§ 460q. Establishment; boundaries; administration; integrated management policies

In order to provide, in a manner coordinated with the other purposes of the Central Valley project, for the public outdoor recreation use and enjoyment of the Whiskeytown, Shasta, Clair Engle, and Lewiston reservoirs and surrounding lands in the State of California by present and future generations and the conservation of scenic, scientific, historic, and other values contributing to public enjoyment of such lands and waters, there is hereby established, subject to valid existing rights, the Whiskeytown-Shasta-Trinity National Recreation Area in the State of California (hereinafter referred to as the "recreation area"). The boundaries of the recreation area, which consists of the Whiskeytown unit, the Shasta unit, and the Clair Engle-Lewiston unit, shall be those shown in drawing numbered BOR-WST 1004, dated July 1963, entitled "Proposed Whiskeytown-Shasta-Trinity National Recreation Area", which is on file and available for public inspection in the office of the Director of the Bureau of Outdoor Recreation, Department of the Interior. The Whiskeytown unit shall be administered by the Secretary of the Interior; and the Shasta and Clair Engle-Lewiston units shall be administered by the Secretary of Agriculture, except that lands or waters needed or used for the operation of the Central Valley project shall continue to be administered by the Secretary of the Interior to the extent he determines to be required for such operation. The two Secretaries shall coordinate their planning and administration of the respective units in such manner as to provide integrated management policies for the recreation area as a whole for the purposes of this subchapter in order to bring about uniformity to the fullest extent feasible in the administration and use of the recreation area.

§ 460q-1. Acquisition of property

(a) Authority of Secretary concerned; manner and place; concurrence of State owner; transfer from Federal agency to administrative jurisdiction of appropriate Secretary; limitation of acquisition of easements during existence of zoning ordinance; uniform policy considerations

Within the boundaries of the portion of the recreation area under his jurisdiction and outside such boundaries when required for the construction or improvement of access roads thereto, each Secretary is authorized to acquire lands, waters, or other property, or any interest therein, in such manner, including exchange as hereinafter provided, as he considers to be in the public interest to carry out the purposes of this subchapter. In connection with any such acquisition, each Secretary may permit the grantor a reservation of all or any part of the minerals or of any other interest or right of use in such lands or waters on such terms and conditions as the Secretary may deem appropriate. Any property or interest therein owned by the State of California or any political subdivision thereof within the recreation area may be acquired under the authority of this subchapter only with the concurrence of the owner. Notwithstanding any other provision of law, any Federal property located within the recreation area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the appropriate Secretary for use by him in carrying out the purposes of this subchapter.

The Secretary of the Interior, in order to assure public access to Clear Creek and to provide hiking and horseback riding trails for the public, may, as he deems necessary for these purposes acquire such easements or other interests on either or both sides of Clear Creek between the south boundary of the Whiskeytown unit and the highway at Igo, California.

The Secretary of Agriculture is authorized to acquire scenic easements or such other interests, including ownership of the land therein, as he determines to be appropriate to protect and assure the appearance of a strip of land not to exceed six hundred and sixty feet on each side of the centerline of Federal Aid Secondary Highway Numbered 1089 between the points where said highway crosses the south line of sections 19 and 20, township 35 north, range 8 west, and where it crosses the south line of section 18, township 36 north, range 7 west, on the north-westerly side of the Clair Engle-Lewiston unit: *Provided*, That such easements or interests shall not be acquired without the consent of the owners so long as the appropriate local zoning agency shall have in force and applicable to such property a duly adopted, valid, zoning ordinance that, in the judgment of the Secretary of Agriculture, conforms to the zoning standards set forth in regulations issued pursuant to subsection (e) of this section.

The two Secretaries shall engage in mutual consultation with respect to such acquisition and to exchange transactions so as to promote uniform policies therefor insofar as practicable, taking into consideration the purposes of the

recreation area as a whole, the responsibility of the Secretary of the Interior for the administration of federally owned minerals and of the Central Valley project, and the responsibility of the Secretary of Agriculture for the administration of national forests.

(b) Exchange of property; cash equalization payments; value of mineral interests

When the public interests will be benefited thereby, the Secretary of the Interior and the Secretary of Agriculture are each authorized to accept title to any non-Federal property within any part of the recreation area and in exchange therefor convey to the grantor of such property any federally owned property under his jurisdiction within the State of California which he classifies as suitable for exchange or other disposal, notwithstanding any other provision of law. The properties so exchanged shall be approximately equal in fair market value: *Provided*, That the Secretary of the Interior or the Secretary of Agriculture, as the case may be, may accept cash from or pay cash to the grantor in such exchange in order to equalize the value of the properties exchanged. The Secretary of Agriculture shall obtain the concurrence of the Secretary of the Interior with respect to the value of any mineral interests in any such exchange proposed to be made by the Secretary of Agriculture.

