The Coordinator shall have such powers and duties as are hereinafter set forth and prescribed, and may, with the approval of the President, and without regard to the civil service laws and the Classification Act of 1923, as amended, appoint and fix the compensation of such assistants and agents, in addition to the assistance provided by the Commission, as may be necessary to the performance of his duties under this Act. SEC. 3. The Coordinator shall divide the lines of the carriers into three groups, to wit, an eastern group, a southern group, and a western group, and may from time to time make such changes or subdivisions in such groups as he may deem to be necessary or desirable. At the earliest practicable date after the Coordinator shall have initially designated such groups, three regional coordinating committees shall be created, one for each group, and each committee shall consist of five regular members and two special members. The carriers in each group, acting each through its board of directors or its receiver or receivers or trustee or trustees or through an officer or officers designated for the purpose by such board, shall select the regular members of the committee representing that group, and shall prescribe the rules under which such committee shall operate; but no railroad system shall have more than one representative on any such committee. In such selection each carrier shall have a vote in proportion to its mileage lying within the group. The two special members of each committee shall be selected in such manner as the Coordinator may approve, one to represent the steam railroads within the group which had in 1932 railway operating revenues of less than \$1,000,000 and the other to represent electric railways within the group not owned by a steam railroad or operated as a part of a general steam railroad system of transportation. Each such special member shall have reasonable notice of all meetings of his committee at which any matter affecting any carrier which he represents is to be considered, and may participate in the consideration and disposition of such matter. Members of the committees may be removed from office and vacancies may be filled in like manner.

SEC. 4. The purposes of this title are (1) to encourage and promote or require action on the part of the carriers and of subsidiaries subject to the Interstate Commerce Act, as amended, which will (a) avoid unnecessary duplication of services and facilities of whatsoever nature and permit the joint use of terminals and trackage incident thereto or requisite to such joint use: *Provided*, That no routes now existing shall be eliminated except with the consent of all participating lines or upon order of the Coordinator, (b) control allowances, accessorial services and the charges therefor, and other practices affecting service or operation, to the end that undue impairment of net earnings may be prevented, and (c) avoid other wastes and preventable expense; (2) to promote financial reorganization of the carriers, with due regard to legal rights, so as to reduce fixed charges to the extent required by the public inter-

est and improve carrier credit; and (3) to provide for the immediate study of other means of improving conditions surrounding transportation in all its forms and the preparation of plans therefor.

SEC. 5. It shall be the duty of the committees on their own initiative, severally within each group and jointly where more than one group is affected, to carry out the purposes set forth in subdivision (1) of section 4, so far as such action can be voluntarily accomplished by the carriers. In such instances as the committees are unable, for any reason, legal or otherwise, to carry out such purposes by such voluntary action, they shall recommend to the Coordinator that he give appropriate directions to the carriers or subsidiaries subject to the Interstate Commerce Act, as amended, by order; and the Coordinator is hereby authorized and directed to issue and enforce such orders if he finds them to be consistent with the public interest and in furtherance of the purposes of this title.

SEC. 6. (a) The Coordinator shall confer freely with the committees and give them the benefit of his advice and assistance. At his request, the committees, the carriers, the subsidiaries, and the Commission shall furnish him, or his assistants and agents, such information and reports as he may desire in investigating any matter within the scope of his duties under this title; and the Coordinator, his assistants, and agents, and the Commission, shall at all times have access to all accounts, records, and memoranda of the carriers and subsidiaries. If, in any instance, a committee has not acted with respect to any matter which the Coordinator has brought to its attention and upon which he is of the opinion that it should have acted, under the provisions of section 5, he is hereby authorized and directed to issue and enforce such order, giving appropriate directions to the carriers and subsidiaries subject to the Interstate Commerce Act, as amended, with respect to such matter, as he shall find to be consistent with the public interest.

(b) Insofar as may be necessary for the purposes of this title, the Commission and the members and examiners thereof shall have the same power to administer oaths and require by subpoena the attendance and testimony of witnesses and the production of books, papers, tariffs, contracts, agreements, and documents and to take testimony by deposition, relating to any matter under investigation, as though such matter arose under the Interstate Commerce Act, as amended and supplemented; and any person subpoenaed or testifying in connection with any matter under investigation under this title shall have the same rights, privileges, and immunities and be subject to the same duties, liabilities, and penalties as are provided in the case of persons subpoenaed or testifying in connection with any matter under investigation under the Interstate Commerce Act, as amended.

