

achieved average survival rates for out-of-hospital cardiac arrest as high as 50 percent.

“(6) According to the American Heart Association, wide use of defibrillators could save as many as 50,000 lives nationally each year.

“(7) Successful public access defibrillation programs ensure that cardiac arrest victims have access to early 911 notification, early cardiopulmonary resuscitation, early defibrillation, and early advanced care.”

**EFFECTIVE DATE OF REPEAL**

Section 503(c) of Pub. L. 94-484 provided that: “The amendments made by this section [amending former section 295f-2 of this title and repealing this section and section 245a of this title] shall take effect October 1, 1977.”

**§ 244a. Repealed. Pub. L. 93-353, title I, § 102(a), July 23, 1974, 88 Stat. 362**

Section, act July 1, 1944, ch. 373, title III, §312a, as added Aug. 31, 1954, ch. 1158, §2, 68 Stat. 1025, related to birth and death statistics, annual collection, and compensation for transcription. See section 242k(h) of this title.

**§ 245. Public access defibrillation demonstration projects**

**(a) In general**

The Secretary shall award grants to political subdivisions of States, Indian tribes, and tribal organizations to develop and implement innovative, comprehensive, community-based public access defibrillation demonstration projects that—

(1) provide cardiopulmonary resuscitation and automated external defibrillation to cardiac arrest victims in unique settings;

(2) provide training to community members in cardiopulmonary resuscitation and automated external defibrillation; and

(3) maximize community access to automated external defibrillators.

**(b) Use of funds**

A recipient of a grant under subsection (a) of this section shall use the funds provided through the grant to—

(1) purchase automated external defibrillators that have been approved, or cleared for marketing, by the Food and Drug Administration;

(2) provide basic life training in automated external defibrillator usage through nationally recognized courses;

(3) provide information to community members about the public access defibrillation

demonstration project to be funded with the grant;

(4) provide information to the local emergency medical services system regarding the placement of automated external defibrillators in the unique settings; and

(5) further develop strategies to improve access to automated external defibrillators in public places.

**(c) Application**

**(1) In general**

To be eligible to receive a grant under subsection (a) of this section, a political subdivision of a State, Indian tribe, or tribal organization shall prepare and submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require.

**(2) Contents**

An application submitted under paragraph (1) may—

(A) describe the innovative, comprehensive, community-based public access defibrillation demonstration project to be funded with the grant;

(B) explain how such public access defibrillation demonstration project represents innovation in providing public access to automated external defibrillation; and

(C) provide for the collection of data regarding the effectiveness of the demonstration project to be funded with the grant in—

(i) providing emergency cardiopulmonary resuscitation and automated external defibrillation to cardiac arrest victims in the setting served by the demonstration project; and

(ii) affecting the cardiac arrest survival rate in the setting served by the demonstration project.

**(d) Authorization of appropriations**

There is authorized to be appropriated to carry out this section \$5,000,000 for each of fiscal years 2002 through 2006. Not more than 10 percent of amounts received under a grant awarded under this section may be used for administrative expenses.

(July 1, 1944, ch. 373, title III, §313, as added Pub. L. 107-188, title I, §159(c), June 12, 2002, 116 Stat. 636.)

**PRIOR PROVISIONS**
