SUBCHAPTER VI—GENERAL
COMPENSATION PROVISIONS**§ 1151. Benefits for persons disabled by treatment or vocational rehabilitation**

(a) Compensation under this chapter and dependency and indemnity compensation under chapter 13 of this title shall be awarded for a qualifying additional disability or a qualifying death of a veteran in the same manner as if such additional disability or death were service-connected. For purposes of this section, a disability or death is a qualifying additional disability or qualifying death if the disability or death was not the result of the veteran's willful misconduct and—

(1) the disability or death was caused by hospital care, medical or surgical treatment, or examination furnished the veteran under any law administered by the Secretary, either by a

Department employee or in a Department facility as defined in section 1701(3)(A) of this title, and the proximate cause of the disability or death was—

(A) carelessness, negligence, lack of proper skill, error in judgment, or similar instance of fault on the part of the Department in furnishing the hospital care, medical or surgical treatment, or examination; or

(B) an event not reasonably foreseeable; or

(2) the disability or death was proximately caused (A) by the provision of training and rehabilitation services by the Secretary (including by a service-provider used by the Secretary for such purpose under section 3115 of this title) as part of an approved rehabilitation program under chapter 31 of this title, or (B) by participation in a program (known as a "compensated work therapy program") under section 1718 of this title.

(b)(1) Where an individual is, on or after December 1, 1962, awarded a judgment against the United States in a civil action brought pursuant to section 1346(b) of title 28 or, on or after December 1, 1962, enters into a settlement or compromise under section 2672 or 2677 of title 28 by reason of a disability or death treated pursuant to this section as if it were service-connected, then (except as otherwise provided in paragraph (2)) no benefits shall be paid to such individual for any month beginning after the date such judgment, settlement, or compromise on account of such disability or death becomes final until the aggregate amount of benefits which would be paid but for this subsection equals the total amount included in such judgment, settlement, or compromise.

(2) In the case of a judgment, settlement, or compromise covered by paragraph (1) that becomes final on or after the date of the enactment of this paragraph and that includes an amount that is specifically designated for a purpose for which benefits are provided under chapter 21 or 39 of this title (hereinafter in this paragraph referred to as the "offset amount"), if such judgment, settlement, or compromise becomes final before the date of the award of benefits under chapter 21 or 39 for the purpose for which the offset amount was specifically designated—

(A) the amount of such award shall be reduced by the offset amount; and

(B) if the offset amount is greater than the amount of such award, the excess amount received pursuant to the judgment, settlement or compromise, shall be offset against benefits otherwise payable under this chapter.

(c) A qualifying additional disability under this section shall be treated in the same manner as if it were a service-connected disability for purposes of the following provisions of this title:

(1) Chapter 21, relating to specially adapted housing.

(2) Chapter 39, relating to automobiles and adaptive equipment.

“(f) DEFINITION.—For the purpose of this section, the term ‘veteran’ has the meaning given that term in section 101(2) of title 38, United States Code, and includes a person who died in the active military, naval, or air service.

“(g) EFFECTIVE DATE.—The Registry shall be established not later than 180 days after the date of the enactment of this Act [Oct. 28, 1986].”

VETERANS' DIOXIN AND RADIATION EXPOSURE COMPENSATION STANDARDS; CONGRESSIONAL FINDINGS AND STATEMENT OF PURPOSE

Sections 1-3 of Pub. L. 98-542, as amended by Pub. L. 102-4, §10(a), (b), Feb. 6, 1991, 105 Stat. 19, provided that:

“SHORT TITLE

“SECTION 1. This Act [amending this section, enacting provisions set out as notes under this section, and amending provisions set out as notes under this section and section 1116 of this title] may be cited as the ‘Veterans’ Dioxin and Radiation Exposure Compensation Standards Act’.

“FINDINGS

“SEC. 2. The Congress makes the following findings:

“(1) Veterans who served in the Republic of Vietnam during the Vietnam era and veterans who participated in atmospheric nuclear tests or the American occupation of Hiroshima or Nagasaki, Japan, are deeply concerned about possible long-term health effects of exposure to herbicides containing dioxin or to ionizing radiation.

