that an extension is warranted, it shall amend the countermeasure order accordingly. The administering authority shall promptly publish the determination and any amendment to the order in the Federal Reg-

ister, and shall provide a copy of any amended order to the Customs Service.

“(4) CONSULTATION WITH TRADE REPRESENTATIVE.—If paragraph (3)(B)(i) applies, the administering authority shall consult with the Trade Representative concerning whether it would be appropriate to request establishment of a dispute settlement panel under the Shipbuilding Agreement for the purpose of seeking authorization to extend the scope or duration of countermeasures for a period in excess of 4 years.

“(5) DECISION NOT TO REQUEST PANEL.—If, based on consultations under paragraph (4), the Trade Representative decides not to request establishment of a panel, the Trade Representative shall inform the party requesting the extension of the countermeasures of the reasons for its decision in writing. The decision shall not be subject to judicial review.

“(6) PANEL PROCEEDINGS.—If, based on consultations under paragraph (4), the Trade Representative requests the establishment of a panel under the Shipbuilding Agreement to authorize an extension of the period of countermeasures, and the panel authorizes such an extension, the administering authority shall promptly amend the countermeasure order. The administering authority shall publish notice of the amendment in the Federal Register.

“(f) LIST OF VESSELS SUBJECT TO COUNTERMEASURES.—

“(1) GENERAL RULE.—At least once during each 12-month period beginning on the anniversary date of a determination to impose countermeasures under this section, the administering authority shall publish in the Federal Register a list of all delivered vessels subject to countermeasures under the determination.

“(2) CONTENT OF LIST.—The list under paragraph (1) shall include the following information for each vessel, to the extent the information is available:

“(A) The name and general description of the vessel.

“(B) The vessel identification number.

“(C) The shipyard where the vessel was constructed.

“(D) The last-known registry of the vessel.

“(E) The name and address of the last-known owner of the vessel.

“(F) The delivery date of the vessel.

“(G) The remaining duration of countermeasures on the vessel.

“(H) Any other identifying information available.

“(3) AMENDMENT OF LIST.—The administering authority may amend the list from time to time to reflect new information that comes to its attention and shall publish any amendments in the Federal Register.

“(4) SERVICE OF LIST AND AMENDMENTS.—(A) The administering authority shall serve a copy of the list described in paragraph (1) on—

“(i) the petitioner under section 802(b),

“(ii) the United States Customs Service,

“(iii) the Secretariat of the Organization for Economic Cooperation and Development,

“(iv) the owners of vessels on the list,

“(v) the shipyards on the list, and

“(vi) the government of the country in which a shipyard on the list is located.

“(B) The administering authority shall serve a copy of any amendments to the list under paragraph (3) or subsection (g)(3) on—

“(i) the parties listed in clauses (i), (ii), and (iii) of subparagraph (A), and,

“(ii) if the amendment affects their interests, the parties listed in clauses (iv), (v), and (vi) of subparagraph (A).

“(g) ADMINISTRATIVE REVIEW OF LIST OF VESSELS SUBJECT TO COUNTERMEASURES.—

“(1) REQUEST FOR REVIEW.—(A) An interested party may request in writing a review of the list described in subsection (f)(1), in-

cluding any amendments thereto, to determine whether—

“(i) a vessel included in the list does not fall within the scope of the applicable countermeasure order and should be deleted, or

“(ii) a vessel not included in the list falls within the scope of the applicable countermeasure order and should be added.

“(B) Any request seeking a determination described in subparagraph (A)(i) shall be made within 90 days after the date of publication of the applicable list.

“(2) REVIEW.—If a proper request for review has been received, the administering authority shall—

“(A) publish notice of initiation of a review in the Federal Register—

“(i) not later than 15 days after the request is received, or

“(ii) if the request seeks a determination described in paragraph (1)(A)(i), not later than 15 days after the deadline described in paragraph (1)(B), and

“(B) review and determine whether the requesting party has demonstrated that—

“(i) a vessel included in the list does not qualify for such inclusion, or

“(ii) a vessel not included in the list qualifies for inclusion.

“(3) TIME FOR DETERMINATION.—The administering authority shall make its determination under paragraph (2)(B) within 90 days after the date on which the notice of initiation of such review is published. If the administering authority determines that a vessel should be added or deleted from the list, the administering authority shall amend the list accordingly. The administering authority shall promptly publish in the Federal Register the determination and any such amendment to the list.

“(h) EXPIRATION OF COUNTERMEASURES.—Upon expiration of a countermeasure order imposed under this section, the administering authority shall promptly publish a notice of the expiration in the Federal Register.

“(i) SUSPENSION OR TERMINATION OF PROCEEDINGS OR COUNTERMEASURES; TEMPORARY REDUCTION OF COUNTERMEASURES.—

“(1) IF INJURIOUS PRICING ORDER REVOKED OR SUSPENDED.—If an injurious pricing order has been revoked or suspended under section 806(d) or (e), the administering authority shall, as appropriate, suspend or terminate proceedings under this section with respect to that order, or suspend or revoke a countermeasure order issued with respect to that injurious pricing order.

“(2) IF PAYMENT DATE AMENDED.—(A) Subject to subparagraph (C), if the payment date under an injurious pricing order is amended under section 845, the administering authority shall, as appropriate, suspend proceedings or modify deadlines under this section, or suspend or amend a countermeasure order issued with respect to that injurious pricing order.

“(B) In taking action under subparagraph (A), the administering authority shall ensure that countermeasures are not applied before the date that is 30 days after publication in the Federal Register of the amended payment date.

“(C) If—

“(i) a countermeasure order is issued under subsection (c) before an amendment is made under section 845 to the payment date of the injurious pricing order to which the countermeasure order applies, and

“(ii) the administering authority determines that the period of time between the original payment date and the amended payment date is significant for purposes of determining the appropriate scope or duration of countermeasures,

the administering authority may, in lieu of acting under subparagraph (A), reinstitute proceedings under subsection (c) for purposes

of issuing a new determination under that subsection.

“(j) COMMENT AND HEARING.—In the course of any proceeding under subsection (c), (d), (e), or (g), the administering authority—

“(1) shall solicit comments from interested parties, and

“(2)(A) in a proceeding under subsection (c) or (d), upon the request of an interested party, shall hold a hearing in accordance with section 841(b) in connection with that proceeding, or

“(B) in a proceeding under subsection (e) or (g), upon the request of an interested party, may hold a hearing in accordance with section 841(b) in connection with that proceeding.

“SEC. 808. INJURIOUS PRICING PETITIONS BY THIRD COUNTRIES.

“(a) FILING OF PETITION.—The government of a Shipbuilding Agreement Party may file with the Trade Representative a petition requesting that an investigation be conducted to determine if—

“(1) a vessel from another Shipbuilding Agreement Party has been sold in the United States at less than fair value, and

“(2) an industry, in the petitioning country, producing or capable of producing a like vessel is materially injured by reason of such sale.

“(b) INITIATION.—The Trade Representative, after consultation with the administering authority and the Commission and obtaining the approval of the Parties Group under the Shipbuilding Agreement, shall determine whether to initiate an investigation described in subsection (a).

“(c) DETERMINATIONS.—Upon initiation of an investigation under subsection (a), the Trade Representative shall request the following determinations be made in accordance with substantive and procedural requirements specified by the Trade Representative, notwithstanding any other provision of this title:

“(1) The administering authority shall determine whether the subject vessel has been sold at less than fair value.

“(2) The Commission shall determine whether an industry in the petitioning country is materially injured by reason of the sale of the subject vessel in the United States.

“(d) PUBLIC COMMENT.—An opportunity for public comment shall be provided, as appropriate—

“(1) by the Trade Representative, in making the determinations required by subsection (b), and

“(2) by the administering authority and the Commission, in making the determinations required by subsection (c).

