## [CHAPTER 736]

## AN ACT

August 2, 1946  
[S. 1426]  
[Public Law 592]

To provide for the replanning and rebuilding of slum, blighted, and other areas of the District of Columbia and the assembly, by purchase or condemnation, of real property in such areas and the sale or lease thereof for the redevelopment of such area in accordance with said plans; and to provide for the organization of, procedure for, and the financing of such planning, acquisition, and sale or lease; and for other purposes.

District of Columbia  
Redevelopment  
Act of 1945.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That this Act may be cited as the "District of Columbia Redevelopment Act of 1945".

## GENERAL PURPOSES

Policy.

Acquisition of property.

Modernization.

Comprehensive and coordinated planning.

SEC. 2. It is hereby declared to be a matter of legislative determination that owing to technological and sociological changes, obsolete lay-out, and other factors, conditions existing in the District of Columbia with respect to substandard housing and blighted areas, including the use of buildings in alleys as dwellings for human habitation, are injurious to the public health, safety, morals, and welfare; and it is hereby declared to be the policy of the United States to protect and promote the welfare of the inhabitants of the seat of the Government by eliminating all such injurious conditions by employing all means necessary and appropriate for the purpose; and control by regulatory processes having proved inadequate and insufficient to remedy the evils, it is in the judgment of Congress necessary to acquire property in the District of Columbia by gift, purchase, or the use of eminent domain to effectuate the declared policy by the discontinuance of the use for human habitation in the District of Columbia of substandard dwellings and of buildings in alleys and blighted areas, and thereby to eliminate the substandard housing conditions and the communities in the inhabited alleys and blighted areas in such District; and it is necessary to modernize the planning and development of such portions of such District. The Congress finds that the foregoing cannot be accomplished by the ordinary operations of private enterprise alone without public participation in the planning and in the financing of land assembly for such development; and that for the economic soundness of this redevelopment and the accomplishment of the necessary social and economic benefits, and by reason of the close relationships between the development and uses of any part of an urban area with the development and uses of all other parts the sound replanning and redevelopment of an obsolescent or obsolescing portion of such District cannot be accomplished

unless it be done in the light of comprehensive and coordinated planning of the whole of the territory of the District of Columbia and its environs; and that this comprehensive planning and replanning should proceed vigorously without delay; and to these ends it is necessary to enact the provisions hereinafter set forth; and that the acquisition and the assembly of real property and the leasing or sale thereof for redevelopment pursuant to a project area redevelopment plan, all as provided in this Act, is hereby declared to be a public use.

For the purposes of this Act, "redevelopment" also includes the replanning, redesign, and original development of undeveloped areas which, by reason of street lay-out, lot lay-out, or other causes, are backward and stagnant and therefore blighted and for which replanning and land assembly are deemed necessary as a condition of sound development.

The members shall receive no salary as such, but those members who hold no other salaried public position shall be paid a per diem of \$20 for each day of service at meetings or on the work of the Agency.

(b) The said District of Columbia Redevelopment Agency is hereby made a body corporate of perpetual duration, the powers of which shall be vested in and exercised by the board of directors thereof, consisting of the five members thereof appointed as above set forth. The title to properties acquired under this present Act shall be taken by and in the name of the Agency and proceedings for condemnation or other acquisition of property shall be brought by and in the name of the Agency.

#### GENERAL AND PROJECT AREA REDEVELOPMENT PLANS

SEC. 6. (a) The Planning Commission is hereby directed to make and, from time to time, develop a comprehensive or general plan of the District of Columbia, including the appropriate maps, charts, tables, and descriptive, interpretative, and analytical matter, which plan is intended to serve as a general framework or guide of development within which the various project areas may be more precisely planned and calculated, and which comprehensive or general plan shall include at least a land-use plan which designates the proposed general distribution and general locations and extents of the uses of the land for housing, business, industry, recreation, education, public buildings, public reservations, and other general categories of public and private uses of the land.

Acquisition, etc., of property.

(b) For the exercise of the powers granted to the Agency by this Act for the acquisition and disposition of real property for the redevelopment of a project area, the following steps and plans shall be requisite, namely:

Boundaries.

(1) Adoption by the Planning Commission of the boundaries of the project area proposed by it, submission of such boundaries to the District Commissioners, and approval thereof by said Commissioners.

Redevelopment plan.

(2) Adoption by the Planning Commission and submission to, and, after a public hearing thereon, approval by the District Commissioners, of the redevelopment plan of the project area which shall contain a site and use plan for the redevelopment of the area, including the approximate locations and extents of the land uses proposed for and within the area, such as public buildings, streets, and other public works and utilities, housing, recreation, business, industry, schools, public and private open spaces, and other categories of public and private uses. Such plan shall also contain specifications of standards of population density and building intensity. Any such plan may also specify, by means of specification of maximum rentals or other basis, the amount or character or class of any low-rent housing for which the area or part thereof is proposed to be redeveloped.

Location and extent of public works, etc.

(c) In relation to the location and extent of public works and utilities, public buildings, and other public uses in the general plan or in a project area plan, the Planning Commission is directed to confer with the Federal and District public officials, boards, authorities, and agencies under whose administrative jurisdictions such uses respectively fall. In the project area planning, the Planning Commission is directed to consult from time to time with the Agency, and the Agency shall be free at all times to submit to the Planning Commission suggestions regarding both the location and extent of project areas and the use and site plans of project areas.

(d) After a project area redevelopment plan shall have been adopted by the Planning Commission and approved by the District Commissioners, the Planning Commission shall forthwith certify said plan to the Agency, whereupon said Agency shall proceed to the exercise of the powers granted to it in this Act for the acquisition and assembly of the real property of the area. Following such certification, no new construction shall be authorized by the District Commissioners in such area, including substantial remodeling or conversion or rebuilding, enlargement or extension or major structural improvements on existing buildings, but not including ordinary maintenance or remodeling or changes necessary to continue the occupancy.

Certification of plan.

TRANSFER, LEASE, OR SALE OF REAL PROPERTY IN PROJECT AREA FOR PUBLIC AND PRIVATE USES

SEC. 7. (a) After the real property in the project area shall have been assembled by the Agency, the Agency shall have the power to transfer to and shall at a practicable time or times transfer by deeds to the United States or to the District of Columbia, or to the appropriate Federal or District public body, department, or agency, those pieces of real property which, in accordance with the approved project area redevelopment plan, are to be devoted to public uses (other than public housing) falling within the construction or administrative jurisdiction of Federal or District agencies, such as streets and other utilities and works, Federal and District public buildings, public recreational spaces, and schools. The Federal agencies and the public agencies of the District of Columbia are hereby empowered, respectively, to acquire real property from the Agency for the uses respectively specified in the project area plan and to pay for same out of their funds duly appropriated for such acquisition. Excepting for such property as may be transferred by dedication, gift, or exchange, the transferee agency shall pay to the Agency such sum as may be agreed upon or, in the absence of agreement, as may be fixed by the Chief Justice of the District Court of the United States for the District of Columbia.

Public uses.  
Transfer of prop-  
erty.Acquisition of prop-  
erty from Agency.

(b) The Agency shall have the power to lease or sell the remainder of the project area as an entirety to a redevelopment company or to an individual or a partnership. Said remainder may include streets or parts thereof which in accordance with the plan are to be closed or vacated or other than publicly owned properties; and the Federal and District departments and agencies are empowered to transfer said spaces or properties to the Agency for such sums or other consideration as may be agreed upon.

Lease or sale of re-  
mainder.

(c) Any such lease or sale may be made without public bidding but only after a public hearing, after ten days' public notice, by the Agency upon the proposed lease or sale and the provisions thereof.