“(2) There is scientific and medical uncertainty regarding such long-term adverse health effects.

“(3) In section 102 of Public Law 97-22 [see Tables for classification], the Congress responded to that uncertainty by authorizing priority medical care at Veterans’ Administration [now Department of Veter-

ans Affairs] facilities for any disability of a veteran who may have been so exposed (even though there is insufficient medical evidence linking such disability with such exposure) unless the disability is found to have resulted from a cause other than the exposure.

“(4) The Congress has further responded to that medical and scientific uncertainty by requiring, in section 307 of Public Law 96-151 [set out as a note under section 1116 of this title] and section 601 of Public Law 98-160 [set out below], the conduct of thorough epidemiological studies of the health effects experienced by veterans in connection with exposure both to herbicides containing dioxin and (if not determined to be scientifically infeasible) to radiation, and by requiring in Public Law 97-414 [see Tables for classification], the development of radioepidemiological tables setting forth the probabilities of causation between various cancers and exposure to radiation.

“(5) There is some evidence that most types of leukemia, malignancies of the thyroid, female breast, lung, bone, liver, and skin, and polycythemia vera are associated with exposure to certain levels of ionizing radiation.

“(6) As of the date of the enactment of this Act [Oct. 24, 1984], there are sixty-six federally sponsored research projects being conducted relating to herbicides containing dioxin, at a cost to the Federal Government in excess of \$130,000,000 and, as of 1981, federally sponsored research projects relating to ionizing radiation were costing the Federal Government more than \$115,000,000.

“(7) The initial results of one project—an epidemiological study, conducted by the United States Air Force School of Aerospace Medicine, of the health status of the ‘Ranch Hand’ veterans who carried out the loading and aerial spraying of herbicides containing dioxin in Vietnam and in the process came into direct skin contact with such herbicides in their most concentrated liquid form—were released on February 24, 1984, and contained the conclusion ‘that there is insufficient evidence to support a cause and effect relationship between herbicide exposure and adverse health in the Ranch Hand group at this time’.

“(8) The ‘film badges’ which were originally issued to members of the Armed Forces in connection with the atmospheric nuclear test program have previously constituted a primary source of dose information for veterans (and survivors of veterans) filing claims for Veterans’ Administration [now Department of Veterans Affairs] disability compensation or dependency and indemnity compensation in connection with exposure to radiation.

“(9) These film badges often provide an incomplete measure of radiation exposure, since they were not capable of recording inhaled, ingested, or neutron doses (although the Defense Nuclear Agency currently has the capability to reconstruct individual estimates of such doses), were not issued to most of the participants in nuclear tests, often provided questionable readings because they were shielded during the detonation, and were worn for only limited periods during and after each nuclear detonation.

“(10) Standards governing the reporting of dose estimates in connection with radiation-related claims for Veterans’ Administration [now Department of Veterans Affairs] disability compensation vary among the several branches of the Armed Forces, and no uniform minimum standards exist.

“(11) The Veterans’ Administration [now Department of Veterans Affairs] has not promulgated permanent regulations setting forth specific guidelines, standards, and criteria for the adjudication of claims for Veterans’ Administration disability compensation based on exposure to herbicides containing dioxin or to ionizing radiation.

“(12) Such claims (especially those involving health effects with long latency periods) present adjudicatory issues which are significantly different from issues generally presented in claims based upon the usual types of injuries incurred in military service.

“(13) It has always been the policy of the Veterans' Administration [now Department of Veterans Affairs] and is the policy of the United States, with respect to individual claims for service connection of diseases and disabilities, that when, after consideration of all evidence and material of record, there is an approximate balance of positive and negative evidence regarding the merits of an issue material to the determination of a claim, the benefit of the doubt in resolving each such issue shall be given to the claimant.