“(e) ISSUANCE OF ORDER.—If the administering authority makes an affirmative determination under paragraph (1) of subsection (c), and the Commission makes an affirmative determination under paragraph (2) of subsection (c), the administering authority shall—

“(1) order an injurious pricing charge in accordance with section 806, and

“(2) make such determinations and take such other actions as are required by sections 806 and 807, as if affirmative determinations had been made under subsections (a) and (b) of section 805.

“(f) REVIEWS OF DETERMINATIONS.—For purposes of review under section 516B, if an order is issued under subsection (e)—

“(1) the final determinations of the administering authority and the Commission under subsection (c) shall be treated as final determinations made under section 805, and

“(2) determinations of the administering authority under subsection (e)(2) shall be treated as determinations made under section 806 or 807, as the case may be.

“(g) ACCESS TO INFORMATION.—Section 843 shall apply to investigations under this section, to the extent specified by the Trade Representative, after consultation with the administering authority and the Commission.

“SEC. 809. THIRD COUNTRY SALES.

“(a) FILING OF PETITION.—Any interested party that would be eligible to file a petition under section 802(b)(1) with respect to a sale if such sale had been to a United States buyer may, with respect to a sale of a vessel by a foreign producer in a Shipbuilding Agreement Party to a buyer in a third country that is a Shipbuilding Agreement Party, file with the Trade Representative a petition alleging that—

“(1) such vessel has been sold at less than fair value; and

“(2) the industry in the United States producing or capable of producing a like vessel is materially injured by reason of such sale.

“(b) DETERMINATION.—Upon receipt of a petition under subsection (a), the Trade Representative shall request the following determinations to be made in accordance with substantive and procedural requirements specified by the Trade Representative, notwithstanding any other provision of this title:

“(1) The administering authority shall determine whether there is reasonable cause to believe that the subject vessel has been sold at less than fair value.

“(2) The Commission shall determine whether there is reasonable cause to believe that the industry in the United States is materially injured by reason of such sale.

“(c) COMPLAINT BY TRADE REPRESENTATIVE.—If the administering authority makes an affirmative determination under paragraph (1) of subsection (b), and the Commission makes an affirmative determination under paragraph (2) of subsection (b), the Trade Representative shall make application to the country of the buyer of the subject vessel for an injurious pricing action and relief similar to that available under section 808. The Trade Representative shall advise the petitioner of the proceedings undertaken by the third country in response to such application and shall permit the petitioner to participate in such proceedings to the greatest extent practicable.

“Subtitle B—Special Rules

“SEC. 821. EXPORT PRICE.

“(a) EXPORT PRICE.—For purposes of this title, the term ‘export price’ means the price at which the subject vessel is first sold (or agreed to be sold) by or for the account of the foreign producer of the subject vessel to an unaffiliated United States buyer. The term ‘sold (or agreed to be sold) by or for the account of the foreign producer’ includes any transfer of an ownership interest, including by way of lease or long-term bareboat charter, in conjunction with the original transfer from the producer, either directly or indirectly, to a United States buyer.

“(b) ADJUSTMENTS TO EXPORT PRICE.—The price used to establish export price shall be—

“(1) increased by the amount of any import duties imposed by the country of exportation which have been rebated, or which have not been collected, by reason of the exportation of the subject vessel, and

“(2) reduced by—

“(A) the amount, if any, included in such price, attributable to any additional costs, charges, or expenses which are incident to bringing the subject vessel from the shipyard in the exporting country to the place of delivery,

“(B) the amount, if included in such price, of any export tax, duty, or other charge imposed by the exporting country on the exportation of the subject vessel, and

“(C) all other expenses incidental to placing the vessel in condition for delivery to the buyer.

“SEC. 822. NORMAL VALUE.

“(a) DETERMINATION.—In determining under this title whether a subject vessel has been sold at less than fair value, a fair comparison shall be made between the export price and normal value of the subject vessel. In order to achieve a fair comparison with the export price, normal value shall be determined as follows:

“(1) DETERMINATION OF NORMAL VALUE.—

“(A) IN GENERAL.—The normal value of the subject vessel shall be the price described in subparagraph (B), at a time reasonably corresponding to the time of the sale used to determine the export price under section 821(a).

“(B) PRICE.—The price referred to in subparagraph (A) is—

“(i) the price at which a foreign like vessel is first sold in the exporting country, in the ordinary course of trade and, to the extent practicable, at the same level of trade, or

“(ii) in a case to which subparagraph (C) applies, the price at which a foreign like vessel is so sold for consumption in a country other than the exporting country or the United States, if—

“(I) such price is representative, and

“(II) the administering authority does not determine that the particular market situation in such other country prevents a proper comparison with the export price.

“(C) THIRD COUNTRY SALES.—This subparagraph applies when—

“(i) a foreign like vessel is not sold in the exporting country as described in subparagraph (B)(i), or

“(ii) the particular market situation in the exporting country does not permit a proper comparison with the export price.

“(D) CONTEMPORANEOUS SALE.—For purposes of subparagraph (A), ‘a time reasonably corresponding to the time of the sale’ means within 3 months before or after the sale of the subject vessel or, in the absence of such sales, such longer period as the administering authority determines would be appropriate.

“(2) FICTITIOUS MARKETS.—No pretended sale, and no sale intended to establish a fictitious market, shall be taken into account in determining normal value.

“(3) USE OF CONSTRUCTED VALUE.—If the administering authority determines that the normal value of the subject vessel cannot be determined under paragraph (1)(B) or (1)(C), then the normal value of the subject vessel shall be the constructed value of that vessel, as determined under subsection (e).

“(4) INDIRECT SALES.—If a foreign like vessel is sold through an affiliated party, the price at which the foreign like vessel is sold by such affiliated party may be used in determining normal value.

“(5) ADJUSTMENTS.—The price described in paragraph (1)(B) shall be—

“(A) reduced by—

“(i) the amount, if any, included in the price described in paragraph (1)(B), attributable to any costs, charges, and expenses incident to bringing the foreign like vessel from the shipyard to the place of delivery to the purchaser,

“(ii) the amount of any taxes imposed directly upon the foreign like vessel or components thereof which have been rebated, or which have not been collected, on the subject vessel, but only to the extent that such taxes are added to or included in the price of the foreign like vessel, and

“(iii) the amount of all other expenses incidental to placing the foreign like vessel in condition for delivery to the buyer, and

“(B) increased or decreased by the amount of any difference (or lack thereof) between the export price and the price described in

paragraph (1)(B) (other than a difference for which allowance is otherwise provided under this section) that is established to the satisfaction of the administering authority to be wholly or partly due to—

“(i) physical differences between the subject vessel and the vessel used in determining normal value, or

“(ii) other differences in the circumstances of sale.

“(6) ADJUSTMENTS FOR LEVEL OF TRADE.—The price described in paragraph (1)(B) shall also be increased or decreased to make due allowance for any difference (or lack thereof) between the export price and the price described in paragraph (1)(B) (other than a difference for which allowance is otherwise made under this section) that is shown to be wholly or partly due to a difference in level of trade between the export price and normal value, if the difference in level of trade—

“(A) involves the performance of different selling activities, and

“(B) is demonstrated to affect price comparability, based on a pattern of consistent price differences between sales at different levels of trade in the country in which normal value is determined.

In a case described in the preceding sentence, the amount of the adjustment shall be based on the price differences between the two levels of trade in the country in which normal value is determined.

“(7) ADJUSTMENTS TO CONSTRUCTED VALUE.—Constructed value as determined under subsection (d) may be adjusted, as appropriate, pursuant to this subsection.

