

§ 1605.14

5 CFR Ch. VI (1-1-11 Edition)

(1) The participant will be entitled to make up contributions for the period covered by the back pay award or retroactive pay adjustment only if for that period—

(i) The participant had designated a percentage of basic pay to be contributed to the TSP; or

(ii) The participant had designated a dollar amount of contributions each pay period which equaled the applicable ceiling (FERS or CSRS) on contributions per pay period, and which, therefore, was limited as a result of the reduction in pay that is made up by the back pay award or other retroactive pay adjustment;

(2) The employing agency must compute the amount of additional employee contributions, agency matching contributions, and agency automatic (1%) contributions that would have been contributed to the participant's account had the reduction in pay leading to the back pay award or other retroactive pay adjustment not occurred; and

(3) All contributions under this paragraph (b) and associated breakage will be posted to the participant's account based on the participant's contribution allocation on the posting date. Breakage will be calculated in accordance with §1605.2.

(c) *Contributions to be deducted before payment or other retroactive pay adjustment.* Employee makeup contributions required under paragraphs (a) and (b) of this section:

(1) Must be computed before the back pay award or other retroactive pay adjustment is paid, deducted from the back pay or other retroactive pay adjustment, and submitted to the TSP record keeper;

(2) Must not cause the participant to exceed the annual contribution limit(s) contained in sections 402(g) and 415(c) of the I.R.C. (26 U.S.C. 402(g) and 415(c)) for the year(s) with respect to which the contributions are being made, taking into consideration the TSP contributions already made in (or with respect to) that year; and

(3) Must be accompanied by attributable agency matching contributions. In any event, regardless of whether a participant elects to make up employee contributions, the employing

agency must make all appropriate agency automatic (1%) contributions associated with the back pay award or other retroactive pay adjustment.

(d) *Prior withdrawal of TSP account.* If a participant has withdrawn his or her TSP account other than by purchasing an annuity, and the separation from Federal service upon which the withdrawal was based is reversed, resulting in reinstatement of the participant without a break in service, the participant will have the option to restore the amount withdrawn to his or her TSP account. The right to restore the withdrawn funds will expire if the participant does not notify the Board within 90 days of reinstatement. If the participant returns the funds that were withdrawn, the number of shares purchased will be determined by using the share price of the applicable investment fund on the posting date. Restored funds will not incur breakage.

(e) Participants who are covered by paragraph (d) of this section and who elect to return funds that were withdrawn may also elect to reinstate a loan which was previously declared to be a taxable distribution.

§ 1605.14 Misclassified retirement system coverage.

(a) If a CSRS participant is misclassified by an employing agency as a FERS participant, when the misclassification is corrected:

(1) Employee contributions that exceed the applicable contribution percentage for the pay period(s) involved may remain in the participant's account. The participant may request the return of excess employee contributions made on or after January 1, 2000; those contributed before January 1, 2000, must remain in the participant's account. If the participant requests a refund of employee contributions, the employing agency must submit a negative adjustment record to remove these funds under the procedure described in §1605.12.

(2) The TSP will forfeit all agency contributions that were made to a CSRS participant's account. An employing agency may submit a negative

adjustment record to request the return of an erroneous contribution that has been in the participant's account for less than one year.

(b) If a FERS participant is misclassified by an employing agency as a CSRS participant, when the misclassification is corrected:

(1) The participant may not elect to have the contributions made while classified as CSRS removed from his or her account;

(2) The participant may, under the rules of §1605.11, elect to make up contributions that he or she would have been eligible to make as a FERS participant during the period of misclassification;

(3) The employing agency must, under the rules of §1605.11, make agency automatic (1%) contributions and agency matching contributions on employee contributions that were made while the participant was misclassified;

(4) If the retirement coverage correction is a FERCCA correction, the employing agency must submit makeup employee contributions on late payment records. The participant is entitled to breakage on contributions from all three sources. Breakage will be calculated pursuant to §1605.2. If the retirement coverage correction is not a FERCCA correction, the employing agency must submit makeup employee contributions on current payment records; in such cases, the employee is not entitled to breakage. Agency makeup contributions may be submitted on either current or late payment records; and

(5) If employee contributions were made up before the Office of Personnel Management implemented its regulations on FERCCA correction, and the correction is considered to be a FERCCA correction, an amount to replicate TSP lost earnings will be calculated by the Office of Personnel Management pursuant to its regulations and provided to the employing agency for transmission to the TSP record keeper.

(c) If a participant was misclassified as either FERS or CSRS and the retirement coverage is corrected to FICA only, the participant is no longer eligible to participate in the TSP.

(1) Employee contributions in the account are subject to the rules in paragraph (a)(1) of this section.

(2) Employer contributions in the account are subject to the rules in paragraph (a)(2) of this section.

(3) The TSP will consider a participant to be separated from Federal service for all TSP purposes and the employing agency must submit an employee data record to reflect separation from Federal service. If the participant has an outstanding loan, it will be subject to the provisions of 5 CFR 1655.13. The participant may make a TSP post-employment withdrawal election pursuant to 5 CFR part 1650, subpart B, and the withdrawal will be subject to the provisions of 5 CFR 1650.60(b).

(d) If a FERS or CSRS participant is misclassified by an employing agency as FICA only, when the misclassification is corrected the participant may, pursuant to §1605.11 of this part, elect to make up contributions that he or she would have been eligible to make as a FERS or CSRS participant during the period of misclassification. If the participant makes up employee contributions, the rules in paragraph (b)(5) of this section apply. If the participant is corrected to FERS, the rules in paragraphs (b)(3) and (b)(4) of this section also apply.

(e) The provisions of paragraph (c) of this section shall apply to any TSP contributions relating to a period for which an employee elects retroactive Nonappropriated Fund retirement coverage.

§1605.15 Reporting and processing late contributions and late loan payments.

(a) The employing agency must promptly submit late contributions to the TSP record keeper on behalf of the affected participant on late payment records as soon as the error is discovered. For each pay date involved, the employing agency must submit a separate record showing the "as of" date for the contributions. Breakage for both employee and agency contributions will be calculated, posted, and charged
