

the long-term solvency of Social Security, while preserving its core protections for present and future generations of American families.

(2) There should be established within the Treasury a "Save Social Security First Reserve Fund" to be used to save budget surpluses until a reform measure is enacted to ensure the long-term solvency of the Old-Age, Survivors, and Disability Insurance Trust Funds. The Secretary of the Treasury should pay into the account at the end of each fiscal year an amount equal to the surplus, if any, in the total budget of the United States Government for that fiscal year. Balances in that account should be invested in Treasury securities and interest earnings should be credited to the account.

**SEC. 7. RESERVE FUND FOR POTENTIAL TOBACCO LEGISLATION.**

(a) IN GENERAL.—Budget authority and outlays may be allocated to a committee or committees for legislation that increases funding to promote smoking prevention and cessation, curbs cigarette smoking among teenagers, makes payments to the States to mitigate the costs incurred of treating smoking-related illnesses, provides support to tobacco farmers, makes payments to other claimants against tobacco companies, or funds Federal medical research, within such a committee's jurisdiction, if such a committee or the committee of conference on such legislation reports such legislation, and if, to the extent that the costs of such legislation are not included in this concurrent resolution on the budget, the enactment of such legislation will not increase (by virtue of either contemporaneous or previously passed legislation) the deficits in this resolution for—

- (1) fiscal year 1999; and
- (2) the period of fiscal years 1999 through 2003.

(b) REVISED ALLOCATIONS.—Upon the reporting of legislation pursuant to subsection (a), and again upon the submission of a conference report on such legislation (if a conference report is submitted), the Chairman of the Committee on the Budget of the House of Representatives may file with the House appropriately revised allocations under section 302(a) of the Congressional Budget Act of 1974 and revised functional levels and aggregates to carry out this subsection. Such revised allocations, functional levels, and aggregates shall be considered for the purposes of the Congressional Budget Act of 1974 as allocations, functional levels, and aggregates contained in this concurrent resolution on the budget.

(c) FEDERAL HOSPITAL INSURANCE TRUST FUND (MEDICARE PART A TRUST FUND).—Congress intends that any tobacco proceeds not used for increased funding under subsection (a) should be deposited in the Federal Hospital Insurance Trust Fund (established under section 1817 of the Social Security Act).

**SEC. 8. SENSE OF CONGRESS ON THE ASSETS FOR INDEPENDENCE ACT.**

- (a) FINDINGS.—The Congress finds that—
- (1) 33 percent of all American households have no or negative financial assets and 60 percent of African-American households have no or negative financial assets;
  - (2) 46.9 percent of all children in America live in households with no financial assets, including 40 percent of Caucasian children and 75 percent of African-American children;
  - (3) in order to provide low-income families with more tools for empowerment in lieu of traditional income support and to assist them in becoming more involved in planning their future, new public-private relationships that encourage asset-building should be undertaken;
  - (4) individual development account programs are successfully demonstrating the

ability to assist low-income families in building assets while partnering with community organizations and States in more than 40 public and private experiments nationwide; and

(5) Federal support for a trial demonstration program would greatly assist the creative efforts of existing individual development account experiments.

(b) SENSE OF CONGRESS.—It is the sense of Congress that, in carrying out its reconciliation instructions pursuant to this concurrent resolution, the Committee on Ways and Means should include the text of H.R. 2849 (the Assets for Independence Act) in its submission to the House Committee on the Budget.

**SEC. 9. SENSE OF CONGRESS ON A DEMONSTRATION PROJECT ON CLINICAL CANCER TRIALS.**

It is the sense of Congress that the committees of jurisdiction should consider legislation this session that would establish a 3-year demonstration project providing medicare coverage for beneficiaries' participation in clinical cancer trials.

**SEC. 10. SENSE OF CONGRESS ON THE INTERIM PAYMENT SYSTEM FOR HOME HEALTH BENEFITS UNDER MEDICARE.**

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the interim payment system for home health service has adversely affected some home health care agencies and medicare beneficiaries;

(2) if home health care is threatened and further reduced, health care costs to Federal and State governments, as well as families, may rise to cover more expensive post-hospital and long-term care;

(3) the committees of jurisdiction should initiate a revision of the interim payment system, paying particular attention to providing a more gradual reduction in home health care costs and additional time for home health care agencies to adjust to lower rates and reimbursements;

(4) due to the critical nature of this issue, Congress should enact an equitable and fair revision of the interim payment system before the adjournment of the 105th Congress; and

(5) the Health Care Financing Administration should fully implement by October 1, 1999, the prospective payment system that was enacted into law last year.

**SEC. 11. SENSE OF CONGRESS ON TAX RELIEF.**

It is the sense of Congress that the committees of jurisdiction should accommodate high priority tax relief of approximately \$30,000,000,000 over 5 years within legislation that fully offsets revenues lost by closing or restricting unwarranted tax benefits. Such tax relief should—

(1) accommodate the revenue effects of improving rights for medical patients and providers in managed care health plans;

(2) expand tax credits to alleviate the costs of child care for families;

(3) reduce financing costs for primary and secondary public school modernization;

(4) extend long-supported and previously renewed tax benefits that will soon expire such as the Work Opportunity and Research and Experimentation credits; and

(5) mitigate tax code "marriage penalties" in a manner at least equal in scope to the 1995 tax relief provision of H.R. 2491.

Amend the title so as to read: "A concurrent resolution establishing the congressional budget for the United States Government for fiscal year 1999 and setting forth appropriate budgetary levels for fiscal years 2000, 2001, 2002, and 2003."
