¶62.16 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. ENGEL:

At the end of title XVII (relating to foreign policy provisions) add the following (and conform the table of contents accordingly):

SEC. 1717. SANCTIONS AGAINST SYRIA.

(a) FINDINGS.—The Congress finds the following:

(1) Syria remains in a state of war with Israel and maintains large numbers of heavily armed forces near the border with Israel.

(2) Syria occupies Lebanon with almost 40,000 troops and maintains undue influence on all aspects of the Lebanese Government and society.

(3) Syria continues to provide safe haven and support for several groups that engage in terrorism, according to the Department of State's "Patterns of Global Terrorism" report for 1996.

(4) Syria was listed by the Department of State as a country that does not cooperate in the war on drugs.

(5) Syria has not signed the Chemical Weapons Convention, and numerous reports indicate that Syria has increased the production and level of sophistication of chemical weapons. Reports also indicate that such unconventional warheads have been loaded on SCUD-type ballistic missiles with the range to reach numerous targets in friendly nations, such as Israel, Turkey, and Jordan.

(6) Syria routinely commits a wide array of serious human rights violations, and according to a recent Human Rights Watch report, is engaging in the abduction of Lebanese citizens and Palestinian refugees in Lebanon.

(7) Several reports indicate that Syria knowingly allowed the explosives used in the June 1996 Dharan bombing, which killed 19 United States service personnel, to pass through Syria from Lebanon to Saudi Arabia.

(8) More than 20 trips by former Secretary of State Christopher to Damascus, a meeting between President Clinton and Syrian President Hafez Assad, and a Department of State-sponsored intensive negotiation session at Wye Plantation were all unsuccessful in convincing Syria to make peace with Israel. At the same time, most reports indicated that Israel was prepared to make substantial concessions of land in exchange for peace.

(9) According to the Central Intelligence Agency World Fact Book of 1995, petroleum comprises 53 percent of Syrian exports.

(10) By imposing sanctions against the Syrian petroleum industry, the United States can apply additional pressure against Syria to press the Assad regime to change its dangerous and destabilizing policies.

(b) POLICY.—It is the sense of the Congress that the United States should consider applying to Syria sanctions which are currently enforced against Iran and Libya under the Iran and Libya Sanctions Act of 1996 if the Government of Syria does not eliminate its dangerous and destabilizing policies.