“(b) SALES AT LESS THAN COST OF PRODUCTION.—

“(1) DETERMINATION; SALES DISREGARDED.—Whenever the administering authority has reasonable grounds to believe or suspect that the sale of the foreign like vessel under consideration for the determination of normal value has been made at a price which represents less than the cost of production of the foreign like vessel, the administering authority shall determine whether, in fact, such sale was made at less than the cost of production. If the administering authority determines that the sale was made at less than the cost of production and was not at a price which permits recovery of all costs within 5 years, such sale may be disregarded in the determination of normal value. Whenever such a sale is disregarded, normal value shall be based on another sale of a foreign like vessel in the ordinary course of trade. If no sales made in the ordinary course of trade remain, the normal value shall be based on the constructed value of the subject vessel.

“(2) DEFINITIONS AND SPECIAL RULES.—For purposes of this subsection:

“(A) REASONABLE GROUNDS TO BELIEVE OR SUSPECT.—There are reasonable grounds to believe or suspect that the sale of a foreign like vessel was made at a price that is less than the cost of production of the vessel, if an interested party described in subparagraph (C), (D), (E), or (F) of section 861(17) provides information, based upon observed prices or constructed prices or costs, that the sale of the foreign like vessel under consideration for the determination of normal value has been made at a price which represents less than the cost of production of the vessel.

“(B) RECOVERY OF COSTS.—If the price is below the cost of production at the time of sale but is above the weighted average cost of production for the period of investigation, such price shall be considered to provide for recovery of costs within 5 years.

“(3) CALCULATION OF COST OF PRODUCTION.—For purposes of this section, the cost of production shall be an amount equal to the sum of—

“(A) the cost of materials and of fabrication or other processing of any kind em-

ployed in producing the foreign like vessel, during a period which would ordinarily permit the production of that vessel in the ordinary course of business, and

“(B) an amount for selling, general, and administrative expenses based on actual data pertaining to the production and sale of the foreign like vessel by the producer in question.

For purposes of subparagraph (A), if the normal value is based on the price of the foreign like vessel sold in a country other than the exporting country, the cost of materials shall be determined without regard to any internal tax in the exporting country imposed on such materials or on their disposition which are remitted or refunded upon exportation.

“(C) NONMARKET ECONOMY COUNTRIES.—

“(1) IN GENERAL.—If—

“(A) the subject vessel is produced in a nonmarket economy country, and

“(B) the administering authority finds that available information does not permit the normal value of the subject vessel to be determined under subsection (a),

the administering authority shall determine the normal value of the subject vessel on the basis of the value of the factors of production utilized in producing the vessel and to which shall be added an amount for general expenses and profit plus the cost of expenses incidental to placing the vessel in a condition for delivery to the buyer. Except as provided in paragraph (2), the valuation of the factors of production shall be based on the best available information regarding the values of such factors in a market economy country or countries considered to be appropriate by the administering authority.

“(2) EXCEPTION.—If the administering authority finds that the available information is inadequate for purposes of determining the normal value of the subject vessel under paragraph (1), the administering authority shall determine the normal value on the basis of the price at which a vessel that is—

“(A) comparable to the subject vessel, and

“(B) produced in one or more market economy countries that are at a level of economic development comparable to that of the nonmarket economy country, is sold in other countries, including the United States.

“(3) FACTORS OF PRODUCTION.—For purposes of paragraph (1), the factors of production utilized in producing the vessel include, but are not limited to—

“(A) hours of labor required,

“(B) quantities of raw materials employed,

“(C) amounts of energy and other utilities consumed, and

“(D) representative capital cost, including depreciation.

“(4) VALUATION OF FACTORS OF PRODUCTION.—The administering authority, in valuing factors of production under paragraph (1), shall utilize, to the extent possible, the prices or costs of factors of production in one or more market economy countries that are—

“(A) at a level of economic development comparable to that of the nonmarket economy country, and

“(B) significant producers of comparable vessels.

“(d) SPECIAL RULE FOR CERTAIN MULTINATIONAL CORPORATIONS.—Whenever, in the course of an investigation under this title, the administering authority determines that—

“(1) the subject vessel was produced in facilities which are owned or controlled, directly or indirectly, by a person, firm, or corporation which also owns or controls, directly or indirectly, other facilities for the production of a foreign like vessel which are located in another country or countries,

“(2) subsection (a)(1)(C) applies, and

“(3) the normal value of a foreign like vessel produced in one or more of the facilities outside the exporting country is higher than the normal value of the foreign like vessel produced in the facilities located in the exporting country,

the administering authority shall determine the normal value of the subject vessel by reference to the normal value at which a foreign like vessel is sold from one or more facilities outside the exporting country. The administering authority, in making any determination under this subsection, shall make adjustments for the difference between the costs of production (including taxes, labor, materials, and overhead) of the foreign like vessel produced in facilities outside the exporting country and costs of production of the foreign like vessel produced in facilities in the exporting country, if such differences are demonstrated to its satisfaction.

“(e) CONSTRUCTED VALUE.—

“(1) IN GENERAL.—For purposes of this title, the constructed value of a subject vessel shall be an amount equal to the sum of—

“(A) the cost of materials and fabrication or other processing of any kind employed in producing the subject vessel, during a period which would ordinarily permit the production of the vessel in the ordinary course of business, and

“(B)(i) the actual amounts incurred and realized by the foreign producer of the subject vessel for selling, general, and administrative expenses, and for profits, in connection with the production and sale of a foreign like vessel, in the ordinary course of trade, in the domestic market of the country of origin of the subject vessel, or

“(ii) if actual data are not available with respect to the amounts described in clause (i), then—

“(I) the actual amounts incurred and realized by the foreign producer of the subject vessel for selling, general, and administrative expenses, and for profits, in connection with the production and sale of the same general category of vessel in the domestic market of the country of origin of the subject vessel,

“(II) the weighted average of the actual amounts incurred and realized by producers in the country of origin of the subject vessel (other than the producer of the subject vessel) for selling, general, and administrative expenses, and for profits, in connection with the production and sale of a foreign like vessel, in the ordinary course of trade, in the domestic market, or

“(III) if data is not available under subclause (I) or (II), the amounts incurred and realized for selling, general, and administrative expenses, and for profits, based on any other reasonable method, except that the amount allowed for profit may not exceed the amount normally realized by foreign producers (other than the producer of the subject vessel) in connection with the sale of vessels in the same general category of vessel as the subject vessel in the domestic market of the country of origin of the subject vessel.

The profit shall, for purposes of this paragraph, be based on the average profit realized over a reasonable period of time before and after the sale of the subject vessel and shall reflect a reasonable profit at the time of such sale. For purposes of the preceding sentence, a ‘reasonable period of time’ shall not, except where otherwise appropriate, exceed 6 months before, or 6 months after, the sale of the subject vessel. In calculating profit under this paragraph, any distortion which would result in other than a profit which is reasonable at the time of the sale shall be eliminated.

“(2) COSTS AND PROFITS BASED ON OTHER REASONABLE METHODS.—When costs and profits are determined under paragraph

(1)(B)(ii)(III), such determination shall, except where otherwise appropriate, be based on appropriate export sales by the producer of the subject vessel or, absent such sales, to export sales by other producers of a foreign like vessel or the same general category of vessel as the subject vessel in the country of origin of the subject vessel.

“(3) COSTS OF MATERIALS.—For purposes of paragraph (1)(A), the cost of materials shall be determined without regard to any internal tax in the exporting country imposed on such materials or their disposition which are remitted or refunded upon exportation of the subject vessel produced from such materials.

