2302	41:158 (less clause (b)).	Feb. 19, 1948, ch. 65, §9 (less clause (b)), 62 Stat. 24.

In clause (1), the words “(if any)” are omitted as surplusage. The words “Secretary of the Treasury” are substituted for the words “Commandant, United States Coast Guard, Treasury Department”, since the functions of the Coast Guard and its officers, while operating under the Department of the Treasury, were vested in the Secretary of the Treasury by 1950 Reorganization Plan No. 26, effective July 31, 1950, 64 Stat. 1280. Under that plan the Secretary of the Treasury was authorized to delegate any of those functions to the agencies and employees of the Department of the Treasury.

Clauses (2) and (3) are inserted for clarity, and are based on the usage of those terms throughout the revised chapter.

“(B) Upon designation of a senior official under subparagraph (A), the Secretary shall authorize that official to waive any provision of law, policy, directive, or regulation described in subsection (d) that such official determines in writing would unnecessarily impede the rapid acquisition and deployment of the needed supplies and associated support services. In a case in which the needed supplies and associated support services cannot be acquired without an extensive delay, the senior official shall require that an interim solution be implemented and deployed using the procedures developed under this section to minimize the deficiency and combat casualties.

“(3) In any fiscal year in which the Secretary makes a determination described in paragraph (1), the Secretary may use any funds available to the Department of Defense for that fiscal year for acquisitions of supplies and associated support services under this section if the determination includes a written finding that the use of such funds is necessary to address the combat capability deficiency in a timely manner. The authority of this section may not be used to acquire supplies and associated support services in an amount aggregating more than \$200,000,000 during any such fiscal year.

“(4) The Secretary of Defense shall, in consultation with the Director of the Office of Management and Budget, notify the congressional defense committees [Committees on Armed Services and Appropriations of the Senate and the House of Representatives] within 15 days after each determination made under paragraph (1). For each such determination, the notice under the preceding sentence shall identify—

“(A) the supplies and associated support services to be acquired;

“(B) the amount anticipated to be expended for the acquisition; and

“(C) the source of funds for the acquisition.

“(5) Any acquisition initiated under this subsection shall transition to the normal acquisition system not later than two years after the date on which the Secretary makes the determination described in paragraph (1) with respect to the supplies and associated support services concerned.

“(d) WAIVER OF CERTAIN STATUTES AND REGULATIONS.—(1) Upon a determination described in subsection (c)(1), the senior official designated in accordance with subsection (c)(2) with respect to that designation is authorized to waive any provision of law, policy, directive or regulation addressing—

“(A) the establishment of the requirement for the supplies and associated support services;

“(B) the research, development, test, and evaluation of the supplies and associated support services; or

“(C) the solicitation and selection of sources, and the award of the contract, for procurement of the supplies and associated support services.

“(B) a requirement to provide information about any deficiency of the supplies and associated support services in meeting the original requirements for the supplies and associated support services (as stated in a statement of the urgent operational need or similar document) to the deployment decisionmaking authority.

“(2) The process may not include a requirement for any deficiency of supplies and associated support services to be the determining factor in deciding whether to deploy the supplies and associated support services.

“(3) If supplies and associated support services are deployed under the rapid acquisition and deployment procedures prescribed pursuant to this section, or under any other authority, before the completion of operational test and evaluation of the supplies and associated support services, the Director of Operational Test and Evaluation shall have access to operational records and data relevant to such supplies and associated support services in accordance with section 139(e)(3) of title 10, United States Code, for the purpose of completing operational test and evaluation of the supplies and associated support services. The access to the operational records and data shall be provided in a time and manner determined by the Secretary of Defense consistent with requirements of operational security and other relevant operational requirements.

“(f) LIMITATION.—In the case of supplies that are part of a major system for which a low-rate initial production quantity determination has been made pursuant to section 2400 of title 10, United States Code, the quantity of such supplies acquired using the procedures prescribed pursuant to this section may not exceed an amount consistent with complying with limitations on the quantity of articles approved for low-rate initial production for such system. Any such supplies shall be included in any relevant calculation of quantities for low-rate initial production for the system concerned.

