

## Circular Letter No. 1175

June 8, 2026

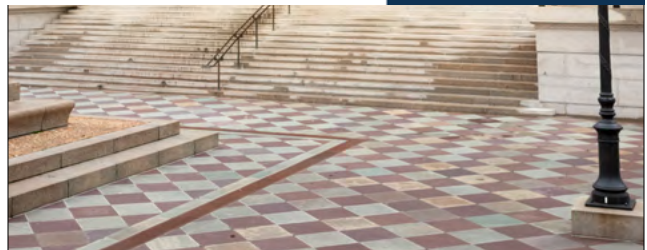

**To:**  
Printing and Publishing Officials of  
the Federal Government

**Subject:**  
Mandatory Transition to G-Invoicing for  
Federal Register and CFR Billing

BUREAU OF THE  
Fiscal Service

G-Invoicing

Due to the scheduled sunset of the legacy IPAC process planned by the U.S. Department of the Treasury, GPO plans to discontinue using IPAC and begin using G-Invoicing for collections for Federal Register and Code of Federal Regulations (CFR) publishing services after **September 30, 2026** (the start of FY 2027). As you are aware, GPO invoices agencies for their content in both publications, as required by [U.S.C. Title 44 Section 1509 \(b\)](#).

To prepare for this conversion, GPO has begun the mandatory transition to the G-Invoicing application for all interagency agreements (IAAs) and funding transfers related to publishing services/content in both publications.

### **ACTION REQUIRED – ESTABLISH YOUR GT&C FOR FEDERAL REGISTER AND CFR**

If you have not yet established a GT&C with GPO that includes Federal Register and CFR publishing, please use the provided template to initiate one. Additional resources are available on the [GPO G-Invoicing webpage](#), including registration links for GPO hosted G-Invoicing Information Sessions.

Agencies are responsible for ensuring the annual Order is fully funded and approved in G-Invoicing before submitting articles. If additional funding is required, the Order must be modified. Please refer to our Order Submission Guidelines for additional details.

## **ANNUAL G-INVOICING ORDER REQUIREMENTS FOR FEDERAL REGISTER AND CFR**

### **Federal Register**

To support billing and funding requirements for Federal Register publishing, GPO requires each agency to:

1. Establish a bulk-funded, full fiscal year G-Invoicing Order for estimated Federal Register publishing requirements, and
2. Submit an annual FY Open Requisition ([SF1](#)).

All Federal Register publishing must be billed against the same annual Order, Line, and Schedule. Separate Orders for each notice should not be submitted.

### **Code of Federal Regulations**

1. Establish a bulk-funded full fiscal year G-Invoicing Order, for estimated CFR publishing, and
2. Submit an annual FY Open Requisition ([SF1](#)).

All CFR publishing must be billed against the same annual Order, Line, and Schedule. Separate Orders for each published CFR Title should not be submitted.

## **G-INVOICING GT&C TEMPLATE AND ORDER GUIDANCE**

### **G-Invoicing GT&C (7600A) Template:**

Please copy and paste the provided template language into G-Invoicing to initiate the GT&C.

- [Publishing in the Federal Register \(FR\) and Code of Federal Regulations \(CFR\), including CFR Rider Orders](#)

### **G-Invoicing Order (7600B) Submission Guidelines:**

- [GPO Guidelines for Advance Orders](#) (Deposit Accounts)
- [GPO Guidelines for Non-Advance Orders](#)

If you have questions or need assistance establishing your GT&C or annual Orders, please contact the GPO G-Invoicing Team at [GINV@gpo.gov](mailto:GINV@gpo.gov).

If you are not the appropriate contact for G-Invoicing, please forward this information.

Sincerely,

A handwritten signature in black ink, appearing to read "William L. Boesch, Jr." in a cursive style.

**WILLIAM L. BOESCH, JR.**