“(f) SPECIAL RULES FOR CALCULATION OF COST OF PRODUCTION AND FOR CALCULATION OF CONSTRUCTED VALUE.—For purposes of subsections (b) and (e)—

“(1) COSTS.—

“(A) IN GENERAL.—Costs shall normally be calculated based on the records of the foreign producer of the subject vessel, if such records are kept in accordance with the generally accepted accounting principles of the exporting country and reasonably reflect the costs associated with the production and sale of the vessel. The administering authority shall consider all available evidence on proper allocation of costs, including that which is made available by the foreign producer on a timely basis, if such allocations have been historically used by the foreign producer, in particular for establishing appropriate amortization and depreciation periods, and allowances for capital expenditures and other development costs.

“(B) NONRECURRING COSTS.—Costs shall be adjusted appropriately for those non-recurring costs that benefit current or future production, or both.

“(C) STARTUP COSTS.—

“(i) IN GENERAL.—Costs shall be adjusted appropriately for circumstances in which costs incurred during the time period covered by the investigation are affected by startup operations.

“(ii) STARTUP OPERATIONS.—Adjustments shall be made for startup operations only where—

“(I) a producer is using new production facilities or producing a new type of vessel that requires substantial additional investment, and

“(II) production levels are limited by technical factors associated with the initial phase of commercial production.

For purposes of subclause (II), the initial phase of commercial production ends at the end of the startup period. In determining whether commercial production levels have been achieved, the administering authority shall consider factors unrelated to startup operations that might affect the volume of production processed, such as demand, seasonality, or business cycles.

“(iii) ADJUSTMENT FOR STARTUP OPERATIONS.—The adjustment for startup operations shall be made by substituting the unit production costs incurred with respect to the vessel at the end of the startup period for the unit production costs incurred during the startup period. If the startup period extends beyond the period of the investigation under this title, the administering authority shall use the most recent cost of production data that it reasonably can obtain, analyze, and verify without delaying the timely completion of the investigation. For purposes of this subparagraph, the startup period ends at the point at which the level of commercial production that is characteristic of the vessel, the producer, or the industry is achieved.

“(D) COSTS DUE TO EXTRAORDINARY CIRCUMSTANCES NOT INCLUDED.—Costs shall not include actual costs which are due to extraordinary circumstances (including, but not limited to, labor disputes, fire, and natural disasters) and which are significantly

over the cost increase which the shipbuilder could have reasonably anticipated and taken into account at the time of sale.

“(2) **TRANSACTIONS DISREGARDED.**—A transaction directly or indirectly through affiliated persons may be disregarded if, in the case of any element of value required to be considered, the amount representing that element does not fairly reflect the amount usually reflected in sales of a like vessel in the market under consideration. If a transaction is disregarded under the preceding sentence and no other transactions are available for consideration, the determination of the amount shall be based on the information available as to what the amount would have been if the transaction had occurred between persons who are not affiliated.

“(3) **MAJOR INPUT RULE.**—If, in the case of a transaction between affiliated persons involving the production by one of such persons of a major input to the subject vessel, the administering authority has reasonable grounds to believe or suspect that an amount represented as the value of such input is less than the cost of production of such input, then the administering authority may determine the value of the major input on the basis of the information available regarding such cost of production, if such cost is greater than the amount that would be determined for such input under paragraph (2).

“SEC. 823. CURRENCY CONVERSION.

“(a) **IN GENERAL.**—In an injurious pricing proceeding under this title, the administering authority shall convert foreign currencies into United States dollars using the exchange rate in effect on the date of sale of the subject vessel, except that if it is established that a currency transaction on forward markets is directly linked to a sale under consideration, the exchange rate specified with respect to such foreign currency in the forward sale agreement shall be used to convert the foreign currency.

“(b) **DATE OF SALE.**—For purposes of this section, ‘date of sale’ means the date of the contract of sale or, where appropriate, the date on which the material terms of sale are otherwise established. If the material terms of sale are significantly changed after such date, the date of sale is the date of such change. In the case of such a change in the date of sale, the administering authority shall make appropriate adjustments to take into account any unreasonable effect on the injurious pricing margin due only to fluctuations in the exchange rate between the original date of sale and the new date of sale.

“Subtitle C—Procedures

“SEC. 841. HEARINGS.

“(a) **UPON REQUEST.**—The administering authority and the Commission shall each hold a hearing in the course of an investigation under this title, upon the request of any party to the investigation, before making a final determination under section 805.

“(b) **PROCEDURES.**—Any hearing required or permitted under this title shall be conducted after notice published in the Federal Register, and a transcript of the hearing shall be prepared and made available to the public. The hearing shall not be subject to the provisions of subchapter II of chapter 5 of title 5, United States Code, or to section 702 of such title.

“SEC. 842. DETERMINATIONS ON THE BASIS OF THE FACTS AVAILABLE.

“(a) **IN GENERAL.**—If—

“(1) necessary information is not available on the record, or

“(2) an interested party or any other person—

“(A) withholds information that has been requested by the administering authority or the Commission under this title,

“(B) fails to provide such information by the deadlines for the submission of the infor-

mation or in the form and manner requested, subject to subsections (b)(1) and (d) of section 844,

“(C) significantly impedes a proceeding under this title, or

“(D) provides such information but the information cannot be verified as provided in section 844(g),

the administering authority and the Commission shall, subject to section 844(c), use the facts otherwise available in reaching the applicable determination under this title.

“(b) **ADVERSE INFERENCES.**—If the administering authority or the Commission (as the case may be) finds that an interested party has failed to cooperate by not acting to the best of its ability to comply with a request for information from the administering authority or the Commission, the administering authority or the Commission (as the case may be), in reaching the applicable determination under this title, may use an inference that is adverse to the interests of that party in selecting from among the facts otherwise available. Such adverse inference may include reliance on information derived from—

“(1) the petition, or

“(2) any other information placed on the record.

“(c) **CORROBORATION OF SECONDARY INFORMATION.**—When the administering authority or the Commission relies on secondary information rather than on information obtained in the course of an investigation under this title, the administering authority and the Commission, as the case may be, shall, to the extent practicable, corroborate that information from independent sources that are reasonably at their disposal.

“SEC. 843. ACCESS TO INFORMATION.

“(a) **INFORMATION GENERALLY MADE AVAILABLE.**—

“(1) **PROGRESS OF INVESTIGATION REPORTS.**—The administering authority and the Commission shall, from time to time upon request, inform the parties to an investigation under this title of the progress of that investigation.

“(2) **EX PARTE MEETINGS.**—The administering authority and the Commission shall maintain a record of any ex parte meeting between—

“(A) interested parties or other persons providing factual information in connection with a proceeding under this title, and

“(B) the person charged with making the determination, or any person charged with making a final recommendation to that person, in connection with that proceeding,

if information relating to that proceeding was presented or discussed at such meeting. The record of such an ex parte meeting shall include the identity of the persons present at the meeting, the date, time, and place of the meeting, and a summary of the matters discussed or submitted. The record of the ex parte meeting shall be included in the record of the proceeding.

“(3) **SUMMARIES; NON-PROPRIETARY SUBMISSIONS.**—The administering authority and the Commission shall disclose—

“(A) any proprietary information received in the course of a proceeding under this title if it is disclosed in a form which cannot be associated with, or otherwise be used to identify, operations of a particular person, and

“(B) any information submitted in connection with a proceeding which is not designated as proprietary by the person submitting it.

“(4) **MAINTENANCE OF PUBLIC RECORD.**—The administering authority and the Commission shall maintain and make available for public inspection and copying a record of all information which is obtained by the administering authority or the Commission, as the

case may be, in a proceeding under this title to the extent that public disclosure of the information is not prohibited under this chapter or exempt from disclosure under section 552 of title 5, United States Code.