(c) Reservation of use and occupancy of improved property for noncommercial residential purposes; term; valuation

Any owner or owners of improved residential property on the date of its acquisition by either Secretary may, as a condition to such acquisition, retain the right of use and occupancy of the property by himself and members of his immediate family for noncommercial residential purposes for a term ending at the death of such owner, the death of his spouse, or the day his last surviving child reaches the age of thirty, whichever is the latest. The value of the right retained shall be taken into consideration by the respective Secretary in determining the value of the property being acquired.

(d) Limitation of acquisition of improved property during existence of zoning ordinance; "improved property" defined

Privately owned "improved property" or interests therein shall not be acquired under this subchapter without the consent of the owner so long as an appropriate local zoning agency shall have in force and applicable to such property a duly adopted, valid, zoning ordinance that is approved by the Secretary having jurisdiction of the unit wherein the property is located. The term "improved property" as used in this subchapter shall mean any building or group of related buildings the actual construction of which was begun before February 7, 1963, together with not more than three acres of the land in the same ownership on which the building or group of buildings is situated: *Provided*, That the respective Secretary may exclude from improved property any shore or waters, together with so much of the land adjoining such shore or waters as he deems necessary for public access thereto.

(e) Zoning regulations; amendments; standards for ordinances; commercial or industrial use prohibition; use, acreage, frontage, setback, density, height, or other requirements; notice of variances; approval of ordinances

Prior to the approval of any zoning ordinance for the purposes of this section, the Secretary of the Interior and the Secretary of Agriculture shall jointly issue regulations, which may be amended from time to time, specifying standards for such zoning ordinances. Standards specified in such regulations shall have the object of (1) prohibiting new commercial or industrial uses, other than commercial or industrial uses which the Secretaries consider to be consistent with the purposes of this subchapter; (2) promoting the protection and development of properties for purposes of this subchapter by means of use, acreage, frontage, setback, density, height, or other requirements; and (3) providing that the appropriate Secretary shall receive notice of any variance granted under, or any exception made to, the application of the zoning ordinance. Following issuance of such regulations, each Secretary shall approve any zoning ordinance or any amendment to an approved zoning ordinance submitted to him that conforms to the standards contained in the regulations in effect at the time of adoption of the ordinance or amendment. Such approval shall remain effective for so long as such ordinance or amendment remains in effect as approved.

(f) Termination of suspension of authority for acquisition without owner's consent because of nonconforming variances and uses

The suspension of the respective Secretary's authority to acquire any improved property without the owner's consent shall automatically cease if (1) such property is made the subject of a variance or exception to any applicable zoning ordinance that does not conform to any applicable standard contained in regulations issued pursuant to this section; or (2) if such property is put to any use which does not conform to any applicable zoning ordinance.

(g) Certificate of suspension of authority for acquisition without owner's consent

Each Secretary shall furnish to any party in interest upon request a certificate indicating the property with respect to which the Secretary's authority to acquire without the owner's consent is suspended.

(h) Development plans; certification of Secretary of Agriculture; suspension of authority for acquisition without owner's consent; exception

Within the Shasta and Clair Engle-Lewiston units any owner of unimproved property who proposes to develop his property or a part thereof for service to the public may submit to the Secretary of Agriculture a development plan which shall set forth the manner in which and the time by which the property is to be developed and the use to which it is proposed to be put. If upon review of such plan the Secretary determines that the development and use of the property in the manner prescribed conforms to a zoning ordinance approved in accordance with the provisions of this section and that such use

and development would serve the purposes of this subchapter, the Secretary of Agriculture may in his discretion issue to such owner a certificate to that effect. Upon the issuance of any such certificate and so long as such property is developed, maintained, and used in conformity therewith, the authority of the Secretary of Agriculture to acquire such property or any interest therein without the consent of the owner shall be suspended. This subsection shall not apply to any property which the Secretary of Agriculture determines to be needed for easements and rights-of-way for access, utilities, or facilities, or for administrative sites, campgrounds, or other areas needed for use by the United States for visitors to the national recreation area.

(Pub. L. 89-336, §2, Nov. 8, 1965, 79 Stat. 1295.)

