§ 3311. Destruction of records outside continental United States in time of war or when hostile action seems imminent; written report to Archivist

During a state of war between the United States and another nation, or when hostile action by a foreign power appears imminent, the head of an agency of the United States Government may authorize the destruction of records in his legal custody situated in a military or naval establishment, ship, or other depository outside the territorial limits of continental United States—

(1) the retention of which would be prejudicial to the interests of the United States or (2) which occupy space urgently needed for military purposes and are, in his opinion, without sufficient administrative, legal, research, or other value to warrant their continued preservation.

Within six months after their disposal, the official who directed the disposal shall submit a written report to the Archivist in which he shall describe the character of the records and state when and where he disposed of them.

§ 3312. Photographs or microphotographs of records considered as originals; certified reproductions admissible in evidence

Photographs or microphotographs of records made in compliance with regulations under section 3302 of this title shall have the same effect as the originals and shall be treated as originals for the purpose of their admissibility in evidence. Certified or authenticated reproductions of the photographs or microphotographs shall be admitted in evidence equally with the original photographs or microphotographs.