(d) The term of any such lease shall be fixed by the Agency and the instrument of lease may provide for renewals upon reappraisals and with rentals and other provisions adjusted to such reappraisals. Every such lease or sale shall provide that the lessee or purchaser shall carry out or cause to be carried out the approved project area redevelopment plan or approved modifications thereof and that no use shall be made of any land or real property included in the lease or sale nor any building or structure erected thereon which does not conform to such approved plan or approved modifications thereof. In the instrument, or instruments, of lease or sale, the Agency may include such other terms, conditions, and provisions as in its judgment will provide reasonable assurance of the priority of the obligations of the lease or sale and of conformance to the plan over any other obligations of the lessee or purchaser and also assurance of the financial and legal ability

Term of lease, etc.

Maximum rentals. of the lessee or purchaser to carry out and conform to the plan and the terms and conditions of the lease or sale; also, such terms, conditions, and specifications concerning buildings, improvements, sub-leases, or tenancies, maintenance and management, and any other related matters as the Agency may reasonably impose or approve, including provisions whereby the obligations to carry out and conform to the project area plan shall run with the land. In the event that maximum rentals to be charged to tenants of housing be specified, provision may be made for periodic reconsideration of such rental bases, with a view to proposing modification of the project area plan with respect to such rentals.

Conveyance by purchaser.

(e) Until the Agency certifies that all building constructions and other physical improvements specified to be done and made by the purchaser of the area have been completed, the purchaser shall have no power to convey the area, or any part thereof, without the consent of the Agency; and no such consent shall be given unless the grantee or mortgagee of the purchaser obligates itself or himself by written instrument to the Agency to carry out that portion of the redevelopment plan which falls within the boundaries of the conveyed property, and also that the grantee, his or its heirs, representatives, successors, and assigns, shall have no right or power to convey, lease, or let the conveyed property or any part thereof or erect or use any building or structure erected thereon free from the obligation and requirement to conform to the approved project area redevelopment plan or approved modifications thereof.

Lease, etc., of parts of area.

(f) In lieu of the lease or sale of a project area as an entirety, the Agency shall have the power to lease or sell parts of such area separately to individuals, partnerships, or redevelopment companies. Any such sale or lease of a part or parts of a project area shall be fully subject to the provisions of subsections (c), (d), and (e) of this section.

Lease, etc., to public redevelopment company.

(g) No lease or sale of any project area or portion thereof shall be made by the Agency to any public redevelopment company unless the terms of such lease or sale shall provide greater compensation to the Agency than any offer or combination of offers based on substantially the same area and substantially the same redevelopment plan which shall be received from any responsible private sources (eligible as purchasers or lessees under this Act) within a reasonable announced period of time (not less than thirty days) after the public hearing on such proposed lease or sale. It is the intent of this provision that private enterprise as represented through a responsible private redevelopment company, individual, or partnership shall be given a preference over any public redevelopment company in such lease or sale provided such preference can be given, in the judgment of the Agency, consistently with the protection of the public interest and consistently with a purpose to resort to a public redevelopment company only in the event that private enterprise shall not reasonably be available for the development of the project area or the part thereof under consideration.

Preference given to private enterprise.

Demolition and construction.

(h) The Agency may itself demolish any existing structure or clear the area or any part thereof, or may specify the demolition and clearance to be performed by a lessee or purchaser within a reasonable time after such lease or purchase. The Agency may specify a reasonable time schedule and reasonable conditions for the construction of buildings and other improvements by a lessee or purchaser: *Provided*, That any such time schedule or condition shall be specified prior to the offering of the area or part thereof for lease or sale, and shall be equally binding upon any purchaser or lessee, public or private. The cost of demolition or clearance made by the Agency pursuant to this

Prior specification of time schedule.

subsection shall be treated as an item of cost of the acquisition of the area.

