SEC. 10. SENSE OF CONGRESS REGARDING ENFORCEMENT.

It is the sense of Congress that before October 1, 2000, Congress should enact legislation to modify and extend the pay-as-you-go requirement through 2009, increase the discretionary spending limits set forth under section 251(c) of the Balanced Budget and Emergency Deficit Control Act of 1985 for fiscal years 2001 and 2002, and extend those limits to include fiscal years 2003 and 2004, to reflect the new budget authority and outlays as set forth in this resolution.

SEC. 11. INTENT OF THE COMMITTEE REGARDING CROP INSURANCE.

It is the intent of the Committee on the Budget of the House that function 350 for agriculture allow for the implementation of a new, comprehensive, affordable, and permanent crop and revenue insurance program. The cost of the program is assumed to be \$___ billion in this resolution; but the program design has not been developed. When the program is developed such committee will take all steps necessary to work the crop and revenue insurance initiative into the budget resolution and budget process.

SEC. 12. SENSE OF THE CONGRESS REGARDING THE MEDICARE+CHOICE PROGRAM.

(a) FINDINGS.—The Congress finds that—

(1) the geographic disparity in payment rates for the medicare managed care program is inherently unfair;

(2) unfairness disproportionately affects rural areas and efficient health care markets;

(3) seniors in areas with higher reimbursement can receive additional benefits that are unavailable to seniors in other areas of the country.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Medicare+Choice payment rate must be addressed to correct the current inequality, and any expansion of the medicare program can be made only after this disparity is addressed.