SEC. 7. (a) A labor committee for each regional group of carriers may be selected by those railroad labor organizations which, as representatives duly designated and authorized to act in accordance with the requirements of the Railway Labor Act, entered into the agreements of January 31, 1932, and December 21, 1932, with duly authorized representatives of the carriers, determining the wage payments of the employees of the carriers. A similar labor committee for each regional group of carriers may be selected by such other railroad labor organizations as may be duly designated and authorized to represent employees in accordance with the requirements of the Railway Labor Act. It shall be the duty of the regional coordinating committees and the Coordinator to give reasonable notice to, and to confer with, the appropriate regional labor committee or committees upon the subject matter prior to taking any

Any interested party, including, among others, any carrier, subsidiary, shipper, or employee, or any group of carriers, shippers, or employees, or any State commission, or the Governor of any State, or the official representative or representatives of any political subdivision thereof, dissatisfied with any order of the Coordinator may, at any time prior to the effective date of the order, file a petition with the Commission asking that such order be reviewed and suspended pending such review, and stating fully the reasons therefor. Such petitions shall be governed by such general rules as the Commission may establish. If the Commission, upon considering such

petition and any answer or answers thereto, finds reason to believe that the order may be unjust to the petitioner or inconsistent with the public interest, the Commission is hereby authorized to grant such review and, in its discretion, the Commission may suspend the order if it finds immediate enforcement thereof would result in irreparable damage to the petitioner or work grave injury to the public interest, but if the Commission suspends an order, it shall expedite the hearing and decision on that order as much as possible. Thereupon the Commission shall, after due notice and a public hearing, review the order and take such action in accord with the purposes of this title as it finds to be just and consistent with the public interest, either confirming the order or setting it aside or reissuing it in modified form, and any order so confirmed or reissued shall thereafter remain in effect until vacated or modified by the Commission.

SEC. 10. (a) The carriers or subsidiaries subject to the Interstate Commerce Act, as amended, affected by any order of the Coordinator or Commission made pursuant to this title shall, so long as such order is in effect, be, and they are hereby, relieved from the operation of the antitrust laws, as designated in section 1 of the Act entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914, and of all other restraints or prohibitions by law, State or Federal, other than such as are for the protection of the public health or safety, in so far as may be necessary to enable them to do anything authorized or required by such order made pursuant to this title: *Provided, however,* That nothing herein shall be construed to repeal, amend, suspend, or modify any of the requirements of the Railway Labor Act or the duties and obligations imposed thereunder or through contracts entered into in accordance with the provisions of said Act.

(b) The Coordinator shall issue no order which shall have the effect of relieving any carrier or subsidiary from the operation of the law of any State or of any order of any State commission until he has advised the State commission of said State, or the Governor of said State if there be no such commission, that such order is in contemplation, and shall afford the State commission or Governor so notified reasonable opportunity to present views and information bearing upon such contemplated order, nor unless such order is necessary, in his opinion, to prevent or remove an obstruction to or a burden upon interstate commerce.

SEC. 11. Nothing in this title shall be construed to relieve any carrier from any contractual obligation which it may have assumed, prior to the enactment of this Act, with regard to the location or maintenance of offices, shops, or roundhouses at any point.

SEC. 12. TITLE II—AMENDMENTS TO INTERSTATE COMMERCE ACT

TITLE II—Interstate Commerce Act amendments.

SECTION 201. Section 5 of the Interstate Commerce Act, as amended (U.S.C., title 49, sec. 5), is amended by striking out paragraphs (2) and (3) and by renumbering paragraphs (4) and (5) as paragraphs (2) and (3), respectively, and by striking out the last sentence of the paragraph so renumbered as paragraph (3).

Vol. 24, p. 380.
U. S. C., p. 1655.

SEC. 202. Such section 5 is further amended by striking out paragraphs (6), (7), and (8), and by inserting in lieu thereof the following paragraphs:

Combination, consolidation, etc.

