(2) When the Board makes an award under subsection (b) of this section, the Board shall order the rail carrier to pay the amount awarded by a specific date. The Board may order a rail carrier providing transportation subject to the jurisdiction of the Board under this part to pay damages only when the proceeding is on complaint. The person for whose benefit an order of the Board requiring the payment of money is made may bring a civil action to enforce that order under this paragraph if the rail carrier does not pay the amount awarded by the date payment was ordered to be made.

(d)(1) When a person begins a civil action under subsection (b) of this section to enforce an order of the Board requiring the payment of damages by a rail carrier providing transportation subject to the jurisdiction of the Board under this part, the text of the order of the Board must be included in the complaint. In addition to the district courts of the United States, a State court of general jurisdiction having jurisdiction of the parties has jurisdiction to enforce an order under this paragraph. The findings and order of the Board are competent evidence of the facts stated in them. Trial in a civil action brought in a district court of the United States under this paragraph is in the judicial district—

(A) in which the plaintiff resides;

(B) in which the principal operating office of the rail carrier is located; or

(C) through which the railroad line of that carrier runs.

In a civil action under this paragraph, the plaintiff is liable for only those costs that accrue on an appeal taken by the plaintiff.

(2) All parties in whose favor the award was made may be joined as plaintiffs in a civil action brought in a district court of the United States under this subsection and all the rail carriers that are parties to the order awarding damages may be joined as defendants. Trial in the action is in the judicial district in which any one of the plaintiffs could bring the action against any one of the defendants. Process may

be served on a defendant at its principal operating office when that defendant is not in the district in which the action is brought. A judgment ordering recovery may be made in favor of any of those plaintiffs against the defendant found to be liable to that plaintiff.

(3) The district court shall award a reasonable attorney's fee as a part of the damages for which a rail carrier is found liable under this subsection. The district court shall tax and collect that fee as a part of the costs of the action.

§ 11705. Limitation on actions by and against rail carriers

(a) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part must begin a civil action to recover charges for transportation or service provided by the carrier within 3 years after the claim accrues.

(b) A person must begin a civil action to recover overcharges under section 11704(b) of this title within 3 years after the claim accrues, whether or not a complaint is filed under section 11704(c)(1).

(c) A person must file a complaint with the Board to recover damages under section 11704(b) of this title within 2 years after the claim accrues.

(d) The limitation period under subsection (b) of this section is extended for 6 months from the time written notice is given to the claimant by the rail carrier of disallowance of any part of the claim specified in the notice if a written claim is given to the rail carrier within that limitation period. The limitation periods under subsections (b) and (c) of this section are extended for 90 days from the time the rail carrier begins a civil action under subsection (a) of this section to recover charges related to the same transportation or service, or collects (without beginning a civil action under that subsection) the charge for that transportation or service if that action is begun or collection is made within the appropriate period.

(e) A person must begin a civil action to enforce an order of the Board against a rail carrier for the payment of money within one year after the date the order required the money to be paid.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 11706 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

A prior section 11705, Pub. L. 95-473, Oct. 17, 1978, 92 Stat. 1451; Pub. L. 99-521, §12(b), Oct. 22, 1986, 100 Stat. 2998, related to rights and remedies of persons injured by certain carriers, prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a). See sections 11704, 14704, and 15904 of this title.

§ 11706. Liability of rail carriers under receipts and bills of lading

(a) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part shall issue a receipt or bill of lading for property it receives for transportation under this part. That rail carrier and any other carrier that delivers the property and is providing transportation or service subject to the jurisdiction of the Board under this part are liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this subsection is for the actual loss or injury to the property caused by—

- (1) the receiving rail carrier;
- (2) the delivering rail carrier; or
- (3) another rail carrier over whose line or route the property is transported in the United States or from a place in the United States to a place in an adjacent foreign country when transported under a through bill of lading.

Failure to issue a receipt or bill of lading does not affect the liability of a rail carrier. A delivering rail carrier is deemed to be the rail carrier performing the line-haul transportation nearest the destination but does not include a rail carrier providing only a switching service at the destination.

(b) The rail carrier issuing the receipt or bill of lading under subsection (a) of this section or delivering the property for which the receipt or bill of lading was issued is entitled to recover from the rail carrier over whose line or route the loss or injury occurred the amount required to be paid to the owners of the property, as evidenced by a receipt, judgment, or transcript, and the amount of its expenses reasonably incurred in defending a civil action brought by that person.

(c)(1) A rail carrier may not limit or be exempt from liability imposed under subsection (a) of this section except as provided in this subsection. A limitation of liability or of the amount of recovery or representation or agreement in a receipt, bill of lading, contract, or rule in violation of this section is void.

(2) A rail carrier of passengers may limit its liability under its passenger rate for loss or injury of baggage carried on trains carrying passengers.

(3) A rail carrier providing transportation or service subject to the jurisdiction of the Board under this part may establish rates for transportation of property under which—

(A) the liability of the rail carrier for such property is limited to a value established by written declaration of the shipper or by a written agreement between the shipper and the carrier; or

(B) specified amounts are deducted, pursuant to a written agreement between the shipper and the carrier, from any claim against the carrier with respect to the transportation of such property.

(d)(1) A civil action under this section may be brought in a district court of the United States or in a State court.

(2)(A) A civil action under this section may only be brought—

(i) against the originating rail carrier, in the judicial district in which the point of origin is located;

(ii) against the delivering rail carrier, in the judicial district in which the principal place of business of the person bringing the action is located if the delivering carrier operates a railroad or a route through such judicial district, or in the judicial district in which the point of destination is located; and

(iii) against the carrier alleged to have caused the loss or damage, in the judicial district in which such loss or damage is alleged to have occurred.

(B) In this section, “judicial district” means (i) in the case of a United States district court, a judicial district of the United States, and (ii) in the case of a State court, the applicable geographic area over which such court exercises jurisdiction.

(e) A rail carrier may not provide by rule, contract, or otherwise, a period of less than 9 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice. For the purposes of this subsection—

(1) an offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that such part of the claim is disallowed and provides reasons for such disallowance; and

(2) communications received from a carrier’s insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that such part of the claim is disallowed, provides reasons for such disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

(Added Pub. L. 104–88, title I, §102(a), Dec. 29, 1995, 109 Stat. 847.)

See sections 11705, 14705, and 15905 of this title.

§ 11707. Liability when property is delivered in violation of routing instructions

(a)(1) When a rail carrier providing transportation subject to the jurisdiction of the Board under this part diverts or delivers property to another rail carrier in violation of routing instructions in the bill of lading, both of those rail carriers are jointly and severally liable to the rail carrier that was deprived of its right to participate in hauling that property for the total amount of the rate it would have received if it participated in hauling the property.

(2) A rail carrier is not liable under paragraph (1) of this subsection when it diverts or delivers property in compliance with an order or regulation of the Board.

(3) A rail carrier to whom property is transported is not liable under this subsection if it shows that it had no notice of the routing instructions before transporting the property. The burden of proving lack of notice is on that rail carrier.

(b) The court shall award a reasonable attorney’s fee to the plaintiff in a judgment against the defendant rail carrier under subsection (a) of this section. The court shall tax and collect that fee as a part of the costs of the action.

EFFECTIVE DATE

Chapter effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104-88, see section 2 of Pub. L. 104-88, set out as a note under section 701 of this title.

§ 13702. Tariff requirement for certain transportation

(a) IN GENERAL.—Except when providing transportation for charitable purposes without charge, a carrier subject to jurisdiction under chapter 135 may provide transportation or service that is—

(1) in noncontiguous domestic trade, except with regard to bulk cargo, forest products, recycled metal scrap, waste paper, and paper waste; or

(2) for movement of household goods;

only if the rate for such transportation or service is contained in a tariff that is in effect under this section. The carrier may not charge or receive a different compensation for the transportation or service than the rate specified in the tariff, whether by returning a part of that rate to a person, giving a person a privilege, allowing the use of a facility that affects the value of that transportation or service, or another device. A rate contained in a tariff shall be stated in money of the United States.

(b) TARIFF REQUIREMENTS FOR NONCONTIGUOUS DOMESTIC TRADE.—

(1) FILING.—A carrier providing transportation or service described in subsection (a)(1) shall publish and file with the Board tariffs containing the rates established for such transportation or service. The carriers shall keep such tariffs available for public inspection. The Board shall prescribe the form and manner of publishing, filing, and keeping tariffs available for public inspection under this subsection.

(2) CONTENTS.—The Board may prescribe any specific information and charges to be identified in a tariff, but at a minimum tariffs must identify plainly—

(A) the carriers that are parties to it;

(B) the places between which property will be transported;

(C) terminal charges if a carrier provides transportation or service subject to jurisdiction under subchapter III of chapter 135;

(D) privileges given and facilities allowed; and

(E) any rules that change, affect, or determine any part of the published rate.

(3) INLAND DIVISIONS.—A carrier providing transportation or service described in subsection (a)(1) under a joint rate for a through movement shall not be required to state separately or otherwise reveal in tariff filings the inland divisions of that through rate.

(4) TIME-VOLUME RATES.—Rates in tariffs filed under this subsection may vary with the

volume of cargo offered over a specified period of time.

(5) CHANGES.—The Board may permit carriers to change rates, classifications, rules, and practices without filing complete tariffs under this subsection that cover matter that is not being changed when the Board finds that action to be consistent with the public interest. Those carriers may either—

(A) publish new tariffs that incorporate changes, or

(B) plainly indicate the proposed changes in the tariffs then in effect and make the tariffs as changed available for public inspection.

(6) COMPLAINTS.—A complaint that a rate or related rule or practice maintained in a tariff under this subsection violates section 13701(a) may be submitted to the Board for resolution.

(c) TARIFF REQUIREMENTS FOR HOUSEHOLD GOODS CARRIERS.—

(1) IN GENERAL.—A carrier providing transportation described in subsection (a)(2) shall maintain rates and related rules and practices in a published tariff. The tariff must be available for inspection by the Board and be made available for inspection by shippers upon reasonable request.

(2) NOTICE OF AVAILABILITY.—A carrier that maintains a tariff under this subsection may not enforce the provisions of the tariff unless the carrier has given notice that the tariff is available for inspection in its bill of lading or by other actual notice to individuals whose shipments are subject to the tariff.

(3) REQUIREMENTS.—A carrier that maintains a tariff under this subsection is bound by the tariff except as otherwise provided in this part. A tariff that does not comply with this subsection may not be enforced against any individual shipper.

(4) INCORPORATION BY REFERENCE.—A carrier may incorporate by reference the rates, terms, and other conditions of a tariff in agreements covering the transportation of household goods.

(5) COMPLAINTS.—A complaint that a rate or related rule or practice maintained in a tariff under this subsection violates section 13701(a) may be submitted to the Board for resolution.

(d) INVALIDATION.—The Board may invalidate a tariff prepared by a carrier or carriers under this section if that tariff violates this section or a regulation of the Board carrying out this section.

(Added Pub. L. 104-88, title I, §103, Dec. 29, 1995, 109 Stat. 868.)

PRIOR PROVISIONS

Provisions similar to those in this section were contained in sections 10761 and 10762 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 13703. Certain collective activities; exemption from antitrust laws

(a) AGREEMENTS.—

(1) AUTHORITY TO ENTER.—A motor carrier providing transportation or service subject to

jurisdiction under chapter 135 may enter into an agreement with one or more such carriers to establish—

- (A) through routes and joint rates;
- (B) rates for the transportation of household goods;
- (C) classifications;
- (D) mileage guides;
- (E) rules;
- (F) divisions;
- (G) rate adjustments of general application based on industry average carrier costs (so long as there is no discussion of individual markets or particular single-line rates); or
- (H) procedures for joint consideration, initiation, or establishment of matters described in subparagraphs (A) through (G).

(2) SUBMISSION OF AGREEMENT TO BOARD; APPROVAL.—An agreement entered into under paragraph (1) may be submitted by any carrier or carriers that are parties to such agreement to the Board for approval and may be approved by the Board only if it finds that such agreement is in the public interest.

(3) CONDITIONS.—The Board may require compliance with reasonable conditions consistent with this part to assure that the agreement furthers the transportation policy set forth in section 13101.

(4) INDEPENDENTLY ESTABLISHED RATES.—Any carrier which is a party to an agreement under paragraph (1) is not, and may not be, precluded from independently establishing its own rates, classification, and mileages or from adopting and using a noncollectively made classification or mileage guide.

(5) INVESTIGATIONS.—

(A) REASONABLENESS.—The Board may suspend and investigate the reasonableness of any rate, rule, classification, or rate adjustment of general application made pursuant to an agreement under this section.

(B) ACTIONS NOT IN THE PUBLIC INTEREST.—The Board may investigate any action taken pursuant to an agreement approved under this section. If the Board finds that the action is not in the public interest, the Board may take such measures as may be necessary to protect the public interest with regard to the action, including issuing an order directing the parties to cease and desist or modify the action.

(6) EFFECT OF APPROVAL.—If the Board approves the agreement or renews approval of the agreement, it may be made and carried out under its terms and under the conditions required by the Board, and the antitrust laws, as defined in the first section of the Clayton Act (15 U.S.C. 12), do not apply to parties and other persons with respect to making or carrying out the agreement.

(b) RECORDS.—The Board may require an organization established or continued under an agreement approved under this section to maintain records and submit reports. The Board, or its delegate, may inspect a record maintained under this section, or monitor any organization's compliance with this section.

(c) REVIEW.—

(1) IN GENERAL.—The Board may review an agreement approved under this section, on its own initiative or on request, and shall change the conditions of approval or terminate it when necessary to protect the public interest. Action of the Board under this section—

- (A) approving an agreement,
- (B) denying, ending, or changing approval,
- (C) prescribing the conditions on which approval is granted, or
- (D) changing those conditions,

has effect only as related to application of the antitrust laws referred to in subsection (a).

(2) PERIODIC REVIEW OF APPROVALS.—Subject to this section, in the 5-year period beginning on the date of the enactment of this paragraph and in each 5-year period thereafter, the Board shall initiate a proceeding to review any agreement approved pursuant to this section. Any such agreement shall be continued unless the Board determines otherwise.

(d) EXISTING AGREEMENTS.—

(1) AGREEMENTS EXISTING AS OF DECEMBER 31, 1995.—Agreements approved under former section 10706(b) and in effect on December 31, 1995, shall be treated for purposes of this section as approved by the Board under this section beginning on January 1, 1996.

(2) CASES PENDING AS OF DATE OF THE ENACTMENT.—Nothing in section 227 (other than subsection (b)) of the Motor Carrier Safety Improvement Act of 1999, including the amendments made by such section, shall be construed to affect any case brought under this section that is pending before the Board as of the date of the enactment of this paragraph.

(e) LIMITATIONS ON STATUTORY CONSTRUCTION.—

(1) UNDERCHARGE CLAIMS.—Nothing in this section shall serve as a basis for any undercharge claim.

(2) OBLIGATION OF SHIPPER.—Nothing in this title, the ICC Termination Act of 1995, or any amendments or repeals made by such Act shall be construed as creating any obligation for a shipper based solely on a classification that was on file with the Interstate Commerce Commission or elsewhere on December 31, 1995.

(f) INDUSTRY STANDARD GUIDES.—

(1) IN GENERAL.—

(A) PUBLIC AVAILABILITY.—Routes, rates, classifications, mileage guides, and rules established under agreements approved under this section shall be published and made available for public inspection upon request.

(B) PARTICIPATION OF CARRIERS.—

(i) IN GENERAL.—A motor carrier of property whose routes, rates, classifications, mileage guides, rules, or packaging are determined or governed by publications established under agreements approved under this section must participate in the determining or governing publication for such provisions to apply.

(ii) POWER OF ATTORNEY.—The motor carrier of property shall issue a power of attorney to the publishing agent and, upon its acceptance, the agent shall issue a written certification to the motor carrier

affirming its participation in the governing publication, and the certification shall be made available for public inspection.

(2) MILEAGE LIMITATION.—No carrier subject to jurisdiction under subchapter I or III of chapter 135 may enforce collection of its mileage rates unless such carrier—

(A) is a participant in a publication of mileages formulated under an agreement approved under this section; or

(B) uses a publication of mileage (other than a publication described in subparagraph (A)) that can be examined by any interested person upon reasonable request.

(g) SINGLE LINE RATE DEFINED.—In this section, the term “single line rate” means a rate, charge, or allowance proposed by a single motor carrier that is applicable only over its line and for which the transportation can be provided by that carrier.

§ 13704. Household goods rates—estimates; guarantees of service

(a) IN GENERAL.—

(1) AUTHORITY.—Subject to the provisions of paragraph (2) of this subsection, a motor carrier providing transportation of household goods subject to jurisdiction under subchapter I of chapter 135 may establish a rate for the transportation of household goods which is based on the carrier’s written, binding estimate of charges for providing such transportation.

(2) NONPREFERENTIAL; NONPREDATORY.—Any rate established under this subsection must be available on a nonpreferential basis to shippers and must not result in charges to shippers which are predatory.

(b) RATES FOR GUARANTEED SERVICE.—

(1) AUTHORITY.—Subject to the provisions of paragraph (2) of this subsection, a motor carrier providing transportation of household goods subject to jurisdiction under subchapter I of chapter 135 may establish rates for the transportation of household goods which guarantee that the carrier will pick up and deliver such household goods at the times specified in the contract for such services and provide a penalty or per diem payment in the event the carrier fails to pick up or deliver such household goods at the specified time. The charges, if any, for such guarantee and penalty provision may vary to reflect one or more options available to meet a particular shipper’s needs.

(2) AUTHORITY OF SECRETARY TO REQUIRE NON-GUARANTEED SERVICE RATES.—Before a carrier may establish a rate for any service under paragraph (1) of this subsection, the Secretary may require such carrier to have in effect and

keep in effect, during any period such rate is in effect under paragraph (1), a rate for such service which does not guarantee the pick up and delivery of household goods at the times specified in the contract for such services and which does not provide a penalty or per diem payment in the event the carrier fails to pick up or deliver household goods at the specified time.

(Added Pub. L. 104-88, title I, §103, Dec. 29, 1995, 109 Stat. 872.)

§ 13705. Requirements for through routes among motor carriers of passengers

(a) ESTABLISHMENT; REASONABLENESS.—A motor carrier providing transportation of passengers subject to jurisdiction under subchapter I of chapter 135 shall establish through routes with other carriers of the same type and shall establish individual and joint rates applicable to them. Such through route must be reasonable.

(b) PRESCRIBED BY BOARD.—When the Board finds it necessary to enforce the requirements of this section, the Board may prescribe through routes and the conditions under which those routes must be operated for motor carriers providing transportation of passengers subject to jurisdiction under subchapter I of chapter 135.

§ 13706. Liability for payment of rates

(a) LIABILITY OF CONSIGNEE.—Liability for payment of rates for transportation for a shipment of property by a shipper or consignor to a consignee other than the shipper or consignor, is determined under this section when the transportation is provided by motor carrier under this part. When the shipper or consignor instructs the carrier transporting the property to deliver it to a consignee that is an agent only, not having beneficial title to the property, the consignee is liable for rates billed at the time of delivery for which the consignee is otherwise liable, but not for additional rates that may be found to be due after delivery if the consignee gives written notice to the delivering carrier before delivery of the property—

(1) of the agency and absence of beneficial title; and

(2) of the name and address of the beneficial owner of the property if it is reconsigned or diverted to a place other than the place specified in the original bill of lading.

(b) LIABILITY OF BENEFICIAL OWNER.—When the consignee is liable only for rates billed at the time of delivery under subsection (a), the shipper or consignor, or, if the property is reconsigned or diverted, the beneficial owner is liable

for those additional rates regardless of the bill of the lading or contract under which the property was transported. The beneficial owner is liable for all rates when the property is reconsigned or diverted by an agent but is refused or abandoned at its ultimate destination if the agent gave the carrier in the reconsignment or diversion order a notice of agency and the name and address of the beneficial owner. A consignee giving the carrier erroneous information about the identity of the beneficial owner of the property is liable for the additional rates.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 10744 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 13707. Payment of rates

(a) TRANSFER OF POSSESSION UPON PAYMENT.—Except as provided in subsection (b), a carrier providing transportation or service subject to jurisdiction under this part shall give up possession at the destination of the property transported by it only when payment for the transportation or service is made.

(b) EXCEPTIONS.—

(1) REGULATIONS.—Under regulations of the Secretary governing the payment for transportation and service and preventing discrimination, those carriers may give up possession at destination of property transported by them before payment for the transportation or service. The regulations of the Secretary may provide for weekly or monthly payment for transportation provided by motor carriers and for periodic payment for transportation provided by water carriers.

(2) EXTENSIONS OF CREDIT TO GOVERNMENTAL ENTITIES.—Such a carrier (including a motor carrier being used by a household goods freight forwarder) may extend credit for transporting property for the United States Government, a State, a territory or possession of the United States, or a political subdivision of any of them.

(3) SHIPMENTS OF HOUSEHOLD GOODS.—

(A) IN GENERAL.—A carrier providing transportation of a shipment of household goods shall give up possession of the household goods being transported at the destination upon payment of—

(i) 100 percent of the charges contained in a binding estimate provided by the carrier;

(ii) not more than 110 percent of the charges contained in a nonbinding estimate provided by the carrier; or

(iii) in the case of a partial delivery of the shipment, the prorated percentage of the charges calculated in accordance with subparagraph (B).

(B) CALCULATION OF PRORATED CHARGES.—For purposes of subparagraph (A)(iii), the prorated percentage of the charges shall be the percentage of the total charges due to the carrier as described in clause (i) or (ii) of subparagraph (A) that is equal to the per-

centage of the weight of that portion of the shipment delivered to the total weight of the shipment.

(C) **POST-CONTRACT SERVICES.**—Subparagraph (A) does not apply to additional services requested by a shipper after the contract of service is executed that were not included in the estimate.

(D) **IMPRACTICABLE OPERATIONS.**—Subparagraph (A) does not apply to impracticable operations, as defined by the applicable carrier tariff, except that the charges collected at delivery for such operations shall not exceed 15 percent of all other charges due at delivery. Any remaining charges due shall be paid within 30 days after the carrier presents its freight bill.

(Added Pub. L. 104-88, title I, §103, Dec. 29, 1995, 109 Stat. 873; amended Pub. L. 109-59, title IV, §4203, Aug. 10, 2005, 119 Stat. 1752.)

§ 13708. Billing and collecting practices

(a) **DISCLOSURE.**—A motor carrier subject to jurisdiction under subchapter I of chapter 135 shall disclose, when a document is presented or electronically transmitted for payment to the person responsible directly to the motor carrier for payment or agent of such responsible person, the actual rates, charges, or allowances for any transportation service and shall also disclose, at such time, whether and to whom any allowance or reduction in charges is made.

(b) **FALSE OR MISLEADING INFORMATION.**—No person may cause a motor carrier to present false or misleading information on a document about the actual rate, charge, or allowance to any party to the transaction.

(c) **ALLOWANCES FOR SERVICES.**—When the actual rate, charge, or allowance is dependent upon the performance of a service by a party to the transportation arrangement, such as tendering a volume of freight over a stated period of time, the motor carrier shall indicate in any document presented for payment to the person responsible directly to the motor carrier that a reduction, allowance, or other adjustment may apply.

(Added Pub. L. 104-88, title I, §103, Dec. 29, 1995, 109 Stat. 873.)

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 10767 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 13709. Procedures for resolving claims involving unfiled, negotiated transportation rates

(a) **TRANSPORTATION PROVIDED AT RATES OTHER THAN LEGAL TARIFF RATES.**—

(1) **IN GENERAL.**—When a claim is made by a motor carrier of property (other than a household goods carrier) providing transportation

subject to jurisdiction under subchapter II of chapter 105 (as in effect on December 31, 1995) or subchapter I of chapter 135, by a freight forwarder (other than a household goods freight forwarder), or by a party representing such a carrier or freight forwarder regarding the collection of rates or charges for such transportation in addition to those originally billed and collected by the carrier or freight forwarder for such transportation, the person against whom the claim is made may elect to satisfy the claim under the provisions of subsection (b), (c), or (d), upon showing that—

(A) the carrier or freight forwarder is no longer transporting property or is transporting property for the purpose of avoiding the application of this section; and

(B) with respect to the claim—

(i) the person was offered a transportation rate by the carrier or freight forwarder other than that legally on file at the time with the Board or with the Interstate Commerce Commission, as required, for the transportation service;

(ii) the person tendered freight to the carrier or freight forwarder in reasonable reliance upon the offered transportation rate;

(iii) the carrier or freight forwarder did not properly or timely file with the Board or with the Interstate Commerce Commission, as required, a tariff providing for such transportation rate or failed to enter into an agreement for contract carriage;

(iv) such transportation rate was billed and collected by the carrier or freight forwarder; and

(v) the carrier or freight forwarder demands additional payment of a higher rate filed in a tariff.

(2) **FORUM.**—If there is a dispute as to the showing under paragraph (1)(A), such dispute shall be resolved by the court in which the claim is brought. If there is a dispute as to the showing under paragraph (1)(B), such dispute shall be resolved by the Board. Pending the resolution of any such dispute, the person shall not have to pay any additional compensation to the carrier or freight forwarder.

(3) **EFFECT OF SATISFACTION OF CLAIMS.**—Satisfaction of the claim under subsection (b), (c), or (d) shall be binding on the parties, and the parties shall not be subject to chapter 119 of this title, as such chapter was in effect on December 31, 1995, or chapter 149.

(b) **CLAIMS INVOLVING SHIPMENTS WEIGHING 10,000 POUNDS OR LESS.**—A person from whom the additional legally applicable and effective tariff rate or charges are sought may elect to satisfy the claim if the shipments each weighed 10,000 pounds or less, by payment of 20 percent of the difference between the carrier's applicable and effective tariff rate and the rate originally billed and paid. In the event that a dispute arises as to the rate that was legally applicable to the shipment, such dispute shall be resolved by the Board.

(c) **CLAIMS INVOLVING SHIPMENTS WEIGHING MORE THAN 10,000 POUNDS.**—A person from whom the additional legally applicable and effective

tariff rate or charges are sought may elect to satisfy the claim if the shipments each weighed more than 10,000 pounds, by payment of 15 percent of the difference between the carrier's applicable and effective tariff rate and the rate originally billed and paid. In the event that a dispute arises as to the rate that was legally applicable to the shipment, such dispute shall be resolved by the Board.

(d) CLAIMS INVOLVING PUBLIC WAREHOUSEMEN.—Notwithstanding subsections (b) and (c), a person from whom the additional legally applicable and effective tariff rate or charges are sought may elect to satisfy the claim by payment of 5 percent of the difference between the carrier's applicable and effective tariff rate and the rate originally billed and paid if such person is a public warehouseman. In the event that a dispute arises as to the rate that was legally applicable to the shipment, such dispute shall be resolved by the Board.

(e) EFFECTS OF ELECTION.—When a person from whom additional legally applicable freight rates or charges are sought does not elect to use the provisions of subsection (b), (c) or (d), the person may pursue all rights and remedies existing under this part or, for transportation provided before January 1, 1996, all rights and remedies that existed under this title on December 31, 1995.

(f) STAY OF ADDITIONAL COMPENSATION.—When a person proceeds under this section to challenge the reasonableness of the legally applicable freight rate or charges being claimed by a carrier or freight forwarder in addition to those already billed and collected, the person shall not have to pay any additional compensation to the carrier or freight forwarder until the Board has made a determination as to the reasonableness of the challenged rate as applied to the freight of the person against whom the claim is made.

(g) NOTIFICATION OF ELECTION.—

(1) GENERAL RULE.—A person must notify the carrier or freight forwarder as to its election to proceed under subsection (b), (c), or (d). Except as provided in paragraphs (2), (3), and (4), such election may be made at any time.

(2) DEMANDS FOR PAYMENT INITIALLY MADE AFTER DECEMBER 3, 1993.—If the carrier or freight forwarder or party representing such carrier or freight forwarder initially demands the payment of additional freight charges after December 3, 1993, and notifies the person from whom additional freight charges are sought of the provisions of subsections (a) through (f) at the time of the making of such initial demand, the election must be made not later than the later of—

(A) the 60th day following the filing of an answer to a suit for the collection of such additional legally applicable freight rate or charges, or

(B) March 5, 1994.

(3) PENDING SUITS FOR COLLECTION MADE BEFORE DECEMBER 4, 1993.—If the carrier or freight forwarder or party representing such carrier or freight forwarder has filed, before December 4, 1993, a suit for the collection of additional freight charges and notifies the person from whom additional freight charges are sought of the provisions of subsections (a) through (f),

the election must be made not later than the 90th day following the date on which such notification is received.

(4) DEMANDS FOR PAYMENT MADE BEFORE DECEMBER 4, 1993.—If the carrier or freight forwarder or party representing such carrier or freight forwarder has demanded the payment of additional freight charges, and has not filed a suit for the collection of such additional freight charges, before December 4, 1993, and notifies the person from whom additional freight charges are sought of the provisions of subsections (a) through (f), the election must be made not later than the later of—

(A) the 60th day following the filing of an answer to a suit for the collection of such additional legally applicable freight rate or charges, or

(B) March 5, 1994.

(h) CLAIMS INVOLVING SMALL-BUSINESS CONCERNS, CHARITABLE ORGANIZATIONS, AND RECYCLABLE MATERIALS.—

(1) IN GENERAL.—Notwithstanding subsections (b), (c), and (d), a person from whom the additional legally applicable and effective tariff rate or charges are sought shall not be liable for the difference between the carrier's applicable and effective tariff rate and the rate originally billed and paid—

(A) if such person qualifies as a small-business concern under the Small Business Act (15 U.S.C. 631 et seq.),

ABOLITION OF INTERSTATE COMMERCE COMMISSION

Interstate Commerce Commission abolished by section 101 of Pub. L. 104-88, set out as a note under section 701 of this title.

§ 13711. Alternative procedure for resolving undercharge disputes

(a) GENERAL RULE.—It shall be an unreasonable practice for a motor carrier of property (other than a household goods carrier) providing transportation subject to jurisdiction under subchapter I of chapter 135 or, before January 1, 1996, to have provided transportation that was subject to jurisdiction under subchapter II of chapter 105, as in effect on December 31, 1995, a freight forwarder (other than a household goods freight forwarder), or a party representing such a carrier or freight forwarder to attempt to charge or to charge for a transportation service the difference between (1) the applicable rate

that was lawfully in effect pursuant to a tariff that was filed in accordance with this chapter or, with respect to transportation provided before January 1, 1996, in accordance with chapter 107, as in effect on the date the transportation was provided, by the carrier or freight forwarder applicable to such transportation service, and (2) the negotiated rate for such transportation service if the carrier or freight forwarder is no longer transporting property between places described in section 13501(1) or is transporting property between places described in section 13501(1) for the purpose of avoiding application of this section.

(b) JURISDICTION OF BOARD.—

(1) DETERMINATION.—The Board shall have jurisdiction to make a determination of whether or not attempting to charge or the charging of a rate by a motor carrier or freight forwarder or party representing a motor carrier or freight forwarder is an unreasonable practice under subsection (a). If the Board determines that attempting to charge or the charging of the rate is an unreasonable practice under subsection (a), the carrier, freight forwarder, or party may not collect the difference described in subsection (a) between the applicable rate and the negotiated rate for the transportation service.

(2) FACTORS TO CONSIDER.—In making a determination under paragraph (1), the Board shall consider—

(A) whether the person was offered a transportation rate by the carrier or freight forwarder or party other than that legally on file with the Interstate Commerce Commission or the Board, as required, at the time of the movement for the transportation service;

(B) whether the person tendered freight to the carrier or freight forwarder in reasonable reliance upon the offered transportation rate;

(C) whether the carrier or freight forwarder did not properly or timely file with the Interstate Commerce Commission or the Board, as required, a tariff providing for such transportation rate or failed to enter into an agreement for contract carriage;

(D) whether the transportation rate was billed and collected by the carrier or freight forwarder; and

(E) whether the carrier or freight forwarder or party demands additional payment of a higher rate filed in a tariff.

(c) STAY OF ADDITIONAL COMPENSATION.—When a person proceeds under this section to challenge the reasonableness of the practice of a motor carrier, freight forwarder, or party described in subsection (a) to attempt to charge or to charge the difference described in subsection (a) between the applicable rate and the negotiated rate for the transportation service in addition to those charges already billed and collected for the transportation service, the person shall not have to pay any additional compensation to the carrier, freight forwarder, or party until the Board has made a determination as to the reasonableness of the practice as applied to the freight of the person against whom the claim is made.

(d) TREATMENT.—Subsection (a) is an exception to the requirements of section 13702 and, for transportation provided before January 1, 1996, to the requirements of sections 10761(a) and 10762, as in effect on December 31, 1995, as such sections relate to a filed tariff rate and other general tariff requirements.

(e) NONAPPLICABILITY OF NEGOTIATED RATE DISPUTE RESOLUTION PROCEDURE.—If a person elects to seek enforcement of subsection (a) with respect to a rate for a transportation or service, section 13709 shall not apply to such rate.

(f) DEFINITIONS.—In this section, the term “negotiated rate” means a rate, charge, classification, or rule agreed upon by a motor carrier or freight forwarder and a shipper through negotiations pursuant to which no tariff was lawfully and timely filed and for which there is written evidence of such agreement.

(g) APPLICABILITY TO PENDING CASES.—This section shall apply to all cases and proceedings pending on January 1, 1996.

(Added Pub. L. 104-88, title I, § 103, Dec. 29, 1995, 109 Stat. 877; amended Pub. L. 104-287, § 5(31), Oct. 11, 1996, 110 Stat. 3391.)

(1) **OUT-OF-SERVICE ORDERS.**—If, upon inspection or investigation, the Secretary determines that a motor vehicle providing transportation requiring registration under this section is operating without a registration or beyond the scope of its registration, the Secretary may order the vehicle out-of-service. Subsequent to the issuance of the out-of-service order, the Secretary shall provide an opportunity for review in accordance with section 554 of title 5, United States Code; except that such review shall occur not later than 10 days after issuance of such order.

(2) **PERMISSION FOR OPERATIONS.**—A person domiciled in a country contiguous to the United States with respect to which an action under subsection (c)(1)(A) or (c)(1)(B) is in effect and providing transportation for which registration is required under this section shall maintain evidence of such registration in the motor vehicle when the person is providing the transportation. The Secretary shall not permit the operation in interstate commerce in the United States of any motor vehicle in which there is not a copy of the registration issued pursuant to this section.

(f) **MODIFICATION OF CARRIER REGISTRATION.**—

(1) **IN GENERAL.**—On and after the transition termination date, the Secretary—

(A) may not register a motor carrier under this section as a motor common carrier or a motor contract carrier;

(B) shall register applicants under this section as motor carriers; and

(C) shall issue any motor carrier registered under this section after that date a motor carrier certificate of registration that specifies whether the holder of the certificate may provide transportation of persons, household goods, other property, or any combination thereof.

(2) **PRE-EXISTING CERTIFICATES AND PERMITS.**—The Secretary shall redesignate any motor carrier certificate or permit issued before the transition termination date as a motor carrier certificate of registration. On and after the transition termination date, any person holding a motor carrier certificate of registration redesignated under this paragraph may provide both contract carriage (as defined in section 13102(4)(B)) and transportation under terms and conditions meeting the requirements of section 13710(a)(1). The Secretary may not, pursuant to any regulation or form issued before or after the transition termination date, make any distinction among holders of motor carrier certificates of registration on the basis of whether the holder would have been classified as a common carrier or as a contract carrier under—

(A) subsection (d) of this section, as that section was in effect before the transition termination date; or

(B) any other provision of this title that was in effect before the transition termination date.

(3) **TRANSITION TERMINATION DATE DEFINED.**—In this section, the term “transition termination date” means the first day of January occurring more than 12 months after the date of enactment of the Unified Carrier Registration Act of 2005.

(g) **MOTOR CARRIER DEFINED.**—In this section and sections 13905 and 13906, the term “motor carrier” includes foreign motor private carriers.

AUTHORITY OF MEXICAN MOTOR CARRIERS TO OPERATE BEYOND UNITED STATES MUNICIPALITIES AND COMMERCIAL ZONES ON UNITED STATES-MEXICO BORDER

Pub. L. 110-28, title VI, §6901, May 25, 2007, 121 Stat. 183, provided that:

“(a) Hereafter, funds limited or appropriated for the Department of Transportation may be obligated or expended to grant authority to a Mexico-domiciled motor carrier to operate beyond United States municipalities and commercial zones on the United States-Mexico border only to the extent that—

“(1) granting such authority is first tested as part of a pilot program;

“(2) such pilot program complies with the requirements of section 350 of Public Law 107-87 [set out below] and the requirements of section 31315(c) of title 49, United States Code, related to pilot programs; and

“(3) simultaneous and comparable authority to operate within Mexico is made available to motor carriers domiciled in the United States.

“(b) Prior to the initiation of the pilot program described in subsection (a) in any fiscal year—

“(1) the Inspector General of the Department of Transportation shall transmit to Congress and the Secretary of Transportation a report verifying compliance with each of the requirements of subsection (a) of section 350 of Public Law 107-87, including whether the Secretary of Transportation has established sufficient mechanisms to apply Federal motor carrier safety laws and regulations to motor carriers domiciled in Mexico that are granted authority to operate beyond the United States municipalities and commercial zones on the United States-Mexico border and to ensure compliance with such laws and regulations; and

“(2) the Secretary of Transportation shall—

“(A) take such action as may be necessary to address any issues raised in the report of the Inspector General under subsection (b)(1) and submit a report to Congress detailing such actions; and

“(B) publish in the Federal Register, and provide sufficient opportunity for public notice and comment—

“(i) comprehensive data and information on the pre-authorization safety audits conducted before and after the date of enactment of this Act [May 25, 2007] of motor carriers domiciled in Mexico that are granted authority to operate beyond the United States municipalities and commercial zones on the United States-Mexico border;

“(ii) specific measures to be required to protect the health and safety of the public, including enforcement measures and penalties for noncompliance;

“(iv) specific standards to be used to evaluate the pilot program and compare any change in the level of motor carrier safety as a result of the pilot program; and

“(v) a list of Federal motor carrier safety laws and regulations, including the commercial drivers license requirements, for which the Secretary of Transportation will accept compliance with a corresponding Mexican law or regulation as the

equivalent to compliance with the United States law or regulation, including for each law or regulation an analysis as to how the corresponding United States and Mexican laws and regulations differ.

“(c) During and following the pilot program described in subsection (a), the Inspector General of the Department of Transportation shall monitor and review the conduct of the pilot program and submit to Congress and the Secretary of Transportation an interim report, 6 months after the commencement of the pilot program, and a final report, within 60 days after the conclusion of the pilot program. Such reports shall address whether—

“(1) the Secretary of Transportation has established sufficient mechanisms to determine whether the pilot program is having any adverse effects on motor carrier safety;

“(2) Federal and State monitoring and enforcement activities are sufficient to ensure that participants in the pilot program are in compliance with all applicable laws and regulations; and

“(3) the pilot program consists of a representative and adequate sample of Mexico-domiciled carriers likely to engage in cross-border operations beyond United States municipalities and commercial zones on the United States-Mexico border.

“(d) In the event that the Secretary of Transportation in any fiscal year seeks to grant operating authority for the purpose of initiating cross-border operations beyond United States municipalities and commercial zones on the United States-Mexico border either with Mexico-domiciled motor coaches or Mexico-domiciled commercial motor vehicles carrying placardable quantities of hazardous materials, such activities shall be initiated only after the conclusion of a separate pilot program limited to vehicles of the pertinent type. Each such separate pilot program shall follow the same requirements and processes stipulated under subsections (a) through (c) of this section and shall be planned, conducted and evaluated in concert with the Department of Homeland Security or its Inspector General, as appropriate, so as to address any and all security concerns associated with such cross-border operations.”

“(10) publishes—

“(A) interim final regulations under section 210(b) of the Motor Carrier Safety Improvement Act of 1999 [Pub. L. 106-159] (49 U.S.C. 31144 note) that establish minimum requirements for motor carriers, including foreign motor carriers, to ensure they are knowledgeable about Federal safety standards, that may include the administration of a proficiency examination;

“(B) interim final regulations under section 31148 of title 49, United States Code, that implement measures to improve training and provide for the certification of motor carrier safety auditors;

“(c) No vehicles owned or leased by a Mexican motor carrier may be permitted to operate beyond United States municipalities and commercial zones under conditional or permanent operating authority granted by the Federal Motor Carrier Safety Administration until—

“(1) the Department of Transportation Inspector General conducts a comprehensive review of border operations within 180 days of enactment [probably means date of enactment of this Act, which was approved Dec. 18, 2001] to verify that—

“(A) all new inspector positions funded under this Act [see Tables for classification] have been filled and the inspectors have been fully trained;

“(B) each inspector conducting on-site safety compliance reviews in Mexico consistent with the safety fitness evaluation procedures set forth in part 385 of title 49, Code of Federal Regulations, is fully trained as a safety specialist;

“(F) there is adequate capacity at each United States-Mexico border crossing used by Mexican motor carrier commercial vehicles to conduct a sufficient number of meaningful vehicle safety inspections and to accommodate vehicles placed out-of-service as a result of said inspections;

“(G) there is an accessible database containing sufficiently comprehensive data to allow safety monitoring of all Mexican motor carriers that apply for authority to operate commercial vehicles beyond United States municipalities and commercial zones on the United States-Mexico border and the drivers of those vehicles; and

“(H) measures are in place to enable United States law enforcement authorities to ensure the

effective enforcement and monitoring of license revocation and licensing procedures of Mexican motor carriers.

“(2) The Secretary of Transportation certifies in writing in a manner addressing the Inspector General’s findings in paragraphs (c)(1)(A) through (c)(1)(H) of this section that the opening of the border does not pose an unacceptable safety risk to the American public.

“(d) The Department of Transportation Inspector General shall conduct another review using the criteria in (c)(1)(A) through (c)(1)(H) consistent with paragraph (c) of this section, 180 days after the first review is completed, and at least annually thereafter.

“(e) For purposes of this section, the term ‘Mexican motor carrier’ shall be defined as a Mexico-domiciled motor carrier operating beyond United States municipalities and commercial zones on the United States-Mexico border.

“(f) In addition to amounts otherwise made available in this Act, to be derived from the Highway Trust Fund, there is hereby appropriated to the Federal Motor Carrier Safety Administration, \$25,866,000 for the salary, expense, and capital costs associated with the requirements of this section.”

LIMITED MODIFICATION TO MORATORIUM ON ISSUANCE OF CERTIFICATES OR PERMITS WITH RESPECT TO MEXICO

Memorandum of President of the United States, May 6, 1993, 58 F.R. 27647, provided:

Memorandum for the Secretary of Transportation
Section 6 of the Bus Regulatory Reform Act of 1982 [Pub. L. 97-261, see former 49 U.S.C. 10922(m)(1), (2)] imposed a moratorium on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by persons of, a contiguous foreign country. The Act [Pub. L. 97-261, see Tables for classification] authorized the President to remove the moratorium in whole or in part for any country or political subdivision thereof upon determining that such action is in the national interest. Sixty days’ advance notice to the Congress is required whenever the removal or modification applies to a contiguous foreign country or political subdivision thereof that substantially prohibits the granting of motor carrier authority to persons from the United States.

I am pleased that an agreement between the United States and Mexico has been concluded to ensure fair and reciprocal treatment for charter and tour bus interests on both sides of the border. The agreement reached, however, does not allow for full access to cross-border and domestic markets. Therefore, the moratorium must reflect the conditions under which operating authority may be issued to Mexican charter and tour companies under the agreement.

Pursuant to section 6 of the Bus Regulatory Reform Act of 1982, 49 U.S.C. section 10922(l)(2)(A) [see former 49 U.S.C. 10922(m)(2)(A)], I hereby make a limited modification to the moratorium imposed by that section and all actions taken by my predecessors under that section on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by persons of, a contiguous foreign country.

The moratorium is modified only to authorize the Interstate Commerce Commission to grant Mexican motor carriers authority to transport passengers in charter or special operations, in foreign commerce, in round trip or one-way service between Mexico and the United States pursuant to the following restrictions:

1. The Mexican motor carrier can conduct cross-border charter or special service in the United States only when the international tour or charter begins in Mexico;
2. Tickets or tour packages for such operations cannot be sold in the United States; and
3. The terms of the grants of authority given to Mexican motor carriers will be limited by the life of the agreement with Mexico covering reciprocal cross-border charter and special operations.

This action applies only to international charter and tour operations, does not allow for point-to-point serv-

ice within the United States, and does not authorize companies to conduct cross-border regular route service. This action preserves the status quo with respect to Mexican trucking companies and Mexican companies engaged in regular route service, and will maintain the moratorium on those operations through September 25, 1994, unless earlier revoked or modified.

Accordingly, you are directed to notify the Congress today on my behalf that, effective 60 days hence, the moratorium will no longer be in effect for Mexican charter and tour bus companies subject to the above stated conditions. Because of this action, the Interstate Commerce Commission will then accept and process expeditiously all applications for operating authority from Mexican owned, controlled, or domiciled charter and tour bus firms. I should note that applications in Mexico by United States charter and tour bus firms will be similarly treated.

You are hereby authorized and directed to publish this determination in the Federal Register.

WILLIAM J. CLINTON.

Memorandum of President of the United States, Jan. 1, 1994, 59 F.R. 653, provided:

Memorandum for the Secretary of Transportation
Section 6 of the Bus Regulatory Reform Act of 1982 [Pub. L. 97-261, see former 49 U.S.C. 10922(m)(1), (2)] imposed a moratorium on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by, persons of a contiguous foreign country. The Act [Pub. L. 97-261, see Tables for classification] authorized the President to remove the moratorium in whole or in part for any country or political subdivision thereof upon determining that such action is in the national interest. Sixty days’ advance notice to the Congress is required whenever the removal or modification applies to a foreign contiguous country or political subdivision thereof that substantially prohibits the granting of motor carrier authority to persons from the United States.

As set forth in the Statement of Administrative Action regarding the North American Free Trade Agreement (NAFTA) that I submitted to the Congress on November 3, 1993, the moratorium with respect to Mexico will be lifted in phases to coincide with the schedule of liberalization in the relevant provisions of the NAFTA. The NAFTA specifically states that the moratorium will not apply to the provision of cross-border charter or tour bus services as of the date of entry into force of the Agreement.

This is to give public notice that, pursuant to section 6 of the Bus Regulatory Reform Act of 1982, 49 U.S.C. section 10922(l)(2)(A) [see former 49 U.S.C. 10922(m)(2)(A)], on November 3, 1993, I gave the Congress notice of my intention to make a limited modification to the moratorium imposed by that section and all actions taken by my predecessors under that section on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by, persons of Mexico. This modification will take effect on January 1, 1994, the 60th day after my notice to the Congress.

The moratorium is modified only to authorize the Interstate Commerce Commission to grant Mexican motor carriers authority to transport passengers in charter or tour bus operations, in foreign commerce, in round-trip or one-way service between Mexico and the United States.

This action applies only to international charter or tour bus operations, does not allow for point-to-point bus service within the United States, and does not authorize companies to conduct cross-border regular route bus service.

Effective January 1, 1994, the Interstate Commerce Commission will begin to accept and process expeditiously all applications for operating authority from Mexican owned, controlled, or domiciled charter and tour bus firms.

This determination shall be published in the Federal Register.

WILLIAM J. CLINTON.

EXTENSION OF MORATORIUM

Memorandum of President of the United States, Mar. 2, 1995, 60 F.R. 12393, provided:

Memorandum for the Secretary of Transportation [and] the United States Trade Representative

Pursuant to section 6 of the Bus Regulatory Reform Act of 1982, 49 U.S.C. 10922(l)(1) and (2) [Pub. L. 97-261, see former 49 U.S.C. 10922(m)(1), (2)], I hereby extend for an additional 2 years both the moratorium imposed by that section and all actions taken by my predecessors under that section on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by persons of, a contiguous foreign country. This action preserves the *status quo* and will maintain the moratorium through September 19, 1996, unless earlier revoked or modified.

This memorandum shall be published in the Federal Register.

Memorandum of President of the United States, Aug. 30, 1984, 49 F.R. 35001, extended moratorium through Sept. 19, 1986.

Memorandum of President of the United States, June 5, 2001, 66 F.R. 30799, provided:

Memorandum for the Secretary of Transportation
Section 6 of the Bus Regulatory Reform Act of 1982 [Pub. L. 97-261, see former 49 U.S.C. 10922(m)(1), (2)] imposed a moratorium on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by, persons of a contiguous foreign country, and authorized the President to modify the moratorium. The Interstate Commerce Commission Termination Act of 1995 (ICCTA) [ICC Termination Act of 1995, Pub. L. 104-88, see Tables for classification] maintained these restrictions, subject to modifications made prior to the enactment of the ICCTA [Dec. 29, 1995], and authorized the President to make further modifications to the moratorium. The relevant provisions of the ICCTA are codified at 49 U.S.C. 13902.

The North American Free Trade Agreement (NAFTA) established a schedule for liberalizing certain restrictions on investment in truck and bus services. Pursuant to 49 U.S.C. 13902(c)(3), I have determined that the following modifications to the moratorium are consistent with obligations of the United States under NAFTA and with U.S. transportation policy, and that the moratorium shall be modified accordingly. First, enterprises domiciled in the United States that are owned or controlled by persons of Mexico will be allowed to obtain operating authority to provide truck services for the transportation of international cargo between points in the United States. Second, enterprises domiciled in the United States that are owned or controlled by persons of Mexico will be allowed to obtain operating authority to provide bus services between points in the United States. These modifications shall be effective today.

Pursuant to 49 U.S.C. 13902(c)(5), I have determined that expeditious action is required to implement these modifications to the moratorium. Effective today, the Department of Transportation will accept and expeditiously process applications, submitted by enterprises domiciled in the United States that are owned or controlled by persons of Mexico, to obtain operating authority to provide truck services for the transportation of international cargo between points in the United States or to provide bus services between points in the United States.

Motor carriers domiciled in the United States that are owned or controlled by persons of Mexico will be subject to the same Federal and State regulations and procedures that apply to all other U.S. carriers. These include safety regulations, such as drug and alcohol testing; insurance requirements; taxes and fees; and all other applicable laws and regulations, including those administered by the U.S. Customs Service, the Immigration and Naturalization Service, and the Department of Labor.

This memorandum shall be published in the Federal Register.

GEORGE W. BUSH.

Memorandum of President of the United States, Nov. 27, 2002, 67 F.R. 71795, provided:

Memorandum for the Secretary of Transportation
Section 6 of the Bus Regulatory Reform Act of 1982, Public Law 97-261, 96 Stat. 1103 [see former 49 U.S.C. 10922(m)(1), (2)], imposed a moratorium on the issuance of certificates or permits to motor carriers domiciled in, or owned or controlled by persons of, a contiguous foreign country and authorized the President to modify the moratorium. The Interstate Commerce Commission Termination Act of 1995 (ICCTA), Public Law 104-88, 109 Stat. 803 [ICC Termination Act of 1995, see Tables for classification], maintained these restrictions, subject to modifications made prior to the enactment of the ICCTA [Dec. 29, 1995], and empowered the President to make further modifications to the moratorium.

Pursuant to 49 U.S.C. 13902(c)(3), I modified the moratorium on June 5, 2001, to allow motor carriers domiciled in the United States that are owned or controlled by persons of Mexico to obtain operating authority to transport international cargo by truck between points in the United States and to provide bus services between points in the United States.

The North American Free Trade Agreement (NAFTA) established a schedule for liberalizing certain restrictions on the provision of bus and truck services by Mexican-domiciled motor carriers in the United States. Pursuant to 49 U.S.C. 13902(c)(3), I hereby determine that the following modifications to the moratorium are consistent with obligations of the United States under NAFTA and with our national transportation policy and that the moratorium shall be modified accordingly.

First, qualified motor carriers domiciled in Mexico will be allowed to obtain operating authority to transport passengers in cross-border scheduled bus services. Second, qualified motor carriers domiciled in Mexico will be allowed to obtain operating authority to provide cross-border truck services. The moratorium on the issuance of certificates or permits to Mexican-domiciled motor carriers for the provision of truck or bus services between points in the United States will remain in place. These modifications shall be effective on the date of this memorandum.

Furthermore, pursuant to 49 U.S.C. 13902(c)(5), I hereby determine that expeditious action is required to implement this modification to the moratorium. Effective on the date of this memorandum, the Department of Transportation is authorized to act on applications, submitted by motor carriers domiciled in Mexico, to obtain operating authority to provide cross-border scheduled bus services and cross-border truck services. In reviewing such applications, the Department shall continue to work closely with the Department of Justice, the Office of Homeland Security, and other relevant Federal departments, agencies, and offices in

order to help ensure the security of the border and to prevent potential threats to national security.

Motor carriers domiciled in Mexico operating in the United States will be subject to the same Federal and State laws, regulations, and procedures that apply to carriers domiciled in the United States. These include safety regulations, such as drug and alcohol testing requirements; insurance requirements; taxes and fees; and other applicable laws and regulations, including those administered by the United States Customs Service, the Immigration and Naturalization Service, the Department of Labor, and Federal and State environmental agencies.

You are authorized and directed to publish this memorandum in the Federal Register.

GEORGE W. BUSH.

Subsec. (a)(1). Pub. L. 109-59, §4142(c)(2), which directed amendment of par. (1) by inserting “of household goods” after “broker”, was executed by making the insertion in two places to reflect the probable intent of Congress.

On complaint or on the Secretary's own initiative and after notice and an opportunity for a proceeding, the Secretary may (A) suspend, amend, or revoke any part of the registration of a motor carrier, broker, or freight forwarder for willful failure to comply with this part, an applicable regulation or order of the Secretary or of the Board (including the accessibility requirements established by the Secretary under subpart H of part 37 of title 49, Code of Federal Regulations, or such successor regulations to those accessibility requirements as the Secretary may issue, for transportation provided by an over-the-road bus), or a condition of its registration; and (B) suspend, amend, or revoke any part of the registration of a motor carrier, broker, or freight forwarder: (i) for failure to pay a civil penalty imposed under chapter 5, 51, 149, or 311 of this title; or (ii) for failure to arrange and abide by an acceptable payment plan for such civil penalty, within 90 days of the time specified by order of the Secretary for the payment of such penalty. RELATIONSHIP TO OTHER LAWS

Except as provided in sections 14504, 14504a, and 14506 of this title, subtitle C (§§ 4301-4308) of title IV of Pub. L. 109-59 is not intended to prohibit any State or any political subdivision of any State from enacting, imposing, or enforcing any law or regulation with respect to a motor carrier, motor private carrier, broker, freight forwarder, or leasing company that is not otherwise prohibited by law, see section 4302 of Pub. L. 109-59, set out as a note under section 13902 of this title.

§ 13906. Security of motor carriers, motor private carriers, brokers, and freight forwarders

(a) MOTOR CARRIER REQUIREMENTS.—

(1) LIABILITY INSURANCE REQUIREMENT.—The Secretary may register a motor carrier under section 13902 only if the registrant files with the Secretary a bond, insurance policy, or other type of security approved by the Secretary, in an amount not less than such amount as the Secretary prescribes pursuant to, or as is required by, sections 31138 and 31139, and the laws of the State or States in which the registrant is operating, to the extent applicable. The security must be sufficient to pay, not more than the amount of the security, for each final judgment against the registrant for bodily injury to, or death of, an individual resulting from the negligent operation, maintenance, or use of motor vehicles, or for loss or damage to property (except property referred to in paragraph (3)¹ of this subsection), or both. A registration remains in effect only as long as the registrant continues to satisfy the security requirements of this paragraph.

(2) SECURITY REQUIREMENT.—Not later than 120 days after the date of enactment of the Unified Carrier Registration Act of 2005, any

person, other than a motor private carrier, registered with the Secretary to provide transportation or service as a motor carrier under section 13905(b) shall file with the Secretary a bond, insurance policy, or other type of security approved by the Secretary, in an amount not less than required by sections 31138 and 31139.

(3) AGENCY REQUIREMENT.—A motor carrier shall comply with the requirements of sections 13303 and 13304. To protect the public, the Secretary may require any such motor carrier to file the type of security that a motor carrier is required to file under paragraph (1) of this subsection. This paragraph only applies to a foreign motor private carrier and foreign motor carrier operating in the United States to the extent that such carrier is providing transportation between places in a foreign country or between a place in one foreign country and a place in another foreign country.

(4) TRANSPORTATION INSURANCE.—The Secretary may require a registered motor carrier to file with the Secretary a type of security sufficient to pay a shipper or consignee for damage to property of the shipper or consignee placed in the possession of the motor carrier as the result of transportation provided under this part. A carrier required by law to pay a shipper or consignee for loss, damage, or default for which a connecting motor carrier is responsible is subrogated, to the extent of the amount paid, to the rights of the shipper or consignee under any such security.

(b) BROKER REQUIREMENTS.—The Secretary may register a person as a broker under section 13904 only if the person files with the Secretary a bond, insurance policy, or other type of security approved by the Secretary to ensure that the transportation for which a broker arranges is provided. The registration remains in effect only as long as the broker continues to satisfy the security requirements of this subsection.

(c) FREIGHT FORWARDER REQUIREMENTS.—

(1) LIABILITY INSURANCE.—The Secretary may register a person as a freight forwarder under section 13903 of this title only if the person files with the Secretary a bond, insurance policy, or other type of security approved by the Secretary. The security must be sufficient to pay, not more than the amount of the security, for each final judgment against the freight forwarder for bodily injury to, or death of, an individual, or loss of, or damage to, property (other than property referred to in paragraph (2) of this subsection), resulting from the negligent operation, maintenance, or use of motor vehicles by or under the direction and control of the freight forwarder when providing transfer, collection, or delivery service under this part.

(2) FREIGHT FORWARDER INSURANCE.—The Secretary may require a registered freight forwarder to file with the Secretary a bond, insurance policy, or other type of security approved by the Secretary sufficient to pay, not more than the amount of the security, for loss of, or damage to, property for which the freight forwarder provides service.

¹ See References in Text note below.

(3) **EFFECTIVE PERIOD.**—The freight forwarder's registration remains in effect only as long as the freight forwarder continues to satisfy the security requirements of this subsection.

(d) **TYPE OF INSURANCE.**—The Secretary may determine the type and amount of security filed under this section. A motor carrier may submit proof of qualifications as a self-insurer to satisfy the security requirements of this section. The Secretary shall adopt regulations governing the standards for approval as a self-insurer. Motor carriers which have been granted authority to self-insure as of January 1, 1996, shall retain that authority unless, for good cause shown and after notice and an opportunity for a hearing, the Secretary finds that the authority must be revoked.

