

**Circular Letter No. 1146**

December 19, 2024

TO: Printing and Publishing Officials of the Federal Government

SUBJECT: Planning for Agency Procurement Services Operations during a Lapse in Appropriations

In the event of a Government-wide funding lapse, the U.S. Government Publishing Office (GPO) is prepared to help you plan in advance for support of your agency's known mission-essential excepted publishing functions. We encourage you to contact your DC or Regional APS Customer Services team prior to the potential COB on Friday (December 20, 2024) shutdown to discuss your anticipated specific needs. The operations of GPO Agency Procurement Services will be impacted should a shutdown take effect beginning December 21st.

If you are a funded (excepted) agency\* you may continue to use your GPO Term Contracts, GPO's SPA Program, and your GPOExpress account to meet immediate printing, publishing, and duplicating needs that are excepted activities under the Antideficiency Act based on your agency's authority and approval.

If emergency printing or publishing requirements that are excepted activities under the Antideficiency Act arise during the shutdown with needs that cannot be met through these programs, contact your GPO Customer Services team email address listed on <https://www.gpo.gov/how-to-work-with-us/agency/services-for-agencies/procurement-services-team> for assistance. An excepted GPO employee will then contact you shortly.

GPO Customer Services encourages you to contact your Customer Services team today to make the necessary plans to ensure your agency's publishing needs are met. During a shutdown, contractors should continue performance on contracts already awarded. Alternative delivery instructions or proofing requirements, if applicable, may need to be made prior to the shutdown and should be conveyed to the GPO procurement team that awarded the contract. GPO will need to issue a contract modification for any changes, and additional costs may be incurred.

Additional guidance is provided by the White House (Frequently Asked Questions During a Lapse in Appropriations:
