The Secretary shall establish criteria for determin-

ing that the housing supply of a local market area is inadequate, which shall require—

“(1)(A) information regarding housing market conditions showing that the supply of rental housing affordable by very low-income families is inadequate, taking into account vacancy rates in such housing and other market indicators; and

“(B) evidence that significant numbers of families in the local market area holding certificates and vouchers under section 8 are experiencing significant difficulty in leasing housing meeting program and family-size requirements; or

“(2) evidence that the proposed development would provide increased housing opportunities for minorities or address special housing needs.”.

Section 14(k)(5)(A) of the Housing Act of 1937, as amended, is hereby amended as follows: 42 USC 1437l.

(1) by striking in the first sentence thereof the word “initial”;

(3) by adding a new subsection (iii) as follows:

“(iii) In determining whether an agency is ‘troubled with respect to the modernization program’, the Department shall consider only the agency’s ability to carry out that program effectively based upon the agency’s capacity to accomplish the physical work: (a) with decent quality; (b) in a timely manner; (c) under competent contract administration; and (d) with adequate budget controls. No other criteria shall be applied in the determination.”.

Section 14(k)(5)(E) of said Act is repealed.

No appropriated funds may be used to implement the rule proposed in 56 FR 45814, September 6, 1991, relating to “Low-Income Public and Indian Housing—Vacancy Rule” or any revision thereof or any other rule related or similar thereto.

“(2) reflect in the weights assigned to the various indicators the differences in the difficulty of managing individual projects that result from their physical condition and their neighborhood environment; and

“(3) determine a public housing agency’s status as ‘troubled with respect to the program under section 14’ based upon factors solely related to its ability to carry out that program.”.

The Secretary shall cancel the indebtedness of the Sale Creek Utility District in Soddy Daisy, Tennessee, relating to public facilities loan (Project No. TN 40-PFL0071) issued May 1, 1962. The Sale Creek Utility District in Soddy Daisy is relieved of all liability to the Tennessee.

SEC. 521. GENERAL ACCOUNTING OFFICE STUDY OF THE FEDERAL HOUSING ADMINISTRATION'S MUTUAL MORTGAGE INSURANCE FUND.—The General Accounting Office shall prepare and submit to Congress no later than April 1, 1992, a study of the actuarial soundness of the Federal Housing Administration's single family mortgage insurance program and the solvency of the Mutual Mortgage Insurance Fund. The study, using existing studies (including the study entitled "An Actuarial Review of the Federal Housing Administration's Mutual Mortgage Insurance Fund") and employing the latest reliable data available, shall analyze the actuarial soundness of the Mutual Mortgage Insurance Fund and the ability of the Mutual Mortgage Insurance Fund to meet the capital ratio targets established in the Omnibus Budget Reconciliation Act of 1990 under various economic and policy scenarios. Factors considered in the analysis shall include, but shall not be limited to, the following:

(1) The actuarial performance of all cohorts of loans insured by the Mutual Mortgage Insurance Fund, including all available post-1985 books of business. Specifically, the overall default rates and claims (loss) experience of these loans should be considered.

(2) The effect of the Mortgagor Equity rule issued by the Department of Housing and Urban Development, which limits the amount of closing costs that can be financed with a Federal Housing Administration mortgage to 57 percent of the total amount of allowable closing costs, on the actuarial status of the Mutual Mortgage Insurance Fund, default rates of Federal Housing Administration borrowers, the relative impact on purchasers of homes at various price levels, and the ability of potential Federal Housing Administration borrowers to purchase homes.

(3) The effect of underwriting changes made by the Federal Housing Administration since 1986.

(4) The effect of the increase in the insurable maximum mortgage amount that was made permanent in the National

Affordable Housing Act and the effect of further increasing the maximum mortgage amount.

(5) The impact of a policy to allow "streamlined refinancings" whereby the borrower would not be required to pay an annual premium.

(6) The Federal Housing Administration's accounting method for deferring and amortizing the Mutual Mortgage Insurance Fund single-family one-time premium revenue.

(7) The valuation of delinquent loans for loan loss reserve accounting purposes.

(8) The impact of various assumptions regarding the rate of real home price appreciation and mortgage interest rates.

(9) The effect of various economic conditions, including favorable, moderate, and adverse conditions, on the ability of the Mutual Mortgage Insurance Fund to build adequate capital levels.