(e) **NOTICE OF CANCELLATION OF INSURANCE.**—The Secretary shall issue regulations requiring the submission to the Secretary of notices of insurance cancellation sufficiently in advance of actual cancellation so as to enable the Secretary to promptly revoke the registration of any carrier or broker after the effective date of the cancellation.

(f) **FORM OF ENDORSEMENT.**—The Secretary shall also prescribe the appropriate form of endorsement to be appended to policies of insurance and surety bonds which will subject the insurance policy or surety bond to the full security limits of the coverage required under this section.

(a) **CARRIERS RESPONSIBLE FOR AGENTS.**—Each motor carrier providing transportation of household goods shall be responsible for all acts or omissions of any of its agents which relate to the performance of household goods transportation services (including accessorial or terminal services) and which are within the actual or apparent authority of the agent from the carrier or which are ratified by the carrier.

(b) **STANDARD FOR SELECTING AGENTS.**—Each motor carrier providing transportation of household goods shall use due diligence and reasonable care in selecting and maintaining agents who are sufficiently knowledgeable, fit, willing, and able to provide adequate household goods transportation services (including accessorial and terminal services) and to fulfill the obligations imposed upon them by this part and by such carrier.

(c) **ENFORCEMENT.**—

(1) **COMPLAINT.**—Whenever the Secretary has reason to believe from a complaint or investigation that an agent providing household goods transportation services (including accessorial and terminal services) under the authority of a motor carrier providing transportation of household goods has violated section 14901(e) or 14912 or is consistently not fit, willing, and able to provide adequate household goods transportation services (including accessorial and terminal services), the Secretary may issue to such agent a complaint stating the charges and containing notice of the time and place of a hearing which shall be held no later than 60 days after service of the complaint to such agent.

Thereafter, the Secretary may issue an order to limit, condition, or prohibit such agent from any involvement in the transportation or provision of services incidental to the transportation of

Provisions similar to those in this section were contained in section 11109 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 14104. Household goods carrier operations

(a) GENERAL REGULATORY AUTHORITY.—

(1) PAPERWORK MINIMIZATION.—The Secretary may issue regulations, including regulations protecting individual shippers, in order to carry out this part with respect to the transportation of household goods by motor carriers subject to jurisdiction under subchapter I of chapter 135. The regulations and paperwork required of motor carriers providing transportation of household goods shall be minimized to the maximum extent feasible consistent with the protection of individual shippers.

(2) PERFORMANCE STANDARDS.—

(A) IN GENERAL.—Regulations of the Secretary protecting individual shippers shall include, where appropriate, reasonable performance standards for the transportation of household goods subject to jurisdiction under subchapter I of chapter 135.

(B) FACTORS TO CONSIDER.—In establishing performance standards under this paragraph, the Secretary shall take into account at least the following—

- (i) the level of performance that can be achieved by a well-managed motor carrier transporting household goods;
- (ii) the degree of harm to individual shippers which could result from a violation of the regulation;
- (iii) the need to set the level of performance at a level sufficient to deter abuses which result in harm to consumers and violations of regulations;
- (iv) service requirements of the carriers;
- (v) the cost of compliance in relation to the consumer benefits to be achieved from such compliance; and
- (vi) the need to set the level of performance at a level designed to encourage carriers to offer service responsive to shipper needs.

(3) LIMITATIONS ON STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to limit the Secretary's authority to require reports from motor carriers providing transportation of household goods or to require such carriers to provide specified information to consumers concerning their past performance.

(b) ESTIMATES.—

(1) REQUIRED TO BE IN WRITING.—

(A) IN GENERAL.—Except as otherwise provided in this subsection, every motor carrier providing transportation of household goods described in section 13102(10)(A) as a household goods motor carrier and subject to jurisdiction under subchapter I of chapter 135 shall conduct a physical survey of the household goods to be transported on behalf of a

prospective individual shipper and shall provide the shipper with a written estimate of charges for the transportation and all related services.

(B) WAIVER.—A shipper may elect to waive a physical survey under this paragraph by written agreement signed by the shipper before the shipment is loaded. A copy of the waiver agreement must be retained as an addendum to the bill of lading and shall be subject to the same record inspection and preservation requirements of the Secretary as are applicable to bills of lading.

(C) ESTIMATE.—

(i) IN GENERAL.—Notwithstanding a waiver under subparagraph (B), a carrier's statement of charges for transportation must be submitted to the shipper in writing and must indicate whether it is binding or nonbinding. The written estimate shall be based on a physical survey of the household goods if the household goods are located within a 50-mile radius of the location of the carrier's household goods agent preparing the estimate.

(ii) BINDING.—A binding estimate under this paragraph must indicate that the carrier and shipper are bound by such charges. The carrier may impose a charge for providing a written binding estimate.

(iii) NONBINDING.—A nonbinding estimate under this paragraph must indicate that the actual charges will be based upon the actual weight of the individual shipper's shipment and the carrier's lawful tariff charges. The carrier may not impose a charge for providing a nonbinding estimate.

(2) OTHER INFORMATION.—At the time that a motor carrier provides the written estimate required by paragraph (1), the motor carrier shall provide the shipper a copy of the Department of Transportation publication FMCSA-ESA-03-005 (or its successor publication) entitled "Ready to Move?". Before the execution of a contract for service, the motor carrier shall provide the shipper copy of the Department of Transportation publication OCE 100, entitled "Your Rights and Responsibilities When You Move" required by section 375.213 of title 49, Code of Federal Regulations (or any successor regulation).

(3) APPLICABILITY OF ANTITRUST LAWS.—Any charge for an estimate of charges provided by a motor carrier to a shipper for transportation of household goods subject to jurisdiction under subchapter I of chapter 135 shall be subject to the antitrust laws, as defined in the first section of the Clayton Act (15 U.S.C. 12).

(c) FLEXIBILITY IN WEIGHING SHIPMENTS.—The Secretary shall issue regulations that provide motor carriers providing transportation of household goods subject to jurisdiction under subchapter I of chapter 135 with the maximum possible flexibility in weighing shipments, consistent with assurance to the shipper of accurate weighing practices. The Secretary shall not prohibit such carriers from backweighing shipments or from basing their charges on the reweigh weights if the shipper observes both the

tare and gross weighings (or, prior to such weighings, waives in writing the opportunity to observe such weighings) and such weighings are performed on the same scale.

(3) private sector, academic, and public use of information in the reports; and

(4) the public interest.

(c) **EXEMPTIONS.**—

(1) **FROM FILING.**—The Secretary may exempt upon good cause shown any party from the financial reporting requirements of subsection (a). Any request for such exemption must demonstrate, at a minimum, that an exemption is required to avoid competitive harm and preserve confidential business information that is not otherwise publicly available.

(2) **FROM PUBLIC RELEASE.**—

(A) **IN GENERAL.**—The Secretary shall allow, upon request, a filer of a report under subsection (a) that is not a publicly held corporation or that is not subject to financial reporting requirements of the Securities and Exchange Commission, an exemption from the public release of such report.

(B) **PROCEDURE.**—After a request under subparagraph (A) and notice and opportunity for comment but in no event later than 90 days after the date of such request, the Secretary shall approve such request if the Sec-

retary finds that the exemption requested is necessary to avoid competitive harm and to avoid the disclosure of information that qualifies as a trade secret or privileged or confidential information under section 552(b)(4) of title 5.

(C) USE OF DATA FOR INTERNAL DOT PURPOSES.—If an exemption is granted under this paragraph, nothing shall prevent the Secretary from using data from reports filed under this subsection for internal purposes of the Department of Transportation or including such data in aggregate industry statistics released for publication if such inclusion would not render the filer's data readily identifiable.

(D) PENDING REQUESTS.—The Secretary shall not release publicly the report of a carrier making a request under subparagraph (A) while such request is pending.

(3) PERIOD OF EXEMPTIONS.—Exemptions granted under this subsection shall be for 3-year periods.

(2) a certificate of title has not been issued and the law of the State where the principal place of business of that carrier is located requires or permits public filing or recording of, or in relation to, that security interest if there has been such a public filing or recording; and

(3) a certificate of title has not been issued and the security interest cannot be perfected under paragraph (2) of this subsection, if the security interest has been perfected under the law (including the conflict of laws rules) of the State where the principal place of business of that carrier is located.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 11304 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

EFFECTIVE DATE

Chapter effective Jan. 1, 1996, except as otherwise provided in Pub. L. 104-88, see section 2 of Pub. L. 104-88, set out as a note under section 701 of this title.

§ 14302. Pooling and division of transportation or earnings

(a) APPROVAL REQUIRED.—A carrier providing transportation subject to jurisdiction under sub-

chapter I of chapter 135 may not agree or combine with another such carrier to pool or divide traffic or services or any part of their earnings without the approval of the Board under this section.

(b) **STANDARDS FOR APPROVAL.**—The Board may approve and authorize an agreement or combination between or among motor carriers of passengers, or between a motor carrier of passengers and a rail carrier of passengers if the carriers involved assent to the pooling or division and the Board finds that a pooling or division of traffic, services, or earnings—

(1) will be in the interest of better service to the public or of economy of operation; and

(2) will not unreasonably restrain competition.

(c) **PROCEDURE.**—

(1) **APPLICATION.**—Any motor carrier of property may apply to the Board for approval of an agreement or combination with another such carrier to pool or divide traffic or any services or any part of their earnings by filing such agreement or combination with the Board not less than 50 days before its effective date.

(2) **DETERMINATION OF IMPORTANCE AND RESTRAINT ON COMPETITION.**—Prior to the effective date of the agreement or combination, the Board shall determine whether the agreement or combination is of major transportation importance and whether there is substantial likelihood that the agreement or combination will unduly restrain competition. If the Board determines that neither of these 2 factors exists, it shall, prior to such effective date and without a hearing, approve and authorize the agreement or combination, under such rules and regulations as the Board may issue, and for such consideration between such carriers and upon such terms and conditions as shall be found by the Board to be just and reasonable.

(3) **HEARING.**—If the Board determines either that the agreement or combination is of major transportation importance or that there is substantial likelihood that the agreement or combination will unduly restrain competition, the Board shall hold a hearing concerning whether the agreement or combination will be in the interest of better service to the public or of economy in operation and whether it will unduly restrain competition and shall suspend operation of such agreement or combination pending such hearing and final decision thereon. After such hearing, the Board shall indicate to what extent it finds that the agreement or combination will be in the interest of better service to the public or of economy in operation and will not unduly restrain competition and if assented to by all the carriers involved, shall to that extent, approve and authorize the agreement or combination, under such rules and regulations as the Board may issue, and for such consideration between such carriers and upon such terms and conditions as shall be found by the Board to be just and reasonable.

(4) **SPECIAL RULES FOR HOUSEHOLD GOODS CARRIERS.**—In the case of an application for Board approval of an agreement or combination between a motor carrier providing transportation of household goods and its agents to

pool or divide traffic or services or any part of their earnings, such agreement or combination shall be presumed to be in the interest of better service to the public and of economy in operation and not to restrain competition unduly if the practices proposed to be carried out under such agreement or combination are the same as or similar to practices carried out under agreements and combinations between motor carriers providing transportation of household goods to pool or divide traffic or service of any part of their earnings approved by the Interstate Commerce Commission before January 1, 1996.

(5) **STREAMLINING AND SIMPLIFYING.**—The Board shall streamline, simplify, and expedite, to the maximum extent practicable, the process (including any paperwork) for submission and approval of applications under this section for agreements and combinations between motor carriers providing transportation of household goods and their agents.

(d) **CONDITIONS.**—The Board may impose conditions governing the pooling or division and may approve and authorize payment of a reasonable consideration between the carriers.

(e) **INITIATION OF PROCEEDING.**—The Board may begin a proceeding under this section on its own initiative or on application.

(f) **EFFECT OF APPROVAL.**—A carrier may participate in an arrangement approved by or exempted by the Board under this section without the approval of any other Federal, State, or municipal body. A carrier participating in an approved or exempted arrangement is exempt from the antitrust laws and from all other law, including State and municipal law, as necessary to let that person carry out the arrangement.

(g) **CONTINUATION OF EXISTING AGREEMENTS.**—Any agreements in operation under the provisions of this title on January 1, 1996, that are succeeded by this section shall remain in effect until further order of the Board.

(h) **DEFINITIONS.**—In this section, the following definitions apply:

(1) **HOUSEHOLD GOODS.**—The term “household goods” has the meaning such term had under section 10102(11) of this title, as in effect on December 31, 1995.

(2) **TRANSPORTATION.**—The term “transportation” means transportation that would be subject to the jurisdiction of the Interstate Commerce Commission under subchapter II of chapter 105 of this title, as in effect on December 31, 1995, if such subchapter were still in effect.

(1) Consolidation or merger of the properties or franchises of at least 2 carriers into one operation for the ownership, management, and operation of the previously separately owned properties.

(2) A purchase, lease, or contract to operate property of another carrier by any number of carriers.

(4) Acquisition of control of at least 2 carriers by a person that is not a carrier.

(5) Acquisition of control of a carrier by a person that is not a carrier but that controls any number of carriers.

(b) STANDARD FOR APPROVAL.—The Board shall approve and authorize a transaction under this section when it finds the transaction is consistent with the public interest. The Board shall consider at least the following:

(1) The effect of the proposed transaction on the adequacy of transportation to the public.

(2) The total fixed charges that result from the proposed transaction.

(3) The interest of carrier employees affected by the proposed transaction.

The Board may impose conditions governing the transaction.

(c) DETERMINATION OF COMPLETENESS OF APPLICATION.—Within 30 days after the date on which an application is filed under this section, the Board shall either publish a notice of the application in the Federal Register or reject the application if it is incomplete.

(d) COMMENTS.—Written comments about an application may be filed with the Board within 45 days after the date on which notice of the application is published under subsection (c).

(e) DEADLINES.—The Board shall conclude evidentiary proceedings by the 240th day after the date on which notice of the application is published under subsection (c). (f) EFFECT OF APPROVAL.—A carrier or corporation participating in or resulting from a transaction approved by the Board under this section, or exempted by the Board from the application of this section pursuant to section 13541, may carry out the transaction, own and operate property, and exercise control or franchises acquired through the transaction without the approval of a State authority. A carrier, corporation, or person participating in the approved or exempted transaction is exempt from the antitrust laws and from all other law, including State and municipal law, as necessary to let that person carry out the transaction, hold, maintain, and operate property, and exercise control or franchises acquired through the transaction.

§ 14501. Federal authority over intrastate transportation

(a) MOTOR CARRIERS OF PASSENGERS.—

(1) LIMITATION ON STATE LAW.—No State or political subdivision thereof and no interstate agency or other political agency of 2 or more States shall enact or enforce any law, rule, regulation, standard, or other provision having the force and effect of law relating to—

(A) scheduling of interstate or intrastate transportation (including discontinuance or reduction in the level of service) provided by a motor carrier of passengers subject to jurisdiction under subchapter I of chapter 135 of this title on an interstate route;

(B) the implementation of any change in the rates for such transportation or for any charter transportation except to the extent that notice, not in excess of 30 days, of changes in schedules may be required; or

(C) the authority to provide intrastate or interstate charter bus transportation.

This paragraph shall not apply to intrastate commuter bus operations, or to intrastate bus transportation of any nature in the State of Hawaii.

(2) MATTERS NOT COVERED.—Paragraph (1) shall not restrict the safety regulatory authority of a State with respect to motor vehicles, the authority of a State to impose highway route controls or limitations based on the size or weight of the motor vehicle, or the authority of a State to regulate carriers with regard to minimum amounts of financial responsibility relating to insurance requirements and self-insurance authorization.

(b) FREIGHT FORWARDERS AND BROKERS.—

(1) GENERAL RULE.—Subject to paragraph (2) of this subsection, no State or political subdivision thereof and no intrastate agency or other political agency of 2 or more States shall enact or enforce any law, rule, regulation, standard, or other provision having the force and effect of law relating to intrastate rates, intrastate routes, or intrastate services of any freight forwarder or broker.

(2) CONTINUATION OF HAWAII’S AUTHORITY.—Nothing in this subsection and the amendments made by the Surface Freight Forwarder Deregulation Act of 1986 shall be construed to affect the authority of the State of Hawaii to continue to regulate a motor carrier operating within the State of Hawaii.

(c) MOTOR CARRIERS OF PROPERTY.—

(1) GENERAL RULE.—Except as provided in paragraphs (2) and (3), a State, political subdivision of a State, or political authority of 2 or more States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of any motor carrier (other than a carrier affiliated with a direct air carrier covered by section 41713(b)(4)) or any motor private carrier, broker, or freight forwarder with respect to the transportation of property.

(2) MATTERS NOT COVERED.—Paragraph (1)—

(A) shall not restrict the safety regulatory authority of a State with respect to motor vehicles, the authority of a State to impose highway route controls or limitations based on the size or weight of the motor vehicle or the hazardous nature of the cargo, or the authority of a State to regulate motor carriers with regard to minimum amounts of financial responsibility relating to insurance requirements and self-insurance authorization;

(B) does not apply to the intrastate transportation of household goods; and

(C) does not apply to the authority of a State or a political subdivision of a State to enact or enforce a law, regulation, or other provision relating to the price of for-hire motor vehicle transportation by a tow truck, if such transportation is performed without the prior consent or authorization of the owner or operator of the motor vehicle.

(3) STATE STANDARD TRANSPORTATION PRACTICES.—

(A) CONTINUATION.—Paragraph (1) shall not affect any authority of a State, political subdivision of a State, or political authority of 2 or more States to enact or enforce a law, regulation, or other provision, with respect to the intrastate transportation of property by motor carriers, related to—

(i) uniform cargo liability rules,

(ii) uniform bills of lading or receipts for property being transported,

(iii) uniform cargo credit rules,

(iv) antitrust immunity for joint line rates or routes, classifications, mileage guides, and pooling, or

(v) antitrust immunity for agent-van line operations (as set forth in section 13907),

if such law, regulation, or provision meets the requirements of subparagraph (B).

(B) REQUIREMENTS.—A law, regulation, or provision of a State, political subdivision, or political authority meets the requirements of this subparagraph if—

(i) the law, regulation, or provision covers the same subject matter as, and compliance with such law, regulation, or provi-

sion is no more burdensome than compliance with, a provision of this part or a regulation issued by the Secretary or the Board under this part; and

(ii) the law, regulation, or provision only applies to a carrier upon request of such carrier.

(C) ELECTION.—Notwithstanding any other provision of law, a carrier affiliated with a direct air carrier through common controlling ownership may elect to be subject to a law, regulation, or provision of a State, political subdivision, or political authority under this paragraph.

(4) NONAPPLICABILITY TO HAWAII.—This subsection shall not apply with respect to the State of Hawaii.

(5) LIMITATION ON STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to prevent a State from requiring that, in the case of a motor vehicle to be towed from private property without the consent of the owner or operator of the vehicle, the person towing the vehicle have prior written authorization from the property owner or lessee (or an employee or agent thereof) or that such owner or lessee (or an employee or agent thereof) be present at the time the vehicle is towed from the property, or both.

(d) PRE-ARRANGED GROUND TRANSPORTATION.—

(1) IN GENERAL.—No State or political subdivision thereof and no interstate agency or other political agency of 2 or more States shall enact or enforce any law, rule, regulation, standard or other provision having the force and effect of law requiring a license or fee on account of the fact that a motor vehicle is providing pre-arranged ground transportation service if the motor carrier providing such service—

(A) meets all applicable registration requirements under chapter 139 for the interstate transportation of passengers;

(B) meets all applicable vehicle and intrastate passenger licensing requirements of the State or States in which the motor carrier is domiciled or registered to do business; and

(C) is providing such service pursuant to a contract for—

(i) transportation by the motor carrier from one State, including intermediate stops, to a destination in another State; or

(ii) transportation by the motor carrier from one State, including intermediate stops in another State, to a destination in the original State.

(2) INTERMEDIATE STOP DEFINED.—In this section, the term “intermediate stop”, with respect to transportation by a motor carrier, means a pause in the transportation in order for one or more passengers to engage in personal or business activity, but only if the driver providing the transportation to such passenger or passengers does not, before resuming the transportation of such passenger (or at least 1 of such passengers), provide transportation to any other person not included among the passengers being transported when the pause began.

(3) MATTERS NOT COVERED.—Nothing in this subsection shall be construed—

(A) as subjecting taxicab service to regulation under chapter 135 or section 31138;

(B) as prohibiting or restricting an airport, train, or bus terminal operator from contracting to provide preferential access or facilities to one or more providers of pre-arranged ground transportation service; and

(C) as restricting the right of any State or political subdivision of a State to require, in a nondiscriminatory manner, that any individual operating a vehicle providing pre-arranged ground transportation service originating in the State or political subdivision have submitted to pre-licensing drug testing or a criminal background investigation of the records of the State in which the operator is domiciled, by the State or political subdivision by which the operator is licensed to provide such service, or by the motor carrier providing such service, as a condition of providing such service.

(1) EXCESSIVE VALUATION OF PROPERTY.—Assess motor carrier transportation property at a value that has a higher ratio to the true market value of the motor carrier transportation property than the ratio that the assessed value of other commercial and industrial property in the same assessment jurisdiction has to the true market value of the other commercial and industrial property.

(2) TAX ON ASSESSMENT.—Levy or collect a tax on an assessment that may not be made under paragraph (1).

§ 14703. Enforcement by the Attorney General

The Attorney General may, and on request of either the Secretary or the Board shall, bring court proceedings—

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 11703 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 14704. Rights and remedies of persons injured by carriers or brokers

(a) **IN GENERAL.**—

(1) **ENFORCEMENT OF ORDER.**—A person injured because a carrier or broker providing transportation or service subject to jurisdiction under chapter 135 does not obey an order of the Secretary or the Board, as applicable, under this part, except an order for the payment of money, may bring a civil action to enforce that order under this subsection. A person may bring a civil action for injunctive relief for violations of sections 14102 and 14103.

(2) **DAMAGES FOR VIOLATIONS.**—A carrier or broker providing transportation or service subject to jurisdiction under chapter 135 is liable for damages sustained by a person as a result of an act or omission of that carrier or broker in violation of this part.

(b) **LIABILITY AND DAMAGES FOR EXCEEDING TARIFF RATE.**—A carrier providing transportation or service subject to jurisdiction under chapter 135 is liable to a person for amounts charged that exceed the applicable rate for transportation or service contained in a tariff in effect under section 13702.

(c) **ELECTION.**—

(1) **COMPLAINT TO DOT OR BOARD; CIVIL ACTION.**—A person may file a complaint with the Board or the Secretary, as applicable, under section 14701(b) or bring a civil action under subsection (b) to enforce liability against a carrier or broker providing transportation or service subject to jurisdiction under chapter 135.

(2) **ORDER OF DOT OR BOARD.**—

(A) **IN GENERAL.**—When the Board or Secretary, as applicable, makes an award under subsection (b) of this section, the Board or Secretary, as applicable, shall order the carrier to pay the amount awarded by a specific date. The Board or Secretary, as applicable, may order a carrier or broker providing transportation or service subject to jurisdiction under chapter 135 to pay damages only when the proceeding is on complaint.

(B) **ENFORCEMENT BY CIVIL ACTION.**—The person for whose benefit an order of the Board or Secretary requiring the payment of money is made may bring a civil action to enforce that order under this paragraph if the carrier or broker does not pay the amount awarded by the date payment was ordered to be made.

(d) **PROCEDURE.**—

(1) **IN GENERAL.**—When a person begins a civil action under subsection (b) of this section to enforce an order of the Board or Secretary requiring the payment of damages by a carrier or broker providing transportation or service subject to jurisdiction under chapter 135 of this title, the text of the order of the Board or Secretary must be included in the complaint. In addition to the district courts of the United States, a State court of general jurisdiction having jurisdiction of the parties has jurisdiction to enforce an order under this paragraph. The findings and order of the Board or Secretary are competent evidence of the facts stated in them. Trial in a civil action brought in a district court of the United States under this paragraph is in the judicial district in which the plaintiff resides or in which the principal operating office of the carrier or broker is located. In a civil action under this paragraph, the plaintiff is liable for only those costs that accrue on an appeal taken by the plaintiff.

(2) **PARTIES.**—All parties in whose favor the award was made may be joined as plaintiffs in a civil action brought in a district court of the United States under this subsection and all the carriers that are parties to the order awarding damages may be joined as defendants. Trial in the action is in the judicial district in which any one of the plaintiffs could bring the action against any one of the defendants. Process may be served on a defendant at its principal operating office when that defendant is not in the district in which the action is brought. A judgment ordering recovery may be made in favor of any of those plaintiffs against the defendant found to be liable to that plaintiff.

(e) **ATTORNEY'S FEES.**—The district court shall award a reasonable attorney's fee under this section. The district court shall tax and collect that fee as part of the costs of the action.

(Added Pub. L. 104-88, title I, §103, Dec. 29, 1995, 109 Stat. 905.)

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 11705 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 14705. Limitation on actions by and against carriers

(a) IN GENERAL.—A carrier providing transportation or service subject to jurisdiction under chapter 135 must begin a civil action to recover charges for transportation or service provided by the carrier within 18 months after the claim accrues.

(b) OVERCHARGES.—A person must begin a civil action to recover overcharges within 18 months after the claim accrues. If the claim is against a carrier providing transportation subject to jurisdiction under chapter 135 and an election to file a complaint with the Board or Secretary, as applicable, is made under section 14704(c)(1), the complaint must be filed within 3 years after the claim accrues.

(c) DAMAGES.—A person must file a complaint with the Board or Secretary, as applicable, to recover damages under section 14704(b) within 2 years after the claim accrues.

(d) EXTENSIONS.—The limitation periods under subsection (b) of this section are extended for 6 months from the time written notice is given to the claimant by the carrier of disallowance of any part of the claim specified in the notice if a written claim is given to the carrier within those limitation periods. The limitation periods under subsections (b) and (c) of this section are extended for 90 days from the time the carrier begins a civil action under subsection (a) to recover charges related to the same transportation or service, or collects (without beginning a civil action under that subsection) the charge for that transportation or service if that action is begun or collection is made within the appropriate period.

(e) PAYMENT.—A person must begin a civil action to enforce an order of the Board or Secretary against a carrier within 1 year after the date of the order.

(f) GOVERNMENT TRANSPORTATION.—This section applies to transportation for the United States Government. The time limitations under this section are extended, as related to transportation for or on behalf of the United States Government, for 3 years from the later of the date of—

- (1) payment of the rate for the transportation or service involved;
- (2) subsequent refund for overpayment of that rate; or
- (3) deduction made under section 3726 of title 31.

(g) ACCRUAL DATE.—A claim related to a shipment of property accrues under this section on delivery or tender of delivery by the carrier.

(Added Pub. L. 104-88, title I, §103, Dec. 29, 1995, 109 Stat. 907.)

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 11706 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 14706. Liability of carriers under receipts and bills of lading

(a) GENERAL LIABILITY.—

(1) MOTOR CARRIERS AND FREIGHT FORWARDERS.—A carrier providing transportation

or service subject to jurisdiction under subchapter I or III of chapter 135 shall issue a receipt or bill of lading for property it receives for transportation under this part. That carrier and any other carrier that delivers the property and is providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 or chapter 105 are liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this paragraph is for the actual loss or injury to the property caused by (A) the receiving carrier, (B) the delivering carrier, or (C) another carrier over whose line or route the property is transported in the United States or from a place in the United States to a place in an adjacent foreign country when transported under a through bill of lading and, except in the case of a freight forwarder, applies to property reconsigned or diverted under a tariff under section 13702. Failure to issue a receipt or bill of lading does not affect the liability of a carrier. A delivering carrier is deemed to be the carrier performing the line-haul transportation nearest the destination but does not include a carrier providing only a switching service at the destination.

(2) FREIGHT FORWARDER.—A freight forwarder is both the receiving and delivering carrier. When a freight forwarder provides service and uses a motor carrier providing transportation subject to jurisdiction under subchapter I of chapter 135 to receive property from a consignor, the motor carrier may execute the bill of lading or shipping receipt for the freight forwarder with its consent. With the consent of the freight forwarder, a motor carrier may deliver property for a freight forwarder on the freight forwarder's bill of lading, freight bill, or shipping receipt to the consignee named in it, and receipt for the property may be made on the freight forwarder's delivery receipt.

(b) APPORTIONMENT.—The carrier issuing the receipt or bill of lading under subsection (a) of this section or delivering the property for which the receipt or bill of lading was issued is entitled to recover from the carrier over whose line or route the loss or injury occurred the amount required to be paid to the owners of the property, as evidenced by a receipt, judgment, or transcript, and the amount of its expenses reasonably incurred in defending a civil action brought by that person.

(c) SPECIAL RULES.—

(1) MOTOR CARRIERS.—

(A) SHIPPER WAIVER.—Subject to the provisions of subparagraph (B), a carrier providing transportation or service subject to jurisdiction under subchapter I or III of chapter 135 may, subject to the provisions of this chapter (including with respect to a motor carrier, the requirements of section 13710(a)), establish rates for the transportation of property (other than household goods described in section 13102(10)(A)) under which the liability of the carrier for such property is limited to a value established by written or electronic declaration of the shipper or by written agreement between the carrier and

shipper if that value would be reasonable under the circumstances surrounding the transportation.

(B) CARRIER NOTIFICATION.—If the motor carrier is not required to file its tariff with the Board, it shall provide under section 13710(a)(1) to the shipper, on request of the shipper, a written or electronic copy of the rate, classification, rules, and practices upon which any rate applicable to a shipment, or agreed to between the shipper and the carrier, is based. The copy provided by the carrier shall clearly state the dates of applicability of the rate, classification, rules, or practices.

(C) PROHIBITION AGAINST COLLECTIVE ESTABLISHMENT.—No discussion, consideration, or approval as to rules to limit liability under this subsection may be undertaken by carriers acting under an agreement approved pursuant to section 13703.

(2) WATER CARRIERS.—If loss or injury to property occurs while it is in the custody of a water carrier, the liability of that carrier is determined by its bill of lading and the law applicable to water transportation. The liability of the initial or delivering carrier is the same as the liability of the water carrier.

(d) CIVIL ACTIONS.—

(1) AGAINST DELIVERING CARRIER.—A civil action under this section may be brought against a delivering carrier in a district court of the United States or in a State court. Trial, if the action is brought in a district court of the United States is in a judicial district, and if in a State court, is in a State through which the defendant carrier operates.

(2) AGAINST CARRIER RESPONSIBLE FOR LOSS.—A civil action under this section may be brought against the carrier alleged to have caused the loss or damage, in the judicial district in which such loss or damage is alleged to have occurred.

(3) JURISDICTION OF COURTS.—A civil action under this section may be brought in a United States district court or in a State court.

(4) JUDICIAL DISTRICT DEFINED.—In this section, “judicial district” means—

(A) in the case of a United States district court, a judicial district of the United States; and

(B) in the case of a State court, the applicable geographic area over which such court exercises jurisdiction.

(e) MINIMUM PERIOD FOR FILING CLAIMS.—

(1) IN GENERAL.—A carrier may not provide by rule, contract, or otherwise, a period of less than 9 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice.

(2) SPECIAL RULES.—For the purposes of this subsection—

(A) an offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs

the claimant that such part of the claim is disallowed and provides reasons for such disallowance; and

(B) communications received from a carrier’s insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that such part of the claim is disallowed, provides reason for such disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

(f) LIMITING LIABILITY OF HOUSEHOLD GOODS CARRIERS TO DECLARED VALUE.—

(1) IN GENERAL.—A carrier or group of carriers subject to jurisdiction under subchapter I or III of chapter 135 may petition the Board to modify, eliminate, or establish rates for the transportation of household goods under which the liability of the carrier for that property is limited to a value established by written declaration of the shipper or by a written agreement.

(2) FULL VALUE PROTECTION OBLIGATION.—Unless the carrier receives a waiver in writing under paragraph (3), a carrier’s maximum liability for household goods that are lost, damaged, destroyed, or otherwise not delivered to the final destination is an amount equal to the replacement value of such goods, subject to a maximum amount equal to the declared value of the shipment and to rules issued by the Surface Transportation Board and applicable tariffs.

(3) APPLICATION OF RATES.—The released rates established by the Board under paragraph (1) (commonly known as “released rates”) shall not apply to the transportation of household goods by a carrier unless the liability of the carrier for the full value of such household goods under paragraph (2) is waived, in writing, by the shipper.

(g) MODIFICATIONS AND REFORMS.—

(1) STUDY.—The Secretary shall conduct a study to determine whether any modifications or reforms should be made to the loss and damage provisions of this section, including those related to limitation of liability by carriers.

(2) FACTORS TO CONSIDER.—In conducting the study, the Secretary, at a minimum, shall consider—

(A) the efficient delivery of transportation services;

(B) international and intermodal harmony;

(C) the public interest; and

(D) the interest of carriers and shippers.

(3) REPORT.—Not later than 12 months after January 1, 1996, the Secretary shall submit to Congress a report on the results of the study, together with any recommendations of the Secretary (including legislative recommendations) for implementing modifications or reforms identified by the Secretary as being appropriate.

(Added Pub. L. 104–88, title I, § 103, Dec. 29, 1995, 109 Stat. 907; amended Pub. L. 104–287, § 5(38), Oct. 11, 1996, 110 Stat. 3392; Pub. L. 109–59, title IV, § 4207, Aug. 10, 2005, 119 Stat. 1757.)

PRIOR PROVISIONS

AMENDMENTS

2005—Subsec. (f). Pub. L. 109-59 designated existing provisions as par. (1), inserted heading, and added pars. (2) and (3).

1996—Subsec. (g)(3). Pub. L. 104-287 substituted “January 1, 1996” for “the effective date of this section”.

REVIEW OF LIABILITY OF CARRIERS

Pub. L. 109-59, title IV, § 4215, Aug. 10, 2005, 119 Stat. 1760, provided that:

“(a) REVIEW.—Not later than 1 year after the date of enactment of this Act [Aug. 10, 2005], the Surface Transportation Board shall complete a review of the current Federal regulations regarding the level of liability protection provided by motor carriers that provide transportation of household goods and revise such regulations, if necessary, to provide enhanced protection in the case of loss or damage.

“(b) DETERMINATIONS.—The review required by subsection (a) shall include a determination of—

“(1) whether the current regulations provide adequate protection;

“(2) the benefits of purchase by a shipper of insurance to supplement the carrier’s limitations on liability; and

“(3) whether there are abuses of the current regulations that leave the shipper unprotected in the event of loss and damage to a shipment of household goods.”

[For definitions of “carrier”, “household goods”, “motor carrier”, and “transportation” as used in section 4215 of Pub. L. 109-59, set out above, see section 4202(a) of Pub. L. 109-59, set out as a note under section 13102 of this title.]

§ 14707. Private enforcement of registration requirement

(a) IN GENERAL.—If a person provides transportation by motor vehicle or service in clear violation of section 13901-13904 or 13906, a person injured by the transportation or service may bring a civil action to enforce any such section. In a civil action under this subsection, trial is in the judicial district in which the person who violated that section operates.

(b) PROCEDURE.—A copy of the complaint in a civil action under subsection (a) shall be served on the Secretary and a certificate of service must appear in the complaint filed with the court. The Secretary may intervene in a civil action under subsection (a). The Secretary may notify the district court in which the action is pending that the Secretary intends to consider the matter that is the subject of the complaint in a proceeding before the Secretary. When that notice is filed, the court shall stay further action pending disposition of the proceeding before the Secretary.

(c) ATTORNEY’S FEES.—In a civil action under subsection (a), the court may determine the amount of and award a reasonable attorney’s fee to the prevailing party. That fee is in addition to costs allowable under the Federal Rules of Civil Procedure.

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 11708 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 14708. Dispute settlement program for household goods carriers

(a) OFFERING SHIPPERS ARBITRATION.—As a condition of registration under section 13902 or 13903, a carrier providing transportation of household goods subject to jurisdiction under subchapter I or III of chapter 135 must agree to offer in accordance with this section to shippers of household goods arbitration as a means of settling disputes between such carriers and shippers of household goods concerning damage or loss to the household goods transported and to determine whether carrier charges, in addition to those collected at delivery, must be paid by shippers for transportation and services related to transportation of household goods.

(b) ARBITRATION REQUIREMENTS.—

(1) PREVENTION OF SPECIAL ADVANTAGE.—The arbitration that is offered must be designed to prevent a carrier from having any special advantage in any case in which the claimant resides or does business at a place distant from the carrier’s principal or other place of business.

(2) NOTICE OF ARBITRATION PROCEDURE.—The carrier must provide the shipper an adequate notice of the availability of neutral arbitration, including a concise easy-to-read, accurate summary of the arbitration procedure, any applicable costs, and disclosure of the legal effects of election to utilize arbitration. Such notice must be given to persons for whom household goods are to be transported by the carrier before such goods are tendered to the carrier for transportation.

(3) PROVISION OF FORMS.—Upon request of a shipper, the carrier must promptly provide such forms and other information as are necessary for initiating an action to resolve a dispute under arbitration.

(4) INDEPENDENCE OF ARBITRATOR.—Each person authorized to arbitrate or otherwise settle disputes must be independent of the parties to the dispute and must be capable, as determined under such regulations as the Secretary may issue, to resolve such disputes fairly and expeditiously. The carrier must ensure that each person chosen to settle the disputes is authorized and able to obtain from the shipper or carrier any material and relevant information to the extent necessary to carry out a fair and expeditious decisionmaking process.

(5) APPORTIONMENT OF COSTS.—No shipper may be charged more than half of the cost for instituting an arbitration proceeding that is brought under this section. In the decision, the arbitrator may determine which party shall pay the cost or a portion of the cost of the arbitration proceeding, including the cost of instituting the proceeding.

(6) REQUESTS.—The carrier must not require the shipper to agree to utilize arbitration

prior to the time that a dispute arises. If the dispute involves a claim for \$10,000 or less and the shipper requests arbitration, such arbitration shall be binding on the parties. If the dispute involves a claim for more than \$10,000 and the shipper requests arbitration, such arbitration shall be binding on the parties only if the carrier agrees to arbitration.

(7) ORAL PRESENTATION OF EVIDENCE.—The arbitrator may provide for an oral presentation of a dispute concerning transportation of household goods by a party to the dispute (or a party's representative), but such oral presentation may be made only if all parties to the dispute expressly agree to such presentation and the date, time, and location of such presentation.

under subchapter I or III of chapter 135 concerning the transportation of household goods by such carrier, such carrier may be awarded reasonable attorney's fees by the court only if the shipper brought such action in bad faith—

In prescribing the rate, classification, rule, or practice, the Board may utilize rate reasonableness procedures that provide an effective simulation of a market-based price for a stand alone pipeline. The Board may order the carrier to stop the violation. When a rate, classification, rule, or practice is prescribed under this subsection, the affected carrier may not publish, charge, or collect a different rate and shall adopt the classification and observe the rule or practice prescribed by the Board.

(b) FACTORS TO CONSIDER.—When prescribing a rate, classification, rule, or practice for transportation or service by a pipeline carrier, the Board shall consider, among other factors—

(2) the need for revenues that are sufficient, under honest, economical, and efficient management, to let the carrier provide that transportation or service; and

(3) the availability of other economic transportation alternatives.

(c) PROCEEDING.—The Board may begin a proceeding under this section on complaint. A complaint under this section must contain a full statement of the facts and the reasons for the complaint and must be made under oath.

(1) in writing and forwarded to the requesting person promptly after receipt of the request; or

(2) promptly made available in electronic form.

(c) LIMITATION ON RATE INCREASES AND CHANGES TO SERVICE TERMS.—A pipeline carrier may not increase any common carrier rates or change any common carrier service terms unless 20 days have expired after written or electronic notice is provided to any person who, within the previous 12 months—

(2) has made arrangements with the carrier for a shipment that would be subject to such increased rates or changed terms.

(d) PROVISION OF SERVICE.—A pipeline carrier shall provide transportation or service in accordance with the rates and service terms, and any changes thereto, as published or otherwise made available under subsection (b) or (c).

The complaint must state the facts that are the subject of the violation. The Board may dismiss a complaint it determines does not state reasonable grounds for investigation and action. However, the Board may not dismiss a complaint made against a pipeline carrier providing transportation subject to this part because of the absence of direct damage to the complainant.

(c) AUTOMATIC DISMISSAL.—A formal investigative proceeding begun by the Board under subsection (a) is dismissed automatically unless it is concluded by the Board with administrative finality by the end of the 3d year after the date on which it was begun.

§ 15903. Enforcement by the Attorney General

(a) ON BEHALF OF BOARD.—The Attorney General may, and on request of the Board shall, bring court proceedings to enforce this part or a regulation or order of the Board and to prosecute a person violating this part or a regulation or order of the Board issued under this part.

(b) ON BEHALF OF OTHERS.—The United States Government may bring a civil action on behalf of a person to compel a pipeline carrier providing transportation or service subject to this part to provide that transportation or service to that person in compliance with this part at the same rate charged, or on conditions as favorable as those given by the carrier, for like traffic under similar conditions to another person.

(Added Pub. L. 104-88, title I, §106(a), Dec. 29, 1995, 109 Stat. 927.)

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 11703 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 15904. Rights and remedies of persons injured by pipeline carriers

(a) ENFORCEMENT OF ORDERS.—A person injured because a pipeline carrier providing transportation or service subject to this part does not obey an order of the Board, except an order for the payment of money, may bring a civil action to enforce that order under this subsection.

(b) LIABILITY OF CARRIER.—

(1) EXCESSIVE CHARGES.—A pipeline carrier providing transportation subject to this part is liable to a person for amounts charged that exceed the applicable rate for the transportation.

(2) DAMAGES.—A pipeline carrier providing transportation subject to this part is liable for damages sustained by a person as a result of an act or omission of that carrier in violation of this part.

(c) COMPLAINTS.—

(1) FILING.—A person may file a complaint with the Board under section 15901(b) or bring a civil action under subsection (b) to enforce liability against a pipeline carrier providing transportation subject to this part.

(2) PAYMENT DEADLINE.—When the Board makes an award under subsection (b), the Board shall order the carrier to pay the amount awarded by a specific date. The Board may order a carrier providing transportation subject to this part to pay damages only when the proceeding is on complaint. The person for whose benefit an order of the Board requiring the payment of money is made may bring a civil action to enforce that order under this paragraph if the carrier does not pay the amount awarded by the date payment was ordered to be made.

(d) CIVIL ACTIONS.—

(1) COMPLAINT.—When a person begins a civil action under subsection (b) to enforce an order of the Board requiring the payment of damages by a pipeline carrier providing transportation subject to this part, the text of the order of the Board must be included in the complaint. In addition to the district courts of the United States, a State court of general jurisdiction having jurisdiction of the parties has jurisdiction to enforce an order under this paragraph. The findings and order of the Board are competent evidence of the facts stated in them. Trial in a civil action brought in a district court of the United States under this paragraph is in the judicial district in which the plaintiff resides or in which the principal operating office of the carrier is located. In a civil action under this paragraph, the plaintiff is liable for only those costs that accrue on an appeal taken by the plaintiff.

(2) ATTORNEY'S FEES.—The district court shall award a reasonable attorney's fee as a part of the damages for which a carrier is found liable under this subsection. The district court shall tax and collect that fee as a part of the costs of the action.

§ 15905. Limitation on actions by and against pipeline carriers

(a) IN GENERAL.—A pipeline carrier providing transportation or service subject to this part

must begin a civil action to recover charges for transportation or service provided by the carrier within 3 years after the claim accrues.

(b) **OVERCHARGES.**—A person must begin a civil action to recover overcharges under section 15904(b)(1) within 3 years after the claim accrues. If an election to file a complaint with the Board is made under section 15904(c)(1), the complaint must be filed within 3 years after the claim accrues.

(c) **DAMAGES.**—A person must file a complaint with the Board to recover damages under section 15904(b)(2) within 2 years after the claim accrues.

(d) **EXTENSIONS.**—The limitation periods under subsection (b) are extended for 6 months from the time written notice is given to the claimant by the carrier of disallowance of any part of the claim specified in the notice if a written claim is given to the carrier within those limitation periods. The limitation periods under subsection (b) and the 2-year period under subsection (c) are extended for 90 days from the time the carrier begins a civil action under subsection (a) to recover charges related to the same transportation or service, or collects (without beginning a civil action under that subsection) the charge for that transportation or service if that action is begun or collection is made within the appropriate period.

(e) **PAYMENT.**—A person must begin a civil action to enforce an order of the Board against a carrier for the payment of money within one year after the date the order required the money to be paid.

(f) **GOVERNMENT TRANSPORTATION.**—This section applies to transportation for the United States Government. The time limitations under this section are extended, as related to transportation for or on behalf of the United States Government, for 3 years from the date of—

- (1) payment of the rate for the transportation or service involved,
- (2) subsequent refund for overpayment of that rate, or
- (3) deduction made under section 3726 of title 31,

whichever is later.

(g) **ACCRUAL DATE.**—A claim related to a shipment of property accrues under this section on delivery or tender of delivery by the carrier.

(Added Pub. L. 104-88, title I, §106(a), Dec. 29, 1995, 109 Stat. 928.)

PRIOR PROVISIONS

Provisions similar to those in this section were contained in section 11706 of this title prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 15906. Liability of pipeline carriers under receipts and bills of lading

(a) **GENERAL LIABILITY.**—A pipeline carrier providing transportation or service subject to this part shall issue a receipt or bill of lading for property it receives for transportation under this part. That carrier and any other carrier that delivers the property and is providing transportation or service subject to jurisdiction under this part are liable to the person entitled to recover under the receipt or bill of lading.

The liability imposed under this subsection is for the actual loss or injury to the property caused by the carrier over whose line or route the property is transported in the United States or from a place in the United States to a place in an adjacent foreign country when transported under a through bill of lading. Failure to issue a receipt or bill of lading does not affect the liability of a carrier.

(b) **APPORTIONMENT.**—The carrier issuing the receipt or bill of lading under subsection (a) or delivering the property for which the receipt or bill of lading was issued is entitled to recover from the carrier over whose line or route the loss or injury occurred the amount required to be paid to the owners of the property, as evidenced by a receipt, judgment, or transcript, and the amount of its expenses reasonably incurred in defending a civil action brought by that person.

(c) **CIVIL ACTIONS.**—A civil action under this section may be brought against a delivering carrier in a district court of the United States or in a State court. Trial, if the action is brought in a district court of the United States is in a judicial district, and if in a State court, is in a State, through which the defendant carrier operates a line or route.

(d) **MINIMUM PERIOD FOR FILING CLAIMS.**—A pipeline carrier may not provide by rule, contract, or otherwise, a period of less than 9 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a person written notice that the carrier has disallowed any part of the claim specified in the notice. For the purposes of this subsection—

(1) an offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that such part of the claim is disallowed and provides reasons for such disallowance; and

(2) communications received from a carrier's insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that such part of the claim is disallowed, provides reasons for such disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

(Added Pub. L. 104-88, title I, §106(a), Dec. 29, 1995, 109 Stat. 929.)

The word “prescribe” is substituted for “take such action as may be necessary to develop and publish” for consistency in the revised title and with other titles of the United States Code and to eliminate unnecessary words.

In subsection (d), the words “after hearing in accordance with subsection (b) of this section” are omitted as surplus because of the language restated in subsection (e) of this section.

“(1) Not later than March 3, 1995, the Secretary of Transportation shall complete a regulatory proceeding to consider prescribing regulations to improve the safety and working conditions of locomotive cabs. The proceeding shall assess—

“(A) the adequacy of Locomotive Crashworthiness Requirements Standard S-580, or any successor standard, adopted by the Association of American Railroads in 1989 in improving the safety of locomotive cabs; and

“(B) the extent to which environmental, sanitary, and other working conditions in locomotive cabs affect productivity, health, and the safe operation of locomotives.

“(2) SUPPORTING RESEARCH AND ANALYSIS.—In support of the proceeding required under paragraph (1) of this subsection, the Secretary shall conduct research and analysis, including computer modeling and full-scale crash testing, as appropriate, to consider—

“(A) the costs and benefits associated with equipping locomotives with—

“(i) braced collision posts;

“(ii) rollover protection devices;

“(iii) deflection plates;

“(iv) shatterproof windows;

“(v) readily accessible crash refuges;

“(vi) uniform sill heights;

“(vii) anticlimbers, or other equipment designed to prevent overrides resulting from head-on locomotive collisions;

“(viii) equipment to deter post-collision entry of flammable liquids into locomotive cabs;

“(ix) any other devices intended to provide crash protection for occupants of locomotive cabs; and

“(x) functioning and regularly maintained sanitary facilities; and

“(B) the effects on train crews of the presence of asbestos in locomotive components.

“(3) REPORT.—If, on the basis of the proceeding required under paragraph (1) of this subsection, the Secretary decides not to prescribe regulations, the Secretary shall report to Congress on the reasons for that decision.”

LOCOMOTIVE CAB STUDIES

Pub. L. 110-432, div. A, title IV, § 405, Oct. 16, 2008, 122 Stat. 4885, provided that:

“(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act [Oct. 16, 2008], the Secretary, through the Railroad Safety Advisory Committee if the Secretary makes such a request, shall complete a study on the safety impact of the use of personal electronic devices, including cell phones, video games, and other distracting devices, by safety-related railroad employees (as defined in section 20102(4) of title 49, United States Code), during the performance of such employees’ duties. The study shall consider the prevalence of the use of such devices.

“(b) LOCOMOTIVE CAB ENVIRONMENT.—The Secretary may also study other elements of the locomotive cab environment and their effect on an employee’s health and safety.

“(c) REPORT.—Not later than 6 months after the completion of any study under this section, the Secretary shall issue a report on the study to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure.

“(d) AUTHORITY.—Based on the conclusions of the study required under (a), the Secretary of Transportation may prohibit the use of personal electronic devices, such as cell phones, video games, or other electronic devices that may distract employees from safely performing their duties, unless those devices are being used according to railroad operating rules or for other work purposes. Based on the conclusions of other studies conducted under subsection (b), the Secretary may prescribe regulations to improve elements of the cab environment to protect an employee’s health and safety.”

TUNNEL INFORMATION

Pub. L. 110-432, div. A, title IV, § 414, Oct. 16, 2008, 122 Stat. 4889, provided that: “Not later than 120 days after the date of enactment of this Act [Oct. 16, 2008], each railroad carrier shall, with respect to each of its tunnels which—

“(1) are longer than 1000 feet and located under a city with a population of 400,000 or greater; or

“(2) carry 5 or more scheduled passenger trains per day, or 500 or more carloads of poison- or toxic-by-inhalation hazardous materials (as defined in parts [probably should be “sections”] 171.8, 173.115, and 173.132 of title 49, Code of Federal Regulations) per year,

maintain, for at least two years, historical documentation of structural inspection and maintenance activities for such tunnels, including information on the methods of ingress and egress into and out of the tunnel, the types of cargos typically transported through the tunnel, and schematics or blueprints for the tunnel, when available. Upon request, a railroad carrier shall provide periodic briefings on such information to the governments of the local jurisdiction in which the tunnel is located, including updates whenever a repair or rehabilitation project substantially alters the methods of ingress and egress. Such governments shall use appropriate means to protect and restrict the distribution of any security sensitive information (as defined in part [probably should be “section”] 1520.5 of title 49, Code of Federal Regulations) provided by the railroad

carrier under this section, consistent with national security interests.”

[For definition of “railroad carrier”, as used in section 414 of Pub. L. 110-432, set out above, see section 2(a) of Pub. L. 110-432, set out as a note under section 20102 of this title.]

RAILROAD BRIDGE SAFETY ASSURANCE

Pub. L. 110-432, div. A, title IV, § 417, Oct. 16, 2008, 122 Stat. 4890, provided that:

“(a) IN GENERAL.—Not later than 12 months after the date of enactment of this Act [Oct. 16, 2008], the Secretary shall promulgate a regulation requiring owners of track carried on one or more railroad bridges to adopt a bridge safety management program to prevent the deterioration of railroad bridges and reduce the risk of human casualties, environmental damage, and disruption to the Nation’s railroad transportation system that would result from a catastrophic bridge failure.

“(b) REQUIREMENTS.—The regulations shall, at a minimum, require each track owner to [sic]—

“(1) to develop and maintain an accurate inventory of its railroad bridges, which shall identify the location of each bridge, its configuration, type of construction, number of spans, span lengths, and all other information necessary to provide for the safe management of the bridges;

“(2) to ensure that a professional engineer competent in the field of railroad bridge engineering, or a qualified person under the supervision of the track owner, determines bridge capacity;

“(3) to maintain, and update as appropriate, a record of the safe capacity of each bridge which carries its track and, if available, maintain the original design documents of each bridge and a documentation of all repairs, modifications, and inspections of the bridge;

“(4) to develop, maintain, and enforce a written procedure that will ensure that its bridges are not loaded beyond their capacities;

“(5) to conduct regular comprehensive inspections of each bridge, at least once every year, and maintain records of those inspections that include the date on which the inspection was performed, the precise identification of the bridge inspected, the items inspected, an accurate description of the condition of those items, and a narrative of any inspection item that is found by the inspector to be a potential problem;

“(6) to ensure that the level of detail and the inspection procedures are appropriate to the configuration of the bridge, conditions found during previous inspections, and the nature of the railroad traffic moved over the bridge, including car weights, train frequency and length, levels of passenger and hazardous materials traffic, and vulnerability of the bridge to damage;

“(7) to ensure that an engineer who is competent in the field of railroad bridge engineering—

“(A) is responsible for the development of all inspection procedures;

“(B) reviews all inspection reports; and

“(C) determines whether bridges are being inspected according to the applicable procedures and frequency, and reviews any items noted by an inspector as exceptions; and

“(8) to designate qualified bridge inspectors or maintenance personnel to authorize the operation of trains on bridges following repairs, damage, or indications of potential structural problems.

“(c) USE OF BRIDGE MANAGEMENT PROGRAMS REQUIRED.—The Secretary shall instruct bridge experts to obtain copies of the most recent bridge management programs of each railroad within the expert’s areas of responsibility, and require that experts use those programs when conducting bridge observations.

“(d) REVIEW OF DATA.—The Secretary shall establish a program to periodically review bridge inspection and maintenance data from railroad carrier bridge inspec-

tors and Federal Railroad Administration bridge experts.”

[For definitions of “Secretary”, “railroad”, and “railroad carrier”, as used in section 417 of Pub. L. 110-432, set out above, see section 2(a) of Pub. L. 110-432, set out as a note under section 20102 of this title.]

§ 20104. Emergency authority

(a) ORDERING RESTRICTIONS AND PROHIBITIONS.—(1) If, through testing, inspection, investigation, or research carried out under this chapter, the Secretary of Transportation decides that an unsafe condition or practice, or a combination of unsafe conditions and practices, causes an emergency situation involving a hazard of death, personal injury, or significant harm to the environment, the Secretary immediately may order restrictions and prohibitions, without regard to section 20103(e) of this title, that may be necessary to abate the situation.

(2) The order shall describe the condition or practice, or a combination of conditions and practices, that causes the emergency situation and prescribe standards and procedures for obtaining relief from the order. This paragraph does not affect the Secretary’s discretion under this section to maintain the order in effect for as long as the emergency situation exists.

(b) REVIEW OF ORDERS.—After issuing an order under this section, the Secretary shall provide an opportunity for review of the order under section 554 of title 5. If a petition for review is filed and the review is not completed by the end of the 30-day period beginning on the date the order was issued, the order stops being effective at the end of that period unless the Secretary decides in writing that the emergency situation still exists.

(c) CIVIL ACTIONS TO COMPEL ISSUANCE OF ORDERS.—An employee of a railroad carrier engaged in interstate or foreign commerce who may be exposed to imminent physical injury during that employment because of the Secretary’s failure, without any reasonable basis, to issue an order under subsection (a) of this section, or the employee’s authorized representative, may bring a civil action against the Secretary in a district court of the United States to compel the Secretary to issue an order. The action must be brought in the judicial district in which the emergency situation is alleged to exist, in which that employing carrier has its principal executive office, or for the District of Columbia. The Secretary’s failure to issue an order under subsection (a) of this section may be reviewed only under section 706 of title 5.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 864; Pub. L. 110-432, div. A, title III, §304, Oct. 16, 2008, 122 Stat. 4879.)

AMENDMENTS

2008—Subsec. (a)(1). Pub. L. 110-432 substituted “death, personal injury, or significant harm to the environment” for “death or personal injury”.

§ 20105. State participation

(a) INVESTIGATIVE AND SURVEILLANCE ACTIVITIES.—The Secretary concerned may prescribe investigative and surveillance activities necessary to enforce the safety regulations prescribed and orders issued by the Secretary¹ that apply to railroad equipment, facilities, rolling stock, and operations in a State. The State may participate in those activities when the safety practices for railroad equipment, facilities, rolling stock, and operations in the State are regulated by a State authority and the authority submits to the Secretary concerned an annual certification as provided in subsection (b) of this section.

(b) ANNUAL CERTIFICATION.—(1) A State authority’s annual certification must include—

(A) a certification that the authority—

(i) has regulatory jurisdiction over the safety practices for railroad equipment, facilities, rolling stock, and operations in the State;

(ii) was given a copy of each safety regulation prescribed and order issued by the Secretary concerned, that applies to the equipment, facilities, rolling stock, or operations, as of the date of certification; and

(iii) is conducting the investigative and surveillance activities prescribed by the Secretary concerned under subsection (a) of this section; and

(B) a report, in the form the Secretary concerned prescribes by regulation, that includes—

(i) the name and address of each railroad carrier subject to the safety jurisdiction of the authority;

(ii) each accident or incident reported during the prior 12 months by a railroad carrier involving a fatality, personal injury requiring hospitalization, or property damage of more than \$750 (or a higher amount prescribed by the Secretary concerned), and a summary of the authority’s investigation of the cause and circumstances surrounding the accident or incident;

(iii) the record maintenance, reporting, and inspection practices conducted by the

¹ So in original. Probably should be “Secretary concerned”.

authority to aid the Secretary concerned in enforcing railroad safety regulations prescribed and orders issued by the Secretary concerned, including the number of inspections made of railroad equipment, facilities, rolling stock, and operations by the authority during the prior 12 months; and

(iv) other information the Secretary concerned requires.

(2) An annual certification applies to a safety regulation prescribed or order issued after the date of the certification only if the State authority submits an appropriate certification to provide the necessary investigative and surveillance activities.