“(b) **PROPRIETARY INFORMATION.**—

“(1) **PROPRIETARY STATUS MAINTAINED.**—

“(A) **IN GENERAL.**—Except as provided in subsection (a)(4) and subsection (c), information submitted to the administering authority or the Commission which is designated as proprietary by the person submitting the information shall not be disclosed to any person without the consent of the person submitting the information, other than—

“(i) to an officer or employee of the administering authority or the Commission who is directly concerned with carrying out the investigation in connection with which the information is submitted or any other proceeding under this title covering the same subject vessel, or

“(ii) to an officer or employee of the United States Customs Service who is directly involved in conducting an investigation regarding fraud under this title.

“(B) **ADDITIONAL REQUIREMENTS.**—The administering authority and the Commission shall require that information for which proprietary treatment is requested be accompanied by—

“(i) either—

“(I) a nonproprietary summary in sufficient detail to permit a reasonable understanding of the substance of the information submitted in confidence, or

“(II) a statement that the information is not susceptible to summary, accompanied by a statement of the reasons in support of the contention, and

“(ii) either—

“(I) a statement which permits the administering authority or the Commission to release under administrative protective order, in accordance with subsection (c), the information submitted in confidence, or

“(II) a statement to the administering authority or the Commission that the business proprietary information is of a type that should not be released under administrative protective order.

“(2) **UNWARRANTED DESIGNATION.**—If the administering authority or the Commission determines, on the basis of the nature and extent of the information or its availability from public sources, that designation of any information as proprietary is unwarranted, then it shall notify the person who submitted it and ask for an explanation of the reasons for the designation. Unless that person persuades the administering authority or the Commission that the designation is warranted, or withdraws the designation, the administering authority or the Commission, as the case may be, shall return it to the party submitting it. In a case in which the administering authority or the Commission returns the information to the person submitting it, the person may thereafter submit other material concerning the subject matter of the returned information if the submission is made within the time otherwise provided for submitting such material.

“(c) **LIMITED DISCLOSURE OF CERTAIN PROPRIETARY INFORMATION UNDER PROTECTIVE ORDER.**—

“(1) **DISCLOSURE BY ADMINISTERING AUTHORITY OR COMMISSION.**—

“(A) **IN GENERAL.**—Upon receipt of an application (before or after receipt of the information requested) which describes in general terms the information requested and sets forth the reasons for the request, the administering authority or the Commission shall make all business proprietary information presented to, or obtained by it, during a proceeding under this title (except privileged information, classified information, and specific information of a type for which there is

a clear and compelling need to withhold from disclosure) available to all interested parties who are parties to the proceeding under a protective order described in subparagraph (B), regardless of when the information is submitted during the proceeding. Customer names (other than the name of the United States buyer of the subject vessel) obtained during any investigation which requires a determination under section 805(b) may not be disclosed by the administering authority under protective order until either an order is published under section 806(a) as a result of the investigation or the investigation is suspended or terminated. The Commission may delay disclosure of customer names (other than the name of the United States buyer of the subject vessel) under protective order during any such investigation until a reasonable time before any hearing provided under section 841 is held.

“(B) PROTECTIVE ORDER.—The protective order under which information is made available shall contain such requirements as the administering authority or the Commission may determine by regulation to be appropriate. The administering authority and the Commission shall provide by regulation for such sanctions as the administering authority and the Commission determine to be appropriate, including disbarment from practice before the agency.

“(C) TIME LIMITATIONS ON DETERMINATIONS.—The administering authority or the Commission, as the case may be, shall determine whether to make information available under this paragraph—

“(i) not later than 14 days (7 days if the submission pertains to a proceeding under section 803(a)) after the date on which the information is submitted, or

“(ii) if—

“(I) the person submitting the information raises objection to its release, or

“(II) the information is unusually voluminous or complex, not later than 30 days (10 days if the submission pertains to a proceeding under section 803(a)) after the date on which the information is submitted.

“(D) AVAILABILITY AFTER DETERMINATION.—If the determination under subparagraph (C) is affirmative, then—

“(i) the business proprietary information submitted to the administering authority or the Commission on or before the date of the determination shall be made available, subject to the terms and conditions of the protective order, on such date, and

“(ii) the business proprietary information submitted to the administering authority or the Commission after the date of the determination shall be served as required by subsection (d).

“(E) FAILURE TO DISCLOSE.—If a person submitting information to the administering authority refuses to disclose business proprietary information which the administering authority determines should be released under a protective order described in subparagraph (B), the administering authority shall return the information, and any non-confidential summary thereof, to the person submitting the information and summary and shall not consider either.

“(2) DISCLOSURE UNDER COURT ORDER.—If the administering authority or the Commission denies a request for information under paragraph (1), then application may be made to the United States Court of International Trade for an order directing the administering authority or the Commission, as the case may be, to make the information available. After notification of all parties to the investigation and after an opportunity for a hearing on the record, the court may issue an order, under such conditions as the court deems appropriate, which shall not have the effect of stopping or suspending the inves-

tigation, directing the administering authority or the Commission to make all or a portion of the requested information described in the preceding sentence available under a protective order and setting forth sanctions for violation of such order if the court finds that, under the standards applicable in proceedings of the court, such an order is warranted, and that—

“(A) the administering authority or the Commission has denied access to the information under subsection (b)(1),

“(B) the person on whose behalf the information is requested is an interested party who is a party to the investigation in connection with which the information was obtained or developed, and

“(C) the party which submitted the information to which the request relates has been notified, in advance of the hearing, of the request made under this section and of its right to appear and be heard.

“(d) SERVICE.—Any party submitting written information, including business proprietary information, to the administering authority or the Commission during a proceeding shall, at the same time, serve the information upon all interested parties who are parties to the proceeding, if the information is covered by a protective order. The administering authority or the Commission shall not accept any such information that is not accompanied by a certificate of service and a copy of the protective order version of the document containing the information. Business proprietary information shall only be served upon interested parties who are parties to the proceeding that are subject to protective order, except that a nonconfidential summary thereof shall be served upon all other interested parties who are parties to the proceeding.

“(e) INFORMATION RELATING TO VIOLATIONS OF PROTECTIVE ORDERS AND SANCTIONS.—The administering authority and the Commission may withhold from disclosure any correspondence, private letters of reprimand, settlement agreements, and documents and files compiled in relation to investigations and actions involving a violation or possible violation of a protective order issued under subsection (c), and such information shall be treated as information described in section 552(b)(3) of title 5, United States Code.

“(f) OPPORTUNITY FOR COMMENT BY VESSEL BUYERS.—The administering authority and the Commission shall provide an opportunity for buyers of subject vessels to submit relevant information to the administering authority concerning a sale at less than fair value or countermeasures, and to the Commission concerning material injury by reason of the sale of a vessel at less than fair value.

“(g) PUBLICATION OF DETERMINATIONS; REQUIREMENTS FOR FINAL DETERMINATIONS.—

“(1) IN GENERAL.—Whenever the administering authority makes a determination under section 802 whether to initiate an investigation, or the administering authority or the Commission makes a preliminary determination under section 803, a final determination under section 805, a determination under subsection (b), (c), (d), (e)(3)(B)(ii), (g), or (i) of section 807, or a determination to suspend an investigation under this title, the administering authority or the Commission, as the case may be, shall publish the facts and conclusions supporting that determination, and shall publish notice of that determination in the Federal Register.