“(g) ASSOCIATED SUPPORT SERVICES DEFINED.—In this section, the term ‘associated support services’ means training, operation, maintenance, and support services needed in connection with the deployment of supplies to be acquired pursuant to the authority of this section. “(I) include in its subcontracts a payment term requiring payment within 7 days (or some other fixed term) after receiving payment from the Government; and

“(II) submit with its payment request to the Government a certification that it has timely paid its subcontractors in accordance with their subcontracts from funds previously received as progress payments and will timely make required payments to such subcontractors from the proceeds of the progress payment covered by the certification;

“(v) evaluating the feasibility and desirability of requiring direct disbursement of amounts certified by a prime contractor as being payable to its subcontractors and suppliers in accordance with their subcontracts (using techniques such as joint payee checks, escrow accounts, or direct payment by the Government), if the contracting officer has determined that the prime contractor is failing to make timely payments to its subcontractors and suppliers.

“(v) evaluating the feasibility and desirability of using letters of credit issued by federally insured financial institutions (or other alternatives) as substitutes for payment bonds in providing payment protection to subcontractors and suppliers on construction contracts (and other contracts).

“(C) Any evaluation of feasibility and desirability carried out pursuant to subparagraph (A) or (B) shall include the appropriateness of—

“(i) any differential treatment of, or impact on, small business concerns as opposed to concerns other than small business concerns;

The report shall include an assessment of the extent to which available judicial and administrative remedies, as well as suspension and debarment procedures, have been used (or recommended for use) by officials of the Department to deter false statements relating to (A) payment bonds provided by individuals pursuant to the Miller Act, and (B) certifications pertaining to payment requests by construction contractors pursuant to section 3903(b) of title 31, United States Code. The assessment shall cover actions taken during the period beginning on October 1, 1989, and ending on September 30, 1992.

A, title VIII, §867, title X, §1062(n), Dec. 31, 2011, 125 Stat. 1526, 1586, provided that:

“(a) ESTABLISHMENT OF PILOT PROGRAM.—The Secretary of Defense shall establish a pilot program to be known as the ‘Mentor-Protege Program’.

“(b) PURPOSE.—The purpose of the program is to provide incentives for major Department of Defense contractors to furnish disadvantaged small business concerns with assistance designed to enhance the capabilities of disadvantaged small business concerns to perform as subcontractors and suppliers under Department of Defense contracts and other contracts and subcontracts in order to increase the participation of such business concerns as subcontractors and suppliers under Department of Defense contracts, other Federal Government contracts, and commercial contracts.

“(c) PROGRAM PARTICIPANTS.—(1) A business concern meeting the eligibility requirements set out in subsection (d) may enter into agreements under subsection (e) and furnish assistance to disadvantaged small business concerns upon making application to the Secretary of Defense and being approved for participation in the pilot program by the Secretary. A business concern participating in the pilot program pursuant to such an approval shall be known, for the purposes of the program, as a ‘mentor firm’.

“(2) A disadvantaged small business concern eligible for the award of Federal contracts may obtain assistance from a mentor firm upon entering into an agreement with the mentor firm as provided in subsection (e). A disadvantaged small business concern may not be a party to more than one agreement to receive such assistance at any time. A disadvantaged small business concern receiving such assistance shall be known, for the purposes of the program, as a ‘protege firm’.

“(3) In entering into an agreement pursuant to subsection (e), a mentor firm may rely in good faith on a written representation of a business concern that such business concern is a disadvantaged small business concern. The Small Business Administration shall determine the status of such business concern as a disadvantaged small business concern in the event of a protest regarding the status of such business concern. If at any time the business concern is determined by the Small Business Administration not to be a disadvantaged small business concern, assistance furnished such business concern by the mentor firm after the date of the determination may not be considered assistance furnished under the program.