(3) If, after receipt of an annual certification, the Secretary concerned decides the State authority is not complying satisfactorily with the investigative and surveillance activities prescribed under subsection (a) of this section, the Secretary concerned may reject any part of the certification or take other appropriate action to achieve adequate enforcement. The Secretary concerned must give the authority notice and an opportunity for a hearing before taking action under this paragraph. When the Secretary concerned gives notice, the burden of proof is on the authority to show that it is complying satisfactorily with the investigative and surveillance activities prescribed by the Secretary concerned.

(c) AGREEMENT WHEN CERTIFICATION NOT RECEIVED.—(1) If the Secretary concerned does not receive an annual certification under subsection (a) of this section related to any railroad equipment, facility, rolling stock, or operation, the Secretary concerned may make an agreement with a State authority for the authority to provide any part of the investigative and surveillance activities prescribed by the Secretary concerned as necessary to enforce the safety regulations and orders applicable to the equipment, facility, rolling stock, or operation.

(2) The Secretary concerned may terminate any part of an agreement made under this subsection on finding that the authority has not provided every part of the investigative and surveillance activities to which the agreement relates. The Secretary concerned must give the authority notice and an opportunity for a hearing before making such a finding. The finding and termination shall be published in the Federal Register and may not become effective for at least 15 days after the date of publication.

(d) AGREEMENT FOR INVESTIGATIVE AND SURVEILLANCE ACTIVITIES.—In addition to providing for State participation under this section, the Secretary concerned may make an agreement with a State to provide investigative and surveillance activities related to the duties under chapters 203–213 of this title (in the case of the Secretary of Transportation) and duties under section 114 of this title (in the case of the Secretary of Homeland Security).

(e) PAYMENT.—On application by a State authority that has submitted a certification under subsections (a) and (b) of this section or made an agreement under subsection (c) or (d) of this section, the Secretary concerned shall pay not more than 50 percent of the cost of the personnel, equipment, and activities of the authority

needed, during the next fiscal year, to carry out a safety program under the certification or agreement. However, the Secretary concerned may pay an authority only when the authority assures the Secretary concerned that it will provide the remaining cost of the safety program and that the total State money expended for the safety program, excluding grants of the United States Government, will be at least as much as the average amount expended for the fiscal years that ended June 30, 1969, and June 30, 1970.

(f) MONITORING.—The Secretary concerned may monitor State investigative and surveillance practices and carry out other inspections and investigations necessary to help enforce this chapter (in the case of the Secretary of Transportation) and duties under section 114 of this title (in the case of the Secretary of Homeland Security).

(g) DEFINITIONS.—In this section—

(1) the term “safety” includes security; and

(2) the term “Secretary concerned” means—

(A) the Secretary of Transportation, with respect to railroad safety matters concerning such Secretary under laws administered by that Secretary; and

(B) the Secretary of Homeland Security, with respect to railroad safety matters concerning such Secretary under laws administered by that Secretary.

(2) A refusal is protected under paragraph (1)(B) and (C) if—

(A) the refusal is made in good faith and no reasonable alternative to the refusal is available to the employee;

(B) a reasonable individual in the circumstances then confronting the employee would conclude that—

(h) **RIGHTS RETAINED BY EMPLOYEE.**—Nothing in this section shall be deemed to diminish the rights, privileges, or remedies of any employee under any Federal or State law or under any collective bargaining agreement. (1) If an individual's violation of this part, chapter 51 of this title, or a regulation prescribed, or an order issued, by the Secretary under this part or chapter 51 of this title is shown to make that individual unfit for the performance of safety-sensitive functions, the Secretary, after providing notice and an opportunity for a hearing, may issue an order prohibiting the individual from performing safety-sensitive functions in the railroad industry for a specified period of time or until specified conditions are met.

(2) This subsection does not affect the Secretary's authority under section 20104 of this title to act on an emergency basis.

(d) REGULATIONS REQUIRING REPORTING OF REMEDIAL ACTIONS.—(1) The Secretary shall prescribe regulations to require that a railroad carrier notified by the Secretary that imposition of a civil penalty will be recommended for a failure to comply with this part, chapter 51 or 57 of this title, or a regulation prescribed or order issued under any of those provisions, shall report to the Secretary, not later than the 30th day after the end of the month in which the notification is received—

(A) actions taken to remedy the failure; or

(B) if appropriate remedial actions cannot be taken by that 30th day, an explanation of the reasons for the delay.

(2) The Secretary—

(A) not later than June 3, 1993, shall issue a notice of a regulatory proceeding for proposed regulations to carry out this subsection; and

(B) not later than September 3, 1994, shall prescribe final regulations to carry out this subsection.

In this section, the word "impose" is substituted for "assess" for consistency.

In subsection (d), the words "this part, chapter 51 or 57 of this title" are substituted for "the Federal railroad safety laws, as such term is defined in section 441(e) of this title" because 45:441(e) is not restated as a definition.

AMENDMENTS

2008—Subsec. (c). Pub. L. 110-432 amended subsec. (c) generally. Prior to amendment, text read as follows: "If an individual's violation of this chapter or any of the laws transferred to the jurisdiction of the Secretary of Transportation by subsection (e)(1), (2), and (6)(A) of section 6 of the Department of Transportation Act, as in effect on June 1, 1994, or a regulation prescribed or order issued by the Secretary under this chapter is shown to make that individual unfit for the performance of safety-sensitive functions, the Secretary, after notice and opportunity for a hearing, may issue an order prohibiting the individual from performing safety-sensitive functions in the railroad industry for a specified period of time or until specified conditions are met. This subsection does not affect the Secretary's authority under section 20104 of this title to act on an emergency basis."

1994—Subsec. (c). Pub. L. 103-440 inserted "this chapter or any of the laws transferred to the jurisdiction of the Secretary of Transportation by subsection (e)(1), (2), and (6)(A) of section 6 of the Department of Transportation Act, as in effect on June 1, 1994, or" after "individual's violation of".

§ 20112. Enforcement by the Attorney General

(a) CIVIL ACTIONS.—At the request of the Secretary of Transportation, the Attorney General may bring a civil action in a district court of the United States—

(1) to enjoin a violation of, or to enforce, this part, except for section 20109 of this title, or a railroad safety regulation prescribed or order issued by the Secretary;

(2) to collect a civil penalty imposed or an amount agreed on in compromise under section 21301, 21302, or 21303 of this title; or

(3) to enforce a subpoena, request for admissions, request for production of documents or other tangible things, or request for testimony by deposition issued by the Secretary under this part.

(b) VENUE.—(1) Except as provided in paragraph (2) of this subsection, a civil action under

this section may be brought in the judicial district in which the violation occurred or the defendant has its principal executive office. If an action to collect a penalty is against an individual, the action also may be brought in the judicial district in which the individual resides.

(2) A civil action to enforce a subpoena issued by the Secretary or a compliance order issued under section 20111(b) of this title may be brought in the judicial district in which the defendant resides, does business, or is found.

20112(b)(2) ..	45:437(a) (last sentence related to venue).	

In subsection (a), before clause (1), the words “At the request of the Secretary of Transportation” are substituted for “at the request of the Secretary” in 45:439(a), and are made applicable to all of the source provisions restated in this subsection, for clarity and consistency. The words “at the request of the Secretary” in 45:439(a) are interpreted and restated to mean that the Secretary’s request is to the Attorney General rather than to the district court. See H.R. Rept. No. 91-1194, 91st Cong., 2d Sess., p. 20 (1970). The words “the Attorney General may bring a civil action in a district court of the United States” are substituted for “such district court shall have jurisdiction, upon petition by the Attorney General” in 45:437(a) (last sentence), “The district courts of the United States shall have jurisdiction, upon petition by the Attorney General” in 45:437(d)(2), and “The United States district court shall . . . upon petition by the Attorney General on behalf of the United States . . . have jurisdiction” in 45:439(a) for clarity and consistency. It is not necessary to restate that the district court has jurisdiction because of 28:1331 and 1345. See also the statement of Senator Prouty in 115 Cong. Rec. 40205 (1969) explaining that similar language in section 110 of S. 1933, 91st Cong., 1st Sess. (the derivative source for 45:439) would grant the Attorney General the power to seek injunctions. Clauses (1)–(3) are substituted for the source provisions to eliminate unnecessary words. In clause (1), the words “subject to the provisions of rules 65(a) and (b) of the Federal Rules of Civil Procedure” in 45:439(a)

are omitted as surplus because the Federal Rules of Civil Procedure (28 App. U.S.C.) apply in the district court unless otherwise provided. In clause (2), the words “or an amount agreed on in compromise” are added for clarity.

In subsection (b)(1), the text of 45:439(c) (words before 1st comma) is omitted because it applies only to actions brought by a State authority. See discussion of the cross-reference in the note for section 20113(c) of the revised title. The last sentence is substituted for “in which the individual resides” in 45:438(c) because of the restatement.

In subsection (b)(2), the words “compliance order issued under section 20111(b) of this title” are substituted for “order, or directive” because the latter words are interpreted as referring to “orders directing compliance” in 45:437(a) (2d sentence), restated in section 20111(b).

AMENDMENTS

2008—Subsec. (a)(1). Pub. L. 110-432, §309(1), inserted “this part, except for section 20109 of this title, or” after “enforce.”

Subsec. (a)(2). Pub. L. 110-432, §309(2), substituted “21301, 21302, or 21303” for “21301”.

Subsec. (a)(3). Pub. L. 110-432, §309(3), (4), substituted “subpoena, request for admissions, request for production of documents or other tangible things, or request for testimony by deposition” for “subpena” and “part.” for “chapter.”

§ 20113. Enforcement by the States

(a) INJUNCTIVE RELIEF.—If the Secretary of Transportation does not begin a civil action under section 20112 of this title to enjoin the violation of a railroad safety regulation prescribed or order issued by the Secretary not later than 15 days after the date the Secretary receives notice of the violation and a request from a State authority participating in investigative and surveillance activities under section 20105 of this title that the action be brought, the authority may bring a civil action in a district court of the United States to enjoin the violation. This subsection does not apply if the Secretary makes an affirmative written finding that the violation did not occur or that the action is not necessary because of other enforcement action taken by the Secretary related to the violation.

(b) IMPOSITION AND COLLECTION OF CIVIL PENALTIES.—If the Secretary does not impose the applicable civil penalty for a violation of a railroad safety regulation prescribed or order issued by the Secretary not later than 60 days after the date of receiving notice from a State authority participating in investigative and surveillance activities under section 20105 of this title, the authority may bring a civil action in a district court of the United States to impose and collect the penalty. This paragraph does not apply if the Secretary makes an affirmative written finding that the violation did not occur.

(c) VENUE.—A civil action under this section may be brought in the judicial district in which the violation occurred or the defendant has its principal executive office. However, a State authority may not bring an action under this section outside the State.

In subsection (a), the language about jurisdiction in 45:439(a) (related to actions by States) is omitted for the reasons explained in the revision note for section 20112(a) of the revised title.

In subsection (b), the word “impose” is substituted for “assess” for consistency. The words “the authority may bring a civil action in an appropriate district court of the United States” are substituted for “agency may apply to the United States district court” for consistency in the revised title and with other titles of the United States Code. The words “included in or made applicable to such rule, regulation, order, or standard” are omitted as surplus.

In subsection (c), the reference to “section 207(d)” in section 210(c) of the Federal Railroad Safety Act of 1970 (Public Law 91-458, 84 Stat. 971), as added by section 9(b) of the Federal Railroad Safety Authorization Act of 1980 (Public Law 96-423, 94 Stat. 1815), is assumed to have been intended as a reference to section 207(c). The Federal Railroad Safety Authorization Act of 1980 was derived from S. 2730, which in turn was derived from H.R. 7104. See 126 Cong. Rec. 26535 (1980). Section 207(d) in an earlier version of H.R. 7104 was redesignated as section 207(c) during the legislative process and no section 207(d) was enacted. See H.R. Rept. No. 96-1025, 96th Cong., 2d Sess., pp. 14, 15 (1980).

§ 20114. Judicial procedures

(a) CRIMINAL CONTEMPT.—In a trial for criminal contempt for violating an injunction or restraining order issued under this chapter, the violation of which is also a violation of this chapter, the defendant may demand a jury trial. The defendant shall be tried as provided in rule 42(b) of the Federal Rules of Criminal Procedure (18 App. U.S.C.).

(b) SUBPENAS FOR WITNESSES.—A subpoena for a witness required to attend a district court of the United States in an action brought under this chapter may be served in any judicial district.

(c) REVIEW OF AGENCY ACTION.—Except as provided in section 20104(c) of this title, a proceeding to review a final action of the Secretary of Transportation under this part or, as applicable to railroad safety, chapter 51 or 57 of this title shall be brought in the appropriate court of appeals as provided in chapter 158 of title 28.

In subsection (a), the words “the defendant may demand a jury trial” are substituted for “trial shall be by the court, or, upon demand of the accused, by a jury” to eliminate unnecessary words and for consistency in the revised title.

In subsection (b), the words “may be served in any judicial district” are substituted for “may run into any other district” for clarity.

In subsection (c), the words “a final action of the Secretary” are substituted for “Any final agency action taken by the Secretary” to eliminate unnecessary words. The words “this part or, as applicable to railroad safety, chapter 51 or 57 of this title” are substituted for “this subchapter or under any of the other Federal railroad safety laws, as defined in section 441(e) of this title” because of the restatement. The words “is subject to judicial review as provided in chapter 7 of title 5” are omitted as unnecessary because 5.ch. 7 applies unless otherwise stated. The words “by and in the manner prescribed” are omitted as surplus.

§ 20115. User fees

(a) SCHEDULE OF FEES.—The Secretary of Transportation shall prescribe by regulation a schedule of fees for railroad carriers subject to this chapter. The fees—

(1) shall cover the costs of carrying out this chapter (except section 20108(a));

(2) shall be imposed fairly on the railroad carriers, in reasonable relationship to an appropriate combination of criteria such as revenue ton-miles, track miles, passenger miles, or other relevant factors; and

(3) may not be based on that part of industry revenues attributable to a railroad carrier or class of railroad carriers.

(b) COLLECTION PROCEDURES.—The Secretary shall prescribe procedures to collect the fees. The Secretary may use the services of a department, agency, or instrumentality of the United States Government or of a State or local authority to collect the fees, and may reimburse the department, agency, or instrumentality a reasonable amount for its services.

(c) COLLECTION, DEPOSIT, AND USE.—(1) The Secretary shall impose and collect fees under this section for each fiscal year before the end of the fiscal year.

(2) Fees collected under this section shall be deposited in the general fund of the Treasury as offsetting receipts. The fees may be used, to the extent provided in advance in an appropriation law, only to carry out this chapter.

(3) Fees prescribed under this section shall be imposed in an amount sufficient to pay for the costs of activities under this chapter. However, the total fees received for a fiscal year may not be more than 105 percent of the total amount of the appropriations for the fiscal year for activities to be financed by the fees.

(d) ANNUAL REPORT.—(1) Not later than 90 days after the end of each fiscal year in which fees

are collected under this section, the Secretary shall report to Congress on—

- (A) the amount of fees collected during that fiscal year;
- (B) the impact of the fees on the financial health of the railroad industry and its competitive position relative to each competing mode of transportation; and
- (C) the total cost of Government safety activities for each other competing mode of transportation, including any part of that total cost defrayed by Government user fees.

(2) Not later than 90 days after submitting a report for a fiscal year, the Secretary shall submit to Congress recommendations for corrective legislation if the report includes a finding that—

- (A) there has been an impact from the fees on the financial health of the railroad industry or its competitive position relative to each competing mode of transportation; or
- (B) there is a significant difference in the burden of Government user fees on the railroad industry and other competing modes of transportation.

(e) EXPIRATION.—This section expires on September 30, 1995.

(b) EXCEPTION.—Notwithstanding subsection (a), the Secretary may disclose any part of any record comprised of facts otherwise available to the public if, in the Secretary's sole discretion,

the Secretary determines that disclosure would be consistent with the confidentiality needed for that safety risk reduction program or pilot program.

In conducting this study, the Secretary shall solicit input from the railroads, railroad non-profit employee labor organizations, railroad accident victims and their families, and the general public.

(b) AUTHORITY.—Following completion of the study required under subsection (a), the Secretary, if in the public interest, including public safety and the legal rights of persons injured in railroad accidents, may prescribe a rule subject to notice and comment to address the results of the study. § 20134. Grade crossings and railroad rights of way

(a) GENERAL.—To the extent practicable, the Secretary of Transportation shall maintain a coordinated effort to develop and carry out solutions to the railroad grade crossing problem and measures to protect pedestrians in densely populated areas along railroad rights of way. To carry out this subsection, the Secretary may use the authority of the Secretary under this chapter and over highway, traffic, and motor vehicle safety and over highway construction. The Secretary may purchase items of nominal value and distribute them to the public without charge as part of an educational or awareness program to accomplish the purposes of this section and of any other sections of this title related to improving the safety of highway-rail crossings and to preventing trespass on railroad rights of way, and the Secretary shall prescribe guidelines for the administration of this authority.

In subsection (a), the words “In addition” are omitted as surplus. The word “maintain” is substituted for “undertake” for clarity because the effort has begun. The words “the objective of” are omitted as surplus. The words “To carry out this section, the Secretary may use” are added for clarity.

(a) GENERAL.—The Secretary of Transportation shall prescribe regulations and issue orders to establish a program requiring the licensing or certification, after one year after the program is established, of any operator of a locomotive.

(b) PROGRAM REQUIREMENTS.—The program established under subsection (a) of this section—

(1) shall be carried out through review and approval of each railroad carrier’s operator qualification standards;

(2) shall provide minimum training requirements;

(3) shall require comprehensive knowledge of applicable railroad carrier operating practices and rules;

(4) except as provided in subsection (c)(1) of this section, shall require consideration, to the extent the information is available, of the motor vehicle driving record of each individual seeking licensing or certification, including—

(B) to make the request provided for in section 30305(b)(4) of this title for information to be sent to the individual’s employer, prospective employer, or the Secretary, as the Secretary requires.

However, the Secretary may waive subsection (b)(4) for an individual or class of individuals with a conviction, cancellation, revocation, or suspension described in paragraph (2)(A) or (B) of this subsection only if the individual or class, after the conviction, cancellation, revocation, or suspension, successfully completes a rehabilitation program established by a railroad carrier or approved by the Secretary.

(2) If an individual, after the conviction, cancellation, revocation, or suspension, successfully completes a rehabilitation program established by a railroad carrier or approved by the Secretary, the individual may not be denied a license or certification under subsection (b)(4) of this section because of—

(A) a conviction for operating a motor vehicle when under the influence of, or impaired by, alcohol or a controlled substance; or

§ 20140. Alcohol and controlled substances testing

(a) DEFINITION.—In this section, “controlled substance” means any substance under section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802) specified by the Secretary of Transportation.

(b) GENERAL.—(1) In the interest of safety, the Secretary of Transportation shall prescribe regulations and issue orders, not later than October 28, 1992, related to alcohol and controlled substances use in railroad operations. The regulations shall establish a program requiring—

- (A) a railroad carrier to conduct preemployment, reasonable suspicion, random, and post-

accident testing of all railroad employees responsible for safety-sensitive functions (as decided by the Secretary) for the use of a controlled substance in violation of law or a United States Government regulation, and to conduct reasonable suspicion, random, and post-accident testing of such employees for the use of alcohol in violation of law or a United States Government regulation; the regulations shall permit such railroad carriers to conduct preemployment testing of such employees for the use of alcohol; and

(B) when the Secretary considers it appropriate, disqualification for an established period of time or dismissal of any employee found—

- (i) to have used or been impaired by alcohol when on duty; or
- (ii) to have used a controlled substance, whether or not on duty, except as allowed for medical purposes by law or a regulation or order under this chapter.

(2) When the Secretary of Transportation considers it appropriate in the interest of safety, the Secretary may prescribe regulations and issue orders requiring railroad carriers to conduct periodic recurring testing of railroad employees responsible for safety-sensitive functions (as decided by the Secretary) for the use of alcohol or a controlled substance in violation of law or a Government regulation.

(c) TESTING AND LABORATORY REQUIREMENTS.—In carrying out this section, the Secretary of Transportation shall develop requirements that shall—

- (1) promote, to the maximum extent practicable, individual privacy in the collection of specimens;
- (2) for laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1988, and any amendments to those guidelines, including mandatory guidelines establishing—

(A) comprehensive standards for every aspect of laboratory controlled substances testing and laboratory procedures to be applied in carrying out this section, including standards requiring the use of the best available technology to ensure the complete reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimens collected for controlled substances testing;

(B) the minimum list of controlled substances for which individuals may be tested; and

(C) appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this section;

(3) require that a laboratory involved in controlled substances testing under this section have the capability and facility, at the laboratory, of performing screening and confirmation tests;

(4) provide that all tests indicating the use of alcohol or a controlled substance in viola-

tion of law or a Government regulation be confirmed by a scientifically recognized method of testing capable of providing quantitative information about alcohol or a controlled substance;

(5) provide that each specimen be subdivided, secured, and labeled in the presence of the tested individual and that a part of the specimen be retained in a secure manner to prevent the possibility of tampering, so that if the individual's confirmation test results are positive the individual has an opportunity to have the retained part tested by a 2d confirmation test done independently at another certified laboratory if the individual requests the 2d confirmation test not later than 3 days after being advised of the results of the first confirmation test;

(6) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including urine and blood, through the development of regulations that may be necessary and in consultation with the Secretary of Health and Human Services;

(7) provide for the confidentiality of test results and medical information (other than information about alcohol or a controlled substance) of employees, except that this clause does not prevent the use of test results for the orderly imposition of appropriate sanctions under this section; and

(8) ensure that employees are selected for tests by nondiscriminatory and impartial methods, so that no employee is harassed by being treated differently from other employees in similar circumstances.

(d) **REHABILITATION.**—The Secretary of Transportation shall prescribe regulations or issue orders establishing requirements for rehabilitation programs that at least provide for the identification and opportunity for treatment of railroad employees responsible for safety-sensitive functions (as decided by the Secretary) in need of assistance in resolving problems with the use of alcohol or a controlled substance in violation of law or a Government regulation. The Secretary shall decide on the circumstances under which employees shall be required to participate in a program. Each railroad carrier is encouraged to make such a program available to all of its employees in addition to employees responsible for safety-sensitive functions. This subsection does not prevent a railroad carrier from establishing a program under this subsection in cooperation with another railroad carrier.

(e) **INTERNATIONAL OBLIGATIONS AND FOREIGN LAWS AND REGULATIONS.**—In carrying out this section, the Secretary of Transportation—

(1) shall establish only requirements that are consistent with international obligations of the United States; and

(2) shall consider applicable laws and regulations of foreign countries.

(f) **OTHER REGULATIONS ALLOWED.**—This section does not prevent the Secretary of Transportation from continuing in effect, amending, or further supplementing a regulation prescribed or order issued before October 28, 1991, governing the use of alcohol or a controlled substance in railroad operations.

- (2) whether certain railroad car paint colors should be prohibited or required;
- (3) the use of reflective materials;
- (4) the visibility of lettering on railroad cars;
- (5) the effect of any enhanced visibility measures on the health and safety of train crew members; and

(6) the cost/benefit ratio of any new regulations.

(c) EXCLUSIONS.—In prescribing regulations under subsection (b), the Secretary may exclude from any specific visibility requirement any category of trains or railroad operations if the Secretary determines that such an exclusion is in the public interest and is consistent with railroad safety.

§ 20151. Railroad trespassing, vandalism, and highway-rail grade crossing warning sign violation prevention strategy

(a) EVALUATION OF EXISTING LAWS.—In consultation with affected parties, the Secretary of Transportation shall evaluate and review current local, State, and Federal laws regarding trespassing on railroad property, vandalism affecting railroad safety, and violations of highway-rail grade crossing signs, signals, markings, or other warning devices and develop model prevention strategies and enforcement laws to be used for the consideration of State and local legislatures and governmental entities. The first such evaluation and review shall be completed within 1 year after the date of enactment of the Rail Safety Improvement Act of 2008. The Secretary shall revise the model prevention strategies and enforcement codes periodically.

(b) OUTREACH PROGRAM FOR TRESPASSING AND VANDALISM PREVENTION.—The Secretary shall develop and maintain a comprehensive outreach program to improve communications among Federal railroad safety inspectors, State inspectors certified by the Federal Railroad Administration, railroad police, and State and local law enforcement officers, for the purpose of addressing trespassing and vandalism problems on railroad property, and strengthening relevant enforcement strategies. This program shall be designed to increase public and police awareness of the illegality of, dangers inherent in, and the extent of, trespassing on railroad rights-of-way, to develop strategies to improve the prevention of trespassing and vandalism, and to improve the

enforcement of laws relating to railroad trespass, vandalism, and safety.

(c) MODEL LEGISLATION.—(1) Within 18 months after November 2, 1994, the Secretary, after consultation with State and local governments and railroad carriers, shall develop and make available to State and local governments model State legislation providing for—

(A) civil or criminal penalties, or both, for vandalism of railroad equipment or property which could affect the safety of the public or of railroad employees; and

(B) civil or criminal penalties, or both, for trespassing on a railroad owned or leased right-of-way.

(2) Not later than 18 months after the date of enactment of the Rail Safety Improvement Act of 2008, the Secretary, after consultation with State and local governments and railroad carriers, shall develop and make available to State and local governments model State legislation providing for civil or criminal penalties, or both, for violations of highway-rail grade crossing signs, signals, markings, or other warning devices.

(d) DEFINITION.—In this section, the term “violation of highway-rail grade crossing signs, signals, markings, or other warning devices” includes any action by a motorist, unless directed by an authorized safety officer—

(1) to drive around a grade crossing gate in a position intended to block passage over railroad tracks;

(2) to drive through a flashing grade crossing signal;

(3) to drive through a grade crossing with passive warning signs without ensuring that the grade crossing could be safely crossed before any train arrived; and

(4) in the vicinity of a grade crossing, who creates a hazard of an accident involving injury or property damage at the grade crossing.

§ 20152. Notification of grade crossing problems

(a) IN GENERAL.—Not later than 18 months after the date of enactment of the Rail Safety Improvement Act of 2008, the Secretary of Transportation shall require each railroad carrier to—

(1) establish and maintain a toll-free telephone service for rights-of-way over which it dispatches trains, to directly receive calls reporting—

(A) malfunctions of signals, crossing gates, and other devices to promote safety at the grade crossing of railroad tracks on those rights-of-way and public or private roads;

(B) disabled vehicles blocking railroad tracks at such grade crossings;

(C) obstructions to the view of a pedestrian or a vehicle operator for a reasonable distance in either direction of a train’s approach; or

(D) other safety information involving such grade crossings;

(2) upon receiving a report pursuant to paragraph (1)(A) or (B), immediately contact trains operating near the grade crossing to warn them of the malfunction or disabled vehicle;

(3) upon receiving a report pursuant to paragraph (1)(A) or (B), and after contacting trains pursuant to paragraph (2), contact, as necessary, appropriate public safety officials having jurisdiction over the grade crossing to provide them with the information necessary for them to direct traffic, assist in the removal of the disabled vehicle, or carry out other activities as appropriate;

(4) upon receiving a report pursuant to paragraph (1)(C) or (D), timely investigate the report, remove the obstruction if possible, or correct the unsafe circumstance; and

(5) ensure the placement at each grade crossing on rights-of-way that it owns of appropriately located signs, on which shall appear, at a minimum—

(A) a toll-free telephone number to be used for placing calls described in paragraph (1) to the railroad carrier dispatching trains on that right-of-way;

(B) an explanation of the purpose of that toll-free telephone number; and

(C) the grade crossing number assigned for that crossing by the National Highway-Rail Crossing Inventory established by the Department of Transportation.

(b) WAIVER.—The Secretary may waive the requirement that the telephone service be toll-free for Class II and Class III rail carriers if the Secretary determines that toll-free service would be cost prohibitive or unnecessary.

§ 20153. Audible warnings at highway-rail grade crossings

(a) DEFINITIONS.—As used in this section—

(1) the term “highway-rail grade crossing” includes any street or highway crossing over a line of railroad at grade;

(2) the term “locomotive horn” refers to a train-borne audible warning device meeting standards specified by the Secretary of Transportation; and

(3) the term “supplementary safety measure” refers to a safety system or procedure, provided by the appropriate traffic control authority or law enforcement authority responsible for safety at the highway-rail grade crossing, that is determined by the Secretary to be an effective substitute for the locomotive horn in the prevention of highway-rail casualties. A traffic control arrangement that prevents careless movement over the crossing (e.g., as where adequate median barriers prevent movement around crossing gates extending over the full width of the lanes in the particular direction of travel), and that conforms to standards prescribed by the Secretary under this subsection, shall be deemed to constitute a supplementary safety measure. The following do not, individually or in combination, constitute supplementary safety measures within the meaning of this subsection: standard traffic control devices or arrangements such as reflectorized crossbucks, stop signs, flashing lights, flashing lights with gates that do not completely block travel over the line of railroad, or traffic signals.

(b) REQUIREMENT.—The Secretary of Transportation shall prescribe regulations requiring that a locomotive horn shall be sounded while each train is approaching and entering upon each public highway-rail grade crossing.

(c) EXCEPTION.—(1) In issuing such regulations, the Secretary may except from the requirement to sound the locomotive horn any categories of rail operations or categories of highway-rail grade crossings (by train speed or other factors specified by regulation)—

(A) that the Secretary determines not to present a significant risk with respect to loss of life or serious personal injury;

(B) for which use of the locomotive horn as a warning measure is impractical; or

(C) for which, in the judgment of the Secretary, supplementary safety measures fully compensate for the absence of the warning provided by the locomotive horn.

(2) In order to provide for safety and the quiet of communities affected by train operations, the Secretary may specify in such regulations that any supplementary safety measures must be applied to all highway-rail grade crossings within a specified distance along the railroad in order to be excepted from the requirement of this section.

(d) APPLICATION FOR WAIVER OR EXEMPTION.—Notwithstanding any other provision of this subchapter, the Secretary may not entertain an application for waiver or exemption of the regulations issued under this section unless such application shall have been submitted jointly by the railroad carrier owning, or controlling operations over, the crossing and by the appropriate traffic control authority or law enforcement authority. The Secretary shall not grant any such application unless, in the judgment of the Secretary, the application demonstrates that the safety of highway users will not be diminished.

(e) DEVELOPMENT OF SUPPLEMENTARY SAFETY MEASURES.—(1) In order to promote the quiet of communities affected by rail operations and the development of innovative safety measures at highway-rail grade crossings, the Secretary may, in connection with demonstration of proposed new supplementary safety measures, order railroad carriers operating over one or more crossings to cease temporarily the sounding of locomotive horns at such crossings. Any such measures shall have been subject to testing and evaluation and deemed necessary by the Secretary prior to actual use in lieu of the locomotive horn.

(2) The Secretary may include in regulations issued under this subsection special procedures for approval of new supplementary safety measures meeting the requirements of subsection (c)(1) of this section following successful demonstration of those measures.

(f) SPECIFIC RULES.—The Secretary may, by regulation, provide that the following crossings over railroad lines shall be subject, in whole or in part, to the regulations required under this section:

- (1) Private highway-rail grade crossings.
- (2) Pedestrian crossings.
- (3) Crossings utilized primarily by non-motorized vehicles and other special vehicles.

Regulations issued under this subsection shall not apply to any location where persons are not authorized to cross the railroad.

(g) ISSUANCE.—The Secretary shall issue regulations required by this section pertaining to categories of highway-rail grade crossings that in the judgment of the Secretary pose the greatest safety hazard to rail and highway users not later than 24 months following November 2, 1994. The Secretary shall issue regulations pertaining to any other categories of crossings not later than 48 months following November 2, 1994.

(h) IMPACT OF REGULATIONS.—The Secretary shall include in regulations prescribed under this section a concise statement of the impact of such regulations with respect to the operation of

section 20106 of this title (national uniformity of regulation).

(i) REGULATIONS.—In issuing regulations under this section, the Secretary—

(1) shall take into account the interest of communities that—

(A) have in effect restrictions on the sounding of a locomotive horn at highway-rail grade crossings; or

(B) have not been subject to the routine (as defined by the Secretary) sounding of a locomotive horn at highway-rail grade crossings;

(2) shall work in partnership with affected communities to provide technical assistance and shall provide a reasonable amount of time for local communities to install supplementary safety measures, taking into account local safety initiatives (such as public awareness initiatives and highway-rail grade crossing traffic law enforcement programs) subject to such terms and conditions as the Secretary deems necessary, to protect public safety; and

(3) may waive (in whole or in part) any requirement of this section (other than a requirement of this subsection or subsection (j)) that the Secretary determines is not likely to contribute significantly to public safety.

(j) EFFECTIVE DATE OF REGULATIONS.—Any regulations under this section shall not take effect before the 365th day following the date of publication of the final rule.

(Added Pub. L. 103-440, title III, §302(a), Nov. 2, 1994, 108 Stat. 4626; amended Pub. L. 104-264, title XII, §1218(a), Oct. 9, 1996, 110 Stat. 3285; Pub. L. 104-287, §5(51), Oct. 11, 1996, 110 Stat. 3393.)

AMENDMENTS

1996—Subsec. (g). Pub. L. 104-287 substituted “November 2, 1994” for “the date of enactment of this section” in two places.

Subsecs. (i), (j). Pub. L. 104-264 added subsecs. (i) and (j).

EFFECTIVE DATE OF 1996 AMENDMENT

Except as otherwise specifically provided, amendment by Pub. L. 104-264 applicable only to fiscal years beginning after Sept. 30, 1996, and not to be construed as affecting funds made available for a fiscal year ending before Oct. 1, 1996, see section 3 of Pub. L. 104-264, set out as a note under section 106 of this title.

§20154. Capital grants for rail line relocation projects

(a) ESTABLISHMENT OF PROGRAM.—The Secretary of Transportation shall carry out a grant program to provide financial assistance for local rail line relocation and improvement projects.

(b) ELIGIBILITY.—A State is eligible for a grant under this section for any construction project for the improvement of the route or structure of a rail line that either—

(1) is carried out for the purpose of mitigating the adverse effects of rail traffic on safety, motor vehicle traffic flow, community quality of life, or economic development; or

(2) involves a lateral or vertical relocation of any portion of the rail line.

(c) CONSIDERATIONS FOR APPROVAL OF GRANT APPLICATIONS.—In determining whether to

award a grant to an eligible State under this section, the Secretary shall consider the following factors:

(1) The capability of the State to fund the rail line relocation project without Federal grant funding.

(2) The requirement and limitation relating to allocation of grant funds provided in subsection (d).

(3) Equitable treatment of the various regions of the United States.

(4) The effects of the rail line, relocated or improved as proposed, on motor vehicle and pedestrian traffic, safety, community quality of life, and area commerce.

(5) The effects of the rail line, relocated as proposed, on the freight and passenger rail operations on the rail line.

(d) ALLOCATION REQUIREMENTS.—At least 50 percent of all grant funds awarded under this section out of funds appropriated for a fiscal year shall be provided as grant awards of not more than \$20,000,000 each. The \$20,000,000 amount shall be adjusted by the Secretary to reflect inflation for fiscal years beginning after fiscal year 2006.

(e) NON-FEDERAL SHARE.—

(1) PERCENTAGE.—A State or other non-Federal entity shall pay at least 10 percent of the shared costs of a project that is funded in part by a grant awarded under this section.

(2) FORMS OF CONTRIBUTIONS.—The share required by paragraph (1) may be paid in cash or in kind.

(3) IN-KIND CONTRIBUTIONS.—The in-kind contributions that are permitted to be counted under paragraph (2) for a project for a State or other non-Federal entity are as follows:

(A) A contribution of real property or tangible personal property (whether provided by the State or a person for the State).

(B) A contribution of the services of employees of the State or other non-Federal entity, calculated on the basis of costs incurred by the State or other non-Federal entity for the pay and benefits of the employees, but excluding overhead and general administrative costs.

(C) A payment of any costs that were incurred for the project before the filing of an application for a grant for the project under this section, and any in-kind contributions that were made for the project before the filing of the application, if and to the extent that the costs were incurred or in-kind contributions were made, as the case may be, to comply with a provision of a statute required to be satisfied in order to carry out the project.

(4) FINANCIAL CONTRIBUTION FROM PRIVATE ENTITIES.—

(A) The Secretary shall require a State to submit a description of the anticipated public and private benefits associated with each rail line relocation or improvement project described in subsection (a). The determination of such benefits shall be developed in consultation with the owner and user of the rail line being relocated or improved or other private entity involved in the project.

(B) The Secretary shall consider the feasibility of seeking financial contributions or commitments from private entities involved with the project in proportion to the expected benefits determined under subparagraph (A) that accrue to such entities from the project.

(f) AGREEMENTS TO COMBINE AMOUNTS.—Two or more States (not including political subdivisions of States) may, pursuant to an agreement entered into by the States, combine any part of the amounts provided through grants for a project under this section if—

(1) the project will benefit each of the States entering into the agreement; and

(2) the agreement is not a violation of a law of any such State.

(g) REGULATIONS.—The Secretary shall prescribe regulations for carrying out this section.

(h) DEFINITIONS.—In this section:

(1) CONSTRUCTION.—The term “construction” means the supervising, inspecting, actual building, and incurrence of all costs incidental to the construction or reconstruction of a project described under subsection (b)(1) of this section, including bond costs and other costs relating to the issuance of bonds or other debt financing instruments and costs incurred by the State in performing project related audits, and includes—

(a) IN GENERAL.—

(1) PROGRAM REQUIREMENT.—Not later than 4 years after the date of enactment of the Rail Safety Improvement Act of 2008, the Secretary of Transportation, by regulation, shall require each railroad carrier that is a Class I railroad, a railroad carrier that has inadequate safety performance (as determined by the Secretary), or a railroad carrier that provides intercity rail passenger or commuter rail passenger transportation—

(A) to develop a railroad safety risk reduction program under subsection (d) that systematically evaluates railroad safety risks on its system and manages those risks in order to reduce the numbers and rates of railroad accidents, incidents, injuries, and fatalities;

(B) to submit its program, including any required plans, to the Secretary for review and approval; and

(C) to implement the program and plans approved by the Secretary.

(2) RELIANCE ON PILOT PROGRAM.—The Secretary may conduct behavior-based safety and other research, including pilot programs, before promulgating regulations under this subsection and thereafter. The Secretary shall use any information and experience gathered through such research and pilot programs

under this subsection in developing regulations under this section.

(3) REVIEW AND APPROVAL.—The Secretary shall review and approve or disapprove railroad safety risk reduction program plans within a reasonable period of time. If the proposed plan is not approved, the Secretary shall notify the affected railroad carrier as to the specific areas in which the proposed plan is deficient, and the railroad carrier shall correct all deficiencies within a reasonable period of time following receipt of written notice from the Secretary. The Secretary shall annually conduct a review to ensure that the railroad carriers are complying with their plans.

(4) VOLUNTARY COMPLIANCE.—A railroad carrier that is not required to submit a railroad safety risk reduction program under this section may voluntarily submit a program that meets the requirements of this section to the Secretary. The Secretary shall approve or disapprove any program submitted under this paragraph.

(b) CERTIFICATION.—The chief official responsible for safety of each railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall certify that the contents of the program are accurate and that the railroad carrier will implement the contents of the program as approved by the Secretary.

(c) RISK ANALYSIS.—In developing its railroad safety risk reduction program each railroad carrier required to submit such a program pursuant to subsection (a) shall identify and analyze the aspects of its railroad, including operating rules and practices, infrastructure, equipment, employee levels and schedules, safety culture, management structure, employee training, and other matters, including those not covered by railroad safety regulations or other Federal regulations, that impact railroad safety.

(d) PROGRAM ELEMENTS.—

(1) IN GENERAL.—Each railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall develop a comprehensive safety risk reduction program to improve safety by reducing the number and rates of accidents, incidents, injuries, and fatalities that is based on the risk analysis required by subsection (c) through—

(A) the mitigation of aspects that increase risks to railroad safety; and

(B) the enhancement of aspects that decrease risks to railroad safety.

(2) REQUIRED COMPONENTS.—Each railroad carrier's safety risk reduction program shall include a risk mitigation plan in accordance with this section, a technology implementation plan that meets the requirements of subsection (e), and a fatigue management plan that meets the requirements of subsection (f).

(e) TECHNOLOGY IMPLEMENTATION PLAN.—

(1) IN GENERAL.—As part of its railroad safety risk reduction program, a railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall develop, and periodically update as necessary, a 10-year technology implementation plan that describes the railroad carrier's plan for development, adoption, implementation, mainte-

nance, and use of current, new, or novel technologies on its system over a 10-year period to reduce safety risks identified under the railroad safety risk reduction program. Any updates to the plan are subject to review and approval by the Secretary.

(2) **TECHNOLOGY ANALYSIS.**—A railroad carrier's technology implementation plan shall include an analysis of the safety impact, feasibility, and cost and benefits of implementing technologies, including processor-based technologies, positive train control systems (as defined in section 20157(i)), electronically controlled pneumatic brakes, rail integrity inspection systems, rail integrity warning systems, switch position monitors and indicators, trespasser prevention technology, highway-rail grade crossing technology, and other new or novel railroad safety technology, as appropriate, that may mitigate risks to railroad safety identified in the risk analysis required by subsection (c).

(3) **IMPLEMENTATION SCHEDULE.**—A railroad carrier's technology implementation plan shall contain a prioritized implementation schedule for the development, adoption, implementation, and use of current, new, or novel technologies on its system to reduce safety risks identified under the railroad safety risk reduction program.

(4) **POSITIVE TRAIN CONTROL.**—Except as required by section 20157 (relating to the requirements for implementation of positive train control systems), the Secretary shall ensure that—

(A) each railroad carrier's technology implementation plan required under paragraph (1) that includes a schedule for implementation of a positive train control system complies with that schedule; and

(B) each railroad carrier required to submit such a plan implements a positive train control system pursuant to such plan by December 31, 2018.

(f) **FATIGUE MANAGEMENT PLAN.**—

(1) **IN GENERAL.**—As part of its railroad safety risk reduction program, a railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall develop and update at least once every 2 years a fatigue management plan that is designed to reduce the fatigue experienced by safety-related railroad employees and to reduce the likelihood of accidents, incidents, injuries, and fatalities caused by fatigue. Any such update shall be subject to review and approval by the Secretary.

(2) **TARGETED FATIGUE COUNTERMEASURES.**—A railroad carrier's fatigue management plan shall take into account the varying circumstances of operations by the railroad on different parts of its system, and shall prescribe appropriate fatigue countermeasures to address those varying circumstances.

(3) **ADDITIONAL ELEMENTS.**—A railroad shall consider the need to include in its fatigue management plan elements addressing each of the following items, as applicable:

(A) Employee education and training on the physiological and human factors that affect fatigue, as well as strategies to reduce

or mitigate the effects of fatigue, based on the most current scientific and medical research and literature.

(B) Opportunities for identification, diagnosis, and treatment of any medical condition that may affect alertness or fatigue, including sleep disorders.

(C) Effects on employee fatigue of an employee's short-term or sustained response to emergency situations, such as derailments and natural disasters, or engagement in other intensive working conditions.

(D) Scheduling practices for employees, including innovative scheduling practices, on-duty call practices, work and rest cycles, increased consecutive days off for employees, changes in shift patterns, appropriate scheduling practices for varying types of work, and other aspects of employee scheduling that would reduce employee fatigue and cumulative sleep loss.

(E) Methods to minimize accidents and incidents that occur as a result of working at times when scientific and medical research have shown increased fatigue disrupts employees' circadian rhythm.

(F) Alertness strategies, such as policies on napping, to address acute drowsiness and fatigue while an employee is on duty.

(G) Opportunities to obtain restful sleep at lodging facilities, including employee sleeping quarters provided by the railroad carrier.

(H) The increase of the number of consecutive hours of off-duty rest, during which an employee receives no communication from the employing railroad carrier or its managers, supervisors, officers, or agents.

(I) Avoidance of abrupt changes in rest cycles for employees.

(J) Additional elements that the Secretary considers appropriate.

(g) **CONSENSUS.**—

(1) **IN GENERAL.**—Each railroad carrier required to submit a railroad safety risk reduction program under subsection (a) shall consult with, employ good faith and use its best efforts to reach agreement with, all of its directly affected employees, including any nonprofit employee labor organization representing a class or craft of directly affected employees of the railroad carrier, on the contents of the safety risk reduction program.

(2) **STATEMENT.**—If the railroad carrier and its directly affected employees, including any nonprofit employee labor organization representing a class or craft of directly affected employees of the railroad carrier, cannot reach consensus on the proposed contents of the plan, then directly affected employees and such organization may file a statement with the Secretary explaining their views on the plan on which consensus was not reached. The Secretary shall consider such views during review and approval of the program.

(h) **ENFORCEMENT.**—The Secretary shall have the authority to assess civil penalties pursuant to chapter 213 for a violation of this section, including the failure to submit, certify, or comply with a safety risk reduction program, risk miti-

gation plan, technology implementation plan, or fatigue management plan.

§ 20157. Implementation of positive train control systems

(a) IN GENERAL.—

(1) PLAN REQUIRED.—Not later than 18 months after the date of enactment of the Rail Safety Improvement Act of 2008, each Class I railroad carrier and each entity providing regularly scheduled intercity or commuter rail passenger transportation shall develop and submit to the Secretary of Transportation a plan for implementing a positive train control system by December 31, 2015, governing operations on—

(A) its main line over which intercity rail passenger transportation or commuter rail passenger transportation, as defined in section 24102, is regularly provided;

(B) its main line over which poison- or toxic-by-inhalation hazardous materials, as defined in parts¹ 171.8, 173.115, and 173.132 of title 49, Code of Federal Regulations, are transported; and

(C) such other tracks as the Secretary may prescribe by regulation or order.

(2) IMPLEMENTATION.—The plan shall describe how it will provide for interoperability of the system with movements of trains of other railroad carriers over its lines and shall, to the extent practical, implement the system in a manner that addresses areas of greater risk before areas of lesser risk. The railroad carrier shall implement a positive train control system in accordance with the plan.

(b) TECHNICAL ASSISTANCE.—The Secretary may provide technical assistance and guidance to railroad carriers in developing the plans required under subsection (a).

(c) REVIEW AND APPROVAL.—Not later than 90 days after the Secretary receives a plan, the Secretary shall review and approve or disapprove it. If the proposed plan is not approved, the Secretary shall notify the affected railroad carrier or other entity as to the specific areas in which the proposed plan is deficient, and the railroad carrier or other entity shall correct all deficiencies within 30 days following receipt of written notice from the Secretary. The Secretary shall annually conduct a review to ensure that the railroad carriers are complying with their plans.

(d) REPORT.—Not later than December 31, 2012, the Secretary shall transmit a report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the progress of the railroad carriers in implementing such positive train control systems.

(e) ENFORCEMENT.—The Secretary is authorized to assess civil penalties pursuant to chapter 213 for a violation of this section, including the failure to submit or comply with a plan for implementing positive train control under subsection (a).

(f) OTHER RAILROAD CARRIERS.—Nothing in this section restricts the discretion of the Secretary to require railroad carriers other than those specified in subsection (a) to implement a positive train control system pursuant to this section or section 20156, or to specify the period by which implementation shall occur that does not exceed the time limits established in this section or section 20156. In exercising such discretion, the Secretary shall, at a minimum, consider the risk to railroad employees and the public associated with the operations of the railroad carrier.

(g) REGULATIONS.—The Secretary shall prescribe regulations or issue orders necessary to implement this section, including regulations specifying in appropriate technical detail the essential functionalities of positive train control systems, and the means by which those systems will be qualified.

(h) CERTIFICATION.—The Secretary shall not permit the installation of any positive train control system or component in revenue service unless the Secretary has certified that any such system or component has been approved through the approval process set forth in part 236 of title 49, Code of Federal Regulations, and complies with the requirements of that part.

(i) DEFINITIONS.—In this section:

(1) INTEROPERABILITY.—The term “interoperability” means the ability to control locomotives of the host railroad and tenant railroad to communicate with and respond to the positive train control system, including uninterrupted movements over property boundaries.

(2) MAIN LINE.—The term “main line” means a segment or route of railroad tracks over which 5,000,000 or more gross tons of railroad traffic is transported annually, except that—

(A) the Secretary may, through regulations under subsection (g), designate additional tracks as main line as appropriate for this section; and

(B) for intercity rail passenger transportation or commuter rail passenger transportation routes or segments over which limited or no freight railroad operations occur, the Secretary shall define the term “main line” by regulation.

(3) POSITIVE TRAIN CONTROL SYSTEM.—The term “positive train control system” means a system designed to prevent train-to-train collisions, over-speed derailments, incursions into established work zone limits, and the movement of a train through a switch left in the wrong position.

(2) CONSIDERATIONS.—Priority shall be given to projects that—

(A) focus on making technologies interoperable between railroad systems, such as train control technologies;

(B) accelerate train control technology deployment on high-risk corridors, such as those that have high volumes of hazardous materials shipments or over which commuter or passenger trains operate; or

(C) benefit both passenger and freight safety and efficiency.

(B) ensure that the information has been reported to the Secretary by another railroad carrier that operates through the crossing.

(2) A railroad carrier that sells a crossing or any part of a crossing on or after the date of enactment of the Rail Safety Improvement Act of 2008 shall, not later than the date that is 18 months after the date of enactment of that Act or 3 months after the sale, whichever occurs later, or as otherwise specified by the Secretary, report to the Secretary current information, as specified by the Secretary, concerning the change in ownership of the crossing or part of the crossing.

(c) RULEMAKING AUTHORITY.—The Secretary shall prescribe the regulations necessary to implement this section. The Secretary may enforce each provision of the Department of Transportation's statement of the national highway-rail crossing inventory policy, procedures, and instruction for States and railroads that is in effect on the date of enactment of the Rail Safety Improvement Act of 2008, until such provision is superseded by a regulation issued under this section.

(d) DEFINITIONS.—In this section:

(1) CROSSING.—The term “crossing” means a location within a State, other than a location where one or more railroad tracks cross one or more railroad tracks either at grade or grade-separated, where—

(A) a public highway, road, or street, or a private roadway, including associated sidewalks and pathways, crosses one or more railroad tracks either at grade or grade-separated; or

(B) a pathway explicitly authorized by a public authority or a railroad carrier that is dedicated for the use of nonvehicular traffic, including pedestrians, bicyclists, and others, that is not associated with a public highway, road, or street, or a private roadway, crosses one or more railroad tracks either at grade or grade-separated.

(2) STATE.—The term “State” means a State of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

§ 20161. Fostering introduction of new technology to improve safety at highway-rail grade crossings

(a) FINDINGS.—

(1) Collisions between highway users and trains at highway-rail grade crossings continue to cause an unacceptable loss of life, serious personal injury, and property damage.

(2) While elimination of at-grade crossings through consolidation of crossings and grade separations offers the greatest long-term promise for optimizing the safety and efficiency of the two modes of transportation, over 140,000 public grade crossings remain on the general rail system—approximately one for each route mile on the general rail system.

(3) Conventional highway traffic control devices such as flashing lights and gates are often effective in warning motorists of a train’s approach to an equipped crossing.

(4) Since enactment of the Highway Safety Act of 1973, over \$4,200,000,000 of Federal funding has been invested in safety improvements at highway-rail grade crossings, yet a majority of public highway-rail grade crossings are not yet equipped with active warning systems.

(5) The emergence of new technologies presents opportunities for more effective and affordable warnings and safer passage of highway users and trains at remaining highway-rail grade crossings.

(6) Implementation of new crossing safety technology will require extensive cooperation between highway authorities and railroad carriers.

(7) Federal Railroad Administration regulations establishing performance standards for processor-based signal and train control systems provide a suitable framework for qualification of new or novel technology at highway-rail grade crossings, and the Federal Highway Administration’s Manual on Uniform Traffic Control Devices provides an appropriate means of determining highway user interface with such new technology.

(b) POLICY.—It is the policy of the United States to encourage the development of new technology that can prevent loss of life and injuries at highway-rail grade crossings. The Secretary of Transportation is designated to carry out this policy in consultation with States and necessary public and private entities.

(c) SUBMISSION OF NEW TECHNOLOGY PROPOSALS.—Railroad carriers and railroad suppliers may submit for review and approval to the Secretary such new technology designed to improve safety at highway-rail grade crossings. The Secretary shall approve by order the new technology designed to improve safety at highway-rail grade crossings in accordance with Federal Railroad Administration standards for the development and use of processor-based signal and train control systems and shall consider the effects on safety of highway-user interface with the new technology.

(d) EFFECT OF SECRETARIAL APPROVAL.—If the Secretary approves by order new technology to provide warning to highway users at a highway-rail grade crossing and such technology is installed at a highway-rail grade crossing in accordance with the conditions of the approval, this determination preempts any State statute or regulation concerning the adequacy of the technology in providing warning at the crossing.

(1) minimum training standards for each class and craft of safety-related railroad employee (as defined in section 20102) and equivalent railroad carrier contractor and subcontractor employees, which shall require railroad carriers, contractors, and subcontractors to qualify or otherwise document the proficiency of such employees in each such class and craft regarding their knowledge of, and ability to comply with, Federal railroad safety laws and regulations and railroad carrier rules and procedures promulgated to implement those Federal railroad safety laws and regulations;

(2) a requirement that railroad carriers, contractors, and subcontractors develop and submit training and qualification plans to the Secretary for approval, including training programs and information deemed necessary by the Secretary to ensure that all safety-related railroad employees receive appropriate training in a timely manner; and

(3) a minimum training curriculum, and ongoing training criteria, testing, and skills evaluation measures to ensure that safety-related railroad employees, and contractor and subcontractor employees, charged with the in-

spection of track or railroad equipment are qualified to assess railroad compliance with Federal standards to identify defective conditions and initiate immediate remedial action to correct critical safety defects that are known to contribute to derailments, accidents, incidents, or injuries, and, in implementing the requirements of this paragraph, take into consideration existing training programs of railroad carriers.

(b) APPROVAL.—The Secretary shall review and approve the plans required under subsection (a)(2) utilizing an approval process required for programs to certify the qualification of locomotive engineers pursuant to part 240 of title 49, Code of Federal Regulations.

(c) EXEMPTION.—The Secretary may exempt railroad carriers and railroad carrier contractors and subcontractors from submitting training plans for which the Secretary has issued training regulations before the date of enactment of the Rail Safety Improvement Act of 2008.

Subsection (a) is added to avoid repeating the substance of the definition throughout this chapter.

In subsection (b), the words before clause (1) are substituted for “*Provided, That nothing in sections 1 to 7 of this title shall apply to*” in 45:6 because 45:9, 11, and 16 provide that 45:9 and 11-16 apply to the same vehicles and trains as 45:1-7 apply to. In clause (1), the word “coal” is added for clarity because of the decision of the Supreme Court in *Baltimore & Ohio Railway Co. v. AMENDMENTS

1996—Subsec. (b)(4). Pub. L. 104-287 added par. (4).

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104-287 effective July 5, 1994, see section 8(1) of Pub. L. 104-287, set out as a note under section 5303 of this title.

§ 20302. General requirements

(a) GENERAL.—Except as provided in subsection (c) of this section and section 20303 of this title, a railroad carrier may use or allow to be used on any of its railroad lines—

(1) a vehicle only if it is equipped with—

(A) couplers coupling automatically by impact, and capable of being uncoupled, without the necessity of individuals going between the ends of the vehicles;

(B) secure sill steps and efficient hand brakes; and

(C) secure ladders and running boards when required by the Secretary of Transportation, and, if ladders are required, secure handholds or grab irons on its roof at the top of each ladder;

(2) except as otherwise ordered by the Secretary, a vehicle only if it is equipped with secure grab irons or handholds on its ends and sides for greater security to individuals in coupling and uncoupling vehicles;

(3) a vehicle only if it complies with the standard height of drawbars required by regulations prescribed by the Secretary;

(4) a locomotive only if it is equipped with a power-driving wheel brake and appliances for operating the train-brake system; and

(5) a train only if—

(A) enough of the vehicles in the train are equipped with power or train brakes so that the engineer on the locomotive hauling the train can control the train’s speed without the necessity of brake operators using the common hand brakes for that purpose; and

(B) at least 50 percent of the vehicles in the train are equipped with power or train brakes and the engineer is using the power or train brakes on those vehicles and on all other vehicles equipped with them that are associated with those vehicles in the train.

(b) REFUSAL TO RECEIVE VEHICLES NOT PROPERLY EQUIPPED.—A railroad carrier complying with subsection (a)(5)(A) of this section may refuse to receive from a railroad line of a connecting railroad carrier or a shipper a vehicle

that is not equipped with power or train brakes that will work and readily interchange with the power or train brakes in use on the vehicles of the complying railroad carrier.

(c) COMBINED VEHICLES LOADING AND HAULING LONG COMMODITIES.—Notwithstanding subsection (a)(1)(B) of this section, when vehicles are combined to load and haul long commodities, only one of the vehicles must have hand brakes during the loading and hauling.

(d) AUTHORITY TO CHANGE REQUIREMENTS.—The Secretary may—

(1) change the number, dimensions, locations, and manner of application prescribed by the Secretary for safety appliances required by subsection (a)(1)(B) and (C) and (2) of this section only for good cause and after providing an opportunity for a full hearing;

(2) amend regulations for installing, inspecting, maintaining, and repairing power and train brakes only for the purpose of achieving safety; and

(3) increase, after an opportunity for a full hearing, the minimum percentage of vehicles in a train that are required by subsection (a)(5)(B) of this section to be equipped and used with power or train brakes.

(e) SERVICES OF ASSOCIATION OF AMERICAN RAILROADS.—In carrying out subsection (d)(2) and (3) of this section, the Secretary may use the services of the Association of American Railroads.