“(2) CONTENTS OF NOTICE OR DETERMINATION.—The notice or determination published under paragraph (1) shall include, to the extent applicable—

“(A) in the case of a determination of the administering authority—

“(i) the names of the foreign producer and the country of origin of the subject vessel,

“(ii) a description sufficient to identify the subject vessel,

“(iii) with respect to an injurious pricing charge, the injurious pricing margin established and a full explanation of the methodology used in establishing such margin,

“(iv) with respect to countermeasures, the scope and duration of countermeasures and, if applicable, any changes thereto, and

“(v) the primary reasons for the determination, and

“(B) in the case of a determination of the Commission—

“(i) considerations relevant to the determination of injury, and

“(ii) the primary reasons for the determination.

“(3) ADDITIONAL REQUIREMENTS FOR FINAL DETERMINATIONS.—In addition to the requirements set forth in paragraph (2)—

“(A) the administering authority shall include in a final determination under section 805 or 807(c) an explanation of the basis for its determination that addresses relevant arguments, made by interested parties who are parties to the investigation, concerning the establishment of the injurious pricing charge with respect to which the determination is made, and

“(B) the Commission shall include in a final determination of injury an explanation of the basis for its determination that addresses relevant arguments that are made by interested parties who are parties to the investigation concerning the effects and impact on the industry of the sale of the subject vessel.

“SEC. 844. CONDUCT OF INVESTIGATIONS.

“(a) CERTIFICATION OF SUBMISSIONS.—Any person providing factual information to the administering authority or the Commission in connection with a proceeding under this title on behalf of the petitioner or any other interested party shall certify that such information is accurate and complete to the best of that person's knowledge.

“(b) DIFFICULTIES IN MEETING REQUIREMENTS.—

“(1) NOTIFICATION BY INTERESTED PARTY.—If an interested party, promptly after receiving a request from the administering authority or the Commission for information, notifies the administering authority or the Commission (as the case may be) that such party is unable to submit the information requested in the requested form and manner, together with a full explanation and suggested alternative forms in which such party is able to submit the information, the administering authority or the Commission (as the case may be) shall consider the ability of the interested party to submit the information in the requested form and manner and may modify such requirements to the extent necessary to avoid imposing an unreasonable burden on that party.

“(2) ASSISTANCE TO INTERESTED PARTIES.—The administering authority and the Commission shall take into account any difficulties experienced by interested parties, particularly small companies, in supplying information requested by the administering authority or the Commission in connection with investigations under this title, and shall provide to such interested parties any assistance that is practicable in supplying such information.

“(c) DEFICIENT SUBMISSIONS.—If the administering authority or the Commission determines that a response to a request for information under this title does not comply with the request, the administering authority or the Commission (as the case may be) shall promptly inform the person submitting the response of the nature of the deficiency and shall, to the extent practicable, provide that person with an opportunity to remedy or explain the deficiency in light of the time lim-

its established for the completion of investigations or reviews under this title. If that person submits further information in response to such deficiency and either—

“(1) the administering authority or the Commission (as the case may be) finds that such response is not satisfactory, or

“(2) such response is not submitted within the applicable time limits,

then the administering authority or the Commission (as the case may be) may, subject to subsection (d), disregard all or part of the original and subsequent responses.

“(d) USE OF CERTAIN INFORMATION.—In reaching a determination under section 803, 805, or 807, the administering authority and the Commission shall not decline to consider information that is submitted by an interested party and is necessary to the determination but does not meet all the applicable requirements established by the administering authority or the Commission if—

“(1) the information is submitted by the deadline established for its submission,

“(2) the information can be verified,

“(3) the information is not so incomplete that it cannot serve as a reliable basis for reaching the applicable determination,

“(4) the interested party has demonstrated that it acted to the best of its ability in providing the information and meeting the requirements established by the administering authority or the Commission with respect to the information, and

“(5) the information can be used without undue difficulties.

“(e) NONACCEPTANCE OF SUBMISSIONS.—If the administering authority or the Commission declines to accept into the record any information submitted in an investigation under this title, it shall, to the extent practicable, provide to the person submitting the information a written explanation of the reasons for not accepting the information.

“(f) PUBLIC COMMENT ON INFORMATION.—Information that is submitted on a timely basis to the administering authority or the Commission during the course of a proceeding under this title shall be subject to comment by other parties within such reasonable time as the administering authority or the Commission shall provide. The administering authority and the Commission, before making a final determination under section 805 or 807, shall cease collecting information and shall provide the parties with a final opportunity to comment on the information obtained by the administering authority or the Commission (as the case may be) upon which the parties have not previously had an opportunity to comment. Comments containing new factual information shall be disregarded.

“(g) VERIFICATION.—The administering authority shall verify all information relied upon in making a final determination under section 805.

“SEC. 845. ADMINISTRATIVE ACTION FOLLOWING SHIPBUILDING AGREEMENT PANEL REPORTS.

“(a) ACTION BY UNITED STATES INTERNATIONAL TRADE COMMISSION.—

“(1) ADVISORY REPORT.—If a dispute settlement panel under the Shipbuilding Agreement finds in a report that an action by the Commission in connection with a particular proceeding under this title is not in conformity with the obligations of the United States under the Shipbuilding Agreement, the Trade Representative may request the Commission to issue an advisory report on whether this title permits the Commission to take steps in connection with the particular proceeding that would render its action not inconsistent with the findings of the panel concerning those obligations. The Trade Representative shall notify the Committee on Ways and Means of the House of

Representatives and the Committee on Finance of the Senate of such request.

“(2) TIME LIMITS FOR REPORT.—The Commission shall transmit its report under paragraph (1) to the Trade Representative within 30 calendar days after the Trade Representative requests the report.

“(3) CONSULTATIONS ON REQUEST FOR COMMISSION DETERMINATION.—If a majority of the Commissioners issues an affirmative report under paragraph (1), the Trade Representatives shall consult with the congressional committees listed in paragraph (1) concerning the matter.

“(4) COMMISSION DETERMINATION.—Notwithstanding any other provision of this title, if a majority of the Commissioners issues an affirmative report under paragraph (1), the Commission, upon the written request of the Trade Representative, shall issue a determination in connection with the particular proceeding that would render the Commission's action described in paragraph (1) not inconsistent with the findings of the panel. The Commission shall issue its determination not later than 120 calendar days after the request from the Trade Representative is made.

“(5) CONSULTATIONS ON IMPLEMENTATION OF COMMISSION DETERMINATION.—The Trade Representative shall consult with the congressional committees listed in paragraph (1) before the Commission's determination under paragraph (4) is implemented.

“(6) REVOCATION OF ORDER.—If, by virtue of the Commission's determination under paragraph (4), an injurious pricing order is no longer supported by an affirmative Commission determination under this title, the Trade Representative may, after consulting with the congressional committees under paragraph (5), direct the administering authority to revoke the injurious pricing order.

“(b) ACTION BY ADMINISTERING AUTHORITY.—

“(1) CONSULTATIONS WITH ADMINISTERING AUTHORITY AND CONGRESSIONAL COMMITTEES.—Promptly after a report or other determination by a dispute settlement panel under the Shipbuilding Agreement is issued that contains findings that—

“(A) an action by the administering authority in a proceeding under this title is not in conformity with the obligations of the United States under the Shipbuilding Agreement,

“(B) the due date for payment of an injurious pricing charge contained in an order issued under section 806 should be amended,

“(C) countermeasures provided for in an order issued under section 807 should be provisionally suspended or reduced pending the final decision of the panel, or

“(D) the scope or duration of countermeasures imposed under section 807 should be narrowed or shortened,

the Trade Representative shall consult with the administering authority and the congressional committees listed in subsection (a)(1) on the matter.

“(2) DETERMINATION BY ADMINISTERING AUTHORITY.—Notwithstanding any other provision of this title, the administering authority shall, in response to a written request from the Trade Representative, issue a determination, or an amendment to or suspension of an injurious pricing or countermeasure order, as the case may be, in connection with the particular proceeding that would render the administering authority's action described in paragraph (1) not inconsistent with the findings of the panel.

