### TITLE I—THE PRINCIPAL REGISTER

SECTION 1. The owner of a trade-mark used in commerce may register his trade-mark under this Act on the principal register hereby established:

(a) By filing in the Patent Office—

(1) a written application, in such form as may be prescribed by the Commissioner, verified by the applicant, or by a member of the firm or an officer of the corporation or association applying, specifying applicant's domicile and citizenship, the date of applicant's first use of the mark, the date of applicant's first use of the mark in commerce, the goods in connection with which the mark is used and the mode or manner in which the mark is used in connection with such goods, and including a statement to the effect that the person making the verification believes himself, or the firm, corporation, or association in whose behalf he makes the verification, to be the owner of the mark sought to be registered, that the mark is in use in commerce, and that no other person, firm, corporation, or association, to the best of his knowledge and belief, has the right to use such mark in commerce either in the identical form thereof or in such near resemblance thereto as might be calculated to deceive: *Provided*, That in the case of every application claiming concurrent use the applicant shall state exceptions to his claim of exclusive use, in which he shall specify, to the extent of his knowledge, any concurrent use by others, the goods or services in connection with which and the areas in which each concurrent use exists, the periods of each use, and the goods and area for which the applicant desires registration;

Application claiming concurrent use.

(2) a drawing of the mark; and

(3) such number of specimens or facsimiles of the mark as actually used as may be required by the Commissioner.

(b) By paying into the Patent Office the filing fee.

(c) By complying with such rules or regulations, not inconsistent with law, as may be prescribed by the Commissioner.

(d) If the applicant is not domiciled in the United States he shall designate by a written document filed in the Patent Office the name and address of some person resident in the United States on whom may be served notices or process in proceedings affecting the mark. Such notices or process may be served upon the person so designated by leaving with him or mailing to him a copy thereof at the address specified in the last designation so filed. If the person so designated cannot be found at the address given in the last designation, such notice or process may be served upon the Commissioner.

#### MARKS REGISTRABLE ON THE PRINCIPAL REGISTER

Conditions for refusal of registration.

SEC. 2. No trade-mark by which the goods of the applicant may be distinguished from the goods of others shall be refused registration on the principal register on account of its nature unless it—

(a) Consists of or comprises immoral, deceptive, or scandalous matter; or matter which may disparage or falsely suggest a connection with persons, living or dead, institutions, beliefs, or national symbols, or bring them into contempt, or disrepute.

(b) Consists of or comprises the flag or coat of arms or other insignia of the United States, or of any State or municipality, or of any foreign nation, or any simulation thereof.

(c) Consists of or comprises a name, portrait, or signature identifying a particular living individual except by his written consent, or the name, signature, or portrait of a deceased President of the United States during the life of his widow, if any, except by the written consent of the widow.

Concurrent registrations.

(d) Consists of or comprises a mark which so resembles a mark registered in the Patent Office or a mark or trade name previously used in the United States by another and not abandoned, as to be likely, when applied to the goods of the applicant, to cause confusion or mistake or to deceive purchasers: *Provided*, That the Commissioner may register as concurrent registrations the same or similar marks to more than one registrant when they have become entitled to use such marks as a result of their concurrent lawful use thereof in commerce prior to any of the filing dates of the applications involved and the Commissioner or a court on appeal determines that confusion or mistake or deceit of purchasers is not likely to result from the continued use of said marks under conditions and limitations as to the mode or place of use or the goods in connection with which such registrations may be granted which conditions and limitations shall be prescribed in the grant of the concurrent registrations thereof; and concurrent registrations may be similarly granted by the Commissioner with such conditions and limitations when a court has finally determined that more than one person is entitled to use the same or similar marks in commerce. The Commissioner shall give not less than thirty days' written notice to all applicants, registrants, and users specified by any of the parties concerned of any application for concurrent registration and of the time and place of the hearings thereon. When the Commissioner decides to grant a concurrent registration the proposed registration shall be published in the Official Gazette of the Patent Office and the application shall be subject to opposition as hereinafter provided for other applications to register marks. Concurrent registrations may be ordered by a court in an action under the provisions of section 4915, Revised Statutes, under such conditions and limitations as the court considers proper in accordance herewith.

Notice by Commissioner.

Publication of proposed registration.

(e) Consists of a mark which, (1) when applied to the goods of the applicant is merely descriptive or deceptively misdescriptive of them, or (2) when applied to the goods of the applicant is primarily geographically descriptive or deceptively misdescriptive of them, except as indications of regional origin may be registrable under section 4 hereof, or (3) is primarily merely a surname.

(f) Except as expressly excluded in paragraphs (a), (b), (c), and (d) of this section, nothing herein shall prevent the registration of a mark used by the applicant which has become distinctive of the applicant's goods in commerce. The Commissioner may accept as prima facie evidence that the mark has become distinctive, as applied to the applicant's goods in commerce, proof of substantially exclusive and continuous use thereof as a mark by the applicant in commerce for the five years next preceding the date of the filing of the application for its registration.