In subsection (a), before clause (1), the words “Except as provided in subsection (c) of this section and section 20303 of this title” are added to alert the reader to the exceptions restated in subsection (c) and section 20303. The words “use or allow to be used” are substituted for “haul or permit to be hauled or used” in 45:2 and 11, “use” in 45:4 and 12, “use” and “run” in 45:1, “operated” and “used, hauled, or permitted to be used or hauled” in 45:9, “using . . . running . . . hauling or permitting to be hauled or used” in 45:6, and “used” in 45:8 for consistency in this section and to eliminate unnecessary words. See *United States v. St. Louis Southwestern Ry. Co. of Texas*, 184 F. 28, 32 (5th Cir., 1910); *United States v. Chicago, M. & St. P. Ry. Co.*, 149 F. 486, 488 (D.S.D. Iowa, 1906). The words “That from and after the first day of January, eighteen hundred and ninety-eight”, “That on and after the first day of January, eighteen hundred and ninety-eight”, and “That from and after the first day of July, eighteen hundred and ninety-five” in sections 1, 2, and 4, respectively, of the Act of March 2, 1893 (ch. 196, 27 Stat. 531), are omitted as obsolete. The words “a railroad carrier . . . on any of its railroad lines” are substituted for “any railroad . . . on its line” in 45:1, “any such railroad . . . on its line” in 45:2, “any railroad company” in 45:4, “railroads in the Territories and the District of Columbia . . . used on any railroad, and in the Territories and the District of Columbia” in 45:8, “Whenever, as provided in sections 1 to 7 of this title” and “any railroad” in 45:9, and “any railroad subject to the provisions of sections 11 to 16 of this title . . . on its line” in 45:11 for clarity, for consistency in the revised title, to eliminate unnecessary words, and because of the definition of “railroad carrier” in section 20102 of the revised title. See *Southern Ry. Co. v. United States*, 222 U.S. 20, 26 (1911). In clauses (1)–(3), the word “vehicle” is substituted for “any car” in 45:2, “car” in 45:4, “all trains, locomotives, tenders, cars, and similar vehicles used on . . . all other locomotives, tenders, cars, and similar vehicles used in connection therewith” in 45:8, and “any car subject to the provisions of said sections . . . to wit: All cars” in 45:11, and “any car or vehicle” in 45:12 for clarity, for consistency in the revised title, to eliminate unnecessary words, and because of the definition of “vehicle” in section 20301 of the revised title. In clause (1)(A), a comma is placed after the word “uncoupled” for clarity. See *Johnson v. Southern Pacific Co.*, 196 U.S. 1, 18 (1904). In clause (1)(C), the words “by the Secretary of Transportation” are added for clarity because of 45:12. In clause (3), the words “required by regulations prescribed by the Secretary” are substituted for “the standard now fixed or the standard so prescribed . . . the standard so prescribed by the Secretary” in 45:12 for clarity and to eliminate unnecessary words. The words “Said Secretary is given authority, after hearing, to modify or change, and to prescribe the standard height of drawbars and to fix the time within

which such modification or change shall become effective and obligatory” are omitted as surplus because of 49:322(a). The words “and prior to the time so fixed . . . and after the time so fixed” are omitted as surplus. In clause (4), the word “locomotive” is substituted for “any locomotive engine” in 45:1 and “all trains, locomotives, tenders, cars, and similar vehicles used on . . . all other locomotives, tenders, cars, and similar vehicles used in connection therewith” in 45:8 for clarity and to eliminate unnecessary words. In clause (5)(B), the words “the engineer is using the power or train brakes on those vehicles and on all other vehicles equipped with them that are associated with those vehicles in the train” are substituted for “their brakes used and operated by the engineer of the locomotive drawing such train; and all power-braked cars in such train which are associated together with said 50 per centum shall have their brakes so used and operated” and “all . . . locomotives, tenders, cars, and similar vehicles” for clarity and consistency in this section. The text of section 2 (2d sentence) of the Act of March 2, 1903 (ch. 976, 32 Stat. 943), as added by section (1)(b) of the Power or Train Brakes Safety Appliance Act of 1958 (Public Law 85–375, 72 Stat. 86), is omitted as executed.

In subsection (b), the words “A railroad carrier complying with subsection (a)(5)(A) of this section” are substituted for “any railroad shall have equipped a sufficient number of its cars so as to comply with the provisions of section 1 of this title” in 45:3 and “The provisions and requirements of sections 1 to 7 of this title shall be held to apply to railroads in the Territories and the District of Columbia” in 45:8 for clarity, for consistency in this section, and because of the definition of “railroad carrier” in section 20102 of the revised title. The words “a vehicle that is not equipped with power or train brakes that will work and readily interchange with the power or train brakes in use on the vehicles of the complying railroad carrier” are substituted for “any cars not equipped sufficiently, in accordance with said section, with such power or train brakes as will work and readily interchange with the brakes in use on its own cars, as required by sections 1 to 7 of this title” in 45:3 for clarity and to eliminate unnecessary words.

In subsection (c), the words “Notwithstanding subsection (a)(1)(B) of this section” are added for clarity.

In subsection (d)(1), the words “change . . . only for . . . and after” are substituted for “shall remain as the standards of equipment to be used on all cars subject to the provisions of sections 11 to 16 of this title, unless changed by an order of said Secretary of Transportation to be made after . . . and for” for clarity and to eliminate unnecessary words. The text of section 3 (proviso) of the Act of April 14, 1910 (ch. 160, 36 Stat. 298), is omitted as obsolete.

In subsection (d)(2), the text of 45:9 (2d sentence words before proviso) is omitted as executed.

In subsection (d)(3), the words “to more fully carry into effect the objects of said sections” and “from time to time” are omitted as surplus. The words “an opportunity for” are added for clarity and consistency in the revised title and with other titles of the Code. The words “equipped and used” are substituted for “operated” for consistency in this section.

In subsection (e), the words “and may avail himself of the advice and assistance of any department, commission, or board of the United States Government, and of State governments” are omitted as unnecessary because of 49:301(6) and (7) and 322(c). The words “but no official or employee of the United States shall receive any additional compensation for such service except as now permitted by law” are omitted as surplus because of 5:5533.

§ 20303. Moving defective and insecure vehicles needing repairs

(a) GENERAL.—A vehicle that is equipped in compliance with this chapter whose equipment becomes defective or insecure nevertheless may

be moved when necessary to make repairs, without a penalty being imposed under section 21302 of this title, from the place at which the defect or insecurity was first discovered to the nearest available place at which the repairs can be made—

- (1) on the railroad line on which the defect or insecurity was discovered; or
- (2) at the option of a connecting railroad carrier, on the railroad line of the connecting carrier, if not farther than the place of repair described in clause (1) of this subsection.

(b) USE OF CHAINS INSTEAD OF DRAWBARS.—A vehicle in a revenue train or in association with commercially-used vehicles may be moved under this section with chains instead of drawbars only when the vehicle contains livestock or perishable freight.

(c) LIABILITY.—The movement of a vehicle under this section is at the risk only of the railroad carrier doing the moving. This section does not relieve a carrier from liability in a proceeding to recover damages for death or injury of a railroad employee arising from the movement of a vehicle with equipment that is defective, insecure, or not maintained in compliance with this chapter.

§ 20702. Inspections, repairs, and inspection and repair reports

(a) GENERAL.—The Secretary of Transportation shall—

- (1) become familiar, so far as practicable, with the condition of every locomotive and tender and its parts and appurtenances;
- (2) inspect every locomotive and tender and its parts and appurtenances as necessary to

carry out this chapter, but not necessarily at stated times or at regular intervals; and

(3) ensure that every railroad carrier makes inspections of locomotives and tenders and their parts and appurtenances as required by regulations prescribed by the Secretary and repairs every defect that is disclosed by an inspection before a defective locomotive, tender, part, or appurtenance is used again.

(b) NONCOMPLYING LOCOMOTIVES, TENDERS, AND PARTS.—(1) When the Secretary finds that a locomotive, tender, or locomotive or tender part or appurtenance owned or operated by a railroad carrier does not comply with this chapter or a regulation prescribed under this chapter, the Secretary shall give the carrier written notice describing any defect resulting in noncompliance. Not later than 5 days after receiving the notice of noncompliance, the carrier may submit a written request for a reinspection. On receiving the request, the Secretary shall provide for the reinspection by an officer or employee of the Department of Transportation who did not make the original inspection. The reinspection shall be made not later than 15 days after the date the Secretary gives the notice of noncompliance.

(2) Immediately after the reinspection is completed, the Secretary shall give written notice to the railroad carrier stating whether the locomotive, tender, part, or appurtenance is in compliance. If the original finding of noncompliance is sustained, the carrier has 30 days after receipt of the notice to file an appeal with the Secretary. If the carrier files an appeal, the Secretary, after providing an opportunity for a proceeding, may revise or set aside the finding of noncompliance.

(3) A locomotive, tender, part, or appurtenance found not in compliance under this subsection may be used only after it is—

- (A) repaired to comply with this chapter and regulations prescribed under this chapter; or
- (B) found on reinspection or appeal to be in compliance.

(c) REPORTS.—A railroad carrier shall make and keep, in the way the Secretary prescribes by regulation, a report of every—

- (1) inspection made under regulations prescribed by the Secretary; and
- (2) repair made of a defect disclosed by such an inspection.

(d) CHANGES IN INSPECTION PROCEDURES.—A railroad carrier may change a rule or instruction of the carrier governing the inspection by the carrier of the locomotives and tenders and locomotive and tender parts and appurtenances of the carrier when the Secretary approves a request filed by the carrier to make the change.

(1) immediately shall file with the Secretary of Transportation a written statement of the fact of the accident or incident; and

AMENDMENTS

2008—Par. (4). Pub. L. 110-432 struck out “employed by a railroad carrier” after “individual”.

EFFECTIVE DATE OF 2008 AMENDMENT

Pub. L. 110-432, div. A, title I, §108(g), Oct. 16, 2008, 122 Stat. 4866, provided that: “The amendments made by subsections (a), (b), and (c) [amending this section and sections 21103 and 21104 of this title] shall take effect 9 months after the date of enactment of this Act [Oct. 16, 2008].”

RECORD KEEPING AND REPORTING

Pub. L. 110-432, div. A, title I, §108(f), Oct. 16, 2008, 122 Stat. 4866, provided that:

“(1) REGULATIONS.—Not later than 180 days after the date of enactment of this Act [Oct. 16, 2008], the Secretary [of Transportation] shall prescribe a regulation revising the requirements for recordkeeping and reporting for Hours of Service of Railroad Employees contained in part 228 of title 49, Code of Federal Regulations—

“(A) to adjust record keeping and reporting requirements to support compliance with chapter 211 of title 49, United States Code, as amended by this Act;

“(B) to authorize electronic record keeping, and reporting of excess service, consistent with appropriate considerations for user interface; and

“(C) to require training of affected employees and supervisors, including training of employees in the entry of hours of service data.

“(2) PROCEDURE.—In lieu of issuing a notice of proposed rulemaking as contemplated by section 553 of title 5, United States Code, the Secretary may utilize the Railroad Safety Advisory Committee to assist in development of the regulation. The Secretary may propose and adopt amendments to the revised regulations thereafter as may be necessary in light of experience under the revised requirements.”

§ 21102. Nonapplication, exemption, and alternate hours of service regime

(a) GENERAL.—This chapter does not apply to a situation involving any of the following:

(1) a casualty.

(2) an unavoidable accident.

(3) an act of God.

(4) a delay resulting from a cause unknown and unforeseeable to a railroad carrier or its officer or agent in charge of the employee when the employee left a terminal.

(b) EXEMPTION.—The Secretary of Transportation may exempt a railroad carrier having not more than 15 employees covered by this chapter from the limitations imposed by this chapter. The Secretary may allow the exemption after a full hearing, for good cause shown, and on deciding that the exemption is in the public interest and will not affect safety adversely. The exemption shall be for a specific period of time and is subject to review at least annually. The exemption may not authorize a carrier to require or allow its employees to be on duty more than a total of 16 hours in a 24-hour period.

(c) APPLICATION OF HOURS OF SERVICE REGIME TO COMMUTER AND INTERCITY PASSENGER RAILROAD TRAIN EMPLOYEES.—

(1) When providing commuter rail passenger transportation or intercity rail passenger transportation, the limitations on duty hours for train employees of railroad carriers, including public authorities operating passenger service, shall be solely governed by old section 21103 until the earlier of—

(A) the effective date of regulations prescribed by the Secretary under section 21109(b) of this chapter; or

(B) the date that is 3 years following the date of enactment of the Rail Safety Improvement Act of 2008.

(2) After the date on which old section 21103 ceases to apply, pursuant to paragraph (1), to the limitations on duty hours for train employees of railroad carriers with respect to the

provision of commuter rail passenger transportation or intercity rail passenger transportation, the limitations on duty hours for train employees of such railroad carriers shall be governed by new section 21103, except as provided in paragraph (3).

(3) After the effective date of the regulations prescribed by the Secretary under section 21109(b) of this title, such carriers shall—

(A) comply with the limitations on duty hours for train employees with respect to the provision of commuter rail passenger transportation or intercity rail passenger transportation as prescribed by such regulations; and

(B) be exempt from complying with the provisions of old section 21103 and new section 21103 for such employees.

(4) In this subsection:

(A) The terms “commuter rail passenger transportation” and “intercity rail passenger transportation” have the meaning given those terms in section 24102 of this title.

(C)¹ The term “new section 21103” means section 21103 of this chapter as amended by the Rail Safety Improvement Act of 2008.

(D) The term “old section 21103” means section 21103 of this chapter as it was in effect on the day before the enactment of that Act.

In subsection (b), the words “with respect to one or more of its employees” are omitted as surplus because the authority to exempt a railroad carrier includes the authority to exempt only some of the employees of the carrier. The words “carrier to require or allow its employees to be on duty” are substituted for “any railroad described in this section to work its employees” for clarity and consistency in this chapter.

AMENDMENTS

2008—Pub. L. 110–432, §108(d)(1)(A), substituted “Non-application, exemption, and alternate hours of service regime” for “Nonapplication and exemption” in section catchline.

Subsec. (c). Pub. L. 110–432, §108(d)(1)(B), added subsec. (c).

§ 21103. Limitations on duty hours of train employees

(a) IN GENERAL.—Except as provided in subsection (d) of this section, a railroad carrier and its officers and agents may not require or allow a train employee to—

(1) remain on duty, go on duty, wait for deadhead transportation, be in deadhead transportation from a duty assignment to the place of final release, or be in any other mandatory service for the carrier in any calendar month where the employee has spent a total of 276 hours—

(A) on duty;

(B) waiting for deadhead transportation, or in deadhead transportation from a duty assignment to the place of final release; or

(C) in any other mandatory service for the carrier;

(2) remain or go on duty for a period in excess of 12 consecutive hours;

(3) remain or go on duty unless that employee has had at least 10 consecutive hours off duty during the prior 24 hours; or

(4) remain or go on duty after that employee has initiated an on-duty period each day for—

(A) 6 consecutive days, unless that employee has had at least 48 consecutive hours off duty at the employee’s home terminal during which time the employee is unavailable for any service for any railroad carrier except that—

(i) an employee may work a seventh consecutive day if that employee completed his or her final period of on-duty time on his or her sixth consecutive day at a terminal other than his or her home terminal; and

(ii) any employee who works a seventh consecutive day pursuant to subparagraph (i) shall have at least 72 consecutive hours off duty at the employee’s home terminal during which time the employee is unavailable for any service for any railroad carrier; or

(B) except as provided in subparagraph (A), 7 consecutive days, unless that employee has had at least 72 consecutive hours off duty at the employee’s home terminal during which time the employee is unavailable for any service for any railroad carrier, if—

(i) for a period of 18 months following the date of enactment of the Rail Safety Improvement Act of 2008, an existing collective bargaining agreement expressly provides for such a schedule or, following the expiration of 18 months after the date of enactment of the Rail Safety Improvement Act of 2008, collective bargaining agreements entered into during such period expressly provide for such a schedule;

(ii) such a schedule is provided for by a pilot program authorized by a collective bargaining agreement; or

(iii) such a schedule is provided for by a pilot program under section 21108 of this chapter related to employees' work and rest cycles.

The Secretary may waive paragraph (4), consistent with the procedural requirements of section 20103, if a collective bargaining agreement provides a different arrangement and such an arrangement is in the public interest and consistent with railroad safety.

(b) DETERMINING TIME ON DUTY.—In determining under subsection (a) of this section the time a train employee is on or off duty, the following rules apply:

(1) Time on duty begins when the employee reports for duty and ends when the employee is finally released from duty.

(2) Time the employee is engaged in or connected with the movement of a train is time on duty.

(3) Time spent performing any other service for the railroad carrier during a 24-hour period in which the employee is engaged in or connected with the movement of a train is time on duty.

(4) Time spent in deadhead transportation to a duty assignment is time on duty, but time spent in deadhead transportation from a duty assignment to the place of final release is neither time on duty nor time off duty.

(5) An interim period available for rest at a place other than a designated terminal is time on duty.

(6) An interim period available for less than 4 hours rest at a designated terminal is time on duty.

(7) An interim period available for at least 4 hours rest at a place with suitable facilities for food and lodging is not time on duty when the employee is prevented from getting to the employee's designated terminal by any of the following:

- (A) a casualty.
- (B) a track obstruction.
- (C) an act of God.
- (D) a derailment or major equipment failure resulting from a cause that was unknown and unforeseeable to the railroad carrier or its officer or agent in charge of that employee when that employee left the designated terminal.

(c) LIMBO TIME LIMITATION AND ADDITIONAL REST REQUIREMENT.—

(1) A railroad carrier may not require or allow an employee—

(A) to exceed a total of 40 hours per calendar month spent—

(i) waiting for deadhead transportation; or

(ii) in deadhead transportation from a duty assignment to the place of final release,

following a period of 12 consecutive hours on duty that is neither time on duty nor time off duty, not including interim rest periods, during the period from the date of enactment of the Rail Safety Improvement Act of 2008 to one year after such date of enactment; and

(B) to exceed a total of 30 hours per calendar month spent—

(i) waiting for deadhead transportation; or

(ii) in deadhead transportation from a duty assignment to the place of final release,

following a period of 12 consecutive hours on duty that is neither time on duty nor time off duty, not including interim rest periods, during the period beginning one year after the date of enactment of the Rail Safety Improvement Act of 2008 except that the Secretary may further limit the monthly limitation pursuant to regulations prescribed under section 21109.

(2) The limitations in paragraph (1) shall apply unless the train carrying the employee is directly delayed by—

- (A) a casualty;
- (B) an accident;
- (C) an act of God;
- (D) a derailment;
- (E) a major equipment failure that prevents the train from advancing; or
- (F) a delay resulting from a cause unknown and unforeseeable to a railroad carrier or its officer or agent in charge of the employee when the employee left a terminal.

(3) Each railroad carrier shall report to the Secretary, in accordance with procedures established by the Secretary, each instance where an employee subject to this section spends time waiting for deadhead transportation or in deadhead transportation from a duty assignment to the place of final release in excess of the requirements of paragraph (1).

(4) If—

- (A) the time spent waiting for deadhead transportation or in deadhead transportation from a duty assignment to the place of final release that is not time on duty, plus
- (B) the time on duty,

exceeds 12 consecutive hours, the railroad carrier and its officers and agents shall provide the employee with additional time off duty equal to the number of hours by which such sum exceeds 12 hours.

(d) EMERGENCIES.—A train employee on the crew of a wreck or relief train may be allowed to remain or go on duty for not more than 4 additional hours in any period of 24 consecutive hours when an emergency exists and the work of the crew is related to the emergency. In this subsection, an emergency ends when the track is cleared and the railroad line is open for traffic.

(e) COMMUNICATION DURING TIME OFF DUTY.—During a train employee's minimum off-duty period of 10 consecutive hours, as provided under subsection (a) or during an interim period of at least 4 consecutive hours available for rest under subsection (b)(7) or during additional off-duty hours under subsection (c)(4), a railroad carrier, and its officers and agents, shall not communicate with the train employee by telephone, by pager, or in any other manner that could reasonably be expected to disrupt the employee's rest. Nothing in this subsection shall prohibit communication necessary to notify an employee of an emergency situation, as defined by the Secretary. The Secretary may waive the

requirements of this paragraph for commuter or intercity passenger railroads if the Secretary determines that such a waiver will not reduce safety and is necessary to maintain such railroads' efficient operations and on-time performance of its trains.

In clause (2), the words "12 consecutive hours" are substituted for "continuously . . . fourteen hours" and "except that, effective upon the expiration of the two-year period beginning on the effective date of this paragraph, such fourteen-hour duty period shall be reduced to twelve hours" because the 2-year period has ended.

EFFECTIVE DATE OF 2008 AMENDMENT

Amendment by Pub. L. 110-432 effective 9 months after Oct. 16, 2008, see section 108(g) of Pub. L. 110-432, set out as a note under section 21101 of this title.

§ 21104. Limitations on duty hours of signal employees

(a) IN GENERAL.—Except as provided in subsection (c) of this section, a railroad carrier and its officers and agents may not require or allow its signal employees to remain or go on duty and a contractor or subcontractor to a railroad carrier and its officers and agents may not require or allow its signal employees to remain or go on duty—

(1) for a period in excess of 12 consecutive hours; or

(2) unless that employee has had at least 10 consecutive hours off duty during the prior 24 hours.

(b) DETERMINING TIME ON DUTY.—In determining under subsection (a) of this section the time a signal employee is on duty or off duty, the following rules apply:

(1) Time on duty begins when the employee reports for duty and ends when the employee is finally released from duty.

(2) Time spent performing any other service for the railroad carrier during a 24-hour period in which the employee is engaged in installing, repairing, or maintaining signal systems is time on duty.

(3) Time spent returning from a trouble call, whether the employee goes directly to the employee's residence or by way of the employee's headquarters, is neither time on duty nor time off duty.

(4) If, at the end of scheduled duty hours, an employee has not completed the trip from the final outlying worksite of the duty period to the employee's headquarters or directly to the employee's residence, the time after the scheduled duty hours necessarily spent in completing the trip to the residence or headquarters is neither time on duty nor time off duty.

(5) If an employee is released from duty at an outlying worksite before the end of the employee's scheduled duty hours to comply with this section, the time necessary for the trip from the worksite to the employee's headquarters or directly to the employee's residence is neither time on duty nor time off duty.

(6) Time spent in transportation on an on-track vehicle, including time referred to in paragraphs (3)–(5) of this subsection, is time on duty.

(7) A regularly scheduled meal period or another release period of at least 30 minutes but not more than one hour is time off duty and does not break the continuity of service of the employee under this section, but a release pe-

riod of more than one hour is time off duty and does break the continuity of service.

(c) EMERGENCIES.—A signal employee may be allowed to remain or go on duty for not more than 4 additional hours in any period of 24 consecutive hours when an emergency exists and the work of that employee is related to the emergency. In this subsection, an emergency ends when the signal system is restored to service. A signal employee may not be allowed to remain or go on duty under the emergency authority provided under this subsection to conduct routine repairs, routine maintenance, or routine inspection of signal systems.

(d) COMMUNICATION DURING TIME OFF DUTY.—During a signal employee’s minimum off-duty period of 10 consecutive hours, as provided under subsection (a), a railroad carrier or a contractor or subcontractor to a railroad carrier, and its officers and agents, shall not communicate with the signal employee by telephone, by pager, or in any other manner that could reasonably be expected to disrupt the employee’s rest. Nothing in this subsection shall prohibit communication necessary to notify an employee of an emergency situation, as defined by the Secretary.

(e) EXCLUSIVITY.—The hours of service, duty hours, and rest periods of signal employees shall be governed exclusively by this chapter. Signal employees operating motor vehicles shall not be subject to any hours of service rules, duty hours or rest period rules promulgated by any Federal authority, including the Federal Motor Carrier Safety Administration, other than the Federal Railroad Administration.

§ 21108. Pilot projects

(a) **IN GENERAL.**—As of the date of enactment of the Rail Safety Improvement Act of 2008, a railroad carrier or railroad carriers and all non-profit employee labor organizations representing any class or craft of directly affected covered service employees of the railroad carrier or railroad carriers, may jointly petition the Secretary of Transportation for approval of—

(1) a waiver of compliance with this chapter as in effect on the date of enactment of the Rail Safety Improvement Act of 2008; or

(2) a waiver of compliance with this chapter as it will be effective 9 months after the enactment of the Rail Safety Improvement Act of 2008,

(b) **GRANTING OF WAIVERS.**—The Secretary may, after notice and opportunity for comment, approve such waivers described in subsection (a) for a period not to exceed two years, if the Secretary determines that such a waiver of compliance is in the public interest and is consistent with railroad safety.

(c) **EXTENSIONS.**—Any such waiver, based on a new petition, may be extended for additional periods of up to two years, after notice and opportunity for comment. An explanation of any waiver granted under this section shall be published in the Federal Register.

(d) **REPORT.**—The Secretary of Transportation shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives, no later than December 31, 2012, or, if no projects are completed prior to December 31, 2012, no later than 6 months after the completion of a pilot project, a report that—

AMENDMENTS

2008—Pub. L. 110-432 amended section generally, revising and restating provisions of former subsec. (a) relating to waivers as subssecs. (a) to (c), provisions of former subsec. § 21109. Regulatory authority

(a) **IN GENERAL.**—In order to improve safety and reduce employee fatigue, the Secretary may prescribe regulations—

(1) to reduce the maximum hours an employee may be required or allowed to go or remain on duty to a level less than the level established under this chapter;

(2) to increase the minimum hours an employee may be required or allowed to rest to a level greater than the level established under this chapter;

(3) to limit or eliminate the amount of time an employee spends waiting for deadhead transportation or in deadhead transportation from a duty assignment to the place of final release that is considered neither on duty nor off duty under this chapter;

(4) for signal employees—

(A) to limit or eliminate the amount of time that is considered to be neither on duty nor off duty under this chapter that an employee spends returning from an outlying worksite after scheduled duty hours or returning from a trouble call to the employee’s headquarters or directly to the employee’s residence; and

(B) to increase the amount of time that constitutes a release period, that does not break the continuity of service and is considered time off duty; and

(5) to require other changes to railroad operating and scheduling practices, including unscheduled duty calls, that could affect employee fatigue and railroad safety.

(b) **REGULATIONS GOVERNING THE HOURS OF SERVICE OF TRAIN EMPLOYEES OF COMMUTER AND INTERCITY PASSENGER RAILROAD CARRIERS.**—Within 3 years after the date of enactment of the Rail Safety Improvement Act of 2008, the Secretary shall prescribe regulations and issue orders to establish hours of service requirements for train employees engaged in commuter rail passenger transportation and intercity rail passenger transportation (as defined in section 24102 of this title) that may differ from the requirements of this chapter. Such regulations and orders may address railroad operating and scheduling practices, including unscheduled duty calls, communications during time off duty, and time spent waiting for deadhead transportation or in deadhead transportation from a

duty assignment to the place of final release, that could affect employee fatigue and railroad safety.

(c) CONSIDERATIONS.—In issuing regulations under subsection (a) the Secretary shall consider scientific and medical research related to fatigue and fatigue abatement, railroad scheduling and operating practices that improve safety or reduce employee fatigue, a railroad’s use of new or novel technology intended to reduce or eliminate human error, the variations in freight and passenger railroad scheduling practices and operating conditions, the variations in duties and operating conditions for employees subject to this chapter, a railroad’s required or voluntary use of fatigue management plans covering employees subject to this chapter, and any other relevant factors.

(d) TIME LIMITS.—

(1) If the Secretary determines that regulations are necessary under subsection (a), the Secretary shall first request that the Railroad Safety Advisory Committee develop proposed regulations and, if the Committee accepts the task, provide the Committee with a reasonable time period in which to complete the task.

(2) If the Secretary requests that the Railroad Safety Advisory Committee accept the task of developing regulations under subsection (b) and the Committee accepts the task, the Committee shall reach consensus on the rulemaking within 18 months after accepting the task. If the Committee does not reach consensus within 18 months after the Secretary makes the request, the Secretary shall prescribe appropriate regulations within 18 months.

(3) If the Secretary does not request that the Railroad Safety Advisory Committee accept the task of developing regulations under subsection (b), the Secretary shall prescribe regulations within 3 years after the date of enactment of the Rail Safety Improvement Act of 2008.

(e) PILOT PROJECTS.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of the Rail Safety Improvement Act of 2008, the Secretary shall conduct at least 2 pilot projects of sufficient size and scope to analyze specific practices which may be used to reduce fatigue for train and engine and other railroad employees as follows:

(A) A pilot project at a railroad or railroad facility to evaluate the efficacy of communicating to employees notice of their assigned shift time 10 hours prior to the beginning of their assigned shift as a method for reducing employee fatigue.

(B) A pilot project at a railroad or railroad facility to evaluate the efficacy of requiring railroads who use employee scheduling practices that subject employees to periods of unscheduled duty calls to assign employees to defined or specific unscheduled call shifts that are followed by shifts not subject to call, as a method for reducing employee fatigue.

(2) WAIVER.—The Secretary may temporarily waive the requirements of this section, if nec-

essary, to complete a pilot project under this subsection.

(f) DUTY CALL DEFINED.—In this section the term “duty call” means a telephone call that a railroad places to an employee to notify the employee of his or her assigned shift time.

SUBCHAPTER I—CIVIL PENALTIES

§ 21301. Chapter 201 general violations

(a) PENALTY.—(1) A person may not fail to comply with section 20160 or with a regulation prescribed or order issued by the Secretary of Transportation under chapter 201 of this title. Subject to section 21304 of this title, a person violating section 20160 of this title or a regulation prescribed or order issued by the Secretary under chapter 201 is liable to the United States Government for a civil penalty. The Secretary shall impose the penalty applicable under paragraph (2) of this subsection. A separate violation occurs for each day the violation continues.

(2) The Secretary shall include in, or make applicable to, each regulation prescribed and order issued under chapter 201 of this title a civil penalty for a violation. The Secretary shall impose a civil penalty for a violation of section 20160 of this title. The amount of the penalty shall be at least \$500 but not more than \$25,000. However, when a grossly negligent violation or a pattern of repeated violations has caused an imminent hazard of death or injury to individuals, or has caused death or injury, the amount may be not more than \$100,000.

(3) The Secretary may compromise the amount of a civil penalty imposed under this subsection to not less than \$500 before referring the matter to the Attorney General for collection. In determining the amount of a compromise, the Secretary shall consider—

See also section 6 of this bill that provides that this bill restates, without substantive change, the provisions of law replaced by this bill, and that this bill may not be construed as making a substantive change in the law restated. law. The words “A separate violation” are substituted for “a separate offense” for consistency.

In subsection (a)(3), the words “may compromise the amount . . . to not less than \$500” are substituted for “may, however, be compromised . . . for any amount, but in no event for an amount less than the minimum provided in subsection (b) of this section” for clarity and to eliminate unnecessary words. In clause (B), the words “prior or subsequent” are omitted as unnecessary.

In subsection (c), the words “deposited in” are substituted for “covered into” for consistency in the revised title and with other titles of the United States Code.

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104–287 effective July 5, 1994, see section 8(1) of Pub. L. 104–287, set out as a note under section 5303 of this title.

§ 21302. Chapter 201 accident and incident violations and chapter 203–209 violations

(a) PENALTY.—(1) Subject to section 21304 of this title, a person violating a regulation prescribed or order issued under chapter 201 of this title related to accident and incident reporting or investigation, or violating chapters 203–209 of this title or a regulation or requirement prescribed or order issued under chapters 203–209, is liable to the United States Government for a civil penalty. An act by an individual that causes a railroad carrier to be in violation is a violation. A separate violation occurs for each day the violation continues.

(2) The Secretary of Transportation imposes a civil penalty under this subsection. The amount of the penalty shall be at least \$500 but not more than \$25,000. However, when a grossly negligent violation or a pattern of repeated violations has caused an imminent hazard of death or injury to individuals, or has caused death or injury, the amount may be not more than \$100,000.

(3) The Secretary may compromise the amount of the civil penalty under section 3711 of title 31. In determining the amount of a compromise, the Secretary shall consider—

(A) the nature, circumstances, extent, and gravity of the violation;

(B) with respect to the violator, the degree of culpability, any history of violations, the ability to pay, and any effect on the ability to continue to do business; and

(C) other matters that justice requires.

(4) If the Secretary does not compromise the amount of the civil penalty, the Secretary shall refer the matter to the Attorney General for collection.

(b) CIVIL ACTIONS TO COLLECT.—The Attorney General shall bring a civil action in a district court of the United States to collect a civil penalty that is referred to the Attorney General for collection under subsection (a) of this section. The action may be brought in the judicial district in which the violation occurred or the defendant has its principal executive office. If the action is against an individual, the action also may be brought in the judicial district in which the individual resides.

In subsection (a)(1), the words “(including but not limited to a railroad; any manager, supervisor, official, or other employee or agent of a railroad; any owner, manufacturer, lessor, or lessee of railroad equipment, track, or facilities; any independent contractor providing goods or services to a railroad; and any employee of such owner, manufacturer, lessor, lessee, or independent contractor)” are omitted as surplus because of the definition of “person” in 1:1 and because the provision being violated indicates to whom it applies. The words “violating a regulation prescribed or order issued under chapter 201 of this title related to accident and incident reporting or investigation” are substituted for “violating . . . any rule, regulation, order, or standard issued under . . . the Federal Railroad Safety Act of 1970 [45 U.S.C. 431 et seq.] pertaining to accident reporting or investigations” in 45:43, and the words “violating chapters 203-209 of this title or a regulation or requirement prescribed or order issued under chapters 203-209” are substituted for various language in the source provisions, for clarity, for consistency in this section, and to eliminate unnecessary words. The words “liable to the

United States Government for a civil penalty” are substituted for “liable to a penalty” for clarity. The text of 45:438(b) (related to 45:39) is omitted as covered by 45:43.

In subsection (a)(2), the words “The Secretary of Transportation imposes a civil penalty under this subsection” are substituted for “to be assessed by the Secretary of Transportation” in 45:6, “Such penalty shall be assessed by the Secretary of Transportation” in 45:13, the text of 45:10 (words after 7th comma) and 14 (words after semicolon), and “in such amount . . . as the Secretary of Transportation deems reasonable” in 45:34 and 43 and 49 App.:26(h) for clarity and to eliminate unnecessary words. The words “per violation” are omitted as surplus.

In subsections (a)(3) and (b), the words “Attorney General” are substituted for “United States attorney”, “such attorneys, subject to the direction of the Attorney General”, “proper United States attorney” and “proper United States attorneys” because of 28:509.

In subsection (a)(3), the words “section 3711 of title 31” are substituted for “the Federal Claims Collection Act of 1966” and “sections 3711 and 3716 to 3718 of title 31” because the Federal Claims Collection Act of 1966 has been repealed and reenacted as part of title 31 and penalties are compromised under 31:3711. In clause (B), the words “prior or subsequent” are omitted as unnecessary.

In subsection (a)(4), the words “the Secretary shall refer the matter to the Attorney General for collection” are substituted for “recovered in a suit or suits to be brought by” for clarity. The words “and it shall also be the duty of the Secretary of Transportation to lodge with . . . information of any such violations as may come to his knowledge” and “and it shall be the duty of the director of locomotive inspection to give information . . . of all violations coming to his knowledge” are omitted as obsolete.

In subsection (b), the words “The Attorney General shall bring a civil action in a district court of the United States to collect a civil penalty that is referred to the Attorney General for collection under subsection (a) of this section” are substituted for “and it shall be the duty of such United States attorney to bring such suits upon duly verified information being lodged with him of such violation having occurred” in 45:6, and for “It shall be the duty of such attorneys to bring such suits upon duly verified information being lodged with them showing such violations having occurred” in 49 App.:26, for clarity and consistency in this section and with other provisions of the revised title.

AMENDMENTS

2008—Subsec. (a)(2). Pub. L. 110-432 substituted “\$25,000.” for “\$10,000.” and “\$100,000.” for “\$20,000.”

§ 21303. Chapter 211 violations

(a) PENALTY.—(1) Subject to section 21304 of this title, a person violating chapter 211 of this title, including section 21103 (as such section was in effect on the day before the date of enactment of the Rail Safety Improvement Act of 2008), or violating any provision of a waiver applicable to that person that has been granted under section 21108 of this title, is liable to the United States Government for a civil penalty. An act by an individual that causes a railroad carrier to be in violation is a violation. For a violation of section 21106 of this title, a separate violation occurs for each day a facility is not in compliance.

(2) The Secretary of Transportation imposes a civil penalty under this subsection. The amount of the penalty shall be at least \$500 but not more than \$25,000. However, when a grossly negligent violation or a pattern of repeated violations has caused an imminent hazard of death or injury to

individuals, or has caused death or injury, the amount may be not more than \$100,000.

(3) The Secretary may compromise the amount of the civil penalty under section 3711 of title 31. In determining the amount of a compromise, the Secretary shall consider—

(A) the nature, circumstances, extent, and gravity of the violation;

(B) with respect to the violator, the degree of culpability, any history of violations, the ability to pay, and any effect on the ability to continue to do business; and

(C) other matters that justice requires.

(4) If the Secretary does not compromise the amount of the civil penalty, the Secretary shall refer the matter to the Attorney General for collection.

(b) CIVIL ACTIONS TO COLLECT.—(1) The Attorney General shall bring a civil action in a district court of the United States to collect a civil penalty that is referred to the Attorney General for collection under subsection (a) of this section after satisfactory information is presented to the Attorney General. The action may be brought in the judicial district in which the violation occurred or the defendant has its principal executive office. If the action is against an individual, the action also may be brought in the judicial district in which the individual resides.

(2) A civil action under this subsection must be brought not later than 2 years after the date of the violation unless administrative notification under section 3711 of title 31 is given within that 2-year period to the person committing the violation. However, even if notification is given, the action must be brought within the period specified in section 2462 of title 28.

(c) IMPUTATION OF KNOWLEDGE.—In any proceeding under this section, a railroad carrier is deemed to know the acts of its officers and agents.

PART B—ASSISTANCE

CHAPTER 221—LOCAL RAIL FREIGHT ASSISTANCE

- Sec. 22101. Financial assistance for State projects.
- 22102. Eligibility.
- 22103. Applications.
- 22104. State rail plan financing.
- 22105. Sharing project costs.
- 22106. Limitations on financial assistance.
- 22107. Records, audits, and information.
- 22108. Authorization of appropriations.

§ 22101. Financial assistance for State projects

(a) GENERAL.—The Secretary of Transportation shall provide financial assistance to a State, as provided under this chapter, for a rail freight assistance project of the State when a rail carrier subject to part A of subtitle IV of this title maintains a rail line in the State. The assistance is for the cost of—

(1) acquiring, in any way the State considers appropriate, an interest in a rail line or rail property to maintain existing, or to provide future, rail freight transportation, but only if the Surface Transportation Board has authorized, or exempted from the requirements of that authorization, the abandonment of, or the discontinuance of rail transportation on, the rail line related to the project;

(2) improving and rehabilitating rail property on a rail line to the extent necessary to allow adequate and efficient rail freight transportation on the line, but only if the rail carrier certifies that the rail line related to the project carried not more than 5,000,000 gross ton-miles of freight a mile in the prior year; and

(3) building rail or rail-related facilities (including new connections between at least 2 existing rail lines, intermodal freight terminals, sidings, bridges, and relocation of existing lines) to improve the quality and efficiency of the rail freight transportation, but only if the rail carrier certifies that the rail line related to the project carried not more than 5,000,000 gross ton-miles of freight a mile in the prior year.

(b) CALCULATING COST-BENEFIT RATIO.—The Secretary shall establish a methodology for calculating the ratio of benefits to costs of projects proposed under this chapter. In establishing the methodology, the Secretary shall consider the need for equitable treatment of different regions of the United States and different commodities transported by rail. The establishment of the methodology is committed to the discretion of the Secretary.

(c) CONDITIONS.—(1) Assistance for a project shall be provided under this chapter only if—

(A) a rail carrier certifies that the rail line related to the project carried more than 20 carloads a mile during the most recent year during which transportation was provided by the carrier on the line; and

(B) the ratio of benefits to costs for the project, as calculated using the methodology

established under subsection (b) of this section, is more than 1.0.

(2) If the rail carrier that provided the transportation on the rail line is no longer in existence, the applicant for the project shall provide the information required by the certification under paragraph (1)(A) of this subsection in the way the Secretary prescribes.

(3) The Secretary may waive the requirement of paragraph (1)(A) or (2) of this subsection if the Secretary—

(A) decides that the rail line has contractual guarantees of at least 40 carloads a mile for each of the first 2 years of operation of the proposed project; and

(B) finds that there is a reasonable expectation that the contractual guarantees will be fulfilled.

(d) LIMITATIONS ON AMOUNTS.—A State may not receive more than 15 percent of the amounts provided in a fiscal year under this chapter. Not more than 20 percent of the amounts available under this chapter may be provided in a fiscal year for any one project.

PUB. L. 104-287

This amends 49:22106(b) to clarify the restatement of 49 App.:1654(d)(3) by section 1 of the Act of July 5, 1994 (Public Law 103-272, 108 Stat. 897).

AMENDMENTS

2008—Subsec. (a). Pub. L. 110-432, §701(a)(1), struck out last sentence which read as follows: “The State shall decide on the financial terms of the grant or loan, except that the time for making grant advances shall comply with regulations of the Secretary of the Treasury.”

Subsec. (b). Pub. L. 110-432, §701(a)(2), added subsec. (b) and struck out former subsec. (b). Prior to amendment, text read as follows: “The State shall place the United States Government’s share of money that is repaid in an interest-bearing account. However, the Secretary of Transportation may allow a borrower to place that money, for the benefit of the State, in a bank designated by the Secretary of the Treasury under section 10 of the Act of June 11, 1942 (12 U.S.C. 265). The State shall use the money and accumulated interest to make other grants and loans under this chapter in the same manner and under the same conditions as if they were originally granted to the State by the Secretary of Transportation.”

Subsecs. (c), (d). Pub. L. 110-432, §701(a)(3), redesignated subsec. (d) as (c) and struck out former subsec. (c). Text of former subsec. (c) read as follows: “The State may pay the Secretary of Transportation the Government’s share of unused money and accumulated interest at any time. However, the State must pay the unused money and accumulated interest to the Secretary when the State ends its participation under this chapter.”

Subsec. (e). Pub. L. 110-432, §701(a)(3), struck out subsec. (e). Text read as follows: “Each State shall retain a contingent interest (redeemable preference shares) for the Government’s share of amounts in a rail line receiving assistance under this chapter. The State may collect its share of the amounts used for the rail line if—

“(1) an application for abandonment of the rail line is filed under chapter 109 of this title; or

“(2) the rail line is sold or disposed of after it has received assistance under this chapter.”

1996—Subsec. (b). Pub. L. 104-287 inserted “in the same manner and under the same conditions as if they were originally granted to the State by the Secretary of Transportation” after “under this chapter”.

EFFECTIVE DATE OF 1996 AMENDMENT

Amendment by Pub. L. 104-287 effective July 5, 1994, see section 8(1) of Pub. L. 104-287, set out as a note under section 5303 of this title.

§ 22107. Records, audits, and information

(a) RECORDS.—Each recipient of financial assistance through an arrangement under this chapter shall keep records required by the Secretary of Transportation. The records shall be kept for 3 years after a project is completed and shall disclose—

(1) the amount of, and disposition by the recipient, of the assistance;

(2) the total costs of the project for which the assistance was given or used;

(3) the amount of that part of the costs of the project paid by other sources; and

(4) any other records that will make an effective audit easier.

(b) AUDITS.—The Secretary shall make regular financial and performance audits, as provided under chapter 75 of title 31, of activities and transactions assisted under this chapter.

(c) INFORMATION.—The Surface Transportation Board shall provide the Secretary with information the Secretary requests to assist in carrying out this chapter. The Board shall provide the information not later than 30 days after receiving a request from the Secretary.

(d) LIST OF RAIL LINES.—Not later than August 1 of each year, each rail carrier subject to part A of subtitle IV of this title shall submit to the Secretary a list of the rail lines of the carrier that carried not more than 5,000,000 gross ton-miles of freight a mile in the prior year.

CHAPTER 223—CAPITAL GRANTS FOR CLASS II AND CLASS III RAILROADS

Sec. 22301. Capital grants for class II and class III railroads.

AMENDMENTS

2007—Pub. L. 110-140, title XI, §1112(a), Dec. 19, 2007, 121 Stat. 1758, substituted “CAPITAL GRANTS FOR CLASS II AND CLASS III RAILROADS” for “LIGHT DENSITY RAIL LINE PILOT PROJECTS” in chapter heading and “Capital grants for class II and class III railroads” for “Light density rail line pilot projects” in item 22301.

§ 22301. Capital grants for class II and class III railroads

(a) ESTABLISHMENT OF PROGRAM.—

(1) ESTABLISHMENT.—The Secretary of Transportation shall establish a program for making capital grants to class II and class III railroads. Such grants shall be for projects in the public interest that—

- (A)(i) rehabilitate, preserve, or improve railroad track (including roadbed, bridges, and related track structures) used primarily for freight transportation;

(ii) facilitate the continued or greater use of railroad transportation for freight shipments; and

(iii) reduce the use of less fuel efficient modes of transportation in the transportation of such shipments; or

(B) demonstrate innovative technologies and advanced research and development that increase fuel economy, reduce greenhouse gas emissions, and lower the costs of operation.

(2) PROVISION OF GRANTS.—Grants may be provided under this chapter—

(A) directly to the class II or class III railroad; or

(B) with the concurrence of the class II or class III railroad, to a State or local government.

(3) STATE COOPERATION.—Class II and class III railroad applicants for a grant under this chapter are encouraged to utilize the expertise and assistance of State transportation agencies in applying for and administering such grants. State transportation agencies are encouraged to provide such expertise and assistance to such railroads.

(4) REGULATIONS.—Not later than October 1, 2008, the Secretary shall issue final regulations to implement the program under this section.

(b) MAXIMUM FEDERAL SHARE.—The maximum Federal share for carrying out a project under this section shall be 80 percent of the project cost. The non-Federal share may be provided by any non-Federal source in cash, equipment, or supplies. Other in-kind contributions may be approved by the Secretary on a case-by-case basis consistent with this chapter.

(c) USE OF FUNDS.—Grants provided under this section shall be used to implement track capital projects as soon as possible. In no event shall grant funds be contractually obligated for a project later than the end of the third Federal fiscal year following the year in which the grant was awarded. Any funds not so obligated by the end of such fiscal year shall be returned to the Secretary for reallocation.

(d) EMPLOYEE PROTECTION.—The Secretary shall require as a condition of any grant made under this section that the recipient railroad provide a fair arrangement at least as protective of the interests of employees who are affected by the project to be funded with the grant as the terms imposed under section 11326(a), as in effect on the date of the enactment of this chapter.

(e) LABOR STANDARDS.—

(1) PREVAILING WAGES.—The Secretary shall ensure that laborers and mechanics employed by contractors and subcontractors in construction work financed by a grant made under this section will be paid wages not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor under subchapter IV of chapter 31 of title 40 (commonly known as the “Davis-Bacon Act”). The Secretary shall make a grant under this section only after being assured that required labor standards will be maintained on the construction work.

(2) WAGE RATES.—Wage rates in a collective bargaining agreement negotiated under the Railway Labor Act (45 U.S.C. 151 et seq.) are deemed for purposes of this subsection to comply with the¹ subchapter IV of chapter 31 of title 40.

(f) STUDY.—The Secretary shall conduct a study of the projects carried out with grant assistance under this section to determine the extent to which the program helps promote a reduction in fuel use associated with the transportation of freight and demonstrates innovative technologies that increase fuel economy, reduce greenhouse gas emissions, and lower the costs of operation. Not later than March 31, 2009, the Secretary shall submit a report to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the study, including any recommendations the Secretary considers appropriate regarding the program.

(g) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary \$50,000,000 for each of fiscal years 2008 through 2011 for carrying out this section.

(Added Pub. L. 110–140, title XI, § 1112(a), Dec. 19, 2007, 121 Stat. 1758; amended Pub. L. 110–432, div. A, title VII, § 701(b), Oct. 16, 2008, 122 Stat. 4906.)

AMENDMENTS

2008—Pub. L. 110-432, div. B, title II, §201(e)(2), title III, §302(b), Oct. 16, 2008, 122 Stat. 4911, 4947, substituted “Findings, mission, and goals” for “Findings, purpose, and goals” in item 24101 and added item 24105.

§ 24101. Findings, mission, and goals

(a) FINDINGS.—(1) Public convenience and necessity require that Amtrak, to the extent its budget allows, provide modern, cost-efficient, and energy-efficient intercity rail passenger transportation between crowded urban areas and in other areas of the United States.

(2) Rail passenger transportation can help alleviate overcrowding of airways and airports and on highways.

(3) A traveler in the United States should have the greatest possible choice of transportation most convenient to the needs of the traveler.

(4) A greater degree of cooperation is necessary among Amtrak, other rail carriers, State, regional, and local governments, the private sector, labor organizations, and suppliers of services and equipment to Amtrak to achieve a performance level sufficient to justify expending public money.

(5) Modern and efficient commuter rail passenger transportation is important to the viability and well-being of major urban areas and to the energy conservation and self-sufficiency goals of the United States.

(6) As a rail passenger transportation entity, Amtrak should be available to operate commuter rail passenger transportation through its subsidiary, Amtrak Commuter, under contract with commuter authorities that do not provide the transportation themselves as part of the governmental function of the State.

(7) The Northeast Corridor is a valuable resource of the United States used by intercity and commuter rail passenger transportation and freight transportation.

(8) Greater coordination between intercity and commuter rail passenger transportation is required.

(b) MISSION.—The mission of Amtrak is to provide efficient and effective intercity passenger rail mobility consisting of high quality service that is trip-time competitive with other intercity travel options and that is consistent with the goals of subsection (d).

(c) GOALS.—Amtrak shall—

(1) use its best business judgment in acting to minimize United States Government subsidies, including—

- (A) increasing fares;
- (B) increasing revenue from the transportation of mail and express;
- (C) reducing losses on food service;
- (D) improving its contracts with operating rail carriers;

- (E) reducing management costs; and
- (F) increasing employee productivity;

(2) minimize Government subsidies by encouraging State, regional, and local governments and the private sector, separately or in combination, to share the cost of providing rail passenger transportation, including the cost of operating facilities;

(3) carry out strategies to achieve immediately maximum productivity and efficiency consistent with safe and efficient transportation;

(4) operate Amtrak trains, to the maximum extent feasible, to all station stops within 15 minutes of the time established in public timetables;

(5) develop transportation on rail corridors subsidized by States and private parties;

(6) implement schedules based on a system-wide average speed of at least 60 miles an hour that can be achieved with a degree of reliability and passenger comfort;

(7) encourage rail carriers to assist in improving intercity rail passenger transportation;

(8) improve generally the performance of Amtrak through comprehensive and systematic operational programs and employee incentives;

(9) provide additional or complementary intercity transportation service to ensure mobility in times of national disaster or other instances where other travel options are not adequately available;

(10) carry out policies that ensure equitable access to the Northeast Corridor by intercity and commuter rail passenger transportation;

(11) coordinate the uses of the Northeast Corridor, particularly intercity and commuter rail passenger transportation; and

(12) maximize the use of its resources, including the most cost-effective use of employees, facilities, and real property.

(d) MINIMIZING GOVERNMENT SUBSIDIES.—To carry out subsection (c)(12) of this section, Amtrak is encouraged to make agreements with the private sector and undertake initiatives that are consistent with good business judgment and designed to maximize its revenues and minimize Government subsidies. Amtrak shall prepare a financial plan, consistent with section 204 of the Passenger Rail Investment and Improvement Act of 2008, including the budgetary goals for fiscal years 2009 through 2013. Amtrak and its Board of Directors shall adopt a long-term plan that minimizes the need for Federal operating subsidies.

“SEC. 207. METRICS AND STANDARDS.

“(a) IN GENERAL.—Within 180 days after the date of enactment of this Act [Oct. 16, 2008], the Federal Railroad Administration and Amtrak shall jointly, in consultation with the Surface Transportation Board, rail carriers over whose rail lines Amtrak trains operate, States, Amtrak employees, nonprofit employee organizations representing Amtrak employees, and groups representing Amtrak passengers, as appropriate, develop new or improve existing metrics and minimum standards for measuring the performance and service quality of intercity passenger train operations, including cost recovery, on-time performance and minutes of

delay, ridership, on-board services, stations, facilities, equipment, and other services. Such metrics, at a minimum, shall include the percentage of avoidable and fully allocated operating costs covered by passenger revenues on each route, ridership per train mile operated, measures of on-time performance and delays incurred by intercity passenger trains on the rail lines of each rail carrier and, for long-distance routes, measures of connectivity with other routes in all regions currently receiving Amtrak service and the transportation needs of communities and populations that are not well-served by other forms of intercity transportation. Amtrak shall provide reasonable access to the Federal Railroad Administration in order to enable the Administration to carry out its duty under this section.

“(b) QUARTERLY REPORTS.—The Administrator of the Federal Railroad Administration shall collect the necessary data and publish a quarterly report on the performance and service quality of intercity passenger train operations, including Amtrak’s cost recovery, ridership, on-time performance and minutes of delay, causes of delay, on-board services, stations, facilities, equipment, and other services.

“(c) CONTRACTS WITH HOST RAIL CARRIERS.—To the extent practicable, Amtrak and its host rail carriers shall incorporate the metrics and standards developed under subsection (a) into their access and service agreements.

“(d) ARBITRATION.—If the development of the metrics and standards is not completed within the 180-day period required by subsection (a), any party involved in the development of those standards may petition the Surface Transportation Board to appoint an arbitrator to assist the parties in resolving their disputes through binding arbitration.

“SEC. 208. METHODOLOGIES FOR AMTRAK ROUTE AND SERVICE PLANNING DECISIONS.

“(a) METHODOLOGY DEVELOPMENT.—Within 180 days after the date of enactment of this Act [Oct. 16, 2008], the Federal Railroad Administration shall obtain the services of a qualified independent entity to develop and recommend objective methodologies for Amtrak to use in determining what intercity passenger routes and services it will provide, including the establishment of new routes, the elimination of existing routes, and the contraction or expansion of services or frequencies over such routes. In developing such methodologies, the entity shall consider—

“(1) the current or expected performance and service quality of intercity passenger train operations, including cost recovery, on-time performance and minutes of delay, ridership, on-board services, stations, facilities, equipment, and other services;

“(2) connectivity of a route with other routes;

“(3) the transportation needs of communities and populations that are not well served by intercity passenger rail service or by other forms of intercity transportation;

“(4) Amtrak’s and other major intercity passenger rail service providers in other countries’ methodologies for determining intercity passenger rail routes and services; and

“(5) the views of the States and other interested parties.

“(b) SUBMITTAL TO CONGRESS.—Within 1 year after the date of enactment of this Act [Oct. 16, 2008], the entity shall submit recommendations developed under subsection (a) to Amtrak, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate.

“(c) CONSIDERATION OF RECOMMENDATIONS.—Within 90 days after receiving the recommendations developed under subsection (a) by the entity, the Amtrak Board of Directors shall consider the adoption of those recommendations. “(1) ensures, within 5 years after the date of enactment of this Act, equal treatment in the provision of like services of all States and groups of States (including the District of Columbia); and

“(2) allocates to each route the costs incurred only for the benefit of that route and a proportionate share, based upon factors that reasonably reflect relative use, of costs incurred for the common benefit of more than 1 route.

“(b) REVISIONS.—The Amtrak Board of Directors, in consultation with the Secretary, the governors of each relevant State, and the Mayor of the District of Columbia, or entities representing those officials, may revise or amend the methodology established under subsection (a) as necessary, consistent with the intent of this section, including revisions or modifications based on Amtrak’s financial accounting system developed pursuant to section 203 of this division.

“(c) REVIEW.—If Amtrak and the States (including the District of Columbia) in which Amtrak operates such routes do not voluntarily adopt and implement the methodology developed under subsection (a) in allocating costs and determining compensation for the provision of service in accordance with the date established therein, the Surface Transportation Board shall determine the appropriate methodology required under subsection (a) for such services in accordance with the procedures and procedural schedule applicable to a proceeding under section 24904(c) of title 49, United States Code, and require the full implementation of this methodology with regards to the provision of such service within 1 year after the Board’s determination of the appropriate methodology.

“(d) USE OF CHAPTER 244 FUNDS.—Funds provided to a State under chapter 244 of title 49, United States Code, may be used, as provided in that chapter, to pay capital costs determined in accordance with this section.”

“(d) FUNDING.—In addition to the authorizations provided in this section, capital projects to carry out the purposes of this section shall be eligible for grants made pursuant to chapter 244 of title 49, United States Code.

“(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary [of Transportation] \$5,000,000 for fiscal year 2010, to remain available until expended, for grants to Amtrak and States participating in the Next Generation Corridor Train Equipment Pool Committee established under this section for the purpose of designing, developing specifications for, and initiating the procurement of an initial order of 1 or more types of standardized next-generation corridor train equipment and establishing a jointly-owned corporation to manage that equipment.”

FAIR COMPETITIVE BIDDING FOR STATE-SUPPORTED INTERCITY RAIL SERVICE

Pub. L. 108–447, div. H, title I, § 150, Dec. 8, 2004, 118 Stat. 3221, which provided that for the purpose of assisting State-supported intercity rail service, in order to demonstrate whether competition would provide higher quality rail passenger service at reasonable prices, the Secretary of Transportation, working with affected States, was to develop and implement a procedure for fair competitive bidding by Amtrak and non-Amtrak operators for State-supported routes, was from the Consolidated Appropriations Act, 2005, and was not repeated in subsequent appropriation acts.

Similar provisions were contained in the following prior appropriation act:

Pub. L. 108–199, div. F, title I, § 151, Jan. 23, 2004, 118 Stat. 303.

AMTRAK FINDINGS

Pub. L. 105–134, § 2, Dec. 2, 1997, 111 Stat. 2571, provided that: “The Congress finds that—

“(1) intercity rail passenger service is an essential component of a national intermodal passenger transportation system;

“(2) Amtrak is facing a financial crisis, with growing and substantial debt obligations severely limiting its ability to cover operating costs and jeopardizing its long-term viability;

“(3) immediate action is required to improve Amtrak’s financial condition if Amtrak is to survive;

“(4) all of Amtrak’s stakeholders, including labor, management, and the Federal Government, must participate in efforts to reduce Amtrak’s costs and increase its revenues;

“(5) additional flexibility is needed to allow Amtrak to operate in a businesslike manner in order to manage costs and maximize revenues;

“(6) Amtrak should ensure that new management flexibility produces cost savings without compromising safety;

“(7) Amtrak’s management should be held accountable to ensure that all investment by the Federal Government and State governments is used effectively to improve the quality of service and the long-term financial health of Amtrak;

“(8) Amtrak and its employees should proceed quickly with proposals to modify collective bargaining agreements to make more efficient use of manpower and to realize cost savings which are necessary to reduce Federal financial assistance;

“(9) Amtrak and intercity bus service providers should work cooperatively and develop coordinated intermodal relationships promoting seamless transportation services which enhance travel options and increase operating efficiencies;

“(10) Amtrak’s Strategic Business Plan calls for the establishment of a dedicated source of capital funding for Amtrak in order to ensure that Amtrak will be able to fulfill the goals of maintaining—

“(A) a national passenger rail system; and

“(B) that system without Federal operating assistance; and

“(11) Federal financial assistance to cover operating losses incurred by Amtrak should be eliminated by the year 2002.”