“(3) TIME LIMITS FOR DETERMINATIONS.—The administering authority shall issue its determination, amendment, or suspension under paragraph (2)—

“(A) with respect to a matter described in subparagraph (A) of paragraph (1), within 180

calendar days after the request from the Trade Representative is made, and

“(B) with respect to a matter described in subparagraph (B), (C), or (D) of paragraph (1), within 15 calendar days after the request from the Trade Representative is made.

“(4) CONSULTATIONS BEFORE IMPLEMENTATION.—Before the administering authority implements any determination, amendment, or suspension under paragraph (2), the Trade Representative shall consult with the administering authority and the congressional committees listed in subsection (a)(1) with respect to such determination, amendment, or suspension.

“(5) IMPLEMENTATION OF DETERMINATION.—The Trade Representative may, after consulting with the administering authority and the congressional committees under paragraph (4), direct the administering authority to implement, in whole or in part, the determination, amendment, or suspension made under paragraph (2).

“(6) IMPLEMENTATION OF DETERMINATION; NOTICE OF IMPLEMENTATION.—The administering authority shall implement the determination, amendment, or suspension under paragraph (2)—

“(A) with respect to a matter described in subparagraph (A) of paragraph (1), only if the injurious pricing margin determined under paragraph (2) differs from the injurious pricing margin in the determination reviewed by the panel, and

“(B) with respect to a matter described in subparagraph (B), (C), or (D) of paragraph (1), upon issuance of the determination, amendment, or suspension under paragraph (2).

The administering authority shall publish notice of such implementation in the Federal Register.

“(c) OPPORTUNITY FOR COMMENT BY INTERESTED PARTIES.—Before issuing a determination, amendment, or suspension, the administering authority, in a matter described in subsection (b)(1)(A), or the Commission, in a matter described in subsection (a)(1), as the case may be, shall provide interested parties with an opportunity to submit written comments and, in appropriate cases, may hold a hearing, with respect to the determination.

“(C) CAPABILITY TO PRODUCE A DOMESTIC LIKE VESSEL.—A producer has the ‘capability to produce a domestic like vessel’ if it is capable of producing a domestic like vessel with its present facilities or could adapt its facilities in a timely manner to produce a domestic like vessel.

“(D) RELATED PARTIES.—(i) In an investigation under this title, if a producer of a domestic like vessel and the foreign producer, seller (other than the foreign producer), or United States buyer of the subject vessel are related parties, or if a producer of a domestic like vessel is also a United States buyer of the subject vessel, the domestic producer may, in appropriate circumstances, be excluded from the industry.

“(III) a third party directly or indirectly controls the domestic producer and the foreign producer, seller, or United States buyer, or

“(IV) the domestic producer and the foreign producer, seller, or United States buyer directly or indirectly control a third party and there is reason to believe that the relationship causes the producer to act differently than a nonrelated producer.

For purposes of this subparagraph, a party shall be considered to directly or indirectly control another party if the party is legally or operationally in a position to exercise restraint or direction over the other party.

“(E) PRODUCT LINES.—In an investigation under this title, the effect of the sale of the subject vessel shall be assessed in relation to the United States production (or production capability) of a domestic like vessel if available data permit the separate identification of production (or production capability) in terms of such criteria as the production process or the producer’s profits. If the domestic production (or production capability) of a domestic like vessel has no separate identity in terms of such criteria, then the effect of the sale shall be assessed by the examination of the production (or production capability) of the narrowest group or range of vessels, which includes a domestic like vessel, for which the necessary information can be provided.

“(5) BUYER.—The term ‘buyer’ means any person who acquires an ownership interest in a vessel, including by way of lease or long-term bareboat charter, in conjunction with the original transfer from the producer, either directly or indirectly, including an individual or company which owns or controls a buyer. If ownership of a company is established under clause (i), other control is presumed not to exist unless it is otherwise established.

“(7) OWNERSHIP INTEREST.—An ‘ownership interest’ in a vessel includes any contractual or proprietary interest which allows the beneficiary or beneficiaries of such interest to take advantage of the operation of the vessel in a manner substantially comparable to the way in which an owner may benefit from the operation of the vessel. In determining whether such substantial comparability exists, the administering authority shall consider—

“(A) the terms and circumstances of the transaction which conveys the interest,

“(B) commercial practice,

“(C) whether the vessel subject to the transaction is integrated into the operations of the beneficiary or beneficiaries, and

“(D) whether in practice there is a likelihood that the beneficiary or beneficiaries of such interests will take advantage of and the risk for the operation of the vessel for a significant part of the life-time of the vessel.

“(8) VESSEL.—

“(A) IN GENERAL.—Except as otherwise specifically provided under international agreements, the term ‘vessel’ means—

“(C) SELF-PROPELLED SEAGOING VESSEL.—A vessel is ‘self-propelled seagoing’ if its permanent propulsion and steering provide it all the characteristics of self-navigability in the high seas.

“(D) MILITARY VESSEL.—A ‘military vessel’ is a vessel which, according to its basic structural characteristics and ability, is intended to be used exclusively for military purposes.

“(E) MILITARY RESERVE VESSEL.—A ‘military reserve vessel’ is a vessel that has been constructed with national defense features and characteristics required by the Secretary of Defense for the purpose of supporting the United States Armed Forces in a contingency.

“(B) SALE AND CONSEQUENT IMPACT.—In making determinations under sections 803(a) and 805(b), the Commission in each case—

“(i) shall consider—

“(I) the sale of the subject vessel,

“(II) the effect of the sale of the subject vessel on prices in the United States for a domestic like vessel, and

“(III) the impact of the sale of the subject vessel on domestic producers of the domestic like vessel, but only in the context of production operations within the United States, and

“(ii) may consider such other economic factors as are relevant to the determination regarding whether there is or has been material injury by reason of the sale of the subject vessel.

In the notification required under section 805(d), the Commission shall explain its analysis of each factor considered under clause (i), and identify each factor considered under clause (ii) and explain in full its relevance to the determination.

“(C) EVALUATION OF RELEVANT FACTORS.—For purposes of subparagraph (B)—

“(i) SALE OF THE SUBJECT VESSEL.—In evaluating the sale of the subject vessel, the Commission shall consider whether the sale, either in absolute terms or relative to production or demand in the United States, in terms of either volume or value, is or has been significant.

“(ii) PRICE.—In evaluating the effect of the sale of the subject vessel on prices, the Commission shall consider whether—

“(I) there has been significant price underselling of the subject vessel as compared with the price of a domestic like vessel, and

“(II) the effect of the sale of the subject vessel otherwise depresses or has depressed prices to a significant degree or prevents or has prevented price increases, which otherwise would have occurred, to a significant degree.

“(iii) IMPACT ON AFFECTED DOMESTIC INDUSTRY.—In examining the impact required to be considered under subparagraph (B)(i)(III), the Commission shall evaluate all relevant economic factors which have a bearing on the state of the industry in the United States, including, but not limited to—

“(I) actual and potential decline in output, sales, market share, profits, productivity, return on investments, and utilization of capacity,

“(II) factors affecting domestic prices, including with regard to sales,

“(III) actual and potential negative effects on cash flow, employment, wages, growth, ability to raise capital, and investment,

“(IV) actual and potential negative effects on the existing development and production efforts of the domestic industry, including

efforts to develop a derivative or more advanced version of a domestic like vessel, and

“(V) the magnitude of the injurious pricing margin.

The Commission shall evaluate all relevant economic factors described in this clause within the context of the business cycle and conditions of competition that are distinctive to the affected industry.

