So the resolution was agreed to.

A motion to reconsider the vote whereby said resolution was agreed to was, by unanimous consent, laid on the table.

48.8 DOD AUTHORIZATION

The SPEAKER pro tempore, Mr. LATOURETTE, pursuant to House Resolution 441 and rule XXIII, declared the House resolved into the Committee of the Whole House on the state of the Union for the further consideration of the bill (H.R. 3616) to authorize appropriations for fiscal year 1999 for military activities of the Department of Defense, to prescribe military per-

sonnel strengths for fiscal year 1999, and for other purposes.

Mr. CAMP, Chairman of the Committee of the Whole, resumed the chair; and after some time spent therein,

48.9 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. SPENCE:

At the end of title XII (page 253, after line 3), insert the following new section:

SEC. 1206. SENSE OF THE CONGRESS.

It is the sense of the Congress that—

(1) United States business interests must not be placed above United States national security interests;

(2) at the Presidential summit meeting to be held in the People's Republic of China in June of 1998, the United States should not—

(A) support membership of the People's Republic of China in the Missile Technology Control Regime;

(B) agree to issue any blanket waiver of the suspensions contained in section 902 of the Foreign Relations Authorization Act, Fiscal Years 1990 and 1991 (Public Law 101-246), regarding the export of satellites of United States origin intended for launch from a launch vehicle owned by the People's Republic of China;

(C) agree to increase the number of launches of satellites to geosynchronous orbit by the People's Republic of China above the number contained in Article II(B)(ii) of the 1995 Memorandum of Agreement Between the Government of the United States of America and the Government of the People's Republic of China Regarding International Trade in Commercial Launch Services;

(D) support any cooperative project with the People's Republic of China to design or manufacture satellites;

(E) enter into any new scientific, technical, or other agreements, or amend any existing scientific, technical, or other agreements, with the People's Republic of China involving space or missile-related technology;

(F) agree to any arms control initiative that cannot be effectively verified, including any initiative relating to detargeting of strategic offensive missiles; or

(G) support any increase in the number or frequency of military-to-military contacts between the United States and the People's Republic of China;

(3) the decision of the executive branch in 1998 to issue a waiver allowing the export of satellite technology to the People's Republic of China was not in the national interest of the United States, given the ongoing criminal investigation by the Justice Department of the transfer in 1996 of satellite technology to that country;

(4) the executive branch should ensure that United States law regarding the export of satellites to the Peoples Republic of China is enforced and that the criminal investigation described in paragraph (3) proceeds with all due dispatch; and

(5) the President should indefinitely suspend the export of satellites of United States origin to the People's Republic of China, including those satellites licensed in February 1998 as part of the Chinasat-8 program.

The SPEAKER pro tempore, Mr. GIBBONS, assumed the Chair.

When Mr. PEASE, Chairman, reported that the Committee, having had under consideration said bill, had come to no resolution thereon.

48.23 MOTION TO INSTRUCT
CONFEREES—H. R. 2400

Mr. OBEY submitted the privileged motion to instruct the managers on the part of the House at the conference with the Senate on the disagreeing votes of the two Houses on the bill (H.R. 2400) to authorize funds for Federal-aid highways, highway safety programs, and transit programs, and for other purposes, to insist that no provisions to prohibit or reduce service-connected disability compensation to vet-

erans for smoking-related illnesses be included in the conference report on H.R. 2400 to offset spending for highway or transit programs.

After debate,

By unanimous consent, the previous question was ordered on the motion to instruct the managers on the part of the House.

The question being put, *viva voce*,

Will the House agree to said motion?

The SPEAKER pro tempore, Mr. GIBBONS, announced that the yeas had it.

Mr. OBEY objected to the vote on the ground that a quorum was not present and not voting.

A quorum not being present,

The roll was called under clause 4, rule XV, and the call was taken by electronic device.
