

after his lands or entry shall be subject to all of the provisions of this Act: *Provided*, That upon sufficient showing the Secretary of the Interior may, in his discretion, permit notice of acceptance of all the terms and conditions of this Act to be filed at any time after the time limit hereinbefore fixed for filing such acceptance shall have expired, conditioned, however, that where the applicant for such acceptance is in arrears on construction charges, he shall at the time of acceptance pay such installments of the construction charge as he would have been required to pay had he accepted this Act within the time limit hereinabove fixed, plus the penalties that would have accrued had he so accepted, and such applicant shall thereafter be upon the same status that he would have been had he accepted the provisions of this Act within the time limit hereinabove fixed, and thereafter the lands or entry of any such persons so filing such notice of acceptance shall be subject to all the provisions of this Act."

Approved, July 26, 1916.

CHAP. 260.—An Act Making appropriations for the construction, repair, and preservation of certain public works on rivers and harbors, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums of money be, and are hereby, appropriated, out of any money in the Treasury not otherwise appropriated, to be immediately available, and to be expended under the direction of the Secretary of War and the supervision of the Chief of Engineers, for the construction, completion, repair, and preservation of the public works hereinafter named:

Georges River (Thomaston Harbor), Maine: For maintenance, \$10,000.

Harbor at Burlington, Vermont: For maintenance and repair of breakwater, \$22,000.

Harbor at Newburyport, Massachusetts: For maintenance, \$20,000.

Harbor at Boston, Massachusetts: For maintenance, \$100,000.

Harbor at Nantucket, Massachusetts: Continuing improvement and for maintenance, \$10,000.

Pollock Rip Channel, Massachusetts: Continuing improvement, \$150,000: *Provided*, That, upon the recommendation of the Chief of Engineers, the Secretary of War is authorized to temporarily transfer to this work any Government dredge which may be available, without compensation to the appropriation for the project to which said dredge belongs.

Merrimack River, Massachusetts: For maintenance, \$10,000.

Weymouth Fore River, Massachusetts: For maintenance, \$15,000.

Weymouth Fore River, Massachusetts: Completing improvement, including the removal of the small shoal south of the west end of Peddocks Island, in accordance with the report printed in Senate Committee Document Numbered Thirteen, Sixty-third Congress, third session, and subject to the conditions set forth in said document, \$200,000.

Pawcatuck River, Rhode Island and Connecticut: For maintenance, \$1,000.

Norwalk Harbor, Connecticut: For maintenance, \$5,000.

Improving harbor at New London, Connecticut, in accordance with the report submitted in House Document Numbered Six hundred and thirteen, Sixty-third Congress, second session, and subject to the conditions set forth in said document, \$170,000.

Thames River, Connecticut: For maintenance, \$9,000.

Connecticut River, Connecticut: Of the appropriation authorized in the river and harbor Act approved July twenty-fifth, nineteen

Gowanus Bay Channel.	Channel in Gowanus Bay, New York: Continuing improvement of Red Hook Channel, \$150,000.
Hudson River Channel.	Hudson River Channel, New York Harbor, New York: Continuing improvement, \$450,000.
Buffalo, N. Y.	Harbor at Buffalo, New York: For maintenance, \$140,000.
Black Rock Harbor, N. Y.	Improving Black Rock Harbor, New York: The unexpended balances of appropriations heretofore made and authorized for the improvement of Black Rock Harbor and Channel, New York, and Tonawanda Harbor and Niagara River, New York, are hereby consolidated and made available for completing improvement of Black Rock Harbor and Channel and Tonawanda Harbor in accordance with the report submitted in House Document Numbered Six hundred and fifty-eight, Sixty-third Congress, second session, and subject to the conditions set forth in said document.
Charlotte, N. Y.	Harbor at Charlotte, New York: For maintenance, \$12,000.
Great Sodus Bay, N. Y.	Harbor at Great Sodus Bay, New York: For maintenance, \$19,000.
Oswego, N. Y.	Harbor at Oswego, New York: Continuing improvement in accordance with plan A, \$100,000.
Cape Vincent, N. Y.	Harbor at Cape Vincent, New York: For maintenance, \$20,000.
Plattsburg, N. Y.	Harbor at Plattsburg, New York: For maintenance, \$11,000.
Bronx River, N. Y.	Bronx River, New York: Continuing improvement, \$250,000.
East Chester Creek, N. Y.	East Chester Creek, New York: Continuing improvement and for maintenance, \$6,000.
East River, N. Y. Channel to navy yard.	East River, New York: For improvement with a view to providing a channel thirty-five feet deep from deep water in New York Harbor to the Brooklyn Navy Yard in accordance with so much of the report published in House Document Numbered One hundred and eighty-eight, Sixty-third Congress, first session, as applies to the channel west of the navy yard, \$200,000: <i>Provided</i> , That the Secretary of War may enter into a contract or contracts for such materials and work as may be necessary to prosecute the said project, to be paid for as appropriations may from time to time be made by law, not to exceed in the aggregate \$500,000, exclusive of the amount herein and heretofore appropriated: <i>Provided further</i> , That nothing herein contained shall be construed as adopting the said project beyond the work to the extent and in the manner specified.
<i>Provisos, Contracts.</i>	
Restrictions.	
Harlem River, N. Y. Newtown Creek, N. Y.	Harlem River, New York: Continuing improvement, \$250,000. Newtown Creek, New York: For maintenance, \$10,000.

Hudson River, New York: Continuing improvement and for maintenance, \$640,000: *Provided*, That the Secretary of War may enter into a contract or contracts for such materials and work as may be necessary to prosecute the said project, to be paid for as appropriations may from time to time be made by law, not to exceed in the aggregate \$610,000, exclusive of the amounts herein and heretofore appropriated.

Wappinger Creek, New York: For maintenance, \$3,500.