FISCAL ACCOUNTABILITY

Pub. L. 105-134, title II, §§202-205, Dec. 2, 1997, 111 Stat. 2578-2582, as amended by Pub. L. 108-271, §8(b), July 7, 2004, 118 Stat. 814; Pub. L. 110-432, div. B, title II, §218(a)(2), Oct. 16, 2008, 122 Stat. 4930, provided that:

“SEC. 202. INDEPENDENT ASSESSMENT.

“(a) INITIATION.—Not later than 15 days after the date of enactment of this Act [Dec. 2, 1997], the Secretary of Transportation shall contract with an entity independent of Amtrak and not in any contractual relationship with Amtrak, and independent of the Department of Transportation, to conduct a complete independent assessment of the financial requirements of Amtrak through fiscal year 2002. The entity shall have demonstrated knowledge about railroad industry accounting requirements, including the uniqueness of the industry and of Surface Transportation Board accounting requirements. The Department of Transportation, Office of Inspector General, shall approve the entity’s statement of work and the award and shall oversee the contract. In carrying out its responsibilities under the preceding sentence, the Inspector General’s Office shall perform such overview and validation or verification of data as may be necessary to assure that the assessment conducted under this subsection meets the requirements of this section.

“(b) ASSESSMENT CRITERIA.—The Secretary and Amtrak shall provide to the independent entity estimates of the financial requirements of Amtrak for the period described in subsection (a), using as a base the fiscal year 1997 appropriation levels established by the Congress. The independent assessment shall be based on an objective analysis of Amtrak’s funding needs.

“(c) CERTAIN FACTORS TO BE TAKEN INTO ACCOUNT.—The independent assessment shall take into account all relevant factors, including Amtrak’s—

“(1) cost allocation process and procedures;

For purposes of this clause, the cost to Amtrak of performing services shall be determined using generally accepted accounting principles for contracting. If identified, such contracts shall be detailed in the report of the independent assessment, as well as the methodology for preparation of bids to reflect Amtrak’s actual cost of performance.

“(2) REFORM.—If the independent assessment performed under this subparagraph reveals that Amtrak has performed services under contract for an amount less than the cost to Amtrak of performing such services, with respect to any activity other than the provision of intercity rail passenger transportation, or mail or express transportation, then Amtrak shall revise its methodology for preparation of bids to reflect its cost of performance.

“(e) DEADLINE.—The independent assessment shall be completed not later than 180 days after the contract is awarded, and shall be submitted to the Council established under section 203, the Secretary of Transportation, the Committee on Commerce, Science, and Transportation of the United States Senate, and the Committee on Transportation and Infrastructure of the United States House of Representatives.

Amtrak is qualified to do business in each State in which Amtrak carries out an activity authorized under this part. Amtrak shall accept service of process by certified mail addressed to the sec-

retary of Amtrak at its principal office and place of business. Amtrak is a citizen only of the District of Columbia when deciding original jurisdiction of the district courts of the United States in a civil action.

(c) APPLICATION OF SUBTITLE IV.—Subtitle IV of this title shall not apply to Amtrak, except for sections 11123, 11301, 11322(a), 11502, and 11706. Notwithstanding the preceding sentence, Amtrak shall continue to be considered an employer under the Railroad Retirement Act of 1974, the Railroad Unemployment Insurance Act, and the Railroad Retirement Tax Act.

(d) APPLICATION OF SAFETY AND EMPLOYEE RELATIONS LAWS AND REGULATIONS.—Laws and regulations governing safety, employee representation for collective bargaining purposes, the handling of disputes between carriers and employees, employee retirement, annuity, and unemployment systems, and other dealings with employees that apply to a rail carrier subject to part A of subtitle IV of this title apply to Amtrak.

(e) APPLICATION OF CERTAIN ADDITIONAL LAWS.—Section 552 of title 5, this part, and, to the extent consistent with this part, the District of Columbia Business Corporation Act (D.C. Code §29-301 et seq.) apply to Amtrak. Section 552 of title 5, United States Code, applies to Amtrak for any fiscal year in which Amtrak receives a Federal subsidy.

(f) TAX EXEMPTION FOR CERTAIN COMMUTER AUTHORITIES.—A commuter authority that was eligible to make a contract with Amtrak Commuter to provide commuter rail passenger transportation but which decided to provide its own rail passenger transportation beginning January 1, 1983, is exempt, effective October 1, 1981, from paying a tax or fee to the same extent Amtrak is exempt.

(g) NONAPPLICATION OF RATE, ROUTE, AND SERVICE LAWS.—A State or other law related to rates, routes, or service does not apply to Amtrak in connection with rail passenger transportation.

(h) NONAPPLICATION OF PAY PERIOD LAWS.—A State or local law related to pay periods or days for payment of employees does not apply to Amtrak. Except when otherwise provided under a collective bargaining agreement, an employee of Amtrak shall be paid at least as frequently as the employee was paid on October 1, 1979.

(i) PREEMPTION RELATED TO EMPLOYEE WORK REQUIREMENTS.—A State may not adopt or continue in force a law, rule, regulation, order, or standard requiring Amtrak to employ a specified number of individuals to perform a particular task, function, or operation.

- (A) “additional tax” means a tax or fee—

¹ So in original. Does not conform to section catchline.

(ii) on real property, except a tax or fee on the acquisition of real property or on the value of real property not attributable to improvements made, or the operation of those improvements, by Amtrak.

(B) "Amtrak" includes a rail carrier subsidiary of Amtrak and a lessor or lessee of Amtrak or one of its rail carrier subsidiaries.

(2) Amtrak is not required to pay an additional tax because of an expenditure to acquire or improve real property, equipment, a facility, or right-of-way material or structures used in providing rail passenger transportation, even if that use is indirect.

(I) EXEMPTION FROM TAXES LEVIED AFTER SEPTEMBER 30, 1981.—(1) IN GENERAL.—Amtrak, a rail carrier subsidiary of Amtrak, and any passenger or other customer of Amtrak or such subsidiary, are exempt from a tax, fee, head charge, or other charge, imposed or levied by a State, political subdivision, or local taxing authority on Amtrak, a rail carrier subsidiary of Amtrak, or on persons traveling in intercity rail passenger transportation or on mail or express transportation provided by Amtrak or such a subsidiary, or on the carriage of such persons, mail, or express, or on the sale of any such transportation, or on the gross receipts derived therefrom after September 30, 1981. In the case of a tax or fee that Amtrak was required to pay as of September 10, 1982, Amtrak is not exempt from such tax or fee if it was assessed before April 1, 1997.

Subject to appropriations—

(A) the retrofit program shall be completed not later than October 15, 2001; and

(B) a car that does not provide for the discharge of human waste only at a servicing facility shall be removed from service after that date.

(2) Section 361 of the Public Health Service Act (42 U.S.C. 264) and other laws of the United States, States, and local governments do not apply to waste disposal from rail carrier vehicles operated in intercity rail passenger transportation. The district courts of the United States have original jurisdiction over a civil action Amtrak brings to enforce this paragraph and may grant equitable or declaratory relief requested by Amtrak.

(n) RAIL TRANSPORTATION TREATED EQUALLY.—When authorizing transportation in the continental United States for an officer, employee,

or member of the uniformed services of a department, agency, or instrumentality of the Government, the head of that department, agency, or instrumentality shall consider rail transportation (including transportation by extra-fare trains) the same as transportation by another authorized mode. The Administrator of General Services shall include Amtrak in the contract air program of the Administrator in markets in which transportation provided by Amtrak is competitive with other carriers on fares and total trip times.

(o) APPLICABILITY OF DISTRICT OF COLUMBIA LAW.—Any lease or contract entered into between Amtrak and the State of Maryland, or any department or agency of the State of Maryland, after the date of the enactment of this subsection shall be governed by the laws of the District of Columbia.

In subsection (b)(2), the words “may provide” are substituted for “Nothing in this section shall be construed to restrict the right of . . . from performing” to eliminate unnecessary words and for clarity. The words “rail lines” are substituted for “lines” for clarity and consistency in the revised title and with other titles of the Code.

In subsection (b)(3), the words “has the effect of prohibiting or”, “fine, penalty, or other”, and “for violation of” are omitted as surplus. The words “rail carrier” are substituted for “common carrier by railroad” for consistency in the revised title and with other titles of the Code.

AMENDMENTS

1997—Subsec. (a). Pub. L. 105-134, §102(1), struck out at end “When requested by Amtrak, a department, agency, or instrumentality of the United States Government shall assist in carrying out this section.”

Subsec. (b). Pub. L. 105-134, §102(2), added subsec. (b) and struck out heading and text of former subsec. (b). Text read as follows:

“(1) A person primarily providing auto-ferry transportation and any other person not a rail carrier may provide auto-ferry transportation over any route under a certificate issued by the Interstate Commerce Commission if the Commission finds that the auto-ferry transportation—

“(A) will not impair the ability of Amtrak to reduce its losses or increase its revenues; and

“(B) is required to meet the public demand.

“(2) A rail carrier that has not made a contract with Amtrak to provide rail passenger transportation may provide auto-ferry transportation over its own rail lines.

“(3) State and local laws and regulations that impair the provision of auto-ferry transportation do not apply to Amtrak or a rail carrier providing auto-ferry transportation. A rail carrier may not refuse to participate with Amtrak in providing auto-ferry transportation because a State or local law or regulation makes the transportation unlawful.”

§ 24307. Special transportation

(a) REDUCED FARE PROGRAM.—Amtrak shall maintain a reduced fare program for the following:

- (1) individuals at least 65 years of age.
- (2) individuals (except alcoholics and drug abusers) who—
 - (A) have a physical or mental impairment that substantially limits a major life activity of the individual;
 - (B) have a record of an impairment; or
 - (C) are regarded as having an impairment.

(b) EMPLOYEE TRANSPORTATION.—(1) In this subsection, “rail carrier employee” means—

- (A) an active full-time employee of a rail carrier or terminal company and includes an employee on furlough or leave of absence;
- (B) a retired employee of a rail carrier or terminal company; and
- (C) a dependent of an employee referred to in clause (A) or (B) of this paragraph.

(2) Amtrak shall ensure that a rail carrier employee eligible for free or reduced-rate rail transportation on April 30, 1971, under an agreement in effect on that date is eligible, to the greatest extent practicable, for free or reduced-rate intercity rail passenger transportation pro-

vided by Amtrak under this part, if space is available, on terms similar to those available on that date under the agreement. However, Amtrak may apply to all rail carrier employees eligible to receive free or reduced-rate transportation under any agreement a single systemwide schedule of terms that Amtrak decides applied to a majority of employees on that date under all those agreements. Unless Amtrak and a rail carrier make a different agreement, the carrier shall reimburse Amtrak at the rate of 25 percent of the systemwide average monthly yield of each revenue passenger-mile. The reimbursement is in place of costs Amtrak incurs related to free or reduced-rate transportation, including liability related to travel of a rail carrier employee eligible for free or reduced-rate transportation.

(3) This subsection does not prohibit the Interstate Commerce Commission from ordering retroactive relief in a proceeding begun or reopened after October 1, 1981.

The evaluation shall include, for each applicable station, improvements required to bring it into compliance with the applicable parts of such section 242(e)(2), any potential barriers to achieving compliance, including issues related to passenger rail station platforms, the estimated cost of the improvements necessary, the identification of the responsible person (as defined in section 241(5) of that Act (42 U.S.C. 12161(5))), and the earliest practicable date when such improvements can be made. ABOLITION OF INTERSTATE COMMERCE COMMISSION AND TRANSFER OF FUNCTIONS

Interstate Commerce Commission abolished and functions of Commission transferred, except as otherwise provided in Pub. L. 104-88, to Surface Transportation Board effective Jan. 1, 1996, by section 702 of this title,

and section 101 of Pub. L. 104-88, set out as a note under section 701 of this title. References to Interstate Commerce Commission deemed to refer to Surface Transportation Board, a member or employee of the Board, or Secretary of Transportation, as appropriate, see section 205 of Pub. L. 104-88, set out as a note under section 701 of this title.

§ 24308. Use of facilities and providing services to Amtrak

(a) GENERAL AUTHORITY.—(1) Amtrak may make an agreement with a rail carrier or regional transportation authority to use facilities of, and have services provided by, the carrier or authority under terms on which the parties agree. The terms shall include a penalty for untimely performance.

(2)(A) If the parties cannot agree and if the Surface Transportation Board finds it necessary to carry out this part, the Board shall—

(i) order that the facilities be made available and the services provided to Amtrak; and

(ii) prescribe reasonable terms and compensation for using the facilities and providing the services.

(B) When prescribing reasonable compensation under subparagraph (A) of this paragraph, the Board shall consider quality of service as a major factor when determining whether, and the extent to which, the amount of compensation shall be greater than the incremental costs of using the facilities and providing the services.

(C) The Board shall decide the dispute not later than 90 days after Amtrak submits the dispute to the Board.

(3) Amtrak’s right to use the facilities or have the services provided is conditioned on payment of the compensation. If the compensation is not paid promptly, the rail carrier or authority entitled to it may bring an action against Amtrak to recover the amount owed.

(4) Amtrak shall seek immediate and appropriate legal remedies to enforce its contract rights when track maintenance on a route over which Amtrak operates falls below the contractual standard.

(b) OPERATING DURING EMERGENCIES.—To facilitate operation by Amtrak during an emergency, the Board, on application by Amtrak, shall require a rail carrier to provide facilities immediately during the emergency. The Board then shall promptly prescribe reasonable terms, including indemnification of the carrier by Amtrak against personal injury risk to which the carrier may be exposed. The rail carrier shall provide the facilities for the duration of the emergency.

(c) PREFERENCE OVER FREIGHT TRANSPORTATION.—Except in an emergency, intercity and commuter rail passenger transportation provided by or for Amtrak has preference over freight transportation in using a rail line, junction, or crossing unless the Board orders otherwise under this subsection. A rail carrier affected by this subsection may apply to the Board for relief. If the Board, after an opportunity for a hearing under section 553 of title 5, decides that preference for intercity and commuter rail passenger transportation materially will lessen the quality of freight transportation provided to shippers, the Board shall establish

the rights of the carrier and Amtrak on reasonable terms.

(d) ACCELERATED SPEEDS.—If a rail carrier refuses to allow accelerated speeds on trains operated by or for Amtrak, Amtrak may apply to the Board for an order requiring the carrier to allow the accelerated speeds. The Board shall decide whether accelerated speeds are unsafe or impracticable and which improvements would be required to make accelerated speeds safe and practicable. After an opportunity for a hearing, the Board shall establish the maximum allowable speeds of Amtrak trains on terms the Board decides are reasonable.

(e) ADDITIONAL TRAINS.—(1) When a rail carrier does not agree to provide, or allow Amtrak to provide, for the operation of additional trains over a rail line of the carrier, Amtrak may apply to the Board for an order requiring the carrier to provide or allow for the operation of the requested trains. After a hearing on the record, the Board may order the carrier, within 60 days, to provide or allow for the operation of the requested trains on a schedule based on legally permissible operating times. However, if the Board decides not to hold a hearing, the Board, not later than 30 days after receiving the application, shall publish in the Federal Register the reasons for the decision not to hold the hearing.

(2) The Board shall consider—

(A) when conducting a hearing, whether an order would impair unreasonably freight transportation of the rail carrier, with the carrier having the burden of demonstrating that the additional trains will impair the freight transportation; and

(B) when establishing scheduled running times, the statutory goal of Amtrak to implement schedules that attain a system-wide average speed of at least 60 miles an hour that can be adhered to with a high degree of reliability and passenger comfort.

(3) Unless the parties have an agreement that establishes the compensation Amtrak will pay the carrier for additional trains provided under an order under this subsection, the Board shall decide the dispute under subsection (a) of this section.

(f) PASSENGER TRAIN PERFORMANCE AND OTHER STANDARDS.—

(1) INVESTIGATION OF SUBSTANDARD PERFORMANCE.—If the on-time performance of any intercity passenger train averages less than 80 percent for any 2 consecutive calendar quarters, or the service quality of intercity passenger train operations for which minimum standards are established under section 207 of the Passenger Rail Investment and Improvement Act of 2008 fails to meet those standards for 2 consecutive calendar quarters, the Surface Transportation Board (referred to in this section as the “Board”) may initiate an investigation, or upon the filing of a complaint by Amtrak, an intercity passenger rail operator, a host freight railroad over which Amtrak operates, or an entity for which Amtrak operates intercity passenger rail service, the Board shall initiate such an investigation, to determine whether and to what extent delays or failure to achieve minimum standards are due

to causes that could reasonably be addressed by a rail carrier over whose tracks the intercity passenger train operates or reasonably addressed by Amtrak or other intercity passenger rail operators. As part of its investigation, the Board has authority to review the accuracy of the train performance data and the extent to which scheduling and congestion contribute to delays. In making its determination or carrying out such an investigation, the Board shall obtain information from all parties involved and identify reasonable measures and make recommendations to improve the service, quality, and on-time performance of the train.

(2) PROBLEMS CAUSED BY HOST RAIL CARRIER.—If the Board determines that delays or failures to achieve minimum standards investigated under paragraph (1) are attributable to a rail carrier’s failure to provide preference to Amtrak over freight transportation as required under subsection (c), the Board may award damages against the host rail carrier, including prescribing such other relief to Amtrak as it determines to be reasonable and appropriate pursuant to paragraph (3) of this subsection.

(3) DAMAGES AND RELIEF.—In awarding damages and prescribing other relief under this subsection the Board shall consider such factors as—

(A) the extent to which Amtrak suffers financial loss as a result of host rail carrier delays or failure to achieve minimum standards; and

(B) what reasonable measures would adequately deter future actions which may reasonably be expected to be likely to result in delays to Amtrak on the route involved.

(4) USE OF DAMAGES.—The Board shall, as it deems appropriate, order the host rail carrier to remit the damages awarded under this subsection to Amtrak or to an entity for which Amtrak operates intercity passenger rail service. Such damages shall be used for capital or operating expenditures on the routes over which delays or failures to achieve minimum standards were the result of a rail carrier’s failure to provide preference to Amtrak over freight transportation as determined in accordance with paragraph (2).

SPECIAL PASSENGER TRAINS

Pub. L. 110-432, div. B, title II, §216, Oct. 16, 2008, 122 Stat. 4930, provided that: “Amtrak is encouraged to increase the operation of special trains funded by, or in partnership with, private sector operators through competitive contracting to minimize the need for Federal subsidies. Amtrak shall utilize the provisions of section 24308 of title 49, United States Code, when necessary to obtain access to facilities, train and engine crews, or services of a rail carrier or regional transportation authority that are required to operate such trains.”

§ 24309. Retaining and maintaining facilities

(a) DEFINITIONS.—In this section—

(1) "facility" means a rail line, right of way, fixed equipment, facility, or real property related to a rail line, right of way, fixed equipment, or facility, including a signal system, passenger station and repair tracks, a station building, a platform, and a related facility, including a water, fuel, steam, electric, and air line.

(2) downgrading a facility means reducing a track classification as specified in the Federal Railroad Administration track safety standards or altering a facility so that the time required for rail passenger transportation to be provided over the route on which a facility is located may be increased.

(b) APPROVAL REQUIRED FOR DOWNGRADING OR DISPOSAL.—A facility of a rail carrier or regional transportation authority that Amtrak used to provide rail passenger transportation on February 1, 1979, or on January 1, 1997, may be downgraded or disposed of only after approval by the Secretary of Transportation under this section.

(c) NOTIFICATION AND ANALYSIS.—(1) A rail carrier intending to downgrade or dispose of a facility Amtrak currently is not using to provide transportation shall notify Amtrak of its intention. If, not later than 60 days after Amtrak receives the notice, Amtrak and the carrier do not agree to retain or maintain the facility or to convey an interest in the facility to Amtrak, the carrier may apply to the Secretary for approval to downgrade or dispose of the facility.

(2) After a rail carrier notifies Amtrak of its intention to downgrade or dispose of a facility, Amtrak shall survey population centers with rail passenger transportation facilities to assist in preparing a valid and timely analysis of the need for the facility and shall update the survey as appropriate. Amtrak also shall maintain a system for collecting information gathered in the survey. The system shall collect the information based on geographic regions and on whether the facility would be part of a short haul or long haul route. The survey should facilitate an analysis of—

(A) ridership potential by ascertaining existing and changing travel patterns that would provide maximum efficient rail passenger transportation;

(B) the quality of transportation of competitors or likely competitors;

(C) the likelihood of Amtrak offering transportation at a competitive fare;

(D) opportunities to target advertising and fares to potential classes of riders;

(E) economic characteristics of rail passenger transportation related to the facility and the extent to which the characteristics are consistent with sound economic principles of short haul or long haul rail transportation; and

(F) the feasibility of applying effective internal cost controls to the facility and route served by the facility to improve the ratio of passenger revenue to transportation expenses (excluding maintenance of tracks, structures, and equipment and depreciation).

(d) APPROVAL OF APPLICATION AND PAYMENT OF AVOIDABLE COSTS.—(1) If Amtrak does not object

to an application not later than 30 days after it is submitted, the Secretary shall approve the application promptly.

(2) If Amtrak objects to an application, the Secretary shall decide by not later than 180 days after the objection those costs the rail carrier may avoid if it does not have to retain or maintain a facility in the condition Amtrak requests. If Amtrak does not agree by not later than 60 days after the decision to pay the carrier these avoidable costs, the Secretary shall approve the application. When deciding whether to pay a carrier the avoidable costs of retaining or maintaining a facility, Amtrak shall consider—

(A) the potential importance of restoring rail passenger transportation on the route on which the facility is located;

(B) the market potential of the route;

(C) the availability, adequacy, and energy efficiency of an alternate rail line or alternate mode of transportation to provide passenger transportation to or near the places that would be served by the route;

(D) the extent to which major population centers would be served by the route;

(E) the extent to which providing transportation over the route would encourage the expansion of an intercity rail passenger system in the United States; and

(F) the possibility of increased ridership on a rail line that connects with the route.

(e) COMPLIANCE WITH OTHER OBLIGATIONS.—Downgrading or disposing of a facility under this section does not relieve a rail carrier from complying with its other common carrier or legal obligations related to the facility.

PRIOR PROVISIONS

A prior section 24310, Pub. L. 103-272, § 1(e), July 5, 1994, 108 Stat. 914, allowed petition or application for assistance in upgrading facilities to correct dangerous conditions or State and local violations, prior to repeal by Pub. L. 105-134, title IV, § 403, Dec. 2, 1997, 111 Stat. 2585.

§ 24311. Acquiring interests in property by eminent domain

(a) GENERAL AUTHORITY.—(1) To the extent financial resources are available, Amtrak may acquire by eminent domain under subsection (b) of this section interests in property—

(A) necessary for intercity rail passenger transportation, except property of a rail carrier, a State, a political subdivision of a State, or a governmental authority; or

(B) requested by the Secretary of Transportation in carrying out the Secretary’s duty to design and build an intermodal transportation terminal at Union Station in the District of Columbia if the Secretary assures Amtrak that the Secretary will reimburse Amtrak.

(2) Amtrak may exercise the power of eminent domain only if it cannot—

(A) acquire the interest in the property by contract; or

(B) agree with the owner on the purchase price for the interest.

(b) CIVIL ACTIONS.—(1) A civil action to acquire an interest in property by eminent domain under subsection (a) of this section must be brought in the district court of the United States for the judicial district in which the property is located or, if a single piece of property is located in more than one judicial district, in any judicial district in which any piece of the property is located. An interest is condemned and taken by Amtrak for its use when a declaration of taking is filed under this subsection and an amount of money estimated in the declaration to be just compensation for the interest is deposited in the court. The declaration may be filed with the complaint in the action or at any time before judgment. The declaration must contain or be accompanied by—

(A) a statement of the public use for which the interest is taken;

(B) a description of the property sufficient to identify it;

(C) a statement of the interest in the property taken;

(D) a plan showing the interest taken; and

(E) a statement of the amount of money Amtrak estimates is just compensation for the interest.

(2) When the declaration is filed and the deposit is made under paragraph (1) of this subsection, title to the property vests in Amtrak in fee simple absolute or in the lesser interest shown in the declaration, and the right to the money vests in the person entitled to the money. When the declaration is filed, the court may decide—

(A) the time by which, and the terms under which, possession of the property is given to Amtrak; and

(B) the disposition of outstanding charges related to the property.

(3) After a hearing, the court shall make a finding on the amount that is just compensation for the interest in the property and enter judgment awarding that amount and interest on it. The rate of interest is 6 percent a year and is computed on the amount of the award less the amount deposited in the court from the date of taking to the date of payment.

(4) On application of a party, the court may order immediate payment of any part of the amount deposited in the court for the compensation to be awarded. If the award is more than the amount received, the court shall enter judgment against Amtrak for the deficiency.

(c) AUTHORITY TO CONDEMN RAIL CARRIER PROPERTY INTERESTS.—(1) If Amtrak and a rail carrier cannot agree on a sale to Amtrak of an interest in property of a rail carrier necessary for intercity rail passenger transportation, Amtrak may apply to the Interstate Commerce Commission for an order establishing the need of Amtrak for the interest and requiring the carrier to convey the interest on reasonable terms, including just compensation. The need of Amtrak is deemed to be established, and the Commission, after holding an expedited proceeding and not later than 120 days after receiving the application, shall order the interest conveyed unless the Commission decides that—

(A) conveyance would impair significantly the ability of the carrier to carry out its obligations as a common carrier; and

(B) the obligations of Amtrak to provide modern, efficient, and economical rail passenger transportation can be met adequately by acquiring an interest in other property, either by sale or by exercising its right of eminent domain under subsection (a) of this section.

(2) If the amount of compensation is not determined by the date of the Commission's order, the order shall require, as part of the compensation, interest at 6 percent a year from the date prescribed for the conveyance until the compensation is paid.

(3) Amtrak subsequently may reconvey to a third party an interest conveyed to Amtrak under this subsection or prior comparable provision of law if the Commission decides that the reconveyance will carry out the purposes of this part, regardless of when the proceeding was brought (including a proceeding pending before a United States court on November 28, 1990).

In subsection (a)(2), the words “to . . . compensation” and “prescribed” are omitted as surplus.

In subsection (b)(1), before clause (A), the words “(beginning with 1973)” are omitted as executed. The word “complete” is substituted for “comprehensive and detailed” to eliminate unnecessary words. The words “under this chapter” are omitted as surplus. The word “revenues” is substituted for “receipts” for consistency. In clause (B), the words “may include recommendations for legislation” are substituted for “At the time of its annual report, the Corporation shall submit such legislative recommendations as it deems desirable”, the words “the method of computing the assistance” are substituted for “the manner and form in which the amount of such assistance should be computed”, and the words “of the assistance” are substituted for “from which such assistance should be derived”, to eliminate unnecessary words.

In subsection (c), the words “(beginning with 1974)” are omitted as executed. The word “prepare” is substituted for “transmit to the President and to the Congress by March 15 of each year” for clarity because the report is now part of the annual report under 49:308(a). The words “Beginning in 1976” are omitted as executed. The word “Secretary” is substituted for “Department of Transportation” because of 49:102(b). The words “submits under section 308(a) of this title” are substituted for “to the Congress” for clarity.

In subsection (d), the words “independent licensed public accountants certified or licensed by a regulatory authority of a State or other political subdivision of the United States” are omitted as obsolete because only certified public accountants are used for the audit.

Only noncertified public accountants licensed before December 30, 1970, who were already conducting audits were allowed to continue. The words “or places” are omitted because of 1:1. The words “financial statements” are substituted for “accounts” because audits are performed on financial statements, not accounts. The words “independent” and “annual” are omitted as surplus. The text of 45:644(1)(B) (last sentence) is omitted as surplus because those requirements are included in “generally accepted auditing standards”.

In subsection (e), the word “rules” is omitted as being synonymous with “regulations”. The words “or places” are omitted because of 1:1. The word “appropriate” is omitted as surplus.

In subsection (f), the words “if required” are substituted for “To the extent . . . deems necessary” to eliminate unnecessary words. The words “the person conducting”, “The representatives of the Comptroller General”, “his representatives”, “as he may make of the financial transactions of the Corporation”, “things, or”, and “full” are omitted as surplus. The words “may keep” are substituted for “shall remain in possession and custody of” and “shall remain in the possession and custody of” to eliminate unnecessary words.

In subsection (g), the word “giving” is substituted for “The report to the Congress shall contain such” to eliminate unnecessary words. The words “as the Comptroller General may deem”, “as he may deem advisable”, “program, expenditure or other”, “observed in the course of the audit”, and “or made” are omitted as surplus.

§ 24316. Plans to address needs of families of passengers involved in rail passenger accidents

(a) SUBMISSION OF PLAN.—Not later than 6 months after the date of the enactment of the Rail Safety Improvement Act of 2008, a rail passenger carrier shall submit to the Chairman of the National Transportation Safety Board, the Secretary of Transportation, and the Secretary of Homeland Security a plan for addressing the needs of the families of passengers involved in any rail passenger accident involving a rail passenger carrier intercity train and resulting in a major loss of life.

(b) CONTENTS OF PLANS.—A plan to be submitted by a rail passenger carrier under subsection (a) shall include, at a minimum, the following:

(1) A process by which a rail passenger carrier will maintain and provide to the National Transportation Safety Board, the Secretary of Transportation, and the Secretary of Homeland Security immediately upon request, a list (which is based on the best available information at the time of the request) of the names of the passengers aboard the train (whether or not such names have been verified), and will periodically update the list. The plan shall include a procedure, with respect to unreserved trains and passengers not holding reservations on other trains, for the rail passenger carrier to use reasonable efforts to ascertain the names of passengers aboard a train involved in an accident.

(2) A process for notifying the families of the passengers, before providing any public notice of the names of the passengers, either by utilizing the services of the organization designated for the accident under section 1139(a)(2) of this title or the services of other suitably trained individuals.

(3) A plan for creating and publicizing a reliable, toll-free telephone number within 4

hours after such an accident occurs, and for providing staff, to handle calls from the families of the passengers.

(4) A process for providing the notice described in paragraph (2) to the family of a passenger as soon as the rail passenger carrier has verified that the passenger was aboard the train (whether or not the names of all of the passengers have been verified).

(5) An assurance that, upon request of the family of a passenger, the rail passenger carrier will inform the family of whether the passenger's name appeared on any preliminary passenger manifest for the train involved in the accident.

(6) A process by which the family of each passenger will be consulted about the disposition of all remains and personal effects of the passenger within the control of the rail passenger carrier and by which any possession of the passenger within the control of the rail passenger carrier (regardless of its condition)—

(A) will be retained by the rail passenger carrier for at least 18 months; and

(B) will be returned to the family unless the possession is needed for the accident investigation or any criminal investigation.

(7) A process by which the treatment of the families of nonrevenue passengers will be the same as the treatment of the families of revenue passengers.

(8) An assurance that the rail passenger carrier will provide adequate training to the employees and agents of the carrier to meet the needs of survivors and family members following an accident.

(9) An assurance that the family of each passenger or other person killed in the accident will be consulted about construction by the rail passenger carrier of any monument to the passengers, including any inscription on the monument.

(10) An assurance that the rail passenger carrier will work with any organization designated under section 1139(a)(2) of this title on an ongoing basis to ensure that families of passengers receive an appropriate level of services and assistance following each accident.

(11) An assurance that the rail passenger carrier will provide reasonable compensation to any organization designated under section 1139(a)(2) of this title for services provided by the organization.

(c) USE OF INFORMATION.—Neither the National Transportation Safety Board, the Secretary of Transportation, the Secretary of Homeland Security, nor a rail passenger carrier may release to the public any personal information on a list obtained under subsection (b)(1), but may provide information on the list about a passenger to the passenger's family members to the extent that the Board or a rail passenger carrier considers appropriate.

(d) LIMITATION ON STATUTORY CONSTRUCTION.—

(1) RAIL PASSENGER CARRIERS.—Nothing in this section may be construed as limiting the actions that a rail passenger carrier may take, or the obligations that a rail passenger carrier

may have, in providing assistance to the families of passengers involved in a rail passenger accident.

(2) INVESTIGATIONAL AUTHORITY OF BOARD AND SECRETARY.—Nothing in this section shall be construed to abridge the authority of the Board or the Secretary of Transportation to investigate the causes or circumstances of any rail accident, including the development of information regarding the nature of injuries sustained and the manner in which they were sustained, for the purpose of determining compliance with existing laws and regulations or identifying means of preventing similar injuries in the future.

(e) LIMITATION ON LIABILITY.—A rail passenger carrier shall not be liable for damages in any action brought in a Federal or State court arising out of the performance of the rail passenger carrier in preparing or providing a passenger list, or in providing information concerning a train reservation, pursuant to a plan submitted by the rail passenger carrier under subsection (b), unless such liability was caused by conduct of the rail passenger carrier which was grossly negligent or which constituted intentional misconduct.

(f) DEFINITIONS.—In this section, the terms “passenger” and “rail passenger accident” have the meaning given those terms by section 1139 of this title.

(g) FUNDING.—Out of funds appropriated pursuant to section 20117(a)(1)(A), there shall be made available to the Secretary of Transportation \$500,000 for fiscal year 2010 to carry out this section. Amounts made available pursuant to this subsection shall remain available until expended.

(2) Consistent with the requirements of this chapter, the Secretary shall require that a grant under this section be subject to the terms, conditions, requirements, and provisions the Secretary decides are necessary or appropriate for the purposes of this section, including requirements for the disposition of net increases in value of real property resulting from the project assisted under this section and shall prescribe procedures and schedules for the awarding of grants under this title, including application and qualification procedures and a record of decision on applicant eligibility. The Secretary shall issue a final rule establishing such procedures not later than 2 years after the date of enactment of the Passenger Rail Investment and Improvement Act of 2008. For the period prior to the earlier of the issuance of such a rule or 2 years after the date of enactment of such Act, the Secretary shall issue interim guidance to applicants covering such procedures, and administer the grant program authorized under this section pursuant to such guidance.

(b) PROJECT AS PART OF STATE RAIL PLAN.—

(1) The Secretary may not approve a grant for a project under this section unless the Sec-

retary finds that the project is part of a State rail plan developed under chapter 227 of this title, or under the plan required by section 211 of the Passenger Rail Investment and Improvement Act of 2008, and that the applicant or recipient has or will have the legal, financial, and technical capacity to carry out the project, satisfactory continuing control over the use of the equipment or facilities, and the capability and willingness to maintain the equipment or facilities.

(2) An applicant shall provide sufficient information upon which the Secretary can make the findings required by this subsection.

(3) If an applicant has not selected the proposed operator of its service competitively, the applicant shall provide written justification to the Secretary showing why the proposed operator is the best, taking into account price and other factors, and that use of the proposed operator will not unnecessarily increase the cost of the project.

(A) that are anticipated to result in significant improvements to intercity rail passenger service, including, but not limited to, consideration of—

(i) the project's levels of estimated ridership, increased on-time performance, reduced trip time, additional service frequency to meet anticipated or existing demand, or other significant service enhancements as measured against minimum

standards developed under section 207 of the Passenger Rail Investment and Improvement Act of 2008;

(ii) the project's anticipated favorable impact on air or highway traffic congestion, capacity, or safety; and

(iii) identification of the project by the Surface Transportation Board as necessary to improve the on-time performance and reliability of intercity passenger rail under section 24308(f);

(B) for which there is a high degree of confidence that the proposed project is feasible and will result in the anticipated benefits, as indicated by—

(i) the project's precommencement compliance with environmental protection requirements;

(ii) the readiness of the project to be commenced;

(iii) the timing and amount of the project's future noncommitted investments;

(iv) the commitment of any affected host rail carrier to ensure the realization of the anticipated benefits; and

(v) other relevant factors as determined by the Secretary; and

(C) for which the level of the anticipated benefits compares favorably to the amount of Federal funding requested under this chapter; and

(3) give greater consideration to projects—

(A) that are anticipated to result in benefits to other modes¹ transportation and to the public at large, including, but not limited to, consideration of the project's—

(i) encouragement of intermodal connectivity through provision of direct connections between train stations, airports, bus terminals, subway stations, ferry ports, and other modes of transportation;

(ii) anticipated improvement of freight or commuter rail operations;

(iii) encouragement of the use of positive train control technologies;

(iv) environmental benefits, including projects that involve the purchase of environmentally sensitive, fuel-efficient, and cost-effective passenger rail equipment;

¹ So in original. Probably should be followed by "of".

² So in original.

(ii) financial contributions by freight and commuter rail carriers commensurate with the benefit expected to their operations; and

(iii) financial commitments from host railroads, non-Federal governmental entities, nongovernmental entities, and others.

(d) STATE RAIL PLANS.—State rail plans completed before the date of enactment of the Passenger Rail Investment and Improvement Act of 2008 that substantially meet the requirements of chapter 227 of this title, as determined by the Secretary pursuant to section 22506³ of this title, shall be deemed by the Secretary to have met the requirements of subsection (c)(1)(A) of this section.

(e) AMTRAK ELIGIBILITY.—To receive a grant under this section, Amtrak may enter into a cooperative agreement with 1 or more States to carry out 1 or more projects on a State rail plan's ranked list of rail capital projects developed under section 22504(a)(5)³ of this title. For such a grant, Amtrak may not use Federal funds authorized under section 101(a) or (c) of the Passenger Rail Investment and Improvement Act of 2008 to fulfill the non-Federal share requirements under subsection (g) of this section.

(f) LETTERS OF INTENT AND EARLY SYSTEMS WORK AGREEMENTS.—

(1) The Secretary may issue a letter of intent to an applicant announcing an intention to obligate, for a major capital project under this section, an amount from future available budget authority specified in law that is not more than the amount stipulated as the financial participation of the Secretary in the project.

(2) At least 30 days before issuing a letter under paragraph (1) of this subsection, the Secretary shall notify in writing the Committee on Transportation and Infrastructure of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the House and Senate Committees on Appropriations of the proposed letter or agreement. The Secretary shall include with the notification a copy of the proposed letter or agreement, the criteria used in subsection (c) for selecting the project for a grant award, and a description of how the project meets such criteria.

(3) An obligation or administrative commitment may be made only when amounts are appropriated. The letter of intent shall state that the contingent commitment is not an obligation of the Federal Government, and is subject to the availability of appropriations under Federal law and to Federal laws in force or enacted after the date of the contingent commitment.

(g) FEDERAL SHARE OF NET PROJECT COST.—

(1)(A) Based on engineering studies, studies of economic feasibility, and information on the expected use of equipment or facilities, the Secretary shall estimate the net project cost.

(B) A grant for the project shall not exceed 80 percent of the project net capital cost.

(C) The Secretary shall give priority in allocating future obligations and contingent com-

mitments to incur obligations to grant requests seeking a lower Federal share of the project net capital cost.

(2) Up to an additional 20 percent of the required non-Federal funds may be funded from amounts appropriated to or made available to a department or agency of the Federal Government that are eligible to be expended for transportation.

(3) The following amounts, not to exceed \$15,000,000 per fiscal year, shall be available to each applicant as a credit toward an applicant's matching requirement for a grant awarded under this section—

(A) in each of fiscal years 2009, 2010, and 2011—

(i) 50 percent of the average of amounts expended in fiscal years 2002 through 2008 by an applicant for capital projects related to intercity passenger rail service; and

(ii) 50 percent of the average of amounts expended in fiscal years 2002 through 2008 by an applicant for operating costs of such service; and

(B) in each of fiscal years 2010, 2011 and 2012, 50 percent of the amount by which the amounts expended for capital projects and operating costs related to intercity passenger rail service by an applicant in the prior fiscal year exceed the average capital and operating expenditures made for such service in fiscal years 2006, 2007, and 2008.

The Secretary may require such information as necessary to verify such expenditures. Credits made available to an applicant in a fiscal year under this paragraph may only be applied towards grants awarded in that fiscal year.

(4) The Federal share of expenditures for capital improvements under this chapter may not exceed 100 percent.

(j) SPECIAL TRANSPORTATION CIRCUMSTANCES.—In carrying out this section, the Secretary shall allocate an appropriate portion of the amounts available under this section to provide grants to States—

(1) in which there is no intercity passenger rail service for the purpose of funding freight rail capital projects that are on a State rail plan developed under chapter 227 of this title that provide public benefits (as defined in chapter 227) as determined by the Secretary; or

(2) in which the rail transportation system is not physically connected to rail systems in the continental United States or may not otherwise qualify for a grant under this section due to the unique characteristics of the geography of that State or other relevant considerations, for the purpose of funding transportation-related capital projects.

(k) SMALL CAPITAL PROJECTS.—The Secretary shall make not less than 5 percent annually available from the amounts authorized under section 101(c) of the Passenger Rail Investment and Improvement Act of 2008 beginning in fiscal year 2009 for grants for capital projects eligible under this section not exceeding \$2,000,000, including costs eligible under section 209(d) of that Act. For grants awarded under this subsection, the Secretary may waive requirements of this section, including state⁴ rail plan requirements, as appropriate.

(l) NONMOTORIZED TRANSPORTATION ACCESS AND STORAGE.—Grants under this chapter may be used to provide access to rolling stock for non-motorized transportation, including bicycles, and recreational equipment, and to provide storage capacity in trains for such transportation, equipment, and other luggage, to ensure passenger safety.

§ 24404. Use of capital grants to finance first-dollar liability of grant project

Notwithstanding the requirements of section 24402 of this chapter, the Secretary of Transportation may approve the use of a capital assistance grant under this chapter to fund self-insured retention of risk for the first tier of liability insurance coverage for rail passenger service associated with the grant, but the coverage may not exceed \$20,000,000 per occurrence or \$20,000,000 in aggregate per year.

(Added Pub. L. 110-432, div. B, title III, §301(a), Oct. 16, 2008, 122 Stat. 4942.)

§ 24405. Grant conditions

(a) BUY AMERICA.—(1) The Secretary of Transportation may obligate an amount that may be appropriated to carry out this chapter for a project only if the steel, iron, and manufactured goods used in the project are produced in the United States.

(2) The Secretary of Transportation may waive paragraph (1) of this subsection if the Secretary finds that—

(A) applying paragraph (1) would be inconsistent with the public interest;

(B) the steel, iron, and goods produced in the United States are not produced in a sufficient and reasonably available amount or are not of a satisfactory quality;

(C) rolling stock or power train equipment cannot be bought and delivered in the United States within a reasonable time; or

(D) including domestic material will increase the cost of the overall project by more than 25 percent.

(3) For purposes of this subsection, in calculating the components' costs, labor costs involved in final assembly shall not be included in the calculation.

(4) If the Secretary determines that it is necessary to waive the application of paragraph (1) based on a finding under paragraph (2), the Secretary shall, before the date on which such finding takes effect—

(A) publish in the Federal Register a detailed written justification as to why the waiver is needed; and

(B) provide notice of such finding and an opportunity for public comment on such finding for a reasonable period of time not to exceed 15 days.

(5) Not later than December 31, 2012, the Secretary shall submit to the Committee on Trans-

portation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on any waivers granted under paragraph (2).

(6) The Secretary of Transportation may not make a waiver under paragraph (2) of this subsection for goods produced in a foreign country if the Secretary, in consultation with the United States Trade Representative, decides that the government of that foreign country—

(A) has an agreement with the United States Government under which the Secretary has waived the requirement of this subsection; and

(B) has violated the agreement by discriminating against goods to which this subsection applies that are produced in the United States and to which the agreement applies.

(7) A person is ineligible to receive a contract or subcontract made with amounts authorized under this chapter if a court or department, agency, or instrumentality of the Government decides the person intentionally—

(A) affixed a “Made in America” label, or a label with an inscription having the same meaning, to goods sold in or shipped to the United States that are used in a project to which this subsection applies but not produced in the United States; or

(B) represented that goods described in subparagraph (A) of this paragraph were produced in the United States.

(8) The Secretary may not impose any limitation on assistance provided under this chapter that restricts a State from imposing more stringent requirements than this subsection on the use of articles, materials, and supplies mined, produced, or manufactured in foreign countries in projects carried out with that assistance or restricts a recipient of that assistance from complying with those State-imposed requirements.

(9) The Secretary may allow a manufacturer or supplier of steel, iron, or manufactured goods to correct after bid opening any certification of noncompliance or failure to properly complete the certification (but not including failure to sign the certification) under this subsection if such manufacturer or supplier attests under penalty of perjury that such manufacturer or supplier submitted an incorrect certification as a result of an inadvertent or clerical error. The burden of establishing inadvertent or clerical error is on the manufacturer or supplier.

(10) A party adversely affected by an agency action under this subsection shall have the right to seek review under section 702 of title 5.

(11) The requirements of this subsection shall only apply to projects for which the costs exceed \$100,000.

(b) OPERATORS DEEMED RAIL CARRIERS AND EMPLOYERS FOR CERTAIN PURPOSES.—A person that conducts rail operations over rail infrastructure constructed or improved with funding provided in whole or in part in a grant made under this chapter shall be considered a rail carrier as defined in section 10102(5) of this title for purposes of this title and any other statute that adopts that definition or in which that definition applies, including—

- (1) the Railroad Retirement Act of 1974 (45 U.S.C. 231 et seq.);
- (2) the Railway Labor Act (43¹ U.S.C. 151 et seq.); and
- (3) the Railroad Unemployment Insurance Act (45 U.S.C. 351 et seq.).

(c) GRANT CONDITIONS.—The Secretary shall require as a condition of making any grant under this chapter for a project that uses rights-of-way owned by a railroad that—

(1) a written agreement exist between the applicant and the railroad regarding such use and ownership, including—

- (A) any compensation for such use;
- (B) assurances regarding the adequacy of infrastructure capacity to accommodate both existing and future freight and passenger operations;
- (C) an assurance by the railroad that collective bargaining agreements with the railroad's employees (including terms regulating the contracting of work) will remain in full force and effect according to their terms for work performed by the railroad on the railroad transportation corridor; and
- (D) an assurance that an applicant complies with liability requirements consistent with section 28103 of this title; and

(2) the applicant agrees to comply with—

- (A) the standards of section 24312 of this title, as such section was in effect on September 1, 2003, with respect to the project in the same manner that Amtrak is required to comply with those standards for construction work financed under an agreement made under section 24308(a) of this title; and
- (B) the protective arrangements established under section 504 of the Railroad Revitalization and Regulatory Reform Act of 1976 (45 U.S.C. 836) with respect to employees affected by actions taken in connection with the project to be financed in whole or in part by grants under this chapter.

(d) REPLACEMENT OF EXISTING INTERCITY PASSENGER RAIL SERVICE.—

(1) COLLECTIVE BARGAINING AGREEMENT FOR INTERCITY PASSENGER RAIL PROJECTS.—Any entity providing intercity passenger railroad transportation that begins operations after the date of enactment of this Act² on a project funded in whole or in part by grants made under this chapter and replaces intercity rail passenger service that was provided by Amtrak, unless such service was provided solely by Amtrak to another entity, as of such date shall enter into an agreement with the authorized bargaining agent or agents for adversely affected employees of the predecessor provider that—

(A) gives each such qualified employee of the predecessor provider priority in hiring according to the employee's seniority on the predecessor provider for each position with the replacing entity that is in the employee's craft or class and is available within 3 years after the termination of the service being replaced;

(B) establishes a procedure for notifying such an employee of such positions;

(C) establishes a procedure for such an employee to apply for such positions; and

(D) establishes rates of pay, rules, and working conditions.

(2) IMMEDIATE REPLACEMENT SERVICE.—

(A) NEGOTIATIONS.—If the replacement of preexisting intercity rail passenger service occurs concurrent with or within a reasonable time before the commencement of the replacing entity's rail passenger service, the replacing entity shall give written notice of its plan to replace existing rail passenger service to the authorized collective bargaining agent or agents for the potentially adversely affected employees of the predecessor provider at least 90 days before the date on which it plans to commence service. Within 5 days after the date of receipt of such written notice, negotiations between the replacing entity and the collective bargaining agent or agents for the employees of the predecessor provider shall commence for the purpose of reaching agreement with respect to all matters set forth in subparagraphs (A) through (D) of paragraph (1). The negotiations shall continue for 30 days or until an agreement is reached, whichever is sooner. If at the end of 30 days the parties have not entered into an agreement with respect to all such matters, the unresolved issues shall be submitted for arbitration in accordance with the procedure set forth in subparagraph (B).

(B) ARBITRATION.—If an agreement has not been entered into with respect to all matters set forth in subparagraphs (A) through (D) of paragraph (1) as described in subparagraph (A) of this paragraph, the parties shall select an arbitrator. If the parties are unable to agree upon the selection of such arbitrator within 5 days, either or both parties shall notify the National Mediation Board, which shall provide a list of seven arbitrators with experience in arbitrating rail labor protection disputes. Within 5 days after such notification, the parties shall alternately strike names from the list until only 1 name remains, and that person shall serve as the neutral arbitrator. Within 45 days after selection of the arbitrator, the arbitrator shall conduct a hearing on the dispute and shall render a decision with respect to the unresolved issues among the matters set forth in subparagraphs (A) through (D) of paragraph (1). The arbitrator shall be guided by prevailing national standard rates of pay, benefits, and working conditions for comparable work. This decision shall be final, binding, and conclusive upon the parties. The salary and expenses of the arbitrator shall be borne equally by the parties; all other expenses shall be paid by the party incurring them.

(3) SERVICE COMMENCEMENT.—A replacing entity under this subsection shall commence service only after an agreement is entered into with respect to the matters set forth in subparagraphs (A) through (D) of paragraph (1) or the decision of the arbitrator has been rendered.

¹ So in original. Probably should be "(45)".

² See References in Text note below.

(4) **SUBSEQUENT REPLACEMENT OF SERVICE.**—If the replacement of existing rail passenger service takes place within 3 years after the replacing entity commences intercity passenger rail service, the replacing entity and the collective bargaining agent or agents for the adversely affected employees of the predecessor provider shall enter into an agreement with respect to the matters set forth in subparagraphs (A) through (D) of paragraph (1). If the parties have not entered into an agreement with respect to all such matters within 60 days after the date on which the replacing entity replaces the predecessor provider, the parties shall select an arbitrator using the procedures set forth in paragraph (2)(B), who shall, within 20 days after the commencement of the arbitration, conduct a hearing and decide all unresolved issues. This decision shall be final, binding, and conclusive upon the parties.

(e) **INAPPLICABILITY TO CERTAIN RAIL OPERATIONS.**—Nothing in this section applies to—

(1) commuter rail passenger transportation (as defined in section 24102(4)² of this title) operations of a State or local government³ authority (as those terms are defined in section 5302(11)² and (6),² respectively, of this title) eligible to receive financial assistance under section 5307 of this title, or to its contractor performing services in connection with commuter rail passenger operations (as so defined);

(2) the Alaska Railroad or its contractors; or
(3) Amtrak's access rights to railroad rights of way and facilities under current law.

(f) **LIMITATION.**—No grants shall be provided under this chapter for commuter rail passenger transportation, as defined in section 24102(4)² of this title.

“(1) in Vancouver, Canada, no later than June 1, 2009; and

“(2) in other areas as determined appropriate by the Secretary.”

§ 24710. Long-distance routes

(a) ANNUAL EVALUATION.—Using the financial and performance metrics developed under section 207 of the Passenger Rail Investment and Improvement Act of 2008, Amtrak shall—

(1) evaluate annually the financial and operating performance of each long-distance passenger rail route operated by Amtrak; and

(2) rank the overall performance of such routes for 2008 and identify each long-distance passenger rail route operated by Amtrak in 2008 according to its overall performance as belonging to the best performing third of such routes, the second best performing third of such routes, or the worst performing third of such routes.

(b) PERFORMANCE IMPROVEMENT PLAN.—Amtrak shall develop and post on its website a performance improvement plan for its long-distance passenger rail routes to achieve financial and operating improvements based on the data collected through the application of the financial and performance metrics developed under section 207 of that Act. The plan shall address—

§ 24711. Alternate passenger rail service pilot program

(a) IN GENERAL.—Within 1 year after the date of enactment of the Passenger Rail Investment and Improvement Act of 2008, the Federal Railroad Administration shall complete a rule-making proceeding to develop a pilot program that—

(1) permits a rail carrier or rail carriers that own infrastructure over which Amtrak operates a passenger rail service route described in subparagraph (B), (C), or (D) of section 24102(5) or in section 24702 to petition the Administration to be considered as a passenger rail serv-

ice provider over that route in lieu of Amtrak for a period not to exceed 5 years after the date of enactment of the Passenger Rail Investment and Improvement Act of 2008;

(2) requires the Administration to notify Amtrak within 30 days after receiving a petition under paragraph (1) and establish a deadline by which both the petitioner and Amtrak would be required to submit a bid to provide passenger rail service over the route to which the petition relates;

(3) requires that each bid describe how the bidder would operate the route, what Amtrak passenger equipment would be needed, if any, what sources of non-Federal funding the bidder would use, including any State subsidy, among other things;

(4) requires the Administration to select winning bidders by evaluating the bids against the financial and performance metrics developed under section 207 of the Passenger Rail Investment and Improvement Act of 2008 and to give preference in awarding contracts to bidders seeking to operate routes that have been identified as one of the five worst performing Amtrak routes under section 24710;

(5) requires the Administration to execute a contract within a specified, limited time after the deadline established under paragraph (2) and award to the winning bidder—

(A) the right and obligation to provide passenger rail service over that route subject to such performance standards as the Administration may require, consistent with the standards developed under section 207 of the Passenger Rail Investment and Improvement Act of 2008; and

(B) an operating subsidy—

(i) for the first year at a level not in excess of the level in effect during the fiscal year preceding the fiscal year in which the petition was received, adjusted for inflation;

(ii) for any subsequent years at such level, adjusted for inflation; and

(6) requires that each bid contain a staffing plan describing the number of employees needed to operate the service, the job assignments and requirements, and the terms of work for prospective and current employees of the bidder for the service outlined in the bid, and such staffing plan be made available by the winning bidder to the public after the bid award.

(b) **ROUTE LIMITATIONS.**—The Administration may not make the program available with respect to more than 2 Amtrak intercity passenger rail routes.

(c) **PERFORMANCE STANDARDS; ACCESS TO FACILITIES; EMPLOYEES.**—If the Administration awards the right and obligation to provide passenger rail service over a route under the program to a rail carrier or rail carriers—

(1) it shall execute a contract with the rail carrier or rail carriers for rail passenger operations on that route that conditions the operating and subsidy rights upon—

(A) the service provider continuing to provide passenger rail service on the route that is no less frequent, nor over a shorter dis-

tance, than Amtrak provided on that route before the award; and

(B) the service provider's compliance with the minimum standards established under section 207 of the Passenger Rail Investment and Improvement Act of 2008 and such additional performance standards as the Administration may establish;

(2) it shall, if the award is made to a rail carrier other than Amtrak, require Amtrak to provide access to its reservation system, stations, and facilities directly related to operations to any rail carrier or rail carriers awarded a contract under this section, in accordance with section 217 of that Act, necessary to carry out the purposes of this section;

(3) the employees of any person used by a rail carrier or rail carriers (as defined in section 10102(5) of this title) in the operation of a route under this section shall be considered an employee of that carrier or carriers and subject to the applicable Federal laws and regulations governing similar crafts or classes of employees of Amtrak, including provisions under section 121 of the Amtrak Reform and Accountability Act of 1997 relating to employees that provide food and beverage service; and

(4) the winning bidder shall provide hiring preference to qualified Amtrak employees displaced by the award of the bid, consistent with the staffing plan submitted by the bidder and shall be subject to the grant conditions under section 24405 of this title.

(d) **CESSATION OF SERVICE.**—If a rail carrier or rail carriers awarded a route under this section cease to operate the service or fail to fulfill their obligations under the contract required under subsection (c), the Administrator, in collaboration with the Surface Transportation Board, shall take any necessary action consistent with this title to enforce the contract and ensure the continued provision of service, including the installment of an interim service provider and re-bidding the contract to operate the service. The entity providing service shall either be Amtrak or a rail carrier defined in subsection (a)(1).

(e) **ADEQUATE RESOURCES.**—Before taking any action allowed under this section, the Secretary shall certify that the Administrator has sufficient resources that are adequate to undertake the program established under this section.

This section is derived from 45:802 for clarity. That section contains definitions for the Railroad Revitalization and Regulatory Reform Act of 1976 (Public Law 94-210, 90 Stat. 33). Title VII of that Act is the source of the source provisions restated in this chapter. However, other titles of that Act are not being restated because they are outside the scope of the restatement. Therefore, 45:802 is not being restated in this restatement and only the relevant definitions are accounted for in this chapter.

The Regional Rail Reorganization Act of 1973, referred to in par. (1), is Pub. L. 93-236, Jan. 2, 1974, 87 Stat. 985, as amended, which is classified principally to chapter 16 (§701 et seq.) of Title 45, Railroads. For complete classification of this Act to the Code, see Short Title note set out under section 701 of Title 45 and Tables.

§ 24902. Goals and requirements

(a) MANAGING COSTS AND REVENUES.—Amtrak shall manage its operating costs, pricing policies, and other factors with the goal of having revenues derived each fiscal year from providing intercity rail passenger transportation over the Northeast Corridor route between the District of Columbia and Boston, Massachusetts, equal at least the operating costs of providing that transportation in that fiscal year.

(b) PRIORITIES IN SELECTING AND SCHEDULING PROJECTS.—When selecting and scheduling specific projects, Amtrak shall apply the following considerations, in the following order of priority:

(1) Safety-related items should be completed before other items because the safety of the passengers and users of the Northeast Corridor is paramount.

(2) Activities that benefit the greatest number of passengers should be completed before activities involving fewer passengers.

(3) Reliability of intercity rail passenger transportation must be emphasized.

(4) Trip-time requirements of this section must be achieved to the extent compatible with the priorities referred to in paragraphs (1)–(3) of this subsection.

(5) Improvements that will pay for the investment by achieving lower operating or maintenance costs should be carried out before other improvements.

(6) Construction operations should be scheduled so that the fewest possible passengers are inconvenienced, transportation is maintained, and the on-time performance of Northeast Corridor commuter rail passenger and rail freight transportation is optimized.

(7) Planning should focus on completing activities that will provide immediate benefits to users of the Northeast Corridor.

(c) COMPATIBILITY WITH FUTURE IMPROVEMENTS AND PRODUCTION OF MAXIMUM LABOR BENEFITS.—Improvements under this section shall be compatible with future improvements in transportation and shall produce the maximum labor benefit from hiring individuals presently unemployed.

(d) AUTOMATIC TRAIN CONTROL SYSTEMS.—A train operating on the Northeast Corridor main line or between the main line and Atlantic City shall be equipped with an automatic train control system designed to slow or stop the train in response to an external signal.

