

shuttle launch costs in connection with operations, research, and crew return activities subsequent to substantial completion of the International Space Station.

(3) SUBSTANTIAL COMPLETION.—For purposes of this subsection, the International Space Station is considered to be substantially completed when the development costs comprise 5 percent or less of the total International Space Station costs for the fiscal year.

(c) AUTOMATIC INCREASE OF LIMITATION AMOUNT.—The amounts set forth in subsection (a) shall each be increased to reflect any increase in costs attributable to—

(1) economic inflation;

(2) compliance with changes in Federal, State, or local laws enacted after the date of enactment of this Act;

(3) the lack of performance or the termination of participation of any of the International countries participating in the International Space Station; and

(4) new technologies to improve safety, reliability, maintainability, availability, or utilization of the International Space Station, or to reduce costs after completion of assembly, including increases in costs for on-orbit assembly sequence problems, increased ground testing, verification and integration activities, contingency responses to on-orbit failures, and design improvements to reduce the risk of on-orbit failures.

(d) NOTICE OF CHANGES.—The Administrator shall provide with each annual budget request a written notice and analysis of any changes under subsection (c) to the amounts set forth in subsection (a) to the Senate Committees on Appropriations and on Commerce, Science, and Transportation and to the House of Representatives Committees on Appropriations and on Science. The written notice shall include—

(1) an explanation of the basis for the change, including the costs associated with the change and the expected benefit to the program to be derived from the change; and

(2) an analysis of the impact on the assembly schedule and annual funding estimates of not receiving the requested increases.

(e) REPORTING AND REVIEW.—

(1) IDENTIFICATION OF COSTS.—

(A) SPACE SHUTTLE.—As part of the overall space shuttle program budget request for each fiscal year, the Administrator shall identify separately the amounts of the requested funding that are to be used for completion of the assembly of the International Space Station.

(B) INTERNATIONAL SPACE STATION.—As part of the overall International Space Station budget request for each fiscal year, the Administrator shall identify the amount to be used for development of the International Space Station.

(2) ACCOUNTING FOR COST LIMITATIONS.—As part of the annual budget request to the Congress, the Administrator shall account for the cost limitations imposed by subsection (a).

(3) VERIFICATION OF ACCOUNTING.—The Administrator shall arrange for a verification, by the General Accounting Office, of the accounting submitted to the Congress within 60 days after the date on which the budget request is transmitted to the Congress.

(4) INSPECTOR GENERAL.—Within 60 days after the Administrator provides a notice and analysis to the Congress under subsection (d), the Inspector General of the National Aeronautics and Space Administration shall review the notice and analysis and report the results of the review to the committees to which the notice and analysis was provided.

In the table of contents, after the item relating to section 130, insert the following new item:

Sec. 131. Cost limitation for the International Space Station.

So the amendment was not agreed to.

§53.12 RECORDED VOTE

A recorded vote by electronic device was ordered in the Committee of the Whole on the following amendment submitted by Mr. ROEMER:

At the end of the bill, insert the following new section:

SEC. 221. CANCELLATION OF RUSSIAN PARTNERSHIP.

Not later than 90 days after the date of the enactment of this Act, the Administrator shall terminate all contracts and other agreements with the Russian Government necessary to remove the Russian Government as a partner in the International Space Station program. The National Aeronautics and Space Administration shall not enter into a new partnership with the Russian Government relating to the International Space Station. Nothing in this section shall prevent the National Aeronautics and Space Administration from accepting participation by the Russian Government or Russian entities on a commercial basis. Nothing in this section shall prevent the National Aeronautics and Space Administration from purchasing elements of the International Space Station directly from Russian contractors.

In the table of contents, after the item relating to section 220, insert the following:

Sec. 221. Cancellation of Russian partnership.