Staten Island Sound, New York and New Jersey: Continuing improvement, \$500,000.

Raritan Bay, New Jersey: For maintenance, \$20,000.

Absecon Inlet, New Jersey: For maintenance, \$25,000.

Cold Spring Inlet, New Jersey: For maintenance, \$40,000.

Newark Bay and Passaic River, New Jersey: Continuing improvement and for maintenance, \$175,000.

Hackensack River, New Jersey: For maintenance, \$6,000.

Woodbridge Creek, New Jersey: For maintenance, \$3,000.

Keyport Harbor, Matawan Creek, Raritan, South, and Elizabeth Rivers, Shoal Harbor and Compton Creek, New Jersey: For maintenance, \$10,000.

Shrewsbury River, New Jersey: For maintenance, \$10,000.

Cooper River, New Jersey: For maintenance, \$5,000.

Woodbury Creek, New Jersey: For maintenance, \$6,000.

Mantua Creek, New Jersey: For maintenance, \$10,000.

Raccoon Creek, New Jersey: For maintenance, \$5,000.

Salem River, New Jersey: For maintenance, \$10,000.

Maurice River, New Jersey: Continuing improvement and for maintenance, \$10,000.

Toms River, New Jersey: For maintenance, \$2,000.

Absecon Creek, New Jersey: For maintenance, \$1,600.

Harbor at Pittsburgh, Pennsylvania: For maintenance, \$2,500.

Harbor at Erie, Pennsylvania: For maintenance, \$10,000.

Allegheny River, Pennsylvania: For maintenance by open-channel work, \$15,000.

Monongahela River, Pennsylvania: Completing the reconstruction of Lock and Dam Numbered Six, \$29,460.

Chester River, Pennsylvania: For maintenance, \$3,000.

That Alba B. Johnson and Samuel M. Vauclain and the Baldwin Locomotive Works, abutting property owners upon Crum River where the same empties into the Delaware River, be, and they are hereby, authorized to change and divert the present course and channel of Crum River and to straighten same, under the direction and supervision of the Secretary of War, from the right of way of the Philadelphia and Reading Railway Company to the low-water line in the Delaware River, and that the said river shall be of the width of not less than one hundred feet at mean low water; and that hereafter the said Crum River, as so straightened, shall be a public navigable stream, and the present course and channel of the said river from the right of way of the Philadelphia and Reading Railway Company to the low-water line in the Delaware River shall be abandoned and vacated when the above-mentioned new channel shall have been completed to a depth of four feet at mean low water, with a bottom width of sixty-two feet and width of one hundred feet at mean low-water level: *Provided*, That the Government shall have such right, title, and interest in and to the bed of said new channel as will assure the public the right to the perpetual use of said channel for all the purposes of navigation and commerce: *Provided*, That the said Alba B. Johnson, and Samuel M. Vauclain and the Baldwin Locomotive Works shall construct and maintain at their expense a bridge, satisfactory to the Secretary of War and the Secretary of Commerce, over the new course of Crum Creek, available for the passage of persons

Galveston, Tex.	Harbor at Galveston, Texas: For maintenance, \$325,000.
Galveston Channel, Tex.	Galveston Channel, Texas: Continuing improvement by construction of sea-wall extension in accordance with the report submitted in House Document Numbered Thirteen hundred and ninety, Sixty-second Congress, third session, subject to the conditions therein named, \$200,000: <i>Provided</i> , That no part of the amount herein appropriated shall be expended and no contract shall be entered into under this appropriation until the county or city of Galveston and other local interests shall have donated the lands to the United States, as set forth in said Document Numbered Thirteen hundred and ninety, and shall have quieted all claims to the present San Jacinto Reservation, nor until the said county or city of Galveston shall have obtained a right of way and made provision in a manner satisfactory to the Secretary of War for paying the cost of constructing at least three thousand three hundred feet of similar sea-wall extension in addition to that herein appropriated for: <i>Provided further</i> , That the entire work of construction shall be done under the direction of the Secretary of War, and the funds appropriated by Congress and those furnished by the county or city of Galveston shall be expended by him.
Sea-wall extension.	
<i>Provisos.</i> Donation of lands by Galveston, etc., re- quired.	
Construction of sea wall by Galveston.	
Direction of con- struction, etc.	
Maintenance of chan- nel.	Galveston Channel, Texas: For maintenance, \$100,000.
Channel to Texas City.	Channel from Galveston Harbor to Texas City, Texas: For maintenance, \$185,000.
Channel to Port Bolivar.	Channel to Port Bolivar, Texas: For maintenance, \$50,000.
Port Aransas, Tex.	Port Aransas, Texas: Continuing improvement and for maintenance, \$100,000.
Sabine Pass and Port Arthur Canal, Tex.	Sabine Pass, Texas: Continuing improvement and for maintenance of Sabine Pass and Port Arthur Canal, \$590,000.
Houston Ship Chan- nel, Tex.	Houston Ship Channel, Texas: For maintenance, \$250,000.
Anahuac Channel, etc., Tex.	Anahuac Channel, Trinity River, Oyster Creek, and Cedar, Chocolate, Turtle, Bastrop, Dickinson, Double, and East Bay Bayous: For maintenance, \$30,000.
Texas inland water- ways.	Inland waterway on the coast of Texas: For maintenance of the West Galveston Bay-Brazos River section, \$15,000; for maintenance of the Brazos River-Matagorda Bay section, \$30,000; for maintenance of the Aransas Pass-Pass Cavallo section, \$30,000; for maintenance of Guadalupe River up to Victoria, \$23,500; in all, \$98,500: <i>Provided</i> , That any portion of the amount hereby appropriated for a given section of said waterway may, upon recommendation of the Chief of Engineers, be transferred by the Secretary of War and made available for maintenance of improvement in any other section.
<i>Proviso.</i> Transfer of all ot- ments.	
Brazos River, Tex. At mouth.	Mouth of Brazos River, Texas: For maintenance, \$175,000.
Distribution.	Brazos River, Texas: Continuing improvement from Old Washington to Waco by the construction of locks and dams heretofore authorized, \$200,000; continuing improvement and for maintenance by open-channel work from Velasco to Old Washington, \$15,000; in all, \$215,000.