“PURPOSE

“SEC. 3. The purpose of this Act is to ensure that Veterans' Administration [now Department of Veterans Affairs] disability compensation is provided to veterans who were exposed to ionizing radiation in connection with atmospheric nuclear tests or in connection with the American occupation of Hiroshima or Nagasaki, Japan, for all disabilities arising after that service that are connected, based on sound scientific and medical evidence, to such service (and that Veterans' Administration dependency and indemnity compensation is provided to survivors of those veterans for all deaths resulting from such disabilities).”

REQUIREMENT FOR AND CONTENT OF REGULATIONS; ADVISORY COMMITTEE ON ENVIRONMENTAL STANDARDS; NUCLEAR RADIATION MATTERS INVOLVING OTHER AGENCIES

Sections 5-7 of Pub. L. 98-542, as amended by Pub. L. 100-321, §2(c), May 20, 1988, 102 Stat. 486; Pub. L. 102-4, §10(c), (d), Feb. 6, 1991, 105 Stat. 19, 20; Pub. L. 102-83, §5(c)(2), Aug. 6, 1991, 105 Stat. 406, provided that:

“REQUIREMENT FOR AND CONTENT OF REGULATIONS

“SEC. 5. (a) In carrying out the responsibilities of the Administrator of Veterans' Affairs [now Secretary of Veterans Affairs] under section 1154(a)(2) [formerly 354(a)(2)] of title 38, United States Code, and in order to promote consistency in claims processing and decisions, the Administrator shall prescribe regulations to—

“(1) establish guidelines and (where appropriate) standards and criteria for the resolution of claims for benefits under laws administered by the Veterans' Administration [now Department of Veterans Affairs] where the criteria for eligibility for a benefit include a requirement that a death or disability be service connected and the claim of service connection is based on a veteran's exposure during service in connection with such veteran's participation in atmospheric nuclear tests or with the American occupation of Hiroshima or Nagasaki, Japan, prior to July 1, 1946, to ionizing radiation from the detonation of a nuclear device; and

“(2) ensure that, with respect to those claims, the policy of the United States described in section 2(13) [set out above] is carried out.

“(b)(1)(A) The guidelines required to be established in regulations prescribed under this section shall include guidelines governing the evaluation of the findings of scientific studies relating to the possible increased risk of adverse health effects of exposure to ionizing radiation. Those guidelines shall require that, in the evaluation of those studies, the Administrator [now Secretary] shall take into account whether the results are statistically significant, are capable of replication, and withstand peer review.

“(B) The evaluations described in subparagraph (A) shall be made by the Administrator of Veterans' Affairs [now Secretary of Veterans Affairs] after receiving the advice of the Scientific Council of the Veterans' Advisory Committee on Environmental Hazards (estab-

lished under section 6). Those evaluations shall be published in the notice section of the Federal Register.

“(C) The standards and criteria required to be established in regulations prescribed under this section shall include provisions governing the use in the adjudication of individual claims of the Administrator's [now Secretary's] evaluations made under subparagraph (B).

“(2)(A)(i) In prescribing regulations under this section, the Administrator [now Secretary] (after receiving the advice of the Advisory Committee and of the Scientific Council of the Veterans' Advisory Committee on Environmental Hazards regarding the diseases described in subparagraph (B)) shall make determinations, based on sound medical and scientific evidence, with respect to each disease described in subparagraph (B) as to whether service connection shall, subject to division (ii) of this subparagraph, be granted in the adjudication of individual cases. In making determinations regarding such diseases, the Administrator shall give due regard to the need to maintain the policy of the United States with respect to the resolution of contested issues as set forth in section 2(13) [set out above]. The Administrator shall set forth in such regulations such determinations, with any specification (relating to exposure or other relevant matter) of limitations on the circumstances under which service connection shall be granted, and shall implement such determinations in accordance with such regulations.

“(ii) If the Administrator [now Secretary] makes a determination, pursuant to this subparagraph, that service connection shall be granted in the case of a disease described in subparagraph (B), the Administrator shall specify in such regulations that, in the adjudication of individual cases, service connection shall not be granted where there is sufficient affirmative evidence to the contrary or evidence to establish that an intercurrent injury or disease which is a recognized cause of the described disease has been suffered between the date of separation from service and the onset of such disease or that the disability is due to the veteran's own willful misconduct.