"(4) (a) It shall be lawful, with the approval and authorization of the Commission, as provided in subdivision (b), for two or more carriers to consolidate or merge their properties, or any part thereof, into one corporation for the ownership, management, and operation of the properties theretofore in separate ownership; or for any carrier, or two or more carriers jointly, to purchase, lease, or contract to operate the properties, or any part thereof, of another; or for any carrier, or two or more carriers jointly, to acquire control of another through purchase of its stock; or for a corporation which is not a carrier to acquire control of two or more carriers through ownership of their stock; or for a corporation which is not a carrier and which has control of one or more carriers to acquire control of another carrier through ownership of its stock.

Mergers authorized.

Contract to operate another's properties.

Acquire control, through purchase of stock.

Holding companies, etc.

"(b) Whenever a consolidation, merger, purchase, lease, operating contract, or acquisition of control is proposed under subdivision (a), the carrier or carriers or corporation seeking authority therefor shall present an application to the Commission, and thereupon the Commission shall notify the Governor of each State in which any part of the properties of the carriers involved in the proposed transaction is situated, and also such carriers and the applicant or applicants, of the time and place for a public hearing. If after such hearing the Commission finds that, subject to such terms and conditions and such modifications as it shall find to be just and reasonable, the proposed consolidation, merger, purchase, lease, operating contract, or acquisition of control will be in harmony with and in furtherance of the plan for the consolidation of railway properties established pursuant to paragraph (3), and will promote the public interest, it may enter an order approving and authorizing such consolidation, merger, purchase, lease, operating contract, or acquisition of control, upon the terms and conditions and with the modifications so found to be just and reasonable.

Application for authority to be made to Commission.

Notices to governors of States, etc.

Approval, if in harmony with Commission's plan, and in public interest.

Terms and conditions.

"(5) Whenever a corporation which is not a carrier is authorized, by an order entered under paragraph (4), to acquire control of any carrier or of two or more carriers, such corporation thereafter shall, to the extent provided by the Commission, for the purposes of paragraphs (1) to (10), inclusive, of section 20 (relating to reports, accounts, and so forth, of carriers), including the penalties applicable in the case of violations of such paragraphs, be considered as

Holding company acquiring control of carriers.

Supervision of Commission.

As to issues of securities, liabilities, etc.

To be treated as a "carrier."

Assumption of obligations.

Control or management unification of two or more carriers.

"Control or management", construed.

Transactions deemed effecting control or management.

"Affiliated person", defined.

Immaterial whether references to control relate to direct or indirect.

a common carrier subject to the provisions of this Act, and for the purposes of paragraphs (2) to (11), inclusive, of section 20a (relating to issues of securities and assumptions of liability of carriers), including the penalties applicable in the case of violations of such paragraphs, be considered as a 'carrier' as such term is defined in paragraph (1) of such section, and be treated as such by the Commission in the administration of the paragraphs specified. In the application of such provisions of section 20a in the case of any such corporation the Commission shall authorize the issue or assumption applied for only if it finds that such issue or assumption is consistent with the proper performance by each carrier which is under the control of such corporation of its service to the public as a common carrier, will not impair the ability of any such carrier to perform such service, and is otherwise compatible with the public interest.

"(6) It shall be unlawful for any person, except as provided in paragraph (4), to accomplish or effectuate, or to participate in accomplishing or effectuating, the control or management in a common interest of any two or more carriers, however such result is attained, whether directly or indirectly, by use of common directors, officers, or stockholders, a holding or investment company or companies, a voting trust or trusts, or in any other manner whatsoever. It shall be unlawful to continue to maintain control or management accomplished or effectuated after the enactment of this amendatory paragraph and in violation of its provisions. As used in this paragraph and paragraph (7), the words 'control or management' shall be construed to include the power to exercise control or management.

"(7) For the purposes of paragraphs (6) and (11), but not in anywise limiting the application thereof, any transaction shall be deemed to accomplish or effectuate the control or management in a common interest of two carriers—

"(a) If such transaction is by a carrier, and if the effect of such transaction is to place such carrier and persons affiliated with it, taken together, in control of another carrier.

"(b) If such transaction is by a person affiliated with a carrier, and if the effect of such transaction is to place such carrier and persons affiliated with it, taken together, in control of another carrier.

"(c) If such transaction is by two or more persons acting together, one of whom is a carrier or is affiliated with a carrier, and if the effect of such transaction is to place such persons and carriers and persons affiliated with any one of them and persons affiliated with any such affiliated carrier, taken together, in control of another carrier.