Channel from Aransas Pass to Corpus Christi, Texas: For maintenance, \$15,000.	Channel, Aransas Pass to Corpus Christi, Tex.
Sabine-Neches Canal, Texas: For maintenance of that portion from the mouth of the Neches River to the junction with the Port Arthur Ship Canal, \$20,000.	Sabine-Neches Canal, Tex.
Trinity River, Texas: Continuing improvement and for maintenance by open-channel work, \$50,000; for improvement by the construction of Locks and Dams numbered Three and Five, \$250,000: <i>Provided</i> , That no part of the latter amount shall be expended until the city of Dallas or other local interests shall have contributed the sum of \$50,000 toward the improvement.	Trinity River. <i>Proviso.</i> Contribution by Dallas, etc.
Cypress Bayou and waterway between Jefferson, Texas, and Shreveport, Louisiana: For maintenance, \$5,000.	Cypress Bayou, etc., Tex. and La.
Red River, Arkansas and Texas: Continuing improvement and for maintenance and repair of levees destroyed by overflows in nineteen hundred and fifteen and nineteen hundred and sixteen between Fulton, Arkansas, and Washita River, Oklahoma, \$50,000.	Red River, Ark. and Okla.
Ouachita River, Arkansas and Louisiana: Continuing improvement by the construction of locks and dams heretofore authorized, \$474,000; for maintenance of improvement by open-channel work up to Camden, \$25,000; in all, \$499,000.	Ouachita River, Ark. and La.
Arkansas River, Arkansas and Oklahoma: For maintenance of improvement, including bank protection at Pine Bluff and Little Rock and vicinity and the operation of dredging plant, \$234,700.	Arkansas River, Ark. and Okla.
White River, Arkansas: For maintenance, and for preventing cutoff at De Vall's Bluff, in accordance with House Document Numbered Twelve hundred and fifty-nine, Sixty-second Congress, third session, \$30,500. In addition thereto the sum of \$8,000, appropriated by the river and harbor Act approved March fourth, nineteen hundred and thirteen, is made available unconditionally.	White River, Ark. Use of balance. Vol. 37, p. 814.
Cache River, in Arkansas: That the Cache River in the State of Arkansas be, and the same is hereby, declared to be a nonnavigable stream within the meaning of the Constitution and laws of the United States. This provision shall become void after one year from the date of the approval of this Act unless within said period the Legislature of Arkansas shall pass an act expressly approving this declaration. The right of the Congress to alter, amend, or repeal this paragraph is hereby expressly reserved.	Cache River, Ark. Declared nonnavigable stream. Conditions.
Black and Current Rivers, Arkansas and Missouri: For maintenance, \$18,000.	Black and Current Rivers, Ark. and Mo.
Saint Francis River and tributaries, Arkansas: For maintenance of improvement of Saint Francis and L'Anguille Rivers and Blackfish Bayou, \$9,500.	Saint Francis River, etc., Ark.
Cumberland River, Tennessee and Kentucky: For maintenance above Nashville, \$5,000; continuing improvement below Nashville, \$705,000; in all, \$710,000.	Cumberland River, Tenn. and Ky.
Tennessee River, Tennessee, Alabama, and Kentucky: For maintenance and continuing improvement by open-channel work above Chattanooga, Tennessee, \$300,000, and of this amount not to exceed \$5,000 may be expended, in the discretion of the Chief of Engineers and Secretary of War, for the maintenance of the Clinch and Holston Rivers at or near the mouth of said rivers; for maintenance and continuing improvement by open-channel work between Florence and Riverton, Alabama, \$120,000; for continuing improvement by the construction of locks and dams between Chattanooga, Tennessee, and Browns Island, Alabama, in accordance with the report submitted in House Document Numbered Three hundred and sixty, Sixty-second Congress, second session, as modified by the report of the Board of Engineers for Rivers and Harbors printed in Rivers and Harbors Committee Document Numbered One, Sixty-fourth	Tennessee River, Tenn., Ala., and Ky. Distribution.

<i>Proviso.</i> Payment of flowage damages.	Congress, first session, \$500,000: <i>Provided</i> , That no contract shall be entered into for the construction thereof until the local interests shall assume and pay all claims for flowage damage or arrange to do so in manner satisfactory to the Secretary of War: <i>Provided further</i> , That one high dam or two low dams may be constructed according as the local interests may contribute the cost of all claims for flowage damage arising from either type of dams, respectively: <i>And provided further</i> , That the Secretary of War shall ultimately determine the type of dams to be constructed; for continuing improvement and for maintenance below Riverton, Alabama, \$24,000; in all, \$944,000.
Dams authorized.	
Determination of type.	
Toledo, Ohio.	Harbor at Toledo, Ohio: For maintenance, \$20,000.
Port Clinton, Ohio.	Harbor at Port Clinton, Ohio: For maintenance, \$1,000.
Sandusky, Ohio.	Harbor at Sandusky, Ohio: For maintenance, \$10,000.
Huron, Ohio.	Harbor at Huron, Ohio: For maintenance, \$2,500.
Vermilion, Ohio.	Harbor at Vermilion, Ohio: For maintenance, \$4,500.
Cleveland, Ohio. <i>Proviso.</i> Location of pierhead.	Harbor at Cleveland, Ohio: For maintenance, \$65,000: <i>Provided</i> , That the pierhead for marking the east end of the east breakwater extension provided for in the existing project shall be located at the east extremity of the breakwater as now built, said pierhead to be constructed with funds heretofore appropriated for the construction of said breakwater.
Ohio River. Open channel work.	Ohio River: Continuing improvement and for maintenance by open-channel work, \$509,500.
Locks and dams.	Ohio River: Continuing improvement by the construction of locks and dams with a view to securing a navigable depth of nine feet, \$5,000,000.