“(iii) With regard to each disease described in subparagraph (B), the Administrator [now Secretary] shall include in the regulations prescribed under this section provisions specifying the factors to be considered in adjudicating issues relating to whether or not service connection should be granted in individual cases and the circumstances governing the granting of service connection for such disease.

“(B) The diseases referred to in subparagraph (A) are those specified in section 2(5) [set out above] and any other disease with respect to which the Administrator [now Secretary] finds (after receiving and considering the advice of the Scientific Council established under section 6(d)(2)) that there is sound scientific or medical evidence indicating a connection to exposure to ionizing radiation, in the case of a veteran who was exposed to ionizing radiation in connection with such veteran's participation in an atmospheric nuclear test or with the American occupation of Hiroshima or Nagasaki, Japan, before July 1, 1946.

“(3) The regulations prescribed under this section shall include—

“(A) specification of the maximum period of time after exposure to such ionizing radiation for the development of those diseases; and

“(B) a requirement that a claimant filing a claim based upon a veteran's exposure to ionizing radiation from the detonation of a nuclear device may not be required to produce evidence substantiating the veteran's exposure during active military, naval, or air service if the information in the veteran's service records and other records of the Department of Defense is not inconsistent with the claim that the veteran was present where and when the claimed exposure occurred.

“(c)(1) The Administrator of Veterans' Affairs [now Secretary of Veterans Affairs] shall develop the regulations required by this section (and any amendment to those regulations) through a public review and com-

ment process in accordance with the provisions of section 553 of title 5, United States Code. That process may include consideration by the Administrator of the recommendations of the Veterans' Advisory Committee on Environmental Hazards and the Scientific Council thereof (established under section 6) with respect to the proposed regulations, and that process shall include consideration by the Administrator of the recommendations of the Committee and the Council with respect to the final regulations and proposed and final amendments to such regulations. The period for public review and comment shall be completed not later than ninety days after the proposed regulations or proposed amendments are published in the Federal Register.

“(2)(A) Not later than one hundred and eighty days after the date of the enactment of this Act [Oct. 24, 1984], the Administrator [now Secretary] shall develop and publish in the Federal Register a proposed version of the regulations required to be prescribed by this section.

“(B) Not later than three hundred days after the date of the enactment of this Act [Oct. 24, 1984], the Administrator [now Secretary] shall publish in the Federal Register the final regulations (together with explanations of the bases for the guidelines, standards, and criteria contained therein) required to be prescribed by this section.

“ADVISORY COMMITTEE ON ENVIRONMENTAL HAZARDS

“SEC. 6. (a) The advisory committee referred to in subsections (b) and (c) of section 5, to be known as the Veterans' Advisory Committee on Environmental Hazards (hereinafter in this section referred to as the ‘Committee’) shall consist of nine members appointed by the Administrator of Veterans' Affairs [now Secretary of Veterans Affairs] after requesting and considering recommendations from veteran organizations, including—

“(1) six individuals (of whom none may be members of the Armed Forces on active duty or employees of the Veterans' Administration [now Department of Veterans Affairs] or the Department of Defense and not more than three may be employees of other Federal departments or agencies), appointed, after requesting and considering the recommendations of the heads of Federal entities with particular expertise in biomedical and environmental science, including—

“(A) three individuals who are recognized medical or scientific authorities in fields pertinent to understanding the health effects of exposure to ionizing radiation; and

“(B) three individuals who are recognized medical or scientific authorities in fields, such as epidemiology and other scientific disciplines, pertinent to determining and assessing the health effects of exposure to ionizing radiation in exposed populations; and

“(2) three individuals from the general public, including at least one disabled veteran, having a demonstrated interest in and experience relating to veterans' concerns regarding exposure to ionizing radiation.

“(b) The Committee shall include, as ex officio, non-voting members, the Chief Medical Director and the Chief Benefits Director of the Veterans' Administration [now Under Secretary for Health and Under Secretary for Benefits of the Department of Veterans Affairs], or their designees.

