#### § 936d. Eligibility of distribution borrowers for loans, loan guarantees, and lien accommodations

For the purpose of determining the eligibility of a distribution borrower not in default on the repayment of a loan made or guaranteed under this chapter for a loan, loan guarantee, or lien accommodation under this subchapter, a default by a borrower from which the distribution borrower purchases wholesale power shall not—

#### § 936e. Administrative prohibitions applicable to certain electric borrowers

##### (a) In general

For the purpose of relieving borrowers of unnecessary and burdensome requirements, the Secretary, guided by the practices of private lenders with respect to similar credit risks, shall issue regulations, applicable to any electric borrower under this chapter whose net worth exceeds 110 percent of the outstanding principal balance on all loans made or guaranteed to the borrower by the Secretary, to minimize those approval rights, requirements, restrictions, and prohibitions that the Secretary otherwise may establish with respect to the operations of such a borrower.

##### (b) Subordination or sharing of liens

At the request of a private lender providing financing to such a borrower for a capital investment, the Secretary shall, expeditiously, either offer to share the government's lien on the borrower's system or offer to subordinate the government's lien on that property financed by the private lender.

##### (c) Issuance of regulations

In issuing regulations implementing this section, the Secretary may establish requirements, guided by the practices of private lenders, to ensure that the security for any loan made or guaranteed under this chapter is reasonably adequate.

##### (d) Authority of Secretary

Nothing in this section limits the authority of the Secretary to establish terms and conditions

with respect to the use by borrowers of the proceeds of loans made or guaranteed under this chapter or to take any other action specifically authorized by law.
