§ 143.33 Eligibility criteria for participation.

To be eligible for electronic immediate delivery, electronic entry and electronic entry summary, the filer must be qualified to use the ABI feature of ACS, as prescribed in §143.5. To be eligible for electronic entry summary processing, filers must be authorized to use the ABI statement processing system. Filers not so authorized would have to follow the electronic entry summary with the submission of an entry summary in paper form along with any duties, taxes or fees accruing.

§ 143.34 Procedure for electronic immediate delivery or entry.

To file immediate delivery or entry electronically, the filer will submit certified immediate delivery or entry data electronically through ABI. Data will be validated and, if found error-free, will be accepted. If it is determined through selectivity criteria and review of data that documentation is not required to be physically submitted in paper form, merchandise will be released and Customs will electronically notify the filer.

§ 143.35 Procedure for electronic entry summary.

In order to obtain entry summary processing electronically, the filer will submit certified entry summary data electronically through ABI. Data will be validated and, if the transmission is found error-free, will be accepted. If it is determined through selectivity criteria and review of data that documentation is required for further processing of the entry summary, Customs

(c) *Submission of invoice.* The invoice will be retained by the filer unless requested by Customs. If the invoice is submitted by the filer before a request is made by Customs, it will not be accepted or retained by Customs. When Customs requests presentation of the invoice, invoice data must be submitted in one of the following forms:

- (1) Paper form;