(i) In order to facilitate the lease or sale of a project area or, in the event that the lease or sale is of parts of an area, then to facilitate the leases or sales of such parts, the Agency shall have the power to include in the cost payable by it the cost of the construction of local streets and sidewalks within the area or of grading and other local public surface or subsurface facilities necessary for shaping the area as the site of the redevelopment of the area. The Agency may arrange with the appropriate Federal or District agencies for the reimbursement of such outlays from funds or assessments raised or levied for such purposes.

Reimbursement.

#### HOUSING FOR DISPLACED FAMILIES

SEC. 8. (a) Prior to approval by the District Commissioners, pursuant to subparagraph (2) of subsection 6 (b), of any redevelopment plan, the District Commissioners shall satisfy themselves (and shall so state at the public hearing required by such subparagraph) that decent, safe, and sanitary housing, substantially equal in quantity to the number of substandard dwelling units to be removed or demolished within the project area, under the proposed redevelopment plan, are available or will be provided (by construction pursuant to the redevelopment plan, or otherwise) in localities, and at rents or prices, within the reach of the low-income families displaced or to be displaced (temporarily or permanently), pursuant to the redevelopment plan, from the project area.

Availability of safe housing.

(b) Families displaced by slum clearance or redevelopment under this Act shall be given preference as tenants to fill vacancies occurring in housing owned or operated within the District of Columbia by Federal or District of Columbia governmental agencies until appropriate housing is available to such families.

Preference as tenants.

#### ACQUISITION OF PROPERTY FROM PROSPECTIVE LESSEE OR PURCHASER

SEC. 9. As an aid in the acquisition of the real property of a project area, the Agency may accept a fund or, at an agreed value, any parcel or parcels of property within such area, from any redevelopment company or partnership or individual, subject to a provision that in the event the supplier of any such fund or the conveyor of such property shall become the purchaser of the project area or any part or parts thereof such fund or the agreed value of such property shall be credited on the purchase price of such area or part thereof and if there be an excess above the cost of acquisition of the area such excess shall be returned, and that in the event that such supplier or conveyor does not become the purchaser of such area or any part thereof, the amount of the fund or the agreed value of such property (as the case may be) shall be paid to such supplier or conveyor.

#### USE-VALUE APPRAISALS

SEC. 10. After the Agency shall have assembled and acquired the real property of a project area, it shall, as an aid to it in determining the rentals and other terms upon which it will lease or the price at which it will sell the area or parts thereof, place a use-value upon each piece or tract of land within the area which, in accordance with the plan, is to be used for private uses or for low-rent housing, such use-value to be based on the planned use; and, for the purpose of this use valuation, it shall cause a use-value appraisal to be made by two or more land-value experts employed by it for the purpose; but nothing contained in this section shall be construed as requiring the Agency to base its rentals or selling prices upon such appraisal.

The aggregate use value placed, for purposes of lease or sale, upon all land, within a particular project area, leased or sold by the Agency pursuant to this Act shall be not less than one-third of the aggregate cost to the Agency of acquiring all such land (excluding the cost of old buildings destroyed and the demolition and clearance thereof).

#### PROTECTION OF REDEVELOPMENT PLAN

Articles of incorporation, etc.

SEC. 11. (a) Previous to the execution and delivery by the Agency of a lease or conveyance to a redevelopment company or previous to the consent by the Agency to an assignment or conveyance by a lessee or purchaser to a redevelopment company, the articles or certificate of incorporation or association or charter or other basic instrument of such company shall contain provisions so defining, limiting, and regulating the exercise of the powers of the company that neither the company nor its stockholders, its officers, its directors, its members, its beneficiaries, its bondholders, or other creditors or other persons shall have any power to amend or to effect the amendment of the terms and conditions of the lease or the terms and conditions of the sale without the consent of the Agency or, in relation to the project area redevelopment plan, without the approval of any proposed modification in accordance with the provisions of section 12 of this Act; and no action of stockholders, officers, directors, bondholders, creditors, partners or other persons, nor any reorganization, dissolution, receivership, consolidation, foreclosure, or any other change in the status or obligation of any redevelopment company, partnership, or individual in any litigation or proceeding in any Federal or other court shall effect any release or any impairment or modification of the lease or terms of sale or of the project area redevelopment plan unless such consent or approval be obtained.