(e) HIGH-SPEED TRANSPORTATION.—If practicable, Amtrak shall establish intercity rail passenger transportation in the Northeast Corridor that carries out section 703(1)(E) of the Railroad Revitalization and Regulatory Reform Act of 1976 (Public Law 94-210, 90 Stat. 121).

(f) EQUIPMENT DEVELOPMENT.—Amtrak shall develop economical and reliable equipment compatible with track, operating, and marketing characteristics of the Northeast Corridor, including the capability to meet reliable trip times under section 703(1)(E) of the Railroad Revitalization and Regulatory Reform Act of 1976 (Public Law 94-210, 90 Stat. 121) in regularly scheduled revenue transportation in the Corridor, when the Northeast Corridor improvement program is completed. Amtrak must decide that equipment complies with this subsection before buying equipment with financial assistance of the Government. Amtrak shall submit a request for an authorization of appropriations for production of the equipment.

(g) AGREEMENTS FOR OFF-CORRIDOR ROUTING OF RAIL FREIGHT TRANSPORTATION.—(1) Amtrak may make an agreement with a rail freight carrier or a regional transportation authority under which the carrier will carry out an alternate off-corridor routing of rail freight transportation over rail lines in the Northeast Corridor between the District of Columbia and New York metropolitan areas, including intermediate points. The agreement shall be for at least 5 years.

(2) Amtrak shall apply to the Interstate Commerce Commission for approval of the agreement and all related agreements accompanying the application as soon as the agreement is made. If the Commission finds that approval is necessary to carry out this chapter, the Com-

mission shall approve the application and related agreements not later than 90 days after receiving the application.

(3) If an agreement is not made under paragraph (1) of this subsection, Amtrak, with the consent of the other parties, may apply to the Interstate Commerce Commission. Not later than 90 days after the application, the Commission shall decide on the terms of an agreement if it decides that doing so is necessary to carry out this chapter. The decision of the Commission is binding on the other parties.

(h) COORDINATION.—(1) The Secretary of Transportation shall coordinate—

(A) transportation programs related to the Northeast Corridor to ensure that the programs are integrated and consistent with the Northeast Corridor improvement program; and

(B) amounts from departments, agencies, and instrumentalities of the Government to achieve urban redevelopment and revitalization in the vicinity of urban rail stations in the Northeast Corridor served by intercity and commuter rail passenger transportation.

(2) If the Secretary finds significant non-compliance with this section, the Secretary may deny financing to a noncomplying program until the noncompliance is corrected.

(i) COMPLETION.—Amtrak shall give the highest priority to completing the program.

(j) APPLICABLE PROCEDURES.—No State or local building, zoning, subdivision, or similar or related law, nor any other State or local law from which a project would be exempt if undertaken by the Federal Government or an agency thereof within a Federal enclave wherein Federal jurisdiction is exclusive, including without limitation with respect to all such laws referenced herein above requirements for permits, actions, approvals or filings, shall apply in connection with the construction, ownership, use, operation, financing, leasing, conveying, mortgaging or enforcing a mortgage of (i) any improvement undertaken by or for the benefit of Amtrak as part of, or in furtherance of, the Northeast Corridor Improvement Project (including without limitation maintenance, service, inspection or similar facilities acquired, constructed or used for high speed trainsets) or chapter 241, 243, or 247 of this title or (ii) any land (and right, title or interest created with respect thereto) on which such improvement is located and adjoining, surrounding or any related land. These exemptions shall remain in effect and be applicable with respect to such land and improvements for the benefit of any mortgagee before, upon and after coming into possession of such improvements or land, any third party purchasers thereof in foreclosure (or through a deed in lieu of foreclosure), and their respective successors and assigns, in each case to the extent the land or improvements are used, or held for use, for railroad purposes or purposes accessory thereto. This subsection shall not apply to any improvement or related land unless Amtrak receives a Federal operating subsidy in the fiscal year in which Amtrak commits to or initiates such improvement.

§ 24904. General authority

(a) GENERAL.—To carry out this chapter and the Regional Rail Reorganization Act of 1973 (45 U.S.C. 701 et seq.), Amtrak may—

(1) acquire, maintain, and dispose of any interest in property used to provide improved high-speed rail transportation under section 24902 of this title;

(2) acquire, by condemnation or otherwise, any interest in real property that Amtrak considers necessary to carry out the goals of section 24902;

(3) provide for rail freight, intercity rail passenger, and commuter rail passenger transportation over property acquired under this section;

(4) improve rail rights of way between Boston, Massachusetts, and the District of Columbia (including the route through Springfield, Massachusetts, and routes to Harrisburg, Pennsylvania, and Albany, New York, from the Northeast Corridor main line) to achieve the goals of section 24902 of providing improved high-speed rail passenger transportation between Boston, Massachusetts, and the District of Columbia, and intermediate intercity markets;

(5) acquire, build, improve, and install passenger stations, communications and electric power facilities and equipment, public and private highway and pedestrian crossings, and other facilities and equipment necessary to provide improved high-speed rail passenger transportation over rights of way improved under clause (4) of this subsection;

(6) make agreements with other carriers and commuter authorities to grant, acquire, or make arrangements for rail freight or commuter rail passenger transportation over, rights of way and facilities acquired under the Regional Rail Reorganization Act of 1973 (45

U.S.C. 701 et seq.) and the Railroad Revitalization and Regulatory Reform Act of 1976 (45 U.S.C. 801 et seq.); and

(7) appoint a general manager of the Northeast Corridor improvement program.

(b) COMPENSATORY AGREEMENTS.—Rail freight and commuter rail passenger transportation provided under subsection (a)(3) of this section shall be provided under compensatory agreements with the responsible carriers.

(c) COMPENSATION FOR TRANSPORTATION OVER CERTAIN RIGHTS OF WAY AND FACILITIES.—(1) An agreement under subsection (a)(6) of this section shall provide for reasonable reimbursement of costs but may not cross-subsidize intercity rail passenger, commuter rail passenger, and rail freight transportation.

(2) If the parties do not agree, the Interstate Commerce Commission shall order that the transportation continue over facilities acquired under the Regional Rail Reorganization Act of 1973 (45 U.S.C. 701 et seq.) and the Railroad Revitalization and Regulatory Reform Act of 1976 (45 U.S.C. 801 et seq.) and shall determine compensation (without allowing cross-subsidization between commuter rail passenger and intercity rail passenger and rail freight transportation) for the transportation not later than 120 days after the dispute is submitted. The Commission shall assign to a rail carrier obtaining transportation under this subsection the costs Amtrak incurs only for the benefit of the carrier, plus a proportionate share of all other costs of providing transportation under this paragraph incurred for the common benefit of Amtrak and the carrier. The proportionate share shall be based on relative measures of volume of car operations, tonnage, or other factors that reasonably reflect the relative use of rail property covered by this subsection.

(3) This subsection does not prevent the parties from making an agreement under subsection (a)(6) of this section after the Commission makes a decision under this subsection.

In subsection (a), before clause (1), the words “the purposes of” are omitted as surplus. The words “this part” are substituted for “this subchapter, the Rail Passenger Service Act [45 U.S.C. 501 et seq.]” for clarity because subchapter III of chapter 17 of title 45, United States Code, and the Rail Passenger Service Act make up part C of subtitle V of the revised title. In clause (1), the words “by purchase, lease, exchange, gift, or otherwise, and to hold . . . sell, lease, or otherwise”, “real or personal”, and “which is necessary or” are omitted as surplus. The words “to provide” are substituted for “establishing and maintaining” for consistency in this chapter. In clause (2), the words “for the United States, by lease, purchase, condemnation, or otherwise” and “(including lands, easements, and rights-of-way, and any other property interests, including contract rights) are omitted as surplus. In clause (3), the words “the continuous operation and maintenance of” are omitted as surplus. In clause (4), the words “Washington” and “at its option” are omitted as surplus. In clause (5), the words “other safety facilities or equipment . . . any” and “which it determines are” are omitted as surplus. In clause (6), the words “Notwithstanding any other provision of this chapter”, “tracks, rights-of-way and other”, and “by the Corporation” in 45:562(a)(2) (1st sentence) and “other railroads” and “trackage rights, contract services, and other appropriate” in 45:851(a)(6) are omitted as surplus. In clause (7), the words “qualified individual to serve as the” are omitted as surplus. In clause (8), the words “on a basis which is consistent with, and” are omitted as surplus.

In subsection (c)(1), the words “shall provide for” are substituted for “to be on such terms and conditions as are necessary to” to eliminate unnecessary words. The word “reasonable” is substituted for “on an equitable and fair basis” for consistency in the revised title.

In subsection (c)(2), the words “If the parties do not” are substituted for “In the event of a failure to” for clarity. The words “to be provided”, “consistent with equitable and fair compensation principles”, “proper amount of”, “the provision of”, and “the date of” are omitted as surplus.

In subsection (c)(3), the words “either before or” are omitted as surplus because the National Railroad Passenger Corporation may make agreements on arrangements for rail freight or commuter rail transportation under subsection (a)(6) of this section and this subsection applies only when there is no agreement.

(c) ACCESS COSTS.—

(1) DEVELOPMENT OF FORMULA.—Within 2 years after the date of enactment of the Passenger Rail Investment and Improvement Act of 2008, the Commission shall—

(A) develop a standardized formula for determining and allocating costs, revenues, and compensation for Northeast Corridor commuter rail passenger transportation, as defined in section 24102 of this title, on the Northeast Corridor main line between Boston, Massachusetts, and Washington, District of Columbia, and the Northeast Corridor branch lines connecting to Harrisburg, Pennsylvania, Springfield, Massachusetts, and Spuyten Duyvil, New York, that use Amtrak facilities or services or that provide such facilities or services to Amtrak that ensures that—

(i) there is no cross-subsidization of commuter rail passenger, intercity rail passenger, or freight rail transportation;

(ii) each service is assigned the costs incurred only for the benefit of that service, and a proportionate share, based upon factors that reasonably reflect relative use, of costs incurred for the common benefit of more than 1 service; and

(iii) all financial contributions made by an operator of a service that benefit an infrastructure owner other than the operator are considered, including but not limited to, any capital infrastructure investments and in-kind services;

(B) develop a proposed timetable for implementing the formula before the end of the 6th year following the date of enactment of that Act;

(C) transmit the proposed timetable to the Surface Transportation Board; and

(D) at the request of a Commission member, petition the Surface Transportation Board to appoint a mediator to assist the Commission members through non-binding mediation to reach an agreement under this section.

(2) IMPLEMENTATION.—Amtrak and public authorities providing commuter rail passenger transportation on the Northeast Corridor shall implement new agreements for usage of facilities or services based on the formula proposed in paragraph (1) in accordance with the timetable established therein. If the entities fail to implement such new agreements in accordance with the timetable, the Commission shall petition the Surface Transportation Board to determine the appropriate compensation amounts for such services in accordance with section 24904(c) of this title. The Surface Transportation Board shall enforce its determination on the party or parties involved.

(2) the recommendations developed under subsection (b) and the formula and timetable developed under subsection (c)(1) annually.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Commission such sums as may be necessary for the period encompassing fiscal years 2009 through 2013 to carry out this section.

The total cost of the project that Amtrak defers may not be substantially more than the amount Amtrak is required to expend or reserve under subsection (a)(1)(B).

(2) Section 24902 of this title is deemed not to be fulfilled until the projects under subsection (a)(1)(C) of this section are completed.

(f) AVAILABILITY OF AMOUNTS.—Amounts appropriated under subsection (a)(1) and (2)(A) and (C)–(E) of this section remain available until expended.

(g) AUTHORIZATIONS INCREASED BY PRIOR YEAR DEFICIENCIES.—An amount greater than that authorized for a fiscal year may be appropriated to the extent that the amount appropriated for any prior fiscal year is less than the amount authorized for that year.

CONGRESSIONAL FINDINGS; PURPOSE

Section 102 of title I of Pub. L. 103-440 provided that:

“(a) FINDINGS.—The Congress finds that—

“(1) high-speed rail offers safe and efficient transportation in certain densely traveled corridors linking major metropolitan areas in the United States;

“(2) high-speed rail may have environmental advantages over certain other forms of intercity transportation;

“(3) Amtrak's Metroliner service between Washington, District of Columbia, and New York, New York, the United States premier high-speed rail service, has shown that Americans will use high-speed rail when that transportation option is available;

“(4) new high-speed rail service should not receive Federal subsidies for operating and maintenance expenses;

“(5) State and local governments should take the prime responsibility for the development and implementation of high-speed rail service;

“(6) the private sector should participate in funding the development of high-speed rail systems;

“(7) in some intercity corridors, Federal planning assistance may be required to supplement the funding commitments of State and local governments and the private sector to ensure the adequate planning, including reasonable estimates of the costs and benefits, of high-speed rail systems;

“(8) improvement of existing technologies can facilitate the development of high-speed rail systems in the United States; and

“(9) Federal assistance is required for the improvement, adaptation, and integration of proven tech-

nologies for commercial application in high-speed rail service in the United States.

“(b) PURPOSE.—The purpose of this title [see Short Title of 1994 Amendment note set out under section 20101 of this title] is to encourage farsighted State, local, and private efforts in the analysis and planning for high-speed rail systems in appropriate intercity corridors.”

§ 26102. High-speed rail technology improvements

(a) AUTHORITY.—The Secretary may undertake activities for the improvement, adaptation, and integration of proven technologies for commercial application in high-speed rail service in the United States.

“SEC. 301. SHORT TITLE.

“This title may be cited as the ‘Rails to Resources Act of 2000’.

“SEC. 302. FINDINGS.

“Congress finds that—

“(1) rail transportation is an essential component of the North American intermodal transportation system;

“(2) the development of economically strong and socially stable communities in the western United States and Canada was encouraged significantly by government policies promoting the development of integrated transcontinental, interstate and interprovincial rail systems in the States, territories and provinces of the two countries;

“(3) United States and Canadian federal support for the completion of new elements of the transcontinental, interstate and interprovincial rail systems was halted before rail connections were established to the State of Alaska and the Yukon Territory;

“(4) rail transportation in otherwise isolated areas facilitates controlled access and may reduce overall impact to environmentally sensitive areas;

“(5) the extension of the continental rail system through northern British Columbia and the Yukon Territory to the current terminus of the Alaska Railroad would significantly benefit the United States and Canadian visitor industries by facilitating the comfortable movement of passengers over long distances while minimizing effects on the surrounding areas; and

“(6) ongoing research and development efforts in the rail industry continue to increase the efficiency of rail transportation, ensure safety, and decrease the impact of rail service on the environment.

“SEC. 303. AGREEMENT FOR A UNITED STATES-CANADA BILATERAL COMMISSION.

“The President is authorized and urged to enter into an agreement with the Government of Canada to establish an independent joint commission to study the feasibility and advisability of linking the rail system in Alaska to the nearest appropriate point on the North American continental rail system.

“SEC. 304. COMPOSITION OF COMMISSION.

“(2) One member representing the State of Alaska, to be nominated by the Governor of Alaska.

“(3) One member from among persons who are qualified to represent the interests of Native Alas-

kans residing in the area of Alaska that would be affected by the extension of rail service.

“(4) Three members from among persons involved in commercial activities in Alaska who are qualified to represent commercial interests in Alaska, of which one shall be a representative of the Alaska Railroad Corporation.

“(5) One member representing United States Class I rail carriers and one member representing United States rail labor.

“(6) Three members with relevant expertise, at least one of whom shall be an engineer with expertise in subarctic transportation and at least one of whom shall have expertise on the environmental impact of such transportation.

“(c) CANADIAN MEMBERSHIP.—The Agreement should provide for the Canadian membership of the Commission to be representative of broad categories of interests of Canada as the Government of Canada determines appropriate, consistent with subsection (a)(2).

Each such member who is an officer or employee of the United States shall serve without compensation in addition to that received for services as an officer or employee of the United States.

“(2) TRAVEL EXPENSES.—The members of the Commission appointed by the President shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, United States Code, while away from their homes or regular places of business in the performance of services for the Commission.

“(c) STAFF.—

“(1) IN GENERAL.—The Agreement should provide for the appointment of a staff and an executive director to be the head of the staff.

“(2) COMPENSATION.—Funds made available for the Commission by the United States may be used to pay the compensation of the executive director and other personnel at rates fixed by the Commission that are not in excess of the rate payable for level V of the Executive Schedule under section 5316 of title 5, United States Code.

“SEC. 306. DUTIES.

“(a) STUDY.—

“(1) IN GENERAL.—The Agreement should provide for the Commission to study and assess, on the basis of all available relevant information, the feasibility and advisability of linking the rail system in Alaska to the North American continental rail system through the continuation of the rail system in Alaska from its northeastern terminus to a connection with the continental rail system in Canada.

“(2) SPECIFIC ISSUES.—The Agreement should provide for the study and assessment to include the consideration of the following issues:

§ 28102. Limit on certain accident or incident liability

(a) GENERAL.—When a publicly financed commuter transportation authority established under Virginia law makes a contract to indemnify Amtrak for liability for operations conducted by or for the authority or to indemnify a rail carrier over whose tracks those operations are conducted, liability against Amtrak, the authority, or the carrier for all claims (including punitive damages) arising from an accident or incident in the District of Columbia related to those operations may not be more than the limits of the liability coverage the authority maintains to indemnify Amtrak or the carrier.

(b) MINIMUM REQUIRED LIABILITY COVERAGE.—A publicly financed commuter transportation authority referred to in subsection (a) of this section must maintain a total minimum liability coverage of at least \$200,000,000.

(c) EFFECTIVENESS.—This section is effective only after Amtrak or a rail carrier seeking an indemnification contract under this section makes an operating agreement with a publicly financed commuter transportation authority established under Virginia law to provide access to its property for revenue transportation related to the operations of the authority.

AMENDMENTS

1994—Pub. L. 103–440 renumbered section 26102 of this title as this section.

§ 28103. Limitations on rail passenger transportation liability

(a) LIMITATIONS.—(1) Notwithstanding any other statutory or common law or public policy, or the nature of the conduct giving rise to damages or liability, in a claim for personal injury to a passenger, death of a passenger, or damage to property of a passenger arising from or in connection with the provision of rail passenger transportation, or from or in connection with any rail passenger transportation operations over or rail passenger transportation use of right-of-way or facilities owned, leased, or maintained by any high-speed railroad authority or operator, any commuter authority or operator, any rail carrier, or any State, punitive damages, to the extent permitted by applicable State law, may be awarded in connection with any such claim only if the plaintiff establishes by clear

and convincing evidence that the harm that is the subject of the action was the result of conduct carried out by the defendant with a conscious, flagrant indifference to the rights or safety of others. If, in any case wherein death was caused, the law of the place where the act or omission complained of occurred provides, or has been construed to provide, for damages only punitive in nature, this paragraph shall not apply.

(2) The aggregate allowable awards to all rail passengers, against all defendants, for all claims, including claims for punitive damages, arising from a single accident or incident, shall not exceed \$200,000,000.

(b) CONTRACTUAL OBLIGATIONS.—A provider of rail passenger transportation may enter into contracts that allocate financial responsibility for claims.

(c) MANDATORY COVERAGE.—Amtrak shall maintain a total minimum liability coverage for claims through insurance and self-insurance of at least \$200,000,000 per accident or incident.

(d) EFFECT ON OTHER LAWS.—This section shall not affect the damages that may be recovered under the Act of April 27, 1908 (45 U.S.C. 51 et seq.; popularly known as the “Federal Employers’ Liability Act”) or under any workers compensation Act.

(e) DEFINITION.—For purposes of this section—

(1) the term “claim” means a claim made—

(A) against Amtrak, any high-speed railroad authority or operator, any commuter authority or operator, any rail carrier, or any State; or

(B) against an officer, employee, affiliate engaged in railroad operations, or agent, of Amtrak, any high-speed railroad authority or operator, any commuter authority or operator, any rail carrier, or any State;

(2) the term “punitive damages” means damages awarded against any person or entity to punish or deter such person or entity, or others, from engaging in similar behavior in the future; and

(3) the term “rail carrier” includes a person providing excursion, scenic, or museum train service, and an owner or operator of a privately owned rail passenger car.

The extension of the completion date shall not be considered agency action subject to judicial review.

“(II) ACTION.—A rulemaking under paragraph (5) of section 2503 shall be considered completed when the Secretary promulgates a final rule with standards on improved head injury protection.

“(C) STANDARD.—The Secretary may, as part of any action taken under section 2503, amend any motor vehicle safety standard or establish a new standard under the National Traffic and Motor Vehicle Safety Act of 1966 ([formerly] 15 U.S.C. 1381 et seq.).

In subsection (a), the definitions apply to the entire chapter because of references in 15:1421–1431 applying 15:1391–1420 to 15:1421–1431. Before clause (1), the words “As used” are omitted as surplus. In clause (1), the text of 15:1391(10) and 49 App.:1655(a)(6)(A) is omitted as sur-

plus because the complete name of the Secretary of Transportation is used the first time the term appears in a section. The words “selling and distributing” are substituted for “who is engaged in the sale and distribution of” to eliminate unnecessary words. The word “purposes” is omitted as surplus. In clause (3), the words “selling and distributing” are substituted for “engaged in the sale and distribution of” to eliminate unnecessary words. In clause (5)(A), the words “manufacturing or assembling” are substituted for “engaged in the manufacturing or assembling of” to eliminate unnecessary words. In clause (7), the words “physician or other duly” and “drivers, passengers, and other” are omitted as surplus. In clause (8), the words “is also protected” and “to persons” are omitted as unnecessary. In clause (9), the words “which is practicable, which meets the need for motor vehicle safety and which provides objective criteria” are omitted as unnecessary because of 15:1392(a) which is restated in section 30111 of the revised title. In clauses (10) and (11), the words “the Northern Mariana Islands” are added because of section 502(a)(2) of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America, as enacted by the Act of March 24, 1976 (Public Law 94-241, 90 Stat. 268), and as proclaimed to be in effect by the President on January 9, 1978 (Proc. No. 4534, Oct. 24, 1977, 42 F.R. 56593). The words “the Canal Zone” are omitted because of the Panama Canal Treaty of 1977. In clause (10), the word “means” is substituted for “includes” as being more appropriate. The words “a State of the United States” are substituted for “each of the several States” for consistency. The words “the Commonwealth of” are omitted as surplus. In clause (11), the word “Federal” is omitted as surplus. The words “of the Commonwealth of Puerto Rico” are omitted as unnecessary because the district court of Puerto Rico is a district court of the United States under 28:119.

In subsection (b)(1), before clause (A), the words “The term” and “the term” are omitted as surplus. In clause (B), the words “of a motor vehicle or motor vehicle equipment” are added for clarity. In clause (E), the words “to be” are added for consistency. The words “marketed under such brand name” are omitted as surplus. In clause (F), the words “a motor vehicle safety standard prescribed under this chapter” are added for clarity and consistency. The word “noncompliance” is substituted for “failure to comply” for consistency in the chapter. In clause (G), the words “(rather than the manufacturer of such equipment)” are omitted as surplus. The words “deemed to be” are substituted for “considered” for consistency. In clause (H), the words “which have been” are omitted as surplus.

Subsection (b)(2) is substituted for “Except as otherwise provided in regulations of the Secretary” for clarity and because of the restatement.

LOW-SPEED ELECTRIC BICYCLES

Pub. L. 107-319, §2, Dec. 4, 2002, 116 Stat. 2776, provided that: “For purposes of motor vehicle safety standards issued and enforced pursuant to chapter 301 of title 49, United States Code, a low-speed electric bicycle (as defined in section 38(b) of the Consumer Product Safety Act [15 U.S.C. 2085(b)]) shall not be considered a motor vehicle as defined by section 30102(6) of title 49, United States Code.”

§ 30103. Relationship to other laws

(a) UNIFORMITY OF REGULATIONS.—The Secretary of Transportation may not prescribe a safety regulation related to a motor vehicle subject to subchapter I of chapter 135 of this title that differs from a motor vehicle safety standard prescribed under this chapter. However, the Secretary may prescribe, for a motor vehicle operated by a carrier subject to subchapter I of chapter 135, a safety regulation that imposes a higher standard of performance after manufac-

ture than that required by an applicable standard in effect at the time of manufacture.

(b) PREEMPTION.—(1) When a motor vehicle safety standard is in effect under this chapter, a State or a political subdivision of a State may prescribe or continue in effect a standard applicable to the same aspect of performance of a motor vehicle or motor vehicle equipment only if the standard is identical to the standard prescribed under this chapter. However, the United States Government, a State, or a political subdivision of a State may prescribe a standard for a motor vehicle or motor vehicle equipment obtained for its own use that imposes a higher performance requirement than that required by the otherwise applicable standard under this chapter.

(2) A State may enforce a standard that is identical to a standard prescribed under this chapter.

(c) ANTITRUST LAWS.—This chapter does not—

(1) exempt from the antitrust laws conduct that is unlawful under those laws; or

(2) prohibit under the antitrust laws conduct that is lawful under those laws.

(d) WARRANTY OBLIGATIONS AND ADDITIONAL LEGAL RIGHTS AND REMEDIES.—Sections 30117(b), 30118-30121, 30166(f), and 30167(a) and (b) of this title do not establish or affect a warranty obligation under a law of the United States or a State. A remedy under those sections and sections 30161 and 30162 of this title is in addition to other rights and remedies under other laws of the United States or a State.

(e) COMMON LAW LIABILITY.—Compliance with a motor vehicle safety standard prescribed under this chapter does not exempt a person from liability at common law.

SUBCHAPTER II—STANDARDS AND COMPLIANCE

§ 30111. Standards

(a) GENERAL REQUIREMENTS.—The Secretary of Transportation shall prescribe motor vehicle safety standards. Each standard shall be practicable, meet the need for motor vehicle safety, and be stated in objective terms.

(b) CONSIDERATIONS AND CONSULTATION.—When prescribing a motor vehicle safety standard under this chapter, the Secretary shall—

(1) consider relevant available motor vehicle safety information;

(2) consult with the agency established under the Act of August 20, 1958 (Public Law 85-684, 72 Stat. 635), and other appropriate State or interstate authorities (including legislative committees);

(3) consider whether a proposed standard is reasonable, practicable, and appropriate for the particular type of motor vehicle or motor vehicle equipment for which it is prescribed; and

(4) consider the extent to which the standard will carry out section 30101 of this title.

(c) COOPERATION.—The Secretary may advise, assist, and cooperate with departments, agencies, and instrumentalities of the United States Government, States, and other public and private agencies in developing motor vehicle safety standards.

(d) EFFECTIVE DATES OF STANDARDS.—The Secretary shall specify the effective date of a motor vehicle safety standard prescribed under this

chapter in the order prescribing the standard. A standard may not become effective before the 180th day after the standard is prescribed or later than one year after it is prescribed. However, the Secretary may prescribe a different effective date after finding, for good cause shown, that a different effective date is in the public interest and publishing the reasons for the finding.

(e) 5-YEAR PLAN FOR TESTING STANDARDS.—The Secretary shall establish and periodically review and update on a continuing basis a 5-year plan for testing motor vehicle safety standards prescribed under this chapter that the Secretary considers capable of being tested. In developing the plan and establishing testing priorities, the Secretary shall consider factors the Secretary considers appropriate, consistent with section 30101 of this title and the Secretary’s other duties and powers under this chapter. The Secretary may change at any time those priorities to address matters the Secretary considers of greater priority. The initial plan may be the 5-year plan for compliance testing in effect on December 18, 1991.

“SEC. 3. MINIMUM SOUND REQUIREMENT FOR MOTOR VEHICLES.

“(a) RULEMAKING REQUIRED.—Not later than 18 months after the date of enactment of this Act [Jan. 4, 2011] the Secretary shall initiate rulemaking, under section 30111 of title 49, United States Code, to promulgate a motor vehicle safety standard—

“(1) establishing performance requirements for an alert sound that allows blind and other pedestrians to reasonably detect a nearby electric or hybrid vehicle operating below the cross-over speed, if any; and

“(2) requiring new electric or hybrid vehicles to provide an alert sound conforming to the requirements of the motor vehicle safety standard established under this subsection.

“The motor vehicle safety standard established under this subsection shall not require either driver or pedestrian activation of the alert sound and shall allow the pedestrian to reasonably detect a nearby electric or hy-

brid vehicle in critical operating scenarios including, but not limited to, constant speed, accelerating, or decelerating. The Secretary shall allow manufacturers to provide each vehicle with one or more sounds that comply with the motor vehicle safety standard at the time of manufacture. Further, the Secretary shall require manufacturers to provide, within reasonable manufacturing tolerances, the same sound or set of sounds for all vehicles of the same make and model and shall prohibit manufacturers from providing any mechanism for anyone other than the manufacturer or the dealer to disable, alter, replace, or modify the sound or set of sounds, except that the manufacturer or dealer may alter, replace, or modify the sound or set of sounds in order to remedy a defect or non-compliance with the motor vehicle safety standard. The Secretary shall promulgate the required motor vehicle safety standard pursuant to this subsection not later than 36 months after the date of enactment of this Act.

“(b) CONSIDERATION.—When conducting the required rulemaking, the Secretary shall—

“(1) determine the minimum level of sound emitted from a motor vehicle that is necessary to provide blind and other pedestrians with the information needed to reasonably detect a nearby electric or hybrid vehicle operating at or below the cross-over speed, if any;

“(2) determine the performance requirements for an alert sound that is recognizable to a pedestrian as a motor vehicle in operation; and

“(3) consider the overall community noise impact.

“(c) PHASE-IN REQUIRED.—The motor vehicle safety standard prescribed pursuant to subsection (a) of this section shall establish a phase-in period for compliance, as determined by the Secretary, and shall require full compliance with the required motor vehicle safety standard for motor vehicles manufactured on or after September 1st of the calendar year that begins 3 years after the date on which the final rule is issued.

“(d) REQUIRED CONSULTATION.—When conducting the required study and rulemaking, the Secretary shall—

“(1) consult with the Environmental Protection Agency to assure that the motor vehicle safety standard is consistent with existing noise requirements overseen by the Agency;

“(2) consult consumer groups representing individuals who are blind;

“(3) consult with automobile manufacturers and professional organizations representing them;

“(4) consult technical standardization organizations responsible for measurement methods such as the Society of Automotive Engineers, the International Organization for Standardization, and the United Nations Economic Commission for Europe, World Forum for Harmonization of Vehicle Regulations.

“(e) REQUIRED STUDY AND REPORT TO CONGRESS.—Not later than 48 months after the date of enactment of this Act, the Secretary shall complete a study and report to Congress as to whether there exists a safety need to apply the motor vehicle safety standard required by subsection (a) to conventional motor vehicles. In the event that the Secretary determines there exists a safety need, the Secretary shall initiate rulemaking under section 30111 of title 49, United States Code, to extend the standard to conventional motor vehicles.

“SEC. 4. FUNDING.

“Notwithstanding any other provision of law, \$2,000,000 of any amounts made available to the Secretary of Transportation under section 406 of title 23, United States Code, shall be made available to the Administrator of the National Highway Transportation Safety Administration for carrying out section 3 of this Act.”

CHILD SAFETY STANDARDS FOR MOTOR VEHICLES

Pub. L. 110-189, Feb. 28, 2008, 122 Stat. 639, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Cameron Gulbransen Kids Transportation Safety Act of 2007’ or the ‘K.T. Safety Act of 2007’.

“SEC. 2. RULEMAKING REGARDING CHILD SAFETY.

“(a) POWER WINDOW SAFETY.—

“(1) CONSIDERATION OF RULE.—Not later than 18 months after the date of the enactment of this Act [Feb. 28, 2008], the Secretary of Transportation (referred to in this Act as the ‘Secretary’) shall initiate a rulemaking to consider prescribing or amending Federal motor vehicle safety standards to require power windows and panels on motor vehicles to automatically reverse direction when such power windows and panels detect an obstruction to prevent children and others from being trapped, injured, or killed.

“(2) DEADLINE FOR DECISION.—If the Secretary determines such safety standards are reasonable, practicable, and appropriate, the Secretary shall prescribe, under section 30111 of title 49, United States Code, the safety standards described in paragraph (1) not later than 30 months after the date of enactment of this Act. If the Secretary determines that no additional safety standards are reasonable, practicable, and appropriate, the Secretary shall—

“(A) not later than 30 months after the date of enactment of this Act, transmit a report to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate describing the reasons such standards were not prescribed; and

“(B) publish and otherwise make available to the public through the Internet and other means (such as the ‘Buying a Safer Car’ brochure) information regarding which vehicles are or are not equipped with power windows and panels that automatically reverse direction when an obstruction is detected.

“(b) REARWARD VISIBILITY.—Not later than 12 months after the date of the enactment of this Act [Feb. 28, 2008], the Secretary shall initiate a rulemaking to revise Federal Motor Vehicle Safety Standard 111 (FMVSS 111) to expand the required field of view to enable the driver of a motor vehicle to detect areas behind the motor vehicle to reduce death and injury resulting from backing incidents, particularly incidents involving small children and disabled persons. The Secretary may prescribe different requirements for different types of motor vehicles to expand the required field of view to enable the driver of a motor vehicle to detect areas behind the motor vehicle to reduce death and injury resulting from backing incidents, particularly incidents involving small children and disabled persons. Such standard may be met by the provision of additional mirrors, sensors, cameras, or other technology to expand the driver’s field of view. The Secretary shall prescribe final standards pursuant to this subsection not later than 36 months after the date of enactment of this Act.

“(c) PHASE-IN PERIOD.—

“(1) PHASE-IN PERIOD REQUIRED.—The safety standards prescribed pursuant to subsections (a) and (b) shall establish a phase-in period for compliance, as determined by the Secretary, and require full compliance with the safety standards not later than 48 months after the date on which the final rule is issued.

“(2) PHASE-IN PRIORITIES.—In establishing the phase-in period of the rearward visibility safety standards required under subsection (b), the Secretary shall consider whether to require the phase-in according to different types of motor vehicles based on data demonstrating the frequency by which various types of motor vehicles have been involved in backing incidents resulting in injury or death. If the Secretary determines that any type of motor vehicle should be given priority, the Secretary shall issue regulations that specify—

“(A) which type or types of motor vehicles shall be phased-in first; and

“(B) the percentages by which such motor vehicles shall be phased-in.

“(d) PREVENTING MOTOR VEHICLES FROM ROLLING AWAY.—

“(1) REQUIREMENT.—Each motor vehicle with an automatic transmission that includes a ‘park’ position manufactured for sale after September 1, 2010, shall be equipped with a system that requires the service brake to be depressed before the transmission can be shifted out of ‘park’. This system shall function in any starting system key position in which the transmission can be shifted out of ‘park’.

“(2) TREATMENT AS MOTOR VEHICLE SAFETY STANDARD.—A violation of paragraph (1) shall be treated as a violation of a motor vehicle safety standard prescribed under section 30111 of title 49, United States Code, and shall be subject to enforcement by the Secretary under chapter 301 of such title.

“(3) PUBLICATION OF NONCOMPLIANT VEHICLES.—

“(A) INFORMATION SUBMISSION.—Not later than 60 days after the date of the enactment of this Act [Feb. 28, 2008], for the current model year and annually thereafter through 2010, each motor vehicle manufacturer shall transmit to the Secretary the make and model of motor vehicles with automatic transmissions that include a ‘park’ position that do not comply with the requirements of paragraph (1).

“(B) PUBLICATION.—Not later than 30 days after receiving the information submitted under subparagraph (A), the Secretary shall publish and otherwise make available to the public through the Internet and other means the make and model of the applicable motor vehicles that do not comply with the requirements of paragraph (1). Any motor vehicle not included in the publication under this subparagraph shall be presumed to comply with such requirements.

“(e) DEFINITION OF MOTOR VEHICLE.—As used in this Act and for purposes of the motor vehicle safety standards described in subsections (a) and (b), the term ‘motor vehicle’ has the meaning given such term in section 30102(a)(6) of title 49, United States Code, except that such term shall not include—

“(1) a motorcycle or trailer (as such terms are defined in section 571.3 of title 49, Code of Federal Regulations); or

“(2) any motor vehicle that is rated at more than 10,000 pounds gross vehicular weight.

“(f) DATABASE ON INJURIES AND DEATHS IN NONTRAFFIC, NONCRASH EVENTS.—

“(1) IN GENERAL.—Not later than 12 months after the date of the enactment of this Act [Feb. 28, 2008], the Secretary shall establish and maintain a database of injuries and deaths in nontraffic, noncrash events involving motor vehicles.

“(2) CONTENTS.—The database established pursuant to paragraph (1) shall include information regarding—

“(A) the number, types, and causes of injuries and deaths resulting from the events described in paragraph (1);

“(B) the make, model, and model year of motor vehicles involved in such events, when practicable; and

“(C) other variables that the Secretary determines will enhance the value of the database.

“(3) AVAILABILITY.—The Secretary shall make the information contained in the database established pursuant to paragraph (1) available to the public through the Internet and other means.

“SEC. 3. CHILD SAFETY INFORMATION PROGRAM.

“(a) IN GENERAL.—Not later than 9 months after the date of the enactment of this Act [Feb. 28, 2008], the Secretary shall provide information about hazards to children in nontraffic, noncrash incident situations by—

“(1) supplementing an existing consumer information program relating to child safety; or

“(2) creating a new consumer information program relating to child safety.

“(b) PROGRAM REQUIREMENTS.—In carrying out the program under subsection (a), the Secretary shall—

“(1) utilize information collected pursuant to section 2(f) regarding nontraffic, noncrash injuries, and other relevant data the Secretary considers appropriate, to establish priorities for the program;

“(2) address ways in which parents and caregivers can reduce risks to small children arising from back over incidents, hyperthermia in closed motor vehicles, accidental actuation of power windows, and any other risks the Secretary determines should be addressed; and

“(3) make information related to the program available to the public through the Internet and other means.

“SEC. 4. DEADLINES.

“If the Secretary determines that the deadlines applicable under this Act cannot be met, the Secretary shall—

“(1) establish new deadlines; and

“(2) notify the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate of the new deadlines and describing the reasons the deadlines specified under this Act could not be met.”

IMPROVING CRITERIA USED IN A RECALL

Pub. L. 106-414, §15, Nov. 1, 2000, 114 Stat. 1808, provided that:

“(a) REVIEW OF STANDARDS AND CRITERIA USED IN OPENING A DEFECT OR NONCOMPLIANCE INVESTIGATION.—The Secretary shall, not later than 30 days after the date of the enactment of this Act [Nov. 1, 2000], undertake a comprehensive review of all standards, criteria, procedures, and methods, including data management and analysis used by the National Highway Traffic Safety Administration in determining whether to open a defect or noncompliance investigation pursuant to subchapter II or IV of chapter 301 of title 49, United States Code, and shall undertake such steps as may be necessary to update and improve such standards, criteria, procedures, or methods, including data management and analysis.

“(b) REPORT TO CONGRESS.—Not later than 1 year after the date of the enactment of this Act [Nov. 1, 2000], the Secretary shall transmit to the Committee on Commerce [now Committee on Energy and Commerce] of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report describing the Secretary’s findings and actions under subsection (a).”

§ 30112. Prohibitions on manufacturing, selling, and importing noncomplying motor vehicles and equipment

(a) GENERAL.—(1) Except as provided in this section, sections 30113 and 30114 of this title, and subchapter III of this chapter, a person may not manufacture for sale, sell, offer for sale, introduce or deliver for introduction in interstate commerce, or import into the United States, any motor vehicle or motor vehicle equipment manufactured on or after the date an applicable motor vehicle safety standard prescribed under this chapter takes effect unless the vehicle or equipment complies with the standard and is covered by a certification issued under section 30115 of this title.

(2) Except as provided in this section, sections 30113 and 30114 of this title, and subchapter III of this chapter, a school or school system may not purchase or lease a new 15-passenger van if it will be used significantly by, or on behalf of, the school or school system to transport preprimary, primary, or secondary school stu-

dents to or from school or an event related to school, unless the 15-passenger van complies with the motor vehicle standards prescribed for school buses and multifunction school activity buses under this title. AMENDMENTS

2005—Subsec. (a). Pub. L. 109-59, which directed amendment of section 30112(a), without specifying the title to be amended, by designating existing provisions as par. (1) and adding par. (2), was executed to this section, to reflect the probable intent of Congress.

§ 30113. General exemptions

(a) DEFINITION.—In this section, “low-emission motor vehicle” means a motor vehicle meeting the standards for new motor vehicles applicable to the vehicle under section 202 of the Clean Air Act (42 U.S.C. 7521) when the vehicle is manufactured and emitting an air pollutant in an amount significantly below one of those standards.

(b) AUTHORITY TO EXEMPT AND PROCEDURES.—(1) The Secretary of Transportation may exempt, on a temporary basis, motor vehicles from a motor vehicle safety standard prescribed under this chapter or passenger motor vehicles from a bumper standard prescribed under chapter 325 of this title, on terms the Secretary considers appropriate. An exemption may be renewed. A renewal may be granted only on re-application and must conform to the requirements of this subsection.

(2) The Secretary may begin a proceeding under this subsection when a manufacturer applies for an exemption or a renewal of an exemption. The Secretary shall publish notice of the application and provide an opportunity to comment. An application for an exemption or for a

renewal of an exemption shall be filed at a time and in the way, and contain information, this section and the Secretary require.

(3) The Secretary may act under this subsection on finding that—

(A) an exemption is consistent with the public interest and this chapter or chapter 325 of this title (as applicable); and

(B)(i) compliance with the standard would cause substantial economic hardship to a manufacturer that has tried to comply with the standard in good faith;

(ii) the exemption would make easier the development or field evaluation of a new motor vehicle safety feature providing a safety level at least equal to the safety level of the standard;

(iii) the exemption would make the development or field evaluation of a low-emission motor vehicle easier and would not unreasonably lower the safety level of that vehicle; or

(iv) compliance with the standard would prevent the manufacturer from selling a motor vehicle with an overall safety level at least equal to the overall safety level of nonexempt vehicles.

(c) CONTENTS OF APPLICATIONS.—A manufacturer applying for an exemption under subsection (b) of this section shall include the following information in the application:

(1) if the application is made under subsection (b)(3)(B)(i) of this section, a complete financial statement describing the economic hardship and a complete description of the manufacturer’s good faith effort to comply with each motor vehicle safety standard prescribed under this chapter, or a bumper standard prescribed under chapter 325 of this title, from which the manufacturer is requesting an exemption.

(2) if the application is made under subsection (b)(3)(B)(ii) of this section, a record of the research, development, and testing establishing the innovative nature of the safety feature and a detailed analysis establishing that the safety level of the feature at least equals the safety level of the standard.

(3) if the application is made under subsection (b)(3)(B)(iii) of this section, a record of the research, development, and testing establishing that the motor vehicle is a low-emission motor vehicle and that the safety level of the vehicle is not lowered unreasonably by exemption from the standard.

(4) if the application is made under subsection (b)(3)(B)(iv) of this section, a detailed analysis showing how the vehicle provides an overall safety level at least equal to the overall safety level of nonexempt vehicles.

(d) ELIGIBILITY.—A manufacturer is eligible for an exemption under subsection (b)(3)(B)(i) of this section (including an exemption under subsection (b)(3)(B)(i) relating to a bumper standard referred to in subsection (b)(1)) only if the Secretary determines that the manufacturer’s total motor vehicle production in the most recent year of production is not more than 10,000. A manufacturer is eligible for an exemption under subsection (b)(3)(B)(ii), (iii), or (iv) of this section only if the Secretary determines the ex-

emption is for not more than 2,500 vehicles to be sold in the United States in any 12-month period.

(e) **MAXIMUM PERIOD.**—An exemption or renewal under subsection (b)(3)(B)(i) of this section may be granted for not more than 3 years. An exemption or renewal under subsection (b)(3)(B)(ii), (iii), or (iv) of this section may be granted for not more than 2 years.

(f) **DISCLOSURE.**—The Secretary may make public, by the 10th day after an application is filed, information contained in the application or relevant to the application unless the information concerns or is related to a trade secret or other confidential information not relevant to the application.

(g) **NOTICE OF DECISION.**—The Secretary shall publish in the Federal Register a notice of each decision granting an exemption under this section and the reasons for granting it.

(h) **PERMANENT LABEL REQUIREMENT.**—The Secretary shall require a permanent label to be fixed to a motor vehicle granted an exemption under this section. The label shall either name or describe each motor vehicle safety standard prescribed under this chapter or bumper standard prescribed under chapter 325 of this title from which the vehicle is exempt. The Secretary may require that written notice of an exemption be delivered by appropriate means to the dealer and the first purchaser of the vehicle other than for resale.

§ 30117. Providing information to, and maintaining records on, purchasers

(a) PROVIDING INFORMATION AND NOTICE.—The Secretary of Transportation may require that each manufacturer of a motor vehicle or motor vehicle equipment provide technical information related to performance and safety required to carry out this chapter. The Secretary may require the manufacturer to give the following notice of that information when the Secretary decides it is necessary:

(1) to each prospective purchaser of a vehicle or equipment before the first sale other than for resale at each location at which the vehicle or equipment is offered for sale by a person having a legal relationship with the manufacturer, in a way the Secretary decides is appropriate.

(2) to the first purchaser of a vehicle or equipment other than for resale when the vehicle or equipment is bought, in printed matter placed in the vehicle or attached to or accompanying the equipment.

(b) MAINTAINING PURCHASER RECORDS AND PROCEDURES.—(1) A manufacturer of a motor vehicle or tire (except a retreaded tire) shall cause to be maintained a record of the name and address of the first purchaser of each vehicle or tire it produces and, to the extent prescribed by regulations of the Secretary, shall cause to be maintained a record of the name and address of the first purchaser of replacement equipment (except a tire) that the manufacturer produces. The Secretary may prescribe by regulation the records to be maintained and reasonable procedures for maintaining the records under this subsection, including procedures to be followed by distributors and dealers to assist the manufacturer in obtaining the information required by this subsection. A procedure shall be reasonable for the type of vehicle or tire involved, and shall provide reasonable assurance that a customer list of a distributor or dealer, or similar information, will be made available to a person (except the distributor or dealer) only when necessary to carry out this subsection and sections 30118-30121, 30166(f), and 30167(a) and (b) of this title. Availability of assistance from a distributor or dealer does not affect an obligation of a manufacturer under this subsection.

(2)(A) Except as provided in paragraph (3) of this subsection, the Secretary may require a dis-

tributor or dealer to maintain a record under paragraph (1) of this subsection only if the business of the distributor or dealer is owned or controlled by a manufacturer of tires.

(B) The Secretary shall require each distributor and dealer whose business is not owned or controlled by a manufacturer of tires to give a registration form (containing the tire identification number) to the first purchaser of a tire. The Secretary shall prescribe the form, which shall be standardized for all tires and designed to allow the purchaser to complete and return it directly to the manufacturer of the tire. The manufacturer shall give sufficient copies of forms to distributors and dealers.

(3)(A) The Secretary shall evaluate from time to time how successful the procedures under paragraph (2) of this subsection have been in helping to maintain records about first purchasers of tires. After each evaluation, the Secretary shall decide—

- (i) the extent to which distributors and dealers have complied with the procedures;
- (ii) the extent to which distributors and dealers have encouraged first purchasers of tires to register the tires; and
- (iii) whether to prescribe for manufacturers, distributors, or dealers other requirements that the Secretary decides will increase significantly the percentage of first purchasers of tires about whom records are maintained.

(B) The Secretary may prescribe a requirement under subparagraph (A) of this paragraph only if the Secretary decides it is necessary to reduce the risk to motor vehicle safety, after considering—

- (i) the cost of the requirement to manufacturers and the burden of the requirement on distributors and dealers, compared to the increase in the percentage of first purchasers of tires about whom records would be maintained as a result of the requirement;
- (ii) the extent to which distributors and dealers have complied with the procedures in paragraph (2) of this subsection; and
- (iii) the extent to which distributors and dealers have encouraged first purchasers of tires to register the tires.

(C) A manufacturer of tires shall reimburse distributors and dealers of that manufacturer's tires for all reasonable costs incurred by the distributors and dealers in complying with a requirement prescribed by the Secretary under subparagraph (A) of this paragraph.

(D) After making a decision under subparagraph (A) of this paragraph, the Secretary shall submit to each House of Congress a report containing a detailed statement of the decision and an explanation of the reasons for the decision.

(c) ROLLOVER TESTS.—

(1) DEVELOPMENT.—Not later than 2 years from the date of the enactment of this subsection, the Secretary shall—

- (A) develop a dynamic test on rollovers by motor vehicles for the purposes of a consumer information program; and
- (B) carry out a program of conducting such tests.

(2) TEST RESULTS.—As the Secretary develops a test under paragraph (1)(A), the Sec-

retary shall conduct a rulemaking to determine how best to disseminate test results to the public.

(3) MOTOR VEHICLES COVERED.—This subsection applies to motor vehicles, including passenger cars, multipurpose passenger vehicles, and trucks, with a gross vehicle weight rating of 10,000 pounds or less. A motor vehicle designed to provide temporary residential accommodations is not covered.

(A) and (B), respectively, and realigning margins, by substituting “(1) IN GENERAL.—A manufacturer” for “A manufacturer”, and by adding a new par (2) relating to duty of manufacturers, was repealed by Pub. L. 106-414, §2. See Construction of 2000 Amendment note below.

§ 30119. Notification procedures

(a) CONTENTS OF NOTIFICATION.—Notification by a manufacturer required under section 30118 of this title of a defect or noncompliance shall contain—

(1) a clear description of the defect or noncompliance;

(2) an evaluation of the risk to motor vehicle safety reasonably related to the defect or noncompliance;

(3) the measures to be taken to obtain a remedy of the defect or noncompliance;

(4) a statement that the manufacturer giving notice will remedy the defect or noncompliance without charge under section 30120 of this title;

(5) the earliest date on which the defect or noncompliance will be remedied without charge, and for tires, the period during which the defect or noncompliance will be remedied without charge under section 30120 of this title;

(6) the procedure the recipient of a notice is to follow to inform the Secretary of Transportation when a manufacturer, distributor, or dealer does not remedy the defect or noncompliance without charge under section 30120 of this title; and

(7) other information the Secretary prescribes by regulation.

(b) EARLIEST REMEDY DATE.—The date specified by a manufacturer in a notification under subsection (a)(5) of this section or section 30121(c)(2) of this title is the earliest date that parts and facilities reasonably can be expected to be available to remedy the defect or noncompliance. The Secretary may disapprove the date.

(c) TIME FOR NOTIFICATION.—Notification required under section 30118 of this title shall be given within a reasonable time—

(1) prescribed by the Secretary, after the manufacturer receives notice of a final decision under section 30118(b) of this title; or

(2) after the manufacturer first decides that a safety-related defect or noncompliance exists under section 30118(c) of this title.

(d) MEANS OF PROVIDING NOTIFICATION.—(1) Notification required under section 30118 of this title about a motor vehicle shall be sent by first class mail—

(A) to each person registered under State law as the owner and whose name and address are reasonably ascertainable by the manufacturer through State records or other available sources; or

(B) if a registered owner is not notified under clause (A) of this paragraph, to the most recent purchaser known to the manufacturer.

(2) Notification required under section 30118 of this title about replacement equipment (except a tire) shall be sent by first class mail to the most recent purchaser known to the manufacturer. In addition, if the Secretary decides that public notice is required for motor vehicle safety, public notice shall be given in the way required by the Secretary after consulting with the manufacturer.

(3) Notification required under section 30118 of this title about a tire shall be sent by first class mail (or, if the manufacturer prefers, by certified mail) to the most recent purchaser known to the manufacturer. In addition, if the Secretary decides that public notice is required for motor vehicle safety, public notice shall be given in the way required by the Secretary after consulting with the manufacturer. In deciding whether public notice is required, the Secretary shall consider—

(A) the magnitude of the risk to motor vehicle safety caused by the defect or noncompliance; and

(B) the cost of public notice compared to the additional number of owners the notice may reach.

(4) A dealer to whom a motor vehicle or replacement equipment was delivered shall be notified by certified mail or quicker means if available.

(e) SECOND NOTIFICATION.—If the Secretary decides that a notification sent by a manufacturer under this section has not resulted in an adequate number of motor vehicles or items of replacement equipment being returned for remedy, the Secretary may order the manufacturer to send a 2d notification in the way the Secretary prescribes by regulation.

(f) NOTIFICATION BY LESSOR TO LESSEE.—(1) In this subsection, “leased motor vehicle” means a motor vehicle that is leased to a person for at least 4 months by a lessor that has leased at least 5 motor vehicles in the 12 months before the date of the notification.

(2) A lessor that receives a notification required by section 30118 of this title about a leased motor vehicle shall provide a copy of the notification to the lessee in the way the Secretary prescribes by regulation.

§ 30120. Remedies for defects and noncompliance

(a) WAYS TO REMEDY.—(1) Subject to subsections (f) and (g) of this section, when notification of a defect or noncompliance is required under section 30118(b) or (c) of this title, the manufacturer of the defective or noncomplying motor vehicle or replacement equipment shall remedy the defect or noncompliance without charge when the vehicle or equipment is presented for remedy. Subject to subsections (b) and (c) of this section, the manufacturer shall remedy the defect or noncompliance in any of the following ways the manufacturer chooses:

- (A) if a vehicle—
 - (i) by repairing the vehicle;
 - (ii) by replacing the vehicle with an identical or reasonably equivalent vehicle; or
 - (iii) by refunding the purchase price, less a reasonable allowance for depreciation.

(B) if replacement equipment, by repairing the equipment or replacing the equipment with identical or reasonably equivalent equipment.

(2) The Secretary of Transportation may prescribe regulations to allow the manufacturer to

impose conditions on the replacement of a motor vehicle or refund of its price.

(b) TIRE REMEDIES.—(1) A manufacturer of a tire, including an original equipment tire, shall remedy a defective or noncomplying tire if the owner or purchaser presents the tire for remedy not later than 60 days after the later of—

(A) the day the owner or purchaser receives notification under section 30119 of this title; or

(B) if the manufacturer decides to replace the tire, the day the owner or purchaser receives notification that a replacement is available.

(2) If the manufacturer decides to replace the tire and the replacement is not available during the 60-day period, the owner or purchaser must present the tire for remedy during a subsequent 60-day period that begins only after the owner or purchaser receives notification that a replacement will be available during the subsequent period. If tires are available during the subsequent period, only a tire presented for remedy during that period must be remedied.

(c) ADEQUACY OF REPAIRS.—(1) If a manufacturer decides to repair a defective or noncomplying motor vehicle or replacement equipment and the repair is not done adequately within a reasonable time, the manufacturer shall—

(A) replace the vehicle or equipment without charge with an identical or reasonably equivalent vehicle or equipment; or

(B) for a vehicle, refund the purchase price, less a reasonable allowance for depreciation.

(2) Failure to repair a motor vehicle or replacement equipment adequately not later than 60 days after its presentation is prima facie evidence of failure to repair within a reasonable time. However, the Secretary may extend, by order, the 60-day period if good cause for an extension is shown and the reason is published in the Federal Register before the period ends. Presentation of a vehicle or equipment for repair before the date specified by a manufacturer in a notice under section 30119(a)(5) or 30121(c)(2) of this title is not a presentation under this section.

(3) If the Secretary determines that a manufacturer's remedy program is not likely to be capable of completion within a reasonable time, the Secretary may require the manufacturer to accelerate the remedy program if the Secretary finds—

(A) that there is a risk of serious injury or death if the remedy program is not accelerated; and

(B) that acceleration of the remedy program can be reasonably achieved by expanding the sources of replacement parts, expanding the number of authorized repair facilities, or both.

The Secretary may prescribe regulations to carry out this paragraph.

(d) FILING MANUFACTURER'S REMEDY PROGRAM.—A manufacturer shall file with the Secretary a copy of the manufacturer's program under this section for remedying a defect or noncompliance. The Secretary shall make the program available to the public and publish a notice of availability in the Federal Register. A manufacturer's remedy program shall include a plan for reimbursing an owner or purchaser who

incurred the cost of the remedy within a reasonable time in advance of the manufacturer's notification under subsection (b) or (c) of section 30118. The Secretary may prescribe regulations establishing what constitutes a reasonable time for purposes of the preceding sentence and other reasonable conditions for the reimbursement plan. In the case of a remedy program involving the replacement of tires, the manufacturer shall include a plan addressing how to prevent, to the extent reasonably within the control of the manufacturer, replaced tires from being resold for installation on a motor vehicle, and how to limit, to the extent reasonably within the control of the manufacturer, the disposal of replaced tires in landfills, particularly through shredding, crumbling, recycling, recovery, and other alternative beneficial non-vehicular uses. The manufacturer shall include information about the implementation of such plan with each quarterly report to the Secretary regarding the progress of any notification or remedy campaigns.

(e) HEARINGS ABOUT MEETING REMEDY REQUIREMENTS.—On the motion of the Secretary or on application by any interested person, the Secretary may conduct a hearing to decide whether the manufacturer has reasonably met the remedy requirements under this section. Any interested person may make written and oral presentations of information, views, and arguments on whether the manufacturer has reasonably met the remedy requirements. If the Secretary decides a manufacturer has not reasonably met the remedy requirements, the Secretary shall order the manufacturer to take specified action to meet those requirements and may take any other action authorized under this chapter.

(f) FAIR REIMBURSEMENT TO DEALERS.—A manufacturer shall pay fair reimbursement to a dealer providing a remedy without charge under this section.

(g) NONAPPLICATION.—(1) The requirement that a remedy be provided without charge does not apply if the motor vehicle or replacement equipment was bought by the first purchaser more than 10 calendar years, or the tire, including an original equipment tire, was bought by the first purchaser more than 5 calendar years, before notice is given under section 30118(c) of this title or an order is issued under section 30118(b) of this title, whichever is earlier.

(2) This section does not apply during any period in which enforcement of an order under section 30118(b) of this title is restrained or the order is set aside in a civil action to which section 30121(d) of this title applies.

(h) EXEMPTIONS.—On application of a manufacturer, the Secretary shall exempt the manufacturer from this section if the Secretary decides a defect or noncompliance is inconsequential to motor vehicle safety. The Secretary may take action under this subsection only after notice in the Federal Register and an opportunity for any interested person to present information, views, and arguments.

(i) LIMITATION ON SALE OR LEASE.—(1) If notification is required by an order under section 30118(b) of this title or is required under section 30118(c) of this title and the manufacturer has

provided to a dealer (including retailers of motor vehicle equipment) notification about a new motor vehicle or new item of replacement equipment in the dealer's possession at the time of notification that contains a defect related to motor vehicle safety or does not comply with an applicable motor vehicle safety standard prescribed under this chapter, the dealer may sell or lease the motor vehicle or item of replacement equipment only if—

(A) the defect or noncompliance is remedied as required by this section before delivery under the sale or lease; or

(B) when the notification is required by an order under section 30118(b) of this title, enforcement of the order is restrained or the order is set aside in a civil action to which section 30121(d) of this title applies.