Mark distinctive of applicant's goods.

#### SERVICE MARKS REGISTRABLE

SEC. 3. Subject to the provisions relating to the registration of trade-marks, so far as they are applicable, service marks used in commerce shall be registrable, in the same manner and with the same effect as are trade-marks, and when registered they shall be entitled to the protection provided herein in the case of trade-marks, except when used so as to represent falsely that the owner thereof makes or sells the goods on which such mark is used. The Commissioner may establish a separate register for such service marks. Applications and procedure under this section shall conform as nearly as practicable to those prescribed for the registration of trade-marks.

#### COLLECTIVE AND CERTIFICATION MARKS REGISTRABLE

SEC. 4. Subject to the provisions relating to the registration of trade-marks, so far as they are applicable, collective and certification marks, including indications of regional origin used in commerce, shall be registrable under this Act, in the same manner and with the same effect as are trade-marks, by persons, and nations, States, municipalities, and the like, exercising legitimate control over the use of the marks sought to be registered, even though not possessing an industrial or commercial establishment, and when registered they shall be entitled to the protection provided herein in the case of trade-marks, except when used so as to represent falsely that the owner or a user thereof makes or sells the goods or performs the services on or in connection with which such mark is used. The Commissioner may establish a separate register for such collective marks and certification marks. Applications and procedure under this section shall conform as nearly as practicable to those prescribed for the registration of trade-marks.

#### USE BY RELATED COMPANIES

SEC. 5. Where a registered mark or a mark sought to be registered is or may be used legitimately by related companies, such use shall inure to the benefit of the registrant or applicant for registration, and such use shall not affect the validity of such mark or of its registration, provided such mark is not used in such manner as to deceive the public.

#### DISCLAIMERS

SEC. 6. The Commissioner shall require unregistrable matter to be disclaimed, but such disclaimer shall not prejudice or affect the applicant's or owner's rights then existing or thereafter arising in the disclaimed matter, nor shall such disclaimer prejudice or affect the

applicant's or owner's rights of registration on another application of later date if the disclaimed matter has become distinctive of the applicant's or owner's goods or services.

#### CERTIFICATES

Issuance.

SEC. 7. (a) Certificates of registration of marks registered upon the principal register shall be issued in the name of the United States of America, under the seal of the Patent Office, and shall either be signed by the Commissioner or have his name printed thereon and attested by an assistant commissioner or by one of the law examiners duly designated by the Commissioner, and a record thereof, together with printed copies of the drawing and statement of the applicant, shall be kept in books for that purpose. The certificate shall reproduce the drawing of the mark, contain the statement of the applicant and state that the mark is registered on the principal register under this Act, the date of the first use of the mark, the date of the first use of the mark in commerce, the particular goods or services for which it is registered, the number and date of the registration, the term thereof, the date on which the application for registration was received in the Patent Office, and any conditions and limitations that may be imposed in the grant of the registration.

Evidence of validity of registration, etc.

(b) A certificate of registration of a mark upon the principal register provided by this Act shall be prima facie evidence of the validity of the registration, registrant's ownership of the mark, and of registrant's exclusive right to use the mark in commerce in connection with the goods or services specified in the certificate, subject to any conditions and limitations stated therein.

Change of ownership.

(c) A certificate of registration of a mark may be issued to the assignee of the applicant, but the assignment must first be recorded in the Patent Office. In case of change of ownership the Commissioner shall, at the request of the owner and upon a proper showing and the payment of the fee herein provided, issue to such assignee a new certificate of registration of the said mark in the name of such assignee, and for the unexpired part of the original period.

Amendment, etc., of registration.

(d) At any time, upon application of the registrant and payment of the fee herein provided, the Commissioner may permit any registration in the Patent Office to be surrendered, canceled, or for good cause to be amended, and he may permit any registered mark to be disclaimed in whole or in part: *Provided*, That the registration when so amended shall still contain registrable matter and the mark as amended shall still be registrable as a whole, and that such amendment or disclaimer does not involve such changes in the registration as to alter materially the character of the mark. The Commissioner shall make appropriate entry upon the records of the Patent Office and upon the certificate of registration or, if said certificate is lost or destroyed, upon a certified copy thereof.

Copies of records, etc.

(e) Copies of any records, books, papers, or drawings belonging to the Patent Office relating to marks, and copies of certificates of registration, when authenticated by the seal of the Patent Office and certified by the Commissioner, or in his name by a chief of division duly designated by the Commissioner, shall be evidence in all cases wherein the originals would be evidence; and any person making application therefor and paying the fee required by law shall have such copies.

Certificate of correction.