“(c) The Committee shall submit to the Administrator [now Secretary] any recommendations it considers appropriate for administrative or legislative action.

“(d)(1) The six members of the Committee described in subsection (a)(1) shall, in addition to serving as members of the Committee, constitute a Scientific Council of the Committee (hereinafter in this section referred to as the ‘Council’).

“(2) The Council shall have responsibility for evaluating scientific studies relating to possible adverse health effects of exposure to ionizing radiation.

“(3) The Council shall make findings and evaluations regarding pertinent scientific studies and shall submit

to the Committee, the Administrator [now Secretary], and the Committees on Veterans' Affairs of the Senate and House of Representatives directly periodic reports on such findings and evaluations.

“(e) The Administrator [now Secretary] shall designate one of the members to chair the Committee and another member to chair the Council.

“(f) The Administrator [now Secretary] shall determine the terms of service and pay and allowances of members of the Committee, except that a term of service of any member may not exceed three years. The Administrator may reappoint any member for additional terms of service.

“(g) The Administrator [now Secretary] shall provide administrative support services and fiscal support for the Committee.

“NUCLEAR RADIATION MATTERS INVOLVING OTHER AGENCIES

“SEC. 7. (a) In connection with the duties of the Director of the Defense Nuclear Agency, as Department of Defense Executive Agent for the Nuclear Test Personnel Review Program, relating to the preparation of radiation dose estimates with regard to claims for Veterans' Administration [now Department of Veterans Affairs] disability compensation and dependency and indemnity compensation under chapters 11 and 13, respectively, of title 38, United States Code—

“(1) the Secretary of Defense shall prescribe guidelines (and any amendment to those guidelines) through a public review and comment process in accordance with the provisions of section 553 of title 5, United States Code—

“(A) specifying the minimum standards governing the preparation of radiation dose estimates in connection with claims for such compensation,

“(B) making such standards uniformly applicable to the several branches of the Armed Forces, and

“(C) requiring that each such estimate furnished to the Veterans' Administration [now Department of Veterans Affairs] and to any veteran or survivor include information regarding all material aspects of the radiation environment to which the veteran was exposed and which form the basis of the claim, including inhaled, ingested, and neutron doses; and

“(2) the Secretary of Health and Human Services, through the Director of the National Institutes of Health, shall—

“(A) conduct a review of the reliability and accuracy of scientific and technical devices and techniques (such as ‘whole body counters’) which may be useful in determining previous radiation exposure;

“(B) submit to the Administrator of Veterans' Affairs [now Secretary of Veterans Affairs] and the Committees on Veterans' Affairs of the House of Representatives and the Senate, not later than July 1, 1985, a report regarding the results of such review, including information concerning the availability of such devices and techniques, the categories of exposed individuals as to whom use of such devices and techniques may be appropriate, and the reliability and accuracy of dose estimates which may be derived from such devices and techniques; and

“(C) enter into an interagency agreement with the Administrator of Veterans' Affairs [now Secretary of Veterans Affairs] for the purpose of assisting the Administrator in identifying agencies or other entities capable of furnishing services involving the use of such devices and techniques.

“(b) The Administrator of Veterans' Affairs [now Secretary of Veterans Affairs], in resolving material differences between a radiation dose estimate, from a credible source, submitted by a veteran or survivor and a radiation dose estimate prepared and transmitted by the Director of the Defense Nuclear Agency, shall provide for the preparation of a radiation dose estimate by an independent expert, who shall be selected by the Director of the National Institutes of Health and who

shall not be affiliated with the Defense Nuclear Agency, and the Administrator shall provide for the consideration of such independent estimate in connection with the adjudication of the claim for Veterans' Administration [now Department of Veterans Affairs] compensation."