(2) This subsection does not prohibit a dealer from offering for sale or lease the vehicle or equipment.

(j) PROHIBITION ON SALES OF REPLACED EQUIPMENT.—No person may sell or lease any motor vehicle equipment (including a tire), for installation on a motor vehicle, that is the subject of a decision under section 30118(b) or a notice required under section 30118(c) in a condition that it may be reasonably used for its original purpose unless—

(1) the defect or noncompliance is remedied as required by this section before delivery under the sale or lease; or

(2) notification of the defect or noncompliance is required under section 30118(b) but enforcement of the order is set aside in a civil action to which section 30121(d) applies.

§ 30121. Provisional notification and civil actions to enforce

(a) PROVISIONAL NOTIFICATION.—(1) The Secretary of Transportation may order a manufacturer to issue a provisional notification if a civil action about an order issued under section 30118(b) of this title has been brought under section 30163 of this title. The provisional notification shall contain—

(A) a statement that the Secretary has decided that a defect related to motor vehicle safety or noncompliance with a motor vehicle safety standard prescribed under this chapter exists and that the manufacturer is contesting the decision in a civil action in a United States district court;

(B) a clear description of the Secretary’s stated basis for the decision;

(C) the Secretary’s evaluation of the risk to motor vehicle safety reasonably related to the defect or noncompliance;

(D) measures the Secretary considers necessary to avoid an unreasonable risk to motor vehicle safety resulting from the defect or noncompliance;

(E) a statement that the manufacturer will remedy the defect or noncompliance without charge under section 30120 of this title, but that the requirement to remedy without charge is conditioned on the outcome of the civil action; and

(F) other information the Secretary prescribes by regulation or includes in the order requiring the notice.

(2) A notification under this subsection does not relieve a manufacturer of liability for not giving notification required by an order under section 30118(b) of this title.

(b) CIVIL ACTIONS FOR NOT NOTIFYING.—(1) A manufacturer that does not notify owners and purchasers under section 30119(c) and (d) of this title is liable to the United States Government for a civil penalty, unless the manufacturer prevails in a civil action referred to in subsection (a) of this section or the court in that action enjoins enforcement of the order. Enforcement may be enjoined only if the court decides that the failure to notify is reasonable and that the manufacturer has demonstrated the likelihood of prevailing on the merits. If enforcement is enjoined, the manufacturer is not liable during the time the order is stayed.

(2) A manufacturer that does not notify owners and purchasers as required under subsection (a) of this section is liable for a civil penalty regardless of whether the manufacturer prevails in an action on the validity of the order issued under section 30118(b) of this title.

(c) ORDERS TO MANUFACTURERS.—If the Secretary prevails in a civil action referred to in subsection (a) of this section, the Secretary shall order the manufacturer—

(1) to notify each owner, purchaser, and dealer described in section 30119(d) of this title of the outcome of the action and other information the Secretary requires, and notification under this clause may be combined with notification required under section 30118(b) of this title;

(2) to specify the earliest date under section 30119(b) of this title on which the defect or noncompliance will be remedied without charge under section 30120 of this title; and

(3) if notification was required under subsection (a) of this section, to reimburse an owner or purchaser for reasonable and necessary expenses (in an amount that is not more than the amount specified in the order of the Secretary under subsection (a)) incurred for repairing the defect or noncompliance during the period beginning on the date that notification was required to be issued and ending on the date the owner or purchaser receives the notification under this subsection.

(d) VENUE.—Notwithstanding section 30163(c) of this title, a civil action about an order issued under section 30118(b) of this title must be brought in the United States district court for a judicial district in the State in which the manufacturer is incorporated or the District of Columbia. On motion of a party, the court may transfer the action to another district court if good cause is shown. All actions related to the same order under section 30118(b) shall be consolidated in an action in one judicial district under an order of the court in which the first action was brought. If the first action is transferred to another court, that court shall issue the consolidation order.

(1) “bus” means a motor vehicle with motive power (except a trailer) designed to carry more than 10 individuals.

(2) “multipurpose passenger vehicle” means a motor vehicle with motive power (except a trailer), designed to carry not more than 10 individuals, that is constructed either on a truck chassis or with special features for occasional off-road operation.

(3) “passenger car” means a motor vehicle with motive power (except a multipurpose passenger vehicle, motorcycle, or trailer) designed to carry not more than 10 individuals.

(4) “truck” means a motor vehicle with motive power (except a trailer) designed primarily to transport property or special purpose equipment.

(b) INFLATABLE RESTRAINT REQUIREMENTS.—(1) Not later than September 1, 1993, the Secretary of Transportation shall prescribe under this chapter an amendment to Federal Motor Vehicle Safety Standard 208 issued under the National

Traffic and Motor Vehicle Safety Act of 1966. The amendment shall require that the automatic occupant crash protection system for both of the front outboard seating positions for each of the following vehicles be an inflatable restraint (with lap and shoulder belts) complying with the occupant protection requirements under section 4.1.2.1 of Standard 208:

(A) 95 percent of each manufacturer's annual production of passenger cars manufactured after August 31, 1996, and before September 1, 1997.

(B) 80 percent of each manufacturer's annual production of buses, multipurpose passenger vehicles, and trucks (except walk-in van-type trucks and vehicles designed to be sold only to the United States Postal Service) with a gross vehicle weight rating of not more than 8,500 pounds and an unloaded vehicle weight of not more than 5,500 pounds manufactured after August 31, 1997, and before September 1, 1998.

(C) 100 percent of each manufacturer's annual production of passenger cars manufactured after August 31, 1997.

(D) 100 percent of each manufacturer's annual production of vehicles described in clause (B) of this paragraph manufactured after August 31, 1998.

(2) Manufacturers may not use credits and incentives available before September 1, 1998, under the provisions of Standard 208 (as amended by this section) to comply with the requirements of paragraph (1)(D) of this subsection after August 31, 1998.

(c) OWNER MANUAL REQUIREMENTS.—In amending Standard 208, the Secretary of Transportation shall require, to be effective as soon as possible after the amendment is prescribed, that owner manuals for passenger cars, buses, multipurpose passenger vehicles, and trucks equipped with an inflatable restraint include a statement in an easily understandable format stating that—

(1) either or both of the front outboard seating positions of the vehicle are equipped with an inflatable restraint referred to as an "airbag" and a lap and shoulder belt;

(2) the "airbag" is a supplemental restraint and is not a substitute for lap and shoulder belts;

(3) lap and shoulder belts also must be used correctly by an occupant in a front outboard seating position to provide restraint or protection from frontal crashes as well as other types of crashes or accidents; and

(4) occupants should always wear their lap and shoulder belts, if available, or other safety belts, whether or not there is an inflatable restraint.

(d) SEAT BELT USE LAWS.—Congress finds that it is in the public interest for each State to adopt and enforce mandatory seat belt use laws and for the United States Government to adopt and enforce mandatory seat belt use regulations.

(e) TEMPORARY EXEMPTIONS.—(1) On application of a manufacturer, the Secretary of Transportation may exempt, on a temporary basis, motor vehicles of that manufacturer from any requirement under subsections (b) and (c) of this

section on terms the Secretary considers appropriate. An exemption may be renewed.

(2) The Secretary of Transportation may grant an exemption under paragraph (1) of this subsection if the Secretary finds that there has been a disruption in the supply of any component of an inflatable restraint or in the use and installation of that component by the manufacturer because of an unavoidable event not under the control of the manufacturer that will prevent the manufacturer from meeting its anticipated production volume of vehicles with those restraints.

(3) Only an affected manufacturer may apply for an exemption. The Secretary of Transportation shall prescribe in the amendment to Standard 208 required under this section the information an affected manufacturer must include in its application under this subsection. The manufacturer shall specify in the application the models, lines, and types of vehicles affected. The Secretary may consolidate similar applications from different manufacturers.

(4) An exemption or renewal of an exemption is conditioned on the commitment of the manufacturer to recall the exempted vehicles for installation of the omitted inflatable restraints within a reasonable time that the manufacturer proposes and the Secretary of Transportation approves after the components become available in sufficient quantities to satisfy both anticipated production and recall volume requirements.

(5) The Secretary of Transportation shall publish in the Federal Register a notice of each application under this subsection and each decision to grant or deny a temporary exemption and the reasons for the decision.

(6) The Secretary of Transportation shall require a label for each exempted vehicle that can be removed only after recall and installation of the required inflatable restraint. The Secretary shall require that written notice of the exemption be provided to the dealer and the first purchaser of each exempted vehicle other than for resale, with the notice being provided in a way, and containing the information, the Secretary considers appropriate.

(f) APPLICATION.—(1) This section revises, but does not replace, Standard 208 as in effect on December 18, 1991, including the amendment of March 26, 1991 (56 Fed. Reg. 12472), to Standard 208, extending the requirements for automatic crash protection, with incentives for more innovative automatic crash protection, to trucks, buses, and multipurpose passenger vehicles. This section may not be construed as—

(A) affecting another provision of law carried out by the Secretary of Transportation applicable to passenger cars, buses, multipurpose passenger vehicles, or trucks; or

(B) establishing a precedent related to developing or prescribing a Government motor vehicle safety standard.

(2) This section and amendments to Standard 208 made under this section may not be construed as indicating an intention by Congress to affect any liability of a motor vehicle manufacturer under applicable law related to vehicles with or without inflatable restraints.

(g) REPORT.—(1) On October 1, 1992, and annually after that date through October 1, 2000, the

Secretary of Transportation shall submit reports on the effectiveness of occupant restraint systems expressed as a percentage reduction in fatalities or injuries of restrained occupants compared to unrestrained occupants for—

- (A) a combination of inflated restraints and lap and shoulder belts;
- (B) inflated restraints only; and
- (C) lap and shoulder belts only.

(2) In consultation with the Secretaries of Labor and Defense, the Secretary of Transportation also shall provide information and analysis on lap and shoulder belt use, nationally and in each State by—

- (A) military personnel;
- (B) Government, State, and local law enforcement officers;
- (C) other Government and State employees; and
- (D) the public.

(h) AIRBAGS FOR GOVERNMENT CARS.—In cooperation with the Administrator of General Services and the heads of appropriate departments, agencies, and instrumentalities of the Government, the Secretary of Transportation shall establish a program, consistent with applicable procurement laws of the Government and available appropriations, requiring that all passenger cars acquired—

- (1) after September 30, 1994, for use by the Government be equipped, to the maximum extent practicable, with driver-side inflatable restraints; and
- (2) after September 30, 1996, for use by the Government be equipped, to the maximum extent practicable, with inflatable restraints for both front outboard seating positions.

1998—Subsec. (g)(1). Pub. L. 105-178 substituted “annually” for “every 6 months” in introductory provisions.

IMPROVING THE SAFETY OF CHILD RESTRAINTS

Pub. L. 107-318, Dec. 4, 2002, 116 Stat. 2772, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as ‘Anton’s Law’.

“SEC. 2. FINDINGS.

“Congress finds the following:

“(1) It is the policy of the Department of Transportation that all child occupants of motor vehicles, regardless of seating position, be appropriately restrained in order to reduce the incidence of injuries and fatalities resulting from motor vehicle crashes on the streets, roads, and highways.

“(2) Research has shown that very few children between the ages of 4 to 8 years old are in the appropriate restraint for their age when riding in passenger motor vehicles.

“(3) Children who have outgrown their child safety seats should ride in a belt-positioning booster seat until an adult seat belt fits properly.

“(4) Children who were properly restrained when riding in passenger motor vehicles suffered less severe injuries from accidents than children not properly restrained.

“SEC. 3. IMPROVEMENT OF SAFETY OF CHILD RESTRAINTS IN PASSENGER MOTOR VEHICLES.

“(a) IN GENERAL.—The Secretary of Transportation (hereafter referred to as the ‘Secretary’) shall initiate a rulemaking proceeding to establish performance requirements for child restraints, including booster seats, for the restraint of children weighing more than 50 pounds.

“(b) ELEMENTS FOR CONSIDERATION.—In the rulemaking proceeding required by subsection (a), the Secretary shall—

“(1) consider whether to include injury performance criteria for child restraints, including booster seats and other products for use in passenger motor vehicles for the restraint of children weighing more than 50 pounds, under the requirements established in the rulemaking proceeding;

“(2) consider whether to establish performance requirements for seat belt fit when used with booster seats and other belt guidance devices;

“(3) consider whether to address situations where children weighing more than 50 pounds only have access to seating positions with lap belts, such as allowing tethered child restraints for such children; and

“(4) review the definition of the term ‘booster seat’ in Federal motor vehicle safety standard No. 213 under section 571.213 of title 49, Code of Federal Regulations, to determine if it is sufficiently comprehensive.

“(c) COMPLETION.—The Secretary shall complete the rulemaking proceeding required by subsection (a) not later than 30 months after the date of the enactment of this Act [Dec. 4, 2002].

“SEC. 4. DEVELOPMENT OF ANTHROPOMORPHIC TEST DEVICE SIMULATING A 10-YEAR OLD CHILD.

“(a) DEVELOPMENT AND EVALUATION.—Not later than 24 months after the date of the enactment of this Act [Dec. 4, 2002], the Secretary shall develop and evaluate an anthropomorphic test device that simulates a 10-year old child for use in testing child restraints used in passenger motor vehicles.

“(b) ADOPTION BY RULEMAKING.—Within 1 year following the development and evaluation carried out under subsection (a), the Secretary shall initiate a rulemaking proceeding for the adoption of an anthropomorphic test device as developed under subsection (a).

“SEC. 5. REQUIREMENTS FOR INSTALLATION OF LAP AND SHOULDER BELTS.

“(a) IN GENERAL.—Not later than 24 months after the date of the enactment of this Act [Dec. 4, 2002], the Secretary shall complete a rulemaking proceeding to amend Federal motor vehicle safety standard No. 208 under section 571.208 of title 49, Code of Federal Regulations, relating to occupant crash protection, in order to—

“(1) require a lap and shoulder belt assembly for each rear designated seating position in a passenger motor vehicle with a gross vehicle weight rating of 10,000 pounds or less, except that if the Secretary determines that installation of a lap and shoulder belt assembly is not practicable for a particular designated seating position in a particular type of passenger motor vehicle, the Secretary may exclude the designated seating position from the requirement; and

“(2) apply that requirement to passenger motor vehicles in phases in accordance with subsection (b).

“(b) IMPLEMENTATION SCHEDULE.—The requirement prescribed under subsection (a)(1) shall be implemented

in phases on a production year basis beginning with the production year that begins not later than 12 months after the end of the year in which the regulations are prescribed under subsection (a). The final rule shall apply to all passenger motor vehicles with a gross vehicle weight rating of 10,000 pounds or less that are manufactured in the third production year of the implementation phase-in under the schedule.

“SEC. 6. EVALUATION OF INTEGRATED CHILD SAFETY SYSTEMS.

“(a) EVALUATION.—Not later than 180 days after the date of enactment of this Act [Dec. 4, 2002], the Secretary shall initiate an evaluation of integrated or built-in child restraints and booster seats. The evaluation should include—

“(1) the safety of the child restraint and correctness of fit for the child;

“(2) the availability of testing data on the system and vehicle in which the child restraint will be used;

“(3) the compatibility of the child restraint with different makes and models;

“(4) the cost-effectiveness of mass production of the child restraint for consumers;

“(5) the ease of use and relative availability of the child restraint to children riding in motor vehicles; and

“(6) the benefits of built-in seats for improving compliance with State child occupant restraint laws.

“(b) REPORT.—Not later than 12 months after the date of enactment of this Act [Dec. 4, 2002], the Secretary shall transmit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report of this evaluation.

“SEC. 7. DEFINITIONS.

“As used in this Act, the following definitions apply:

“(1) CHILD RESTRAINT.—The term ‘child restraint’ means any product designed to provide restraint to a child (including booster seats and other products used with a lap and shoulder belt assembly) that meets applicable Federal motor vehicle safety standards prescribed by the National Highway Traffic Safety Administration.

“(b) ELEMENTS FOR CONSIDERATION.—In the rulemaking required by subsection (a), the Secretary shall consider—

“(1) whether to require more comprehensive tests for child restraints than the current Federal motor vehicle safety standards requires, including the use of dynamic tests that—

“(A) replicate an array of crash conditions, such as side-impact crashes and rear-impact crashes; and

“(B) reflect the designs of passenger motor vehicles as of the date of the enactment of this Act [Nov. 1, 2000];

“(2) whether to require the use of anthropomorphic test devices that—

“(A) represent a greater range of sizes of children including the need to require the use of an anthropomorphic test device that is representative of a ten-year-old child; and

CODIFICATION

Section 10301(a) of Pub. L. 109-59, which directed that this section be added at the end of subchapter II of chapter 301, without specifying the title to be amended, was executed by adding this section at the end of subchapter II of this chapter, to reflect the probable intent of Congress.

SUBCHAPTER III—IMPORTING NONCOMPLYING MOTOR VEHICLES AND EQUIPMENT

§ 30141. Importing motor vehicles capable of complying with standards

(a) GENERAL.—Section 30112(a) of this title does not apply to a motor vehicle if—

(1) on the initiative of the Secretary of Transportation or on petition of a manufacturer or importer registered under subsection (c) of this section, the Secretary decides—

(A) the vehicle is—

(i) substantially similar to a motor vehicle originally manufactured for import into and sale in the United States;

(ii) certified under section 30115 of this title;

(iii) the same model year (as defined under regulations of the Secretary of Transportation) as the model of the motor vehicle it is being compared to; and

(iv) capable of being readily altered to comply with applicable motor vehicle safety standards prescribed under this chapter; or

(B) if there is no substantially similar United States motor vehicle, the safety features of the vehicle comply with or are capable of being altered to comply with those standards based on destructive test information or other evidence the Secretary of Transportation decides is adequate;

(2) the vehicle is imported by a registered importer; and

(3) the registered importer pays the annual fee the Secretary of Transportation establishes under subsection (e) of this section to pay for the costs of carrying out the registration program for importers under subsection (c) of this section and any other fees the Secretary of Transportation establishes to pay for the costs of—

(A) processing bonds provided to the Secretary of the Treasury under subsection (d) of this section; and

(B) making the decisions under this subchapter.

(b) PROCEDURES ON DECIDING ON MOTOR VEHICLE CAPABILITY.—(1) The Secretary of Transportation shall establish by regulation procedures for making a decision under subsection (a)(1) of this section and the information a petitioner must provide to show clearly that the motor vehicle is capable of being brought into compliance with applicable motor vehicle safety standards prescribed under this chapter. In establishing the procedures, the Secretary shall provide for a minimum period of public notice and written comment consistent with ensuring expeditious, but complete, consideration and avoiding delay by any person. In making a decision under those procedures, the Secretary shall consider test information and other information available to the Secretary, including any information provided by the manufacturer. If the Secretary makes a negative decision, the Secretary may not make another decision for the same model until at least 3 calendar months have elapsed after the negative decision.

(2) The Secretary of Transportation shall publish each year in the Federal Register a list of all decisions made under subsection (a)(1) of this section. Each published decision applies to the model of the motor vehicle for which the decision was made. A positive decision permits another importer registered under subsection (c) of this section to import a vehicle of the same

model under this section if the importer complies with all the terms of the decision.

(c) REGISTRATION.—(1) The Secretary of Transportation shall establish procedures for registering a person who complies with requirements prescribed by the Secretary by regulation under this subsection, including—

(A) recordkeeping requirements;

(B) inspection of records and facilities related to motor vehicles the person has imported, altered, or both; and

(C) requirements that ensure that the importer (or a successor in interest) will be able technically and financially to carry out responsibilities under sections 30117(b), 30118–30121, and 30166(f) of this title.

(2) The Secretary of Transportation shall deny registration to a person whose registration is revoked under paragraph (4) of this subsection.

(3) The Secretary of Transportation may deny registration to a person that is or was owned or controlled by, or under common ownership or control with, a person whose registration was revoked under paragraph (4) of this subsection.

(4) The Secretary of Transportation shall establish procedures for—

(A) revoking or suspending a registration issued under paragraph (1) of this subsection for not complying with a requirement of this subchapter or any of sections 30112, 30115, 30117–30122, 30125(c), 30127, or 30166 of this title or regulations prescribed under this subchapter or any of those sections;

(B) automatically suspending a registration for not paying a fee under subsection (a)(3) of this section in a timely manner or for knowingly filing a false or misleading certification under section 30146 of this title; and

(C) reinstating suspended registrations.

(d) BONDS.—(1) A person importing a motor vehicle under this section shall provide a bond to the Secretary of the Treasury (acting for the Secretary of Transportation) and comply with the terms the Secretary of Transportation decides are appropriate to ensure that the vehicle—

(A) will comply with applicable motor vehicle safety standards prescribed under this chapter within a reasonable time (specified by the Secretary of Transportation) after the vehicle is imported; or

(B) will be exported (at no cost to the United States Government) by the Secretary of the Treasury or abandoned to the Government.

(2) The amount of the bond provided under this subsection shall be at least equal to the dutiable value of the motor vehicle (as determined by the Secretary of the Treasury) but not more than 150 percent of that value.

(e) FEE REVIEW, ADJUSTMENT, AND USE.—The Secretary of Transportation shall review and make appropriate adjustments at least every 2 years in the amounts of the fees required to be paid under subsection (a)(3) of this section. The Secretary of Transportation shall establish the fees for each fiscal year before the beginning of that year. All fees collected remain available until expended without fiscal year limit to the extent provided in advance by appropriation laws. The amounts are only for use by the Secretary of Transportation—

(1) in carrying out this section and sections 30146(a)–(c)(1), (d), and (e) and 30147(b) of this title; and

(2) in advancing to the Secretary of the Treasury amounts for costs incurred under this section and section 30146 of this title to reimburse the Secretary of the Treasury for those costs.

§ 30146. Release of motor vehicles and bonds

(a) COMPLIANCE CERTIFICATION AND BOND.—(1) Except as provided in subsections (c) and (d) of this section, an importer registered under section 30141(c) of this title may license or register an imported motor vehicle for use on public streets, roads, or highways, or release custody of a motor vehicle imported by the registered importer or imported by an individual under section 30142 of this title and altered by the registered importer to meet applicable motor vehicle safety standards prescribed under this chapter to a person for license or registration for use on public streets, roads, or highways, only after 30 days after the registered importer certifies to the Secretary of Transportation, in the way the Secretary prescribes, that the motor vehicle complies with each standard prescribed in the year the vehicle was manufactured and that applies in that year to that vehicle. A vehicle may not be released if the Secretary gives written notice before the end of the 30-day period that the Secretary will inspect the vehicle under subsection (c) of this section.

(2) The Secretaries of Transportation and the Treasury shall prescribe regulations—

(A) ensuring the release of a motor vehicle and bond required under section 30141(d) of this title at the end of the 30-day period, unless the Secretary of Transportation issues a notice of an inspection under subsection (c) of this section; and

(B) providing that the Secretary of Transportation shall release the vehicle and bond promptly after an inspection under subsection (c) of this section showing compliance with the standards applicable to the vehicle.

(3) Each registered importer shall include on each motor vehicle released under this subsection a label prescribed by the Secretary of Transportation identifying the importer and stating that the vehicle has been altered by the importer to comply with the standards applicable to the vehicle.

(b) RELIANCE ON MANUFACTURER'S CERTIFICATION.—In making a certification under subsection (a)(1) of this section, the registered importer may rely on the manufacturer's certification for the model to which the motor vehicle involved is substantially similar if the importer certifies that any alteration made by the importer did not affect the compliance of the safety features of the vehicle and the importer keeps records verifying the certification for the period the Secretary of Transportation prescribes.

(c) EVIDENCE OF COMPLIANCE.—(1) The Secretary of Transportation may require that the certification under subsection (a)(1) of this section be accompanied by evidence of compliance the Secretary considers appropriate or may inspect the certified motor vehicle, or both. If the Secretary gives notice of an inspection, an importer may release the vehicle only after—

(A) an inspection showing the motor vehicle complies with applicable motor vehicle safety standards prescribed under this chapter for which the inspection was made; and

(B) release of the vehicle by the Secretary.

(2) The Secretary of Transportation shall inspect periodically a representative number of motor vehicles for which certifications have been filed under subsection (a)(1) of this section. In carrying out a motor vehicle testing program under this chapter, the Secretary shall include a representative number of motor vehicles for which certifications have been filed under subsection (a)(1).

(d) CHALLENGING THE CERTIFICATION.—A motor vehicle or bond may not be released under subsection (a) of this section if the Secretary of Transportation, not later than 30 days after receiving a certification under subsection (a)(1) of this section, gives written notice that the Secretary believes or has reason to believe that the certification is false or contains a misrepresentation.¹ The vehicle and bond may be released only after the Secretary is satisfied with the certification and any modification of the certification.

(e) BOND RELEASE.—A release of a bond required under section 30141(d) of this title is deemed an acceptance of a certification or completion of an inspection under this section but is not a decision by the Secretary of Transportation under section 30118(a) or (b) of this title of compliance with applicable motor vehicle safety standards prescribed under this chapter.

(Pub. L. 103-272, §1(e), July 5, 1994, 108 Stat. 964.)

EFFECTIVE DATE OF 1994 AMENDMENT

Amendment by Pub. L. 103-429 effective July 5, 1994, see section 9 of Pub. L. 103-429, set out as a note under section 321 of this title.

§ 30166. Inspections, investigations, and records

(a) DEFINITION.—In this section, "motor vehicle accident" means an occurrence associated with the maintenance or operation of a motor vehicle or motor vehicle equipment resulting in personal injury, death, or property damage.

(b) AUTHORITY TO INSPECT AND INVESTIGATE.—(1) The Secretary of Transportation may conduct an inspection or investigation—

(A) that may be necessary to enforce this chapter or a regulation prescribed or order issued under this chapter; or

(B) related to a motor vehicle accident and designed to carry out this chapter.

(2) The Secretary of Transportation shall cooperate with State and local officials to the greatest extent possible in an inspection or investigation under paragraph (1)(B) of this subsection.

(c) MATTERS THAT CAN BE INSPECTED AND IMPOUNDMENT.—In carrying out this chapter, an officer or employee designated by the Secretary of Transportation—

(1) at reasonable times, may inspect and copy any record related to this chapter;

(2) on request, may inspect records of a manufacturer, distributor, or dealer to decide whether the manufacturer, distributor, or dealer has complied or is complying with this chapter or a regulation prescribed or order issued under this chapter; and

(3) at reasonable times, in a reasonable way, and on display of proper credentials and written notice to an owner, operator, or agent in charge, may—

(A) enter and inspect with reasonable promptness premises in which a motor vehicle or motor vehicle equipment is manufactured, held for introduction in interstate commerce, or held for sale after introduction in interstate commerce;

(B) enter and inspect with reasonable promptness premises at which a vehicle or

equipment involved in a motor vehicle accident is located;

(C) inspect with reasonable promptness that vehicle or equipment; and

(D) impound for not more than 72 hours a vehicle or equipment involved in a motor vehicle accident.

(d) REASONABLE COMPENSATION.—When a motor vehicle (except a vehicle subject to subchapter I of chapter 135 of this title) or motor vehicle equipment is inspected or temporarily impounded under subsection (c)(3) of this section, the Secretary of Transportation shall pay reasonable compensation to the owner of the vehicle if the inspection or impoundment results in denial of use, or reduction in value, of the vehicle.

(e) RECORDS AND MAKING REPORTS.—The Secretary of Transportation reasonably may require a manufacturer of a motor vehicle or motor vehicle equipment to keep records, and a manufacturer, distributor, or dealer to make reports, to enable the Secretary to decide whether the manufacturer, distributor, or dealer has complied or is complying with this chapter or a regulation prescribed or order issued under this chapter. This subsection does not impose a recordkeeping requirement on a distributor or dealer in addition to those imposed under subsection (f) of this section and section 30117(b) of this title or a regulation prescribed or order issued under subsection (f) or section 30117(b).

(f) PROVIDING COPIES OF COMMUNICATIONS ABOUT DEFECTS AND NONCOMPLIANCE.—A manufacturer shall give the Secretary of Transportation a true or representative copy of each communication to the manufacturer's dealers or to owners or purchasers of a motor vehicle or replacement equipment produced by the manufacturer about a defect or noncompliance with a motor vehicle safety standard prescribed under this chapter in a vehicle or equipment that is sold or serviced.

(g) ADMINISTRATIVE AUTHORITY ON REPORTS, ANSWERS, AND HEARINGS.—(1) In carrying out this chapter, the Secretary of Transportation may—

(A) require, by general or special order, any person to file reports or answers to specific questions, including reports or answers under oath; and

(B) conduct hearings, administer oaths, take testimony, and require (by subpoena or otherwise) the appearance and testimony of witnesses and the production of records the Secretary considers advisable.

(2) A witness summoned under this subsection is entitled to the same fee and mileage the witness would have been paid in a court of the United States.

(h) CIVIL ACTIONS TO ENFORCE AND VENUE.—A civil action to enforce a subpoena or order under subsection (g) of this section may be brought in the United States district court for any judicial district in which the proceeding is conducted. The court may punish a failure to obey an order of the court to comply with a subpoena or order as a contempt of court.

(i) GOVERNMENTAL COOPERATION.—The Secretary of Transportation may request a depart-

ment, agency, or instrumentality of the United States Government to provide records the Secretary considers necessary to carry out this chapter. The head of the department, agency, or instrumentality shall provide the record on request, may detail personnel on a reimbursable basis, and otherwise shall cooperate with the Secretary. This subsection does not affect a law limiting the authority of a department, agency, or instrumentality to provide information to another department, agency, or instrumentality.

(j) COOPERATION OF SECRETARY.—The Secretary of Transportation may advise, assist, and cooperate with departments, agencies, and instrumentalities of the Government, States, and other public and private agencies in developing a method for inspecting and testing to determine compliance with a motor vehicle safety standard.

(k) PROVIDING INFORMATION.—The Secretary of Transportation shall provide the Attorney General and, when appropriate, the Secretary of the Treasury, information obtained that indicates a violation of this chapter or a regulation prescribed or order issued under this chapter.

(l) REPORTING OF DEFECTS IN MOTOR VEHICLES AND PRODUCTS IN FOREIGN COUNTRIES.—

(1) REPORTING OF DEFECTS, MANUFACTURER DETERMINATION.—Not later than 5 working days after determining to conduct a safety recall or other safety campaign in a foreign country on a motor vehicle or motor vehicle equipment that is identical or substantially similar to a motor vehicle or motor vehicle equipment offered for sale in the United States, the manufacturer shall report the determination to the Secretary.

(2) REPORTING OF DEFECTS, FOREIGN GOVERNMENT DETERMINATION.—Not later than 5 working days after receiving notification that the government of a foreign country has determined that a safety recall or other safety campaign must be conducted in the foreign country on a motor vehicle or motor vehicle equipment that is identical or substantially similar to a motor vehicle or motor vehicle equipment offered for sale in the United States, the manufacturer of the motor vehicle or motor vehicle equipment shall report the determination to the Secretary.

(3) REPORTING REQUIREMENTS.—The Secretary shall prescribe the contents of the notification required by this subsection.

(m) EARLY WARNING REPORTING REQUIREMENTS.—

(1) RULEMAKING REQUIRED.—Not later than 120 days after the date of the enactment of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act, the Secretary shall initiate a rulemaking proceeding to establish early warning reporting requirements for manufacturers of motor vehicles and motor vehicle equipment to enhance the Secretary's ability to carry out the provisions of this chapter.

(2) DEADLINE.—The Secretary shall issue a final rule under paragraph (1) not later than June 30, 2002.

(3) REPORTING ELEMENTS.—

(A) WARRANTY AND CLAIMS DATA.—As part of the final rule promulgated under para-

graph (1), the Secretary shall require manufacturers of motor vehicles and motor vehicle equipment to report, periodically or upon request by the Secretary, information which is received by the manufacturer derived from foreign and domestic sources to the extent that such information may assist in the identification of defects related to motor vehicle safety in motor vehicles and motor vehicle equipment in the United States and which concerns—

(i) data on claims submitted to the manufacturer for serious injuries (including death) and aggregate statistical data on property damage from alleged defects in a motor vehicle or in motor vehicle equipment; or

(ii) customer satisfaction campaigns, consumer advisories, recalls, or other activity involving the repair or replacement of motor vehicles or items of motor vehicle equipment.

(B) OTHER DATA.—As part of the final rule promulgated under paragraph (1), the Secretary may, to the extent that such information may assist in the identification of defects related to motor vehicle safety in motor vehicles and motor vehicle equipment in the United States, require manufacturers of motor vehicles or motor vehicle equipment to report, periodically or upon request of the Secretary, such information as the Secretary may request.

(C) REPORTING OF POSSIBLE DEFECTS.—The manufacturer of a motor vehicle or motor vehicle equipment shall report to the Secretary, in such manner as the Secretary establishes by regulation, all incidents of which the manufacturer receives actual notice which involve fatalities or serious injuries which are alleged or proven to have been caused by a possible defect in such manufacturer's motor vehicle or motor vehicle equipment in the United States, or in a foreign country when the possible defect is in a motor vehicle or motor vehicle equipment that is identical or substantially similar to a motor vehicle or motor vehicle equipment offered for sale in the United States.

(4) HANDLING AND UTILIZATION OF REPORTING ELEMENTS.—

(A) SECRETARY'S SPECIFICATIONS.—In requiring the reporting of any information requested by the Secretary under this subsection, the Secretary shall specify in the final rule promulgated under paragraph (1)—

(i) how such information will be reviewed and utilized to assist in the identification of defects related to motor vehicle safety;

(ii) the systems and processes the Secretary will employ or establish to review and utilize such information; and

(iii) the manner and form of reporting such information, including in electronic form.

(B) INFORMATION IN POSSESSION OF MANUFACTURER.—The regulations promulgated by the Secretary under paragraph (1) may not require a manufacturer of a motor vehicle or

motor vehicle equipment to maintain or submit records respecting information not in the possession of the manufacturer.

(C) DISCLOSURE.—None of the information collected pursuant to the final rule promulgated under paragraph (1) shall be disclosed pursuant to section 30167(b) unless the Secretary determines the disclosure of such information will assist in carrying out sections 30117(b) and 30118 through 30121.

(D) BURDENSOME REQUIREMENTS.—In promulgating the final rule under paragraph (1), the Secretary shall not impose requirements unduly burdensome to a manufacturer of a motor vehicle or motor vehicle equipment, taking into account the manufacturer's cost of complying with such requirements and the Secretary's ability to use the information sought in a meaningful manner to assist in the identification of defects related to motor vehicle safety.

(5) PERIODIC REVIEW.—As part of the final rule promulgated pursuant to paragraph (1), the Secretary shall specify procedures for the periodic review and update of such rule.

(2) DEFECT OR NONCOMPLIANCE REMEDIED OR ORDER NOT IN EFFECT.—Regulations under paragraph (1) shall not require the reporting described in paragraph (1) where before delivery under a sale or lease of a tire—

(A) the defect or noncompliance of the tire is remedied as required by section 30120; or

(B) notification of the defect or noncompliance is required under section 30118(b) but enforcement of the order is restrained or the order is set aside in a civil action to which section 30121(d) applies.

During this transition period, the Secretary shall continue to fund these transferred functions.

(4) FEES.—The total of the fees charged by the organization representing the interests of the States in any fiscal year for the use of the National Driver Register's computer timeshare and user assistance functions shall not exceed the total cost to the organization of performing these functions in such fiscal year.

the individual for the purpose of assisting in the determination of the eligibility of the individual for access to national security information or for Federal employment in a position requiring access to national security information. A Federal department or agency that receives information about an individual under the preceding sentence may use such information only for purposes of the authorized investigation and only in accordance with applicable law.

(10) A request under this subsection shall be made in the form and way the Secretary of Transportation prescribes by regulation.

(11) An individual may request the chief driver licensing official of a State to obtain information about the individual under subsection (a) of this section—

(A) to learn whether information about the individual is being provided;

(B) to verify the accuracy of the information; or

(C) to obtain a certified copy of the information.

(12) The head of a Federal department or agency authorized to receive information regarding an individual from the Register under this section may request and receive such information from the Secretary.

(c) RELATIONSHIP TO OTHER LAWS.—A request for, or receipt of, information from the Register is subject to sections 552 and 552a of title 5, and other applicable laws of the United States or a State, except that—

In this section, the words “fined under title 18” are substituted for “fined not more than \$10,000” for consistency with title 18.

In subsection (a), before clause (1), the reference to “section 30305(b)(6) of this title” is used to carry out the probable intent of Congress. Section 305(b)(1) of the Airport and Airway Safety and Capacity Expansion Act of 1987 (Public Law 100-223, 101 Stat. 1526) amended section 206(b) of the National Driver Register Act of 1982 (Public Law 97-364, 96 Stat. 1744) by “redesignating paragraphs (3) and (4), and any reference thereto, as paragraphs (4) and (5), respectively”. Because the reference to “section 206(b)(4)” in section 208 of the National Driver Register Act of 1982 appears to have been incorrect before that amendment, and would continue to be incorrect if the reference is redesignated as required by the amendment, a reference to section 30305(b)(6) is used in this section to carry out the probable intent of Congress.

(a) GENERAL.—The Secretary of Transportation shall make available from amounts made available to carry out section 402 of title 23 \$4,000,000 for each of the fiscal years ending September 30, 1993, and September 30, 1994, \$2,550,000 for each of fiscal years 1995, 1996, and 1997, and \$1,855,000 for the period of October 1, 1997, through March 31, 1998, to carry out this chapter.

§ 30502. National Motor Vehicle Title Information System

(a) ESTABLISHMENT OR DESIGNATION.—(1) In cooperation with the States and not later than December 31, 1997, the Attorney General shall establish a National Motor Vehicle Title Information System that will provide individuals and entities referred to in subsection (e) of this section with instant and reliable access to information maintained by the States related to automobile titling described in subsection (d) of this section. However, if the Attorney General decides that the existing information system meets the requirements of subsections (d) and (e) of this section and will permit the Attorney General to carry out this chapter as early as possible, the Attorney General, in consultation with the Secretary of Transportation, may designate an existing information system as the National Motor Vehicle Title Information System.

(2) In cooperation with the Secretary of Transportation and the States, the Attorney General shall ascertain the extent to which title and related information to be included in the system established under paragraph (1) of this subsection will be adequate, timely, reliable, uniform, and capable of assisting in efforts to prevent the introduction or reintroduction of stolen vehicles and parts into interstate commerce.

(b) OPERATION.—The Attorney General may authorize the operation of the System established or designated under subsection (a)(1) of this section by agreement with one or more States, or by designating, after consulting with the States, a third party that represents the interests of the States.

(c) USER FEES.—Operation of the System established or designated under subsection (a)(1) of this section shall be paid for by user fees and should be self-sufficient and not be dependent on amounts from the United States Government. The amount of fees the operator collects and keeps under this subsection subject to annual appropriation laws, excluding fees the operator collects and pays to an entity providing information to the operator, may be not more than the costs of operating the System.

(d) INFORMATION REQUIREMENTS.—The System established or designated under subsection (a)(1) of this section shall permit a user of the System at least to establish instantly and reliably—

(1) the validity and status of a document purporting to be a certificate of title;

(2) whether an automobile bearing a known vehicle identification number is titled in a particular State;

(3) whether an automobile known to be titled in a particular State is or has been a junk automobile or a salvage automobile;

(4) for an automobile known to be titled in a particular State, the odometer mileage disclosure required under section 32705 of this title for that automobile on the date the certificate of title for that automobile was issued and any later mileage information, if noted by the State; and

(5) whether an automobile bearing a known vehicle identification number has been reported as a junk automobile or a salvage automobile under section 30504 of this title.

Before clause (1), the words “unless the context otherwise requires” are omitted as unnecessary. The text of 49 App.:2301(4) is omitted as unnecessary because of 1:1. The text of 49 App.:2301(5) is omitted as surplus because the complete name of the Secretary of Transportation is used the first time the term appears in a section.

In clause (1), before subclause (A), the words “(except in section 31106)” are added because the source provisions being restated in section 31106 of the revised title contain a definition of “commercial motor vehicle”.

In clause (4), the words “the Commonwealth of” are omitted for consistency in the revised title and with other titles of the United States Code.

AMENDMENTS

1998—Par. (1)(A). Pub. L. 105-178, § 4003(a)(1), inserted “or gross vehicle weight” after “rating” and substituted “10,001 pounds, whichever is greater” for “10,000 pounds”.

(B) detection of the unlawful presence of a controlled substance (as defined under section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)) in a commercial motor vehicle or on the person of any occupant (including the operator) of the vehicle; and

(2) for documented enforcement of State traffic laws and regulations designed to promote the safe operation of commercial motor vehicles, including documented enforcement of such laws and regulations relating to non-commercial motor vehicles when necessary to promote the safe operation of commercial motor vehicles if the number of motor carrier safety activities (including roadside safety inspections) conducted in the State is maintained at a level at least equal to the average level of such activities conducted in the State in fiscal years 2003, 2004, and 2005; except that the State may not use more than 5 percent of the basic amount the State receives under the grant under subsection (a) for enforcement activities relating to noncommercial motor vehicles described in this paragraph unless the Secretary determines a higher percentage will result in significant increases in commercial motor vehicle safety.

(d) CONTINUOUS EVALUATION OF PLANS.—On the basis of reports submitted by a State motor vehicle safety agency of a State with a plan approved under this section and the Secretary's own investigations, the Secretary shall make a continuing evaluation of the way the State is carrying out the plan. If the Secretary finds, after notice and opportunity for comment, the State plan previously approved is not being followed or has become inadequate to ensure enforcement of the regulations, standards, or orders, the Secretary shall withdraw approval of the plan and notify the State. The plan stops being effective when the notice is received. A State adversely affected by the withdrawal may seek judicial review under chapter 7 of title 5. Notwithstanding the withdrawal, the State may retain jurisdiction in administrative or judicial

proceedings begun before the withdrawal if the issues involved are not related directly to the reasons for the withdrawal.

§ 31105. Employee protections

(a) PROHIBITIONS.—(1) A person may not discharge an employee, or discipline or discrimi-

nate against an employee regarding pay, terms, or privileges of employment, because—

(A)(i) the employee, or another person at the employee's request, has filed a complaint or begun a proceeding related to a violation of a commercial motor vehicle safety or security regulation, standard, or order, or has testified or will testify in such a proceeding; or

(ii) the person perceives that the employee has filed or is about to file a complaint or has begun or is about to begin a proceeding related to a violation of a commercial motor vehicle safety or security regulation, standard, or order;

(B) the employee refuses to operate a vehicle because—

(i) the operation violates a regulation, standard, or order of the United States related to commercial motor vehicle safety, health, or security; or

(ii) the employee has a reasonable apprehension of serious injury to the employee or the public because of the vehicle's hazardous safety or security condition;

(C) the employee accurately reports hours on duty pursuant to chapter 315;

(D) the employee cooperates, or the person perceives that the employee is about to cooperate, with a safety or security investigation by the Secretary of Transportation, the Secretary of Homeland Security, or the National Transportation Safety Board; or

(E) the employee furnishes, or the person perceives that the employee is or is about to furnish, information to the Secretary of Transportation, the Secretary of Homeland Security, the National Transportation Safety Board, or any Federal, State, or local regulatory or law enforcement agency as to the facts relating to any accident or incident resulting in injury or death to an individual or damage to property occurring in connection with commercial motor vehicle transportation.

(2) Under paragraph (1)(B)(ii) of this subsection, an employee's apprehension of serious injury is reasonable only if a reasonable individual in the circumstances then confronting the employee would conclude that the hazardous safety or security condition establishes a real danger of accident, injury, or serious impairment to health. To qualify for protection, the employee must have sought from the employer, and been unable to obtain, correction of the hazardous safety or security condition.

(b) FILING COMPLAINTS AND PROCEDURES.—(1) An employee alleging discharge, discipline, or discrimination in violation of subsection (a) of this section, or another person at the employee's request, may file a complaint with the Secretary of Labor not later than 180 days after the alleged violation occurred. All complaints initiated under this section shall be governed by the legal burdens of proof set forth in section 42121(b). On receiving the complaint, the Secretary of Labor shall notify, in writing, the person alleged to have committed the violation of the filing of the complaint.

(2)(A) Not later than 60 days after receiving a complaint, the Secretary of Labor shall conduct

an investigation, decide whether it is reasonable to believe the complaint has merit, and notify, in writing, the complainant and the person alleged to have committed the violation of the findings. If the Secretary of Labor decides it is reasonable to believe a violation occurred, the Secretary of Labor shall include with the decision findings and a preliminary order for the relief provided under paragraph (3) of this subsection.

(B) Not later than 30 days after the notice under subparagraph (A) of this paragraph, the complainant and the person alleged to have committed the violation may file objections to the findings or preliminary order, or both, and request a hearing on the record. The filing of objections does not stay a reinstatement ordered in the preliminary order. If a hearing is not requested within the 30 days, the preliminary order is final and not subject to judicial review.

(C) A hearing shall be conducted expeditiously. Not later than 120 days after the end of the hearing, the Secretary of Labor shall issue a final order. Before the final order is issued, the proceeding may be ended by a settlement agreement made by the Secretary of Labor, the complainant, and the person alleged to have committed the violation.

(i) take affirmative action to abate the violation;

(ii) reinstate the complainant to the former position with the same pay and terms and privileges of employment; and

(iii) pay compensatory damages, including backpay with interest and compensation for any special damages sustained as a result of the discrimination, including litigation costs, expert witness fees, and reasonable attorney fees.

(B) If the Secretary of Labor issues an order under subparagraph (A) of this paragraph and the complainant requests, the Secretary of Labor may assess against the person against whom the order is issued the costs (including attorney fees) reasonably incurred by the complainant in bringing the complaint. The Secretary of Labor shall determine the costs that reasonably were incurred.

(C) Relief in any action under subsection (b) may include punitive damages in an amount not to exceed \$250,000.

(c) DE NOVO REVIEW.—With respect to a complaint under paragraph (1),¹ if the Secretary of Labor has not issued a final decision within 210 days after the filing of the complaint and if the delay is not due to the bad faith of the employee, the employee may bring an original action at law or equity for de novo review in the appropriate district court of the United States, which shall have jurisdiction over such an action without regard to the amount in controversy, and which action shall, at the request of either party to such action, be tried by the court with a jury.

(d) JUDICIAL REVIEW AND VENUE.—A person adversely affected by an order issued after a hear-

ing under subsection (b) of this section may file a petition for review, not later than 60 days after the order is issued, in the court of appeals of the United States for the circuit in which the violation occurred or the person resided on the date of the violation. Review shall conform to chapter 7 of title 5. The review shall be heard and decided expeditiously. An order of the Secretary of Labor subject to review under this subsection is not subject to judicial review in a criminal or other civil proceeding.

(e) CIVIL ACTIONS TO ENFORCE.—If a person fails to comply with an order issued under subsection (b) of this section, the Secretary of Labor shall bring a civil action to enforce the order in the district court of the United States for the judicial district in which the violation occurred.

(f) NO PREEMPTION.—Nothing in this section preempts or diminishes any other safeguards against discrimination, demotion, discharge, suspension, threats, harassment, reprimand, retaliation, or any other manner of discrimination provided by Federal or State law.

(g) RIGHTS RETAINED BY EMPLOYEE.—Nothing in this section shall be deemed to diminish the rights, privileges, or remedies of any employee under any Federal or State law or under any collective bargaining agreement. The rights and remedies in this section may not be waived by any agreement, policy, form, or condition of employment.

(h) DISCLOSURE OF IDENTITY.—

(1) Except as provided in paragraph (2) of this subsection, or with the written consent of the employee, the Secretary of Transportation or the Secretary of Homeland Security may not disclose the name of an employee who has provided information about an alleged violation of this part, or a regulation prescribed or order issued under any of those provisions.

(2) The Secretary of Transportation or the Secretary of Homeland Security shall disclose to the Attorney General the name of an employee described in paragraph (1) of this subsection if the matter is referred to the Attorney General for enforcement. The Secretary making such disclosure shall provide reasonable advance notice to the affected employee if disclosure of that person's identity or identifying information is to occur.

(i) PROCESS FOR REPORTING SECURITY PROBLEMS TO THE DEPARTMENT OF HOMELAND SECURITY.—

(1) ESTABLISHMENT OF PROCESS.—The Secretary of Homeland Security shall establish through regulations, after an opportunity for notice and comment, a process by which any person may report to the Secretary of Homeland Security regarding motor carrier vehicle security problems, deficiencies, or vulnerabilities.

(2) ACKNOWLEDGMENT OF RECEIPT.—If a report submitted under paragraph (1) identifies the person making the report, the Secretary of Homeland Security shall respond promptly to such person and acknowledge receipt of the report.

(3) STEPS TO ADDRESS PROBLEM.—The Secretary of Homeland Security shall review and consider the information provided in any re-

port submitted under paragraph (1) and shall take appropriate steps to address any problems or deficiencies identified.

(j) DEFINITION.—In this section, “employee” means a driver of a commercial motor vehicle (including an independent contractor when personally operating a commercial motor vehicle), a mechanic, a freight handler, or an individual not an employer, who—

(1) directly affects commercial motor vehicle safety or security in the course of employment by a commercial motor carrier; and

(2) is not an employee of the United States Government, a State, or a political subdivision of a State acting in the course of employment.

SUBCHAPTER II—LENGTH AND WIDTH LIMITATIONS

§ 31111. Length limitations

(a) DEFINITIONS.—In this section, the following definitions apply:

(1) AUTOMOBILE TRANSPORTER.—The term “automobile transporter” means any vehicle combination designed and used specifically for the transport of assembled highway vehicles, including truck camper units.

(2) MAXI-CUBE VEHICLE.—The term “maxi-cube vehicle” means a truck tractor combined with a semitrailer and a separable property-carrying unit designed to be loaded and unloaded through the semitrailer, with the length of the separable property-carrying unit being not more than 34 feet and the length of the vehicle combination being not more than 65 feet.

(3) TRUCK TRACTOR.—The term “truck tractor” means—

(A) a non-property-carrying power unit that operates in combination with a semitrailer or trailer; or

(B) a power unit that carries as property only motor vehicles when operating in combination with a semitrailer in transporting motor vehicles.

(4) DRIVEAWAY SADDLEMOUNT VEHICLE TRANSPORTER COMBINATION.—The term “driveaway saddlemount vehicle transporter combination” means a vehicle combination designed and specifically used to tow up to 3 trucks or truck tractors, each connected by a saddle to the frame or fifth-wheel of the forward vehicle of the truck or truck tractor in front of it. Such combination may include one fullmount.

(b) GENERAL LIMITATIONS.—(1) Except as provided in this section, a State may not prescribe or enforce a regulation of commerce that—

(A) imposes a vehicle length limitation of less than 45 feet on a bus, of less than 48 feet on a semitrailer operating in a truck tractor-semitrailer combination, or of less than 28 feet on a semitrailer or trailer operating in a truck tractor-semitrailer-trailer combination, on any segment of the Dwight D. Eisenhower System of Interstate and Defense Highways (except a segment exempted under subsection (f) of this section) and those classes of qualifying Federal-aid Primary System highways designated by the Secretary of Transportation under subsection (e) of this section;

(B) imposes an overall length limitation on a commercial motor vehicle operating in a truck tractor-semitrailer or truck tractor-semitrailer-trailer combination;

(C) has the effect of prohibiting the use of a semitrailer or trailer of the same dimensions as those that were in actual and lawful use in that State on December 1, 1982;

(D) imposes a vehicle length limitation of not less than or more than 97 feet on all driveaway saddlemount vehicle transporter combinations;

(E) has the effect of prohibiting the use of an existing semitrailer or trailer, of not more than 28.5 feet in length, in a truck tractor-semitrailer-trailer combination if the semitrailer or trailer was operating lawfully on December 1, 1982, within a 65-foot overall length limit in any State; or

(F) imposes a limitation of less than 46 feet on the distance from the kingpin to the center of the rear axle on trailers used exclusively or primarily in connection with motorsports competition events.

(2) A length limitation prescribed or enforced by a State under paragraph (1)(A) of this subsection applies only to a semitrailer or trailer and not to a truck tractor.

(c) MAXI-CUBE AND VEHICLE COMBINATION LIMITATIONS.—A State may not prohibit a maxi-cube vehicle or a commercial motor vehicle combination consisting of a truck tractor and 2 trailing units on any segment of the Dwight D. Eisenhower System of Interstate and Defense Highways (except a segment exempted under subsection (f) of this section) and those classes of qualifying Federal-aid Primary System highways designated by the Secretary under subsection (e) of this section.

(d) EXCLUSION OF SAFETY AND ENERGY CONSERVATION DEVICES.—Length calculated under this section does not include a safety or energy conservation device the Secretary decides is necessary for safe and efficient operation of a commercial motor vehicle. However, such a device may not have by its design or use the ability to carry cargo.

(e) QUALIFYING HIGHWAYS.—The Secretary by regulation shall designate as qualifying Federal-aid Primary System highways those highways of the Federal-aid Primary System in existence on June 1, 1991, that can accommodate safely the applicable vehicle lengths provided in this section.

(f) EXEMPTIONS.—(1) If the chief executive officer of a State, after consulting under paragraph (2) of this subsection, decides a segment of the Dwight D. Eisenhower System of Interstate and

Defense Highways is not capable of safely accommodating a commercial motor vehicle having a length described in subsection (b)(1)(A) of this section or the motor vehicle combination described in subsection (c) of this section, the chief executive officer may notify the Secretary of that decision and request the Secretary to exempt that segment from either or both provisions.

(2) Before making a decision under paragraph (1) of this subsection, the chief executive officer shall consult with units of local government in the State in which the segment of the Dwight D. Eisenhower System of Interstate and Defense Highways is located and with the chief executive officer of any adjacent State that may be directly affected by the exemption. As part of the consultations, consideration shall be given to any potential alternative route that serves the area in which the segment is located and can safely accommodate a commercial motor vehicle having a length described in subsection (b)(1)(A) of this section or the motor vehicle combination described in subsection (c) of this section.

(3) A chief executive officer's notification under this subsection must include specific evidence of safety problems supporting the officer's decision and the results of consultations about alternative routes.

(4)(A) If the Secretary decides, on request of a chief executive officer or on the Secretary's own initiative, a segment of the Dwight D. Eisenhower System of Interstate and Defense Highways is not capable of safely accommodating a commercial motor vehicle having a length described in subsection (b)(1)(A) of this section or the motor vehicle combination described in subsection (c) of this section, the Secretary shall exempt the segment from either or both of those provisions. Before making a decision under this paragraph, the Secretary shall consider any possible alternative route that serves the area in which the segment is located.

(B) The Secretary shall make a decision about a specific segment not later than 120 days after the date of receipt of notification from a chief executive officer under paragraph (1) of this subsection or the date on which the Secretary initiates action under subparagraph (A) of this paragraph, whichever is applicable. If the Secretary finds the decision will not be made in time, the Secretary immediately shall notify Congress, giving the reasons for the delay, information about the resources assigned, and the projected date for the decision.

(C) Before making a decision, the Secretary shall give an interested person notice and an opportunity for comment. If the Secretary exempts a segment under this subsection before the final regulations under subsection (e) of this section are prescribed, the Secretary shall include the exemption as part of the final regulations. If the Secretary exempts the segment after the final regulations are prescribed, the Secretary shall publish the exemption as an amendment to the final regulations.

(g) ACCOMMODATING SPECIALIZED EQUIPMENT.— In prescribing regulations to carry out this section, the Secretary may make decisions necessary to accommodate specialized equipment,

including automobile and vessel transporters and maxi-cube vehicles.

	49 App.:2311(g).	

In this section, the words "Dwight D. Eisenhower System of Interstate and Defense Highways" are substituted for "National System of Interstate and Defense Highways" because of the Act of October 15, 1990 (Public Law 101-427, 104 Stat. 927).

In subsection (a), the word "property" is substituted for "cargo" for consistency in the revised title.

Subsection (b)(1) is substituted for 49 App.:2311(a) and (b) (2d-last sentences) to eliminate unnecessary words and for consistency in the revised title and with other titles of the United States Code. Hyphens are used in describing the combinations "truck tractor-semitrailer" and "truck tractor-semitrailer-trailer" for consistency. In clause (D), the word "actually" is omitted as surplus.

Subsection (b)(2) is substituted for 49 App.:2311(b) (1st sentence) because of the restatement.

In subsection (d), the words "such as rear view mirrors, turn signal lamps, marker lamps, steps and hand-

holds for entry and egress, flexible fender extensions, mudflaps and splash and spray suppressant devices, load-induced tire bulge, refrigeration units or air compressors and other devices" are omitted as unnecessary and because most items listed relate to width rather than length.

In subsection (e), the words "by regulation" are added for clarity. The words "subject to the provisions of subsections (a) and (c) of this section" are omitted as surplus. The text of 49 App.:2311(e)(2) and (3) is omitted as executed.

In subsection (f), the word "commercial" is added before "motor vehicle" for consistency.

In subsection (f)(4)(C), the reference to regulations prescribed under subsection (e) is substituted for the reference in the source to regulations issued under subsection (a) to be more precise. The word "amendment" is substituted for "revision" for consistency in the revised title.

Subsection (g) is substituted for 49 App.:2311(d) to eliminate unnecessary words. The Secretary's general authority to prescribe regulations is provided in 49:322(a). The word "vessel" is substituted for "boat" because of 1:3. The text of 49 App.:2311(g) is omitted as executed.

EFFECTIVE DATE OF 1995 AMENDMENT

Amendment by Pub. L. 104-88 effective Jan. 1, 1996, see section 2 of Pub. L. 104-88, set out as an Effective Date note under section 701 of this title.

§ 31112. Property-carrying unit limitation

(a) DEFINITIONS.—In this section—

(1) "property-carrying unit" means any part of a commercial motor vehicle combination (except the truck tractor) used to carry property, including a trailer, a semitrailer, or the property-carrying section of a single unit truck.

(2) the length of the property-carrying units of a commercial motor vehicle combination is the length measured from the front of the first property-carrying unit to the rear of the last property-carrying unit.