- Harbor at Michigan City, Indiana: For maintenance, \$20,000. Michigan City, Ind.
- Harbor at Waukegan, Illinois: For maintenance, \$16,000. Waukegan, Ill.
- Harbor at Chicago, Illinois: Continuing improvement, by the construction of a breakwater to form an outer harbor, \$714,300. Chicago, Ill.
- Harbor at Calumet, Illinois: For maintenance, \$25,000. Calumet, Ill.
- Chicago River, Illinois: For maintenance, \$30,000. Chicago River, Ill.
- Calumet River, Illinois and Indiana: For maintenance, \$20,000: *and Ind. Proviso.*
Limit.
Illinois River, Ill.
- Illinois River, Illinois: Continuing improvement and for maintenance below Copperas Creek, \$55,000.
- Mississippi River: Government dike, in Illinois, directly opposite the city of Louisiana, Missouri, for raising dike at least seven feet, \$15,000, or as much thereof as may be necessary. Mississippi River. Dike at Louisiana, Mo.
- Mississippi River from Head of Passes to the mouth of the Ohio River, including salaries, clerical, office, traveling, and miscellaneous expenses of the Mississippi River Commission: Continuing improvement with a view to securing a permanent channel depth of nine feet, \$6,000,000, which sum shall be expended under the direction of the Secretary of War in accordance with the plans, specifications, and recommendations of the Mississippi River Commission, as approved by the Chief of Engineers, for the general improvement of the river, for the building of levees, and which may be done, in the discretion of the Secretary of War, by hired labor or otherwise, between Head of Passes and Cape Girardeau, Missouri, and for surveys, Mississippi River Commission. Mississippi River. From Head of Passes to the Ohio. Securing nine-foot channel.
- Surveys.

including the survey from Head of Passes to the headwaters of the river, in such manner as in their opinion shall best improve navigation and promote the interests of commerce at all stages of the river: *Provided*, That of the money hereby appropriated so much as may be necessary shall be expended in the construction of suitable and necessary dredge boats and other devices and appliances and in the maintenance and operation of the same: *Provided further*, That the water-courses connected with said river and the harbors upon it, now under the control of the Mississippi River Commission and under improvement, together with the harbor at Vicksburg, Mississippi, and the Ohio River from its mouth to the mouth of the Cache River, which are hereby transferred to and placed under the control and jurisdiction of such commission, may, in the discretion of said commission, upon approval by the Chief of Engineers, receive allotments for improvements now under way or hereafter to be undertaken, to be paid for from the amount herein appropriated: *Provided further*, That the report of the Mississippi River Commission, contained in House Document Numbered Six hundred and sixty-seven, Sixty-third Congress, second session, shall not be construed as a project requiring special congressional action: *Provided further*, That no part of the improvement of the Ohio River, with a view to the construction of locks and dams, shall be considered as transferred to or placed under the control and jurisdiction of the Mississippi River Commission: *Provided further*, That a survey with a report shall be made by the Mississippi River Commission of the Atchafalaya River in accordance with the general plan of said commission for the improvement of the Mississippi River, and in making such survey and report, if in their opinion the improvement of the Atchafalaya is desirable, consideration shall be given and recommendation made as to any plans for cooperation on the part of local interests.

The jurisdiction of the Mississippi River Commission is hereby extended so as to include that part of the Arkansas River between its mouth and the intersection thereof with the division line between Lincoln and Jefferson Counties, and any funds which are herein or may be hereafter appropriated by Congress for improving the Mississippi River between Head of Passes and the mouth of the Ohio River, and which may be allotted to levees and bank revetment, may be expended within the limits of said extended jurisdiction under the direction of the Secretary of War, in accordance with the plans, specifications, and recommendations of the Mississippi River Commission, as approved by the Chief of Engineers, and upon like terms and conditions for levees and bank revetment upon any part of the Mississippi River now under the jurisdiction of said commission, and in such manner as will best promote and accomplish the purposes for which commission was created, in so far as the territory hereby added to its said jurisdiction may be involved.

Any funds which are herein, or may hereafter be, appropriated by Congress for improving the Mississippi River between Head of Passes and the mouth of the Ohio River, and which may be allotted to levees, may be expended, under the direction of the Secretary of War, in accordance with the plans, specifications, and recommendations of the Mississippi River Commission, as approved by the Chief of Engineers, for levees upon any part of said river between Head of Passes and Rock Island, Illinois, in such manner as, in their opinion, shall best improve navigation and promote the interest of commerce at all stages of the river.

Mississippi River from the mouth of the Ohio River to and including the mouth of the Missouri River: Continuing improvement and for maintenance, \$350,000.

Provisos.
Dredge boats, etc.

Connecting waters, harbors, etc.

Jurisdiction over Vicksburg harbor and the Ohio to mouth of Cache River.

Canal at Vicksburg.

Locks and dams of Ohio River not included.

Atchafalaya River. Survey, etc.

Arkansas River. Jurisdiction of Commission extended to Jefferson County.

Levees, etc., allotments.

Expenditures for levees from Head of Passes to Rock Island, Ill.

Improvements, etc. From the Ohio to the Missouri.

Mississippi River from the mouth of the Missouri River to Minneapolis, Minnesota: Continuing improvement and for maintenance, \$1,500,000.

From the Missouri to Minneapolis.

