

employees, and visitors of enemy attack or other major disaster conditions. There will be two signals:

1. *Attack warning*.—Notification to all occupants that the United States is under attack and that there is real danger of loss of life. This warning would be given by a sequence of two-second sounds of the legislative bells separated by two-second silent intervals. This signal would be repeated for 3 to 5 minutes.

2. *Attention signal*.—Notification of peacetime disasters, such as accidental presence of radioactive materials or severe weather or natural disaster conditions. This signal would be given by a series of 16-second bell sounds separately by 16-second silent intervals, repeated for 3 to 5 minutes.

(Where lights exist they will correspond with rings.)