Organization of redevelopment corporations.

31 Stat. 1284.  
D. C. Code §§ 29-201 to 29-240.  
*Ante*, p. 261.

Books of account.

(c) A redevelopment company, individual, or partnership to which any project area or part thereof is leased or sold under this Act shall keep books of account of its operations of or transactions relating to such area or part thereof entirely separate and distinct from its or his accounts of and for any other project area or part thereof or any other real property or enterprise; and no lien or other interest shall be placed upon any real property in said area to secure any indebtedness or obligation of the redevelopment company, individual, or partnership incurred for or in relation to any property or enterprise outside of said area.

#### MODIFICATIONS OF REDEVELOPMENT PLANS

SEC. 12. An approved project area redevelopment plan may be modified at any time or times: *Provided*, That any such modification as it may affect an area or part thereof which has been sold or leased shall not become effective without the consent in writing of the purchaser or lessee thereof: *Provided further*, That such modification may be effected only through adoption by the Planning Commission and subsequent submission to and approval by the District Commissioners, as hereinafter provided. Before approval, the District Commissioners shall hold a public hearing on the proposed modification,

notice of the time and place of which shall be given by mail sent at least ten days prior to the hearing to the then owners of the real properties in the project area and of the real properties immediately adjoining or across the street from the project area. The District Commissioners may refer back to the Planning Commission any project area redevelopment plan, project area boundaries, or modification submitted to it, together with their recommendation for changes in such plan, boundaries, or modification, and, if such recommended changes be adopted by the Planning Commission and be in turn approved by the District Commissioners, the plan, boundaries, or modification as thus changed shall be and become the approved plan, boundaries, or modification.

#### LIMITATION UPON TAX EXEMPTION

SEC. 13. Nothing contained in this Act shall be construed to authorize or require the exemption of any real property from taxation. No real property acquired by the Agency under this Act shall be exempt from taxation by reason of such acquisition or by reason of the holding thereof by the Agency; and, in the case of any piece of real property, which, under the project area redevelopment plan, is designated to be used for Federal or District or other tax-exempt uses, the exemption of such real property from taxation granted by or in the Act entitled "An Act to define the real property exempt from taxation in the District of Columbia (Public Law 846, Seventy-seventh Congress)", or other statute, shall not commence until title thereto shall have been transferred from the Agency to the United States or the District of Columbia or to a Federal or District public agency as provided in section 7 of this Act or sold or leased to a public redevelopment company or other public corporation or tax-exempt agency and may thereby become exempt from taxation by reason of the provisions of statutes other than this present Act; the intention being that ownership or operation by the Agency in the exercise of its power under this present Act shall not, in and of itself, produce tax exemption.

The Commission is also authorized to receive any grants that the Congress may appropriate for said purposes to the various States and municipalities and the District of Columbia.

(b) There is further authorized to be appropriated out of any moneys in the Treasury of the United States not otherwise appropriated, the sum of \$20,000,000, which sum shall be placed to the credit of a special trust fund to be established for the purposes hereinafter set out. The said special trust fund is hereby made available to the Agency for the purpose of acquiring real property and performing any act required or authorized by this Act. The Agency shall from time to time submit to the District Commissioners estimates of amounts for the reasonable and necessary expenses of the Agency, including personal services, and such amounts as may be approved by the District Commissioners shall be available from the said special trust fund for such expenses.

The District Commissioners shall include in their annual estimates of appropriations items for the payment of such installments. to the Agency of the real property owned by it on said date, and (c) the reserve for completion of approved projects. All subsequent proceeds, revenues, and rentals from said real property shall be credited to the said special trust fund, to be disposed of as the Congress may direct.