§ 460q-2. Establishment of units; publication in Federal Register; boundary descriptions

(a) Shasta; Clair Engle-Lewiston

When the Secretary of Agriculture determines that sufficient lands, waters, or interest therein are owned or have been acquired by the United States within the boundaries of the Shasta unit or within the boundaries of the Clair Engle-Lewiston unit to permit efficient initial development and administration for the purposes of this subchapter, he shall publish in the Federal Register a notice to that effect and a detailed description of the boundaries of such unit.

(b) Whiskeytown

When the Secretary of the Interior determines that sufficient lands, waters, or interest therein are owned or have been acquired by the United States within the boundaries of the Whiskeytown unit to permit efficient initial development and administration for the purposes of this subchapter, he shall publish in the Federal Register a notice to that effect and a detailed description of the boundaries of the unit.

(c) Acquisition of property

Following the publication of any such notice, the respective Secretaries may continue to acquire the remaining property within the recreation area.

(Pub. L. 89-336, §3, Nov. 8, 1965, 79 Stat. 1297.)

§ 460q-3. Administration; land and water use management plans, preparation and revision; utilization of statutory authorities

(a) Each Secretary is authorized and directed to administer the portion of the recreation area under his jurisdiction in a manner coordinated with the other purposes of the Central Valley project and with the purposes of the recreation area as a whole and in such manner as in his judgment will best provide for (1) public outdoor recreation benefits; (2) conservation of scenic, scientific, historic, and other values contributing to public enjoyment; and (3) such management, utilization, and disposal of renewable natural resources as in the judgment of the respective Secretary will promote or is compatible with, and does not significantly impair, public recreation and conservation of scenic, scientific, historic, or other values contributing to public

enjoyment. Such administration shall be carried out under land and water use management plans which each Secretary shall prepare and may from time to time revise in consultation with the other.

(b) In the administration of the portion of the recreation area under his jurisdiction—

(1) the Secretary of Agriculture shall utilize statutory authorities relating to the national forests in such manner as he deems appropriate to carry out the purposes of this subchapter; and

(2) the Secretary of the Interior may utilize such statutory authorities relating to areas of the national park system and such statutory authority otherwise available to him for the conservation and development of natural resources as he deems appropriate to carry out the purposes of this subchapter.

(Pub. L. 89-336, §4, Nov. 8, 1965, 79 Stat. 1298.)

§ 460q-4. Hunting and fishing

Each Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the recreation area in accordance with the applicable laws of the State of California and of the United States: *Provided*, That each Secretary may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, or public use and enjoyment not compatible with hunting or fishing. Regulations prescribing any such restrictions shall be issued after consultation with the California Department of Fish and Game.

(Pub. L. 89-336, §5, Nov. 8, 1965, 79 Stat. 1298.)

§ 460q-5. Mineral development; payment of receipts into certain funds or accounts in Treasury; disposition of receipts

The lands within the recreation area, subject to valid existing rights, are hereby withdrawn from location, entry, and patent under the United States mining laws. The Secretary of the Interior, under such regulations as he deems appropriate, may permit the removal of the non-leasable minerals from lands or interests in lands under his jurisdiction within the recreation area in the manner prescribed by section 387 of title 43, and from those under the jurisdiction of the Secretary of Agriculture within the recreation area in accordance with the provisions of section 192c of title 30, and he may permit the removal of leasable minerals from lands or interests in lands within the recreation area in accordance with the Mineral Leasing Act of February 25, 1920, as amended [30 U.S.C. 181 et seq.], or the Acquired Lands Mineral Leasing Act of August 7, 1947 [30 U.S.C. 351 et seq.], if he finds that such disposition would not have significant adverse effects on the purposes of the Central Valley project or the administration of the recreation area: *Provided*, That any lease or permit respecting such minerals in lands administered by the Secretary of Agriculture shall be issued only with his consent and subject to such conditions as he may prescribe.

All receipts derived from permits and leases issued under the authority of this section on

lands administered by the Secretary of Agriculture shall be paid into the same funds or accounts in the Treasury of the United States and shall be distributed in the same manner as provided for other receipts from the lands affected by the lease or permit, except that any receipts derived from permits or leases issued on those or other lands in the recreation area under the Mineral Leasing Act of February 25, 1920, as amended, or the Act of August 7, 1947, shall be disposed of as provided in the applicable Act; and receipts from the disposition of nonleasable minerals from public lands under the jurisdiction of the Secretary of the Interior shall be disposed of in the same manner as moneys received from the sale of public lands.
