Output must be a minimum of 720 x 720 dpi on a GRACoL or SWOP certified proofing media. Proofs must contain one of the following color control strips to be evaluated for accuracy: IDEAlliance ISO 12647-7 (2007 or later) Wedge or P2P25 Target. These proofs must contain all elements and indicate margins. Proofs will be used for color match on press.

If printed digitally, two (2) sets of actual printed pamphlets must be furnished as proofs.

Author’s alterations (AAs) proofs shall be digital color content PDF proofs, provided via e-mail to: diana.k.dean.civ@mail.mil or to an alternate address to be provided by the Agency at the Government’s option.

Author’s alterations (AAs) may occur occasionally during the proofing stage. Any such changes will be supplied by the Agency with the returned proofs, up to a maximum of eight (8) typeline corrections and two (2) image adjustments (placement, color, or other). AAs in excess of these must be immediately brought to the attention of the contract administrator, Chuck Szopo at cszopo@gpo.gov or 312-353-3916 x6. One additional workday may be added to the schedule to accommodate AAs.

The contractor must not print prior to notification of an “OK to Print”.

No extra time can be allowed in the schedule, such operations must be accomplished within the original production schedule allotted to the specifications.

Contractor will ensure that all mailings have sufficient postage and documentation.

Contractor to provide PAVE and ZIP Code accuracy certification for addresses and meet any other requirements to insure Standard Mail rates from the U.S. Postal Service. The contractor is cautioned that “Postage and Fees Paid” indicia may be used only for the purpose of mailing material produced under this contract. All copies mailed must conform to the appropriate regulations in the U.S. Postal Service manuals for “Domestic Mail” as applicable.

DEPARTMENTAL RANDOM COPIES (Blue Labels): The following plan applies for selecting 80 random samples for each order.

1. Divide the entire lot into 80 sublots.
2. Choose 1 copy from each sublot. Do not choose copies from the same general area in each sublot.
3. Sign and date the Selection Certificate and pack it with the inspection samples and a copy of the print order.

Blue Label samples must deliver to the agency address listed under “DISTRIBUTION”. Blue Label samples must be packed separately and identified by a Government-furnished blue-colored label which is to be affixed to each container. The Government will furnish initial copies of the required blue label and certificate, and the contractor will reproduce copies as needed. Blue Label samples must be recorded separately on all shipping documents and constitute a part of the total quantity ordered; no additional charge will be allowed.

FEDERAL DEPOSITORY LIBRARY PROGRAM COPIES: Cartons containing “Depository Copies” delivered to the Federal Depository Library Program must be clearly marked to indicate the total number of cartons in the shipment. For example: 1 of 3; 2 of 3; 3 of 3.

LIBRARY OF CONGRESS DEPOSITORY FILE COPIES: Must be shipped via FedEx, UPS or USPS due to security requirements.

GPO SAMPLES: Mark package with Program number and Print Order number. GPO samples are to be shipped at the same time as the scheduled shipment/delivery and cannot be deducted from the total quantity ordered. Deliver sample copies by the most economical method. No additional charge will be allowed for these samples.

RETURN OF GOVERNMENT FURNISHED MATERIALS: The original furnished CD/DVD must be returned to Agency with the proofs for Agency re-use. If required, Author’s Alternations will be overwritten on this CD/DVD and returned to contractor with the returned proofs.

In the unlikely event that the Agency requests that the contractor make changes to the furnished files during the proofing stage, at the agency’s request, or per the specifications, the contractor must create a
revised CD with all changes incorporated therein for return to the agency after completion of the order.

All furnished disks should be returned to the Agency. Furnished lasers should be destroyed 30 days after completion of mailing.

All expenses incidental to the pickup and return of all proofs, Government Furnished Material and furnished samples must be borne by the contractor.

**SCHEDULE:** Adherence to this schedule must be maintained. Contractor must not start production of any job prior to receipt of the individual print order (GPO Form 2511). The ship/deliver date indicated on the print order is the date products ordered must be delivered to the destinations specified.

No definite schedule for pickup of material can be predetermined. At contractor's expense, furnished material plus proofs must be picked up from and delivered to the Fort Leonard Wood, MO address in “Distribution”. **Inside delivery and pickup of materials is required, to and from the agency contact in Bldg. 3201, Suite 2661.**

It is expected that *Army Chemical Review* pamphlets will be ordered in May and November, *Military Police Professional Bulletin* pamphlets will be ordered in February and August, and *Engineer Professional Bulletin* pamphlets will be ordered in March, July, and November.

The following schedule begins the workday after notification of the availability of print order and furnished material; the workday after notification will be the first workday of the schedule.

The numbers under the column headed “WD After” represent the number of workdays allowed to complete that part of the schedule after completion of the preceding part.