IDENTIFICATION OF ACTIVITIES INVOLVING EXPOSURE TO IONIZING RADIATION BEFORE JANUARY 1, 1970

Section 10 of Pub. L. 98-542, as added by Pub. L. 102-578, §3, Oct. 30, 1992, 106 Stat. 4774, provided that:

"(a) IN GENERAL.—(1) In order to determine whether activities (other than the tests or occupation activities referred to in section 5(a)(1)(B) [probably means section 5(a)(1), set out above]) resulted in the exposure of veterans to ionizing radiation during the service of such veterans that occurred before January 1, 1970, and whether adverse health effects have been observed or may have resulted from such exposure in a significant number of such veterans, the Advisory Committee established under section 6 [set out above] shall—

"(A) review all available scientific studies and other relevant information relating to the exposure of such veterans to ionizing radiation during such service;

"(B) identify any activity during which significant numbers of veterans received exposure; and

"(C) on the basis of such review, submit to the Secretary of Veterans Affairs a report containing the recommendation of the Advisory Committee on the feasibility and appropriateness for the purpose of the determination under this paragraph of any additional investigation with respect to any activity of such veterans during such service.

"(2) Upon the request of the Advisory Committee, the Secretary of Veterans Affairs (after seeking such assistance from the Secretary of Defense as is necessary and appropriate) shall make available to the Advisory Committee records and other information relating to the service referred to in paragraph (1) that may assist the Advisory Committee in carrying out the review and recommendation referred to in that paragraph.

"(b) INVESTIGATION PLAN AND REPORT.—(1) Upon receipt of the report referred to in subparagraph (C) of subsection (a)(1), the Secretary of Veterans Affairs shall—

"(A) identify which of the activities referred to in that subparagraph, if any, that the Secretary intends

to investigate more fully for the purpose of making the determination referred to in that subsection; and

"(B) prepare a plan (including a deadline for the plan) to carry out that investigation and make that determination.

"(2) Not later than December 1, 1993, the Secretary shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report containing—

"(A) a list of the activities identified by the Secretary pursuant to paragraph (1)(A) and the basis of such identification;

"(B) a copy of the report of the Advisory Committee referred to in subsection (a)(1)(C); and

"(C) the plan referred to in paragraph (1)(B)."

INTERIM BENEFITS FOR DISABILITY OR DEATH IN CERTAIN CASES

Section 9 of Pub. L. 98-542 provided for payment of interim monthly disability benefits to veterans who had served in Vietnam during Vietnam era and who had diseases chloracne and porphyria cutanea tarda which manifested themselves within one year after date of veteran's most recent departure from Vietnam, but with no such interim benefits to be paid after Sept. 30, 1986.

RADIATION EXPOSURE STUDY AND GUIDE

Pub. L. 98-160, title VI, Nov. 21, 1983, 97 Stat. 1006, as amended by Pub. L. 98-542, §8(b), Oct. 24, 1984, 98 Stat. 2732, provided for the conduct of an epidemiological study of long-term adverse health effects of exposure to ionizing radiation from detonation of nuclear devices in connection with tests of such devices or in connection with occupation of Hiroshima and Nagasaki, Japan, between Sept. 11, 1945, and July 1, 1946, and provided for reports to Congress on studies made together with recommendations as to necessary legislation.

§ 1155. Authority for schedule for rating disabilities

The Secretary shall adopt and apply a schedule of ratings of reductions in earning capacity from specific injuries or combination of injuries. The ratings shall be based, as far as practicable, upon the average impairments of earning capacity resulting from such injuries in civil occupations. The schedule shall be constructed so as to provide ten grades of disability and no more, upon which payments of compensation shall be based, namely, 10 percent, 20 percent, 30 percent, 40 percent, 50 percent, 60 percent, 70 percent, 80 percent, 90 percent, and total, 100 percent. The Secretary shall from time to time readjust this schedule of ratings in accordance with experience. However, in no event shall such a readjustment in the rating schedule cause a veteran's disability rating in effect on the effective date of the readjustment to be reduced unless an improvement in the veteran's disability is shown to have occurred.

(Pub. L. 85-857, Sept. 2, 1958, 72 Stat. 1125, §355; Pub. L. 98-223, title I, §101(c), Mar. 2, 1984, 98 Stat. 38; renumbered §1155 and amended Pub. L. 102-83, §§4(b)(1), (2)(E), 5(a), Aug. 6, 1991, 105 Stat. 404-406; Pub. L. 102-86, title I, §103(a), Aug. 14, 1991, 105 Stat. 414.)

