¶68.11 PROSTATE CANCER AWARENESS

Mr. BILIRAKIS moved to suspend the rules and agree to the following resolution (H. Res. 211):

Whereas nearly 180,000 men will be diagnosed with prostate cancer in 1999, and an estimated 37,000 men will die of the disease;

Whereas prostate cancer is the second most common form of cancer among men and the second leading cause of cancer death among men;

Whereas prostate cancer can often be treated successfully if detected early on, although most symptoms are nonspecific and there are few reliable risk factors;

Whereas education and regular testing and examinations are critical to detecting and treating prostate cancer in a timely manner;

Whereas the American Cancer Society recommends that all men aged 50 and over have annual examinations and tests for prostate cancer, and that African American men and men with family histories of prostate cancer, who are at higher risk for the disease, should consider taking such steps at an earlier age;

Whereas the House of Representatives as an institution, and Members of Congress as individuals, are in unique positions to help raise public awareness about the detection and treatment of prostate cancer and to support the fight against prostate cancer: Now, therefore, be it

Resolved, That it is the sense of the House of Representatives that—

(1) all American men should take an active role in the fight against prostate cancer by all the means that are available to them, including regular testing and medical examinations;

(2) the role played by national and community organizations and health care providers in promoting awareness of the importance of regular examinations and testing for prostate cancer, and in providing related information, support, and access to services, should be recognized and applauded;

(3) the Federal Government has a responsibility to—

(A) endeavor to raise awareness about the importance of the early detection of, and proper treatment for, prostate cancer;

(B) continue to fund research so that the causes of, and improved treatment for, prostate cancer may be discovered; and

(C) continue to consider ways to improve access to, and the quality of, health care services for detecting and treating prostate cancer.

¶68.13 COMMUNITY RENEWAL THROUGH COMMUNITY AND FAITH-BASED ORGANIZATIONS

Mr. SOUDER moved to suspend the rules and agree to the following resolution (H. Res. 207):

Whereas, while the steady economic growth and low inflation in the United States has yielded unprecedented prosperity, many American citizens have not benefited from this prosperity and continue to be socioeconomically disadvantaged;

Whereas millions of our fellow citizens who live in the inner cities and rural communities continue to be plagued by social breakdown, economic disadvantage, and educational failure that fosters hopelessness and despair;

Whereas our most intractable pathologies—crime, drug addiction, teen pregnancy, homelessness, and youth violence—are each being addressed by small, and sometimes unrecognized, community- or faith-based organizations, whose expertise should not be ignored;

Whereas these nonprofit organizations have local experts who are moving individ-

uals from dependency to self-sufficiency and restoring the lives of men, women, and families across the country;

Whereas many community- and faith-based organizations are offering the American public a new vision of compassion, designed to encourage volunteerism, strengthen the community, and care for the poor and vulnerable;

Whereas private sector investment in capital development—social and economic—in the most poverty stricken pockets across the country is key to long-term renewal of urban centers and distressed rural communities;

Whereas economic growth attracts new businesses, provides stability to neighborhoods, as well as provides jobs that yield income to support families and nurture self-respect;

Whereas over 100 bipartisan Members of Congress have cosponsored H.R. 815, the American Community Renewal Act, which targets the 100 poorest communities in the Nation for pro-growth tax benefits, regulatory relief, brownfields cleanup, and homeownership opportunities that combine to create jobs, hope, and a sense of community;

Whereas the President and the Vice President, along with congressional organizations such as the Renewal Alliance, have recognized the importance of community renewal and have recently promoted strategies designed to rebuild communities to empower faith-based organizations on the front lines of renewal in our country; and

Whereas a concerted effort to empower community institutions, encourage community renewal, and implement educational reform will help those who reside in inner cities and distressed rural communities to gain their share of America's prosperity: Now, therefore, be it

Resolved, That the House of Representatives—

(1) extends gratitude to the private nonprofit organizations and volunteers whose commitment to meet human needs in areas of poverty is key to long-term renewal of urban centers and distressed rural communities;

(2) seeks to empower the strengths of America's communities, local leaders, and mediating institutions such as its families, schools, spiritual leaders, businesses and nonprofit organizations;

(3) should work to empower community- and faith-based organizations to promote effective solutions to the social, financial, and emotional needs of urban centers and rural communities, and the long-term solutions to the problems faced by our culture; and

(4) should work with the Senate and the President to support a compassionate grassroots approach to addressing the family, economic, and cultural breakdown that plagues many of our Nation's urban and rural communities.

The SPEAKER pro tempore, Mr. PEASE, recognized Mr. SOUDER and Mr. DAVIS of Illinois, each for 20 minutes.