(f) Whenever a material mistake in a registration, incurred through the fault of the Patent Office, is clearly disclosed by the records of the Office a certificate stating the fact and nature of such mistake, signed by the Commissioner and sealed with the seal of the Patent Office, shall be issued without charge and recorded and a printed copy

thereof shall be attached to each printed copy of the registration certificate and such corrected certificate shall thereafter have the same effect as if the same had been originally issued in such corrected form, or in the discretion of the Commissioner a new certificate of registration may be issued without charge. All certificates of correction heretofore issued in accordance with the rules of the Patent Office and the registrations to which they are attached shall have the same force and effect as if such certificates and their issue had been specifically authorized by statute.

(g) Whenever a mistake has been made in a registration and a showing has been made that such mistake occurred in good faith through the fault of the applicant, the Commissioner is authorized to issue a certificate of correction or, in his discretion, a new certificate upon the payment of the required fee: *Provided*, That the correction does not involve such changes in the registration as to require republication of the mark.

#### DURATION

SEC. 8. (a) Each certificate of registration shall remain in force for twenty years: *Provided*, That the registration of any mark under the provisions of this Act shall be canceled by the Commissioner at the end of six years following its date, unless within one year next preceding the expiration of such six years the registrant shall file in the Patent Office an affidavit showing that said mark is still in use or showing that its nonuse is due to special circumstances which excuse such nonuse and is not due to any intention to abandon the mark. Special notice of the requirement for such affidavit shall be attached to each certificate of registration.

Cancellation.

Affidavit.

(b) Any registration published under the provisions of subsection (c) of section 12 of this Act shall be canceled by the Commissioner at the end of six years after the date of such publication unless within one year next preceding the expiration of such six years the registrant shall file in the Patent Office an affidavit showing that said mark is still in use or showing that its nonuse is due to special circumstances which excuse such nonuse and is not due to any intention to abandon the mark.

(c) The Commissioner shall notify any registrant who files either of the above-prescribed affidavits of his acceptance or refusal thereof and, if a refusal, the reasons therefor.

Notice of acceptance or refusal.

#### RENEWAL

SEC. 9. Each registration may be renewed for periods of twenty years from the end of the expiring period upon the filing of an application therefor accompanied by an affidavit by the registrant stating that the mark is still in use in commerce and the payment of the renewal fee required by this Act; and such application may be made at any time within six months before the expiration of the period for which the certificate of registration was issued or renewed, or it may be made within three months after such expiration on payment of the additional fee herein provided.

An applicant for renewal not domiciled in the United States shall be subject to and comply with the provisions of section 1 (d) hereof.

Cancellation.

and in any such assignment it shall not be necessary to include the goodwill of the business connected with the use of and symbolized by any other mark used in the business or by the name or style under which the business is conducted: *Provided*, That any assigned registration may be canceled at any time if the registered mark is being used by, or with the permission of, the assignee so as to misrepresent the source of the goods or services in connection with which the mark is used. Assignments shall be by instruments in writing duly executed. Acknowledgment shall be prima facie evidence of the execution of an assignment and when recorded in the Patent Office the record shall be prima facie evidence of execution. An assignment shall be void as against any subsequent purchaser for a valuable consideration without notice, unless it is recorded in the Patent Office within three months after the date thereof or prior to such subsequent purchase. ## PUBLICATION

Examination.

SEC. 12. (a) Upon the filing of an application for registration and payment of the fee herein provided, the Commissioner shall refer the application to the examiner in charge of the registration of marks, who shall cause an examination to be made and, if on such examination it shall appear that the applicant is entitled to registration, the Commissioner shall cause the mark to be published in the Official Gazette of the Patent Office.

Procedure if applicant not entitled to registration.

(b) If the applicant is found not entitled to registration, the examiner shall advise the applicant thereof and of the reasons therefor. The applicant shall have a period of six months in which to reply or amend his application, which shall then be reexamined. This procedure may be repeated until (1) the examiner finally refuses registration of the mark or (2) the applicant fails for a period of six months to reply or amend or appeal, whereupon the application shall be deemed to have been abandoned, unless it can be shown to the satisfaction of the Commissioner that the delay in responding was unavoidable, whereupon such time may be extended.

The Commissioner shall publish notice thereof with a reproduction of said mark in the Official Gazette, and notify the registrant of such publication and of the requirement for the affidavit of use or nonuse as provided for in subsection (b) of section 8 of this Act. This subsection shall not be subject to the provisions of section 13 of this Act.

## OPPOSITION

SEC. 13. Any person who believes that he would be damaged by the registration of a mark upon the principal register may, upon payment of the required fee, file a verified notice of opposition in the Patent Office, stating the grounds therefor, within thirty days after the publication under subsection (a) of section 12 of this Act of the mark sought to be registered. For good cause shown, the time for filing notice of opposition may be extended by the Commissioner, who shall notify the applicant. SEC. 16. Whenever application is made for the registration of a mark which so resembles a mark previously registered by another, or for the registration of which another has previously made application, as to be likely when applied to the goods or when used in connection with the services of the applicant to cause confusion or mistake or to deceive purchasers, the Commissioner may declare that an interference exists. No interference shall be declared between an application and the registration of a mark the right to the use of which has become incontestable.