L. 102-83, §5, by inserting at end "However, in no event shall such a readjustment in the rating schedule cause a veteran's disability rating in effect on the effective date of the readjustment to be reduced unless an improvement in the veteran's disability is shown to have occurred."

Pub. L. 102-83, §5(a), renumbered section 355 of this title as this section.

Pub. L. 102-83, §4(b)(1), (2)(E), substituted "Secretary" for "Administrator" in two places.

1984—Pub. L. 98-223 substituted "percent" for "per centum" wherever appearing.

EFFECTIVE DATE OF 1991 AMENDMENT

Section 103(b) of Pub. L. 102-86 provided that: "The amendment made by subsection (a) [amending this section] shall apply with regard to changes in rating schedules that take effect after the date of the enactment of this Act [Aug. 14, 1991]."

EFFECTIVE DATE OF 1984 AMENDMENT

§ 1156. Temporary disability ratings

(a) ASSIGNMENT OF TEMPORARY RATINGS.—(1) For the purpose of providing disability compensation under this chapter to veterans, the Secretary shall assign a temporary disability rating to a veteran as follows:

(A) To a veteran who—

(i) was discharged or released from active duty not more than 365 days before the date such veteran submits a claim for disability compensation under this chapter;

(ii) has one or more disabilities for which a rating of total is not immediately assignable—

(I) under the regular provisions of the schedule of ratings; or

(II) on the basis of individual unemployment; and

(iii) has one or more—

(I) severe disabilities that result in substantially gainful employment not being feasible or advisable; or

(II) healed, unhealed, or incompletely healed wounds or injuries that make material impairment of employability likely.

(B) To a veteran who, as a result of a highly stressful in-service event, has a mental disorder that is severe enough to bring about the veteran's discharge or release from active duty.

(C) To a veteran who has a service-connected disability that requires hospital treatment or observation in a Department of Veterans Affairs or approved hospital for a period in excess of 21 days.

(D) To a veteran who has a service-connected disability that has required convalescent care or treatment at hospital discharge (regular discharge or release to non-bed care) or outpatient release that meets the requirements of regulations prescribed by the Secretary.

(2) With respect to a veteran described in paragraph (1)(A), the Secretary may assign a temporary disability rating to such veteran regardless of whether such veteran has obtained a medical examination or a medical opinion concerning such veteran's disability.

(3) With respect to a veteran described in paragraph (1)(B), the Secretary shall schedule a medical examination for such veteran not later than six months after the separation or discharge of such veteran from active duty.

(b) TERMINATION OF TEMPORARY DISABILITY RATINGS.—(1) Except as provided in paragraph (2), a temporary disability rating assigned to a veteran under this section shall remain in effect as follows:

(A) For a veteran who is assigned a temporary disability rating under subsection (a)(1)(A), until the later of the date that is—

(i) 12 months after the date of discharge or release from active duty; or

(ii) provided in regulations prescribed by the Secretary.

(B) For a veteran who is assigned a temporary disability rating under subsection (a)(1)(B), until the date on which a rating decision is issued to such veteran following the medical examination scheduled under subsection (a)(3).

(C) For a veteran who is assigned a temporary disability rating under subsection (a)(1)(C), until the later of the date that is—

(i) the last day of the month in which the veteran is discharged from the hospital as described in such subsection (a)(1)(C); or

(ii) provided in regulations prescribed by the Secretary.

(D) For a veteran who is assigned a temporary disability rating under subsection (a)(1)(D), until the date that is provided in regulations prescribed by the Secretary.

(2) The Secretary may extend a temporary disability rating assigned to a veteran under subsection (a) beyond the applicable termination date under paragraph (1) if the Secretary determines that such an extension is appropriate.

(c) REGULATIONS.—The Secretary shall prescribe regulations to carry out the provisions of this section.

(d) CONSTRUCTION.—Nothing in this section shall be construed to preclude the Secretary from providing a temporary disability rating under an authority other than this section.