"(8) For the purposes of paragraph (7) a person shall be held to be affiliated with a carrier if, by reason of the relationship of such person to such carrier (whether by reason of the method of, or circumstances surrounding organization or operation, or whether established through common directors, officers, or stockholders, a voting trust or trusts, a holding or investment company or companies, or any other direct or indirect means), it is reasonable to believe that the affairs of any carrier of which control may be acquired by such person will be managed in the interest of such other carrier.

"(9) For the purposes of paragraphs (6), (7), (8), and (11), wherever reference is made to control it is immaterial whether such control is direct or indirect. As used in this paragraph and paragraphs (7), (8), and (11) the term 'control' shall be construed to include the power to exercise control.

"(10) The Commission is hereby authorized, upon complaint or upon its own initiative without complaint, but after notice and hearing, to investigate and determine whether any person is violating

the provisions of paragraph (6). If the Commission finds after such investigation that such person is violating the provisions of such paragraph, it shall by order require such person to take such action as may be necessary, in the opinion of the Commission, to prevent continuance of such violation.

Commission to order discontinuance of violations.

"(11) For the proper protection and in furtherance of the plan for the consolidation of railway properties established pursuant to paragraph (3) and the regulation of interstate commerce in accordance therewith, the Commission is hereby authorized, upon complaint or upon its own initiative without complaint, but after notice and hearing, to investigate and determine whether the holding by any person of stock or other share capital of any carrier (unless acquired with the approval of the Commission) has the effect (a) of subjecting such carrier to the control of another carrier or to common control with another carrier, and (b) of preventing or hindering the carrying out of any part of such plan or of impairing the independence, one of another, of the systems provided for in such plan. If the Commission finds after such investigation that such holding has the effects described, it shall by order provide for restricting the exercise of the voting power of such person with respect to such stock or other share capital (by requiring the deposit thereof with a trustee, or by other appropriate means) to the extent necessary to prevent such holding from continuing to have such effects.

Control, interfering with Commission's consolidation plan or carrier's independence to be investigated.

Restricting voting power of controlling stock.

"(12) If in the course of any proceeding under this section before the Commission, or of any proceeding before a court in enforcement of an order entered by the Commission under this section, it appears that since the beginning of such proceeding the plan for consolidation has been reopened under paragraph (3) for changes or modifications with respect to the allocation of the properties of any carrier involved in such proceeding, then such proceeding may be suspended.

Suspension of proceeding in certain cases.

"(13) The district courts of the United States shall have jurisdiction upon the application of the Commission, alleging a violation of any of the provisions of this section or disobedience of any order issued by the Commission thereunder by any person, to issue such writs of injunction or other proper process, mandatory or otherwise, as may be necessary to restrain such person from violation of such provision or to compel obedience to such order.

Jurisdiction of district courts.

"(14) The Commission may from time to time, for good cause shown, make such orders, supplemental to any order made under paragraph (1), (4), (10), or (11), as it may deem necessary or appropriate.

Supplemental orders authorized.

"(15) The carriers and any corporation affected by any order made under the foregoing provisions of this section shall be, and they are hereby, relieved from the operation of the antitrust laws as designated in section 1 of the Act entitled 'An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes', approved October 15, 1914, and of all other restraints or prohibitions by or imposed under authority of law, State or Federal, insofar as may be necessary to enable them to do anything authorized or required by such order.

Carriers affected relieved from operation of antitrust laws. Vol. 38, p. 730. U.S.C., p. 352.

"(16) If any provision of the foregoing paragraphs of this section, or the application thereof to any person or circumstances, is held invalid, the other provisions of such paragraphs, and the application of such provision to any other person or circumstances, shall not be affected thereby.

Separability provisions.