That the Chief of Engineers, or such board as the Secretary of War may appoint, shall, within two years after the passage of this Act, make such experiments in the transportation of heavy freights on said Mississippi River between the mouth of the Ohio River and Saint Louis and between Dubuque, Iowa, and Minneapolis, Minnesota, at all stages of water in said river, with the experimental tows and barges described in House Document Numbered Eight hundred and fifty-seven, Sixty-third Congress, second session, as will fully demonstrate the economy or lack of economy in the transportation of such heavy freights, and particularly upstream in parts of said river in which said improvement has been completed or practically completed, and for the making of such experiments said Chief of Engineers or board is hereby authorized to use not to exceed \$50,000 of the unexpended balance of the \$500,000 appropriated by the Act of June twenty-fifth, nineteen hundred and ten, for designing and constructing experimental towboats and barges and loading and unloading facilities for towing and delivering supplies along the Mississippi River and its tributaries.

Experiments in transporting heavy freights between specified points.

Vol. 36, p. 659.

Mississippi River from Saint Paul to Minneapolis, Minnesota: Completing improvement, \$170,000.

Saint Paul to Minneapolis.

Mississippi River between Brainerd and Grand Rapids, Minnesota: For maintenance, \$2,000.

Brainerd to Grand Rapids, Minn.

Mississippi and Leech Rivers, Minnesota: Continuing improvement, \$60,000.

Mississippi and Leech Rivers.

RESERVOIRS AT HEADWATERS OF MISSISSIPPI RIVER.—That so much of the adopted project for the construction of a low reservoir dam at Gull Lake, Minnesota, as provides for the digging of ditches between Gull Lake and Round Lake and between Round Lake and Long Lake, is hereby abandoned; and the Secretary of War is hereby authorized to surrender to the parties entitled thereto the flowage rights on Long Lake heretofore granted the United States for the aforesaid work.

Reservoirs at headwaters. Project abandoned.

Osage River, Missouri: Continuing improvement and for maintenance, \$15,000.

Osage River, Mo.

Gasconade River, Missouri: Continuing improvement and for maintenance, \$10,000: *Provided*, That the dam near Heckman's Mill, at Pryor's Bend, and any other obstruction to the flow of water at or near that point, may, in the discretion of the Secretary of War, be removed, and so much of this appropriation as necessary may be expended for that purpose.

Gasconade River, Mo. *Proviso.* Removal of dams.

Missouri River: Continuing improvement and for maintenance, with a view to securing a permanent six-foot channel between Kansas City and the mouth of the river, \$1,500,000.

Missouri River. Kansas City to mouth.

Missouri River: For improvement and maintenance from Kansas City to Sioux City, \$50,000, of which amount at least \$25,000 may be expended for such bank revetment as in the judgment of the Chief of Engineers may be in the interest of navigation; continuing improvement and for maintenance from Sioux City to Fort Benton, \$125,000, of which amount at least \$50,000 may be expended for such bank revetment as in the judgment of the Chief of Engineers may be in the interest of navigation; in all, \$175,000.

Kansas City to Sioux City.

Sioux City to Fort Benton.

In the interest of navigation and in view of the existing emergency and to prevent further loss and destruction of property, the sum of \$75,000, or so much thereof as may be necessary, for bank revetment work or other improvement at or near the city of Vermilion, Clay County, South Dakota: *Provided, however*, That before this appropriation shall become available or any work is undertaken by the United States thereunder assurances satisfactory to the Secre-

Vermilion, S. Dak. Revetment.

Proviso. Local contribution.

	tary of War shall be given that the said city of Vermilion, or county of Clay, or other agencies, will provide and contribute in money, labor, or materials, an amount equal to thirty-three and one-third per centum of the amount herein appropriated for such improvement.
Saint Joseph, Mo. <i>Proviso.</i> Contribution by Saint Joseph, etc.	Missouri River at Saint Joseph, Missouri: For improvement, \$75,000: <i>Provided</i> , That no part of this amount shall be expended until the city of Saint Joseph or other agency shall have deposited to the credit of the Secretary of War in some duly recognized depository of the United States to be designated by him such sum as may be satisfactory to him to be expended together with an equal amount of the funds herein appropriated: <i>Provided</i> , That the amount required to be paid by the city of Saint Joseph or other agency shall not be in excess of two-fifths of the total amount expended and in no event to exceed \$50,000.
Proportion.	
Colorado River, Ariz.	Colorado River, Arizona: For improvement and maintenance by the repair, enlargement, and protection of the Government levee on the Gila River near its junction with the Colorado River at Yuma, \$14,000.
Los Angeles, Cal. Diverting dam.	Los Angeles Harbor, California: Continuing improvements by the construction of a diverting dam for the protection of Los Angeles and Long Beach Harbors in accordance with the report printed in House Document Numbered Four hundred and sixty-two, Sixty-fourth Congress, first session, and subject to the conditions set forth in said document, \$500,000.
Maintenance. San Diego, Cal.	Los Angeles Harbor, California: For maintenance, \$75,000. San Diego Harbor, California: For improvement and maintenance, \$220,000, in accordance with House Document Numbered Six hundred and forty-eight, Sixty-fourth Congress, first session: <i>Provided</i> , This appropriation is made on the condition precedent that the city of San Diego shall donate to the United States Government five hundred acres of tide lands known as Dutch Flats.
<i>Proviso.</i> Donation of lands.	
San Francisco, Cal. Oakland, Cal.	Harbor at San Francisco, California: For maintenance, \$15,000. Harbor at Oakland, California: Continuing improvement and for maintenance, \$106,500: <i>Provided</i> , That if in the judgment of the Secretary of War the prices received in response to advertisement for bids for dredging are not reasonable, so much of the amount herein appropriated as shall be necessary may be expended for the purchase or construction of a suitable dredging plant.
<i>Proviso.</i> Dredging plant.