(b) GENERAL LIMITATIONS.—A State may not allow by any means the operation, on any seg-

ment of the Dwight D. Eisenhower System of Interstate and Defense Highways and those classes of qualifying Federal-aid Primary System highways designated by the Secretary of Transportation under section 31111(e) of this title, of any commercial motor vehicle combination (except a vehicle or load that cannot be dismantled easily or divided easily and that has been issued a special permit under applicable State law) with more than one property-carrying unit (not including the truck tractor) whose property-carrying units are more than—

(1) the maximum combination trailer, semitrailer, or other type of length limitation allowed by law or regulation of that State before June 2, 1991; or

(2) the length of the property-carrying units of those commercial motor vehicle combinations, by specific configuration, in actual, lawful operation on a regular or periodic basis (including continuing seasonal operation) in that State before June 2, 1991.

(c) SPECIAL RULES FOR WYOMING, OHIO, ALASKA, IOWA, AND NEBRASKA.—In addition to the vehicles allowed under subsection (b) of this section—

(1) Wyoming may allow the operation of additional vehicle configurations not in actual operation on June 1, 1991, but authorized by State law not later than November 3, 1992, if the vehicle configurations comply with the single axle, tandem axle, and bridge formula limits in section 127(a) of title 23 and are not more than 117,000 pounds gross vehicle weight;

(2) Ohio may allow the operation of commercial motor vehicle combinations with 3 property-carrying units of 28.5 feet each (not including the truck tractor) not in actual operation on June 1, 1991, to be operated in Ohio on the 1-mile segment of Ohio State Route 7 that begins at and is south of exit 16 of the Ohio Turnpike;

(3) Alaska may allow the operation of commercial motor vehicle combinations that were not in actual operation on June 1, 1991, but were in actual operation before July 6, 1991; and

(4) Iowa may allow the operation on Interstate Route 29 between Sioux City, Iowa, and the border between Iowa and South Dakota or on Interstate Route 129 between Sioux City, Iowa, and the border between Iowa and Nebraska of commercial motor vehicle combinations with trailer length, semitrailer length, and property-carrying unit length allowed by law or regulation and in actual lawful operation on a regular or periodic basis (including continued seasonal operation) in South Dakota or Nebraska, respectively, before June 2, 1991.

(5) Nebraska may allow the operation of a truck tractor and 2 trailers or semitrailers not in actual lawful operation on a regular or periodic basis on June 1, 1991, if the length of the property-carrying units does not exceed 81 feet 6 inches and such combination is used only to transport equipment utilized by custom harvesters under contract to agricultural producers to harvest one or more of wheat, soybeans, and milo during the harvest months for such crops, as defined by the State of Nebraska.

(d) **ADDITIONAL LIMITATIONS.**—(1) A commercial motor vehicle combination whose operation in a State is not prohibited under subsections (b) and (c) of this section may continue to operate in the State on highways described in subsection (b) only if at least in compliance with all State laws, regulations, limitations, and conditions, including routing-specific and configuration-specific designations and all other restrictions in force in the State on June 1, 1991. However, subject to regulations prescribed by the Secretary under subsection (g)(2) of this section, the State may make minor adjustments of a temporary and emergency nature to route designations and vehicle operating restrictions in effect on June 1, 1991, for specific safety purposes and road construction.

(2) This section does not prevent a State from further restricting in any way or prohibiting the operation of any commercial motor vehicle combination subject to this section, except that a restriction or prohibition shall be consistent with this section and sections 31113(a) and (b) and 31114 of this title.

(3) A State making a minor adjustment of a temporary and emergency nature as authorized by paragraph (1) of this subsection or further restricting or prohibiting the operation of a commercial motor vehicle combination as authorized by paragraph (2) of this subsection shall advise the Secretary not later than 30 days after the action. The Secretary shall publish a notice of the action in the Federal Register.

(4)¹ Nebraska may continue to allow to be operated under paragraphs (b)(1) and (b)(2) of this section,² the State of Nebraska may allow longer combination vehicles that were not in actual operation on June 1, 1991 to be operated within its boundaries to transport sugar beets from the field where such sugar beets are harvested to storage, market, factory or stockpile or from stockpile to storage, market or factory. This provision shall expire on February 28, 1998.

(e) **LIST OF STATE LENGTH LIMITATIONS.**—(1) Not later than February 16, 1992, each State shall submit to the Secretary for publication a complete list of State length limitations applicable to commercial motor vehicle combinations operating in the State on the highways described in subsection (b) of this section. The list shall indicate the applicable State laws and regulations associated with the length limitations. If a State does not submit the information as required, the Secretary shall complete and file the information for the State.

(2) Not later than March 17, 1992, the Secretary shall publish an interim list in the Federal Register consisting of all information submitted under paragraph (1) of this subsection. The Secretary shall review for accuracy all information submitted by a State under paragraph (1) and shall solicit and consider public comment on the accuracy of the information.

(3) A law or regulation may not be included on the list submitted by a State or published by the Secretary merely because it authorized, or could have authorized, by permit or otherwise, the operation of commercial motor vehicle combina-

tions not in actual operation on a regular or periodic basis before June 2, 1991.

(4) Except as revised under this paragraph or paragraph (5) of this subsection, the list shall be published as final in the Federal Register not later than June 15, 1992. In publishing the final list, the Secretary shall make any revisions necessary to correct inaccuracies identified under paragraph (2) of this subsection. After publication of the final list, commercial motor vehicle combinations prohibited under subsection (b) of this section may not operate on the Dwight D. Eisenhower System of Interstate and Defense Highways and other Federal-aid Primary System highways designated by the Secretary except as published on the list. The list may be combined by the Secretary with the list required under section 127(d) of title 23.

(5) On the Secretary's own motion or on request by any person (including a State), the Secretary shall review the list published under paragraph (4) of this subsection. If the Secretary decides there is reason to believe a mistake was made in the accuracy of the list, the Secretary shall begin a proceeding to decide whether a mistake was made. If the Secretary decides there was a mistake, the Secretary shall publish the correction.

(f) **LIMITATIONS ON STATUTORY CONSTRUCTION.**—This section may not be construed—

(1) to allow the operation on any segment of the Dwight D. Eisenhower System of Interstate and Defense Highways of a longer combination vehicle prohibited under section 127(d) of title 23;

(2) to affect in any way the operation of a commercial motor vehicle having only one property-carrying unit; or

(3) to affect in any way the operation in a State of a commercial motor vehicle with more than one property-carrying unit if the vehicle was in actual operation on a regular or periodic basis (including seasonal operation) in that State before June 2, 1991, that was authorized under State law or regulation or lawful State permit.

(g) **REGULATIONS.**—(1) In carrying out this section only, the Secretary shall define by regulation loads that cannot be dismantled easily or divided easily.

(2) Not later than June 15, 1992, the Secretary shall prescribe regulations establishing criteria for a State to follow in making minor adjustments under subsection (d) of this section.

§ 31113. Width limitations

(a) GENERAL LIMITATIONS.—(1) Except as provided in subsection (e) of this section, a State (except Hawaii) may not prescribe or enforce a regulation of commerce that imposes a vehicle width limitation of more or less than 102 inches on a commercial motor vehicle operating on—

(A) a segment of the Dwight D. Eisenhower System of Interstate and Defense Highways (except a segment exempted under subsection (e) of this section);

(B) a qualifying Federal-aid highway designated by the Secretary of Transportation, with traffic lanes designed to be at least 12 feet wide; or

(C) a qualifying Federal-aid Primary System highway designated by the Secretary if the Secretary decides the designation is consistent with highway safety.

(2) Notwithstanding paragraph (1) of this subsection, a State may continue to enforce a regulation of commerce in effect on April 6, 1983, that applies to a commercial motor vehicle of more than 102 inches in width, until the date on which the State prescribes a regulation of commerce that complies with this subsection.

(3) A Federal-aid highway (except an interstate highway) not designated under this subsection on June 5, 1984, may be designated under this subsection only with the agreement of the chief executive officer of the State in which the highway is located.

(b) EXCLUSION OF SAFETY AND ENERGY CONSERVATION DEVICES.—Width calculated under

this section does not include a safety or energy conservation device the Secretary decides is necessary for safe and efficient operation of a commercial motor vehicle.

(c) SPECIAL USE PERMITS.—A State may grant a special use permit to a commercial motor vehicle that is more than 102 inches in width.

(d) STATE ENFORCEMENT.—Consistent with this section, a State may enforce a commercial motor vehicle width limitation of 102 inches on a segment of the Dwight D. Eisenhower System of Interstate and Defense Highways (except a segment exempted under subsection (e) of this section) or other qualifying Federal-aid highway designated by the Secretary.

(e) EXEMPTIONS.—(1) If the chief executive officer of a State, after consulting under paragraph (2) of this subsection, decides a segment of the Dwight D. Eisenhower System of Interstate and Defense Highways is not capable of safely accommodating a commercial motor vehicle having the width provided in subsection (a) of this section, the chief executive officer may notify the Secretary of that decision and request the Secretary to exempt that segment from subsection (a) to allow the State to impose a width limitation of less than 102 inches for a vehicle (except a bus) on that segment.

(2) Before making a decision under paragraph (1) of this subsection, the chief executive officer shall consult with units of local government in the State in which the segment of the Dwight D. Eisenhower System of Interstate and Defense Highways is located and with the chief executive officer of any adjacent State that may be directly affected by the exemption. As part of the consultations, consideration shall be given to any potential alternative route that serves the area in which the segment is located and can safely accommodate a commercial motor vehicle having the width provided for in subsection (a) of this section.

(3) A chief executive officer’s notification under this subsection must include specific evidence of safety problems supporting the officer’s decision and the results of consultations about alternative routes.

(4)(A) If the Secretary decides, on request of a chief executive officer or on the Secretary’s own initiative, a segment of the Dwight D. Eisenhower System of Interstate and Defense Highways is not capable of safely accommodating a commercial motor vehicle having a width provided in subsection (a) of this section, the Secretary shall exempt the segment from subsection (a) to allow the State to impose a width limitation of less than 102 inches for a vehicle (except a bus) on that segment. Before making a decision under this paragraph, the Secretary shall consider any possible alternative route that serves the area in which the segment is located.

(B) The Secretary shall make a decision about a specific segment not later than 120 days after the date of receipt of notification from a chief executive officer under paragraph (1) of this subsection or the date on which the Secretary initiates action under subparagraph (A) of this paragraph, whichever is applicable. If the Secretary finds the decision will not be made in time, the Secretary immediately shall notify Congress,

giving the reasons for the delay, information about the resources assigned, and the projected date for the decision.

(C) Before making a decision, the Secretary shall give an interested person notice and an opportunity for comment. If the Secretary exempts a segment under this subsection before the final regulations under subsection (a) of this section are prescribed, the Secretary shall include the exemption as part of the final regulations. If the Secretary exempts the segment after the final regulations are prescribed, the Secretary shall publish the exemption as an amendment to the final regulations.

- (1) the Dwight D. Eisenhower System of Interstate and Defense Highways (except a segment exempted under section 31111(f) or 31113(e) of this title) and other qualifying Federal-aid Primary System highways designated by the Secretary of Transportation; and
- (2) terminals, facilities for food, fuel, repairs, and rest, and points of loading and unloading for household goods carriers, motor carriers of passengers, or any truck tractor-semitrailer combination in which the semitrailer has a length of not more than 28.5 feet and that generally operates as part of a vehicle combination described in section 31111(c) of this title.

(b) EXCEPTION.—This section does not prevent a State or local government from imposing reasonable restrictions, based on safety considerations, on a truck tractor-semitrailer combination in which the semitrailer has a length of not more than 28.5 feet and that generally operates as part of a vehicle combination described in section 31111(c) of this title.

SUBCHAPTER III—SAFETY REGULATION

§ 31131. Purposes and findings

(a) PURPOSES.—The purposes of this subchapter are—

- (1) to promote the safe operation of commercial motor vehicles;
- (2) to minimize dangers to the health of operators of commercial motor vehicles and other employees whose employment directly affects motor carrier safety; and
- (3) to ensure increased compliance with traffic laws and with the commercial motor vehicle safety and health regulations and standards prescribed and orders issued under this chapter.

(b) FINDINGS.—Congress finds—

(1) it is in the public interest to enhance commercial motor vehicle safety and thereby reduce highway fatalities, injuries, and property damage;

(2) improved, more uniform commercial motor vehicle safety measures and strengthened enforcement would reduce the number of fatalities and injuries and the level of property damage related to commercial motor vehicle operations;

(3) enhanced protection of the health of commercial motor vehicle operators is in the public interest; and

(4) interested State governments can provide valuable assistance to the United States Government in ensuring that commercial motor vehicle operations are conducted safely and healthfully.

AMENDMENTS

2005—Pub. L. 109-59 designated existing provisions as subsec. (a), inserted heading, and added subsecs. (b) to (d).

§ 31136. United States Government regulations

(a) MINIMUM SAFETY STANDARDS.—Subject to section 30103(a) of this title, the Secretary of Transportation shall prescribe regulations on commercial motor vehicle safety. The regulations shall prescribe minimum safety standards for commercial motor vehicles. At a minimum, the regulations shall ensure that—

(1) commercial motor vehicles are maintained, equipped, loaded, and operated safely;

(2) the responsibilities imposed on operators of commercial motor vehicles do not impair their ability to operate the vehicles safely;

(3) the physical condition of operators of commercial motor vehicles is adequate to enable them to operate the vehicles safely and

the periodic physical examinations required of such operators are performed by medical examiners who have received training in physical and medical examination standards and, after the national registry maintained by the Department of Transportation under section 31149(d) is established, are listed on such registry; and

(4) the operation of commercial motor vehicles does not have a deleterious effect on the physical condition of the operators.

(b) ELIMINATING AND AMENDING EXISTING REGULATIONS.—The Secretary may not eliminate or amend an existing motor carrier safety regulation related only to the maintenance, equipment, loading, or operation (including routing) of vehicles carrying material found to be hazardous under section 5103 of this title until an equivalent or more stringent regulation has been prescribed under section 5103.

(c) PROCEDURES AND CONSIDERATIONS.—(1) A regulation under this section shall be prescribed under section 553 of title 5 (without regard to sections 556 and 557 of title 5).

(2) Before prescribing regulations under this section, the Secretary shall consider, to the extent practicable and consistent with the purposes of this chapter—

(A) costs and benefits; and

(B) State laws and regulations on commercial motor vehicle safety, to minimize their unnecessary preemption.

(d) EFFECT OF EXISTING REGULATIONS.—If the Secretary does not prescribe regulations on commercial motor vehicle safety under this section, regulations on commercial motor vehicle safety prescribed by the Secretary before October 30, 1984, and in effect on October 30, 1984, shall be deemed in this subchapter to be regulations prescribed by the Secretary under this section.

(e) EXEMPTIONS.—The Secretary may grant in accordance with section 31315 waivers and exemptions from, or conduct pilot programs with respect to, any regulations prescribed under this section.

(f) LIMITATIONS ON MUNICIPALITY AND COMMERCIAL ZONE EXEMPTIONS AND WAIVERS.—(1) The Secretary may not—

(A) exempt a person or commercial motor vehicle from a regulation related to commercial motor vehicle safety only because the operations of the person or vehicle are entirely in a municipality or commercial zone of a municipality; or

(B) waive application to a person or commercial motor vehicle of a regulation related to commercial motor vehicle safety only because the operations of the person or vehicle are entirely in a municipality or commercial zone of a municipality.

(2) If a person was authorized to operate a commercial motor vehicle in a municipality or commercial zone of a municipality in the United States for the entire period from November 19, 1987, through November 18, 1988, and if the person is otherwise qualified to operate a commercial motor vehicle, the person may operate a commercial motor vehicle entirely in a municipality or commercial zone of a municipality notwithstanding—

- (A) paragraph (1) of this subsection;
- (B) a minimum age requirement of the United States Government for operation of the vehicle; and
- (C) a medical or physical condition that—
 - (i) would prevent an operator from operating a commercial motor vehicle under the commercial motor vehicle safety regulations in title 49, Code of Federal Regulations;
 - (ii) existed on July 1, 1988;
 - (iii) has not substantially worsened; and
 - (iv) does not involve alcohol or drug abuse.
- (3) This subsection does not affect a State commercial motor vehicle safety law applicable to intrastate commerce.

In subsection (a), the text of 49 App.:2505(g) is omitted because 5 ch. 7 applies unless otherwise stated. Before clause (1), the words “Not later than 18 months after October 30, 1984” are omitted because the time period specified has expired. The words “Subject to section 30103(a) of this title” are added to alert the reader to that section.

In subsection (c)(1), the words “except that the time periods specified in this subsection shall apply to the issuance of such regulations” are omitted because the time periods referred to do not appear in subsection (c) as enacted. The reference was probably to the time periods in a prior version of subsection (c). See S. 2174, 98th Cong., 2d Sess., §6(b) (as reported by the Committee on Commerce, Science, and Transportation of the Senate on May 2, 1984, in S. Rept. 98–424).

In subsection (d), the text of 49 App.:2505(d) is omitted as obsolete.

In subsection (f)(2)(C)(i), the words “an operator” are substituted for “such person” because only a natural person can have a medical or physical condition.

AMENDMENTS

2005—Subsec. (a)(3). Pub. L. 109–59 amended par. (3) generally. Prior to amendment, par. (3) read as follows: “the physical condition of operators of commercial motor vehicles is adequate to enable them to operate the vehicles safely; and”.

1998—Subsec. (e). Pub. L. 105–178 amended heading and text of subsec. (e) generally. Prior to amendment, subsec. (e) consisted of pars. (1) to (3) relating to waivers.

1996—Subsec. (e)(2)(A), (J), (3). Pub. L. 104–287 substituted “November 28, 1995” for “the date of the enactment of this paragraph”.

1995—Subsec. (e)(1) to (3). Pub. L. 104–59 designated existing text as par. (1) and inserted heading, and added pars. (2) and (3).

CERTAIN EXEMPTIONS

Pub. L. 106–159, title II, §229, as added and amended by Pub. L. 109–59, title IV, §§4115(a), (c), 4130–4132, 4147, Aug. 10, 2005, 119 Stat. 1726, 1743, 1744, 1749; Pub. L. 110–244, title III, §301(i), June 6, 2008, 122 Stat. 1616, provided that:

“(a) EXEMPTIONS.—

“(1) TRANSPORTATION OF AGRICULTURAL COMMODITIES AND FARM SUPPLIES.—Regulations prescribed by the Secretary [of Transportation] under sections 31136 and 31502 of title 49, United States Code, regarding maximum driving and on-duty time for drivers used by motor carriers shall not apply during planting and harvest periods, as determined by each State, to drivers transporting agricultural commodities or farm supplies for agricultural purposes in a State if such transportation is limited to an area within a 100 air mile radius from the source of the commodities or the distribution point for the farm supplies.

“(2) TRANSPORTATION AND OPERATION OF GROUND WATER WELL DRILLING RIGS.—Such regulations shall, in the case of a driver of a commercial motor vehicle who is used primarily in the transportation and operation of a ground water well drilling rig, permit any period of 7 or 8 consecutive days to end with the beginning of an off-duty period of 24 or more consecutive hours for the purposes of determining maximum driving and on-duty time. Except as required in section 395.3 of title 49, Code of Federal Regulations, as in effect on the date of enactment of this sentence [Aug. 10, 2005], no additional off-duty time shall be required in order to operate such vehicle.

“(3) TRANSPORTATION OF CONSTRUCTION MATERIALS AND EQUIPMENT.—Such regulations shall, in the case of a driver of a commercial motor vehicle who is used primarily in the transportation of construction materials and equipment, permit any period of 7 or 8 consecutive days to end with the beginning of an off-duty period of 24 or more consecutive hours for the purposes of determining maximum driving and on-duty time.

“(4) OPERATORS OF UTILITY SERVICE VEHICLES.—“(A) INAPPLICABILITY OF FEDERAL REGULATIONS.—Such regulations shall not apply to a driver of a utility service vehicle.

“(B) PROHIBITION ON STATE REGULATIONS.—A State, a political subdivision of a State, an interstate agency, or other entity consisting of two or more States, shall not enact or enforce any law, rule, regulation, or standard that imposes requirements on a driver of a utility service vehicle that are similar to the requirements contained in such regulations.

“(5) SNOW AND ICE REMOVAL.—A State may waive the requirements of chapter 313 of title 49, United States Code, with respect to a vehicle that is being operated within the boundaries of an eligible unit of local government by an employee of such unit for the purpose of removing snow or ice from a roadway by plowing, sanding, or salting. Such waiver authority shall only apply in a case where the employee is needed to operate the vehicle because the employee of the eligible unit of local government who ordinarily operates the vehicle and who has a commercial drivers license is unable to operate the vehicle or is in need of additional assistance due to a snow emergency.

“(b) PREEMPTION.—Except as provided in subsection (a)(4), nothing contained in this section shall require the preemption of State laws and regulations concerning the safe operation of commercial motor vehicles as the result of exemptions from Federal requirements provided under this section.

“(c) REVIEW BY THE SECRETARY.—The Secretary [of Transportation] may conduct a rulemaking proceeding to determine whether granting any exemption provided by subsection (a) (other than paragraph (1), (2), or (4)) is not in the public interest and would have a significant adverse impact on the safety of commercial motor vehicles. If, at any time as a result of such a proceeding, the Secretary determines that granting such exemption would not be in the public interest and would have a significant adverse impact on the safety of commercial motor vehicles, the Secretary may prevent the exemption from going into effect, modify the exemption, or revoke the exemption. The Secretary may develop a program to monitor the exemption, including agreements with carriers to permit the Secretary to examine insurance information maintained by an insurer on a carrier.

“(d) REPORT.—The Secretary shall monitor the commercial motor vehicle safety performance of drivers of vehicles that are subject to an exemption under this section. If the Secretary determines that public safety has been adversely affected by an exemption granted under this section, the Secretary shall report to Congress on the determination.

“(e) DEFINITIONS.—In this section, the following definitions apply:

“(1) 7 OR 8 CONSECUTIVE DAYS.—The term ‘7 or 8 consecutive days’ means the period of 7 or 8 consecutive days beginning on any day at the time designated by the motor carrier for a 24-hour period.

“(2) 24-HOUR PERIOD.—The term ‘24-hour period’ means any 24 consecutive hour period beginning at the time designated by the motor carrier for the terminal from which the driver is normally dispatched.

“(3) GROUND WATER WELL DRILLING RIG.—The term ‘ground water well drilling rig’ means any vehicle, machine, tractor, trailer, semi-trailer, or specialized mobile equipment propelled or drawn by mechanical power and used on highways to transport water well field operating equipment, including water well drilling and pump service rigs equipped to access ground water.

“(4) TRANSPORTATION OF CONSTRUCTION MATERIALS AND EQUIPMENT.—The term ‘transportation of construction materials and equipment’ means the transportation of construction and pavement materials, construction equipment, and construction maintenance vehicles, by a driver to or from an active construction site (a construction site between initial mobilization of equipment and materials to the site to the final completion of the construction project) within a 50 air mile radius of the normal work reporting location of the driver. This paragraph does not

apply to the transportation of material found by the Secretary to be hazardous under section 5103 of title 49, United States Code, in a quantity requiring placarding under regulations issued to carry out such section.

“(5) ELIGIBLE UNIT OF LOCAL GOVERNMENT.—The term ‘eligible unit of local government’ means a city, town, borough, county, parish, district, or other public body created by or pursuant to State law which has a total population of 3,000 individuals or less.

“(6) UTILITY SERVICE VEHICLE.—The term ‘utility service vehicle’ means any commercial motor vehicle—

“(A) used in the furtherance of repairing, maintaining, or operating any structures or any other physical facilities necessary for the delivery of public utility services, including the furnishing of electric, gas, water, sanitary sewer, telephone, and television cable or community antenna service;

“(B) while engaged in any activity necessarily related to the ultimate delivery of such public utility services to consumers, including travel or movement to, from, upon, or between activity sites (including occasional travel or movement outside the service area necessitated by any utility emergency as determined by the utility provider); and

“(C) except for any occasional emergency use, operated primarily within the service area of a utility’s subscribers or consumers, without regard to whether the vehicle is owned, leased, or rented by the utility.

“(7) AGRICULTURAL COMMODITY.—The term ‘agricultural commodity’ means any agricultural commodity, non-processed food, feed, fiber, or livestock (including livestock as defined in section 602 of the Emergency Livestock Feed Assistance Act of 1988 (7 U.S.C. 1471) and insects).

“(8) FARM SUPPLIES FOR AGRICULTURAL PURPOSES.—The term ‘farm supplies for agricultural purposes’ means products directly related to the growing or harvesting of agricultural commodities during the planting and harvesting seasons within each State, as determined by the State, and livestock feed at any time of the year.

“(f) EMERGENCY CONDITION REQUIRING IMMEDIATE RESPONSE.—

“(1) PROPANE OR PIPELINE EMERGENCY.—A regulation prescribed under section 31136 or 31502 of title 49, United States Code, shall not apply to a driver of a commercial motor vehicle which is used primarily in the transportation of propane winter heating fuel or a driver of a motor vehicle used to respond to a pipeline emergency if such regulations would prevent the driver from responding to an emergency condition requiring immediate response.

“(2) DEFINITION.—An emergency condition requiring immediate response is any condition that, if left unattended, is reasonably likely to result in immediate serious bodily harm, death, or substantial damage to property. In the case of propane such conditions shall include (but are not limited to) the detection of gas odor, the activation of carbon monoxide alarms, the detection of carbon monoxide poisoning, and any real or suspected damage to a propane gas system following a severe storm or flooding. An ‘emergency condition requiring an immediate response’ does not include requests to re-fill empty gas tanks. In the case of pipelines such conditions include (but are not limited to) indication of an abnormal pressure event, leak, release or rupture.”

"(a) IN GENERAL.—After notice and opportunity for comment, the Secretary shall develop and implement a pilot program for the purpose of evaluating waivers of the regulations issued by the Secretary pursuant to

sections 31136 and 31502 of title 49, United States Code, relating to maximum on-duty time, and sections 31102 and 31104(j) of such title, relating to the Motor Carrier Safety Assistance Program, to permit any period of 7 or 8 consecutive days to end with the beginning of an off-duty period of 24 or more consecutive hours for the purposes of determining maximum on-duty time for drivers of motor vehicles making intrastate home heating oil deliveries that occur within 100 air miles of a central terminal or distribution point of the delivery of such oil. The Secretary may approve up to 5 States to participate in the pilot program during the winter heating season in the 6-month period beginning on November 1, 1996.

"(b) APPROVAL CRITERIA.—The Secretary shall select States to participate in the pilot program upon approval of applications submitted by States to the Secretary. The Secretary shall act on a State's application within 30 days after the date of its submission. The Secretary may only approve an application of a State under this section if the Secretary finds, at a minimum, that—

"(1) a substantial number of the citizens of the State rely on home heating oil for heat during winter months;

"(2) current maximum on-duty time regulations may endanger the welfare of these citizens by impeding timely deliveries of home heating oil;

"(3) the State will ensure an equal to or greater level of safety with respect to home heating oil deliveries than the level of safety resulting from compliance with the regulations referred to in subsection (a);

"(4) the State will monitor the safety of home heating oil deliveries while participating in the program;

"(5) employers of deliverers of home heating oil that will be covered by the program will agree to make all safety data developed from the pilot program available to the State and to the Secretary;

"(6) the State will only permit employers of deliverers of home heating oil with satisfactory safety records to be covered by the program; and

"(7) the State will comply with such other criteria as the Secretary determines are necessary to implement the program consistent with this section.

"(c) PARTICIPATION IN PROGRAM.—Upon approval of an application of a State under this section, the Secretary shall permit the State to participate in the pilot program for an initial period of 15 days during the winter heating season of the State (as determined by the Governor and the Secretary). If, after the last day of such 15-day period, the Secretary finds that a State's continued participation in the program is consistent with this section and has resulted in no significant adverse impact on public safety and is in the public interest, the Secretary shall extend the State's participation in the program for periods of up to 30 additional days during such heating season.

"(d) SUSPENSION FROM PROGRAM.—The Secretary may suspend a State's participation in the pilot program at any time if the Secretary finds—

"(1) that the State has not complied with any of the criteria for participation in the program under this section;

"(2) that a State's participation in the program has caused a significant adverse impact on public safety and is not in the public interest; or

"(3) the existence of an emergency.

"(e) REVIEW BY SECRETARY.—Within 90 days after the completion of the pilot program, the Secretary shall initiate a rulemaking to determine, based in part on the results of the program, whether to—

"(1) permit a State to grant waivers of the regulations referred to in subsection (a) to motor carriers transporting home heating oil within the borders of the State, subject to such conditions as the Secretary may impose, if the Secretary determines that such waivers by the State meet the conditions in section 31136(e) of title 49, United States Code; or

"(2) amend the regulations referred to in subsection (a) as may be necessary to provide flexibility to

motor carriers delivering home heating oil during winter periods of peak demand.

“(f) DEFINITION.—In this section, the term ‘7 or 8 consecutive days’ has the meaning such term has under section 345 of this Act [set out above].”

§ 31137. Monitoring device and brake maintenance regulations

(a) USE OF MONITORING DEVICES.—If the Secretary of Transportation prescribes a regulation about the use of monitoring devices on commercial motor vehicles to increase compliance by operators of the vehicles with hours of service regulations of the Secretary, the regulation shall ensure that the devices are not used to harass vehicle operators. However, the devices may be used to monitor productivity of the operators.

(b) BRAKES AND BRAKE SYSTEMS MAINTENANCE REGULATIONS.—Not later than December 31, 1990, the Secretary shall prescribe regulations on improved standards or methods to ensure that brakes and brake systems of commercial motor vehicles are maintained properly and inspected by appropriate employees. At a minimum, the regulations shall establish minimum training requirements and qualifications for employees responsible for maintaining and inspecting the brakes and brake systems.

- (A) a place in another State;
- (B) another place in the same State through a place outside of that State; or
- (C) a place outside the United States.

(2) TRANSPORTATION OF PASSENGERS NOT FOR COMPENSATION.—The Secretary may prescribe regulations to require minimum levels of financial responsibility sufficient to satisfy liability amounts established by the Secretary covering public liability and property damage for the transportation of passengers for commercial purposes, but not for compensation, by motor vehicle in the United States between a place in a State and—

- (A) a place in another State;
- (B) another place in the same State through a place outside of that State; or
- (C) a place outside the United States.

(b) MINIMUM AMOUNTS.—The level of financial responsibility established under subsection (a) of this section for a motor vehicle with a seating capacity of—

- (1) at least 16 passengers shall be at least \$5,000,000; and
- (2) not more than 15 passengers shall be at least \$1,500,000.

(c) EVIDENCE OF FINANCIAL RESPONSIBILITY.—(1) Subject to paragraph (2) of this subsection, financial responsibility may be established by evidence of one or a combination of the following if acceptable to the Secretary of Transportation:

- (A) insurance, including high self-retention.
- (B) a guarantee.
- (C) a surety bond issued by a bonding company authorized to do business in the United States.

(2) A person domiciled in a country contiguous to the United States and providing transportation to which a minimum level of financial responsibility under this section applies shall have evidence of financial responsibility in the motor vehicle when the person is providing the transportation. If evidence of financial responsibility is not in the vehicle, the Secretary of Transportation and the Secretary of the Treasury shall deny entry of the vehicle into the United States.

(3) A motor carrier may obtain the required amount of financial responsibility from more than one source provided the cumulative amount is equal to the minimum requirements of this section.

(4) OTHER PERSONS.—The Secretary may require a person, other than a motor carrier (as defined in section 13102), transporting passengers by motor vehicle to file with the Secretary the evidence of financial responsibility specified in subsection (c)(1) in an amount not less than the greater of the amount required by subsection (b)(1) or the amount required for such person to transport passengers under the laws of the State or States in which the person is operating; except that the amount of the financial responsibility must be sufficient to pay not more than the amount of the financial responsibility for each final judgment against the person for bodily injury to, or death of, an individual resulting from the negligent operation, maintenance, or use of the motor vehicle, or for loss or damage to property, or both.

(d) CIVIL PENALTY.—(1) If, after notice and an opportunity for a hearing, the Secretary of Transportation finds that a person (except an employee acting without knowledge) has knowingly violated this section or a regulation prescribed under this section, the person is liable to the United States Government for a civil penalty of not more than \$10,000 for each violation. A separate violation occurs for each day the violation continues.

(2) The Secretary of Transportation shall impose the penalty by written notice. In determining the amount of the penalty, the Secretary shall consider—

(A) the nature, circumstances, extent, and gravity of the violation;

(B) with respect to the violator, the degree of culpability, any history of prior violations, the ability to pay, and any effect on the ability to continue doing business; and

(C) other matters that justice requires.

(3) The Secretary of Transportation may compromise the penalty before referring the matter to the Attorney General for collection.

(4) The Attorney General shall bring a civil action in an appropriate district court of the United States to collect a penalty referred to the Attorney General for collection under this subsection.

(5) The amount of the penalty may be deducted from amounts the Government owes the person. An amount collected under this section shall be deposited in the Highway Trust Fund (other than the Mass Transit Account).

(e) NONAPPLICATION.—This section does not apply to a motor vehicle—

(1) transporting only school children and teachers to or from school;

(2) providing taxicab service (as defined in section 13102);

(3) carrying not more than 15 individuals in a single, daily round trip to and from work; or

(4) providing transportation service within a transit service area under an agreement with a Federal, State, or local government funded, in whole or in part, with a grant under section 5307, 5310, or 5311, including transportation designed and carried out to meet the special needs of elderly individuals and individuals with disabilities; except that, in any case in which the transit service area is located in more than 1 State, the minimum level of financial responsibility for such motor vehicle will be at least the highest level required for any of such States.

In subsection (d)(4), the words “The Attorney General shall bring a civil action . . . to collect a penalty referred to the Attorney General for collection under this subsection” are substituted for “Such civil penalty may be recovered in an action brought by the Attorney General on behalf of the United States” for consistency in the revised title.

In subsection (d)(5), the words “when finally determined (or agreed upon in compromise)” are omitted as surplus.

(c) **REVIEW AND DECISIONS BY SECRETARY.**—

(1) **REVIEW.**—The Secretary shall review State laws and regulations on commercial motor vehicle safety. The Secretary shall decide whether the State law or regulation—

(A) has the same effect as a regulation prescribed by the Secretary under section 31136;

(B) is less stringent than such regulation;

or

(C) is additional to or more stringent than such regulation.

(B) the State law or regulation is incompatible with the regulation prescribed by the Secretary; or

(C) enforcement of the State law or regulation would cause an unreasonable burden on interstate commerce.

(5) **CONSIDERATION OF EFFECT ON INTERSTATE COMMERCE.**—In deciding under paragraph (4) whether a State law or regulation will cause an unreasonable burden on interstate commerce, the Secretary may consider the effect on interstate commerce of implementation of that law or regulation with the implementation of all similar laws and regulations of other States.

AMENDMENTS

1998—Subsecs. (b), (c). Pub. L. 105-178, § 4008(e)(1), added subsecs. (b) and (c) and struck out headings and text of former subsecs. (b) and (c) which related to analysis and decisions by Commercial Motor Vehicle Safety Regulatory Review Panel and to review and decisions by Secretary, respectively.

Subsecs. (e) to (h). Pub. L. 105-178, § 4008(e)(2), (3), redesignated subsecs. (f) to (h) as (e) to (g), respectively, and struck out heading and text of former subsec. (e). Text read as follows: “The Secretary may consolidate regulatory proceedings under this section if the Secretary decides that the consolidation will not adversely affect a party to a proceeding.”

§ 31142. Inspection of vehicles

(a) INSPECTION OF SAFETY EQUIPMENT.—On the instruction of an authorized enforcement official of a State or of the United States Government, a commercial motor vehicle is required to pass an inspection of all safety equipment required under the regulations issued under section 31136.

(b) INSPECTION OF VEHICLES AND RECORD RETENTION.—The Secretary of Transportation shall prescribe regulations on Government standards for inspection of commercial motor vehicles and retention by employers of records of an inspection. The standards shall provide for annual or more frequent inspections of a commercial motor vehicle unless the Secretary finds that another inspection system is as effective as an annual or more frequent inspection system. Regulations prescribed under this subsection are deemed to be regulations prescribed under section 31136 of this title.

(c) PREEMPTION.—(1) Except as provided in paragraph (2) of this subsection, this subchapter and section 31102 of this title do not—

(A) prevent a State or voluntary group of States from imposing more stringent standards for use in their own periodic roadside inspection programs of commercial motor vehicles;

(B) prevent a State from enforcing a program for inspection of commercial motor vehicles that the Secretary decides is as effective as the Government standards prescribed under subsection (b) of this section;

(C) prevent a State from participating in the activities of a voluntary group of States enforcing a program for inspection of commercial motor vehicles; or

(D) require a State that is enforcing a program described in clause (B) or (C) of this

paragraph to enforce a Government standard prescribed under subsection (b) of this section or to adopt a provision on inspection of commercial motor vehicles in addition to that program to comply with the Government standards.

(2) The Government standards prescribed under subsection (b) of this section shall preempt a program of a State described in paragraph (1)(C) of this subsection as the program applies to the inspection of commercial motor vehicles in that State. The State may not enforce the program if the Secretary—

(A) decides, after notice and an opportunity for a hearing, that the State is not enforcing the program in a way that achieves the objectives of this section; and

(B) after making a decision under clause (A) of this paragraph, provides the State with a 6-month period to improve the enforcement of the program to achieve the objectives of this section.

(d) INSPECTION TO BE ACCEPTED AS ADEQUATE IN ALL STATES.—A periodic inspection of a commercial motor vehicle under the Government standards prescribed under subsection (b) of this section or a program described in subsection (c)(1)(B) or (C) of this section that is being enforced shall be recognized as adequate in every State for the period of the inspection. This section does not prohibit a State from making random inspections of commercial motor vehicles.

(e) EFFECT OF GOVERNMENT STANDARDS.—The Government standards prescribed under subsection (b) of this section may not be enforced as the standards apply to the inspection of commercial motor vehicles in a State enforcing a program described in subsection (c)(1)(B) or (C) of this section if the Secretary decides that it is in the public interest and consistent with public safety for the Government standards not to be enforced as they apply to that inspection.

(f) APPLICATION OF STATE REGULATIONS TO GOVERNMENT-LEASED VEHICLES AND OPERATORS.—A State receiving financial assistance under section 31102 of this title in a fiscal year may enforce in that fiscal year a regulation on commercial motor vehicle safety adopted by the State as the regulation applies to commercial motor vehicles and operators leased to the Government.

(ii) the vehicle is transporting material listed as hazardous under section 306(a) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9656(a)) and is not otherwise regulated by the Secretary or is transporting a consumer commodity or limited quantity of hazardous material as defined in section 171.8 of title 49, Code of Federal Regulations; and

(iii) the Secretary does not deny the application of this exception to the vehicle (individually or as part of a class of motor vehicles) in the interest of safety.

(D) driving a commercial motor vehicle when the individual has not obtained a commercial driver’s license;

In clause (1), the text of 49 App.:2716(13) is omitted as surplus because the complete name of the Secretary of Transportation is used the first time the term appears in a section.

In clause (4)(A), the words “at least 26,001 pounds” are substituted for “26,001 or more pounds”, and the word “prescribes” is substituted for “determines appropriate”, for consistency in the revised title.

In clause (4)(B), the words “at least 16 passengers” are substituted for “more than 15 passengers” for consistency.

Clause (4)(C)(i) is substituted for “and which has a gross vehicle weight rating of less than 26,001 pounds (or such gross vehicle weight rating as determined appropriate by the Secretary under subparagraph (A))” to eliminate unnecessary words. In subclause (iii), the words “deny the application of this exception” are substituted for “waive the application of the preceding sentence” for clarity and because of the restatement.

In clause (11), the words “public streets, roads, or” are added for consistency in the revised title.

"(a) REVISION OF FINAL RULE.—Not later than 90 days after the date of the enactment of this Act [Aug. 10, 2005], the Secretary [of Transportation] shall begin revising the final rule published in the Federal Register on September 3, 2003, relating to persons with diabetes, to allow individuals who use insulin to treat their diabetes to operate commercial motor vehicles in interstate commerce. The revised final rule shall provide for the individual assessment of applicants who use insulin to treat their diabetes and who are, except for their use of insulin, otherwise qualified under the Federal motor carrier safety regulations. The revised final rule shall be consistent with the criteria described in section 4018 of the Transportation Equity Act for the 21st Century [Pub. For individuals who have been newly diagnosed with type 1 diabetes, the minimum period of insulin use may not exceed 2 months, unless directed by the treating physician. For individuals who have type 2 diabetes and are converting to insulin use, the minimum period of insulin use may not exceed 1 month, unless directed by the treating physician.

“(d) LIMITATIONS.—Insulin-treated individuals may not be held by the Secretary to a higher standard of physical qualification in order to operate a commercial motor vehicle in interstate commerce than other individuals applying to operate, or operating, a commercial motor vehicle in interstate commerce; except to the extent that limited operating, monitoring, and medical requirements are deemed medically necessary under regulations issued by the Secretary.”

§ 31306. Alcohol and controlled substances testing

(a) DEFINITION.—In this section, “controlled substance” means any substance under section

102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802) specified by the Secretary of Transportation.

(b) TESTING PROGRAM FOR OPERATORS OF COMMERCIAL MOTOR VEHICLES.—(1)(A) In the interest of commercial motor vehicle safety, the Secretary of Transportation shall prescribe regulations that establish a program requiring motor carriers to conduct preemployment, reasonable suspicion, random, and post-accident testing of operators of commercial motor vehicles for the use of a controlled substance in violation of law or a United States Government regulation and to conduct reasonable suspicion, random, and post-accident testing of such operators for the use of alcohol in violation of law or a United States Government regulation. The regulations shall permit such motor carriers to conduct pre-employment testing of such employees for the use of alcohol.

(B) When the Secretary of Transportation considers it appropriate in the interest of safety, the Secretary may prescribe regulations for conducting periodic recurring testing of operators of commercial motor vehicles for the use of alcohol or a controlled substance in violation of law or a Government regulation.

(2) In prescribing regulations under this subsection, the Secretary of Transportation—

(A) shall require that post-accident testing of an operator of a commercial motor vehicle be conducted when loss of human life occurs in an accident involving a commercial motor vehicle; and

(B) may require that post-accident testing of such an operator be conducted when bodily injury or significant property damage occurs in any other serious accident involving a commercial motor vehicle.

(c) TESTING AND LABORATORY REQUIREMENTS.—In carrying out subsection (b) of this section, the Secretary of Transportation shall develop requirements that shall—

(1) promote, to the maximum extent practicable, individual privacy in the collection of specimens;

(2) for laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1988, and any amendments to those guidelines, including mandatory guidelines establishing—

(A) comprehensive standards for every aspect of laboratory controlled substances testing and laboratory procedures to be applied in carrying out this section, including standards requiring the use of the best available technology to ensure the complete reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimens collected for controlled substances testing;

(B) the minimum list of controlled substances for which individuals may be tested; and

(C) appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this section;

(3) require that a laboratory involved in testing under this section have the capability and facility, at the laboratory, of performing screening and confirmation tests;

(4) provide that any test indicating the use of alcohol or a controlled substance in violation of law or a Government regulation be confirmed by a scientifically recognized method of testing capable of providing quantitative information about alcohol or a controlled substance;

(5) provide that each specimen be subdivided, secured, and labeled in the presence of the tested individual and that a part of the specimen be retained in a secure manner to prevent the possibility of tampering, so that if the individual's confirmation test results are positive the individual has an opportunity to have the retained part tested by a 2d confirmation test done independently at another certified laboratory if the individual requests the 2d confirmation test not later than 3 days after being advised of the results of the first confirmation test;

(6) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including urine and blood, through the development of regulations that may be necessary and in consultation with the Secretary of Health and Human Services;

The Secretary shall decide on the circumstances under which those operators shall be required to participate in a program. This section does not prevent a motor carrier from establishing a program under this section in cooperation with another motor carrier.

(f) SANCTIONS.—The Secretary of Transportation shall decide on appropriate sanctions for a commercial motor vehicle operator who is found, based on tests conducted and confirmed under this section, to have used alcohol or a controlled substance in violation of law or a Government regulation but who is not under the influence of alcohol or a controlled substance as provided in this chapter.

(g) EFFECT ON STATE AND LOCAL GOVERNMENT REGULATIONS.—A State or local government may not prescribe or continue in effect a law, regulation, standard, or order that is inconsistent with regulations prescribed under this section. However, a regulation prescribed under this section may not be construed to preempt a State criminal law that imposes sanctions for reckless conduct leading to loss of life, injury, or damage to property.

(h) INTERNATIONAL OBLIGATIONS AND FOREIGN LAWS.—In prescribing regulations under this section, the Secretary of Transportation—

(1) shall establish only requirements that are consistent with international obligations of the United States; and

Section 403(b) of Pub. L. 104-88 provided that: “The initial regulations required under section 31310(h) of title 49, United States Code, shall be issued not later than 1 year after the date of the enactment of this Act [Dec. 29, 1995].”

§ 31311. Requirements for State participation

(a) GENERAL.—To avoid having amounts withheld from apportionment under section 31314 of this title, a State shall comply with the following requirements:

(1) The State shall adopt and carry out a program for testing and ensuring the fitness of individuals to operate commercial motor vehicles consistent with the minimum standards prescribed by the Secretary of Transportation under section 31305(a) of this title.

(2) The State may issue a commercial driver's license to an individual only if the individual passes written and driving tests for the operation of a commercial motor vehicle that comply with the minimum standards.

(3) The State shall have in effect and enforce a law providing that an individual with a blood alcohol concentration level at or above the level established by section 31310(a) of this title when operating a commercial motor vehicle is deemed to be driving under the influence of alcohol.

(4) The State shall authorize an individual to operate a commercial motor vehicle only by issuing a commercial driver's license containing the information described in section 31308(3) of this title.¹

(5) At least 60 days before issuing a commercial driver's license (or a shorter period the Secretary prescribes by regulation), the State shall notify the Secretary or the operator of the information system under section 31309 of this title, as the case may be, of the proposed issuance of the license and other information the Secretary may require to ensure identification of the individual applying for the license.

(6) Before issuing a commercial driver's license to an individual or renewing such a license, the State shall request from any other State that has issued a driver's license to the individual all information about the driving record of the individual.

(7) Not later than 30 days after issuing a commercial driver's license, the State shall notify the Secretary or the operator of the information system under section 31309 of this title, as the case may be, of the issuance.

(8) Not later than 10 days after disqualifying the holder of a commercial driver's license

from operating a commercial motor vehicle (or after revoking, suspending, or canceling the license) for at least 60 days, the State shall notify the Secretary or the operator of the information system under section 31309 of this title, as the case may be, and the State that issued the license, of the disqualification, revocation, suspension, or cancellation, and the violation that resulted in the disqualification, revocation, suspension, or cancellation shall be recorded.

(9) If an individual violates a State or local law on motor vehicle traffic control (except a parking violation) and the individual—

(A) has a commercial driver's license issued by another State; or

(B) is operating a commercial vehicle without a commercial driver's license and has a driver's license issued by another State,

the State in which the violation occurred shall notify a State official designated by the issuing State of the violations not later than 10 days after the date the individual is found to have committed the violation.

(10)(A) The State may not issue a commercial driver's license to an individual during a period in which the individual is disqualified from operating a commercial motor vehicle or the individual's driver's license is revoked, suspended, or canceled.

(B) The State may not issue a special license or permit (including a provisional or temporary license) to an individual who holds a commercial driver's license that permits the individual to drive a commercial motor vehicle during a period in which—

(13) The State shall impose penalties consistent with this chapter that the State considers appropriate and the Secretary approves for an individual operating a commercial motor vehicle.

(14) The State shall allow an individual to operate a commercial motor vehicle in the State if—

(A) the individual has a commercial driver's license issued by another State under the minimum standards prescribed by the Secretary under section 31305(a) of this title;

(B) the license is not revoked, suspended, or canceled; and

¹ See References in Text note below.

(C) the individual is not disqualified from operating a commercial motor vehicle.

(B) make available to all authorized persons and governmental entities having access to such record,

all information the State receives under paragraph (9) with respect to the individual and every violation by the individual involving a motor vehicle (including a commercial motor vehicle) of a State or local law on traffic control (except a parking violation), not later than 10 days after the date of receipt of such information or the date of such violation, as the case may be. The State may not allow information regarding such violations to be withheld or masked in any way from the record of an individual possessing a commercial driver's license.

(20) The State shall revoke, suspend, or cancel the commercial driver's license of an individual in accordance with regulations issued by the Secretary to carry out section 31310(g).

(21) By the date established by the Secretary under section 31309(e)(4), the State shall be operating a commercial driver's license information system that is compatible with the modernized commercial driver's license information system under section 31309.

(A) to comply with the requirements of section 31311; and

(B) in the case of a State that is making a good faith effort toward substantial compliance with the requirements of section 31311 and this section, to improve its implementation of its commercial driver's license program.

(2) PURPOSES FOR WHICH GRANTS MAY BE USED.—

(A) IN GENERAL.—A State may use grants under paragraphs (1)(A) and (1)(B) only for expenses directly related to its compliance with section 31311; except that a grant under paragraph (1)(B) may be used for improving implementation of the State's commercial driver's license program, including expenses for computer hardware and software, publications, testing, personnel, training, and quality control. The grant may not be used to rent, lease, or buy land or buildings.

(4) MAINTENANCE OF EXPENDITURES.—The Secretary may make a grant to a State under this subsection only if the State agrees that the total expenditure of amounts of the State and political subdivisions of the State, exclusive of amounts from the United States, for the State's commercial driver's license program will be maintained at a level at least equal to the average level of that expenditure by the State and political subdivisions of the State for the last 2 fiscal years of the State ending before the date of enactment of this section.

(5) GOVERNMENT SHARE.—The Secretary shall reimburse a State under a grant made under this subsection an amount that is not more than 100 percent of the costs incurred by the State in a fiscal year in complying with section 31311 and improving its implementation of its commercial driver's license program. In determining such costs, the Secretary shall in-

clude in-kind contributions by the State. Amounts required to be expended by the State under paragraph (4) may not be included as part of the non-Federal share of such costs.

(b) HIGH-PRIORITY ACTIVITIES.—

(1) GRANTS FOR NATIONAL CONCERNS.—The Secretary may make a grant to a State agency, local government, or other person for 100 percent of the costs of research, development, demonstration projects, public education, and other special activities and projects relating to commercial driver licensing and motor vehicle safety that are of benefit to all jurisdictions of the United States or are designed to address national safety concerns and circumstances.

(2) FUNDING.—The Secretary may deduct up to 10 percent of the amounts made available to carry out this section for a fiscal year to make grants under this subsection.

(c) EMERGING ISSUES.—The Secretary may designate up to 10 percent of the amounts made available to carry out this section for a fiscal year for allocation to a State agency, local government, or other person at the discretion of the Secretary to address emerging issues relating to commercial driver's license improvements.

§ 31315. Waivers, exemptions, and pilot programs

(a) **WAIVERS.**—The Secretary may grant a waiver that relieves a person from compliance in whole or in part with a regulation issued under this chapter or section 31136 if the Secretary determines that it is in the public interest to grant the waiver and that the waiver is likely to achieve a level of safety that is equivalent to, or greater than, the level of safety that would be obtained in the absence of the waiver—

- (1) for a period not in excess of 3 months;
- (2) limited in scope and circumstances;
- (3) for nonemergency and unique events; and
- (4) subject to such conditions as the Secretary may impose.

(b) **EXEMPTIONS.**—

(1) **IN GENERAL.**—Upon receipt of a request pursuant to paragraph (3), the Secretary of Transportation may grant to a person or class of persons an exemption from a regulation prescribed under this chapter or section 31136 if the Secretary finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. An exemption may be granted for no longer than 2 years from its approval date and may be renewed upon application to the Secretary.

(2) **AUTHORITY TO REVOKE EXEMPTION.**—The Secretary shall immediately revoke an exemption if—

(A) the person fails to comply with the terms and conditions of such exemption;

(B) the exemption has resulted in a lower level of safety than was maintained before the exemption was granted; or

(C) continuation of the exemption would not be consistent with the goals and objectives of this chapter or section 31136, as the case may be.

(3) **REQUESTS FOR EXEMPTION.**—Not later than 180 days after the date of enactment of this section and after notice and an opportunity for public comment, the Secretary shall specify by regulation the procedures by which a person may request an exemption. Such regulations shall, at a minimum, require the person to provide the following information for each exemption request:

(A) The provisions from which the person requests exemption.

(B) The time period during which the requested exemption would apply.

(C) An analysis of the safety impacts the requested exemption may cause.

(D) The specific countermeasures the person would undertake to ensure an equivalent or greater level of safety than would be achieved absent the requested exemption.

(4) **NOTICE AND COMMENT.**—

(A) **UPON RECEIPT OF A REQUEST.**—Upon receipt of an exemption request, the Secretary shall publish in the Federal Register a notice explaining the request that has been filed and shall give the public an opportunity to inspect the safety analysis and any other relevant information known to the Secretary and to comment on the request. This subparagraph does not require the release of information protected by law from public disclosure.

(B) **UPON GRANTING A REQUEST.**—Upon granting a request for exemption, the Secretary shall publish in the Federal Register the name of the person granted the exemption, the provisions from which the person will be exempt, the effective period, and all terms and conditions of the exemption.

(C) **AFTER DENYING A REQUEST.**—After denying a request for exemption, the Secretary shall publish in the Federal Register the name of the person denied the exemption and the reasons for such denial. The Secretary may meet the requirement of this subparagraph by periodically publishing in the Federal Register the names of persons denied exemptions and the reasons for such denials.

(5) **APPLICATIONS TO BE DEALT WITH PROMPTLY.**—The Secretary shall grant or deny an exemption request after a thorough review of its safety implications, but in no case later than 180 days after the filing date of such request.

(6) **TERMS AND CONDITIONS.**—The Secretary shall establish terms and conditions for each exemption to ensure that it will likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The Secretary shall monitor the implementation of the exemption to ensure compliance with its terms and conditions.

(7) **NOTIFICATION OF STATE COMPLIANCE AND ENFORCEMENT PERSONNEL.**—Before granting a request for exemption, the Secretary shall notify State safety compliance and enforcement personnel, including roadside inspectors, and the public that a person will be operating pursuant to an exemption and any terms and conditions that will apply to the exemption.

(c) **PILOT PROGRAMS.**—

(1) **IN GENERAL.**—The Secretary may conduct pilot programs to evaluate alternatives to regulations relating to, or innovative approaches to, motor carrier, commercial motor vehicle, and driver safety. Such pilot programs may include exemptions from a regulation prescribed under this chapter or section 31136 if the pilot program contains, at a minimum, the elements described in paragraph (2). The Secretary shall publish in the Federal Register a detailed description of each pilot program, including the exemptions to be considered, and

provide notice and an opportunity for public comment before the effective date of the program.

(2) PROGRAM ELEMENTS.—In proposing a pilot program and before granting exemptions for purposes of a pilot program, the Secretary shall require, as a condition of approval of the project, that the safety measures in the project are designed to achieve a level of safety that is equivalent to, or greater than, the level of safety that would otherwise be achieved through compliance with the regulations prescribed under this chapter or section 31136. The Secretary shall include, at a minimum, the following elements in each pilot program plan:

(A) A scheduled life of each pilot program of not more than 3 years.

(B) A specific data collection and safety analysis plan that identifies a method for comparison.

(C) A reasonable number of participants necessary to yield statistically valid findings.

(D) An oversight plan to ensure that participants comply with the terms and conditions of participation.

(E) Adequate countermeasures to protect the health and safety of study participants and the general public.

(F) A plan to inform State partners and the public about the pilot program and to identify approved participants to safety compliance and enforcement personnel and to the public.

(3) AUTHORITY TO REVOKE PARTICIPATION.—The Secretary shall immediately revoke participation in a pilot program of a motor carrier, commercial motor vehicle, or driver for failure to comply with the terms and conditions of the pilot program or if continued participation would not be consistent with the goals and objectives of this chapter or section 31136, as the case may be.

(4) AUTHORITY TO TERMINATE PROGRAM.—The Secretary shall immediately terminate a pilot program if its continuation would not be consistent with the goals and objectives of this chapter or section 31136, as the case may be.

(5) REPORT TO CONGRESS.—At the conclusion of each pilot program, the Secretary shall report to Congress the findings, conclusions, and recommendations of the program, including suggested amendments to laws and regulations that would enhance motor carrier, commercial motor vehicle, and driver safety and improve compliance with national safety standards.

(d) PREEMPTION OF STATE RULES.—During the time period that a waiver, exemption, or pilot program is in effect under this chapter or section 31136, no State shall enforce any law or regulation that conflicts with or is inconsistent with the waiver, exemption, or pilot program with respect to a person operating under the waiver or exemption or participating in the pilot program.

HISTORICAL AND REVISION NOTES—CONTINUED

Revised Section	Source (U.S. Code)	Source (Statutes at Large)
3102(c)	49:304(a)(3a) (1st sentence), 49:1655(e)(6)(C).	Feb. 4, 1887, ch. 104, 24 Stat. 379, §204(a)(3a) (1st sentence); added Aug. 3, 1956, ch. 905, §2, 70 Stat. 958.

Throughout the chapter, the words “Secretary of Transportation” are substituted for “Interstate Commerce Commission” because 49:1655(e)(6)(B)–(D) transferred the authority of the Interstate Commerce Commission under the provisions restated in this chapter to the Secretary of Transportation.

Subsection (a) is included to maintain the jurisdictional scope of the source provisions from which subsections (b) and (c) of the revised section are taken. Subsections (b) and (c) are based on 49:304 which, as part of 49:ch. 8, is now restated as subchapter II of chapter 105 of the revised title. In addition, 49:303(a)(11) (last sentence) extended the jurisdictional scope of 49:304 as provided in subsection (a) of the revised section.

In subsection (b), before clause (1), the words “and to that end” are omitted as surplus. The word “prescribe” is substituted for “establish” for consistency. The word “reasonable” is omitted as surplus.

In subsection (b)(1), the words “as provided in this chapter” are omitted as unnecessary because of the restatement. The term “motor carrier” is substituted for “common carriers by motor vehicle” and “contract carriers by motor vehicle” because they are inclusive.

In subsection (b)(2), the words “when needed” are substituted for “if need therefor is found” to eliminate unnecessary words.

In subsection (c), the word “prescribe” is substituted for “establish” for consistency. The word “reasonable” is omitted as surplus. The words “for a total distance of” are omitted as unnecessary because of the restatement. The words “at least” are substituted for “more than” for consistency. The word “line” is omitted as surplus. The words “possession of the United States” are added for consistency in the revised title. The words “a foreign country” and “the District of Columbia” are omitted as unnecessary because a carrier crossing the boundary of a foreign country or the District of Columbia into or from the United States would necessarily cross the boundary of a State and be covered by the provision related to a State.