“(d) MENTOR FIRM ELIGIBILITY.—Subject to subsection (c)(1), a mentor firm eligible for award of Federal contracts may enter into an agreement with one or more protege firms under subsection (e) and provide assistance under the program pursuant to that agreement if—

“(1) during the fiscal year preceding the fiscal year in which the mentor firm enters into the agreement, the total amount of the Department of Defense contracts awarded such mentor firm and the subcontracts awarded such mentor firm under Department of Defense contracts was equal to or greater than \$100,000,000; or

“(2) the mentor firm demonstrates the capability to assist in the development of protege firms, and is approved by the Secretary of Defense pursuant to criteria specified in the regulations prescribed pursuant to subsection (k).

“(e) MENTOR-PROTEGE AGREEMENT.—Before providing assistance to a protege firm under the program, a mentor firm shall enter into a mentor-protege agreement with the protege firm regarding the assistance to be provided by the mentor firm. The agreement shall include the following:

“(1) A developmental program for the protege firm, in such detail as may be reasonable, including (A) factors to assess the protege firm’s developmental progress under the program, and (B) the anticipated number and type of subcontracts to be awarded the protege firm.

“(2) A program participation term for any period of not more than three years, except that the term may be a period of up to five years if the Secretary of De-

fense determines in writing that unusual circumstances justify a program participation term in excess of three years.

“(3) Procedures for the protege firm to terminate the agreement voluntarily and for the mentor firm to terminate the agreement for cause.

“(f) FORMS OF ASSISTANCE.—A mentor firm may provide a protege firm the following:

“(1) Assistance, by using mentor firm personnel, in—

“(A) general business management, including organizational management, financial management, and personnel management, marketing, business development, and overall business planning;

“(B) engineering and technical matters such as production, inventory control, and quality assurance; and

“(C) any other assistance designed to develop the capabilities of the protege firm under the developmental program referred to in subsection (e).

“(2) Award of subcontracts on a noncompetitive basis to the protege firm under the Department of Defense or other contracts.

“(3) Payment of progress payments for performance of the protege firm under such a subcontract in amounts as provided for in the subcontract, but in no event may any such progress payment exceed 100 percent of the costs incurred by the protege firm for the performance.

“(4) Advance payments under such subcontracts.

“(5) Loans.

“(6) Cash in exchange for an ownership interest in the protege firm, not to exceed 10 percent of the total ownership interest.

“(7) Assistance obtained by the mentor firm for the protege firm from one or more of the following—

“(A) small business development centers established pursuant to section 21 of the Small Business Act (15 U.S.C. 648);

“(B) entities providing procurement technical assistance pursuant to chapter 142 of title 10, United States Code; or

“(C) a historically Black college or university or a minority institution of higher education.

“(g) INCENTIVES FOR MENTOR FIRMS.—(1) The Secretary of Defense may provide to a mentor firm reimbursement for the total amount of any progress payment or advance payment made under the program by the mentor firm to a protege firm in connection with a Department of Defense contract awarded the mentor firm.

“(2)(A) The Secretary of Defense may provide to a mentor firm reimbursement for the costs of the assistance furnished to a protege firm pursuant to paragraphs (1) and (7) of subsection (f) as provided for in a line item in a Department of Defense contract under which the mentor firm is furnishing products or services to the Department, subject to a maximum amount of reimbursement specified in such contract, except that this sentence does not apply in a case in which the Secretary of Defense determines in writing that unusual circumstances justify reimbursement using a separate contract.

“(B) The determinations made in annual performance reviews of a mentor firm’s mentor-protege agreement under subsection (1)(2) shall be a major factor in the determinations of amounts of reimbursement, if any, that the mentor firm is eligible to receive in the remaining years of the program participation term under the agreement.

“(C) The total amount reimbursed under this paragraph to a mentor firm for costs of assistance furnished in a fiscal year to a protege firm may not exceed \$1,000,000, except in a case in which the Secretary of Defense determines in writing that unusual circumstances justify a reimbursement of a higher amount.