SEC. 2. That for examinations, surveys, and contingencies for rivers and harbors for which there may be no special appropriation, the sum of \$350,000 is hereby appropriated: *Provided*, That no preliminary examination, survey, project, or estimate for new works other than those designated in this or some prior Act or joint resolution shall be made: *Provided further*, That after the regular or formal reports made as required by law on any examination, survey, project, or work under way or proposed are submitted no supplemental or additional report or estimate shall be made unless ordered by a concurrent resolution of Congress: *And provided further*, That the Government shall not be deemed to have entered upon any project for the improvement of any waterway or harbor mentioned in this Act until funds for the commencement of the proposed work shall have been actually appropriated by law.

The Secretary of War is hereby authorized and directed to cause preliminary examinations and surveys to be made at the following-named localities, and a sufficient sum to pay the cost thereof may be allotted from the amount provided in this section:

Androscoggin River, Maine, between Merrymeeting Bay and Lewiston and Auburn.

Channel west of Swan Island, Kennebec River, Maine, near the town of Richmond.

Kennebec River, Maine, Parker Head Harbor and Channel.

Island End River, Massachusetts.
Buzzards Bay, Massachusetts, at its upper end, with a view to providing additional anchorage area and improving the approaches to the Cape Cod Canal, in so far as it may be the duty of the United States to improve the same.

Quinnipiac River, Connecticut, from New Haven Harbor to Meriden.

Naugatuck River, Connecticut, between the head of navigation at Derby and Waterbury, Connecticut, with a view to the construction of a barge canal.

Preliminary examination, report, and estimate for the removal of shoal spots in the westerly entrance of the Point Judith Harbor of Refuge, Rhode Island, and in the harbor itself.

Bronx (Harlem) Kills, New York, from the lower end of Harlem River to Long Island Sound.

New York Harbor, New York, with a view to securing an increase in depth up to forty feet and suitable widths in the North or Hudson River Channel from deep water in the upper bay as far north as Spuyten Duyvil Creek.

Great Kills, Staten Island, New York.

Lemon Creek, Staten Island, New York.

Harbor at Classon Point, New York.

Sea Gate, Coney Island, New York, and connecting waters from Gravesend Bay to Ambrose Channel.

Sheepshead Bay, New York.

Shore front from Jones Inlet to Rockaway Inlet, New York, with a view to obtaining data as to tide, current, drift, and depth of water with a view to determining whether or not the interests of navigation are being endangered by the erosion thereof.

Shinnecock Bay, New York.

Cape Vincent Harbor, New York.

Waterway or ship channel along the most practicable route between Lake Erie and Lake Ontario of sufficient capacity to admit the largest vessels now in use on the Great Lakes.

Buffalo Harbor, Buffalo Creek and Buffalo Ship Canal, New York, with a view to increasing the dimensions thereof to meet the demands of present and prospective commerce.

Charlotte Harbor, New York, including the portions of Lake Ontario and Genesee River adjacent thereto.

Greenwood Lake, New Jersey, with a view to dredging channel at the southern end.

Hackensack River, New Jersey, from the New York, Susquehanna and Western Railroad Bridge to the Hackensack Water Company Dam at New Milford.

Hackensack River, New Jersey, with a view of obtaining a depth of sixteen feet up to the Central Railroad Company of New Jersey bridge.

Overpeck Creek, New Jersey, from Little Ferry to Leonia.

Inland waterway on the Atlantic coast of the State of New Jersey between Cape May and New York Bay, New York and New Jersey.

Hereford Inlet, Cape May County, New Jersey.

Newton Creek, Camden County, New Jersey, from the Delaware River to Mount Ephriam Turnpike on the north and south branches, respectively, and to Cuthbert Avenue, Collingswood, on the main stream.

Indian River Inlet, Delaware.

Harbor at Havre de Grace, Maryland.

Elk River, Maryland.

Aquia Creek, Virginia, with a view to extending the present project.

Channel connecting York River, Virginia, with Back Creek to Slight's Wharf, with a view to securing a depth of ten feet and widths of two hundred and one hundred feet, respectively.

Northwest River, Virginia and North Carolina, with a view to its improvement from its mouth as far up as may be practicable.

Willis River, Virginia.

Beach Creek, Virginia, with a view to increasing the dimensions of the channel to a depth of six feet and a width of sixty feet.

Mattaponi River, Virginia, with a view to removing the bars and securing increased depth of water at the mouth.

Queens Creek, Virginia, with a view to securing increased depth of water at the mouth.

Pamlico and Tar Rivers, North Carolina, with a view to providing a channel depth of eleven or twelve feet, respectively, with adequate widths at and below Washington, and such additional depth and width as may be advisable up to Tarboro.

Channel leading into Carolina Beach Pier, Cape Fear River, in New Hanover County, North Carolina.

Town Creek, Brunswick County, North Carolina.

Little River, South Carolina.

Winyah Bay, South Carolina, with a view to securing a channel of increased depth and adequate width from a point on the Sampit River one mile above the limits of the city of Georgetown to the entrance of Winyah Bay.

Ashley River, South Carolina.

Front River, Georgia, near Clark's dock, Sapelo Harbor.

Tugaloo River, Georgia.

Flint River, Georgia, from Albany to the limit of practicable navigation above said city.

Kings Creek, Cambden County, Georgia.

Savannah River at North Augustus, South Carolina, with a view to ascertaining what, if any, revetment work is necessary in the interest of navigation.

Savannah River, Georgia, from the foot of Kings Island to a point five miles above.

Northwest Channel, Key West, Florida, with a view to securing a channel thirty feet in depth and of sufficient width from the harbor to deep water in the Gulf of Mexico.

New Jersey.

Delaware.
Maryland.

Virginia.

North Carolina.

South Carolina.

Georgia.

Florida.