“(D) STANDARD FOR DETERMINATION.—The presence or absence of any factor which the Commission is required to evaluate under subparagraph (C) shall not necessarily give decisive guidance with respect to the determination by the Commission of material injury.

“(E) THREAT OF MATERIAL INJURY.—

“(i) IN GENERAL.—In determining whether an industry in the United States is threatened with material injury by reason of the sale of the subject vessel, the Commission shall consider, among other relevant economic factors—

“(I) any existing unused production capacity or imminent, substantial increase in production capacity in the exporting country indicating the likelihood of substantially increased sales of a foreign like vessel to United States buyers, taking into account the availability of other export markets to absorb any additional exports,

“(II) whether the sale of a foreign like vessel or other factors indicate the likelihood of significant additional sales to United States buyers,

“(III) whether sale of the subject vessel or sale of a foreign like vessel by the foreign producer are at prices that are likely to have a significant depressing or suppressing effect on domestic prices, and are likely to increase demand for further sales,

“(IV) the potential for product-shifting if production facilities in the exporting country, which can presently be used to produce a foreign like vessel or could be adapted in a timely manner to produce a foreign like vessel, are currently being used to produce other types of vessels,

“(V) the actual and potential negative effects on the existing development and production efforts of the domestic industry, including efforts to develop a derivative or more advanced version of a domestic like vessel, and

“(VI) any other demonstrable adverse trends that indicate the probability that there is likely to be material injury by reason of the sale of the subject vessel.

“(ii) BASIS FOR DETERMINATION.—The Commission shall consider the factors set forth in clause (i) as a whole. The presence or absence of any factor which the Commission is required to consider under clause (i) shall not necessarily give decisive guidance with respect to the determination. Such a determination may not be made on the basis of mere conjecture or supposition.

“(iii) EFFECT OF INJURIOUS PRICING IN THIRD-COUNTRY MARKETS.—

“(I) IN GENERAL.—The Commission shall consider whether injurious pricing in the markets of foreign countries (as evidenced by injurious pricing findings or injurious pricing remedies of other Shipbuilding Agreement Parties, or antidumping determinations of, or measures imposed by, other countries, against a like vessel produced by the producer under investigation) suggests a threat of material injury to the domestic industry. In the course of its investigation, the Commission shall request information from the foreign producer or United States buyer concerning this issue.

“(II) EUROPEAN COMMUNITIES.—For purposes of this clause, the European Communities as a whole shall be treated as a single foreign country.

“(F) CUMULATION FOR DETERMINING MATERIAL INJURY.—

“(i) IN GENERAL.—For purposes of clauses (i) and (ii) of subparagraph (C), and subject to clause (ii) of this subparagraph, the Commission shall cumulatively assess the effects of sales of foreign like vessels from all foreign producers with respect to which—

“(II) investigations were initiated under section 802(a) on the same day, or

“(III) petitions were filed under section 802(b) and investigations were initiated under section 802(a) on the same day,

if, with respect to such vessels, the foreign producers compete with each other and with producers of a domestic like vessel in the United States market.

“(ii) EXCEPTIONS.—The Commission shall not cumulatively assess the effects of sales under clause (i)—

“(I) with respect to which the administering authority has made a preliminary negative determination, unless the administering authority subsequently made a final affirmative determination with respect to those sales before the Commission's final determination is made, or

“(II) from any producer with respect to which the investigation has been terminated.

“(iii) RECORDS IN FINAL INVESTIGATIONS.—In each final determination in which it cumulatively assesses the effects of sales under clause (i), the Commission may make its determinations based on the record compiled in the first investigation in which it makes a final determination, except that when the administering authority issues its final determination in a subsequently completed investigation, the Commission shall permit the parties in the subsequent investigation to submit comments concerning the significance of the administering authority's final determination, and shall include such comments and the administering authority's final determination in the record for the subsequent investigation.

“(G) CUMULATION FOR DETERMINING THREAT OF MATERIAL INJURY.—To the extent practicable and subject to subparagraph (F)(ii), for purposes of clause (i) (II) and (III) of subparagraph (E), the Commission may cumulatively assess the effects of sales of like vessels from all countries with respect to which—

“(i) petitions were filed under section 802(b) on the same day,

“(ii) investigations were initiated under section 802(a) on the same day, or

“(iii) petitions were filed under section 802(b) and investigations were initiated under section 802(a) on the same day,

“(18) AFFIRMATIVE DETERMINATIONS BY DIVIDED COMMISSION.—If the Commissioners voting on a determination by the Commission are evenly divided as to whether the determination should be affirmative or negative, the Commission shall be deemed to have made an affirmative determination. For the purpose of applying this paragraph when the issue before the Commission is to determine whether there is or has been—

“(A) material injury to an industry in the United States,

“(B) threat of material injury to such an industry, or

“(C) material retardation of the establishment of an industry in the United States, by reason of the sale of the subject vessel, an affirmative vote on any of the issues shall be treated as a vote that the determination should be affirmative.

“(19) ORDINARY COURSE OF TRADE.—The term ‘ordinary course of trade’ means the conditions and practices which, for a reasonable time before the sale of the subject vessel, have been normal in the shipbuilding industry with respect to a like vessel. The administering authority shall consider the following sales and transactions, among others, to be outside the ordinary course of trade:

“(i) the extent to which the currency of the foreign country is convertible into the currency of other countries,

“(ii) the extent to which wage rates in the foreign country are determined by free bargaining between labor and management,

year preceding the calendar year in which the notice is given.

SEC. 208. PROTECTION OF UNITED STATES INTERESTS.

Nothing in the Shipbuilding Agreement shall be construed to prevent the United States from taking any action which it considers necessary for the protection of essential security interests or from invoking its sovereign authority to define, for purposes of exclusion from coverage under the Shipbuilding Agreement and from any dispute or challenge based on Annex I to the Shipbuilding Agreement, “military vessel”, “military reserve vessel”, or “essential security interest” on a case by case basis, as determined by the Secretary of Defense.

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 1(b) of rule XXIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 3610) making appropriations for the Department of Defense for the fiscal year ending September 30, 1997, and for other purposes. The first reading of the bill shall be dispensed with. Points of order against consideration of the bill for failure to comply with clause 2(l)(6) of rule XI, clause 7 of rule XXI, or section 302(c) of the Congressional Budget Act of 1974

After general debate the bill shall be considered for amendment under the five-minute rule. Points of order against provisions in the bill for failure to comply with clause 2 or 6 of rule XXI are waived. Before consideration of any other amendment it shall be in order without intervention of any point of order to consider the amendment printed in the report of the Committee on Rules accompanying this resolution, if offered by Representative Young of Florida or his designee. That amendment shall be considered as read, may amend portions of the bill not yet read for amendment, shall be debatable for twenty minutes equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. If that amendment is adopted, the bill, as amended, shall be considered as the original bill for the purpose of further amendment. After disposition of that amendment, during further consideration of the bill pursuant to this resolution, the appropriate allocation of new discretionary budget authority within the meaning of section 302(f)(1) of the Congressional Budget Act of 1974 shall be \$245,065,000,000. Amendments so printed shall be considered as read. The Chairman of the Committee of the Whole may postpone until a time during further consideration in the Committee of the Whole a request for a recorded vote on any amendment. The Chairman of the Committee of the Whole may reduce to not less than five minutes the time for voting by electronic device on any postponed question that immediately follows another vote by electronic device without intervening business, provided that the time for voting by electronic device on the first in any series of questions shall not be less than fifteen minutes. After the reading of the final lines of the bill, a motion that the Committee of the Whole rise and report the bill to the House with such amendments as may have been adopted shall, if offered by the majority leader or a designee, have precedence over a motion to amend. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill to the House with such amendments as may have been adopted. The previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommit with or without instructions.