“(3)(A) Costs incurred by a mentor firm in providing assistance to a protege firm that are not reimbursed pursuant to paragraph (2) shall be recognized as credit in lieu of subcontract awards for purposes of determin-

ing whether the mentor firm attains a subcontracting participation goal applicable to such mentor firm under a Department of Defense contract, under a contract with another executive agency, or under a divisional or company-wide subcontracting plan negotiated with the Department of Defense or another executive agency.

“(B) The amount of the credit given a mentor firm for any such unreimbursed costs shall be equal to—

“(i) four times the total amount of such costs attributable to assistance provided by entities described in subsection (f)(7);

“(ii) three times the total amount of such costs attributable to assistance furnished by the mentor firm’s employees; and

“(iii) two times the total amount of any other such costs.

“(C) Under regulations prescribed pursuant to subsection (k), the Secretary of Defense shall adjust the amount of credit given a mentor firm pursuant to subparagraphs (A) and (B) if the Secretary determines that the firm’s performance regarding the award of subcontracts to disadvantaged small business concerns has declined without justifiable cause.

“(4) A mentor firm shall receive credit toward the attainment of a subcontracting participation goal applicable to such mentor firm for each subcontract for a product or service awarded under such contract by a mentor firm to a business concern that, except for its size, would be a small business concern owned and controlled by socially and economically disadvantaged individuals, but only if—

“(A) the size of such business concern is not more than two times the maximum size specified by the Administrator of the Small Business Administration for purposes of determining whether a business concern furnishing such product or service is a small business concern; and

“(B) the business concern formerly had a mentor-protege agreement with such mentor firm that was not terminated for cause.

“(h) RELATIONSHIP TO SMALL BUSINESS ACT.—(1) For purposes of the Small Business Act [15 U.S.C. 631 et seq.], no determination of affiliation or control (either direct or indirect) may be found between a protege firm and its mentor firm on the basis that the mentor firm has agreed to furnish (or has furnished) to its protege firm pursuant to a mentor-protege agreement any form of developmental assistance described in subsection (f).

“(2) Notwithstanding section 8 of the Small Business Act (15 U.S.C. 637), the Small Business Administration may not determine a disadvantaged small business concern to be ineligible to receive any assistance authorized under the Small Business Act on the basis that such business concern has participated in the Mentor-Protege Program or has received assistance pursuant to any developmental assistance agreement authorized under such program.

“(3) The Small Business Administration may not require a firm that is entering into, or has entered into, an agreement under subsection (e) as a protege firm to submit the agreement, or any other document required by the Secretary of Defense in the administration of the Mentor-Protege Program, to the Small Business Administration for review, approval, or any other purpose.

“(i) PARTICIPATION IN MENTOR-PROTEGE PROGRAM NOT TO BE A CONDITION FOR AWARD OF A CONTRACT OR SUBCONTRACT.—A mentor firm may not require a business concern to enter into an agreement with the mentor firm pursuant to subsection (e) as a condition for being awarded a contract by the mentor firm, including a subcontract under a contract awarded to the mentor firm.

“(j) EXPIRATION OF AUTHORITY.—(1) No mentor-protege agreement may be entered into under subsection (e) after September 30, 2015.

“(2) No reimbursement may be paid, and no credit toward the attainment of a subcontracting goal may be granted, under subsection (g) for any cost incurred after September 30, 2018.

“(k) REGULATIONS.—The Secretary of Defense shall prescribe regulations to carry out the pilot Mentor-Protege Program. Such regulations shall include the requirements set forth in section 8(d) of the Small Business Act (15 U.S.C. 637(d)) and shall prescribe procedures by which mentor firms may terminate participation in the program. The Secretary shall publish the proposed regulations not later than the date 180 days after the date of the enactment of this Act [Nov. 5, 1990]. The Secretary shall promulgate the final regulations not later than the date 270 days after the date of the enactment of this Act.