Channel from Pineland, on Pine Island, Lee County, Florida, running westerly to deep water at a point in Pine Island Sound about one mile in length, such channel to be not less than five feet deep and of sufficient width.

Silver Springs to Ocala, Florida, with a view to the construction of a waterway of such width and depth as will meet the demands of commerce.

From the docks at Apalachicola, Florida, through Saint George's Sound to the Gulf of Mexico, on such route as may be most desirable for the demands of commerce.

Caloosahatchee River, Florida, from the mouth to Fort Myers.

Manatee River, Florida, at Palma Sola.

Waterway between Sarasota Bay, near Venice, and Miakka River, Florida, with a view to giving such channel dimensions as commerce may demand.

Inland waterway on the Gulf coast of Florida, connecting Saint George Sound with Tampa Bay.

Channel from the Gulf through Johns Pass to Boca Ciega Bay, Florida.

Escambia River, Florida.

Key West Harbor, Florida, with a view to removing the middle ground.

Onosohatchee River, Florida.

Alabama.

The Mulberry Fork of the Warrior River above Sanders Shoals.

One Mile Creek and Bayou Marmotte, Alabama.

Valley Creek, Jefferson County, Alabama.

Mississippi.

Tchula Lake, Mississippi.

Indian Bayou, from Sunflower River, Mississippi, to Indianola, including consideration of any proposition for cooperation by local interests.

Louisiana.

Pearl River, Mississippi, between Jackson and Edinburg.

Kelso Bayou, Cameron Parish, Louisiana.

Bayou Queue de Tortue, Louisiana.

Bayous des Cannes and Nezpique, Louisiana.

Bayou des Glaizes from Simmesport, Louisiana, to the junction of Bayou des Glaizes with Bayou du Lac and Bayou Rouge, one mile east of Cottonport.

Tangipahoa River, Louisiana.

Texas.

Neches River, Texas, with a view to making a cut-off or cut-offs at lower end of Harbor Island in order to facilitate the navigation of said stream.

Channel from Harbor Island and the Port of Aransas, Texas, to the San Antonio and Aransas Pass Railway Wharf at Rockport, Texas, with a view to securing a least depth of twelve feet.

Houston Ship Channel, Texas, with a view to securing such increased width and depth as may be advisable, by using the two dredges provided for this project or otherwise.

Buffalo Bayou, Texas, with a view to improving the channel to accommodate commerce between the ship channel turning basin and mouth of White Oak Bayou.

San Bernard River, Texas.

Turtle Cove Channel, Port Aransas, Texas.

Trinity River, near Liberty, Texas.

Texas City Harbor, Texas, with a view to enlargement and protection.

Brazos River, San Antonio River, Colorado River, Trinity River, and the tributaries of these rivers, all in Texas; Red River and its tributaries, Texas, Arkansas, Oklahoma, and Louisiana, with a view to devising plans for flood protection and determining the extent to which the United States should cooperate with the States and other

communities and interests in carrying out such plans, its share being based on the value of protection to navigation.

Sulphur River, Texas and Arkansas.

Sulphur River and Days Creek, Texas and Arkansas.

San Antonio River.

Saint Francis River, Arkansas and Missouri, commencing at the head of what is known as the "sunk lands," at or near the town of Saint Francis, Clay County, Arkansas, and extending to the foot of said "sunk lands" at or near the town of Marked Tree, Poinsett County, Arkansas, and in making such examination and survey, which shall be thorough and complete, the engineer or engineers having the same in charge shall also prepare plans, specifications, and make estimates of the cost of said improvement, and define the channel or course of said canal, and shall take into account and make report upon any proposition by local interests for participation in the expense of said project in connection with the reclamation of contiguous lands or other lands subject to overflow by said stream.

Arkansas River, from Little Rock to its mouth, an instrumental survey with a view to determining if a minimum depth at all seasons of four and one-half feet can be maintained, and if so, a detailed estimate of the cost thereof.

White River, Arkansas, above Batesville, with a view to providing year-round navigation by the construction of additional locks and dams.

Obed River, Tennessee, from its mouth to its fork at Eastport, or Spurrier, Tennessee.

Forked Deer River, Tennessee, from Dyersburg to its mouth.

Ohio River at Uniontown, Kentucky, with a view to removing the sand bar in front of the wharf or landing, and to determine whether a levee should be constructed in front of said town in the interest of navigation.

Rouge River, Michigan.

Thunder Bay River, Michigan, with a view to improving the mouth.

Livingstone Channel, Detroit River, Michigan, with a view to securing increased width.

Thunder Bay River, Michigan, with a view of clearing the channel and providing suitable breakwater to protect the same.

Harbor at Mackinac Island, Michigan, with a view of extending the east breakwater a distance of four hundred feet.

Black Lake Harbor, on Macatawa Bay, Michigan, from piers to point two hundred feet east of Graham and Morton dock, sixteen feet, with a view to establishing car-service ferry.

The Les Cheneaux Channels, Michigan, with a view of deepening and widening the same on the northeast side of La Salle Island from a point opposite Reibers Point to Cedarville, thence south on the southwest side of La Salle Island to Rocky Reef; also the channel on the northeasterly side of Marquette Island between said island and the mainland; also the channel leading into Hessel between Grover and Wheeler Island and Haven Island.

Red Lake, Minnesota, and Red Lake River from its outlet at Red Lake to its junction with the Red River of the North at Grand Forks, North Dakota, with a view to devising plans for regulating works whereby the level of said lake and the flow of said stream may be controlled in the interest of navigation, and in making such examination and survey any proposition by local interests for participation in the expense of said project shall be taken into consideration.

Saint Paul (Minnesota) Harbor, with a view of determining whether the channel of the Mississippi River can be changed to or near the bluffs on the west side thereof. As a part of the examination which the Secretary of War is hereby required to make, he is

Arkansas.