"(17) As used in paragraphs (4) to (16), inclusive, the term 'person' includes an individual, partnership, association, joint-stock

- Interstate Commerce Act. Provisions, as amended, to remain in force. SEC. 204. The provisions of the Interstate Commerce Act, as amended, and of all other applicable Federal statutes, as in force prior to the enactment of this title, shall remain in force, as though this title had not been enacted, with respect to the acquisition by any carrier, prior to the enactment of this title, of the control of any other carrier or carriers.
- Vol. 41, p. 488, amended. U.S.C., p. 1663. “Rates” defined. SEC. 205. Section 15a of the Interstate Commerce Act, as amended (U.S.C., title 49, sec. 15a), is amended to read as follows: “SEC. 15a. (1) When used in this section, the term ‘rates’ means rates, fares, and charges, and all classifications, regulations, and practices relating thereto. (2) In the exercise of its power to prescribe just and reasonable rates the Commission shall give due consideration, among other factors, to the effect of rates on the movement of traffic; to the need, in the public interest, of adequate and efficient railway transportation service at the lowest cost consistent with the furnishing of such service; and to the need of revenues sufficient to enable the carriers, under honest, economical, and efficient management, to provide such service.”
- Fair return for carriers; factors in determining. SEC. 206. (a) All moneys which were recoverable by and payable to the Interstate Commerce Commission, under paragraph (6) of section 15a of the Interstate Commerce Act, as in force prior to the enactment of this title, shall cease to be so recoverable and payable; and all proceedings pending for the recovery of any such moneys shall be terminated. The general railroad contingent fund established under such section shall be liquidated and the Secretary of the Treasury shall distribute the moneys in such fund among the carriers which have made payments under such section, so that each such carrier shall receive an amount bearing the same ratio to the total amount in such fund that the total of amounts paid under such section by such carrier bears to the total of amounts paid under such section by all carriers; except that if the total amount in such fund exceeds the total of amounts paid under such section by all carriers such excess shall be distributed among such carriers upon the basis of the average rate of earnings (as determined by the Secretary of the Treasury) on the investment of the moneys in such fund and differences in dates of payments by such carriers. (b) The income, war-profits, and excess-profits tax liabilities for any taxable period ending after February 28, 1920, of the carriers and corporations whose income, war-profits, or excess-profits tax liabilities were affected by section 15a of the Interstate Commerce Act, as in force prior to the enactment of this Act, shall be computed as if such section had never been enacted, except that, in the case of carriers or corporations which have made payments under paragraph (6) of such section, an amount equal to such payments shall be excluded from gross income for the taxable periods with respect to which they were made. All distributions made to carriers in accordance with subdivision (a) of this section shall be included in the gross income of the carriers for the taxable period in which this Act is enacted. The provisions of this subdivision shall not be held to affect (1) the statutes of limitations with respect

"(a) That the Commission shall, as hereinafter provided, investigate, ascertain, and report the value of all the property owned or used by every common carrier subject to the provisions of this Act, except any street, suburban, or interurban electric railway which is not operated as a part of a general steam railroad system of transportation; but the Commission may in its discretion investigate, ascertain, and report the value of the property owned or used by any such electric railway subject to the provisions of this Act whenever in its judgment such action is desirable in the public interest. To enable the Commission to make such investigation and report, it is authorized to employ such experts and other assistants as may be necessary. The Commission may appoint examiners who shall have power to administer oaths, examine witnesses, and take testimony. The Commission shall, subject to the exception hereinbefore provided for in the case of electric railways, make an inventory which shall list the property of every common carrier subject to the provisions of this Act in detail, and show the value thereof as hereinafter provided, and shall classify the physical property, as nearly as practicable, in conformity with the classification of expenditures for road and equipment, as prescribed by the Interstate Commerce Commission."

SEC. 208. Paragraphs (f) and (g) of such section 19a, as amended (U.S.C., title 49, sec. 19a (f), (g)), are amended to read as follows:

"(f) Upon completion of the original valuations herein provided for, the Commission shall thereafter keep itself informed of all new construction, extensions, improvements, retirements, or other changes in the condition, quantity, use, and classification of the property of all common carriers as to which original valuations have been made, and of the cost of all additions and betterments thereto and of all changes in the investment therein, and may keep itself informed of current changes in costs and values of railroad properties, in order that it may have available at all times the information deemed by it to be necessary to enable it to revise and correct its previous inventories, classifications, and values of the properties; and when deemed necessary, may revise, correct, and supplement any of its inventories and valuations.

"(g) To enable the Commission to carry out the provisions of the preceding paragraph, every common carrier subject to the provisions of this Act shall make such reports and furnish such information as the Commission may require."

SEC. 209. If any provision of this Act, or the application thereof to any person or circumstances, is held invalid, the other provisions of this Act or the application of such provision to any other person or circumstances shall not be affected thereby.