Tennessee.

Kentucky.

Michigan.

Minnesota.

Obstructions to traffic,
Mississippi River,
Saint Paul, Minn.

directed to report whether access to the river at St. Paul harbor, by persons and shippers desiring to use the same for the purposes of transportation or travel thereon, is so completely dominated by private control as to materially impede or burden traffic originating or terminating there; and, if he shall so find, he is further directed to report what steps are necessary to free said landing place from such improper control or obstruction, and also if, in his opinion, it is advisable for the United States to acquire the fee simple to the said landing place and the approach thereto, by condemnation or otherwise.

Traverse and Big Stone Lakes, on the boundary between Minnesota and South Dakota, with a view to flood control and to connecting and extending navigation on and between said lakes.

Mississippi River, near Deer River, Minnesota, with view to the construction of a new channel the termini and course of said channel to be determined with greater particularity by the Chief of Engineers, United States Army, the purpose of said new channel being to improve navigation, to enable a more perfect control of waters by Pokegama Dam.

Illinois.

Harbor of refuge at Evanston, Illinois.

Nebraska.

Missouri River from the city of Florence, Nebraska, to the northern limits of Decatur, Nebraska.

Kansas.
Flood investigation.

State of Kansas, floods in: Investigate the flood periods of the Kansas River and its tributaries, the Cottonwood and Neosho Rivers in the State of Kansas by an examination of the territory and from data already gathered by governmental, State, private efforts, and by the Board of Engineers of the War Department, and to devise some general plan which will best guard against the recurrence of floods and diminish their damaging effects upon the lower valleys of the Kansas, Arkansas, Missouri, and the Mississippi Rivers.

California.

San Joaquin River and Stockton Channel, California.

Black John Slough, California.

Playa del Rey Inlet and Basin, Venice, California.

Eel River, California.

Oregon.

Channel from the town of Saint Helens, Oregon, to deep water in Columbia River.

Umpqua River bar and entrance, Oregon.

Siuslaw River, Oregon, from Acme to the entrance.

Harbor at and channel from the town of Rainier, Oregon, to deep water in the Columbia River.

Yaquina Bay and Harbor, Oregon, including consideration of any proposition for cooperation of local interests.

Hoquarton Slough, Oregon, from Tillamook City to head of navigation on Tillamook Bay, to provide for a straight channel.

Washington.

Columbia River from The Dalles, Oregon, to Vancouver, Washington.

Willamette River from Corvallis to Eugene, Oregon.

Washougal Slough, Washington.

Everett Harbor, Washington.

Lake River, Washington.

Channel of Bakers Bay from the main ship channel of the Columbia River to the docks at Ilwaco, Washington.

Channel of Youngs Bay from the main ship channel of the Columbia River to a point one mile above County Road Bridge.

Idaho.

Saint Marys and Saint Joe Rivers, Idaho.

Columbia River from the mouth of the Snake to Priest Rapids with a view to improving open-river navigation.

Columbia River from Celilo Falls, Oregon, to the mouth of the Snake River; Snake River to Pittsburg Landing, Idaho, with a view to the construction of locks and dams for navigation; Clearwater River from its mouth to Orofino; and in making such examination

and survey the engineer or engineers having same in charge shall take into account any proposition by local interests for participation in the expense of said project in connection with the development of hydroelectric power.

Tolovano River, Alaska.

Virgin River, Nevada, between its intersection with the east line of the State of Nevada and the Colorado River, with a view to confining such river within its channel and the protecting of the banks against erosion.

Harbors and connecting waters of the Great Lakes, with a view to determining what additional improvements would be necessary in order to permit those waterways to accommodate vessels able to pass through the Welland Canal when enlarged by the Dominion of Canada, including report as to the character and drafts of vessels which may be expected to use the canal when so enlarged.

SEC. 3. That the Secretary of War is hereby authorized and directed to fix and establish pierhead and bulkhead lines, either or both, at Newport Harbor, California, in accordance with plan dated United States Engineer Office, Los Angeles, California, March twenty-fifth, nineteen hundred and thirteen, and entitled Newport Bay, California, showing harbor lines, beyond which no piers, wharfs, bulkheads, or other works shall be extended or deposit made, except under such regulations as shall be prescribed from time to time by the Secretary of War.

SEC. 4. That there shall be printed one thousand five hundred copies of the index to the annual reports of the Chief of Engineers, United States Army, from eighteen hundred and sixty-six to nineteen hundred and seventeen, inclusive, to include the reprinting of House Document Numbered Seven hundred and forty, Sixty-third Congress, second session, covering the period from eighteen hundred and sixty-six to nineteen hundred and twelve, inclusive, authorized by section six of the river and harbor Act approved July twenty-fifth, nineteen hundred and twelve, the additional information covering the period from nineteen hundred and twelve to nineteen hundred and seventeen, inclusive, to be furnished by the Secretary of War.

SEC. 5. That the Secretary of War be, and he is hereby, authorized to accept for and on behalf of the United States, with thanks to the donors, funds raised or to be raised by the New York World by popular subscription for the construction of an electric lighting plant adequate for the illumination of the Statue of Liberty on Bedloes Island, New York Harbor, with the understanding that the funds will be applied to the purpose for which donated, and that the lighting plant, after construction, will be maintained at the expense of the United States.

SEC. 6. That no part of the funds herein appropriated shall be used to pay for any work done by private contract if the contract price is more than twenty-five per centum in excess of the estimated cost of doing the work by Government plant.

Approved July 27, 1916.

Alaska.

Nevada.

Great Lakes harbors, etc.

Newport, Cal. Harbor lines, etc.

Index to Engineer reports 1866 to 1917. Printing, etc., ordered.

Statue of Liberty, New York Harbor. Acceptance, etc., of donated electric plant for lighting.

Restriction on private contract work.
